ABCDE - *What's Next?*

Under the watchful eye of Year 3 student Melanie Naisbitt, Dr Murray Lake studies the Big Book that was put together by the Year 1, 2 and 3 classes.

Class representatives from Lake Grace District High School presented their works in progress at the ABCDE Reference Group meeting in the Shire chambers on Tuesday 8th June.

The fabulous display in varying formats, centred around what Lake Grace has to offer – focusing on the positive aspects of living in Lake Grace.

Rather than getting fixated on the remoteness of Lake Grace, year 9 and 10 students turned this ideology on its head by stating that Lake Grace has clean air, a low crime rate and is at miniscule risk of being a target of terrorism.

Year 1, 2 and 3 students, with teachers Mrs Sebastyn and Mrs Blackwood, canvassed the businesses on the main street of Lake Grace, seeing what each had to offer the residents of their town. From this, students asked pertinent questions; Who owns the business? How many workers do you have? Do you live here? *All the things we wanted to know but were too afraid to ask.* From this information, the students created a 'Big Book', illustrated with photos of themselves with proprietors/staff of the selected business that they interviewed. The participation of these businesses was appreciated and the line of questioning from the children was refreshing.

EDITORIAL

- [1] We now have two digital camera courses on the go, one for Friday 25th June - which is booked out - and one for Wednesday 7th July. If I HAVE NOT rung you confirming your place on either of these courses could you please ring me as soon as possible. These are 5 hour courses, starting at 10:00am. It will cost \$50 per head and you will be required to bring in your camera (fully charged), cords, manual and software - in other words bring in everything that you received when you purchased the camera. The course will focus on taking quality photos and will then branch into downloading, storing, enhancing and printing.
- [1] I will be doing another print run of the local phone book next week, so if you know of any changes, deletions or inclusions that need to be done please fax through the details or give me a ring.
- [1] **MONEY, MONEY, MONEY.** Once again the Narrogin BEC have training vouchers available, these must be applied for BEFORE training is undertaken, they are not retrospective. The first \$100 is fully funded, the second \$100 must be matched \$ for \$ by the participant. Participant pays for training and is then reimbursed. Strictly one voucher per ABN. Forms are available from the Telecentre or you can ring Lisa Shields on 9881 4908. *I haven't yet had any takers on these vouchers that are being offered.*
- [1] The Telecentre is organising an opportunity for anyone to talk to a consultant from the ATO about GST and non-profit Community Organisations. This is an opportunity to discuss grants and GST (whether or not to include in your application), contracting staff/tradespeople/artisans, what to do if contractors aren't registered for GST...and the list goes on! If any individuals or business people would like to discuss anything related to taxation please contact the Lake Grace Telecentre so we can register your interest. No date has yet been set.

LETTERS TO THE EDITOR

Dear Editor,

I read with interest your article of the 3rd June 2004 (Vol 10 Issue 9) with regards to the sale of our Lake Grace Branch.

I thought it important to write and reassure our customers in Lake Grace that we at Westpac are deeply committed to Regional Australia. I wish to clarify that whilst we are selling our premises in Lake Grace we are committed to maintaining face to face banking via our Branch, as well as maintaining our Relationship Manager in Lake Grace. We will facilitate this by leasing back the premises as part of the property sale conditions.

I trust this clarifies any concerns that anyone in the community may have about Westpac's future in the Lake Grace community and we at Westpac look forward to continuing our long standing relationship with the Lake Grace Community.

Kind Regards

Jay Watson
Regional Executive
Regional Banking Western Australia

YOUTH ADVISORY COMMITTEE

Last Friday night the activity was Spotlight on the town oval, it was a very enjoyable evening with the rain holding off until it was time to go home. Thanks to Debby Clarke and Christine Fyfe for supervising for the evening.

Friday the 25th of June the activity is soccer and will be played on the town oval (weather permitting). We are looking for supervisors for this activity as well as for Wednesday afternoons, please phone me on 98654041.

Any subs that are still outstanding are now due and are \$10 per family. The supervisor for Wednesday the 23rd of June is Jill Duckworth.

We are also in need of a Treasurer. Paula Carruthers has filled this position for the last 5 years or more and no longer has children residing in Lake Grace. Should you need more information can you please phone Paula Carruthers.

Debby Clarke

GARDEN CLUB

Hello again. As promised there will be a Garden Club gathering at:

Where: CWA Hall
When: Wednesday 23rd June at 10:00am
Subject: Watching an inspiring garden video

There will be a short talk on new release plants available in Spring.

Garden Club is open to everyone where we all have an interest in common. We can share hints and ideas.

So if you have some time to spare come along and be inspired. Any inquiries phone Julie Bushby on 9865 3017

ABOUT TOWN

- 👂 Congratulations go to Jim and Meaghan Cunnington on the safe arrival of Thomas James on June 14th. According to Dad Thomas weighed in at '6lb something'.
- 👂 Sharon (nee Oliver) and Brad Gaffney welcomed a baby girl, Keana Jade on May 28th. Keana weighed 6lb 12ozs.
- 👂 Condolences are extended to the John, Faye, Clem and their families on the passing of their loved one – Jack Bennett.
- 👂 It's great to see the 'Town Clock' ticking *and illuminated* – well done Jill Duckworth, your perseverance has paid off.
- 👂 Seems that Jackson had a bit of mower trouble up at the ovals this week, should be interesting watching this weekend's sport.
- 👂 Welcome back to town after their long drive, Andy, Karen, Nathan and Timothy Young.
- 👂 Margaret Cole a counselor from Southern Ag Care will be here every second Thursday and Friday, replacing Helen Byles-Drage, who is taking study leave.

More Work Needed on Land Clearance Regulations

When conservation groups and farmers agree that new land clearing regulations are flawed the State Government would be advised to listen, not plough ahead regardless, Greens MLC Dr Chrissy Sharp warned.

The regulations are all but unworkable and fail to rein in the biggest land clearers, developers and road builders.

Dr Sharp says that legal clearing for agriculture over the past four years has only accounted for about 11% of the total land cleared in WA.

"The Greens (WA) are bringing together various groups with views on the issue to present a case for review of the proposals.

"To proceed with regulations that will be unpopular, difficult to enforce and confusing for landowners, smacks of stubbornness, not good government."

Dr Sharp points out that since 1999, only 1003ha of land has been allowed to be cleared by farmers, in contrast to 5134ha for land development for urban sub-divisions, industry and new roads or road-widening.

Dr Sharp says that even if the estimates for illegal

clearing by farmers are included, the figures for agricultural clearing are still much lower than clearing for housing, roads and industry (approx 4003ha compared to 5134ha – or 44% of the total).

"I am appalled that the new clearing permits provide exemptions for urban development and massive loopholes for road-widening and new roads, etc. We are clamping down on the farmer, but letting the biggest land clearers off the hook. In particular, the WA Planning Commission, the Main Roads Department and Land Corp are destroying thousands of acres of precious bush such as the Tuart forest."

"When will the Government reign in the real culprits?"

Dr Sharp says that compared to fifteen years ago when thousands of hectares were cleared for farming every year, nowadays clearing for agriculture is at a very low level.

"Even if the stiff penalties in the Environmental Protection Bill deter illegal agricultural clearing, the controls will still not prevent the majority of clearing in WA."

Baking With Pamela

In this edition I have included two recipes for those cold winter nights. Both freeze extremely well after cooking. Over the years one collects many recipes from fellow staff members and I was always on the lookout for meals, which could be produced either quickly and/or easily. Try these, I am sure you'll enjoy them.

Peanut Chicken

This is a recipe, which was given to me by Phil our Manual Arts teacher many years ago and it has become a firm favourite with all our family. I could always get one of the girls to make it when we were running late after sport training. Oh! That does seem such a long time ago now.

- 1 onion (finely chopped)
- 1 teaspoon butter
- 1 teaspoon crushed garlic
- 4 chicken breasts (cut into strips)
- 1/2 cup stock

Combine all the above in a bowl and microwave on High for 3-5 minutes.

Then add:

- 1/4 cup peanut paste
- 1/4 cup honey
- 1 teaspoon curry powder
- 2 teaspoons mustard powder
- pinch cardamom
- dash Tabasco
- 1 teaspoon chilli powder (optional)

Microwave for 6 minutes, stir then microwave for a further 6 minutes.

Serve with rice. I usually add some slithers of broccoli and carrot for the last six minutes. OR stir fry some vegetables as a side dish.

Lamb Tangine

I have used this spice mixture with beef. It is still yummy, but not as great as the lamb. If you are working away from home as I was then try mixing the spices the night before in a bowl and adding the meat as you leave for work in the morning, the extra time doesn't spoil the meat.

- 2 teaspoons paprika
- 2 teaspoons coriander
- 2 teaspoons cumin
- 1 1/2 teaspoons ginger
- 1 teaspoon chilli
- 1 teaspoon cinnamon
- 1 teaspoon white pepper
- 1/2 teaspoon cardamom
- 1/2 teaspoon allspice
- 2 teaspoons salt
- 2 tablespoons olive oil
- grated rind and juice of 2 lemons (put aside 1/2 the juice to be added later)
- 1.2kg diced lamb

Combine all the spices in a bowl, add lamb, cover bowl and refrigerate for 3 hours.

- 1 cup chicken stock
- 3/4 cup dried apricots (chopped)
- 1/2 cup raisins

- 1 cup thick Greek style yoghurt
- 1/2 cup pistachios
- couscous to serve (guess rice could be a replacement here)

Preheat oven to 180C. Put lamb, stock and other half of fruit into a casserole with a tight fitting lid. Cook for 1 hour.

Stir in fruit and cook for a further 40 minutes.

Serve with a dollop of yoghurt. Sprinkle pistachios on top and a serve of couscous on the side.

(serves 4-6)

ABCDE - What's Next? (cont.)

Students were then available for questions from the reference group.

Students from years 4, 5 and 6 were in charge of construction of the three dimensional model. Design and Technology teacher, Mr Barry Lane, constructed the baseboard then drew a plan of Stubbs street on the board. Students will construct three-dimensional models of the varying businesses, taking guidance from the many sketches they have made. Miss Scarterfield, year 4/5 teacher, explained that although businesses will be constructed and identified individually, each block of residential areas would be represented by a single constructed foam block - the perfect solution - as this would keep the focus on business and service provision, rather than everyone trying to work out where they live.

Year seven students had the task of identifying the organizations and groups within the community. Although not an 'exciting' undertaking, it was revealing to the students just how much voluntary time goes into the community of Lake Grace. A twelve year old would be fully aware of the existence of the football club and Youth Station, but could be blissfully unaware of the craft group that meets on alternate Saturday's or the Rare Flora group that identifies and tracks the existence of flora within our surrounds. Truth be told, many

adults would be unaware of the number of facilities and services that their town has to offer.

High School students had the added task of asking parents of students enrolled in the Lake Grace District High School to complete a questionnaire. The questionnaire asked what skills each person had to offer, whether those skills were accredited and whether they would like to share them with others. Sharing could mean informal lessons with other community members, aiding/running formal classes or simply helping one on one with that 'crucial step while felt making'.

The ABCDE project has been a learning curve in 'thinking outside the square'. While this can come naturally at unexpected moments of brilliance we all find the prospect of 'unmapped thinking' daunting.

The reference group is looking forward to stage two of the ABCDE project, which is when YOU as a community member get involved. Everyone is welcome to attend the public meeting that will be held in the Shire chambers on Tuesday 22nd June at 11:00 am. School children will be presenting their findings in 'Big Book', Power Point and oral format.

TOWNSITE BULK RUBBISH COLLECTIONS

WEDNESDAY 30 JUNE 2004

LAKE GRACE 7.30am-10am

NEWDEGATE 1pm-3pm

Items for collection should be placed on the road verge and should be stacked in a manner that does not obstruct traffic or footpaths and does not allow the wind to carry any loose material.

No domestic rubbish or waste should be included.

All items for removal must be capable of being lifted by two men into the collection vehicle.

ATTENTION INTERNET USERS

in the Lake Grace Townsite

Interested in faster internet speeds through Telstra's ADSL Broadband Rollout?

Check your mailbox this week to register your interest or call Mark at the Shire on 9865 1105 and put your name in.

AGRICULTURAL AREA (AA) DAM RATIONALISATION PROJECT

Having Your Say!

Thanking those 72 people who have replied to the survey and advising that the closing date for comment will be Monday 2 July 2004.

If you have misplaced your survey and wish to respond please call Jeanette on 9865 1105 for a replacement.

VEHICLE LICENSING

FRIDAY 2 JULY & MONDAY 5 JULY 2004

Advising customers that Licensing services will not be available at the Shire Offices on the above dates due to a changeover in the vehicle licensing computer system.

ATTENTION FARMERS

BUILDING LICENCE REQUIREMENTS ON FARMS

A reminder to all farmer landowners that any new buildings (includes sheds but excludes domestic garages/gardening sheds) required for the running of your farm require a Building Licence to be issued. Fines can be up to \$5,000 with a further penalty of \$100 per day for non compliance.

For further information contact the Shire Office.

SCIENCE AND STUFF

Upping Fight against Blight.

Scab may have met its match. Also called fusarium head blight, the wheat disease causes billions of dollars worth of damage. It also produces toxins that cause diarrhea, vomiting and other symptoms. To boost the effectiveness of three natural antifungal proteins, an agricultural team in China fused genes for each of these proteins with the gene for a chicken antibody that binds to the fusarium. Thale cress modified to make any one of the three combination proteins were highly resistant to a fungus similar to the one that causes scab. (Nature Biotechnology).

Red or White, grapes are black at heart.

Oenophiles will appreciate the subtlety of the discovery. The white and red grapes used in modern wine making were produced by the mutation of a single gene. The first varieties of *Vitis Vinifera*, the most cultivated grape species, were black when ripe, a trait shared by most wild breeds, and which probably enticed birds and other animals to eat them and spread their seeds. The National Institute of Fruit Tree Science in Japan, report that at some point in the early evolution of grapes, a DNA element called a retrotransposon jumped from one part of the grape genome to another, blocking the expression of a gene called *Vvmyb1*. When two plants, each containing this altered gene, bred – or a single altered plant pollinated itself – the white grape was born. The red grapes that are in use today came into being when a white grape plant's altered gene lost its retrotransposon. The discovery explains why white branches can arise on black grape vines and should help growers to produce even more new varieties. It suggests that a good starting point for breeding new red varieties might be some of the white grapes rather than the black ones. (Science, vol. 304, p. 982).

Highways Spread Southern Seeds.

Wind superhighways have helped carry plants thousands of kilometers across the southern hemisphere, seeding new communities on the islands and continents of South America, Southern Africa and Australasia. Similar ferns, mosses, lichens and liverworts grow in all these regions, which were part of the supercontinent Gondwana before it broke up around 130 million years ago. A satellite-mounted instrument was used to fire microwave pulses at the sea surface, and measure how

they were scattered by waves whipped up by the wind. From this they were able to infer wind speed and direction which was linked to the distribution of each plant group. Similar plants were more likely to be linked by strong wind currents than by their distance apart. For example, the flora of Macquarie Island near New Zealand is more like that of Juan Fernandez Island, over 7,000 kilometres away but along a wind corridor, than like that of Lord Howe Island, which is less than 3,000 kilometres away. (Science, vol. 304, p. 1144).

Ear Exercise. The ear needs a noise workout to keep it in shape. A global survey has found that city dwellers have better hearing than people who live in quiet villages. A German team has spent over a decade testing the hearing of more than 10,000 people around the

globe. As expected, people exposed to extremely loud noises at work, such as construction workers, had poor hearing. However, the hearing of those living in quiet, rural areas was just as bad. People like orchestral musicians and airline pilots, by contrast have unusually good hearing despite exposure to noise at work. And there is also little difference between people who go 'clubbing' and those who do not. Hearing specialists have long believed that prolonged exposure to excessively loud noise degrades hearing. Industrial standards are therefore based on people's average exposure to sound energy. But it could be the very strong impulses - loud bangs, in other words - that do the most damage. They think that exposure to continual noise 'trains' the ear to tolerate it. This would explain why Asian villagers, whose quiet life is punctuated by occasional firecracker celebrations, tend to have the poorest hearing. (Acoustical Society of America).

Infection Control

There are a number of nasty bugs about at the moment, so it is timely to remind everyone that

the best way to prevent cross-infection is to wash your hands!

If you have an infection, wash your hands to stop the bacteria/ virus/ fungi getting onto things you are touching.

If you are caring for someone with an infection, wash your hands after treating/ touching the patient, to prevent you catching their infection and from spreading it to others with whom you come in contact.

* * * * *

In the hospital setting Infection Control is of paramount importance.
The same diligence should apply to everyone to help stop the spread of infections.

Quiz Night Tests Family Relationships

Fourteen tables of six pitted their skills against each other last Saturday night, with the competition neck-to-neck between three tables at one point.

After eight blocks of ten questions there was a tie-breaker between the Taylor/Moulden/Duckworth table and the Taylor/Ward/Sinclair table. After facing off to each other through three tiebreakers, experience won the day with Taylor's, Moulden's and Allan and Margaret Duckworth winning the prize of a steak night for six with \$60 worth of drinks thrown in. Thank you to Ron and Rachel Pelham for sponsoring this prize.

Just pipped at the post, the Taylor's (Royce and Anna), Ward's and Sinclair's get to dine on fish - brain food so I guess that's appropriate. No free drinks here, they need to retain as many brain cells as possible. Thank you to Geoff and Denise Sabourne for donating this prize.

Third and fourth position was also a tiebreaker with the Bankwest and the McArtney/Fleming/Whaley tables fighting it out.

The McArtney/Fleming/Whaley table came through for third prize, winning six XL T-shirts, courtesy of the Swan Brewery.

The Bankwest table - Travis Ellison, Meg Marshall, Daniel McKee, Ollie and Lucy Farrelly and Avron Moffson - came in fourth, taking home six \$10 vouchers for the Lake Grace Sportsman's Club.

The wooden spooners got to console themselves with a block of chocolate each.

A number of people contested answers, having to make a \$5 contribution to the Royal Flying Doctor Service - needless to say they got nowhere but it was all for a good cause.

Numerous prizes were given out for silly answers, good scores, being noisy or simply for having the sticker under your chair. *No Kelly, a Cunderdin Furnisher's sticker doesn't count.*

The prize for the best answer would have to go to the comedian who put Victoria's state animal emblem as being Eddie McGuire!

NEU-TECH AUTO ELECTRICS

FOR ALL YOUR ELECTRICAL NEEDS

Stubbs Street, Lake Grace Phone: 9865 1164 Fax: 9865 1543

Winter is here and by now you will have noticed the daylight disappears rapidly after 5:00pm.

Now that the wet weather has arrived drop into Neu-Tech Auto Electrics and upgrade your headlights with Xenon globes.

We also have in stock a range of budget priced "Ziel" spotlights, along with a wide range of "Hella" driving lights.

Increase your visibility and stopping distance and you decrease your chance of having night driving collisions.

See Ross or Bob at Neu-Tech and let us light up your life!!

Grant Smart Draws a Crowd

York was a hub of activity on Tuesday May 25 as 190 community and business people converged on the town to attend the inaugural GrantSmart Expo hosted by the Wheatbelt ACC and Small Business Answers Program.

People attending the expo travelled from across the Wheatbelt, some travelling from as far as Southern Cross. The feedback from the event has been very positive with one attendee stating "It was hard to decide which workshops to attend as all information provided is so relevant."

Attendees had the unique opportunity to acquire information about funding and programs from 20 Australian Government Departments in attendance. They also had the opportunity to discuss their business or community project face to face with departments.

Also in attendance were successful Wheatbelt grant recipients who shared their grant successes with attendees during a one hour Expo and provided businesses and communities with innovative techniques to expand their businesses or seek funding for community projects.

There was also a huge response to the Grant Writing Workshops held at the expo with over 80 people attending and bringing these new skills back to their community.

"The great response to the Grant Writing Workshops indicates a need in this area and we will look at running more workshops across the Wheatbelt to help business and community people write successful grant applications," commented Wheatbelt ACC Executive Officer Lisa Shreeve.

The large numbers attending the GrantSmart Expo indicates that the Wheatbelt area is very interested in business expansion and community needs and innovative ways to meet these needs.

If you were not able to attend the Grant Smart Expo and would like to purchase an information pack from the expo or would like further information about possible grant opportunities, please contact Samantha Barnett on 9044 7008 or email samantha.barnett@wheatbeltacc.com.au.

Farmers - Do You Need Finance for Housing Renovations or Repairs

The Country Housing Authority is a State Government Agency supporting rural and remote communities by providing access to housing finance.

We provide housing finance to farmers, retired farmers, rural employers, the self employed and local governments to provide flexible home loans that suit the needs of local communities.

You can use your Country Housing Authority loan to build, buy, add or modernise your home. Our loans have no application or loan management fees and competitive interest rates. Repayments can be made on a monthly, quarterly, or half-yearly basis or tailored to your cash flow. The loan terms are usually 15 years and can be extended to 20 years.

For further information phone 1800 158 200 (free call) visit our web site www.dhw.wa.gov.au, email us at cha@dhw.wa.gov.au or pick up a brochure from local Shire Office, Telecentre or Business Enterprise Centre.

AMA Campaign to stop parents smoking near babies and children

The AMA will give away a bib saying "If You Smoke, I Smoke" to every baby born in WA hospitals during June.

The bib giveaway, launched at King Edward Memorial Hospital today, is the centrepiece of a campaign to encourage parents not to smoke near their baby or children.

"Everyone knows the danger of passive smoking and we want parents to think twice before lighting up near their kids," AMA (WA) President, Dr Brent Donovan said.

"There are many links between smoking and childhood illnesses including cot deaths and childhood asthma and our bib campaign will help remind parents of these dangers."

"A recent AMA study at a suburban hotel demonstrated just how serious passive smoking can be for adults and this would be many times more damaging for young children," Dr Donovan said.

Paediatric respiratory physician Dr Stephen Stick said a reduction in smoking near children would result in a dramatic drop in childhood respiratory

problems.

"About 40% of children are still exposed to passive smoke and I see kids on a daily basis who would be far better off if their parents stopped smoking," Dr Stick said.

"Kids exposed to smoking are more likely to develop a range of respiratory illnesses including croup, bronchitis, bronchiolitis and pneumonia compared to children living in smoke-free environments."

"Exposure to tobacco smoke during the first 18 months of life may increase this risk by up to 60% and children exposed to cigarette smoke are more susceptible to coughs, colds and middle ear infections. They are also at an increased risk of becoming asthmatic with ongoing asthma attacks," he said.

Dr Donovan said he thanked hospitals across the state for agreeing to hand out the bibs to new parents and especially to King Edward Memorial Hospital for supporting the launch.

NIGHT WATCH

Welcome to Night Watch for the fortnight from midnight Friday June 18th to midnight Friday 2nd of July.

Solstice, the shortest day at 10 hours 13 minutes at latitude 30 degrees south is at 9.00 am on the 21st, when the Sun crosses the Galactic Equator and Ecliptic cross on the Taurus and Gemini border near the open star cluster NGC 2129. The Sun starts off in Taurus and then into Gemini on the 21st.

The 1st quarter Moon is at 2.58 am on the 26th in Virgo at magnitude -6.0. The full Moon is on Friday 2nd July at 6.59 pm in Sagittarius at magnitude -12.0. The Moon is also at perigee on this day at 7.00 am and 357,448 kms, rising at 4.52 pm and sets at 6.55 am.

Mercury, on Saturday in Taurus, will be at Superior Conjunction (far side of the Sun to Earth), at 5.00 am, and is moving into the evening sky from then on and will be 5 degrees off the star Pollux on 1st July, setting at 6.14 pm.

Venus, now in the morning twilight at magnitude -4.1 in Taurus rises at 5.49 am, and rises 6 minutes earlier each morning and will be 2 degrees north of the orange/red star Aldebaran which is the bulls eye and is in the v shaped open star cluster 'the Hyades', which represents the bulls head.

The red planet Mars, still in the evening sky low down in Gemini sets around 7.18 pm, and will be 4 degrees south of the Moon on Sunday 20th at magnitude 1.9.

Jupiter, the giant gas planet in Leo, sets around 10.52 pm at magnitude -2.1. On the 24th, Jupiter will be 3 degrees south of the Moon, setting at around 10.34 pm.

The ringed planet Saturn, in Gemini, sets around 6.20 pm in the evening twilight and will be 5 degrees south of the Moon on Saturday.

The blue/green coloured planet Uranus, rises at 10.22 pm in the constellation of Aquarius at magnitude +5.7, rises 4 minutes earlier each night.

The grey/green gas planet Neptune, rises at 8.40pm, in Capricornus at magnitude +7.9, rises 4 minutes earlier each night.

The small rocky planet Pluto, is in the sky all night in the constellation of Serpens at magnitude +13.8.

The Moon in the night sky is in Gemini on 19th; Cancer on 20th and 21st; Leo on 22nd, 23rd and 24th; Virgo on 25th, 26th and 27th; Libra on 28th and 29th; Scorpius on 30th and Sagittarius on July 1st and 2nd.

The Ecliptic and the Zodiac. The Ecliptic is the apparent path that the Sun takes relative to the background stars. On any particular day, if you could see the stars in daytime, the Sun would be at a particular location in front of the background stars, the Earth makes one complete circuit of the Sun, and the position of the Sun as seen from the Earth, makes one complete circuit of the celestial sphere, tracing out a circle, called the ecliptic. Because the Sun's apparent motion is caused by the Earth's orbital motion around the Sun, the plane of the ecliptic is, in fact, the same as the plane of the Earth's orbit. A band of the sky, centred on the ecliptic is known as the Zodiac. It is through the Zodiac that the Sun, Moon and naked-eye planets move.

The literal meaning of the term "Zodiac" is 'circle of animals'; which relates to the fact that all but one of the zodiacal constellations (Libra), represents creatures. The ancient astrologers divided the zodiac into 12 equal zones, each 30 degrees long, which had the same names as the constellations through which the Sun passes in the course of a year. In fact, the Sun also now passes through a thirteenth constellation of Ophiuchus – the Serpent Carrier between November 30th and December 17th each year.

Maurie Gilson, a member of the Astronomical Society of WA

Captain and The Coach

Bankwest Community Leadership Program

On the 1st April 2004, BankWest arranged for Kim Hughes & Ken Judge to visit Lake Grace and conduct coaching sessions, meet the local school children and host a luncheon and a "Sportsman's Night" that evening.

During the Sportsman's Night a number of signed sporting memorabilia was auctioned and raffled, raising funds for the community in the process.

BankWest Lake Grace is proud to advise that funds raised from the night have been passed on to the following clubs:

BankWest

- Lake Grace Pingrup Football Club
- Lake Grace Pingrup Netball Club
- North Lake Grace Cricket Club
- Lake Grace Cricket Club
- Lake Grace Hockey Club
- Lake Grace Golf Club
- St John Ambulance
- Lake Grace Fire & Rescue Service
- Lake Grace Lions Club
- Lake Grace Hospital Auxillary

Telecentres

What do you think?

Have a say on the Future of the Telecentre Network....

The Western Australian Telecentre Network offers shop front provision of information, services and training for small regional communities. In the last 12 years more than 100 of these community owned and operated Telecentres have been established in regional WA. The Department of Local Government and Regional Development is currently looking at future development opportunities for Telecentre's and their role in the community.

Community Technologies Australia have been appointed to conduct this futuring process and look at how the network can service the needs of regional WA into the future.

We are seeking your opinions and ideas on:

- What future do you see for the Telecentres?
- How does the Telecentre Network contribute to your area?
- Will they "look" the same in the future?
- What other services/information could they provide?
- What are the sustainability issues confronting Telecentres?

Email your comments to cta@dlgrd.wa.gov.au or phone Jackie Gill 0409 886 982, Gillian Sellar on 0417 953 489 or Jay Hardison 0400 744 440.

For more information visit www.dlgrd.wa.gov.au/futuring.htm or www.telecentres.wa.gov.au

Position Vacant (Maternity Leave)

Newdegate Telecentre Coordinator / Town Librarian (Acting)

35 hours per week (subject to variation)

The Newdegate Telecentre Management Committee is seeking a person with sound computing and management skills to work as the Telecentre Coordinator and Town Librarian for the Newdegate Public Library .

The Telecentre is a non profit organisation which offers computing and office services, is an access point for Medicare Easy claim and Centrelink, produces Newdegate's Community Newsletter " The Gate Post" fortnightly , organizes Courses and many other services.

The Newdegate Public Library is co-located with the Telecentre and Newdegate Primary School Library. The Library is fully automated using " Alice" library automation software.

Interested applicants should contact the Telecentre for more information and for a copy of the Selection Criteria and duty statement. Phone 98711791 or Fax 98711 792.

Applications close 4pm June 25th 2004

Threatened Fauna in the National Spotlight

Members of the public, schools and organisations across Australia are being urged to take part in a nationwide fauna survey as part of efforts to help save Australia's threatened native species.

The sixth annual Great Australian Marsupial Night Stalk, investigating the diversity and abundance of marsupials and feral pests across Australia, will kick off on 16 August and run through until the end of September.

The nationwide spotlight survey, sponsored by major resource company Tiwest, is coordinated by Perth Zoo, where threatened native species are successfully bred for release into the wild.

Perth Zoo Chief Executive Susan Hunt said the Great Australian Marsupial Night Stalk in partnership with Tiwest was an important national project which provided vital information and raised awareness of Australia's unique yet vulnerable native animals.

"Australia's marsupials are under increasing threat of extinction due to feral pests and changing land use, with at least 16 marsupial species or sub species already extinct and a further 55 in serious trouble," Ms Hunt said.

"The Night Stalk survey provides valuable data for conservation agencies planning protection and recovery strategies, and increases the community's understanding about Australian marsupials, their habitats and the major threats they face."

Ms Hunt said Night Stalk was, in effect, a marsupial census, designed to provide a snapshot of species diversity in rural and metropolitan Australia.

"The success of this national survey would not be possible without the support of Tiwest and the thousands of Australians who take part each year," Ms Hunt said.

"It is important that we involve everyday people and organisations in community projects to help save our fauna and that we increase community understanding about extinction rates and the severe decline in species that has occurred in Australia in the past 200 years, particularly in the last 50 years."

"All people need to do is organise a spotlight survey in their local area and record the marsupials, other native animals and feral pests that they observe."

"The survey can be completed on any night during the six weeks of Night Stalk."

Tiwest spokesman Brett McIntosh said a major benefit of Night Stalk was its simplicity and the opportunity it gave people to become involved in an important research project.

Ms Hunt said that, as a result of projects like Night Stalk, there was a growing awareness amongst the wider community that loss of species can affect other living species and weaken the web of life.

"Loss of biodiversity is one of the most serious environmental problems we face," Ms Hunt said.

"Current rates of extinctions and loss of biodiversity are the highest this planet has experienced in 60 million years."

Data collected during the Great Australian Marsupial Night Stalk is

Australian marsupials are in trouble and need your help!

Sixteen marsupial species or sub-species are already extinct and another 55 are in serious trouble.

You can help conservation efforts

Get a group together and participate in Night Stalk - a national spotlight survey to determine numbers and distribution of marsupials and feral pests. Information collected is provided to conservation agencies across Australia to assist with the management of our wildlife.

Anyone can do it

All you need is a torch. Information for a successful Night Stalk - instructions and your own spotters' log- are available at Perth Zoo's website, just click on the Night Stalk button.

Your survey should be completed on any night/s from 16 August to 30 September.

Night Stalk is coordinated by Perth Zoo and sponsored by major resource company Tiwest.

Night Stalk: 16 August - 30 September 2004

STATIONMASTER'S HOUSE ACTION GROUP *UPDATE*

On Sunday 13th June we had a short productive burst of work from enthusiastic volunteers. Finally the weather was kind to us.

Our thanks to Andrew Nolan, Annie and Lindsay Clarke, Elizabeth Carruthers, Elizabeth Trevenen, Ray Bird and Jim Stewart. A big push is on to get the verandah down this week.

Thanks to Grant for doing such a professional job. Most work from now on will be in 2 hour lengths.

If you see people at the house, please join us on the less time consuming work. Mostly painting and tidying up.

L Stewart

Regretfully "Something For Everyone"
formerly known as The Barn
will be closing permanently on Wednesday 23rd June.
We will still be available for collection of lay-bys
until 6th July.

Thank you for your support.
Fred and Pat.

POSITION VACANT

GENERAL PLANT OPERATOR

A vacancy exists within Council's workforce for a General Plant Operator. Activities will be all those carried in a local authority for construction works. The successful applicant will likely be skilled in driving a tandem axle truck, front-end loader and rollers.

An HR Class licence is essential. Wages will be in accordance with the Municipal Employees (WA) Award 1999 – level 4, plus allowances. Subsidised housing is available.

Written applications including details of experience and referees are invited and will be received until 12 noon, Friday 2 July

Humour

LIFE IS EXPLAINED

On the first day God created the cow. God said, "You must go to field with the farmer all day long and suffer under the sun, have calves and give milk to support the farmer. I will give you a life span of sixty years."

The cow said, "That's a kind of a tough life you want me to live for sixty years. Let me have twenty years and I'll give back the other forty."

And God agreed.

On the second day, God created the dog. God said, "Sit all day by the door of your house and bark at anyone who comes in or walks past. I will give you a life span of twenty years."

The dog said, "That's too long to be barking. Give me ten years and I'll give back the other ten."

So God agreed (sigh).

On the third day God created the monkey. God said, "Entertain people, do monkey tricks, make them laugh. I'll give you a twenty year life span."

Monkey said, "How boring, monkey tricks for twenty years? I don't think so. Dog gave you back ten, so that's what I'll do too, okay?" And God agreed again.

On the fourth day God created man. God said, "Eat, sleep, play, have sex, enjoy. Do nothing, just enjoy, enjoy. I'll give you twenty years."

Man said, "What? Only twenty years? No way man. Tell you what, I'll take my twenty, and the forty cow gave back, and the ten dog gave back and the ten monkey gave back. That makes eighty, okay?"

"Okay," said God. "You've got a deal."

So that is why for the first twenty years we eat, sleep, play, have sex, enjoy, and do nothing; for the next forty years we slave in the sun to support our family; for the next ten years we do monkey tricks to entertain our grandchildren; and for the last ten years we sit in front of the house and bark at everybody. Life has been explained NOW IT MAKES SENSE!!!!

WHOOPS, A MORON

A woman brought a new Lexus. Cost a bundle. Two days later, she brought it back, complaining that the radio was not working.

'Madam,' said the sales manager, 'the audio system in this car is completely automatic. All you need to do is tell it what you want to listen to, and you will hear exactly that!'

She drove out, somewhat amazed and a little confused. She looked at the radio and said, 'Nelson.' The radio responded, 'Ricky or Willie!' She was astounded.

If she wanted Beethoven, that's what she got. If she wanted Nat King Cole, she got it. She was stopped at a traffic light enjoying 'On the Road Again' when the light turned green and she pulled out. Suddenly an enormous 4WD, coming from the street she was crossing, sped toward her, obviously not paying attention to the light. She swerved and narrowly missed a collision. 'Idiot!' she yelled, from the radio: 'Ladies and gentlemen, the President of the United States.'

76th Great Southern Football Carnival

The annual Colts Football Carnival will be held in Lake Grace on June 26th and 27th. Eight teams will be competing in 2004, seven Country Associations from the southern part of the state plus the Clontarf Boys College making up the eighth team.

The Carnival will be contested by Colts footballers from the following leagues:

Great Southern - Albany, Mt Barker etc.
 Upper Great Southern - Kalgoorlie, Boulder etc.
 Eastern Districts - Merredin, Kulin, Corrigin etc.
 Ongerup - Lake Grace, Ongerup etc.
 Esperance - Esperance etc.
 Lower South West - Manjimup, Bridgetown etc.
 Clontarf - Boys College

There will be some great talent on display as many players have gone on from here to play WAFL, VFL, AFL and State.

Last year was a huge success due to the generosity and support of this community. So let's once again show our town off by being great hosts.

There will be a busy bee to set up for the Carnival starting 12 noon on Thursday 24th June, and 7:00 am on Friday 25th June.

The Ongerup Association playing against Esperance during the 2003 Colts Carnival

Lake Grace Pingrup Football Club - Canteen Roster 2004

Junior parents please note that the child playing is listed and not specific parents. Please have someone to do the shift allocated to your child. If you are unable to do your shift it is your responsibility to find someone to replace you. If this is not possible please contact the Canteen Manager no later than 5pm the Friday afternoon of your shift on 0427 331 862.

Date: 3rd July 2004

15 is Too Young to Leave School

“ Come and have your say on raising the school leaving age”

It's time to make an important change to the State's education and training system and raise the school leaving age from 15 to 17 years.

This will create a brighter future for our young people by giving them the knowledge and skills to maximize their education, training and future employment opportunities.

Western Australia's Minister for Education and Training, Alan Carpenter MLA, will hold a public forum in Northam to explain his vision for the future and seek your comments on his plans.

The Minister's forum will be of interest to young people, parents, teachers, higher education and training providers, businesses, industry and the broader community.

For background information on the school leaving age and consultation questions please visit

www.ministers.wa.gov.au/carpenter

DATE: Tuesday 22 June 2004

TIME: 3.30pm to 5.00pm

**VENUE: Global Link Room
C.Y. O'Connor College of TAFE
Hutt Street
Northam**

For further information about the forum and to R.S.V.P. please contact

LAKE GRACE DEVELOPMENT ASSOCIATION

Roadhouse and Motel Information Update

Several years ago, the LGDA identified that quality accommodation and availability of rooms in the Lake Grace townsite was possibly impeding tourist, private and business related stopovers.

A survey found that the current facilities were mainly utilised by regular travellers and that generally room rates and facilities were adequate for those who utilised them.

The facilities surveyed were Lake Grace Hotel Motel, Saltbush Inn, Lake Grace Caravan Park, Lake Grace Roadhouse Motel and Lannins' Farmstay.

On September 16th 2000, with the consent of all the proprietors, the LGDA conducted an inspection of those facilities as an audit of what was available and who was using the facilities in Lake Grace.

In October 2000 we met with Jenny Evans of the Wheatbelt Development Commission to discuss the possibility of obtaining a grant to conduct a feasibility study for the community or another party to develop a 40 bed four star rating motel.

Then in December 2000 the LGDA notified the Lake Grace Shire of the results of their survey and put a time frame of 3 years to develop the concept.

During October of 2001, a public participation day titled 'Revitalising our Community' was held in the Lake Grace town hall and one of the findings of this forum identified lack of accommodation as hindering tourism in the district and therefore employment opportunities for young people in the region.

At the November 2001 meeting of the LGDA, a sub committee was formed to address the accommodation issue.

In December 2001 an Expression of Interest was forwarded to the Wheatbelt Development Commission which was an application to be shortlisted to apply for a grant to conduct the feasibility study to develop a new motel.

Following that, during February of 2002, the LGDA wrote to the shire informing them of developments and requested that the vacant land East of the Lake Grace Roadhouse Motel not be developed until issues pertaining to a New Motel were resolved and that a possible rezoning of the land use may be required in the future.

At this time letters were sent to all accommodation proprietors in Lake Grace informing them of our intentions as there was a degree of mis-information circulating within the community.

During October 2003 as a result of our enquiries within the tourism accommodation industry, we were approached by a developer from Perth to meet in Lake Grace as he could see potential in investing in our region.

The accommodation committee met with him and after some investigation he returned to Lake Grace early this year with his architect.

Meetings were held with the LGDA and the Shire and concept plans presented as part of a consultative process with the community to ensure maximum local patronage of facilities provided should the project succeed.

It should be stressed that the investor is looking at the proposed Motel development as his own project with no financial participation from the Lake Grace community.

In January of this year we received notification from the Wheatbelt Development Commission that we had been granted \$20,000.00 to conduct the feasibility study to develop a new Motel. This grant is able to be utilised to develop the concept despite the fact that a private investor may be the proponent of the project.

Events that have transpired over the past 12 months have seen the Wallace family purchase the freehold of the roadhouse motel and renovate the motel units to release them from condemned status which was served on the previous freehold owner.

The LGDA continues to pursue the development of a new 4 star rating motel for Lake Grace as this is consistent with the original findings of the year 2000.

Our objective of providing facilities to host tourist coaches overnight and a single location conference and function centre will provide employment and training opportunities in the hospitality industry for our young people and bring others to our town.

Allan Marshall
Accommodation Committee Chairman

OFA — FOOTBALL

Football - June 5th 2004

LAKE GRACE D GRADE FOOTBALL

5th June Lake Grace/Pingrup v Gnowangerup

A convincing win to Lake Grace/Pingrup of 14 goals 18 points [102] to Gnowangerup 0 goals 3 points [3]

The "Fed by Ted" awards went to **Matt McWhirter** for keeping his eye on the ball, which led to some great marks and ultimately some goals. The other award went to **Matthew Galantino** for his great on field work especially in shepherding.

12th June Newdegate v Lake Grace/Pingrup

The scores were close during the earlier part of the

game but Lake Grace/Pingrup managed to slip ahead with a 5 goal 7 point [37] win to Newdegate 2 goals 3 points [15].

"Fed by Ted" awards went to a young team member, **John Curtin**, for his 'gutsy' marks and a couple of goes at goals. The other to the tallest member of the team, **Reuben Smith**, who does a terrific job in the ruck.

Keep up the great team effort. Remember that next week is a home game at Pingrup against Kent.

Linda Hunt

LAKE GRACE GYM CLUB

Thank You

Lots of people to thank this fortnight! Thank you very much to Wendy, Karen and all parent volunteers for holding the fort while Christine was away last week. The session ran smoothly and your help in such a busy time of year is very much appreciated.

Thank you also to Jeni Wyatt for organising a very successful cake stall and raffle this week. Many thanks also to her willing band of helpers who helped man the stall on the day. Last but not least, thank you to all who baked for the stall and sent their cakes in on buses or brought them to the stall, and of course to those who purchased cakes and raffle tickets!

Kindergym

A reminder that two-year-old fees for Kindergym are due to Donna or Michelle - \$38 for the year.

Rosters

A new roster has been distributed taking us to the middle of term 3. Everyone should have a copy, so please see Donna if you do not have yours yet. Please watch the Lakes Link and School newsletter for your turn and make your own swaps. Ring Donna on 9866 8025 if you have any problems.

Wednesday June 23rd:

Setup - 1:15pm

N Leo, C Allen, C Morton.

Main Session/Pack up - 3:30—5pm

J Bushby, C Mouritz, C Morton.

Wednesday June 30th:

Setup - 12:30pm

D Hendry, L Hunt, M Slarke, J Trevenen, N Gambuti.

Main Session/Pack up - 3:30—5pm

P Cameron, J Wyatt, N Gambuti.

Please note different setup time on June 30th.

Help Wanted

Due to the Great Southern Football Carnival on June 25-27 we must move all gym equipment out of the Hall and back in again. **On June 23 after gym (4:45) and again on June 30 before gym (12:30) we need as many volunteers as possible, especially men, to help move equipment. Please be there to help if you can.** Thank you in anticipation!

*Donna Hendry
Secretary*

LAKE GRACE GOLF CLUB

At this stage the course is closed until the end of June

To get the best results from the clover seeding programme it has been decided to close the course until the end of the month. Because of this Turkey Day has been postponed until later in the season. Open Day will still go ahead on July 10th.

If you wish to go to Nyabing's Open Day on Saturday 26th June then please ring Craig on 9865 1310.

LAKE GRACE HOCKEY CLUB

Kulin v Lake Grace 5th June 2004

Junior Boys 3-1 Lake Grace (half time 3-1)

Coach's Award Paul Curtin

Goal scorer Aaron Smith 2, Matt Trevenen 1

Well, we had a surprising but positive result this week.

Playing against last year's premiers, Lake Grace knew they had their work cut out. But with determination and a few positional changes things started to happen.

Within the first five minutes of play Lake Grace scored from the left side with a series of terrific passing shots to Nat Curtin and then on to Matt Trevenen who scored a winner into the side of the goals. A great display of team work. Two more goals followed by Aaron Smith playing his first full game in the forward line. By half time Lake Grace was up by 3-1 after a good goal by Kulin close to time.

The second half was scoreless with some very tight attacking and defence play from both teams. Alex Reeves and Paul Curtin were tireless in defence for Lake Grace.

Thanks go to Kathryn Nolan who joined the team for the day and provided some excellent stick work showing she can mix it with the boys.

This was a great win by the Lake Grace boys and a very enjoyable game to watch judging by the screams of encouragement from parents on the sideline.

C Grade 6-0 Kulin (half time 4-0)

Coach's Award Shaye Bowron

C Grade were lucky to have the rain hold off for their game against Kulin.

The play got off to a fast start, with Kulin scoring a goal in the first minute of play.

Demi Tomkins and Sheridan Fyfe put up a good defence as full-backs, along with Beau Bowron in goals, but Kulin scored another three goals in the first half.

Emily Howe, Ellie Naisbitt, Chiara Nolan and Maddy Walker worked hard on the forward line, helping the ball towards Lake Grace goals a number of times in the second half.

Kulin fought back scoring another two goals in the second half of the game.

Congratulations to Kulin on their win.

B Grade 6-0 Kulin

Coach's Awards

Karel Walker

Penny Willcocks

A shuffle of players and positions in the B grade this week, saw some of the newer players a bit confused and drifting, getting out of position and leaving openings for the opposition to run into. Kulin are a strong team and with the home ground advantage the girls didn't really get much of a look in for much of the game.

Although having plenty of play in the forward half, the B Grade team faced difficulty in converting the play to goals.

Penny Willcocks played a decisive game at centre half back with strong tackles and penetrating hits into the forward line. Alison Medlen again played a good game with her speed a definite advantage when it came to chasing up an uncontrolled ball.

Marcelle Howe was solid in her defence at full back, shame we can't say the same for her stick.

Broken in two early in the first half.

A good team effort by B Grade hopefully better luck next week against Kondinin.

A Grade 3-1 Kulin (half time 2-0)

Coach's Awards Amanda Milton
Belinda Bowron

Goal Scorer Anna Taylor

A Grade started well this week, with effective penetration into the forward line at the beginning of the game. Kulin have plenty of experience on their side and we found difficulty in continuing the forward momentum, but great support from the half and full backs kept giving us more chances.

Good running from Fiona Chatfield saw chances for Lake Grace to move into attack, with solid back up support from Jodi Pearce and forward openings by Anna Taylor and Tina Keys out on the wing.

Determination after half time saw Lake Grace try a different tactic from the centre pass. Jacki McGlenn rather than pass back to centre half, shot the ball straight out into the right field and a great pick up from Anna Taylor saw the plan come into fruition with a goal at full stretch along the ground.

No one thought she would actually get the goal, the ball was about four inches further away than full stretch, but her determination paid off. Well done Anna.

Kulin answered quickly and then the rain came down. 22 drowned rats left the field with Kulin quite excited by their win and Lake Grace annoyed at another loss but proud of our team effort and the coach's spectacular goal.

Continued next page

LAKE GRACE HOCKEY CLUB...CONT

Kondinin v Lake Grace 12th June 2004

Junior Boys 2-1 Kondinin

Coach's Award Joe Duckworth

Goal Scorer Matt Trevenen

In very cold conditions Lake Grace set out to continue their winning streak from last week against the team that beat them in the first game of the season.

Lake Grace started well with the first goal of the game from Matt Trevenen. The game was fought hard by both sides with both having many opportunities at goals, but just unlucky not to convert.

Kondinin's experience paid off in the second half of the game and they came away victors with two goals to their credit.

Shirt roster for next week is Braden Frost.

C Grade 0-0

Coach's Award Demi Tomkin

Special mention Rebecca Reeves

C grade played a remarkable game this week, their ball skills and tackling have greatly improved and this was evident in the score line. The last meeting with Kondinin saw the team getting beaten 6-0. Well done to the whole team on the effort they have obviously put in to improve their game.

Good running out of defence by Ellie Naisbitt saw the ball into our forward half on many occasions. With opportunities to move the ball into the goal circle it was disappointing to watch Kondinin's strong defence send the ball back into their attack. Good work by the half-backs, Ellie, Kristie Pinney and Sheridan Fyfe and full-backs, John Hendry and Shaye Bowron saw Kondinin also unable to convert their play into a goal. Well done to the C Grade.

No B Grade game this week.

A Grade 2-1 Kondinin (half time 2-0)

Coach's Awards Tina Keys
Caryn Kirk

Goal Scorer Caryn Kirk

A Grade played the best attacking game they have played all season. Efficient passing sequences saw the ball into our forward half and subsequently the goal circle on many occasions in the first half,

with opportunities to score not panning out.

A quick game with plenty of advantage being paid by the umpires saw most of the team pretty worn out by half time.

Good clearance by the full backs, Di Desmond and Belinda Bowron (on most occasions, when she wasn't aiming for the umpire) saw more chances for the Lake Grace team.

Great running into space by Tina Keys out on the right wing with good support from Anna Taylor at right inner and Jacki McGlenn at centre forward saw the team's efforts come to fruition in the second half with a great pass over to Caryn Kirk on left wing, ending in a goal for Lake Grace.

A hard fought game by Lake Grace, in trying conditions, well done.

Club Person Awards for this month went to Lindsay McGlenn, Junior Boys coach, Jodi Pearce, C Grade coach, Anna Naisbitt, B Grade coach and Anna Taylor, A Grade coach, for the tireless and often unrewarded efforts they all put into the club.

Finally, our new club jackets have arrived, and don't we look the part now. See Danielle to pick yours up this week.

Thank you to our sponsors, The Lake Grace Sportsman's Club for Coach's Awards. Sabs Fish and Chips for Club Person Awards. Walkers Wines for game ball sponsorship.

Home game this Saturday against Corrigin. Junior Boys start at 10.00am.

*Danielle Robertson
with Genni Curtin for Junior Boys
and Karel Walker for C Grade*
