## Main Street Development - circa 1926

The Lake Grace Shire recently came into possession of some photographs taken of functions and prominent buildings within the townsite in 1926.

These photographs originally belonged to Mrs

Florrie McCulloch (nee Price) who's father was the first Methodist Minister in Lake Grace. Mrs McCulloch and family have very kindly bestowed these photographs to Lake Grace, something that the community is very grateful for.

*Look familiar? The bare earth surrounds and petrol bowser can't disguise Rosie's façade.*

*The Co-op stores on the site where the Plaza now stands.*

*Some things don't change.  
The Post Office as it was in 1926.*

## Deadlines & Editions

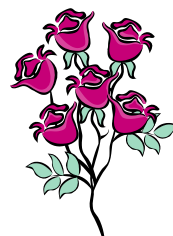

All articles, news & advertisements should be submitted to the Telecentre by close of business on Monday of paper week.

**Next Deadline: Monday 27th June**  
**Next Edition: Thursday 30th June**

## A very BIG thank you

*To the **very** dedicated team who have produced and compiled this edition of the Lakes Link News.*

*Dot Kennedy  
Danielle Robertson  
Caroline Richardson*

*Thank you also to our many contributors of articles.*

## DISCLAIMER

- 1) No liability shall be incurred by the Lakes Link News by reason of any amendments to, or error or inaccuracy in, or the partial or total omission of an advertisement or by reason of delay or default or from any other cause whatsoever. If in the opinion of Lakes Link News the error clearly reduces the value of the advertisement and the advertiser notifies it to Lakes Link News within seven days of the publication date, then one correct insertion will be made without charge.
- 2) While the Lakes Link News aims to publish all material submitted, Lakes Link News reserves the right to refuse to publish or re-publish any contribution or advertisement without giving any reason.
- 3) No articles, letters or advertisements will be accepted which may appear to be defamatory or accusatory, or to favour one side in a legal dispute.
- 4) Lakes Link News reserves the right to shorten or otherwise amend any contribution other than advertisements.

# EDITORIAL

- We have been very generously loaned an Elders Weekly, 29th July 1965, for use in our 'From the Archives' section. We have featured one on their advertisements on page 26, too late for getting this year's crop in but could be handy in the vegie patch.
- As a Westnet agent the Telecentre earns dividends for local Westnet users who have nominated the Lake Grace Telecentre as their local agent. If you would like to sign up with either Westnet's broadband package or dialup plan please drop into the Telecentre for an application form.
- If you are submitting a classified ad could you please endeavour to drop in and make payment as the amounts are too small to warrant sending an invoice.

## Lake Grace and Newdegate General Practice

Please note there will be **NO DOCTOR**  
in Lake Grace from 8:00am  
Friday 24th June till  
9:00am Monday 27th June.

Surgery will be closed  
Friday 24th June

*In the case of an emergency please telephone the  
Lake Grace Hospital on 9865 1206.*

The family of Dorothy Jenks wishes to thank the Doctor  
and staff of the Lake Grace Hospital for their patience,  
kindness and understanding during  
Mum's time at the Hospital.

The families wish to also thank  
everyone for their cards, well wishes  
and attendance at the funeral.

## On the Sheep's Back Report

*Casting—Rhys Tonkin and Darren Spencer*

Artist Rhys Tonkin has completed the seventh and final sculpture and we have begun casting the sheep. Laurie Dickins is making our armatures (steel skeletons) and we have a good crew of volunteers helping out. We are building up to casting seven sheep per week.

Over the next three months we will need people to help cast and to assemblage and release the moulds. You might like to help for one day or ten – the more the merrier. This is an opportunity to learn casting, pass on your skills to others and help out a community project

**How you can help.** We require nine volunteers per week for the next two weeks. All tasks are supervised and range from light work to medium-heavy. Contact Michelle Slarke (9865 1878) or Tania Spencer (9865 1339) if you can help.

**We need volunteers for the following dates:**

Wednesday	Thursday	Friday
June 22	June 23	June 24
June 29	June 30	July 1

**Wednesdays—2 people needed**

**De-moulding** (light to medium work): Release moulds from cast sculptures. Wash and oil

*Pouring cement—Darren Spencer vibrating cement inside mould*

latex moulds in preparation for assembling.

**Thursdays—3 people needed**

**Assemble moulds** (light work):

Piece together fibreglass mould. Place armature in latex mould and place in fibreglass mould. Bolt mould together.

**Fridays—2 people needed**

**Casting sculptures** (medium work):

Operate handheld cement vibrator. Bucket mixed cement into moulds.

Feel free to visit the Arts Centre, introduce yourself to artist Rhys Tonkin and watch the casting.

*Mixing cement—John Bennett and Anthony Jenks.*

# ABOUT TOWN

★ Sympathy to the Jenks, Palmer and Smith families on the recent passing of Dot Jenks.

# HAPPY ANNIVERSARY

June 25 - David and Christine Fyfe

Fax, email or bring your *About Town* news into the Telecentre. If you would like to share your birthday or anniversary celebrations with us then please fill in the Celebrations book. Alternatively just drop your details into the box at the Post Office.

LAKE GRACE VOLUNTEER FIRE *and* RESCUE*Captain's Dinner 'S' PaRtY*

There was **some** super fun had by the local Fire & Rescue Service at their  
**annual Captain's Dinner last Friday night.**

Big bouquets go to the Lake Grace Hotel for their wonderful meals  
and service – thanks Steve and staff!

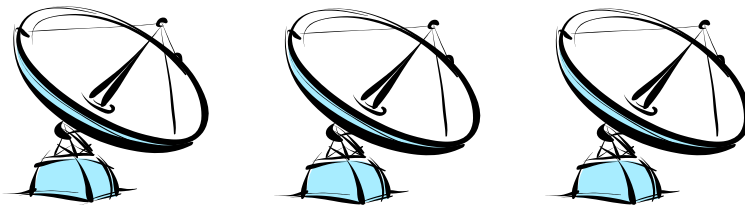

Some of the 'S' dressers were a Surgeon, Stud, Sportsfan, Sharon Strzlecki, a Shearer,  
Stubberfields, Strevvy, Sugar daddy, Sixtie/seventies child, a skidmark, Spiderman, Shrek and  
of course – Super Nanny – to make sure everyone behaved 'appropriately'.

**Congratulations** - Mouse O'Neill is the recipient of the Annual Captain's Award for  
2005. This presentation was made at the AGM by Captain Ray Bird. This award is  
presented annually in recognition of the contributions made by a particular member.

**Big Thank-you** - The Lake Fire & Rescue Service would like to heartily thank Murray and  
Cobi Stanton for the Captain's Award trophy that is presented each year. We appreciate and  
recognise the contribution that they have made to our Volunteers and it is great to see the  
smiles on the recipients face!

**WE DO WHAT WE CAN, WHEN WE CAN, TO THE BEST OF OUR ABILITY.**

**Free Supply - Free Installation**  
*10 x Faster*

 **eSat Communications**

**Broadband Internet Supplied and Installed Free**

If you live on a farm or remote area you will probably qualify for a 2 way satellite  
internet system FREE of charge.

To find out more contact your local installer:

Tenders are invited for the supply of **Bread, Milk and Meat** for the Lake Grace Hospital for the twelve (12) months, commencing July 1, 2005 with an option to extend for a further twelve(12) months.

Tender forms are available from the above Health Service during office hours.

Tenders are to be submitted to the undersigned and close on Friday June 24<sup>th</sup>, 2005.

Mrs J McEncroe  
Health Service Manager  
Lake Grace and Districts Health Service  
PO Box 189  
LAKE GRACE 6353

## Dorothy Eileen Jenks (nee Smith)

15th May 1924 - 5th June 2005

Mum was known to most as Dot. Born in Wagin to parents Colin and Keturah Smith, her siblings were Kathleen, Horace, Jack, Eva and Shirley. Mum lived on a farm north of Lake Grace, which is still in the Smith name. After attending school at North Lake Grace, Mum left to help on the farm.

In those days the oldest daughter was to stay single and look after their mother until she passed away. But along came a man to change all that, who is our father, Bill Jenks. Bill came from Tincurrin.

Mum and Dad married on the 9th of January, 1947, living in various towns until after four children - Ken, Harry, Coralee and Colin - they finally settled at 'Rocklea', North Lake Grace.

Mum worked on the farm until the boys were old enough to help. In those days, things were hard and there was not much money, so baked beans was on the menu a lot. Full of goodness, she

said, but in the past few years she could not stomach them.

Mum used to play tennis at the 'Jam Patch' on Sundays in her early married life, and bowls in later life.

When we children grew up, Mum and Dad used to go travelling, only around Australia and in later life to Exmouth. They would go in April (to get some fishing in - Mum loved her fishing) and back home in September. This went on for many years.

Mum and Dad moved to the units in Lake Grace in 2001.

Seven weeks ago Mum had a fall and broke her hip. This upset her cancer. She passed away on the 5th of June 2005 at the Lake Grace Hospital.

*Eulogy written by Coralee Palmer (nee Jenks) and read by Jacqueline Lewer*

## WestNet HiBIS Broadband ADSL

Supplying regional Australia with affordable Broadband services

### \$0 Connection and Hardware Offer\*

#### Why Choose Westnet HiBIS Broadband ADSL?

- Free ADSL Modem/Router (4 ports plus a phone line filter (normally \$119).
- Free ADSL activation (normally \$99).
- Low contract period (12 months).
- Over 1800 customer service agents Australia wide.
- Voted Australia's #1 ISP in Customer satisfaction. (16th and 17th ACNielsen Consult Australian Online Survey 2004 and Australian Broadband Survey 2003).
- 7-Day Award-Winning Technical Support team.
- No excess charges.
- Free uploads.
- Free Static IP address (Premium ADSL Accounts only).
- Unlimited Free Traffic to Software Vault, Online Gaming, File Mirrors and Peering Resources (Premium ADSL Accounts only).

\*Connection Fee on a minimum 12 month contract. Upgrade to an integrated gateway modem for \$129. A Fee of \$115 applies if cancelled/transferred/moved within 6 months; \$60 if cancelled in 7 to 12 months. Various other fees and charges may apply see Full Terms and Conditions for details.

### Plans start from \$29.95 per month

Pricing guidelines and application forms are available at the Lake Grace Telecentre.

Please nominate the Lake Grace Telecentre as your Westnet agent as we then receive dividends from Westnet.

# Magwheel Madness with Jon Doust

A background in stand-up comedy helped author Jon Doust hold the attention of school children as he ran workshops with each of the classes at Lake Grace District High School.

An enthralled primary audience hung on every word as he read from his latest literary offering, *Magwheel Madness*, which he co-wrote with Ken Spillman. *Magwheel Madness* is a follow on from their first book, *Magpie Mischief*, involving the same characters with plenty of hilarious antics. The second book has captured the imagination and interest of boys, a particularly difficult reading audience as Jon admits, as it involves cars, wheelies and hooligans.

*The year seven class hung on every word*

*The year 5/6 class were suspicious about the lethal muffin in 'Magwheel Madness'*

Jon, a regular contributor to Ted Bull's timeslot on ABC radio, did an 'interview' via phone while conducting his workshop with the high school students. With Jon in one room, the students listened to Jon and Ted's commentary - having an opportunity to hear themselves.

Following on from his school sessions, Jon held a

well attended get-together with community members. Jon is also an author of two adult books, *How to Lose an Election* and *Letters to the Police and Other Species*. His work also appears in a collection of comic writings, *Great Australian Bites*.

*High School students were wishing they hadn't shown an interest in Jon's calves.*

## YOUTH ADVISORY COUNCIL

Thanks to Bambi Lay for supervising on Friday 10<sup>th</sup> June.

Friday, 24<sup>th</sup> June, there is a Quiz night at the Hall. This is a Canberra Camp Fundraiser. The members aim to make up two or three tables for the night. Hopefully parents will also attend and

make up many more tables. If parents can not attend the evening the members will still be supervised. This is the last activity for this term. A meeting will be held early in the new term to determine the activities.

*Debby Clarke*

Date: Wednesday 6th July

Time: 12:00—1:00 pm

Venue: Newdegate Surgery

### Lake Grace

Date: Thursday 14th July

Time: 12:30—1:30 pm

Venue: Lake Grace Medical Centre

*For further information contact  
Elizabeth Trevenen ph: 9865 1251*

## The Positive Parenting Program (Triple P)

### *Expressions of Interest*

Triple P is a program for parents of young children aged three to five years. Most parents have concerns about their children's behaviour or development at some time and want practical suggestions on how they can support and deal with their children.

Children who are demanding, disobedient, defiant, throw temper tantrums or who are generally disruptive are particularly likely to benefit, although it will be of interest to all parents wanting to have a positive relationship with their child.

If you are interested in attending Triple P please contact Elizabeth Trevenen on ph: 9865 1251 so a workshop can be arranged.

## HELP—We Need Our Crutches Back!

If you have any crutches that you no longer require, PLEASE return them to the hospital. We are in dire need of them for clients. If you paid a deposit it will be refunded on return of crutches.

## Mosaics tells community story

In response to the drought in 2001/2002 the Lake Grace community needed something to lift its spirits - so the community decided to make a mosaic.

The project caught on in a big way, and the mosaic comprising more than 400 tiles has now become an impressive symbol of the ability of the community to look within and draw on the strengths of its people. Contributors include local children, adults, businesses and organizations, and the tiles depict every facet of life in the town, memorialising passed family members and pets as well as all manner of names, places and events that have local meaning.

A significant contributor to the mosaic is Sheryl Smith, whose intellectual disability has not prevented her from living a rich and included life in the town all her life. Sheryl keeps busy and is well known around town for her volunteer involvement with the Country Women's Association, Hospital Auxiliary and local Home and Community Care groups.

Sheryl's two mosaics depict a floral arrangement and an image of her home. They will be laid in the path from the AIM Hospital Museum to the Mosaic Garden Gallery. Asked how much she enjoyed working with such a big range of people on the mosaics project, Sheryl laughed and said she enjoyed it very much,

and added every community should do something like this. She said it had brought together people of all ages, different interests and abilities.

The advice from Sheryl is - if you get a chance to join in something like this - DO IT!

*(this article was published in the 'disAbility update' April 2005)*

Sheryl Smith and Phyllis Dunham with the mosaics completed by Sheryl

## Farmers and Business Do You Need Housing Finance?

The Country Housing Authority is a State Government Agency supporting rural and remote communities by providing access to housing finance.

We provide housing finance to farmers, retired farmers, rural employers, the self employed and local governments to provide flexible home loans that suit the needs of local communities.

You can use your Country Housing Authority loan to build, buy, add or modernise your home. Our loans have no application or loan management fees and competitive interest rates. Repayments can be made on a monthly, quarterly, or half-yearly basis or tailored to your cash flow. The loan terms are 20 years.

### **'NEW' INSURANCE PACKAGE FOR ASSOCIATIONS AND NON PROFIT ORGANISATIONS**

CGU have recently developed a competitively priced 'new' package for associations and non profit organizations which combines seven different insurance covers into one policy and offers many extensions on the cover specifically designed to protect the assets of the Insured Organization and the personal assets of its officers.

In summary, the policy offers in one convenient package the following covers:

- ⇒ Professional Indemnity Cover
- ⇒ Directors and Officers Cover
- ⇒ Association Entity Cover
- ⇒ Employment Practices Liability
- ⇒ Fidelity Cover
- ⇒ Taxation Investigation Costs Cover

These covers are automatically provided under the policy and do not require any additional premium to be included.

For more information and a contact call Jeanette  
☎9865 1105

Sincere condolences are extended to Mr Bill Jenks and family on the loss of Mrs Dot Jenks.

# SCIENCE AND STUFF

## LUNAR AIR PRIZE

Want \$250,000 American? Just squeeze some oxygen out of moon dirt and let NASA know how you did it. On 19<sup>th</sup> May, NASA announced the Moon Regolith Oxygen challenge. The cash goes to the first team to extract at least 5 kilograms of breathable oxygen from simulated lunar dirt, aka volcanic dust. The extractor must weigh less than 25 kilograms and the closing date is 1 June 2008.

Extracting oxygen from dirt, which consists mainly of oxides of silicon, iron, calcium and magnesium, would make a lunar base less reliant on oxygen deliveries from Earth. The lunar soil simulant, known as jsc-1, came from a basaltic ash deposit near Flagstaff, Arizona. The trace elements and particle sizes found in jsc-1 are similar to those in the soil at the Apollo 14 landing site. "Moon soil and rocks are hard to get".

## DIRTY SLIMY DUST

Next time astronauts go to the Moon, they'll be prepared for the dirty job ahead. Moon dust hazards include, poor visibility when landing, false instrument readings, slippery surfaces when climbing ladders, static cling on equipment, failing seals in spacesuits and sample boxes even when sealed tight, clogged equipment such as Velcro fasteners and a vacuum cleaner for cleaning off the dust, abrasion such as scratched visors and dust in boots, overheating such as batteries and health problems such as eye and lung irritation. A microscopic view shows a mixture of basalt fragments and round beads of volcanic glass welded together with rock from being bombarded for over 4 billion years.

## NEW MONKEY

In Tanzania, the first African monkey discovered for 20 years, the highland mangabey, is a shy tree-dwelling monkey living in two families, in mountain ranges, about 350 kilometres apart. They have long cheek whiskers, a tall crest of hair on the head and are little bigger than their close relative the baboon. There are about 1000. (Science, vol 308, p 1161).

## ECHOES OF THE TSUNAMI QUAKE

While the world was gripped with the devastation wrought by the Indian Ocean tsunami, on 26<sup>th</sup> December last year, the Sumatra-Andaman earthquake, which triggered it, was almost lost in the background. Now some astounding facts are emerging about the biggest quake to rock the Earth in the past few decades: it lasted longer, spread farther, and triggered the most distant and intense secondary quakes ever recorded. It also shook the Earth all over and our planet is still ringing from the shock. The shock also moved all the surface of the planet by at least a centimetre, though the seismic wave moved so slowly it was not noticed. (Science, vol 308, p 1127).

## EARLIEST LICHEN FOSSILS FOUND

Fungi and algae first teamed up to form lichen 600

million years ago, according to newly discovered fossils from China. This makes them slightly older than the first fossils of complex soft-bodied animals, and far older than land plants. Lichens are the product of a symbiotic relationship between algae, which produce food, and fungi, which provide moisture, nutrients and a protective framework. The fossils come from south China, and were laid down in shallow seawater. (Science, vol 308, p 1017).

## ASPIRIN SHOCK

Far from being a cure-all, daily low doses of aspirin in the over-70's may kill as many people through intestinal bleeding as they save from heart disease. A study modelled the impact of aspirin in a theoretical population of 20,000 men and women aged at least 70 using a new method for combining information from many small trials and population surveys. The results suggest that between 165 and 528 fewer people would die from coronary heart disease if they took low doses of aspirin, but between 86 and 238 more would die from major gastrointestinal bleeds. Overall death rates from the two causes were not significantly different. (British Medical Journal, DOI:10.1136/bmj.38476.471088.3A).

## RECORD DEFORESTATION

The Amazon rainforest is disappearing at the fastest rate for the past 10 years. Figures released by the Brazilian government on 18<sup>th</sup> May showed that 26,130 square kilometres of rainforest - an area larger than Wales - was lost between August 2003 and August 2004.

## WARTS-AND-ALL TRIALS

The International Committee of Medical Journal Editors has warned drug firms that to qualify for publication, clinical trials must in future be registered before they begin. The ruling, effective from 1 July, is meant to stop companies suppressing poor or adverse results. "The public deserves to know about trials that could shape the body of evidence about clinical effectiveness or adverse effects", says a statement from the New England Journal of Medicine (vol352, p 2436).

## FISH ON THE MOVE AS NORTH SEA HOTS UP

Fish in the North Sea are migrating to cooler waters to escape warming seas, based on data of where fish species are in abundance, published over the last 25 years. During that time, the average temperature in the sea between the UK and Scandinavia has risen by 0.6°C. They found that 21 species of 36 had moved; 15 to cooler latitudes and six to cooler depths. On average, centres of abundance have shifted by 173 kilometres. If warming trends continue unchanged, important commercial species such as blue whiting could vanish from the North Sea by 2050.

Hoping you enjoy these stories.

*Maurice Gilson.*

# Values - *Alive and Well!*

**Teaching values in schools is currently a hot topic.**

The Australian Government is keen to ensure that all schools have values as part of their curriculum and school activities. Parents of children in government schools hold the view that in general, values are alive and well in public education. No school is value free, although ACSSO recognizes that all schools should

- Improve what they do
- Find out what values the families in their communities want them to promote

## What are 'values'?

Think about values being like internal 'signposts' that affect the way people feel, think and act. Every signpost has two directions - positive values such as honesty are balanced by a negative one, dishonesty.

## When do children learn about values?

From birth, primarily from parents. Later, parents want their values reinforced by schools

## Actions speak louder than words!

Children are expert in picking the difference between what adults (especially parents and teachers) say and what they do. Developing positive values in children requires adults to be good role models.

## Has your school talked with parents about values?

Research shows that relationships between schools and families could be closer - and many

schools can improve by ensuring that their values are strongly supported by their wider communities.

## Want more information?

ACSSO is dedicating a section of its website to values education. Go to [www.acsso.org.au](http://www.acsso.org.au) to find out about the work of the Australian Government and what is happening in Australia and around the world. ACSSO will also produce regular electronic updates. To subscribe send a request to [projects@acsso.org.au](mailto:projects@acsso.org.au).

## Tell your good news story

### Parents

- Tell us about the person you want your child to be by the time he/she leaves school, or
- Tell us how you would like your school to talk with you about values, or
- Tell us about the things that your school does to make your child like going to school each day.

### Principals and Teachers

- Invite ACSSO to give you a call with a view to publicizing some of the ways that your school teaches values - we can publish your story on our website or in a newsletter.
- Tell us about how you have successfully engaged your community (on values or any other important issues).

### Everyone

- Email us a digital photo of a situation that you think really represents Australian values. We will feature the best on our website.

## Changes to the Licensing System - Have Your Say

A sweeping raft of reforms aimed at saving the lives of our Learner and P-Plate drivers has just been unveiled by the WA Road Safety Council and RoadWise wants to ensure the community has its say on the package.

In all, the Council has made nine recommendations to improve driver-training and licensing which, if accepted by the State Government, will give WA one of the safest systems in the world.

Issues such as night-time driving restrictions for new drivers, carrying "peer-group" passengers in a car and 120 hours of supervised driver training have all been raised by the Council, along with stricter controls on demerit points for novice drivers.

The Road Safety Council states that young inexperienced drivers are hugely over-represented in the road toll, therefore are making these recommendations, not to make life harder, but to keep them safe.

The Council admits that some of the changes may cause inconvenience, however these changes could save the lives of up to 28 people on WA's roads each year.

These proposals will need community feedback and RoadWise wants to help ensure as many Western Australians as possible can contribute to the debate in an informed way.

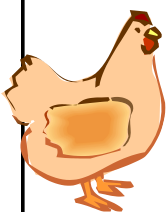

To help with this process, copies of the discussion paper and feedback forms will be available from the Town of Narrogin or one can be posted out to you by contacting your local RoadWise Officer, Nadine Hendry on 9881 5100. These feedback forms are also available at the Lake Grace Telecentre.

To access the information online, or to submit your thoughts online, visit [www.officeofroadsafety.wa.gov.au](http://www.officeofroadsafety.wa.gov.au). More information on the Road Safety Council's novice driver proposals is also available by calling the InfoLine on 9216 8769.

or 9865 1339

## Why is the Road Safety Council proposing to change the current system?

- \* Novice drivers, including young drivers and all other new drivers, face a very high crash risk especially during the first 12 months of driving on a Provisional licence (otherwise known as 'P' plate).
- \* In 2003, 30 per cent of drivers killed on the road were aged between 17 and 24 years, despite making up only 14 per cent of the licence holders.
- \* 17 to 18 year olds have a crash rate up to 5 times higher than those over 19 years.

### The 9 recommendations:

#### **1. To increase the minimum number of supervised driving hours from 25 to 120 over a longer period.**

*Why:* The minimum driving experience needed to reduce crash risk when first licensed is 120 hours. In other states, logbooks generally report between 80-150 hours of supervised driving experience. In WA the current minimum is 25 hours.

#### **2. To specify a minimum of 6 months for the Learner Phase 2 Period.**

*Why:* Research shows that once a learner driver reaches the minimum licensing age (17yrs) there is little incentive to stay on 'L' Plates and gain more experience. By increasing the time, it will enable a learner to have more experience in a range of driving conditions.

#### **3. To increase the maximum time a learner can stay on their Learner's permit to 3 years.**

*Why:* Novice drivers need to be encouraged to spend longer as supervised drivers to gain necessary experience. Currently, there is a limit of 12 months to stay on a learner's permit before the learner is required to resit the theory test.

#### **4. To extend the Provisional (P Plate) licence period from 2 years to 3.**

*Why:* The greatest reductions in road crashes involving young drivers occur when restrictions are imposed during the first two years. For example, the lower the Blood Alcohol Content (BAC) limit, the higher reduction of death and injury

#### **5. To tighten the requirements for supervising drivers, especially in relation to Blood Alcohol Content (BAC) limit.**

*Why:* Setting minimum requirements for supervisors reduces the crash risk for novice drivers.

#### **6. To introduce night time driving restrictions for 'P' Plate drivers in the first 6 months.**

*Why:* Night driving is the greatest risk for drivers under 26 years, with more than twice as many people killed between midnight and 6am on weekends as in other periods. Restrictions on P

-Plate night driving may reduce crashes by up to 60 percent during the specified period. In North America and New Zealand this strategy has been very effective where restricted hours may vary between 9pm to 6am to the most common restricted hours, midnight to 5am.

#### **7. To limit the number of "peer group" passengers for 'P' Plate drivers in the first 6 months.**

*Why:* The increased risk of a crash for novice drivers carrying peer group passengers is well documented. In the USA, it has been shown that young drivers lower their risk of crashing when carrying adults and/or child passengers, but increase crash risk when carrying passengers of a similar age to themselves. This is because of distractions to the driver and encouragement to take risks (for example, excessive speed or racing other vehicles).

#### **8. To introduce a zero blood alcohol concentration for both 'L' Plate and 'P' Plate drivers.**

*Why:* Alcohol and driving don't mix at any age group. In WA, more than 10% of P Plate drivers who crash have a Blood Alcohol Concentration (BAC) above the 0.002% currently allowed, and a greater proportion have crashes at lower BAC levels. A zero BAC level will bring WA into line with all other states except the ACT.

#### **9. To introduce a graduated demerit point system for novice drivers and issue warning letters for unsafe driving practices.**

*Why:* International and Australian studies have found that taking away licences, imposing demerit points and sending warning letters all reduce crashes. Drivers are more likely to comply with road laws when penalties are high enough to act as a deterrent and when they believe they will be caught if they offend. The Road Safety council fully supports a change so that, in the first year on a Provisional licence, a novice will lose their licence if they accumulate 4 demerit points. In the second year they would lose their licence after accumulating 8 points, and on the third year they will have the standard 12 points.

# Hot Glue + Cardboard = ART

What art you can make with a hot glue and a cardboard. Local artists learned a whole host of skills in a fabulous cardboard construction workshop with West Australian sculptor Susan Flavell on June 4<sup>th</sup> and 5<sup>th</sup>.

Versatile and inexpensive, the cardboard construction method is relatively quick, and easy to change as the work progresses. Armed with just a Stanley knife, hot glue gun and sheets of cardboard, we made chairs, animals and abstract forms inspired by nature and microscopic creatures.

Ms Flavell gave a slide presentation of her artworks on Saturday night. Her sculptures, made from a wide variety of materials – bronze and plaster to paper and cardboard, can be seen in galleries and public art projects throughout Western Australia.

The workshop, the first of three for this year, is part of the Lake Grace Artists' Group annual program funded by Country Arts WA. Other workshops include painting and collage (July 30) and metal artwork (welding, forging and tool-making) in September.

## Why Safety in Schools Week is Important

WA Country Health Service  
Government of Western Australia  
Wheatbelt region

More children die from injury, than die from cancer, asthma and infectious disease combined.

Safety in Schools Week 2005 is encouraging students to be aware of hazards that may result in slips, trips and falls while staying active therefore, 'Be Active, Think Safety & Stay Healthy'.

Schools are the second most frequent site of child injury after the home.

"During the 2000/2001 financial year, there were 464 admissions to hospital of children injured at school. The majority of injuries occurred in the school playground as a result of a fall whilst children were playing." Tracey Browning, Acting Injury Prevention Coordinator said.

She went on to say that over 1400 children from the Wheatbelt region, aged 5-14 years, were admitted to hospital between 1996-2000 because of an injury.

"If the Western Australian community is going to achieve a sustainable reduction in childhood injury, a whole school approach is required. This should include school curriculum, parental, and community involvement, environmental modification and

supporting policies and legislation."

The Wheatbelt region is promoting the 'Be Active, Think Safety & Stay Healthy' message during Safety in Schools week (13-17 June) by hosting a regional colouring in competition and distributing school safety audits to all primary schools across the region.

Safety in Schools Week is a joint initiative of the Department of Health, Department of Education and Training, Department of Consumer and Employment Protection (Worksafe Division) and Kidsafe WA.

For further information please contact Tracey Browning, Acting Injury Prevention Coordinator, on 9881 0385.

Welcome to Night Watch for the fortnight from midnight, Friday 17<sup>th</sup> June, to midnight, Friday 1<sup>st</sup> July. Remember Astronomy is looking up and never look directly at the Sun without proper equipment.

On Tuesday 21<sup>st</sup> June at 3pm, the Winter Solstice will occur, with the Sun being on the tropic of Cancer. This also makes this the shortest day of the Year at 10 hours and 13 minutes at latitude 30° south.

On Sunday 26<sup>th</sup> June in the western evening sky, the three planets Mercury, Venus and Saturn will be very close together, within 1.4° of each other, in Gemini, setting around 6:50pm.

Our local star, the Sun, resides in Taurus until Wednesday 22<sup>nd</sup> when it will have moved into Gemini.

The Moon, on June 21<sup>st</sup>, will be 0.7° (about a small finger at arms length), of the red supergiant star, Alpha Scorpii (Antares), the heart of the Scorpion. The full Moon will occur at 12:04pm on Wednesday 22<sup>nd</sup> in Ophiuchus at magnitude -12.0. On Thursday 23<sup>rd</sup> at 8pm, the Moon will be at perigee (closest to earth), at 359,694kms. The last quarter Moon, will occur at 2:13am on Wednesday 29<sup>th</sup> at magnitude -6.0 in Pisces. The Moon will be in Virgo on 18<sup>th</sup>, Libra on 19<sup>th</sup> and 20<sup>th</sup>, Scorpius on 21<sup>st</sup>, Ophiuchus on 22<sup>nd</sup>, 23<sup>rd</sup> and 24<sup>th</sup>, Capricornus on 25<sup>th</sup> and 26<sup>th</sup>, Aquarius on 27<sup>th</sup> and 28<sup>th</sup>, Pisces on 29<sup>th</sup> and 30<sup>th</sup> and Aries on 1<sup>st</sup> July, as it rises in the afternoon sky to the evening sky, and then the morning sky.

Mercury, in Gemini at magnitude -1.3, sets on Saturday evening at 6:39pm. On Friday 24<sup>th</sup>, Mercury will be south of the bright star Pollux and also Venus, setting at 6:44pm. Mercury, on Sunday 26<sup>th</sup> will be very close to Venus and Saturn, in conjunction with the three planets in a 5° circle, setting around 6:52pm. ON Friday, 1<sup>st</sup> July, Mercury sets in Cancer at 7:07pm at magnitude 0.0.

Venus, in Gemini at magnitude -3.7, sets on Saturday evening at 6:39pm. On Sunday, 26<sup>th</sup> June, Venus will be close to Mercury, Saturn and the bright star Pollux. Venus sets on Friday, 1<sup>st</sup> July, in Cancer at 7:03pm at magnitude -4.0 and is still close to Mercury.

The red planet, Mars, in Pisces rises at 12:36am Saturday morning at magnitude 0.0. On Wednesday 22<sup>nd</sup> Mars will have moved into the constellation of Cetus (the whale or sea monster). Mars, on Wednesday 29<sup>th</sup> will be 2° south of the Moon (two fingers at arms length), and rises at 12:28am.

Jupiter, the giant gas planet, sets at 1:07am in Virgo at magnitude -2.2 on Saturday morning and at 12:19am on Friday 1<sup>st</sup> July and is still high in the evening sky.

The ringed planet, Saturn, sets in Gemini at 7:21pm on Saturday at magnitude +0.2. On Sunday 26<sup>th</sup>, Saturn will be in a circle with Mercury, Venus and the bright star Pollux. Saturn sets on Friday 1<sup>st</sup> July at 6:37pm at magnitude +0.2 in Cancer.

Uranus, the blue/green coloured planet in Aquarius, rises on Saturday at 10:46pm, shines at magnitude +5.7 and will be 3° north of the Moon on Monday 27<sup>th</sup>. On Friday, 1<sup>st</sup> July. Uranus rises at 9:54pm.

Neptune, the grey/green coloured planet in Capricornus, rises at 8:55pm at magnitude +7.8, and will be 5° north of the Moon on Saturday 25<sup>th</sup> (three fingers at arms length). ON Friday 1<sup>st</sup> July Neptune rises at 8:03pm.

The small distant planet Pluto, in the Constellation of Serpens Caput, is in the sky all night. Pluto is around 4,482,000,000 kms away and the light takes 250 minutes or 4hrs 16minutes to reach us.

On Tuesday, 17<sup>th</sup> May, we had a very nice circle around the Moon. This was caused by the moonlight shining through thin CH1 Cirrus cloud and ice crystals, as the humidity was 90 per cent,. If you had covered the moon with your hand you could have seen the clouds. Haloes can be coloured or white and if there is dust around they can be reddish/brown. White haloes are caused by light through ice crystals and reflection and slightly coloured through refraction with the red colour nearest the sun or moon. The colours can be repeated a few times and gradually get fainter

# Public Comment Sought on Working Hours

Concern about the safety and health risks from the long hours being worked by some WA workers has led to the development and release of a draft Code of Practice for public comment.

The State Government completed a review of extended working hours in May 2004, and Consumer and Employment Protection Minister John Kobelke then asked the Commission for Occupational Safety and Health to develop the Code of Practice.

The Commission formed a tripartite working party consisting of employer and union representatives and experts in the field, chaired by WorkSafe WA Commissioner Nina Lyhne, to develop the Code of Practice.

In announcing the period of public comment, Commission Chair Tony Cooke said today that there were many issues to consider in refining and finalising the Working Hours Code of Practice.

"One of the issues workplaces must consider is maintaining safety standards and preventing incidents arising from fatigue," Mr Cooke said.

"As with other safety and health issues in the workplace, any safety and health risks arising from shift or roster arrangements and long working days

must be addressed."

The draft Code of Practice suggests ways to reduce risks at workplaces such as identifying tasks and operations in which fatigue may be an issue, and reviewing schedules to avoid worker fatigue.

The public comment period is an open invitation to anyone to submit comment on any aspect of the Code of Practice. The closing date for submissions is September 16.

Copies of the draft Code of Practice are available by telephoning WorkSafe on 9327 8626 or on the website at [www.safetyline.wa.gov.au](http://www.safetyline.wa.gov.au).

"Preventing incidents and risks arising from extended working hours is important to the safety and health of workers in this State, and I encourage all interested parties to make a submission," Mr Cooke said.

"I can assure anyone who does make comments that they will be fully considered, and that they will be making a valuable contribution to improving a situation that is of increasing concern in WA."

Media contact: Caroline De Vaney 9327 8744 or 0408 927563 (media enquiries only).

## Lake Grace Playgroup

Thursday mornings (excluding school holidays)  
9.30am—11.30am

## **The God of Unconditional Love: Here, Now and in the Life to Come**

**GUEST PRESENTER:  
DR MICHAEL JACKSON**

**JUNE 24, 2005**

FRIDAY  
7PM-9.30PM  
MARIA REGINA  
CHURCH  
LAKE GRACE

*Please bring a plate  
for a shared supper.*

**JUNE 25, 2005**

SATURDAY  
10AM-12.30PM  
ST PETER  
THE FISHERMAN  
CHURCH  
HOPETOUN

*Please bring a plate  
for a shared lunch.*

Sessions will include the following topics:

- ✦ The Christian life and images of God.
- ✦ Can we, following Jesus, dare to believe in a God of unconditional love?
- ✦ What would it mean for us to believe in such a God?  
What prevents me from accepting God's unconditional love for me?
- ✦ The God of unconditional love, the God of our future.  
Revisioning death, judgment and the life to come.

### End of Financial year Offer - June 2005

Whitford Fertilisers are providing two payment options for those farmers wishing to take advantage of our offer.  
 See your accountant or financial advisor for any questions regarding the taxation implications of this offer.

**Tonnage is strictly limited.**

#### Option 1:

- \* Full payment by 28 June 2005.
- \* Must nominate the month of collection.
- \* Product not collected in the nominated month will incur a storage and handling charge of \$3.00/t per week or part thereof.
- \* Once full payment is received a tax invoice will be provided clearly stating price and collection month.

#### Option 2:

- \* Add \$20/tonne plus GST to all products.
- \* 10% part payment by 28th June 2005.
- \* Balance due before collection.
- \* Must nominate the month of collection.
- \* Product not collected in the nominated month will incur a storage and handling charge of \$3.00/t per week or part thereof.
- \* Once the 10% part payment is received a tax invoice for the full amount will be provided clearly stating price and collection month.

Copies of the 'Alcohol and Other Drugs Policy' is available upon request.

**For an interview appointment and application form please phone the Lake Grace District Office on 9865 1106 during business hours.**

## PARENTS IN JUNIOR SPORT

Sport and games for children are an opportunity to learn skills that can help them achieve a lifetime of healthy, physical activity. They are also an opportunity for recreation, relaxation and an opportunity to gain confidence in many areas of social development.

In the wrong environment, sport can create more damage than good to your child's development.

Every parent has the right to be proud of their child's involvement in junior sport. Unfortunately, the proud parent can become the pushy parent when they lose sight of the reasons their child is participating. This undesirable occurrence is commonly referred to as the 'ugly parent syndrome'.

Here are some telltale signs that the line between proud and pushy has been crossed.

### Pushy parent checklist

- ★ Do the activities appeal more to you than the kids?
- ★ Is it a battle getting your child to activities?
- ★ Do you see the activities as fun, or is it all serious?
- ★ Do you get angry if the kids aren't trying hard?
- ★ Do you like the reflected glory when your kids do well?

It's a sad fact that pushy parents often end up with

burnt-out kids. This denies children the opportunity to grow and develop through sport.

### Tips to help your kids play clean and be good team members.

#### Make sure you do:

- ★ Show that you have faith in them
- ★ Take an interest in their interests
- ★ Take a continuing interest in the club and do not use it as a babysitting service
- ★ Let them find their feet without propping them up
- ★ Make sure the kids are not new tools to service old dreams
- ★ Above all, if you're getting too worked up, find out why it is so important to you

#### Make sure you do not:

- ★ Interfere with the coach
- ★ Yell out instructions from the sidelines
- ★ Be critical of any player's performance
- ★ Offer financial reward for your child's performance. The reward should be in the activity itself.

**Remember: a good sport should shake hands at the end of the game – and that's not possible with a clenched fist!**

## Lake Grace v Kukerin

04/06/05

### C Grade 2-0 Kukerin

Coach's Award: Sheridan Fyfe

Steady rain did not make for good fun. The kids all loved it - try and keep them out of the rain! It was just me! Despite the weather, the team played well. Dedicated effort from the forward line saw movement into our forward half on many occasions, which was stopped by Kukerin's full backs and goalie. Great defence by our own half backs and full backs kept Kukerin's score to two. A more than reasonable result in trying conditions.

### B Grade 2-0 Kukerin

Coach's Awards: 2. Danielle Robertson  
1. Caryn Kirk

Welcome back to B grade to me. It was a great game this week. Kukerin has not lost a game so far this season, so we knew it was going to be tough going. Concentrated defence from the full and half backs kept damage to a minimum with the forward line having many chances to get the ball into our half. A great effort on a miserable day.

### A Grade 6-1 Kukerin

Coach's Awards: 2. Jodi Pearce  
1. Marie Nolan  
Goal Scorer: Michelle Cameron

It didn't rain.

## Lake Grace v Corrigin

11/06/05

### Junior Boys 1-1

Goal scorer: Benn Tomkins

A tough game with Lake Grace playing strongly for the whole game. Some great shots off short corners with a couple of regrettable near - misses but, thankfully, Benn managed to score for us in the first half. An unfortunate incident in the second half saw a Corrigin player receive a green (warning) card for unsportsmanlike behaviour, which seemed to rattle their team for the rest of the game. Lake Grace managed to keep the score to one all and come away with the draw.

### C Grade 1-0 Lake Grace

Coach's Award: Rebecca Reeves  
Goal Scorers: John Curtin

Missing a couple of players this week, so thank you to John Curtin and Brody Cameron for filling in

for us. The C Grade again played well as a team and their enthusiasm paid off this week. We actually got Tayla out of full back this week but it didn't last long. We'll try that again next week. Gracie is doing a great job in goals so we might keep her there for another week. The newer players are all improving out of sight. They are concentrating much better on the play and consequently, there is less stress on me, praying they don't get hit in the back of the head when they're not looking! Congratulations to Sheridan Fyfe on playing her 50th game for Lake Grace.

### B Grade 3-1 Corrigin

Coach's awards: 2. Karen Abrahall  
1. Lisa Chapman  
Goal Scorer: Lisa Chapman

Well Amanda thought it was pretty exciting when we got a goal, see photo. We fell in a bit of a hole in the last fifteen minutes and Corrigin managed to get in another two goals to seal their win. Good to see Helen Bennett out for a gallop. She didn't get a goal this week. Lisa did though. First goal for her. Well done! We expect to see that again next week.

### A Grade 2-0 Lake Grace

Coach's Awards: 2. Fiona Chatfield  
1. Jackie McGlinn  
Goal Scorers: Fiona Chatfield  
Jodi Pearce

It did rain this week, maybe that helps! In such freezing conditions I'm surprised anyone could feel their stick let alone do anything useful with it. Great team play kept the ball in our forward half for the majority of the game, with plenty of scoring opportunities paying off for Jodi and Fee. Amanda saved a sure goal by throwing herself on the ball, although she gave away a penalty stroke (after much deliberation by the umpires) in the process - we know she can stop them, so no drama there. That's two weeks in a row. Great defence from the half and full backs and magnificent team work from the forwards made this a excellent game to watch.

**AGAIN - We are still waiting for some people to pay their Subs.** It is very important that all players pay their subs. You are not covered by the Club's insurance if you are not a financial member.

**HAWAIIAN FANCY DRESS DINNER** - We have received confirmation from the Sportsman's Club and the dinner is officially going ahead on 30th

# LAKE GRACE HOCKEY CLUB CONT...

July. Tickets are still on sale and are now available only through Lake Grace Health and Beauty.

**C GRADE PLANT RAFFLE** - 04/06/05 was won by Jodie Ditchburn from Kukerin and on 11/06/05 by Karen Abrahall. Thanks to the C grade kids (and sometimes Mums) for selling the tickets. Despite the rain and freezing conditions we are still having successful raffles. On roster for the next home game against Hyden/Karlgarin, on 18th June, are Suzanne and Coralie.

**THANK YOU** to our sponsors; The Lake Grace Sportsman's Club, Sab's Fish & Chips, Walker's Wines, Across the Lake Wines, NeuTech Auto Electrics and ConsultAg. Your generosity and support are much appreciated. Thank you also to the Mums and Dad who cooked the sausage sizzle when we played Kukerin. Don't forget the sausage sizzle is on every home game, so bring your two bucks and forget the esky.

**CHOCOLATES** We are currently fundraising to help Pauline Taylor (life member of our club) on her upcoming ride for breast cancer. Money is due back now if you haven't already handed it in. Don't forget the Country and Western night on the

5th August for the same cause.

**COUNTRY WEEK** Next country week training is on 26th June in Corrigin for the number one and two sides and the Vets train/talk tactics at various watering holes every Saturday night!

**GREAT SOUTHERN HOCKEY CARNIVAL** This year the carnival is being held in Mount Barker on the weekend of the 9th July and as Roe Districts are not sending a team, Lake Grace will be fielding a side. Nomination has been sent so it's too late to pull out now. Good luck to all competitors.

**DID YOU KNOW?** Hockey in Lake Grace started in 1931. Next year marks our 75th anniversary. Any information on the early years of the Lake Grace Hockey Club is appreciated and will be included in a club history we are currently trying to put together. Contact Anna Taylor, Amanda Milton or myself for further details.

Lake Grace Hockey club is a Healthway sponsored club and we support the Healthway message of a healthy lifestyle. All areas under the control of the Hockey Club are Smoke Free.

*Danielle Robertson*

➤ Jodi Pearce ready for action

➤ B Grade coach, Amanda Milton getting all carried away with the excitement.

➤ Club President Belinda Bowron presenting Sheridan Fyfe with her 50 game medallion and certificate after the game against Corrigin on 11/06/05.

Christine Fyfe, Deb Stuart, Wendy Abrahall, Vanessa Ward and B Grade Captain Caryn Kirk defending a penalty corner.

# LAKE GRACE GOLF CLUB NOTES

The Foundation Day weekend was the Dixon/Walker day, a 4 ball aggregate stableford. Thank you to Ned Dixon and Bill Walker for their support. This is Ned's last year of sponsorship so if anyone would like to step forward and take over part sponsorship of this event feel free to contact the Golf Club.

Winners on the day were Murray Stanton and Kevin Eggers with 77 points. Hope you're enjoying the chops! Runners-up were Andy Young and Stephanie Lay with 71 points.

Some good individual scores were Chad Stanton and Steve Eaglestone with 40 points each.

Nearest the pins were Steve Crook (no.4), Michelle Lay (no.6), Craig Reeves (no.15) and Milton Reynolds (no.18). The longest drive on number 16 went to Andy Young.

In contrast to the weather the previous weekend, Sunday 12<sup>th</sup> June saw determined golfers turn out in arctic-like conditions. Needless to say the scores reflected this. United Farmers hosted the stroke round. Thankyou to Bomb and Rachel Pelham for their support.

Winner of the monthly mug was Rex Walker (95/24/71) who played steady (but boring) golf - just banging them down the middle of the fairway - much to the disgust of those playing alongside, who felt they played more 'interesting' golf, getting more for their money. The runner-up was Steve Hunt with 88/16/72. Gross winner was Andy Young with 84/9/75.

The birdy hole has jackpotted yet again.

Nearest the pins were Greg Pinney (no.4), Andy Young (no.6), Paul Morton (no.15) and Grant

Marshall (no.18). Great to see our newer guns taking out the novelties.

This weekend, Saturday 18<sup>th</sup> June, is Turkey Day which is sponsored by Peter and Lyn Taylor. Since Peter and Lyn are overseas Bevan will be representing the family, could be why he's been out getting a bit of practise. Please remember names in by 11:45 for a midday hit off.

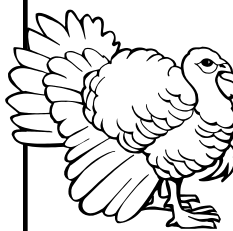

It's a steak tea, so could everybody please bring a salad.

The following weekend, Sunday 26<sup>th</sup>, is a club day.

*Craig Reeves*

## Feel Like Turkey??

**Be in it to win it!**  
**Come out and play Turkey**  
**Day at the Lake Grace Golf**  
**Club on**  
**Saturday 18th**  
**June**

If you don't play like one there's a fair chance you could win one!

## Coming Up.... Lake Grace Men's and Ladies Open Day

Saturday 16th July 2005

4 ball aggregate stableford

Hit off at 12.00 noon Light lunch from 11.15

\$20 per player - *Meals included*

# JUNIOR GOLF NOTES

After the long weekend break a small field of Juniors braved the elements in what could only be described as our first real taste of winter and what's to come in the weeks ahead.

Rebecca Reeves continues to impress us with her consistency and clean hitting and was a clear winner on the day.

All the best to our contingent of Juniors who will be attending

the Quairading Camp this weekend. A great learning and fun filled couple of days are assured.

Also coming up is the T.I.D Clinic at Lake Grace and forms are now available at the Lake Grace Golf Club, Telecentre and Farmers Centre for this popular two day event.

For everyone not going away Junior Golf is on at the usual place, usual time this Sunday - see you there.

*Gary Frost*

# LAKE GRACE/PINGRUP NETBALL NEWS

We still require more netball players. If you are interested please come to training on Wednesday nights at 6:30 pm.

**Round 7 Boxwood Hills** – No games played, make up game on the 3<sup>rd</sup> July

## Round 8 Nyabing

It was a day when no one really wanted to put their skirts on and play due to the freezing cold weather. The B Graders braved the weather and got the game under away. With a couple of fill-in's the team had to get used to playing with each other, while Nyabing had a very strong and undefeated team. At the first quarter break the girls were down, but this didn't stop them. They kept trying but the Nyabing team just seemed to storm ahead even more. After a very cold four quarters the girls were glad the game was over and congratulated

the Nyabing girls on their win. Thanks go to Krystal and Misha for filling in on the weekend.

The A Grade girls went out looking for a good win over the Nyabing team. With some new tactics and Kath stepping up to A Grade, the girls were ready to go. The first quarter saw the girls get a good lead of 7 goals and it kept going. Using the new plays we had learnt at training, the team had the game under control. Going into the 4th quarter with a good lead the team had a switch around for some fun which saw the defence girls take control of the centre court. It was a very good fun game of netball and the girls managed to get another win under their belt.

Thanks to Helen McWhirter for umpiring our games. It is very much appreciated by all the girls.

Annie Kuchling
