Community Crop In the Ground

Suzanne Reeves. Photo Royce Taylor.

It has been an incredibly dry start to 2019 with little sign of winter; however, farmers have continued with their seeding programme in the hope that rain is just around the corner.

The Community Cropping group have seeded their fifth crop, with barley once again being the grain of choice. This will be an exciting season for the group as with only two more payments on the land they will have full ownership in February 2020.

Like so many of our community achievements, the cropping programme pivots around the generosity

of volunteers and the grasping of a moment in time for plant, equipment and manpower to come together. As in previous years Afgri were supplying a demonstration rig however, an opportunistic sale put paid to that; with Afgri unable to acquire more machinery in the short term Royce Taylor and his team came in to seed the crop with the Bairstow family undertaking the spraying.

The Community Cropping group are on the lookout for another parcel of land to add to their 118ha; if you would like to have a chat to anyone about this call John O'Neill or Royce Taylor.

Editorial

- Now we all enjoy a story with a good moral, so here's one for you. Just when we got through the melodrama of an apparently unlosable election the CRC has been having to deal with a dying Rosie. Let's just say the Barefoot Investor is all the rage but barefoot gardening isn't what a responsible friend, mother (or Worksafe) would recommend. However Rosie was so fired up with enthusiasm over the long weekend she threw caution to the wind and plonked around the garden with carefree abandon. Now I'm not sure what task spiders do in the garden but I'm sure it's all good, my understanding is that one was wrong footed by Rosie and in it's last gasp sank in the fangs. Now I understand that Rosie is on the mend, not so sure about the spider, but we must keep in mind what a near miss we had. Give thanks to Rosie for making us realise how lucky we all have it! The moral of this story, *wear shoes when gardening*.
- Thank you to those who are taking part in the HR that will be held in two weeks. Your support enables us to keep bringing this accredited training to Lake Grace.
- Now don't forget we have the barista course on offer. Currently we have six confirmed to do this but we need another two for this to go ahead. If you are interested, please contact the CRC.
- Also coming up in June we have Iris Thomas from Consumer Protection coming to Lake Grace do a talk on scams and Australian Consumer Law. This information session (1 hour) will be held on Tuesday 18th June, 1:30pm at the CRC.
- Thank you to those who have purchased tickets in our blanket. We will draw this next week. There are still some number available so feel free to drop in and purchase a couple. The blanket has been made from donated wool. Funds raised from this will be put toward synthetic yarn for making blankets for Wheelchairs for Kids (wool can't be used for these). The blanket is 1.1m x 1.5m and is an ideal size for an adult flopped on the lounge watching a bit of telly. A \$2 raffle ticket could save you're a few heating costs, we are hoping to sell 150 tickets. A blanket this size would cost around \$120 for the yarn alone.
- Now another date to write in your diary is Thursday 11th July, this is when the Centrelink Mobile Service Centre will be in Lake Grace. If you have any queries, regardless of how small/complicated please make a point and drop in. This is an opportunity to get all of your Centrelink/Medicare/DVA problems sorted.

Suzanne Reeves

A BIG thank you to our Volunteers

The Lake Grace Visitor Centre Committee would like to thank our wonderful volunteers who give us their time, wealth of knowledge and treasured memories they generously share with travelers passing through. It makes stopping at our Visitor Centre all the sweeter having you there. Thank you our lovely volunteers...

THE NATIONALS
for Regional WA

What's Happening?

- Well done to Jackson Callope for being chosen to be a part of the National Flying Boomerangs football team. Jackson was one of 50 players selected from a pool of 400 and will be going to Melbourne in mid June; only 11 players were chosen from WA.
- Congratulations to Claire Cable and Mat Savage on the arrival of their baby girl, Jessica Hildy (pictured below with Nanna). Arriving on the 26th May, Jessica weighing in at 3280g (or 7lb 4oz) and is a very welcome granddaughter for Tooey Altham.

- Well done also to Liam Baker for being nominated for the round 10 NAB AFL rising star award.
- And to our brave volunteers who will be girding their loins for an ice bath this Saturday in predicted 15 degree temperatures with a moderate breeze; we salute you! In two years volunteers have raised around \$100,000 for the 'Big Freeze', fight MND cause. Well done to those who have raised their hands in 2019 to take part.
- Have you been into the library lately? If you haven't you'll be interested to know that a rather fast growing tree has sprouted between book shelves and made quite an impact on the

Let the Kids Play

Nikki Lewis

Well it's been a long wait but we finally have a playground at the Lake Grace Sporting Precinct. A huge thank you to all who have helped with this project. I know the children of the Lake Grace community and many visitors will get hours and hours of fun out of this new playground.

Thanks to Amanda Trevenen for her excellent grant writing skills. Amanda submitted an application last September to CBH Group's Grass Fund and was successful in securing a \$10,300 grant towards a playground for the Lake Grace Sporting Precinct playground project.

Once this funding was secured Amanda and myself started searching for an appropriate playground that would fit in the play area, while being suitable for a range of ages and within our limited budget. Sounds easy, but this was harder than I first imagined. Many hours were spent searching websites, playground suppliers product ranges and liaising with different suppliers to find something appropriate. There are some fantastic playground designs and ideas out there, but the price tags on them is mind blowing in some instances.

After obtaining numerous design ideas and quotes from many different suppliers we settled with a design from a Perth based supplier Playmaster. While slightly above our budget the Lake Grace Winter Sports committee helped cover the minor cost over and above the grant money and we placed the order just before Christmas after the concept plan was approved at the December 2018 shire meeting.

A big shout out to Lake Grace Transport who transported the playground from Perth to Lake Grace at no cost. This donation of your service to this project was greatly appreciated.

A huge thank you must go the team of volunteers that

braved the freezing cold conditions on Saturday 18th and Sunday 19th of May to put the playground together. Thank you to Chris Trevenen, Andrew Lewis, Geoffrey Desmond, Brendan Desmond, George Chircop, Tai Bell and Aaron Carruthers for taking the time on your weekend to put the playground together. Thanks also must go to Lisa O'Neill and Debbie Carruthers who along with myself provided the team with some food and drinks to keep them going.

The final step is to get some additional sand added to the sandpit which will hopefully happen shortly, once the Shire can fit this into their works schedule. When complete the plastic tape will be removed and the playground will be ready for the kids.

Thank you again to all involved in getting this project completed.

Above: The finished result.

Freight Line Group Colts Carnival

Suzanne Reeves

The Colts Carnival is once again back on Lake Grace Turf, now into its 97th year, it is the longest running Colts Carnival in Australia. Lake Grace will host for only one year, sending the event back to Kulin for the next two years before preparing for centenary celebrations in 2022.

Eight associations will be taking part; Goldfields, Esperance, Eastern Districts, Upper Great Southern, Peel, Lower South West, Great Southern Storm and of course Ongerup. Eight players have been nominated from the Lake Grace-Pingrup playing list with another four from Newdegate.

Teams will arrive in Lake Grace on Friday 14th June prepared for a full itinerary of football with the two top placed teams playing in the Grand Final on Sunday afternoon.

The Freight Line Group Colts Carnival is an ideal opportunity for skilled young footballers from regional areas to come together and play at a high level of competition with their peers. For the many football fans in our district, it is a smorgasbord of opportunity to enjoy a weekend of watching some great competition.

A weekend such as this doesn't organise itself. There's a mammoth workload behind the scenes organising

accommodation, catering, game officials, sponsors and everything else in between. The Carnival is heavily reliant on local business and volunteers providing infrastructure and hours of their time to keep the event running. The competition is held over the weekend of the 15th and 16th June and the Lake Grace-Pingrup Winter Sports Clubs look forward to as many people as possible coming along to watch.

Richard Francis Naisbitt

11/07/1950 – 2/04/2019

The 7th child of Charles & Florence Naisbitt, Richard had 3 brothers Peter, Michael, Anthony and 3 sisters Jennifer, Helen (dec.) and Barbara.

Michael's Tribute to Richard

Richard grew up on our farm at Tarin Rock where we all shared some of our best years together.

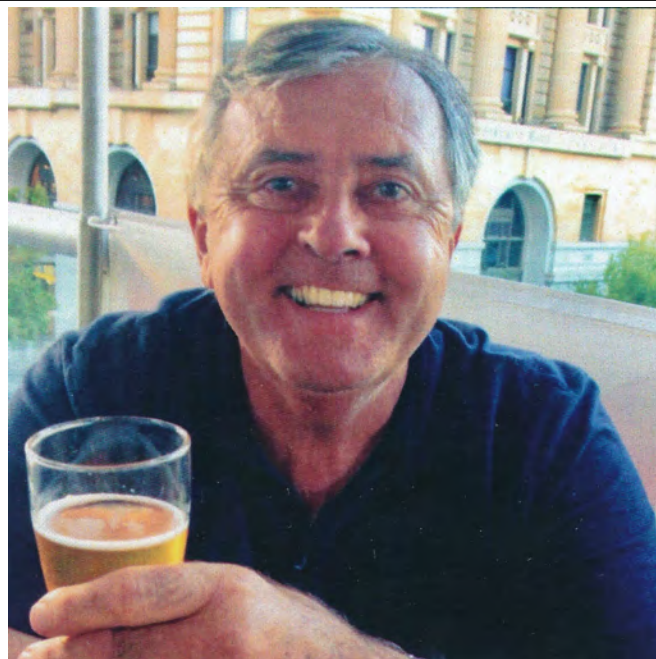

As Richard was the youngest of our tribe, whenever we went anywhere, he was privileged and always got the front seat, while the rest of us had to stack into the back seat.

When Richard started school, both Peter and I were sent away to boarding school at Aquinas so we only saw him during school holidays.

Richard attended the Lake Grace District High School up to Year 8, then he went to Northam Senior High School to finish his education.

He boarded at the Boys Hostel. At that time, I was courting my wife Alex. Her mother worked at the Boys Hostel and of course, Richard always got extra treats from her.

While he was at Northam, at the athletics carnival he

blitzed the school mile by a large margin in a pretty good time, with no training. When he left school I tried to encourage him to take up distance running but life was too good for that.

After finishing school, Richard worked in various jobs around the State including working on farms, shearing and working for the local builder. In his travels around the state, he landed in Darwin and went down to the wharf where he approached a prawn trawler and asked if he could go out with them - he said that he would work for nothing - just for the experience. They took him on and were out to sea for 2 weeks. They gave him the traditional new boy baptism by throwing him to the sharks - they rejected him (because they were baby sharks). Richard said they ate more chicken and steak than fish. They did pay him when they returned to Darwin because he was a great worker and a great mate.

When the Vietnam conscription was coming up, Richard and a mate wanted to sign up and the army said "You're trying to get in but most guys were trying to get out of conscription." They told them to wait for the birth dates to come up - he missed out by one day.

Richard was a natural at every sport he played especially footy, tennis and golf.

He was an avid member of the Lake Grace hot rod club, racing various cars and his Super Mod 7.

During his younger years at Lake Grace he participated in a fundraising event, a walkathon from Lake Grace to Kukerin, a distance of 40 kilometres. After walking the first few kilometres, he couldn't be bothered walking any further, so he ran the rest of the way, arriving hours before anybody else. On another occasion, he ran up Bluff Knoll in a very good time.

His shearing earned him enough money to lease an 800acre block on the edge of the town where he ran a few sheep. Later, Richard purchased this block. Eventually he sold about 400 acres of the salt affected land, (to a person who wanted to run goats), for the same price as he had originally purchased the whole

One Life Exercise Physiology

Richard Francis Naisbitt *(cont.)*

800 acres. Most enterprising!

He fell in love with and married Corrine and they had two lovely daughters, Kathryn and Hayley.

With his shearing income and selling the rest of the land, they purchased a run-down CP block east of Newdegate and developed it. Later on, he was granted an additional CP block next door and developed that into a viable farm.

He sold the Newdegate property and bought another one closer to Lake Grace

During his farming years Richard was a keen member of the Kukerin Pistol Club

In 1993, they sold the Lake Grace farm and moved to Perth. After a while in the city, investigating various business opportunities and he and Corrine settled on opening a Surf shop at the new Joondalup shopping centre. It was truly a most successful family business where Richard, Corrine, Kathryn and Haley worked.

Needing a hobby, Richard purchased a Austin Healey 3000 joined the Austin Healey Car Club.

While still running the Surf shop, they purchased a 5acre block at Yallingup Siding and built a beautiful

home to which they would retire.

When the shopping centre was being redeveloped in 2013, Richard and Corrine quit the shop and moved to Dunsborough.

The story is important, but more important is the wonderful gentleman called Richard.

He was a combination of all the finest qualities which he inherited from our Mother and Father. He adopted all the best attributes from his big brothers and sisters to be this beautiful, gentle soul – who was kind, generous, loving, great mate and every one's friend. He found a soul-mate in Corrine and together they passed onto Kathryn and Hayley their finest characteristics.

We will all remember Richard as one of God's gentlemen.

Aiming For Awesome

Suzanne Reeves

With fortieth birthdays on a distant horizon, Senior Constable Fiona Main and her friend Ian were discussing last year what to do to celebrate the occasion. Although two years away they both wanted to plan something that was different and amazing and not centred around alcohol. Both Fiona and Ian are very active and threw a few ideas in the hat.

Ironically this was an alcohol fuelled discussion that Fiona thought would never come to fruition and promptly forgot about. A few weeks ago Fiona was in Perth celebrating her 39th birthday and the discussion came up again. This time Ian was quite serious and got on to making the arrangements and rallied the troops.

They decided that Everest base camp would be an amazing achievement as well as the most incredible adventure. Although Fiona had never actually done the research as to how difficult it is, she was thinking its only base camp. She has now done a bit of research, and it looks like quite a task. Fiona will be aiming to get her fitness to another level, especially climbing training.

There will be nine doing the climb as part of a group called G Adventures. G Adventures supply the accommodation and Sherpas to carry their main luggage (Fiona hopes they have donkeys or yaks to help with that) throughout the 14 day hike. The adventurers will have to carry about 10kg individually including water and any supplies.

The nine taking part are based between Australia and Ireland, a world away from Everest base camp which is situated at over 5000m in the Himalayas.

Fiona has previously done Ben Nevis (2015) in Scotland (1345 metres high) which involved climbing through four feet of snow at the top. This was difficult at the time, but for whatever reason, Fiona forgot about the pain of climbing once she reached the top. This led her to doing Ben Nevis for a second time (2017) at a warmer time of the year. Again it was very difficult, but felt like a completely different mountain without the snow.

For training Fiona has enlisted the assistance of Letisha Marshall, currently attending her morning classes. After an upcoming holiday Fiona will be upping the training. It has been suggested that she runs with a mask on to restrict the oxygen to help with acclimatisation for the altitude, so if you see her running around town with a mask on you'll know why.

With a shortage of peaks in Lake Grace Fiona will be spending a bit of time at the Stirling Ranges, she has climbed Bluff Knoll the last two weekends with the latter climb being in the wee hours of the morning, arriving in time for a spectacular sunrise. The Fitzgerald National Park is also on Fiona's climbing list.

Fiona would love to use her adventure as a fund raising tool that the community of Lake Grace could benefit from, with the climb being used as the motivator and theme for fundraising ideas and/or events. If you or your organisation have some ideas then please have a chat with Fiona or the staff at the CRC.

Fiona Main enjoying the view from atop Bluff Knoll

Lake Grace Transport

Twice weekly freight service to and from Perth

- ◆ Secure depot in Perth to drop freight off. Depot is C/O BW James, 19-21 Hodgson Way, Kewdale.
- ◆ For all your wool and general freight

- Nat Fyfe and Michael Barlow attend Lake Grace Pingrup's Auskick and Junior Football Training.
- Friday night movie marathon was held at the Lake Grace Regional Artspace.
- Winter sports Family Fun Day held at the Lake Grace-Pingrup vs Newdegate derby.
- Lake Grace Artists Group host a Hand and Machine Embroidery & Mixed Media Workshop with Dale Rollerson from the Thread Studio.
- As part of their focus on textiles Lake Grace Artists Group host 'Fibrelicious', an exhibition by textile artists Dorothy Boxall.
- New footpath on Bishop Street.
- Lake Grace Pingrup winter sports hosted Bogan Bingo to raise money for their 'Help a Mate' Fund.
- First community cropping programme on land recently purchased by the Lake Grace Development Association.
- Seniors enjoyed a day trip to Williams.
- Shire councillors are issued with tablets as the Shire goes digital.
- Lake Grace school students travel to Dumbleyung to take part in the Lakes Speech, Drama and Arts Festival to compete against 10 other schools.
- Framework goes up for the Lake Grace pavilion extensions.

Value Adding to Local Business

Suzanne Reeves

There has been some serious moving of the furniture going on at the Plaza over the last two weeks with the installation of new shelving.

Already stocking over 7,000 product lines, the new shelving will increase the shelf space at the Plaza, allowing them to increase the amount of stock items that they carry.

Shelves were emptied into shopping trolleys for old shelves to be dismantled before new shelving was brought in to be assembled. A minor inconvenience to shoppers for what is already looking more aesthetically pleasing.

The old shelving was the original from when the shopping centre was rebuilt after being burned down in 1978. This shelving has already found new homes to go to.

With the bottom shelf sitting higher off the floor it allows more access to clean underneath. The new shelves

will also be easier to move when it comes to replacing the floorcoverings.

It sends a positive message within our community when local business upgrade their assets; this doesn't just benefit the business owner but also the staff and customers that browse the aisles.

IGA's Chad Stanton with staff Rolette Stols and Chloe Connors with the new shelving in the background.

Bits & Pieces

Kevin Seaman

I am not sure of how much credence can be put on the value of public or news item opinion polls after the last Federal elections were held as it had Labor winning by a comfortable margin. What happened? The Coalition not only was returned for another term but with a larger majority. So who do you believe or what do you believe concerning these projected polls?

There is one source of information I have referred to and taken with professional honesty over the past years and that is the publication of the Readers Digest. A featured article which was in the May 2019 edition is one titled 'Who Are the Trusted Brands in Australia?'

After outlining the article from Readers Digest and over the next few editions of the Lakes Link, I will pass on to you some of the most trusted brands in Australia as per the Readers Digest survey.

Taken from Readers Digest:

Since debuting in 1999 as a small survey asking Australians what brands they trusted the most, the Reader's Digest Trusted Brands survey has grown into one of Australia's most reliable consumer reports. Trust is an extremely valuable commodity which must be earned through consistently providing excellent products and services over time. With fake news, fictitious reviews and wavering consumer confidence, the Trusted Brands survey celebrates the brands that are regarded as genuine and reliable. An independent survey was conducted by YouGov Galaxy Research to discover the benefits of the Reader's Digest Trustmark logo and it found 81% of Australians are more likely to buy a product or service that has received a recognized award if the price and specifications are similar to alternatives.

The winner of the 2019 Australian Iconic Award was:

Vegemite - Australians have known and loved every facet of the Vegemite brand for almost a century: from the red diamond on the label, to the yummy black stuff inside the jar and that iconic line 'puts a rose in every cheek!' The biggest impact Vegemite has made on Australians recently was launching the playful 'Tastes like Australia' advertising campaign. The 'a little weird, a whole lot wonderful' campaign has been such a success that Vegemite has been nominated for yet another award. This time, the ultimate Aussie tribute for excellence - a little Logie status. There's not much that's more uniquely Aussie than Vegemite and that's one of the things that we love most about it.

Toyota - Synonymous with quality, durability, reliability and innovation, Toyota has been the market leader of the automotive industry in Australia for more than 16 years, continually delivering 'Oh what a feeling!' moments to guests. Toyota Australia led the hybrid change when it introduced petrol-electric engines 18 years ago. As well as helping to create a more sustainable environment, Toyota gives back to the community in many different ways, including recently raising more than \$270,000 to assist drought-affected communities in rural and regional Australia.

Sanitarium Weet-Bix - For over 90 years Sanitarium has made Weet-Bix right here in Australia with top quality wheat from Aussie farmers. Today millions of Weet-Bix are manufactured every year. They are driven by a mission to help Australians lead healthier, happier lives. Some of its key initiatives include the Weet-Bix Kids TRYathlon Series, now in its 21st year and the Good Start Breakfast Club which supports efforts to combat food and nutrition insecurity.

Fujitsu General - Specialising solely in air conditioning, Fujitsu General Australia strives to consistently provide high-quality, reliable and energy-efficient products. Fujitsu General is committed to creating a wholistic customer care experience and encourages employees to aim for excellence and take ownership, providing customers with assurances they will receive the very best assistance - not just at the time of purchase but for the entire life of their air conditioning system.

One for the men - barbecues.

Weber - Staying true to it's core principles of quality products, Weber ensures it's customers not only have a great barbecue experience, but they achieve the very best, succulent results. As the oldest marketer of barbecues in Australia, Weber has built a 60-plus year reputation of producing the world's best barbecues. Because Weber barbecues cook food in super-fast time, backyard chefs can sear steaks or sizzle sausages for big parties or intimate gatherings in no time at all.

The final one for this edition, even though P and O Cruises won this division, Princess Cruises received a highly commendable award.

Princess Cruises - Taking guests all around the globe for over 50 years, the mission of Princess Cruises is that a cruise isn't a cruise unless you Come Back New. Now with a fleet of 17 magnificent ships visiting over 380 ports worldwide, Australians can get a taste of the exotic from the comfort of their Princess ship. Experience the ultimate sleep at sea with the Princess Luxury Bed, relax in the Lotus Spa, enjoy mouth-watering cuisine from award-winning chefs, and be entertained by exhilarating productions from Broadway composer Stephen Schwartz.

That's some of the iconic brands for this edition as it looks like I am running out of time and space. Here's a funny one for the road...

A blonde walks in to an appliance store and says to the clerk,

'I want to buy that TV over there.'

He says in return, 'I'm sorry, we don't sell stuff to blondes.'

The next day, she comes in with red hair and says, 'I want to buy that TV over there.'

He says, 'I'm sorry, we don't sell things to blondes.'

The next day, she comes in with brown hair and says, 'I want to buy that TV over there.'

He says, 'I'm sorry, we don't sell things to blondes.'

Frustrated, she says, 'How do you know I'm a blonde?'

He replies, 'That's not a TV, it's a microwave.'

Getting To Know

By Rosie Timperley

1. Name: Maggie Prater
2. Occupation: Library Officer
3. Which 2 people, living or passed on, would you love to invite to dinner? Probably Tyson and Milla (my husband and daughter.)
4. If you could only listen to one musician/singer for the rest of your life, who would it be? I love all music so that would be too tough to decide.
5. Where would a dream holiday destination for you be? Maldives
6. If you could go forward in time or back to the past, which one would you choose and why? I would go back to the moment Milla was born, because nothing compares to that moment.
7. What is something you would tell your younger self if you could? Don't sweat the small stuff, enjoy the moment and travel more!
8. What is something that annoys you? People who take advantage of other people.
9. What is one of your hobbies? Surfing
10. If you won \$10 million in lotto and chose to give some to charity, which one would you choose and why? Fostering Hope - a charity organization that helps support foster families. <https://www.fosteringhopefoundation.org/who-we-are/>

Situational Distress – What is it?

Owen and the Team - Wheatbelt Men's Health. Phone: 08 9690 2277 Email: menshealth@4blokes.com.au

For our small team of community educators working in the field of men's health and wellbeing, we are always challenged on what is classified as a mental illness. We realize there is a small percentage of the population who have a genetic mental illness predisposition. *Situational Distress* however describes a stage in our mental health and wellbeing that gives us permission to be in a space between being well and being diagnosed with a mental illness. The adoption of this language resonates with blokes and community and fosters change to take personal responsibility for our own wellbeing and health.

Our Mental Health and Wellbeing Gauge (below) shows the space (amber) that there is between being well and a mental illness diagnosis. This is a very important space, because quite often the system wants to shift us from being well straight to a mental illness diagnosis. As individuals we are born with a random capacity to handle things thrown at us in life, these situational factors can come from many places i.e. relationships, financial worries, traumatic events, physical health, pressures of what we do etc. We know that our mental health and wellbeing is a continuum and the gauge can trip from being well (green) to situational distress (amber) and to a mental illness diagnosis and back.

We say all of us will spend some time in the amber through our life (daily, yearly etc) but very few of us will end up in the red zone. The only way we get to the red zone is by being born with a mental illness (a very small percentage of the population) and/or spending too much time in the amber area (this will vary for all of us based on our individual capacity).

We must allow people to have a normal reaction to an adverse/abnormal life event (situational distress). If we recognize and acknowledge the issues causing distress and take steps to address the problems, we will then be able to back up out of the amber zone and back into the green zone.

We focus on the slogan ...*before it all gets too much...* Talk to a Mate!!® If mates and family members don't ask, it is difficult, even impossible, to ascertain that someone is struggling. Additionally, if issues are left unresolved (too much time is spent in the amber zone) a mental illness diagnosis and/or suicidal thinking can occur.

TRAFFIC NEWS

We had a very busy long weekend traffic-wise, including a tragic fatal crash.

At about 2.30pm on Saturday 1st June 2019 Lake Grace police were returning to Lake Grace following a traffic patrol of Pingaring, Newdegate, Lake King, Varley and Hyden when we received notification of a vehicle rollover on Lake Grace–Newdegate Road, approximately 10 kilometres west of Newdegate.

A Honda CRV carrying seven passengers - two adult males, one adult female and four children -travelling to Esperance for the long weekend crashed when the driver became distracted and drifted onto the left hand side of the road verge. The vehicle travelled 240 metres on the left hand verge before the driver over-corrected, lost control of the vehicle as it re-entered the road in a four wheel skid and pirouette, crossed to the other side of the road where it rolled once over an 18 metre distance.

Sadly a four year old female was ejected through a closed rear passenger window when the vehicle rolled and sustained injuries not compatible with life. All other passengers were injured to varying levels, however not life threatening.

Two ambulances and a fire crew were in attendance, assisting and tending to the injured.

Unfortunately it appears that few people in the vehicle were wearing seatbelts at the time of the crash nor were any child restraining devices present in the vehicle.

I would personally like to thank all the people who assisted and attended this incident, in particular the St John Ambulance volunteers from Lake Grace and Newdegate, the Voluntary Fire Brigade for assisting with the scene, medical staff at Lake Grace Hospital, and Mike and Maggie from the Lake Grace pub who assisted with the language barriers. I had several calls from local emergency service coordinators who, whilst not present in the district, still effectively coordinated the necessary resources to attend and I'd like to thank them also.

This was my first serious emergency in the Lake Grace sub-district and it was gratifying to see everyone working together competently and professionally in such a difficult situation.

Again, a reminder to all drivers who approach any emergency vehicle who are working on the side of the road with emergency lights activated: slow down to 40 kph on approach and when passing those emergency

vehicles. When I re-attended the fatal crash scene the following day with Major Crash, there were two police vehicles on both sides of the road with emergency lights flashing and still several drivers insisted on travelling at 110 kph right where we were working. Number plates were noted and registered owners will be receiving some mail.

Also, vehicles travelling with emergency lights activated on priority attending an accident are not pace cars for civilian traffic who are travelling in the same direction. Just because an ambulance is travelling at high speed to get to a critical incident doesn't mean you can do the same. We received two complaints from St John Ambulance officers en route to a fatality of people driving in this dangerous manner.

CRIME

No crime was reported this fortnight within the sub-district or that we know about. If you see something suspicious or know of any criminal activity let us know or call Crime Stoppers. Narrogin, on the other hand, is having issues and Lake Grace Police will be assisting in their sub-district this coming week.

OPERATIONS

Operation AUSTRANS was completed on the 28th May in conjunction with two Main Roads inspectors. A total of 48 heavy vehicles were inspected, with the majority passing with flying colours. S/C MAIN and PC OATRIDGE are now all trained up and will be stopping heavy vehicles for inspections in the future.

Operation BLUESUN is completed. We should be receiving the next list of firearms checks shortly.

Hope to see you all out and about.

Sgt Travis Taylor

0438 483 569

Thank you to our Valuable Volunteers

Suzanne Reeves

A fortnight ago we acknowledged National Volunteer Week (20 - 26 May 2019). Volunteers are the lifeblood of any community and without them we would lose so many services and facilities..

This year's theme "making a world of difference", reflected the incredible impact Australia's six million volunteers have had on our local communities and society overall, through their generous contribution of time, expertise and experience.

The WA Country Health Service sees first-hand how volunteers make a difference. Whether it's visiting wards and chatting with patients, hospital auxiliary raising funds for patient-centred projects and initiatives, transporting people to their appointments, or delivering meals, volunteers help WACHS provide positive patient experiences.

In 2014 the Lake Grace CRC accessed a volunteer grant to research the hours of volunteering within our community. Thirty one groups took part with each of these groups taking a long hard look at the volunteers they have, the roles that they perform and the hours they would fulfil over a calendar year. It was mind blowing to tot up those figures and arrive at 21,960 hours. As we knew at the time this wasn't the full

picture, not all community groups took part, not all volunteering is done as part of a group.

This figure wouldn't have diminished over the last five years. Those hours equated to 11 full time jobs, possibly a reason why we need to share the load as much as possible and try to work out how some volunteer roles could be amalgamated.

It is important for any group or organisation to keep a tally of their volunteers, in name and the number of hours that they do. The name can be handy for when you're looking at an individual achievements and what they have contributed to their community. The hours and numbers of volunteers within your organisations are important when applying for grant funding.

If you aren't doing any volunteering within your community ask yourself why. The benefits, not just for the community but for yourself, far outweigh the outlay of your time. Perhaps you are volunteering but are simply seeing it as part of being part of a club or organisation. There truly is a feel good from volunteering.

If you would like to be involved within the community but aren't sure how, drop into the CRC for a chat.

Testament

Tania Spencer

Judith Stewart will present *Testament* her debut solo exhibition of landscapes of the Lake Grace area opening on the 7th June at the Lake Grace Regional Artspace. *Testament* presents 23 new works showing realist, abstracted and macro views of the landscape and also includes a selection of Judy's signature panoramic landscapes, miniature detail landscapes and early formative works.

Testament is part of the Creative Grid exhibitions, an unprecedented collaboration of more than thirty regional arts organisations working in partnership with nine peak arts organisations to co-create an innovative series of activities benefitting regional communities across WA.

Lake Grace's Creative Grid events involve Judy and Leanne Young presenting solo exhibitions guided by a mentor, Rebecca Clark receiving a photography documentation mentorship for the *Only Hospital for Miles*, Michelle Slarke, Kerrie Argent and Tania Spencer working on a curatorial mentorship and the Lake Grace Artists Group creating *The Alternative Archive: The Only Hospital for Miles Exhibition*.

Annette Davis, artist and independent curator from Albany, mentored Judy through the process of creating her solo exhibition with the support of Tania Spencer,

Volunteer Coordinator at the Lake Grace Regional Artspace.

Annette said "I've been impressed by Judy's talent and passion, and her capacity to create, as well as her deep love and knowledge of her farm and surrounding country. It seemed a natural choice that the focus of her first solo exhibition should be her paintings of the farming country where she has lived for sixty years.

Annette is thrilled with the new series of paintings of her farm, South Craignish with micro-details of particular locations paired with a view of the location containing that detail. These convey Judy's excellent observational skills and her intimate connection to her farm."

Judy is a multiple award winner and a prolific artist who has been painting the local Lake Grace and districts landscape for five decades. *Testament* presents paintings from throughout Judy's career and includes art prizewinners and commissions loaned from the art collections of the Shire of Lake Grace and Rabobank and private collections.

The Creative Grid initiative is supported by the State Government of WA and Country Arts WA through the Regional Arts Partnership Program and the Australian Government through the Regional Arts Fund.

TESTAMENT

JUDITH A STEWART

Lake Grace artist Judy Stewart presents her debut solo exhibition of landscapes of the Lake Grace area, reflecting a testament to her lifelong passion for the land. As part of the Connect to the Creative Grid Judy was mentored by curator Annette Davis

How's Your Bowels?

Although a vital part of the digestive tract and something that you might joke about with your friends and family; no one really likes to talk about their bowels. Having said that the most common conversation you have whilst in hospital will revolve around them. Bowel Cancer Australia is keen to break down the barriers and get the conversation started.

June is Bowel Cancer Awareness Month, a Bowel Cancer Australia initiative to raise awareness of **Australia's second deadliest cancer** and raise funds for the leading community-funded charity dedicated to prevention, early diagnosis, research, quality treatment and the best care for everyone affected by bowel cancer.

Bowel cancer claims the lives of 103 Australians every week (5,375 people a year) - but it's one of the most treatable types of cancer if found early.

While the risk of bowel cancer increases significantly with age, the disease doesn't discriminate, affecting men and women, young and old.

1 in 13 Australians will be diagnosed with bowel cancer in their lifetime. 15,604 Australians will be diagnosed with the disease this year. The five year survival rate for bowel cancer is 69%.

Screening, using a non-invasive test for blood in the

faeces that can be done at home, is recommended for all Australians aged 50 to 74. Known as the faecal occult blood test (FOBT), the test is only for low-risk people with no symptoms of bowel cancer. The FOBT is not for people with a family history of bowel cancer. In this case, you may need screening colonoscopies.

Currently, the National Bowel Cancer Screening Program, using FOBT, is offered free to people turning 50, 54, 58, 60, 62, 64, 66, 68, 70, 72, or 74 years of age. By 2020, all Australians aged 50 to 74 will be offered the test free every two years. Now you may have preferred something else for your birthday, but this may be the best present you every received.

Symptoms of bowel cancer include:

- change in bowel habit with diarrhoea, constipation or the feeling of incomplete emptying
- thin bowel movements
- blood in the stools
- abdominal pain, bloating or cramping
- anal or rectal pain
- a lump in the anus or rectum
- weight loss
- fatigue
- unexplained anaemia.

Featuring James Wilson

Adults - \$30 Kids - \$15

CEO's Corner

Drought Taskforce Meeting – 28 May 2019

On Tuesday 28 May 2019 representatives from the Joint Agency Drought Taskforce – Department of the Prime Minister and Cabinet visited the Shire of Lake Grace office to meet with a selection of local farmers, councillors, agricultural businesses and support agencies from across the Shire to discuss the topic of drought.

The meeting enabled the Taskforce to listen and learn from those in our Shire who have survived drought in the past and hear their stories, as well as issues being faced with the current water shortages. The forum was followed by a visit to a local farmer's property to give the Taskforce a first-hand visual of the impact the shortages are having on his land and livelihood.

The information provided will be collated for a report to the Prime Minister and will help the Government determine what support is needed for the future.

The Joint Agency Drought Taskforce is a national initiative that was established by the Prime Minister in August 2018 for the purpose of engaging with drought affected communities and assisting the Government in the coordination and delivery of drought support.

National Volunteer Week

20-26 May 2019 marked National Volunteer Week. Now in its 30th Year, this event is the largest celebration of volunteers and volunteerism in Australia and provides an opportunity to highlight the role of volunteers in our community and to say thank you.

And on behalf of the Shire Councillors and Staff, I would like to express our gratitude to the army of volunteers that we are very lucky to have across our Shire for your hard work and commitment - our community wouldn't be what it is today without you.

Central Country Zone Meeting

On Friday 24 May 2019, Shire President Cr De Landgraft and I attended a Central Country Zone Meeting, hosted by the Shire of Brookton. The following topics were presented at this meeting:

- A presentation by WA Local Government Association (WALGA) Chief Executive Officer, Mr Nick Sloan, who presented his 'vision' for WALGA and the local government sector.
- A presentation by Ms Caren McLaren, Business Development and Sales Executive Power Ledger and Mr Mark Imrie, Managing Director of BSC on the

development of more reliable and affordable energy solutions in Regional WA.

- Managing Public Health Risks at Events in WA.
- Management of Public Health Risks Related to Offensive Trades in Western Australia.
- Future Wheatbelt Conference.

Road Works

Our Construction Crew have carried out the following works:

- Grading and maintenance of access roads around the Lake Grace Oval
- An audit of Shire gravel pits
- Maintenance and clearing of standpipes at Dingo Rock, Mordetta Road, Mallee Hill Road, Gimbel Road and Jarring South Road

The Lake Grace Maintenance Grader has carried out grading on:

- Fisher Road
- North Burngup Road
- Mallee Hill Road
- Mordetta Road
- Kennedy Road
- Thornton Road
- Gimbel Road
- Green Road
- Brookfield Road
- Bairstow Road
- Slarke Road
- Bishop Street (including back slopes)

The Newdegate Maintenance Grader has carried out grading on:

- Haig Road
- Biddy Cam Road
- Magenta Road
- Ardler Road
- Grant Road
- Breed Road
- Mission Road
- Shalders Road

The Lake King/Varley Maintenance Grader has carried out grading on:

- Pickernell Road
- Kathleen Road
- Ladyman Road
- Smerdon Road
- Finlay Road

'If in Doubt Leave it Out'

What's Recyclable What's Not!

Acceptable Items

Plastic bottles- without lids, newspaper, cardboard (clean), paper grocery bags, egg cartons, magazines, junk mail, stationery and envelopes, glass bottles and jars, milk & juice cartons, aluminium/tin cans, foil, trays, all plastic food containers, empty aluminium cans.

Unacceptable Items

Plastic wrap, plastic bags, coffee cups, fast food wrappers, paper plates, soiled paper, paper towels, napkins, light bulbs, food waste, cups, plates, wine and drinking glasses, batteries, green waste, shredded paper.

Specific materials which may have questions about them include 'If in doubt leave it out':

Aerosols – although the instructions on current education materials say that empty aerosols are permissible for recycling bins, many aren't. Aerosols have caused 5 small explosions in the compactor of one of the MRF Operators over the last year. There is also the concern that people are putting all types of aerosol into the recycling bin, including butane canisters which are potentially extremely hazardous. Therefore it is recommended that people do not put their aerosols in the recycling bin, instead they take them to one of the 13 Household Hazardous Waste facilities throughout WA.

Coffee cups – although a similar material to milk cartons, coffee cups are not recyclable through kerbside collections because of their shape (they would not be sorted by the sorting screen). Also these materials would represent a contaminate in the cardboard stream.

UHT Milk containers – if silver lined, are not recyclable through the kerbside system. These materials are composite packaging. Normal milk cartons which do not have a silver lining are acceptable in the kerbside recycling bin.

Take away food containers – yes if they're clean.

Meat trays – no, currently it is too confusing to know what the material is therefore if it is or is not recyclable.

Plastic containers 1 – 7, all are recyclable. What isn't recyclable is flexible plastic or polystyrene.

Shredded paper – should not be in the recycling bin as shredded paper is too small to be captured and it contaminates the glass stream.

Shire of Lake Grace Community News *Cont.*

Office Open Hours

Monday - Tuesday - Wednesday - Friday

8.30am - 4.30pm

Thursday 8.30am - 4.00pm

Staff can be contacted by phone between 8am - 5pm.

Transport & Licensing

All licensing payments are to be made in person at the Shire of Lake Grace Administration office, 1 Bishop Street, Lake Grace.

Monday, Tuesday & Wednesday 8.30am - 4.15pm
Thursday and Friday 8.30am - 4.00pm

As an agency we process the majority of transactions, including: renewals, transfers, number plate orders, boat registration renewals and new licence applications.

Please ensure you arrive at the counter with sufficient time for your transaction to be completed by closing time, as it is necessary for staff to reconcile Department of Transport transactions each day. Please keep in mind that farm equipment and Learner's Permit transactions can take up to 45 minutes or more.

Driving Assessor

The Practical Driving Assessor (PDA) will be at the Shire of Lake Grace Office on:

Friday - 5 July

Friday - 2 August - to be confirmed

Bookings are essential for all Practical Driver's

Licence Assessments and we advise booking in advance as there is often a waiting list.

Lake Grace has one assessment day each month held on the first Friday of the month.

For more information visit www.transport.wa.gov.au.

Building Surveyor

Shire Building Surveyor, Josiah Farrell will be available at the Shire Office on the following dates:

Tuesday 11 June 2019

Tuesday 25 June 2019

For an appointment contact Josiah on 0438 811 944.

Environmental Health Officer

For an appointment with the Shire's Environmental Health Officer, Will Pearce, please contact the Shire on 9890 2500 or email shire@lakegrace.wa.gov.au.

Tip Hours

Lake Grace

Monday & Wednesday 9am - 2pm

Saturday & Sunday 9am - 4pm

Newdegate

Wednesday 9am - 1pm

Saturday 9am - 1pm

Media Release

The McGowan Government is driving a major initiative to showcase the diversity of careers across agriculture, fisheries, fibre, forestry and food sectors to thousands of Western Australian secondary school students.

The PRIMED project will provide students and educators with a better understanding of the careers available across primary industries, many of which are in the emerging sectors.

The McGowan Government will invest \$5 million over five years in PRIMED, and is now looking to partner with industry to take this innovative project forward. Business leaders across the sector met with the State Government today to discuss future education and skills needs for the growing sector, which plays an essential role in the State's economy.

PRIMED is a collaborative initiative between the departments of Primary Industries and Regional Development; Training and Workforce Development; and Education.

Comments attributed to Agriculture and Food Minister Alannah MacTiernan:

"The sector has an exciting future and we want to encourage highly skilled, innovative and motivated young people to support its long-term success and

keep pace with changing production environments and markets.

"We need to open the eyes of young people to the enormous range of 21st century careers in agriculture - to inspire them with the positive stories of growing food, caring for the land and the cutting edge of agtech."

Comments attributed to Education and Training Minister Sue Ellery:

"The program for students in Years 7 to 12 will bring primary industries content into the classroom.

"Students will be exposed to the exciting career opportunities and training paths available in primary industries."

Comments attributed to Fisheries and Forestry Minister Dave Kelly:

"The primary industries sector is unique in that it offers such a wide variety of different career paths across many skill sets and interests, right across the State.

"The sector is evolving rapidly, and there has never been a better time for a collaborative approach across three departments and with industry to ensure young people are informed about the sector and the opportunities available."

CBH Men's Country Hockey Championships

Danielle Robertson. Madie Earle-Sadler.

Eleven players from Lake Grace-Kukerin Hockey Club attended the CBH Men's Country Championships in Perth over the long weekend.

Players from the Roe Districts Hockey Association were playing in division 3 under the Greater Wheatbelt Men's Association colours, as the amalgamation of the two associations is still underway.

Joining the men from LGK were players from Corrigin and Kulin/Kondinin clubs. With the inclusion of Karlgarin/Hyden's men's team into our competition this year, hopefully we will be able to send two sides next year.

Results from the weekend weren't the best but there's always room for improvement.

GWMHA 0 defeated by Avon 4

GWMHA 0 defeated by Esperance 2

GWMHA 1 defeated by Margaret River 4

Goal scorer Zhane Robertson

GWMHA 1 drew with EDHA 1

Goal scorer Fletcher Taylor

GWMHA 0 defeated by Collie 5

We appreciate the time given from coach Tennille Harrington (Kulin) and manager Elana Frantom (Kulin).

Lake Grace-Kukerin are at home in Lake Grace this weekend against Karlgarin/Hyden, come down and cheer us on if you're in town.

You are invited to attend a series of
CHRISTIAN GOSPEL SERVICES

Now being at the

Kulin Memorial Hall

35 Johnston St, Kulin

Each Sunday, 4.00pm - 5.00pm

Lakes Village Hall

Bishop St, Lake Grace

Each Wednesday, 7.30pm - 8.15pm

ALL WELCOME - NO COLLECTION

Lake Grace-Kukerin representatives from left– Derek Nenke, Paul Nenke, Zhane Robertson, Ben Hall, Damian Trevenen, Jock Harrington, Charlie Marchetti, Jamie Eggers, Fletcher Taylor, Jacob Nenke, Jared Nenke.

Set income aside for later with our FMD.

Just as seasons and prices fluctuate, so does farm income. A Rural Bank Farm Management Deposit can help you manage risk and grow your cash reserves.

With fixed rate and variable rate options, you can set aside pre-tax income from your profitable years, so you have it available when you need it most. You'll earn interest on your FMD and no monthly account service fees or transaction fees apply.

With a range of other benefits, you'll find a Rural Bank FMD is specifically designed to meet your farm's needs, now and into the future.

Drop into your nearest branch at Lot 157 Bull Street, Kulin or phone 9880 1422 to find out more.

Lake Grace-Pingrup Netball

A Grade, Karen Bairstow; C Grade, Kristy Stanton

Round 6 May 25th VS JERRAMUNGUP

A Grade

First game of the second round in Jerramungup and after a close first five minutes of the game the girls settled and played one of their best games of the season.

With the help of Maria we have been working on a few things at training and this week it came into place with the girls working as a unit and it was a good standard of netball to watch.

We had a couple of girls out of the squad this week so a big thanks to Teneeka and Tuscany for being on the bench for us.

The defensive end of the court worked beautifully and put pressure on to turn the ball over combining with the midcourt who also timed their play and worked together well to get the ball into the shooters

where they combined nicely playing under close attention but got right on top. There were great passages of play all over the court.

Well done this week girls, its not about how much we won by but how we won. It was a team effort and if we take that attitude into all games it will help for the rest of the season.

The final score LGP - 69 - Jerry -20.

Thanks you Maria, your help is invaluable.

BEST ON GROUND: CLAIRE GRAY who continues to impress each week, her defending skills keep improving and her run out of the backline was awesome, Well done Claire

2ND BEST ON GROUND: GRACE TOWNSEND was on song from the first centre pass putting pressure on her opponent and has the pace to run and intercept and create run down court, well done Grace

COACHES AWARD: CHLOE MCDUGALL provided a great target juggled in hard get balls and shot accurately, well done Chloe

A bye next week and then down to Boxwood where we need to carry this weeks effort into that game

B Grade

Sorry no B Grade notes at time of print.

Juniors

It was another tough game against the highly skilled Jerramungup team. We knew that we'd need to play a strong defensive game to try and stop their very accurate shooters.

At the end of the first quarter Jerramungup only had a 4 goal lead and that was due to our strong defence. This lead blew out in the second and third quarters, with Jerramungup scoring 17 goals to our 3.

We had a long way to catch up, however, I was so impressed with the entire team for never giving up. The final score Jerramungup 28 defeated Lake Grace Pingrup 9.

Best player - Lucas Robinson. Coach's award - Wilanie Sparkham A special mention and thankyou to the A and B Grade players, who come and support the kids every week. It's so encouraging having you court side cheering us on.

Shire of Lake Grace

PUBLIC NOTICE

Planning and Development Act 2005

Shire of Lake Grace

The Lake Grace Shire Council has resolved to prepare a Heritage List to provide for the long term protection and conservation of a number of buildings and places within the Shire's municipal area identified in the Shire of Lake Grace Heritage Inventory as being of cultural heritage significance.

A copy of the draft Heritage List is available for viewing at the Shire Administration Centre, 1 Bishop Street, Lake Grace or on the Shire's website www.lakegrace.wa.gov.au.

Comments on the proposal are now invited and can be emailed to shire@lakegrace.wa.gov.au or posted to the Shire's Chief Executive Officer at PO Box 50, Lake Grace WA 6353.

All Submissions must include the following information:

- Your name, address and contact telephone number;
- How your interests are affected; whether as a private citizen, on behalf of a company or other organisation, or as an owner or occupier of property;
- Address of property affected (if applicable); and
- Whether your submission is in support of, or objecting to the proposal and provide any arguments supporting your comments.

All submissions received may be made public at a Council meeting and included in a Council Agenda, which will be available on the Shire's website, unless a submission specifically requests otherwise.

Closing date for submissions is

Tuesday 25 June 2019.

Lake Grace Golf Club

Craig Reeves

26/05/2019

This was a Stableford event, vying for the Lake Grace Tyrepower trophies.

A good field turned out to play in sunny conditions with some fairly good scores. Newcomer to golf, Raelene Gilchrist scoring 36 points, Nick Maalouf on 37, Helen Hunt with 35. Runner-up for the day was Kevin Eggers finding some early form scoring 39 points. Winner with 40 points was Craig Reeves.

NTP 4 sponsored by Justin Wright from Elders Insurance was won by Sonia McSwain. NTP 6 sponsored by Lake Grace Roadhouse Craig Reeves. NTP 15 sponsored by Lake Grace Engineering was Raelene Gilchrist. NTP 18 sponsored by Lake Grace CRC was Craig Reeves.

Longest putt on 9 was Raelene Gilchrist, sponsored by Lake Grace Tyrepower. Ladies long drive on number 10 sponsored by Lake Grace Home Improvements thanks to Derek Stanton was won by Sonia McSwain. Men's long drive on number 3 also sponsored by Derek, won by Chad Stanton.

2/06/2019

A Stableford event was again played today and was sponsored by CCL Hardware thanks go out to Mark and Karen.

Back on the course today and unfortunately still no rain so conditions are still very dry. Scoring was a bit hit and miss with some good and some not so good. Some scores were Helen Hunt 39 points, Murray Stanton 38 points, Matthew Spurr 35 points, Kane Pinney 34 points, Phil Young 33 points.

Runner-up for the day was Craig Reeves on 43 points which would normally have been enough to win the day but everyone came up against the in-form Nick Maalouf who I think must've had some sort of performance enhancing injection blowing everybody away with a massive 46 points. Best check your handicap next week Nick.

Longest putt on number 1 was won by Stephen Hunt, best second shot on number 12 was won by Craig Reeves, longest putt on 9 won by Nick Maalouf.

NTP 4 was won by Helen Hunt, NTP 6 won by Stephanie Lay, NTP 15 won by Craig Reeves, NTP 18 won by Kevin Eggers.

Next week Sunday, 9 June is a Par Plus event sponsored by AFGRI Lake Grace.

Sunday, 16 June is the stroke/count your putts day sponsored by Rex and Tracy Walker- Lake Grace Freight.

Turkey day which was scheduled for early June is now on Sunday, 11 August.

Lake Grace-Kukerin Hockey

Mel Eynon

Round 4 25th May Corrigin v Lake Grace-Kukerin

C grade had a tough game on the weekend going down 8 nil to a strong Corrigin side. Well done to award winners Ashleigh Faulkner and Cambell Chatfield.

A grade was up next in what was possibly the hottest game of the season! Isn't it near the end of May? Two goals to vice captain and centre half Michelle Gooding. First goal was fed through nicely along the base line to the top of the D for Michelle to crack into goals. The second goal was the result of our many attempts at penalty corners. Well done team. It was a tough game and we came away with the points winning 2 nil.

We had another warm game for the B grade side this week. It was a day of goal scoring by the centre halves (in B grade Fi Chatfield) and we were up 1-0. Corrigin scored in the last quarter leaving a final result of 1 all. Thank you to the team for running it out under very warm conditions!

Men's game started off as normal, Corrigin setting a cracking pace as usual. They managed to sneak a couple of quick goals in on the first half. Under the pump the boys went out in the third with a point to prove. Before long we had our first thanks to Beau

(showing the forwards how it's done). After that the boys got hungry and had the Corrigin boys on the ropes with Floyd and Harry following suit. Corrigin managed to sneak a last effort in to seal it, 5-3 being the final score.

Coach's award for the day went to Beau Bowron. There was a bye from hockey over the long weekend due to Country week for the blokes, hopefully those who went had good luck and didn't hurt themselves too much.

Seniors Fun Days!

Lake Grace-Pingrup Junior Hockey

Janine Watson

Round 6 V's Jerramungup

Was a little uncertain going into this game we won the first however thought they were missing some players in Round 1. It always takes our guys a few minutes to get themselves sorted, I think just to keep us on the edge of the seat, then something seems to gel and they are away. We took up the attack in the first half however it wasn't until halfway in the second term Alby scored a beautiful strong goal from his perfect Inner Position. Within another 5 minutes and Holly followed another.

Special Mentions to Alby Stanton, Lucas Robinson and Jaspar Marshall

Final Score 2-0

Awards: Best On Field: Tess Stanton – Tess played a half back and I'm impressed with her involvement, determination and effort not to mention improving skills.

Top Effort: Linkin Eaton – Linkin is our dedicated goalie and had quite some pressure today.

WA Weekend – Bunbury Carnival

Ongerup sent 66 children this year. Five teams of players that put their heart into some great hockey action. Lake Grace had eight players on field.

Reegan Marshall and Ruby Stanton came back to play in the Girls 7/8 Team (5th/11 teams). Michael Watson and Judd McKenzie in the "Winning" 7/8 Boys team (1st/10 teams), Jaspar Marshall played Boys 5/6 (4th/9 in Pool), and Holly Stanton, Tess Stanton and Payton Callope in the girls 5/6 (3rd/8 in Pool).

Despite the great results its about the participation,

experience, exposure, friendships made, and maybe the coffee & doughnuts!

Winning Yr 7/8 Boys team

Above: LG Team:

Back – Jaspar Marshall and Michael Watson
Front: Reegan Marshall, Tess Stanton, Payton Callope, Holly Stanton, Judd McKenzie
Missing Ruby Stanton

Australia Ahead of the Renewable Energy Pack

<https://www.goodnewsnetwork.org/australia-creating-renewable-energy-the-fastest-and-planting-billion-trees/>

An exciting new piece of research claims that Australia is installing renewable energy faster than any other country – and on top of that, the government recently announced they are taking even more steps to reduce their national carbon footprint by planting one billion trees by 2050.

The research, which was conducted by The Australian National University (ANU), found that Australia is installing renewable power per person each year faster than any other country, which is putting it on track to meet its entire Paris Agreement emissions reduction targets 5 years early. If the nation continues at its current pace, it is likely to be powered by 100% renewable power sources by 2032.

Lead researcher Professor Andrew Blakers said Australia was installing renewable power per capita several times faster than the European Union, Japan, China and the United States, based on preliminary data available for installations globally last year.

“The installation of renewables in Australia last year really ramped up compared to these other major economies, and we expect that trend to continue this year and beyond,” said Professor Blakers. “The electricity sector is on track to deliver Australia’s entire Paris emissions reduction targets five years early, in

2025 – without the need for any creative accounting.

“Australia is on track to reach 50 per cent renewable electricity in 2024 and 100 per cent by 2032. The Australian renewable energy experience offers real hope for rapid global emissions reductions to preserve a living planet,” he added.

Co-researcher Dr Matthew Stocks said the net cost of achieving the 2030 carbon emission targets set in the Paris Agreement would be zero because expensive fossil fuels were being replaced by cheaper renewables.

Meanwhile, the Australian government just announced the launch of a new Regional Forestry Hubs plan to plant one billion trees by 2050. The initiative is expected to remove over 18 million tons of greenhouse gas per year and create over 1.25 million new jobs over the course of the next five years alone.

“This plan ambitiously aims to deliver a billion new trees to meet a projected quadrupling of global demand for timber products by 2050, planting the right trees, at the right scale in the right places,” said Prime Minister Scott Morrison. “The end result will be better returns to business, more investment, more jobs and greater economic prosperity for Australia.”

Lake Grace-Pingrup Football Club

Allan Marshall

ROUND 6

LGP VS Jerramungup on May 25th 2019, played at Jerramungup.

The weather on match day was a fine and clear.

LGPFC A RESERVES

The LGP A Reserves were well manned and confident with their successful season so far. The boys completely outclassed the Jerramungup Eagles team for the entire match, demonstrating good passages of flowing football. Even with some player swaps to even the teams up a bit it wasn't until the final term that Jerry managed to register a score, and then it was only one solitary behind. It is worrying to observe the decline in numbers for some of the clubs in the OFA. This is also being reflected in the depth of players available in the respective League teams.

Quarter time scores were LGP 8-9=57
Jerramungup 0-0=0

Half time scores were LGP 14-14=98
Jerramungup 0-0=0

Three quarter time scores were LGP 18-18=126
Jerramungup 0-0=0

Final scores were LGP 22-21=153 Defeating Jerramungup 0-1=1

Goal scorers were: Trivan Davey 6, Damon Pelham 4, Kael Gray and Nash Kirk 3 each, Rod Beasley 2, Rob Enright, Brian Flavin, Chris Trevenen and Brenton Hutchings 1 each.

Better players were: Trivan Davey, Nash Kirk, Ashton Gray, Kael Gray, Chris Trevenen, Brian Flavin, Rob Enright, Rod Beasley and Damon Pelham

Award winners Reserves Best on Ground Trivan Davey, BOG Runner up Nash Kirk and the Coaches award went to Ashton Gray.

LGPFC JUNIORS LGP 5-4=34 defeated by Jerramungup 10-11=71

The Junior Bombers were competitive for the first three quarters and certainly not lacking in enthusiasm. They are loving their footy and it was only during the final quarter that Jerramungup pulled ahead.

Fed by Fyfe awards went to Jaspar Marshall and Tate Naisbitt.

LGPFC LEAGUE

Umpires in charge for the match were Herbie Hart and John Cooper.

The first quarter was an even low scoring affair with the Bombers going into the first break just 2 points down.

**Quarter time scores were LGP 1-5=11
Jerramungup 2-1=13**

The second term saw the LGP Bombers gain some traction over the Eagles and at the half time siren registered a 10 point lead giving them confidence for the second half.

**Half time scores were LGP 5-6=36
Jerramungup 4-2=26**

LGP commenced the third quarter dominating Jerramungup throughout the term and at the three quarter time break had established an impressive 37 point match winning lead.

**Three quarter time scores were LGP 10-10=70
Jerramungup 5-3=33**

The final term was more competitive with both teams adding 2 goals 1 behind, giving the LGP Bombers the same winning margin that they had at the third break. *In writing this match report using a similar match template from last year I recorded this comment. "The Bombers were 23 points ahead with about 8 minutes left before the final siren. But inexplicably LGP failed to defend their lead to lose the match by 4 points. Classic snatching defeat from the jaws of victory".* We have overcome that problem, well done guys.

Lake Grace-Pingrup Football Club (cont.)

Final scores LGP 12-11=83 defeating Jerramungup 7-4=46

Goal scorers for LGP were Kane Pinney 4, Luke Henderson 3, Jack Carruthers, Regan Smith, Mitchell Thornton, Mitchell O'Neill and Tyson Prater 1 each.

Better players for LGP were Mitchell O'Neill, Luke Bairstow, Regan Smith, Reuben Smith, Tyson Prater, Alex Duckworth, Jack Carruthers, Jack Trevenen, Kane Pinney, Joshua Bellve, Justin Carruthers and Cent Amores.

Award winners for LGP: Best on Ground Trivan Davey, BOG runner up Nash Kirk and the Coaches

award went to Ashton Gray.

The next Winter Sports day is next Saturday, June 8th at Boxwood Hill who are the League leaders having not lost a game this season so it should be a cracker with the LGP Bombers sitting in second spot.

Saturday is also the third reciprocal BIG FREEZE fundraising annual event to help fight Motor Neuron Disease (MND). LGP have lost Steve King and Boxwood have lost Rick Swarbrick to this insidious disease so please make the effort to stay after the League match to cheer on the 30 odd sponsored participants going down the slide into the ice bath.

Boxwood have constructed a triple slide for this year so that should be a blast. Ex Eagles AFL footballer Quinten Lynch will be the celebrity slider this year Deanne Glass who is a cousin of ex Eagles AFL player Darren Glass. So come and watch for the big splash. Dinner will be served after that and an auction will finalise the fundraising. The two communities have raised about \$100,000 over the past two years so bring your wallet and let's keep the momentum up to help find a cure for MND.

Boxwood's slide under construction.

Humour

A worldwide survey was conducted by the UN. The only question asked was: "Would you please give your honest opinion about solutions to the food shortage in the rest of the world?" The survey was a huge failure. In Africa they didn't know what "food" meant. In Eastern Europe they didn't know what "honest" meant. In Western Europe they didn't know what "shortage" meant. In China they didn't know what "opinion" meant. In the Middle East they didn't know what "solution" meant. In South America they didn't know what "please" meant. And in the USA they didn't know what "the rest of the world" meant.

Mr. and Mrs. Brown had two sons. One was named Mind Your Own Business & the other was named Trouble. One day the two boys decided to play hide and seek. Trouble hid while Mind Your Own Business counted to one hundred. Mind Your Own Business began looking for his brother behind garbage cans and bushes. Then he started looking in and under cars until a police man approached him and asked, "What are you doing?" "Playing a game," the boy replied. "What is your name?" the officer questioned. "Mind Your Own Business." Furious the policeman inquired, "Are you looking for trouble?!" The boy replied, "Why, yes."

What happens to a frog's car when it breaks down?
It gets toad away.

In a Catholic school cafeteria, a nun places a note in front of a pile of apples, "Only take one. God is watching." Further down the line is a pile of cookies. A little boy makes his own note, "Take all you want. God is watching the apples."

Instead of "the John," I call my toilet "the Jim." That way it sounds better when I say I go to the Jim first thing every morning.

There was an elderly couple who in their old age noticed that they were getting a lot more forgetful, so they decided to go to the doctor. The doctor told them that they should start writing things down so they don't forget. They went home and the old lady told her husband to get her a bowl of ice cream. "You might want to write it down," she said. The husband said, "No, I can remember that you want a bowl of ice cream." She then told her husband she wanted a bowl of ice cream with whipped cream. "Write it down," she told him, and again he said, "No, no, I can remember: you want a bowl of ice cream with whipped cream." Then the old lady said she wants a bowl of ice cream with whipped cream and a cherry on top. "Write it down," she told her husband and again he said, "No, I got it. You want a bowl of ice cream with whipped cream and a cherry on top." So he goes to get the ice cream and spends an unusually long time in the kitchen, over 30 minutes. He comes out to his wife and hands her a plate of eggs and bacon. The old wife stares at the plate for a moment, then looks at her husband and asks, "Where's the toast?"

On their way to get married, a young Catholic couple is involved in a fatal car accident. The couple found themselves sitting outside the Pearly Gates waiting for St. Peter to process them into Heaven. While waiting, they began to wonder: Could they possibly get married in Heaven? When St. Peter showed up, they asked him. St. Peter said, "I don't know. This is the first time anyone has asked. Let me go find out," and he left. The couple sat and waited, and waited. Two months passed and the couple were still waiting. While waiting, they began to wonder what would happen if it didn't work out; could you get a divorce in heaven? After yet another month, St. Peter finally returned, looking somewhat bedraggled. "Yes," he informed the couple, "You can get married in Heaven." "Great!" said the couple, "But we were just wondering, what if things don't work out? Could we also get a divorce in Heaven?" St. Peter, red-faced with anger, slammed his clipboard onto the ground. "What's wrong?" asked the frightened couple. "OH, COME ON!," St. Peter shouted, "It took me three months to find a priest up here! Do you have any idea how long it'll take me to find a lawyer?"

A mom texts, "Hi! Son, what does IDK, LY, & TTYL mean?" He texts back, "I Don't Know, Love You, & Talk To You Later." The mom texts him, "It's ok, don't worry about it. I'll ask your sister, love you too."

Vulnerable Consumers Lose Record Amount to Scammers

www.scamwatch.gov.au

Australians who are older, Indigenous or have disability reported record losses in 2018 according to the ACCC's annual Targeting Scams report released last month.

Australians aged over 65 submitted over 26,400 reports to Scamwatch in 2018, with losses of over \$21.4 million. This represents an increase of five per cent in reports but 22 per cent in losses.

"Scammers will scour dating sites and social media for older Australians who have recently divorced or lost a long term partner, taking advantage of those who are inexperienced with these sites and may be in a vulnerable emotional state," ACCC Deputy Chair Delia Rickard said.

"Investment scams are the most financially harmful because the scammers invest time and money into convincing sales pitches, flashy websites and even glossy brochures."

Older Australians looking to grow their nest eggs but who instead get caught up in investment scams reported losses of \$7.6 million, and those misled

through fake relationships reported losses of \$5.8 million to dating and romance scams.

"Scammers will start with a cold call to their victim promising low risk investments for high returns. They may spend months grooming their victims and once a victim invests, they're quickly convinced to put more and more money in. As soon as the victim tries to cash in on their investment, the scammer quickly disappears," Ms Rickard said.

Scamwatch received over 7800 reports from people with disability or who identified themselves as having a chronic illness with over \$8.7 million in losses. These Australians also reported higher losses per report to investment scams and dating and romance scams when compared with those that did not identify as having a disability or chronic illness.

Indigenous Australians also reported record losses in 2018. Scamwatch received 2434 scam reports from Indigenous people with losses exceeding \$3 million – a 79 per cent increase compared to 2017. Investment scams were the most financially harmful with \$1.1

Vulnerable Consumers Lose to Scammers (cont.)

million reported lost.

"The ACCC is committed to continuing our education and awareness efforts including our Indigenous outreach work and distribution of our Little Black Book of Scams. As vulnerable consumers can be difficult to reach through traditional channels we also encourage the wider community to assist in warning these consumers about scams." Ms Rickard said.

The ACCC encourages people to visit www.scamwatch.gov.au to report scams so we can warn others about them and learn more about what to do if they're targeted by scams.

They can also follow @scamwatch_gov on Twitter and subscribe to Scamwatch radar alerts to keep up to date with advice for avoiding the latest scams affecting the community.

Iris Thomas from Consumer Protection will be delivering a presentation to the Lake Grace community on the
18th June at 1.30 p.m.

The topics for the presentations will be scams and retail.

Scams:

Find out about the latest scams targeting consumers in W.A. In 2018 Western Australians lost a total of \$10.7 million to scams.

Hear all about the various scams and how consumers have lost large sums of money.

Australian Consumer Law - Retail

Find out about your rights as a consumer. After you buy or use a product you may identify problems with it. Depending on the type of problem the seller may have to provide a remedy such as a refund, repairs, replacement or compensation.

Will be held at the Lake Grace Community Resource Centre.
