Ride for a Reason

Chloe Robertson

Left to Right: Lisa O'Neill, Debbie Carruthers, Chloe Thornton, Billie MacTaggart, Natalie O'Neill, Yasmine Featherstone, Darren Clifford, Melissa Clifford, Georgia Gray.

Tameka Roukens and Karissa Pelham also did the ride but are not in the photo.

Last September Darren Clifford, Lake Grace local and Lake Grace/Pingrup Senior Hockey team coach, was diagnosed with Non-Hodgkins Lymphoma, cancer of the Lymphatic system. The lymphatic system forms part of the immune system and contains specialised white blood cells called lymphocytes. Lymphomas occur when B and T-lymphocytes multiply in an uncontrollable way, causing tumours in lymph nodes and other parts of the body.

Darren underwent eight months of chemotherapy and another month of radiation therapy to remove

his cancerous tumours. While undergoing his therapies Darren continued to go to trainings and games to support and encourage his team. Some of the symptoms for Non-Hodgkins Lymphoma include: recurrent fevers, persistent fatigue and lack of energy, so just getting to these games and coaching a team would have been a struggle on its own. Fortunately luck was on Darren's side in this and he finished both therapies in June this year.

10 girls from the Lake Grace/Pingrup Senior Hockey team united to ride 43km from Kukerin to

Editorial

- ◇ The **'Recognise and Respond'** workshop held last week was a great success. Thank you to the Mental Health Commission and Holyoake for a very informative presentation. We are looking at more presentations; one aimed at the 55+ age group, another at the rights and responsibilities of employers. If either of these workshops would interest you then please feel free to drop us an email, give us a call or simply drop in. Thank you very much to our local St John branch for offering us the use of their fabulous facility and thank you also to everyone who came along.
- ◇ Representatives of the **Community Resource Network** were in Lake Grace to go through our tender and iron out a few wrinkles. On a whole the Lake Grace CRC got the tick of approval but with the current political climate we do need to shore up our defences and get some feedback from the community on how the CRC helps you, your club or your business. Anecdotal evidence will be important and we will be collecting this over the next 12 months. Although CRC's (or Telecentres as they were once known) were once largely seen as a technology hub and somewhere to go when you needed a computer our direction has changed over the years. However there is a misconception that 'everyone' has a smart phone and better still

'everyone knows how to use it'. The other misconception is that everyone knows how to use computers efficiently and effectively. Community members still depend upon us because they may not have a printer (or one that works), they may not want to bear the cost of a new toner cartridge on behalf of their club or group or they may not have effective internet at home. With the plethora of new devices that continue to come onto the market it can be really difficult to keep up and sometimes people just need a hand.

- ◇ As you can see we have an **MC and HC training** and assessment coming up in September. Keen's will supply the truck and we already have two bookings so are keen to get some more. We need confirmation of numbers in the next three to four weeks for this to go ahead.

Suzanne Reeves

Your home loan can do BIG things for WA.

Just by having your home loan with Kulin **Community Bank** Branch, you can do BIG things for your community.

Bendigo Bank's unique **Community Bank**® model shares its profits directly with local communities just like yours.

Together we've helped local schools get tech-smart, supported countless sporting clubs and emergency service providers, and we've even helped to make capital works projects possible.

All thanks to you, and your banking.

As a bank we offer a full range of home loan products, competitive rates, and excellent customer service. But it's our **Community Bank**® model that really sets us apart.

Come and see for yourself. **And do big things for WA.**

Drop into your nearest branch at Lot 157 Bull Street, Kulin or phone 9880 1422.

Bendigo Bank
Bigger than a bank.

Do You Know This Man?

Lake Grace Cricket Club Fun Day Match 1927

Left to right: Mr Tom Wilkinson (Station Master), Mrs Carter (Puplican's wife), Earl Fry (Farmer), UNKNOWN and Jack Rennick (WA Bank).

The Lake Grace Football Club Premiers of 1967 are celebrating 50 years since their big win.

Players from this Premiership team will be attending the game on the 19th of August.

2017 Lions Club Award

Arthur Slarke

For the 1st time in many years, the Lake Grace Lions Club presented a number of service awards to deserving members.

The awards presentations took place at the Lions recent changeover dinner, held on Sunday July 9th at the Sportsman's Club. There are many foundations under the Lions umbrella which can benefit from the monetary contribution the Clubs put in for the right to honour their members.

In order of presentation at the function, the following lines will provide some detail for the readers understanding:

Lion Christopher Harvey was the recipient of the LIONS SAVE SIGHT FOUNDATION WA, Tom Cameron Award. Chris has been a Lion for 26 years; this award acknowledges his enduring contribution to the community through Lions.

In brief, Chris has willingly put his hand up to attend as many Lions busy bees as he possibly could. The collecting, compressing and delivery of aluminium cans, being a big Harvey effort when that was a major Lions project.

Chris has been Lions Club president spanning 5 years in 3 stints. Chris is currently the Lion Tamer. WELL DONE CHRIS.

Lion Philip Clarke has been a Lion since 1985. Phil received the AUSTRALIAN LIONS FOUNDATION HONOUR AWARD. Over his 32 years of service Phil has contributed to Lions in many ways. This award identifies his 2 decades of running the Lake Grace Lions Club Business Calendar.

The calendar project has been a very worthwhile fund raising exercise for the Lions Club. The project has provided a valuable advertising service for the benefit of local business houses and their customers alike. Its success reflects Phil's ability to meet the needs of the advertisers and the requirements of the printer of the calendars.

NICE WORK PHIL.

Lion Christine Kimber: Christine received the; ARTHUR AND LORNA DODD, LIONS HEARING FOUNDATION AWARD. -This award was inaugurated in 2016 to raise the profile of the LHF. The first recipient of the award was Lorna Dodd in 2016, in honour of her service to the organisation. LHF have

used a lovely engraved Chrystal Plaque as the item for presentation.

Christine is recorded as having joined Lions in 2001. Christine is a valuable all-rounder when it comes to Lions. In an official capacity Chris has been Lions Club secretary (03-04) and minute taker for several secretary's since then. Christine is one for getting on with the job, whatever, the task ahead may be. Her knowledge of computers has benefitted Lions in many ways. This includes creating all manner of promotional material over many years; from banners to posters, invitations and change over booklets to photographic blocks which has illustrated much of Lions activity. In addition, on occasion as Lions Tail Twister Christine can throw in a joke or two, bringing humorous moments to the rest of Lions to enjoy. WELL DONE CHRISTINE.

Lion Neville Moulden is the recipient of the Lake Grace Lions Club APPRECIATION CERTIFICATE.

Although he is a busy Treasurer of the Lions Club, this symbol of appreciation goes to Neville, specifically for the manner in which THE LIONS SKIN CANCER SCREENING UNIT'S visit was organised on 6th March '17. Neville took on the job of organising all aspects of this successful exercise. The outcome could mean the saving of lives.

WELL DONE LION NEVILLE.

A special note of appreciation goes to the staff at the Lake Grace Community Resource Centre for their work in creating Neville's certificate, taken from a Lions format. In addition LG CRC created the Lion Centennial certificate for each member of the LG Lions Club. Further to that a composition of extra photographic blocks were assembled and printed, primarily for display at the Changeover. Thanks Suzanne and Chloe.

Left to Right: Neville Moulden, Christine Kimber, Christopher Harvey and Phillip Clarke with their awards.

Darren Spencer

Suzanne Reeves

Shearing has been a big part of Darren Spencer's life. At the ripe age of 17, he scored his first stand while home from Narrogin Ag School during the September school holidays. Once school days were over, he worked on the family farm for 12 months before once again picking up the handpiece and cocky shearing for the next four years in the Lake King area.

In 1985 Darren met north-east Newdegate girl, Tania Richter. The two of them made their way from Lake King in January 1987 with the view of travelling around Australia. They spent five weeks in Geraldton but only managed eight days work before Darren picked up a stand at Warroora Station, south of Coral Bay. Darren and Tania spent two years shearing in the pastoral areas, working in sheds from Carnarvon through to Karratha. Some of the larger stations ran up to 45,000 sheep, employing up to nine shearers for six weeks to get the wool off.

In 1989 Darren and Tania were married with Darren shearing out of Perth for a few years. In 1991 he was shearing with Bill Adriaens at Hopetoun when Bill asked when Darren was going to take over his run. Darren's reply was when Bill was sick of it! Well Bill was obviously sick of it and said he'd like Darren's answer that night. So in July of 1991 Darren took on his first shearing team.

Currently Darren has two teams but in the busy season he can have three to four teams. He no longer shears but there's no idle time as he's kept busy with the management of his teams, his WestCoast Wools agency and his Lake Grace Transport business.

What does Darren love about the industry he's devoted a huge chunk of his life to? The camaraderie of being a part of a team and meeting people. So what are some of the challenges? Finding enough staff to work in an industry that has suffered neglect from many factors; such as the competition of the mining industry, wool and sheep prices and the lack of money being spent on infrastructure. Like many industries and workplaces the shearing shed is also facing the problem of drug abuse; "this is a societal problem however because shearers tend to work, live and socialise together there is a greater knowledge of what is going on", said Darren.

It's through his love of the shearing industry that Darren got involved with the West Australian Shearing Industry Association (WASIA formerly known as WASCA). A not-for-profit industry association, representing the interests of the WA Shearing industry, WASIA provides vital information and support to all shearing industry members, including shearing contractors, wool classers, Shed Hands/Wool Handlers, Wool Buyers/Wool Brokers and other interested WA Shearing industry stakeholders.

Established in 1987, WASCA as it was originally known, transitioned to WASIA in recent years to make it more inclusive of all industry stakeholders and supporters. WASIA fulfils a vital role in furthering the development of the WA Shearing Industry and promoting and developing a legislative, economic, administrative, training, working and social environment to ensure a safe, responsible and profitable shearing industry in Western Australia.

Darren is a long time member of WASIA and has been President for the last eight years. At the recent WASIA AGM in June, he joined a small and very elite group by being awarded Life Membership for his outstanding service to WASIA, the shearing industry in general, and contributions to rural and regional WA. He was presented with his Life Membership by former WASIA President and Life Member, Mr Peter Letch and WASIA Life Time Observer Mr Doug Kennedy.

Unaware of what the committee had been planning, Darren became a little emotional when realising his recognition via the Life Membership award. 'You could have knock my socks off. I have a lot of passion for the shearing business and I am doing what I think is right for the industry and would like to thank you for recognising that', said Darren upon receipt of the award. Darren reflected to those present at the AGM that shearing had given him a great deal; that it was an awesome industry and those people present were testament to that.

Mr Spencer has represented WASIA at State, National and International levels and has been responsible for a multitude of industry initiatives. These include the

Benefit Fund Price Increase

- Family memberships now \$89 and singles \$54.

Individual Transport also for ICWA (Insurance Commission of WA – 3rd party for MVA).

- \$409 for first 50 km then \$5.06/km

Country Hospital and airstrip transfers

- \$238 Flagfall includes 10km

- \$9.82/km (one way)

Dept of Vet Affairs >200km

- \$949

Darren Spencer (Cont.)

instigation of a transition process and succession plan from the previous WASIA Executive Officer; arranging Governance training and workshops for the WASIA executive members, organising executive strategic planning workshops for the implementation of the WASIA strategic plan, establishment of a member's psychological counselling service, risk assessment and shed safety initiatives, a full review of the WASIA constitution, chairing the selection committee panel in the appointment of the new WASIA Administrative officer (Valerie Pretzel) and her induction into the new role at WASIA, including operational shed site visits and the introduction to industry stakeholders. These duties were all voluntary and self-funded.

Currently Darren is representing WASIA on the national Shearing Industry Drug & Alcohol Stakeholder Group dealing with drugs and alcohol in the industry. The group consisting of representatives from AWU, Farm Lobby Groups and Shearing Industry recently held a summit in Adelaide in conjunction with Shearing Contractors Association Australia. From this summit a Drug and Alcohol Policy for Industry is being formulated to give industry direction and knowledge of obligations and strategies to combat drugs in the workplace.

Darren Spencer with his Life Membership to WASIA.

Money to Give

Suzanne Reeves

Lotterywest Grants Development Officers Linda Pomare and Shireen Watson were recently in Lake Grace to meet with the community and talk about funding opportunities for local clubs and organisations.

In 2015/16 Lotterywest's customers bought lottery products totalling \$889.5 million. Almost 60% of sales goes in prizes to players, in 2015/16 this totalled \$600.1 million, including 99 lucky players who won a Division 1 Lotto prize.

Lotterywest's operating costs account for around 7% of their revenue. Another 8% is paid in commission, which is added to the price of the tickets, and subsequently to the Lotterywest retailers. The remainder (approximately a third of every dollar spent on lottery products) is dispersed to the West Australian community.

In 2015/16 over \$130 million was given to WA's public hospitals; the arts community and sports organisations (DSR) were each given \$16.26 million; local governments are another big winner. A further \$118.9 million was given in direct grants.

Lotterywest are keen to give the money away and with only a tiny percentage of grants unsuccessful the development officers will work with you until the grant is

at an ideal point to be submitted. The key is to involve Lotterywest in the very early stages of your application so they can help you across the line.

For further advice please give Shireen (9488 6559) or Linda (9488 6172) a call and talk to them about your proposal.

Government of **Western Australia**
Department of Primary Industries
and Regional Development

Space for Lease

Department of Primary Industries and Regional Development located at Lot 289 Stubbs Street, Lake Grace has depot space of approximately 11,000m² with some shed space for lease for 12 months with the possibility of extensions. Suitable for State or Local government and organisations aligned to agribusiness.

For further information, please contact Helen Slater, email helen.slater@agric.wa.gov.au or telephone 9690 2120.

Expressions of Interest to be lodged with Helen Slater, helen.slater@agric.wa.gov.au, by 17 August 2017.

Recognising Knowledge Can Lead to Support

Rosie Timperley

Information is power. This is the sentence that resonated with many who attended the Recognise and Respond to Amphetamine Intoxication/Toxicity & Opioid Overdose training event. An informed and knowledgeable decision is more likely when people arm themselves with the correct information.

The 26th July workshop, held at the Lake Grace St John Ambulance Sub Centre and co-facilitated by the Mental Health Commission and Holyoake, was excellent. The workshop was aimed at front line workers but also anyone who was interested in learning more about the harmful effects of amphetamines and opioids and the identifying signs of toxicity and overdose. With 'ice' continuing to be a heavy presence in our society, and opioids which include prescription drugs, being mishandled - often accidentally, this program was effective in helping to reduce the impact that overdosing can have. This was achieved by educating attendees with effective responses including skills that can de-escalate the situation and also how to administer Naloxone in the case of opioid toxicity. The process in which drugs can alter the brains neurotransmitters, affecting the way the person thinks, feels and behaves, was an eye-opener.

***"Always help someone.
You might be the only
one who does."***

Drugs and addiction do not discriminate. For some, it may be easy to think drugs are not in their world if they do not have a friend or a loved one affected by them. But it does not matter who you are, how much money you make, your race, gender or age. It can happen to anyone - from the young homeless girl to the white collar professional. They can be good people who end up becoming a victim to the disease of addiction.

Addiction will rob you of your money, your memories, your life and your spirit. Drugs can hurt not only the one addicted to them but also the family and friends of the victim. While we may not eradicate drugs completely from our world, if someone is willing to help themselves, we can at least try to help them on their journey to recovery. So instead of judging someone, perhaps think about helping them. If you can't help them, at least don't hurt them.

Presenters Mark Lowery and Matthew Bejger.

Charles Henry Lucas

Allan Zweck

Records are not available for Charlie, (as he was known), from the Defence Service Records. However, it is certain that he was enlisted with the Australian Imperial Force, as he did attend camp at Blackboy Hill for training on at least two occasions, and judging by the group who went to camp at the same time, which included IB Rose, and an unknown identity of Lake Grace, J Caleuse, he would have enlisted September 1916, having passed his medical test on the 20th. From "Across the Lake" we learn that, "By 1915 Lucas had his first crop in at "Kingswood", but like many others, joined the Australian Army. To assist the war effort, farmers were given leave to harvest their crops. While doing this, Lucas was kicked in the leg by a horse which rendered him unfit for war service". Incidentally, it was also reported, "among the fine crops worthy of mention, were the Lucas Brothers" – expected to yield 30 bushels.

Later, in January of 1917, it is also recorded that Lucas, along with others from Lake Grace, was to return to Camp "shortly". It may be that after the occasion of his return he was "rendered unfit", and it is unclear what further role he had in the war effort, if any, but it is most probable he was then ruled out of consideration for any further training. However, he is recognised on our Honour Roll for his contribution to the War effort, so this

story is compiled from what we know of him. Most information about him is taken from "Across the Lake". The fact that he and his father both had the same names of Charles Henry, adds to the confusion of the roles each of them played in the community, though the father had a third name, and when the initials CHF prefixed the Lucas name we know for sure it was the father. This story is meant to be about Charles, the son, though notes about the father are included to clarify their respective positions at Lake Grace.

In July of 1911, Charlie Lucas, the son, was among the group of recipients for the 18 locations made available in the Lake Grace district on the first big allocation, his location being, 10158. It was four kilometres north of where the town would one day be, and he called his farm "Kingswood". He was an immigrant from Devon, England, and was accompanied by his brother Fred when they came to Western Australia. Fifteen months later, in October of 1912, the adjoining southern location, in the name of Joseph Eric Ogle was transferred to Frederick and Charles Lucas (the father, CHF Lucas Senior, who had arrived in Australia later, and his other son), and was called "Black Hill". Although Charlie had his block quite some months before his fathers' acquisition, it is recorded, "As soon as Black Hill farm was underway, Charlie Lucas started

Charles Henry Lucas (Cont.)

clearing his own 1,000 acre block".

Charlie Lucas was a civic minded person and was well to the fore in advocating progress for the Community. At one time until mid 1914, he was the Lake Grace secretary of The Farmers & Settlers Association of Western Australia, and he proposed that John Franks be accorded a vote of thanks for the able manner in which he placed the claims for the railway line to Lake Grace before the Premier. He was also involved in supporting the Progress Association in its endeavours to progress the lot of the new community. In 1914 he requested permission from the Dumbleyung Road Board to erect a gate on the road running through his location. Permission was granted on the usual conditions, *vis.* standard gate and registration. This road was the route originally taken by the settlers on the eastern side of the lake, who had to travel right around to the top of the lake, to reach their destination, and later, in 1923 he requested the Road Board to survey a road through his location, which they did. His farm became a freehold title in November 1940, when records show 3 acres deducted for the road, now called Walker Road.

It is recorded that Charlie became involved in the establishment of the Lake Grace and District Co-operative Company and was a director from its beginning. He was also on the Building Committee of the Methodist Church, and on its completion, became the secretary of the Methodist Church Trust, however, it is more likely it was CHF Lucas, the father, as he was known to be a director of the Co-op, and after being appointed secretary and Manager of the Co-op, had to resign his position as Director. Furthermore, it is known CHF Lucas had other appointments in the Methodist Church, and the Agricultural Hall, so it is most likely most of the "secretarial" type roles about town attributed to CH Lucas, were carried out by the father.

Digressing, it is also recorded that CHF Lucas and family (including daughters, Alice and May), were pioneer settlers, though in his obituary of his sudden death in October of 1926, it states that: "The late Mr Lucas was born at Exmouth, England, and for 28 years was employed as a cabinet maker. At age 21, he married Martha Ann Long, and came to Western Australia in 1911, where he resided in Perth, still following his trade as cabinet maker. About 1917, he took up farming at Lake Grace, and resided there until about two months ago", though one Lucas student was on the 1913 school list. During these years he held many positions in Lake Grace, especially with the Methodist Church. He was also a butcher in the early 1920s, and in this regard, remains of stock yards, where slaughtering may have been done are visible, at the north west corner of his location – possibly to comply with the 3 mile limit imposed by the health department.

On 19 October 1918, the son, Charlie Lucas, married Helen Phillips, an English girl from Somerset. He built a house about 1920 on Kingswood farm, where they raised their three children, Vincent, who became an

electrician, and showed the town pictures at one time, Ray who went to World War II, and was badly effected by it and Val. The early settlers were making good progress with their ventures during the 1920s, and when a list was produced it revealed a degree of affluence, showing many of them having acquired motor cars, both of the "Charles Lucas" also on the list with a Chevrolet, and Overland. In July of 1926, "Black Hill" was sold, and Robert Carruthers Junr took it over, while the unmarried son Frederick left the district. Charlie remained on his farm "Kingswood", and he and Helen remained in the district another 20 odd years. It was 1948 before they sold their farm to Allan Walker and left the district. Their farm remained with the Walker family until 2006, when Bill and Angela sold to Greg and Paula Carruthers.

Charlie Lucas and his wife left the Lake Grace district, and bought a mixed farm at Kendenup, before retiring to Albany, where Helen later died. Charlie Lucas spent his last years at Safety Bay, where he died on 8 March 1980, at the age of 93 years. He was buried at Karrakatta Cemetery.

Work-Based-Learning Program a Huge Bonus For Dylan Dowling, a Year 11 SIDE, ADWPL Student

Shane Murray

What is this about?

Gaining the required experience, developing the necessary core skills for work or trying to decide what career path to take can be a daunting task for young people in their final years of schooling.

An inspiring and positive role model for other young people, trying to achieve the above three aims is Dylan Dowling who has made the most of his opportunities through the Authority Developed Workplace Learning program (ADWPL) offered through the Schools of Isolated & Distance Education (SIDE) in partnership with Lake Grace DHS.

Dylan commenced the program in 2017. He completes his on-the-job training at the Farmers Centre in Lake Grace. He spends his time in the workshop developing job specific automotive skills. The experience is assisting Dylan with his career planning decisions at the completion of Year 12.

Workplace learning enables the student to experience first-hand the world of work. They also develop important Core Skills (linked to key Employability Skills) which underpin successful participation in the Australian workforce. Plus, they can use the ADWPL program to help achieve Secondary School Graduation (WACE), so it's a win, win situation all round.

ADWPL student Dylan Dowling giving the thumbs up to his work placement and also shows off some of the required PPE!

SIDE has many students learning and working in a wide range of industries including automotive, retail, tourism, hospitality, business administration, children services, metal fabrication, health services, building / construction, sport & recreation to name a few.

Local employers throughout the state assist the program by taking on trainees.

"This support of local youth is fantastic" says one of

SIDE's Workplace Learning coordinators, Shane Murray. The committed employer who became readily involved with the program is The Farmers Centre in Lake Grace.

Dylan says... ***"I am gaining many automotive skills during the work placement and the experience will definitely help me decide if this is a potential career path for me"***.

The ADWPL program is second to none in assisting students with their future training and career plans. Students see it as linking their present school studies with post school intentions. It adds relevancy to their lives. A big thankyou to Gary Frost and the Farmers Centre staff for their commitment to local youth. This leadership and support is to be highly commended!

Technician Jason Davey (L) Dylan Dowling (C) and Barry Jones (R) the workshop foreman.

Dylan gets to work on some "big" and interesting pieces of agricultural machinery.

Pull Your Socks Up, But Don't Claim Them

Media Release

The Australian Taxation Office (ATO) is increasing attention, scrutiny and education on work-related expenses this tax time.

Assistant Commissioner Kath Anderson said that last year over 6.3 million people made a work-related expense claim for clothing and laundry expenses, totalling almost \$1.8 billion.

"We have seen claims for clothing and laundry expenses increase around 20 per cent over the last five years. While this increase isn't a sign that all of these taxpayers are doing the wrong thing, it is giving us a reason to pay extra attention," she said.

Ms Anderson said common mistakes the ATO has seen include people claiming ineligible clothing, claiming for something without having spent the money, and not being able to explain the basis for how the claim was calculated.

"I heard a story recently about a taxpayer purchasing everyday clothes who was told by the sales assistant that they could claim a deduction for the clothing if they also wore them to work," Ms Anderson said.

"This is not the case. You can't claim a deduction for everyday clothing you bought to wear to work, even if your employer tells you to wear a certain colour or you have a dress code," she said.

"For your clothing to be eligible for a deduction, it needs to be occupation-specific clothing, protective clothing or a uniform that is unique to the organisation you work for," she said.

Ms Anderson said it is a myth that you can claim a standard deduction of \$150 without spending money on appropriate clothing or laundry. She said that while record keeping requirements for laundry expenses are relaxed for claims up to this threshold, taxpayers do need to be able to show how they calculated their deduction.

"Over 1.6 million taxpayers claim a deduction of exactly \$150. We expect many of these claims to be legitimate but the results of our random audits show that people are making mistakes." Ms Anderson said there are three golden rules to follow which will help taxpayers to get their deductions right.

"One – you have to have spent the money yourself and can't have been reimbursed, two – the claim must be directly related to earning your income, and three – you need a record to prove it," she said.

"The myDeductions tool in the ATO app is also a great way to make keeping records for your deductions easier. If you start using it now, next tax time will be a breeze because you can send your deductions to your tax agent or upload them directly to myTax."

It is important to remember, whether you lodge your own tax return or go to an agent, you need to be aware of what you can and can't claim. If you use an agent, you are still responsible for making sure your deductions are correct.

For more information about work-related expenses, visit ato.gov.au/deductions and to find out about myDeductions, visit ato.gov.au/mydeductions

Cardiovascular Awareness - "How's Your Pump and Pipes?"

Warriors Wellbeing Article

This year the team at Regional Men's Health is focusing on Cardiovascular Awareness and encouraging blokes in Regional WA to have a think about their "**Pump & Pipes**".

It's no surprise that when we combine disease associated with the **heart** (pump) and **blood vessels** (pipes) it's our biggest killer, largest health problem, and places a great burden on our economy and health system. This of course is without even considering the issues around grief, loss of function and care requirements that can also impact individuals and families.

SOME STATISTICS:

Cardiovascular Disease (CVD) is the major cause of death in our country. It kills one Aussie every 12 minutes, which equates to just over 45,000 deaths (2015). It affects one in six of us (4.2 million) and was the main cause for 480,548 hospitalisations and a contributing factor in a further 680,000 in a single year (Heart Foundation Aust).

WHY PUMP & PIPES?

If you think about a pump moving water through a series of pipes, over time sediment can slowly build up and slow the flow of water or even cause a blockage. Most blokes would understand this would result in the pump having to work harder which can cause it to eventually fail or blow a hose.

This is no different to coronary heart disease, which occurs through the build-up of fatty deposits (plaque) in the arteries that feed the heart. Narrowing reduces the supply of blood and oxygen to your heart and if this becomes too narrow it can cause angina (pain/discomfort in chest) or if a blood clot causes a complete block then this can cause a Heart Attack. This is similar to when a clot occurs in blood vessels to the brain causing a Stroke.

Factors that contribute to CVD include family history (which we can't change) but some of the other risks we can manage by making healthy lifestyle choices:

- maintain a healthy diet
- do regular exercise
- reduce our alcohol intake (take a couple of days off a week)
- monitor our body weight
- don't smoke
- reduce our salt intake
- look after our mental health & wellbeing

It's important we acknowledge that a lot of CVD is preventable but it's essential that we understand our individual risk factors that may impact on us developing diseases associated with our heart and blood vessels. The onset of other health issues such as diabetes, obesity, poor health, even erectile dysfunction can be an indicator that our pump and pipes could be under pressure.

So just remember like any good piece of machinery, there are some basic **Operating Tips** to keep things running at optimal performance!

Lake Grace Transport

Twice weekly freight service to and from Perth

- ◆ Secure depot in Perth to drop freight off
- ◆ For all your wool and general freight
- ◆ Forklift to load wool on farm
- ◆ Accreditation to load at Midland Brick
- ◆ We also cart bulk grain, fertilizer, lime, gypsum and firewood

LG's Local Drug Action Group

With a committee full of enthusiastic members, our Local Drug Action Group has many events in the works. Just two of these are the following:

Newdegate Field Day:

- Wednesday 6th September 2017
- Thursday 7th September 2017

There will be a stall on display with information to help raise awareness and contact numbers for support, along with some interactive fun games.

Lake Grace Christmas Festival:

This Summer embrace the mocktail! There shall be a delicious stall offering exotic mocktails for all to enjoy. Mocktails are refreshing and nutritious and they add something a little different to the normal old cocktail.

Business cards are currently in the process of being developed. These will contain a selection of contacts that would be useful to anyone needing information and support for drug and alcohol abuse.

More events will be held in the near future with some inspirational speakers being in the possible line-up. We shall keep the community informed on the development of these.

Alternatively, if you wish to join LDAG's passionate team, please call the CRC on 9865 1470. We will be

happy to have you on board!

Please note the next meeting is **Monday 21st August 2017 at 7pm at the CRC.**

Growing Up in Lake Grace Part V

John Dyke

A former resident of Lake Grace, John Dyke was born in King Edward Memorial Hospital in Subiaco, on 24 April 1935, to Noel Frederick Dyke and May Dyke. Dad had gone ahead to Lake Grace as Secretary to the Road Board. They had come to West Australia from Wales, UK, in 1926, paid their own way, and were sent to the South West, south of Bridgetown, to one of the Group Settlements, No's 126 and 127. The whole thing was a complete con between the British and Australian Governments, promising the new settlers a house, good land to cultivate, and the promise that within a few short years, working hard, they would be wealthy enough to return to the UK and have a good holiday. John and his wife Cheryl currently live in Albany. The following is the fifth part in a series detailing some of John's earlier adventures.

On the next camp we did, still with National Service on Garden Island Ernie Butson and myself were called in by the C.O. as there had been a traffic accident on the Island and we were the only Police available. On making our enquiries, we found out that a truck that had two occupants, both Army Personnel, were both drunk and the truck had no doors on it. The driver was swerving all over the roadway and at one point to stop the truck from leaving the roadway and plunging down a steep embankment, the driver had swung back so hard to the middle of the road that his passenger had fallen out and landed on his head killing him instantly. We put the driver through a sobriety test, which he failed to pass, and then charged him with drunk driving and had him transferred back to Fremantle Police Station where he was formally charged with drunk driving causing death, this charge later being upgraded to manslaughter. At a later date I attended Court and gave evidence as did Butson. He was convicted and sentenced to prison for a considerable time.

In 1958 Sir Robert Menzies, Australia's longest serving Prime Minister and the most popular came to Perth for several days. Myself and three other patrolmen were given the job of escorting him to all of his official engagements. To watch Sir Robert give his regular speech on the back of a truck in Forrest Place surrounded by hundreds of people was an event not to be missed and from time to time a heckler would interrupt him. The Prime Minister never tried to stop the

heckler from saying his piece but at the conclusion would verbally put him down in such a manner and choice of words that the person would crawl away amongst the crowd who were laughing at him, never to be seen again.

Sir Robert was staying at the Esplanade Hotel overlooking Langley Park to the Swan River. The Esplanade only catered for the very, very respectable and you could not get into the lounge for a drink without wearing a respectable tie. If you looked respectable but had no tie the doorman would offer you a tie to put on and then let you in. On one occasion a man was offered a tie but declined and left, he returned about 20 minutes later wearing a tie but no shoes, the doorman did not bat an eyelash simply said good afternoon Sir and let him through.

On the last day of escorting the Prime Minister we pulled up outside the Esplanade climbed off our bikes and stood smartly to attention. Sir Robert got out of the rear seat of the car, but as would normally happen with dignitaries they ignore the escort and go on their merry way – not so Sir Robert. He walked up to us thanked us for looking after him shook each of us by the hand and then said, "would you gentlemen like to join me for a beer?" As the senior man at the time I said that would be very much appreciated Sir Robert and we followed the Prime Minister in past the doorman who once again

GS MOBILE MECHANICAL SERVICES

Please note that due to annual leave, we will be operating with minimal staff from Monday 7th - Friday 11th August at our Lake Grace workshop and we will be operating an "APPOINTMENT ONLY" policy during this time. Our Kukerin workshop will be open as usual.

Please call 98651291 for enquiries or bookings.

Both our Kukerin and Lake Grace workshops will then close for Annual Leave from close of business on Friday 11 August 2017 and will re-open Monday 21 August 2017. If there is anything you require assistance with prior to this please contact us ASAP to ensure we can action before the close date.

Please note all staff will be on holidays during this time and will have no access to the workshop.

Thanks, Paul & Staff

Growing Up in Lake Grace Part V (Cont.)

never batted an eyelash and said, "good afternoon Prime Minister, good afternoon gentlemen," referring to the 4 Police Patrolmen following.

Did anybody in the lounge show any surprise at seeing us with the Prime Minister. Not a bit, far too respectable. As we walked between the occupied tables, a waiter appeared at Sir Robert's side who said "a table and a round of beer for my friends here and I will have a beer myself thank you." So we sat and for the next 15 or 20 minutes drank our beer and had an interesting chat with the Prime Minister of Australia on several subjects. Sir Robert then said "Gentlemen you must excuse me I have a very busy evening ahead of me so I can't stop for another drink but it has been a very busy day and I am sure you would all like another beer", to which I replied "thank you Sir." Sir Robert stood up, we all stood up and he again shook us all by the hand, a good strong handshake. The waiter appeared alongside Sir Robert who said "another round of drinks please but not for myself, goodbye Gentlemen," to which we responded and he left us. We then sat down again enjoyed our second beer and walked out to return to the office; and there is the difference between Australia's most loved and popular Prime Minister and the rest of them.

Also in Perth in 1958 was the Queen Mother, she stayed at Government House for a few days. There were several high profile visitors in Perth at that time

and around 20 Police Patrol Officers were allocated to escort them to the various events attended. On the last day we all went to Government House in St George's Tce and lined up in two rows and the Queen Mother inspected us, and as is frequently the case, stopped in front of several of us to say a few words. I can recall as if yesterday she stopped in front of me and said "you are very young officer what age are you and what is your name." It was then that I looked into her eyes and I honestly have never seen a more beautiful pair of blue eyes. "I am 23 years of age Your Majesty my name is John Dyke." She then said "and do you have a wife or girlfriend young John." I replied "I do have a girlfriend your Majesty." She then said to me, "Well young John I want you to marry that girl and have lots of children, we have to populate the Commonwealth young John." I replied "yes Your Majesty I will do my very best" and she moved on never to be forgotten. It took me another 17 years before Cheryl and I had our first daughter Tammy and 20 years for our second daughter Serena. Tammy is now a Vet Surgeon married to an Englishman who is also a Vet living in Hyde just south of Manchester United Kingdom. Serena, an Organ Detoxifier and Beauty Consultant, lives in Brentwood California USA and is a single Mum of four and a half year old Cruz. Cruz is currently staying with Cheryl and I, his Grandparents caravanning in the North of the State.

CEO's Corner

Flooding Event – February 2017

The Shire received notification from Main Roads WA (MRWA), that our Natural Disaster Relief and Recovery Arrangements cost estimate of \$10,607,882 for AGRN 743 has been approved. This is based on the use of contractors for the re-instatement works for the local roads.

WML Consulting Pty Ltd has now been appointed as the successful Project Manager, and is currently producing the documentation of tenders for supervision services, plant, equipment and materials. It is intended that these services will be advertised next week. There will be two tenders issued, with a number of packages within each tender. The tenders will then be assessed and once a successful tenderer is appointed the aim is to commence works in mid-September, all things going to plan.

For current road closures please refer to the Shire's website www.lakegrace.wa.gov.au or Facebook page for a list of roads that are closed within the Shire.

Prospective Elected Members – WEBINAR

WA Local Government Association (WALGA) is offering a free webinar to members who are thinking about nominating to become a Councillor but are not sure of the role.

Topics will include:

- an overview of Local Government;
- the Roles and Responsibilities of Council and Council Members;
- behavioural expectations of Elected Members;
- an overview of the skills required to be a successful Councillor; and,
- impacts on Home Life.

WALGA will give you the opportunity to ask questions during the Q&A Session at the end of the presentation.

Date: Thursday 17 August 2017

Time: 5.00 – 5.45 pm (including presentation and Q&A session)

To register please visit <http://walga.asn.au/Training/Our-Services/Webinars.aspx>

Bob Palmer - Retirement

Our Mechanic, Bob Palmer retired on Friday 28 July after 11 years of service. On behalf of the Shire and the community, we thank Bob for the contribution he has made over the years, firstly as a contractor then as an employee. His knowledge and commitment to the Shire has been invaluable. We offer our best wishes to both Bob and Coralee.

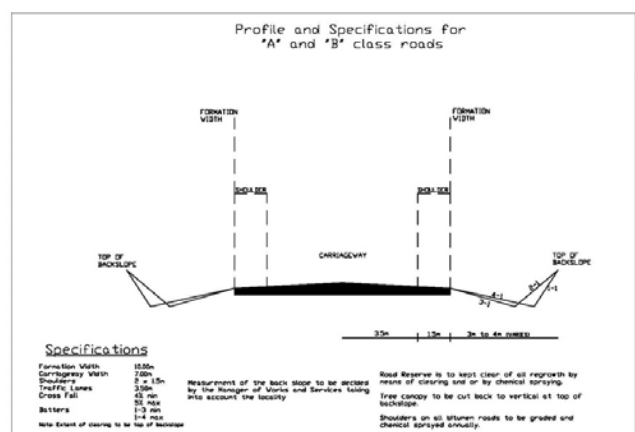

Road Classifications for Construction and Maintenance

Above: Shire President Jeanette De Landgraft, CEO Denise Gobbart and Bob Palmer with his farewell gift from Shire Councillors and staff.

Road construction and renewal works are to be undertaken in accordance with our current policy and in accordance with the guidelines set out in the Unsealed Roads Manual produced by the *Australian Road Research Board*. The objectives of these standards are to construct and maintain safe roads within the district.

The diagram below depicts the standard profile for 'A' and 'B' class roads. The maximum width of these roads is 18m from the top of the backslopes; the minimum allowable width is 16m.

Continued over ..

Shire of Lake Grace Community News *Cont.*

The following work criteria is attributed to both 'A' and 'B' Class Roads;

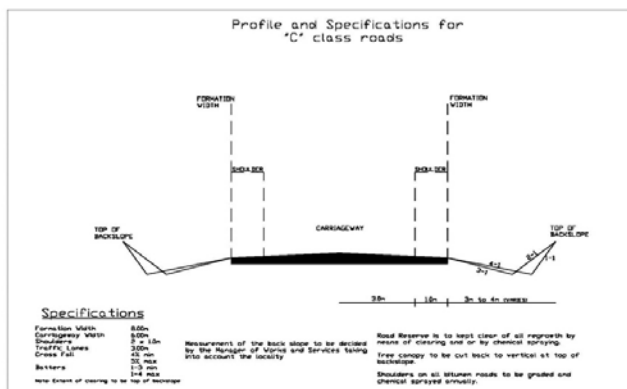

- Formation to be 10m width;
- Carriageway to be 7m with 200mm gravel sheet;
- Shoulders to be 2 x 1.5m;
- Crossfall to be 4%;
- Floodways to be equipped with a minimum of 2 x 237mm culverts and headwalls; and,
- Backslopes to be cleared annually of all regrowth.

In addition for a 'B' Class Road;

- One additional grading before harvest, if necessary.

'A' Class Roads are recognised as major regional routes and are sealed or planned to be sealed with 'B' Class Roads being recognised as major feeder roads and are built to a pre-seal standard.

The diagram below depicts the standard profile for 'C' class roads. The maximum width of these roads is 16m from the top of the backslopes; the minimum allowable width is 14m.

The following work criteria are attributed to 'C' Class Roads;

- Formation to be 8m width;
- Carriageway to be 6m with 150mm gravel sheet; and,
- Shoulders to be 2 x 1m.

'C' Class Roads are low volume farm access roads.

Please contact the shire office for further information on what classification your roads are.

It is the intention of Council to commence addressing the regrowth issues that we have between the top of our backslopes. The area between the top of the backslopes should be kept clear of vegetation, including tree canopies to be clear vertical at the top of the backslope. These works are to ensure that we have safe carriageways for our vehicular traffic. Given the back log of works required it will take some time to undertake all works required. When re-sheeting works are being undertaken, the works will be undertaken to comply with these specifications.

Ordinary Council Meeting – Wednesday 26 July 2017

Items of business considered by Council at the meeting included:

- permission granted for Greening Australia WA to collect native plant seed from within reserves vested in the Shire of Lake Grace;
- approval of Magenta Community Dam Lease for change in ownership of the land;
- approval to prepare draft amendment to the Animals, Environment and Nuisance Local Law 2016;
- adoption of the Shire of Lake Grace Equal Employment Opportunity Management Plan 2017-2020; and,
- adoption of the Freedom of Information Statement 2017-2018.

The minutes of the July 2017 Ordinary Council Meeting are available on the Shire's website at www.lakegrace.wa.gov.au.

Building and Maintenance Team

Works are continuing on the Lake Grace Independent Living Units as follows:

- paving is nearing completion;
- fencing is near complete;
- electrical fitouts will commence shortly; and,
- landscaping is ready to commence.

The Building Maintenance Team has carried out works for:

- Lake King public toilets;
- 5 Banksia Place, Lake Grace; and,
- Lake Grace Shire Administration Building.

Road Works

Our Construction Team has completed works on Hatters Hill Road and has moved onto Hollands Track Road and working on 5.030 to 8.030 straight line kilometres.

The Maintenance Grader has been working on Jarring South Road, Big Lake Road, Cannon Road, Griffin Reward Road, O'Neill Road and will then move onto Burns Road and Harvey Road. The maintenance grader has been towing the new roller behind.

The Newdegate grading contractor has been working along Magenta Road, Ardler Road, Old Ravensthorpe Road, Taylor Road and Breed Road and will then move onto Lockhart Road.

The Lake King grading contractor has been working on Baanga Hill Road, Smerdon Road, Old Newdegate Road, Fitzgerald Road, Long Creek Road, Mallee Tree Road, Milstead Road and Tarco Road.

Parks and Gardens

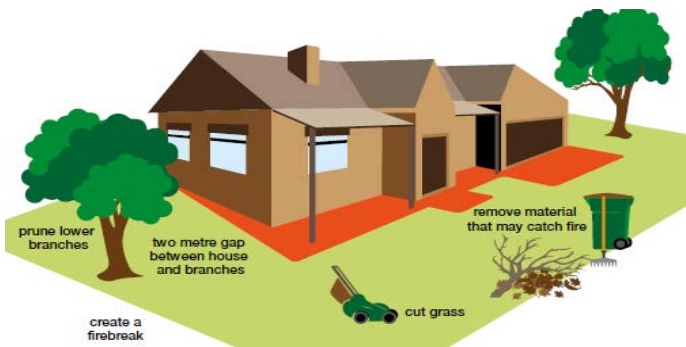

The town maintenance crew have been spraying the sewerage pond area, along footpaths and the lawn area around the town hall in Lake Grace. The team has carried out trimming of roses at the Railway Station and clearing of the drains within the Lake Grace townsite after the rain.

Denise Gobbart

Chief Executive Officer

How prepared is your property?

Don't wait until summer to start preparing your home and family for the bushfire season.

There are things you can start doing now.

To help prepare your property for bushfire take these simple steps:

Through Autumn and Winter:

- Prune trees to remove lower branches
- Clear long grass, rake leaves and twigs, and prune flammable shrubs
- Spray grass and weeds with herbicide
- Ensure petrol and other flammable materials are stored away from your home
- Make sure your personal and home protection equipment is in good working order
- Overhaul your emergency pump, if you have one
- Develop or review, your bushfire survival plan. Make sure everyone in the family knows what to do in a fire
- Move woodpiles and stacked timber away from the house
- Keep the grass short. On farms, keep grazing levels high

During Spring:

- Clean out gutters and remove debris from your roof
- Prepare your emergency kit, including your bushfire survival plan

In Early Summer:

- Water lawns, trees and shrubs near buildings to keep them green
- Recheck personal and home protection gear, screens, water supplies and gutters

For more information:

- Visit the DFES website at www.dfes.wa.gov.au
- Contact DFES Community Engagement on 9395 9816;
- Access the range of Bushfire Preparedness information <https://www.dfes.wa.gov.au/safetyinformation/fire/bushfire/pages/publications.aspx>
- <http://www.dfes.wa.gov.au/wintersafe/Pages/default.htm>

Ordinary Council Meeting

The next Ordinary Council Meeting will be held:

1:00 pm Tuesday, 22 August 2017

at Council Chambers 1 Bishop St Lake Grace

Members of the public welcome

A minimum of 15 minutes is set aside for public question time, giving members of the public an opportunity to ask questions relating to Shire activities.

Walking your Dog

A reminder that dog owners have a legal responsibility to keep their dogs under control, either within a fenced area on their property or on a leash when in public.

When walking your dog pick up your dog waste:

- Keep your bags/pouches/pooper scooper products with your leash, as a reminder to take them with you.
- If you forget your bag look for bag dispensers and bins provided.
- If using the plastic bag method for cleaning up, simply put your hand inside the bag, pick up the dog poo, turn the bag inside out, then seal.

People like dogs not dog waste, please be considerate of others.

Shire of Lake Grace Community News *Cont.*

Office Opening Hours

Monday - Tuesday - Wednesday - Friday
8.30am - 4.30pm

Thursday 8.30am - 4.00pm

Staff can be contacted by phone between 8am - 5pm.

Environmental Health Officer

Julian Goldacre the Shire's Environmental Health Officer, is available. Please contact the Shire on 9890 2500 or

Transport & Licensing

All licensing payments are to be made in person at the Shire of Lake Grace Administration building.

Monday, Tuesday and Wednesday 8.30am - 4.15pm
Thursday and Friday 8.30am - 4.00pm

As an agency we process the majority of transactions, including; renewals, transfers, number plate orders, boat registration renewals and new license applications.

Please ensure you arrive at the counter with sufficient time for your transaction to be completed by closing time, this is because it is necessary for staff to reconcile Department of Transport transactions each day. Please keep in mind that farm equipment and Learners Permit transactions can take up to 45 minutes or more.

Driving Assessor

The Practical Driving Assessor (PDA) will be at the Shire of Lake Grace Office on:

Friday - 4 August 2017

Friday - 1 September 2017 - to be confirmed

Bookings are essential for all Practical Driver's Licence Assessments and we advise that there is a waiting list, so booking in advance is highly recommended.

Lake Grace has one assessment day each month held on the first Friday of the month.

For more information visit www.transport.wa.gov.au.

Firearm Licence

All firearm licensing including the payment of licence renewals is now done at the Lake Grace Post Office.

Building Surveyor

Shire Building Surveyor, Josiah Farrell will be available at the Shire Office on the following dates:

Tuesday 8 August 2017

Tuesday 22 August 2017

For an appointment contact Josiah on 0438 811 944.

Tip Opening Hours

Lake Grace

Monday & Wednesday 9am - 2pm

Saturday & Sunday 9am - 4pm

Newdegate

Wednesday 9am - 1pm

Saturday 9am - 1pm

Lake King & Varley

Open Every Day

Waste & Recycling Pick up Dates

Household Waste Collection is a weekly service and collected each Monday for Lake Grace, Newdegate, Lake King & Varley.

Recycling is a fortnightly service and alternates between Lake Grace & Newdegate. See below for the upcoming recycling collection dates.

Lake Grace	Newdegate
7 August	14 August
21 August	28 August

Please Note: There is no kerbside recycling collection service in Lake King or Varley.

For more information on Waste Management visit the Shire's website.

POLICE NEWS

LAKE GRACE POLICE STATION
56 STUBBS STREET, LAKE GRACE. 6353
Phone : 9890 2000 Fax : 9865 1429

Email: Lake.Grace.Police.Station@police.wa.gov.au

Personnel: Sgt Dave Ellis, SC Tara Spencer, 1/C Cameron Hobson

G'day all,

It's been a relatively eventful past month since I last wrote. In particular we've had a few instances of hoon type driving in Newdegate culminating in some damage to the football oval last weekend. I understand the community's frustration with such behaviour and we are following up a couple of leads that we now have. I will reiterate that we need to ask members of the public to try and identify the driver and occupants or better yet capture footage of these idiots when they pop up. Telling us 2 days later is neither especially helpful nor evidentially useful – the time involved for us to intercept these people means they are long gone before we get there hence why we need your help.

I have applied for use of covert cameras normally held in Albany and I will be placing them at likely locations in Newdegate, and if the need arises in Lake Grace also. The footage from these cameras is outstanding and drivers will be easily identifiable.

As many will know the Lake Grace Sports club had a break in a couple of weeks ago, and we were able to obtain some finger marks at the scene. Pingrup also had a similar incident the same weekend and appears that the 2 may be linked. Analysis of the marks will hopefully produce a suspect for arrest. In isolation these incidents are worrying, however the overall trend is that all types of crime are on the decrease in the Shire of Lake Grace, and we live in one of the safest communities in the state. Some improved lighting and an alarm will ensure next time won't be so easy for the wrongdoers.

The firearm amnesty continues, so please use this opportunity to dispose of any unlicensed relics sitting in the shed or gun cabinet.

Finally, can I ask that people start turning off their engines when leaving a vehicle unattended? I'm not sure why people do this, but we have seen \$100,000 cars with kids strapped in the back while Mum or Dad is in the Post Office. It only needs one criminally inclined person to drive or walk past and we could have a very serious incident on our hands. It was only last year that the same thing resulted in a Subaru being stolen in East Vic Park with a 3 year old boy still in the back. A massive Police operation commenced and luckily the young boy was found unharmed. I understand we are all in a hurry but the least you can do is take the keys out of the ignition, and make it harder to steal. There's no problem leaving the kids in the car for a short time, but in the summer months I think this is not advisable even for the shortest of periods. It just seems to be a hugely unnecessary risk for the sake of the turn of a key!!

As always we can be contacted at the station on **9890 2000** and in the case of an emergency dial **000** as per normal. Please be patient if you ring the station and get through to Albany – the call taker will help you and make contact with me if they deem the matter to be urgent.

Till next time

Sergeant David Ellis

Farmers and the Australian Consumer Law

Media Release

Farmers may not be aware that the price of the item or the service you purchase for the farm may affect whether you are considered a consumer or a business under the Australian Consumer Law.

On the surface it may not seem like any big deal but it is when it comes to the avenues that are open to you when something goes wrong with that piece of machinery you have bought or the service you contracted to the farm.

If an item or service is under \$40,000 you are considered a consumer and all the benefits of redress under the Australian Consumer Law are available to you. Above \$40,000 and it is considered for business unless you can show that the item is ordinarily for personal, domestic or household use such as a car.

When it comes to purchasing equipment and machinery, especially where new cutting-edge technology is available overseas, there is always the temptation to cut out the middle man and import the item. This practice comes with a word of warning.

By becoming the importer it becomes your responsibility to make sure the item is safe and meets any mandatory Australian Standards. So you need to weigh up the issues, who will you turn to if it does not function the way it should or it presents a significant safety risk.

If not buying from an Australian supplier it is often very difficult to make any warranty claims. The Australian Consumer Law may not even be enforceable against an offshore distributor.

Acting Commissioner for Consumer Protection David Hillyard said that the Western Australian legislation that establishes Consumer Protection specifically enables the agency to provide help and assistance to primary producers.

Farmers are welcome to contact Consumer Protection when it comes to matters of the Australian Consumer Law and their entitlements.

"We are here to help," he said.

"With some pieces of farm machinery costing many thousands of dollars and often key to enabling the farm to operate efficiently and profitably it is important for farmers to know their rights and to insist on appropriate remedies from suppliers.

"Just remember that if you become the importer by purchasing it direct from overseas there are often some hidden implications that may be lost in the pursuit of saving some costs in the purchase price.

"Some may see these regulations as just more bureaucratic 'red-tape' but they are there for a reason

Fencing Wanted

Phone Lindsay on 9631 3040 or 0429 313 003

Farmers and the Australian Consumer Law (Cont.)

and that is often related to safety."

I am sure that farmers are more vitally aware than most people in the community about the dangers of machinery. Commonly, as it becomes more efficient it also becomes larger, faster and heavier which can increase the potential danger for operators, workers and even visitors on the farm.

Sadly, statistics show there have been 46 farm work-related deaths in the past ten years in WA and of course the injuries and close misses are the grim reality if equipment is not operated in a safe manner.

Increasingly reports are reflecting that it is not only the farmer or operator who is put in danger but also the rising number of children who are sustaining injuries.

Around 20 children under 15 are fatally injured on Australian farms every year and many more are hospitalised or treated by General Practitioners across rural Australia. Around 25 per cent of all child deaths were visitors to farms.

Quad bikes often misnamed as "All-Terrain-Vehicles" have been in the spotlight recently because of their poor safety record in recreational use but also their use on farms.

There have been nine deaths including three children killed using quad bikes on farms so far in 2017. There were six deaths in the first quarter, two of which were

children under the age of 10.

Acting Commissioner Hillyard urged farmers to check the Australian Competition and Consumer Commission (ACCC) website if they have any doubts about a product's safety or any market recalls.

"In June, quad bike supplier Polaris recalled 12 models of quad bikes due to the presence of asbestos in component parts," he said.

"While the asbestos is a more long-term safety issue for quad bikes, it is an example of how departments like the ACCC and Consumer Protection act together when it comes to informing consumers about their safety."

KidsafeWA recently put out a very useful animated video about keeping children safe on farms and includes a section on quad bikes. Have a look and also show your children as it will only take a few minutes www.kidsafewa.com.au

Just remember, that no one expects an injury to occur, it is that momentary lapse of concentration or someone with little experience using unfamiliar equipment that can lead to a tragedy.

For more information regarding consumer rights under the Australian Consumer Law visit the Consumer Protection website www.dmirs.com.au/consumer-protection/consumerrights or call 1300 304 054.

Boyup Brook Country Music Festival

Media Release

The Boyup Brook Country Music Festival is a Festival steeped in the local community. This Festival doesn't just happen; it is created by the local community with hard work, patience, and an unending love for the community. Dedicated volunteers from Boyup Brook have, for the last 32 years; given their blood, sweat, and a few tears, to make it the iconic Country Music Festival of Western Australia it is today!

The Festival is a relaxed, refreshingly authentic and fun few days. The festival brings the grass roots of the country music experience to its warmly received guests, blending big name and WA original artists in a friendly, country setting.

The Boyup Brook Country Music Festival is one of Western Australia's most popular family music and camping festivals, which takes place annually in February. It is a friendly celebration of country music in a hassle-free bushland site. The Music Park is a wonderful festival venue, with mature river gums situated on the banks of the beautiful Blackwood River. Over the festival days the venue comes alive with music on the main stage and around the town.

The Festival is moving into its third year of a three-year successful funding application through Tourism' WA's Regional Events Scheme (RES), which is jointly funded

by the Department of Regional Development through its Royalties for Regions program. This funding helps to grow our audiences with strong marketing campaigns and bring visitors to the region, helping to boost the local economy.

Country Music enthusiasts from around the state and further afield make the trek to Boyup Brook for fun filled days and star filled nights. Boyup Brook's normal population swells dramatically with thousands of caravanners and campers, utes and trucks finding the best spot to settle for a few days of music, enjoyment and laughter.

Visit the web site www.countrymusicwa.com.au for further information or phone 0897651657.

Ride For a Reason (Cont.)

Lake Grace to raise awareness and money for Lymphoma Australia. The ride ran very smoothly, apparently with a few funny mishaps by Yasmine on the way. She blew a tyre before they

got to Kukerin, but there were luckily spare bikes to go around. Struggling to keep up coming into Tarin Rock, the girls discovered that Yasmine had been riding the last 10km with the brakes on. After testing out a bike with the seat too high, Yasmine was back on the old bike and rode the last 20km brakeless. Thankfully the girls made it back without injuries.

The 10 girls at the end of their big ride on the way into Lake Grace with their support vehicle following close behind.

The Lake Grace/Pingrup Senior Hockey Club aimed to raise \$5,000 for this great cause. They are overwhelmed to see that through all their fundraising they have raised almost twice their aim, just over \$9,500.

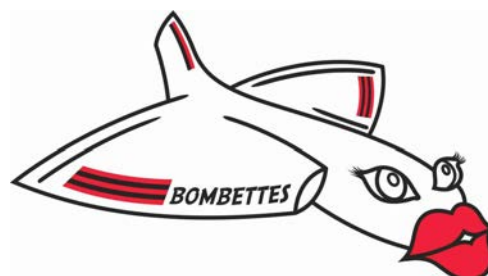

Thank You!

The Lake Grace/Pingrup Hockey Club would like to thank everyone who kindly donated to our 'Doin'it for Daz' Ride for a Reason fundraiser on Saturday the 22nd July. The event was a great success! We received such fantastic support from the extended community with our ride from Kukerin to Lake Grace. The wonderful turnout of people to the steak night and raffle at the Sportsman's Club, was a reflection of just how much our small community values and supports its members. This event would not have been possible without the efforts, volunteering and contributions from a large number of people, so thank you!

We would especially like to thank the following people, clubs and businesses for their support and sponsorship of prizes for the hampers;

Humour

A Frenchman Walks Into...

A Frenchman walks into a bar with a parrot on his shoulder. The bird is wearing a baseball cap. The bartender says, "Hey, that's neat. Where did you get that?"

The parrot says, "France—they've got millions of them there."

Ridiculous Town Name

Two American tourists are driving through Wales. They decide to stop for a bite to eat in the village of Llanfairpwllgwyngyllgogerychwyrndrobwilllantysiliogogoch.*

Baffled by the name, one of them turns to a local and asks, "Would you please say where we are—very slowly?"

The Welshman leans over and says, very slowly, "Burr-gerrr Kinngg."

Social Media IRL

I've given up social media for the New Year and am trying to make friends outside Facebook while applying the same principles. Every day, I walk down the street and tell passersby what I've eaten, how I feel, what I did the night before, and what I will do tomorrow. Then I give them pictures of my family, my dog, and me

gardening. I also listen to their conversations and tell them I love them. And it works. I already have three people following me—two police officers and a psychiatrist.

NOTICE OF ANNUAL GENERAL MEETING

Notice is hereby given that an Annual General Meeting of St John Ambulance Lake Grace Sub Centre Committee (ABN 55 028 468 715), will be held at LAKE GRACE on Thursday 17th August at 7.30pm

The AGM will appoint a newly created Committee and seek expressions of interests in the following positions;

- Chairperson
- Vice Chairperson
- Secretary
- Treasurer
- Other committee members

Registered members from Lake Grace are encouraged to lodge their nomination to the Lake Grace Subcentre;

Nominations may be received via;

ROUND 12 SATURDAY 29 JULY 2017
LGP (7) v's BOXWOOD HILL (0)

Saturday brought us another freezing cold windy day. For the first time all season we finally had our full team of 17 and were ready to face #3 on the ladder; Boxwood Hill.

The kids completely dominated the game and were confidently sharing the ball around their team mates. By half time we were 5 nil up and so it was time to change a few players around. I thought it was time to be a good sport and give Boxwood a little chance by taking my senior players off the field and it was also time to give my seven 2018 players a chance to play in the forward line; priming them up for next year as we have 10 of our players leaving!

They had an absolute blast and once again dominated the field. It was exciting to see how much these players had improved and how much confidence they'd gained. It was also fantastic to see three of my players get their first goal for the season; Josh Giles & Michael Watson (usually my two trusty full backs) and Kira Pearce.

We finished the game 7-0 but this excitement was short lived as Boxwood told us we couldn't have 6 players on the bench; 5 was the limit therefore the game was to be forfeited!! I was devastated for my kids, however, I received some very exciting news on Sunday morning from the Association to say that we were allowed to have as many on the bench as we wanted and the forfeit had been lifted; we had legitimately won 7-0.

I was super excited for my kids as they had played like champions and definitely deserved the win. Well done kids, definitely a game I will never forget!

Thank you Lyn Carruthers for umpiring our game, nice to see you didn't get wet this time!

Top Effort Awards: Luke Clifford and Kira Pearce.

Goal scorers: Josh Giles, Michael Watson, Kira Pearce, Jai Clifford, Jonty Robinson, Jason O'Neill, Troy Murray.

Back: Jonti Robinson, Lewis Gerard, Jason O'Neill, Troy Murray, Lucas Robinson, Jai Clifford and Josh Giles.

Front: Michael Watson, Luke Clifford, Tess Stanton, Holly Stanton, Kira Pearce, Ruby Stanton, Stella Dines, Reegan Marshall, Amber Pearce and Jake Cameron (goalie).

Golf Notes

Craig Reeves

Thanks to Dean from Lake Grace Meat Supply for sponsoring today's par event. Kevin Eggers continues his good form winning the day with a +3, runner-up on +2 was Chad Stanton.

Novelties for the day: nearest the pin on number 4 Martin Carruthers, nearest the pin on number 6 Stephanie Lay, nearest the pin on number 15 Dean Sounness, nearest the pin on 18 Kevin Eggers. Ladies long drive on number 10 was won by Helen Hunt and Dean Sounness took out the men's long drive on number 3.

Golf notes 30th of July 2017

Today was the first round championships combined with a Stableford competition. Peter Lay was in winning form today with a score of 38 points. Denise Gobbart, Nick Maalouf and Steve Hunt had good scores of 36 points, while Chad Stanton and Helen Hunt also had good scores of 35 points each.

Winning the first round of championships were Craig Reeves, Kevin Eggers, Matthew Spurr, Nick Maalouf, Helen Hunt and Michelle Lay. They will now move on to the second round of championships with Craig playing Kevin, Matthew playing Nick, and Helen and Michelle moving straight to the final championship round.

This coming Saturday is the Lake King Men's Open Day while Sunday is the prestigious Turkey day event sponsored by Bevan and Royce Taylor. There is a BBQ tea to follow, if all members could bring a salad it would be appreciated.

Sunday, 13 August is a stroke round sponsored by Rob Farley from Marangaroo Golf Club.

Netta Profiles

Each fortnight two of Lake Grace Pingrup's Netta players will be featured in the Lakes Link. Just starting on their netball journey the girls will tell us a little bit about themselves.

Name: Eliza

Year: 3

Favourite position:
Centre

Favourite player: Myself

How to improve your game: Not sure

Favourite movie/TV show: Legend of Kora

If you could have any pet what would it be: Rabbit

What would you do with \$50: Buy some new clothes

Favourite school subject: Art

Favourite meal: Waffles

Name: Mabel

Year: 3

Favourite position: Goal Defence

Favourite player: Payton

How to improve your game: Lower passes to shorter team mates and higher ones to taller ones

Favourite movie/TV show: Drop Dead Fred

If you could have any pet what would it be: Cat

What would you do with \$50: Buy a cheap cat and give the rest to charity

Favourite school subject: Maths

Favourite meal: Chocolate moose

Lake Grace-Kukerin Hockey Club

Danielle Robertson

22 July 2017 LG-K v Corrigin @ Kukerin

C grade 0-4
Award to Matilda Ditchburn

B Grade 1-1
Goal: Karen Faulkner
Award: Karen Faulkner

A Grade 3-0
Goals: Mel Ogilvie, Anna Taylor and Amber McPherson
Award: Anna Taylor

Whilst not all our sponsors and trophy donors were able to make it, our sponsor day was well attended by those who could this week. Thanks to everyone who made the day possible and a big thank you to all those who support our club.

Sunday saw quite a few members travel out to Lake Dumbleyung to cheer on Michelle Gooding as she completed her May you Dare challenge for the Dumbleyung CRC.

Although not the best weather for water sports (I think that was their point) Michelle put her big girl knickers on and completed her five minutes behind the boat with aplomb. She also put on at least half a dozen ski suits, wet suits and a very becoming Batman suit with tutu as was the directive of the challenge.

Teammates were there in force to offer moral support dressed in wetsuits and super hero capes to highlight the fact we think she is 'super' to take on the challenge in the first place and her fundraising efforts for Heart Kids Australia, a cause close to her heart. Michelle raised \$481.35 for the fund. Total funds were split between the Dumbleyung CRC and the contenders' charity of choice. If you are interested in supporting Heart Kids please go to their website www.heartkids.org.au to see how you can help.

29 July 2017 LG-K v Bruce Rock @ Kukerin

C Grade 3-1
Goals: Claire Faulkner, Aiden Dowdell, Gabrielle Nenke
Award: Sophie Mycock

B Grade 3-2
Goals: Annie Argent, Charlotte Edwards, Aimee Hall
Award: Annie Argent

A Grade 4-1
Goals: Amber McPherson (2), Tahryn Trevenen, Courtney Robinson
Award: Mel Ogilvie

Our last home game for the season and with only two more matches before finals it

was an important game to see our A grade remain in top spot to make the run into finals easier. Thanks to Courtney Robinson and Shannan Bradley (nee Gray) who helped us fill our A grade side this week and great to see Ellie Naisbitt and Charlotte Edwards home for a game too. The win has cemented our position at the top of the ladder and will see us minor premiers in 2017.

Our B grade are still hanging on to a chance to play finals hockey this year and had an excellent game this week with a couple of old faces showing up to lend a hand in Charlotte and Marisa Edwards. Our best wishes for a speedy recovery to Lauren Bushby who is out for the rest of the season with two broken fingers after being hit in the Corrigin game. That's three finger injuries for the season so hopefully that was the last of them!

Our C grade team is pretty safe in 4th spot but there is still a chance to be knocked out so the win was especially sweet to help cement their spot and have a chance in finals.

This weekend sees us travel to Narembreen. As usual games start at 11.15am if you want to come to support us. Our last fixtured game for the season the following Saturday, 12 August is in Kulin against KK Vipers.

Cambell Chatfield in his B Grade debut.

Rear from left – Julie Ditchburn, Aimee Hall, Mel Ogilvie, Anna Taylor, Trish Leo, Tracy Taylor, Danielle Robertson, Di Desmond, Fiona Chatfield, Robyn Ogilvie.

Front – Briony Adams, Michelle Gooding, Jess Davidson.

Lake Grace/Pingrup Football Notes

Allan Marshall

Round 12 - LGPFC vs BOXWOOD HILL on 29/7/2017

Thanks to our Sponsors for this week who were LAKE GRACE HOTEL, FARMERS CENTRE, and PRIMARIES RURAL SUPPLIES.

The weather was fine but with a cold South Westerly breeze blowing, slightly favouring the North end of the ground.

LGP A RESERVES

The Reserves game commenced at 11.15 am with the Bombers fielding a young side due to some of the older guys retiring due to continuing injury.

Quarter time score was LGP 0-0=0 Boxwood Hill 5-2=32

LGP showed signs of a game structure and some classy passages of play but the Boxwood team were just too big and experienced, turning the ball over constantly which was morale sapping for the young Bombers side. Jackson Callope and Clayton Clunie scored a goal each for the term.

Half time score was LGP 2-0=12 Boxwood Hill 13-5=83

Three quarter time score was LGP 2-2=14 Boxwood Hill 20-7=127

The same story in the final term with LGP having to contend with a very experienced and physically larger Boxwood side but they tried hard right to the end to their credit.

The final scores were LGP 3-2=20 defeated by Boxwood Hill 27-12=174

Goal scorers were Clayton Clunie and Jackson Callope.

Better players for LGP were Tom Dunham, Jackson Callope, George Chircop, Brenden Desmond and Brian Flavin.

Awards: Best on Ground Tom Dunham, Best on Ground runner up Brian Flavin and Coaches award went to Beau Varis.

LGP JUNIORS

In the Juniors game LGP defeated Boxwood Hill by 44 points in a match that the Junior Bombers were in charge for the entire match.

LGP 12-10=82 Defeated Boxwood Hill 5-8=38

Better players for LGP were Luke Clifford, Linkin Eaton and Lewis Garard.

Fed by Fyfe awards went to Linkin Eaton and Luke Clifford.

LGP LEAGUE

The match commenced at 2.15pm with the cold Westerley breeze still blowing across the ground. Umpires officiating were Herbie Hart and Jarrad Norton

From the outset Boxwood were superior in the running department and were able to kick long goals accurately whereas LGP were battling to move the ball forward

against the strong opposing backline.

Quarter time score was LGP 2-0=12 Boxwood Hill 5-0=30

Half time scores were LGP 24 Boxwood Hill 60.

Three quarter time scores were LGP 36 Boxwood Hill 90.

The final quarter was once again a disaster for the LGP Bombers as the fitness and skills of the BWH team showed through, adding 74 points to their lead, running out the match by 117 points.

Final scores were LGP 7-5=47 Defeated by Boxwood Hill 25-14=164.

Multiple goal scorers for LGP: Kane Pinney 3 and Gary Leo 2.

Better players were Luke Bairstow, Ryan Fitzgerald, Kane Pinney, Alex Duckworth, Ashton Gray and Reuben Smith.

Awards: Best on Ground Luke Bairstow, Best on Ground runner up Alistair Hunt and the Coaches award went to Justin Carruthers.

The next game round 13 is against Gnowangerup at home next Saturday August 5th.

Hockey News

Billie MacTaggart

Round 12: Saturday July 29th
LGP- 3 BH-0

Finally, with all the bye's out of the way we were back into it and ready for the home stretch. The girls put in a lot of effort at trainings and this showed on the field against Boxwood. We approached the game cool, calm and focussed with a bit of extra determination. We dominated the play throughout the entire game and Chloe was probably wishing she kept her jumper on. Missy and Donna moved the ball across the field with some great transfers, there was a lot of talk and communication on the field (clapping and hand signals from me) which was great and we really focussed on getting the ball in on our short corners. By half time we were up 2-0 with goals from Lyn and Tameka, both off short corners, with a great assist at the top from Teagan for one of them.

The second half we moved the ball just as well as in the first half. There was a great run down the field from Lyn who gave a perfect pass into the circle to me, and I pushed one in on the backboard to bring us up to 3-0. The mid line did an awesome job applying pressure to Boxwood and setting up a very strong press. They had nowhere to go and were getting very frustrated. Unfortunately, this meant a few of our girls copped a

number of raised balls. Yasmine's knee copped a battering, Nat took one in the leg and Lisa also took a ball to the stomach, but the girls, in true spirit "ran it off" and we finished the game with a 3-0 win. Awesome job girls, it was a great team effort!

Also a special shout out to Jai Clifford for making his seniors debut and did a fantastic job! Although he only got a few minutes all up, he was instrumental in bringing the ball down the field and into our attack, coming very close to getting a goal as well.

Last time we played there were no awards given so we were happy to have redeemed ourselves this week and earn our awards. B.O.G's went to the lean, mean Lyn Machine and "speak up Billie". Coaches workhorse awards went to the Taminator and proud-as-punch-mum Missy.

Netball Notes

Sheridan Kowald

ROUND 12 - 29th July 2017

Lake Grace/Pingrup VS Boxwood Hill

A Grade

Coach: Karen Bairstow

LGP: 42 DREW BWH: 42

Start of the third round and another very windy day for netball saw us take on Boxwood at home. Right from the start of the game it was an even contest right down the court, with Lake Grace Pingrup up by two goals at quarter time. The defence ably led by Claire was keeping the pressure on and bringing the ball down court. We played into the hands of Boxwood with some loose passing across court and that enabled their defenders to cut through intercepting a few passes.

With the wind swirling it was making it very trying for the shooters but they still shot some nice goals with some strong rebounds from Joely found it nearly all square at half time.

The second half was much of the same goal for goal resulting in a draw at the final siren 42 - 42.

I think it was a little reminder that this last round is going to be very tough and is still the importance of focusing on working together as a team and keeping our run and fitness up.

Best on Ground: Claire Gray - who battled all game under immense pressure and still managed to provide opportunities for the team and gave good support around the court.

Coaches Award: Brittnee Knill started in WA and when shifted into C had good run and put plenty of pressure on her opponent. In the dying seconds of the game threw herself into a contest to tie up the ball enabling us to draw the game. Great effort.

A good effort girls, lets stay focused on the most important thing and that is working together as one. Next game is Gnowangerup at home.

B Grade

Coach: Linda Vlasich

LGP: 42 DEFEATED BWH: 30

No report for round 12's B Grade match. Please find it in next fortnight's Lakes Link.

Juniors

Coach: Sharon Lampard

The Ladybugs flew out of the starting blocks this week, startling their opponents and winning the quarter 8-6. The improvement once again was so exciting to see and all of the girls should give themselves a huge pat on the back! Boxwood did come back at us in the second half, so we still have work to do at training. But as I said to the girls post game, if we keep working hard

each week we really can snap up some more wins this season.

With the full team back this week we were able to score our highest amount of goals so far of 14! We also kept Boxwood to 5 less goals in this outing, than in our last match up with them. More proof that we are heading in the right direction.

Mascot Duck was given to Kira this week who must have been feeling invigorated after her holiday adventures! Pre-game each player was asked to think of something they wanted to work on in the game. Kira wanted to work on her dodging and in WA especially she showed us her dedication to this. Well done Kira, and well done to all of the girls who continue to bring big smiles to the supporters on the sideline who are seeing their development into becoming great netballers!

Net Set Go

Coach: Kristie Hobley

Lake Grace Pingrup v Boxwood Hill

We had all of our players back this week, so with 13 girls to get on the court, it was decided to make two 'teams'. Each team played one half against the Boxwood Hill girls. Once again, the improvement amongst the players is noticeable in both their skill level and in their game play.

Good luck to Holly and Tess who are representing Ongerup at the GSNR Junior carnival this Sunday in Katanning. It will be a wonderful experience for both the girls. Also representing Ongerup from LGP are our junior players Ruby Stanton, Reagan Marshall, Amber Pearce, Kira Pearce, Sara Bray and Giana Jury, and senior players Casey Pinney, Caylah Vlasich and Mia Gooch.

Congratulations to Courtney Withnell for winning the \$100 note with number 23.

Don't Be The Next Scam Victim

Media Release

The Australian Taxation Office (ATO) is urging all Australians to keep their personal information secure and to report any suspicious activity immediately this tax time.

Assistant Commissioner Kath Anderson warns that identifying information like tax file numbers, bank account numbers or your date of birth are the keys to your identity, and can be used by scammers to break into your life if they are compromised.

"We cannot stress this enough – your personal information must be treated like your bank PIN. If someone knew your PIN, they would have access to your hard-earned income, and it's the same with your personal information and tax return," Ms Anderson said.

"The ATO works really hard to maintain the highest levels of security, but if someone gets your personal information, they can use it to impersonate you and engage in fraudulent activity."

"More than one thousand taxpayers reported their personal information had been compromised in June, up by 26 per cent from May, so we know it is a real problem at this time of year."

Ms Anderson said all reports of identity theft are taken

seriously, with the ATO working directly with taxpayers when they suspect their identities have been stolen, misused or compromised.

"We are committed to supporting victims of tax scams and tax crimes. If you think your tax file number has been stolen or compromised, you should contact our Client Identity Support Centre on 1800 467 033 right away," Ms Anderson said.

"By alerting us we can immediately take steps to secure your identity and limit the damage done by scammers. Your information also helps us understand the constantly evolving scams and therefore better protect the community from falling victim to them."

Ms Anderson said the best defence against scammers was keeping your information safe and knowing what to do if you are targeted.

"You can't be too careful when it comes to your personal details. If you are contacted by anyone purporting to be from the ATO and you have any doubts about whether it is legitimate, immediately hang up and get in touch with the ATO to verify the call."

Ms Anderson said the ATO makes thousands of outbound calls to taxpayers each week, but there are

SALT ROCK BAND

Newdegate vs Lake Grace

@ Lake Grace Sportsman's Club

Why not come home and enjoy a steak dinner at your Sportsman's Club, orders start @ 6.30pm to 8.30pm. Then get amongst our local band for the rest of the evening.

Don't Be The Next Scam Victim (Cont.)

key differences between a call from a scammer and a legitimate call from the ATO.

"Tell-tale signs include a caller threatening you with arrest or jail, aggressive or rude behaviour, or asking you to pay money into strange bank accounts or settle tax debts with things like gift cards or iTunes cards. We would never do this," Ms Anderson said.

"If something doesn't sound right, you can always check your myGov account, ask your tax agent, or call us directly on 1800 008 540 to see if the contact is legitimate. Be especially wary if you're asked to make a payment, make sure you only use one of the methods listed on our website."

How to spot a scammer

Everyone can play their part in stopping scammers. Your reports help protect the Australian community.

The ATO will not:

- > be abusive or offensive to you
- > threaten you with immediate arrest
- > ask you to transfer money into an account with a BSB that is not 092009 or 093003
- > request payment via unusual methods such as iTunes gift cards or other prepaid cards
- > request personal security information such as your TFN or your bank details via email or SMS or social

media sites

- > ask you for money up front in order to receive a refund or other payment
- > direct you to download files from the internet

The ATO will:

- > provide you with a range of options for paying debts, which are all set out on our website at ato.gov.au/howtopay
- > contact you by phone
 - if you are in doubt about the authenticity of a call claiming to be from the ATO, you can call us on 1800 008 540 to verify
 - you will generally be aware of any debt before it is due for payment, but you can check through your myGov account, your tax agent or by calling the ATO
- > send emails and SMS asking you to take specific action such as:
 - provide additional information required to process a BAS or tax return lodged
 - provide additional information required regarding an application that's been made
 - verify changes to an account
- > send general notifications and reminders via SMS or email
- > send promotional and informational SMS and emails

Most of It's True

A Memoir by Andrew Coad

Andrew Coad was born in Lake Grace in 1941.

His maternal grandparents were pioneer farmers from the area and his father took up land after returning from the First World War in 1921.

Andrew, after attending boarding school in the mid-1950s, farmed in Lake Grace for over 40 years.

This is his personal memoir of his life and captures some of the stories of his family and others living in Lake Grace and rural Western Australia during that time.

Sudoku

- ☐ The Sudoku grid of rows and columns is divided into individual 3x3 boxes.
- ☐ The aim of the game is to fill each row, column and 3x3 box with the numbers 1 to 9.
- ☐ You can't repeat numbers in a row, column or 3x3 box and you can't change the numbers already in squares.
