## New Ambulance Building Powering Up

Amanda Milton

**Rex Walker and Darren Spencer from Lake Grace Transport delivering building materials.**

It has been four weeks since our last article and things have been a little slow on site.

We were aiming for lockup (minus the garage doors) by the 24th June, but we only got there on the 29th July. However this does mean the building is water tight (bar the garage doors), and all of the door handles and door finishes have been completed. Our thanks to AK Homes Contractors, Brett Henshall of Brett's Carpentry and Renovation and Crowie Hunt of Crow's Carpentry for returning to Lake Grace to get the job done. Crowie was right about being back on Wednesday, he just forgot to tell us which Wednesday. (Oh..... and Brett is convinced that Nat Fyfe is going to play for the Eagles next year.....)

Even with some additional delays this last month, at the time of publishing we are at day 94 of the build, and are

still looking for the building to be completed in September .....just late September not early September.

So what have we been up to? AK Homes Contractors, Tigerspark Electrical have completed the building wiring, and there is now an assortment of cables snaking through the building. The cables now culminate in a spaghetti diagram where the meter box will be installed, inside the Mass Casualty Kit room. Tigerspark electricians, Alistair and Steve roped in their roustabout Andrew Hunt to get the job completed. As the training floor ceiling has been changed from a 2700mm ceiling, to a ceiling on the rake, the wiring got a little more challenging with no ceiling cavity. The other main challenge was getting cabling from the main building to the garage through structural steel beams. However

# Editorial

- ☺ Well the better half and I had a lovely (but brief) holiday; a big thank you to Trish Medlen and Alison Dines for holding the fort while I was gone. Aside from the fact that it was lovely and warm I would have to recommend Cairns as a great holiday spot. There's plenty to do and a huge selection of eateries to drop into for a meal, we even have a local connection with Laure Ann Maalouf's brother, Tony and his wife having their restaurant 'Barnacle Bills' on the Esplanade. Good food too!!! The scenery is quite beautiful, plenty of hills, green grass and palm trees. If you every think you're having a bad day there was a truckie having a worse one up in the Daintree; a moment of inattention and his left side wheels were in the gutter and the truck was leaned up against the cliff face going nowhere. I would have loved to have taken a photo but there's a shortage of places to pullover (apparently) and that probably would have been a case of being amused at someone else's expense. On the bright side it could have happened when the truckie was coming down the mountain, it was quite a sheer drop on that side and there would have been no coming back. Hooray for flat ground I say.
- ☺ Don't forget that **Centrelink** are visiting us on Tuesday 30th August. To coincide with their visit we will be holding a digi day; whether we like it or not many of our services are easier to access via the internet than via a real live human being. So come along and learn how you can make your experience with Department of Human Services a little easier, don't forget that Medicare comes under their umbrella and a claim via the Medicare app is much simpler than filling in a form. I have noticed that the ATO is going to be with the DSH mobile office, could be a good opportunity if you're having a few issues or your child needs to apply for a Tax File Number.
- ☺ With the winter sports Grand Final approaching and wild flower season around the corner we have set the date for a **Litterpick** so we can give the town a bit of a spruce up. So if you have some spare time on Sunday 28th August we'd love to hear from you. If you don't want to pick litter but love baking scones then we'd also love to hear from you!
- ☺ Thank you to everyone for getting their **news and notes** in, the sporting clubs in particular have been excelling themselves with getting their material in in a timely fashion. If you have anything happening in your club / business / organisation and you think it would be good to put in the Links then we would love to hear from you. We need as much local content as possible to keep the paper as interesting as possible.
- ☺ The rug making is still happening every Friday, if you would like to learn to crochet then please come along. If you don't feel like crocheting or hand sewing then please bring along your own project to do. At this stage two of the hand sewn rugs are being quilted and there are half a dozen blankets that have been crocheted. Everyone is more than welcome.
- ☺ Just a reminder that the Breast Screen van will be in Lake Grace from 22nd to 29th August. Ring 13 20 50 to make an appointment.

Suzanne Reeves

## Workshop Calendar...

### MC, HC & HR Licensing Training & Assessment

- 23rd & 24th August. Contact the CRC for information on costs etc.

**Centrelink 'Digi Day'** - Tuesday 30th August.  
FREE.

**Coeliac Awareness** - Tuesday 25th October, 11am.  
FREE.

**Windows 10** - Coming.

**Facebook** - Need names. FREE. Changing your settings, loading photos or documents, sharing, finding friends and more.

If you are interested in any of the above please phone the Lake Grace Community Resource Centre on 9865 1470.

## Litterpick

### Sunday 28th August

Lake Grace Townsite

9am - 10:30am

Morning tea to follow

Meet at the CRC to collect bags, bring your own gloves.

**Lake Grace / Pingrup Winter Sports are hosting the Grand Final for 2016 on Saturday 3rd September.**

**Let's put our best foot forward and give the town a bit of a clean-up.**

**Register your interest with the Lake Grace Community Resource Centre on 9865 1470 or [lakegracecrc@westnet.com.au](mailto:lakegracecrc@westnet.com.au)**

# Graham Returns To His 'Love' at Lake Grace

## Media Release

It's been 30 years since Graham Witt lived in Lake Grace, but the new CSBP Area Manager has returned with gusto.

The region has always been quite special to Graham, mainly because it's where he met his wife, Elaine, all those years ago.

After growing up on a wheat and sheep farm near Grass Patch, Graham worked for the CBH Group and was based in Lake Grace during harvest, which is when he and Elaine first crossed paths.

He worked as a green grocer in Esperance for a few years before moving to Elaine's home state of South Australia, where they raised their two boys.

Not long after the move, Graham studied a business course and began working in the smallgoods industry.

He then spent 18 years working in the hire industry, which mainly involved earth moving equipment, and last year completed a Diploma of Management.

The industry was hit hard by the global financial crisis and mining and construction downturn, which prompted Graham to look for a new opportunity and he jumped at the chance to return to agriculture.

"The earth moving industry is dominated by a lot of family businesses, which is a lot like farming, so there are similarities between the two, particularly establishing and building relationships," Graham said.

"I've always loved the farming sector. My three brothers were all farmers. Two are now retired and one works on a farm at Three Springs, so when the opportunity came about with CSBP, it was too good to pass up."

Graham's wife, Elaine, has yet to join him, as their youngest son is completing year 12 at school in Adelaide. She will make the move once he has completed his studies.

This has made the move a little tougher for Graham, but he's thrown himself into his new position and jokes that he was more than happy to bring the rain with him.

"The season is looking very good and has plenty of potential, so it's been a good year to arrive," he said.

"I'm particularly interested in the technical side of the business and am looking forward to helping people make the most of tools such as FERTview, NUlogic, myCSBP and GreenPrecision.

"I can see myself spending a lot of time sitting down with clients to help them understand and decipher

**CSBP Lake Grace Area Manager Graham Witt and local farmer Trent King pictured inspecting a flourishing export hay crop on the King's property.**

results, to make it as simple as possible for them to use these tools.

"Being such a good season so far, I'm also keen to encourage farmers to consider plant testing so they can be more targeted with their nutrition and make the most of the yield potential."

When he's not working, Graham has a particular passion for ancestry and history, and spends many hours researching and piecing together his extended family tree.

He also loves old machinery and has an appreciation of good wine.

There's no denying that Lake Grace is a little different to Graham's former abode in the Adelaide Hills, but amid touching base to introduce himself to clients, he's already familiarised himself with the two local wineries.

16th August	Glenda & Arthur Slarke

## The Lake Grace Cricket Club Inc.

Will be holding their AGM for the 2016/17  
season on Wednesday 10<sup>th</sup> August

at 6:30pm

at the Lake Grace Sportsman's Club Inc.

All past, present and future members are  
welcome. Any queries please contact  
Reid Stubberfield on 0429 651 069.

## Lake Grace Weather

- the not so clued up weather person

Unfortunately we haven't as yet sorted any interesting weather data to include with the temperatures and rainfall (though we have found a very cool pic of dogs in scarves). If you're a bit of a weather buff and would like to offer up some monthly statistics then we would love to hear from you!

Date	Min	Max	Rain
20/7	0.7	14.8	
21/7	5.5	12.2	
22/7	4.4	11.9	1.6
23/7	6.7	13.0	
24/7	-0.2	10.8	0.8
25/7	4.8	14.9	
26/7	4.1	15.5	
27/7	3.9	16.0	
28/7	4.2	17.2	
29/7	4.6	21.2	
30/7	7.6	17.5	0.2
31/7	9.0	11.8	0.2
1/8	-1.2	14.4	1.2
2/8	0.3	14.7	
3/8	3.5		

## INDEPENDENT LIVING CENTRE SATISFACTION SURVEY

The Independent Living Centre (ILC) of Western Australia is seeking feedback from its clients and customers living in regional Western Australia to help improve our future services. As a valued supporter of the ILC, we are asking you to complete a brief survey about your use and satisfaction with the ILC's regional services. All completed responses will go in to the draw to win one of five \$100 Coles/Myer or Woolworths vouchers of your choice.

This survey is being conducted by our independent evaluator, Dr Stacey Waters from Health Promotion Solutions. If you have any questions about this evaluation, please contact Stacey by email: [stacey@healthpromotionsolutions.com.au](mailto:stacey@healthpromotionsolutions.com.au)

If you have any questions about the ILC or wish to know more about our services after you complete this survey, please call us on 1300 885 886 or visit our website: [www.ilc.com.au](http://www.ilc.com.au).

To get the link to go to the survey please contact the Lake Grace Community Resource Centre and we will forward to you or alternatively contact the ILC direct or email Dr Stacey Waters on the above email.

# A Word From the Shed

Allan Zweck

Our last regular meeting at the Men's Shed had a difference, as Joe Trevenen treated us to a rendition of some of his repertoire of songs. For more than an hour Joe sang mainly country songs and old hits, of the style of Johnny Cash, Slim Dusty and Conway Twitty to mention a few. When the words were known to some of the men they quietly sang along, while others kept up a steady foot-tap to the beat.

After our usual 'talkfest' the morning was rounded up when 'Master Chef', Kevin Seaman cooked up a 'sausage sizzle' on the barbecue for us. It was a great promotion with 26 men in attendance. Many thanks to Joe for his entertainment, and to Kevin for his cooking. All welcome again next Tuesday – see you then!

**Far Right: 'Head Chef' Kevin Seaman mans the BBQ.**

**Right: Joe Trevenen entertains those attending the Men's Shed.**

# Terrence 'Terry' Gladish

30/03/1947 - 12/07/2016

## *Spoken by Eoin Gladish.*

Terry, Brother, Husband, Brother in law, Dad, Granddad, Post Master and TG.

For the last 37 plus years the majority of people here today celebrating Dads life will have known him as Terry at the Post Office. Need to find someone? Ask Terry. Need directions? Ask Terry. Looking for a particular date? Ask Terry. Need a postcode? Ask Terry. How much rain did we have? Ask Terry. Want to know a sport score? Ask Terry. Who's the new person in town? Ask Terry. It was often quicker for the police to ask Dad who someone was than for them to look it up. Dad even helped catch a few shady characters back in the day that had been through and cleaned out a few businesses in town including his own. If it wasn't for Dad creeping around at 3 in the morning (that point to be explained later) and decide to head straight to the police house after realising something was not right, a particular couple would have been long gone. Instead they didn't make it too far past Dumbleyung. Dad never did get his cash back although he did end up with a new safe, which on Tuesday morning last week became a slight problem. We thought there was a possibility we were going to have to crack that safe open again with the use of one of Steve Mac's oxy just like the couple had all those years ago. The loss of Dad has taken us all by shock, we weren't prepared and he wasn't ready to go. He has taken so much with him including the combination to the safe but he has also left us with so much love, knowledge, wisdom, friendships, stamps and weather statistics that I hope will always be remembered.

Dad was born on the 30th March 1947 to Bernard and Bonnie Gladish in Albany, the eldest of three siblings with younger brother Kevin and little sister Ann. Dad spent his early years on the small farm at Marbellup and later at the family farm "Bon Bern" opposite the airport on Albany Highway, now the location of a tree plantation. Dad lost his own father at the age of 12 and being the eldest he took on the role of helping Nanna Bon around the farm including the task of milking the dairy cows morning and night. Dad's commitment and work ethic started young.

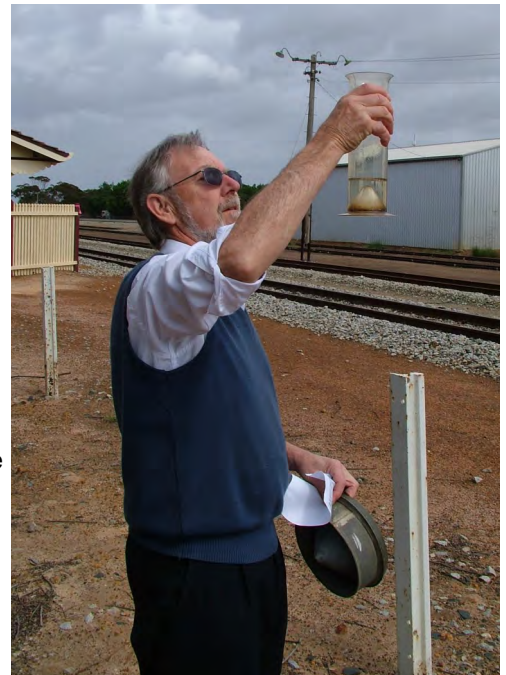

He was always an Albany boy, every week he would pick up his Advertiser from Murray George so he could keep track of what was happening in the town and the sporting teams. Every time there was someone drafted in the AFL from the area he would tell you about it and continue to remind you! It's fair to say Dad didn't talk a lot about his childhood, he did it tough. Losing his father at a young age continued to hurt Dad throughout his life. Dad never told us many stories from this part of his life however when he did it was often about his days in the air force cadets and his ability in the cross country, an athletic trait that he failed to pass on to his three children. However, it's no surprise that Dad enjoyed running, I'm sure its where he felt the most comfortable with time to be with his

own thoughts.

Later in life once Dad had left Albany he would return with his family to visit Nanna and Kevin. We would make the trip down every 6 weeks with all of us getting in to the wagon early on a Saturday

morning to the sound of the ABC news followed by Dad's choice of music, generally a mix of sixties classics and Paul Simon. As kids we always preferred Dad's choice of music over Mums with one of us accidentally ensuring Mum's choice of Foster and Allen Irish ballads were left out of the car. Dad was a committed driver never stopping for a car sick child, instead placing Meredith in the middle so she could pass the sick bucket between Louise and Eoin. We would also squeeze in a haircut followed by fish and chips or Hungry Jacks which was more of a treat for Dad than the rest of us. Dad and I (Eoin) would get our hair cut by Eli as soon as we got in to town, I think Dad enjoyed keeping in touch with all the Albany news which to be honest tended to be mostly about golf.

Many of you know Dad from just his time at the Post office however I'm sure there are a few here today that remember Dad prior to this. Following school in Albany Dad began a job as a Telegram boy which would begin his long association with Australia Post. In 1966, Dad headed to Perth to begin his Postal clerk training and learn his craft in the Post Office which would eventually total over 52 years. He spent time training in the city before becoming a relief postal clerk that would see him tour the Wheatbelt and Great Southern. It was during this time that Dad became known to a certain girl working at the ESSO petrol station in the town of Lake Grace. At the time Dad was relieving in the office and would spend Monday to Friday in town before shooting back to Wickiepin for a weekend of footy. This however changed as when his time in Lake Grace finished and he moved to another town his weekends all of a sudden were spent back in Lake Grace. His courtship of Mum was under full swing with the two of them spending weekends at dances across the district from Pingrup to Pingaring with the other Junior Farmer members. At the same time Mum's sister Wendy was also being wooed by who we know today as Uncle Peter. With Dad and Peter turning up to Nanna and Pop's house to pick up the girls. Dad's favourite memory is one such trip from Pingrup back to Lake Grace. Dad had never known a trip to take so long, Uncle Peter had decided to mix a few drinks and

# Terrence 'Terry' Gladish (*cont.*)

was feeling under the weather. Mum and Aunt Wendy were clever and drove back together with the two boys in a separate car. Dad reckons he had to stop every 2 miles so Uncle Peter could open the car door and dispose of the fluid he had consumed.

Dad was a romantic at heart and his proposal must have been remarkable if only Mum could remember when, where or how! Almost more romantic was Mum and Dad's honeymoon, after their wedding here in the church on the 28th April 1973 the two spent their first night as a married couple in a town that oozes romance, Narrogin. It was after this first night that Dad said to Mum, 'Well the honeymoon's over if you tell anyone we are on our honeymoon they will charge us double for the room.' Dad's fondest memory of the trip which would eventually end in the popular seaside resort town of Carnarvon was watching the FA Cup final in bed while they were in Geraldton. Dad wasn't sure but he thinks West Ham won it.

Mum and Dad spent the next few years living the life of gypsies, starting in Dumbleyung where they became proud parents for the first time in 1975 with the birth of Meredith although both Mum and Dad were expecting her to be a Beverly baby she decided she liked Dumbleyung better.

Followed by stints in Beverley, Kulin, Mt Barker, Denmark, Cranbrook and finally back to Wickepin with life spent in and out of caravans. Most people often picture Dad with a cup of tea in his hand rather than a beer. However there was a time when Dad loved a drink and smoke. It was his Wickepin days that Dad held so fondly especially his time at the footy club as treasurer and his constant work ensuring the club survived with every fundraising venture possible. Once again Dad always kept track of the community and pretty much knew every family in the town. It was in Wickepin which we like to think Dad decided to give up the drink, it was 1977 when Mum was in labour with their second child (which happened to be Louise). The word went around town "Where is Terry" Dad so happened to still be celebrating Wickepin's grand final triumph from the previous day and was being pushed around the town in a wheelbarrow. It makes a good story that Dad gave up drinking following the birth of his little girl Louise but really it was just because he had ulcers!

One of Dad's fondest memories was driving around Australia with his great Wickepin mate Uncle Ross. If only we all knew a few more tales from their trip I'm sure it would make a great read. Only a couple of months ago on Dad's 69th birthday he was incredibly chuffed to get a call from his great mate Rocky, easily his favourite gift of the day.

In 1978 Dad had a choice to make on a permanent position with offers for both Corrigin and Lake Grace, surprisingly Mum wanted Corrigin but Dad ultimately chose Lake Grace a decision that would last almost 38 years. Dad's ultimate success story came late in 1980 with the birth of a son. Mum really wanted a fourth child but Dad was happy to finish with perfection and settle while he was ahead.

It's in the office that Dad hit his groove, with not only the mail side of the business but also his new found love of weather which required reading and transmittal every 3 hours. Dad would take alternative readings throughout the day and night with Geoff, who at the time had hair. It was this 3am reading of the weather that allowed Dad to notice something was not quite right and alert the police. Dad loved his weather and could read the clouds well. His moment of fame earned in 2006 when he got the opportunity to talk with Kochie on Sunrise about the great flood of Lake Grace. The ever professional Terry was unflappable he could have been talking to anyone let alone live breakfast TV. It upset Dad when the weather was changed to an electronic station although Dad did have the last laugh however because a computer couldn't replace the water for the wet and dry bulb.

In 1993 Dad had the opportunity to purchase the office and become the second licensed post office in the state, with Corrigin ironically the first. The office eventually became Dad's fourth baby; not quite what Mum was expecting. Dad loved working in the office, we all know he got grumpy but to be honest it was his face that everyone saw every day of every week and it was hard to hide behind a door when every second person forgot their key! Dad had his regulars that he would love to have a chat with each with a different and varied topic he would always get an update on all rainfall or lack of from around the district which he could then pass on to the next.

It would be countless the number of local children that have been taken through the post office on kindy or school excursions. Dad has seen so many children grow up in the town and eventually have their own children come for a tour of what happens in the life of a letter. He always felt one of his most important jobs was to ensure that all of Santa's letters from the local children not only arrived at the North Pole on time but also that Santa's response made it back to them. Most recently Dad's biggest buzz has been the young local who grew up in front of him as one of those little kids that came to post a letter and how Nathan would always find time to come and see him when he was back in town. Dad's next hot tip for a local star is Fletcher Taylor, another little local who Dad loved to have chats with and thinks will only be a matter of time before he is starring on the hockey field.

Dad always had his faith and he spent a lot of time here in the church. His faith started back when he was a small boy when he would attend Sunday school which eventually turned in to time as a choir boy and server at St Johns in Albany while living in Patrick Taylor's cottage with his grandfather. Dad spent many a Sunday morning here at church with Mum and we three kids right down the back and closest to the door. Jack of all trades Dad even got to baptise a couple of local children.

Dad hit the jackpot when he met Mum, he not only gained a fantastic wife he also married into a family

# Positive Progress....

Alison Dines

Creativity is still alive and well in the Seminar Room at the CRC on Friday mornings with crocheters and patchworkers industriously working towards their goal of donating even more lap rugs in 2016 to 'Wheelchairs For Kids'.

Last year about a dozen women learnt the art of English Paper Piecing and created about 150 blocks, each made up of 3 diamonds hand sewn together. These blocks have since been sewn together to form 4 lap-sized quilt tops and the next step was to sandwich them together with wadding for warmth and a fleecy backing for softness and comfort.

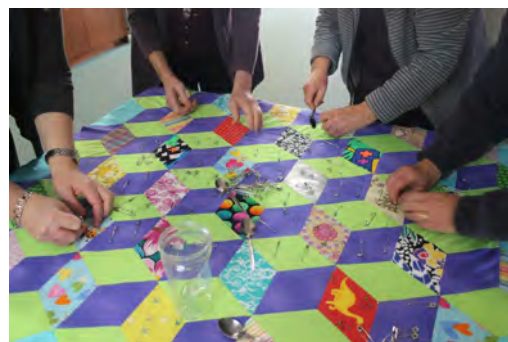

Learning how to maintain sufficient tension on the backing and then pin safely through two thick layers and a precious handsewn top layer was a little tricky at first. However, after experimenting with a few different techniques the task wasn't too daunting at all. With five sets of hands working together there were two quilt tops successfully sandwiched and perfectly pinned in no time at all.

These are now ready for quilting, one by hand and one by machine, and after that they will be bound and labelled. If you would like to join in with this project, please drop in to the CRC on a Friday morning and stay for a cuppa. Beginners to experts are all welcome.

With so much love and effort poured into these quilts they are sure to become very precious and treasured by the special children who receive them.

**Many hands make light work!**

**The ladies learnt a few different pinning techniques, including using a teaspoon to pin accurately!**

## Job Opportunity – Qualified Educator (Newdegate)

We are a well established Mobile Childcare Service seeking a suitably qualified educator to fill the above position in our Newdegate Mobile Daycare.

This is a permanent position and you will be assisting to take care of children aged 6 weeks to 6 years. A key part of the role is assisting the Co-ordinator with planning implementing and evaluating high quality, flexible and innovative educational programmes for children.

We offer an award rate salary and great working conditions.

You will be required to work Thursdays 8.30am – 3.30pm and we also may be able to assist with transport.

If you love working with children or are interested in starting a career in childcare then this is the job for you!

For more information about the position or to send through your resumes please email our Mobile Co-Ordinator Lydia Murray...

## Coming Up On Cover to Cover

To her clients and colleagues, Iris is a therapist in a city psychology practice. But to the police and fire services, she is the Fire Lady - a profiler of arsonists. After a troubled young man burns down her office, Iris just wants a quiet life. But her peace is shattered when a bomb goes off at a local school. Called in to help, Iris meets James, delusional and dangerous, and Chuck, a lone investigator tracking a serial arsonist he calls Zorro. As public attacks become more orchestrated and brazen, Iris is soon embroiled in the investigation - as a profiler and as a suspect, and in serious doubt about her own sanity.

This is the plot of Ron Elliott's latest book, *Burn Patterns* (Fremantle Press). Cover to Cover host Meri Fatin will be chatting to Ron, discussing his new crime thriller on Westlink at 8pm on Wednesday 24th August. It will be repeated several times.

Cover to Cover is produced by Writing WA in conjunction with Westlink and features West Australian authors. It is an opportunity for our local authors to get some much needed exposure.

Ron Elliott is a scriptwriter, director and academic. His directorial credits include a feature film, *Justice*, and episodes of ABC programs such as *Dancing Daze*, *Relative Merits* and *Studio 86*. Ron has written for *Home and Away*, *Minty*, *Wild Kat*, *Ship to Shore* and

many more children's television series. In 2001 he wrote the AFI nominated telemovie *Southern Cross*. Ron also lectured in Film and Television at Curtin University.

The following episode, first broadcast on Wed 21<sup>st</sup> September, features Sam Carmody who will discuss his debut novel *The Windy Season*.

**NRM / LANDCARE***For the Shire's of Kent & Lake Grace.***EXPRESSIONS OF INTEREST****'Due By October 2016 (Pre-Harvest)'**

*It is anticipated the State NRM Program's Community Capability Grants will enable further NRM/Landcare services to be offered to local landholders and community groups in the Shire's of Kent and Lake Grace district from August 2016. We are encouraging the lodgement of expressions of interest with any of the following NRM/Landcare topics, which will be used to develop funding opportunities and/or approval of regulated activities.*

**Water & Weather:**

- Farm-Water Rebate Scheme (20K/business and scheme-connected farms now eligible!), for water infrastructure such as tanks, dams, roaded catchments, solar pumps, etc.
- (Regulated Activity) Mitigation of saline groundwater effected land with drainage and/or pumping works, which will be referred on for regulation assessment.
- Access to weather forecasting and recording systems.

**Soil & Groundcover:**

- Paddock soil-landscape risk classification via remote-sensing and zone mapping.
- Paddock soil amelioration and improved fertiliser efficiency.
- Paddock groundcover of pastures, fodder shrubs, crops and agro-forestry.
- Carbon credits from soil or groundcover.

**Invasive Species:**

- Management of invasive plants and plant diseases.
- Management of invasive animals and insects (including 1080 baiting).

**Biodiversity, Bushlands & Heritage:**

- Farm-fencing to exclude livestock from bushland, waterway and/or revegetation areas.
- Revegetation and/or installation of artificial habitat.
- (Regulated Activity) Bushland clearing/burns, referred on for regulation assessment.
- Access control/signage to protect/promote natural and/or cultural heritage areas.

**Renewable Energy & Recycling:**

- Solar, wind and biomass.
- Local recycling, such as composting of green-wastes.

**Eco-Engagement:**

- Outdoor activities such as trail development and eco-sport, community gardens, etc...

**Please Lodge Interests To:****Mr Paul Leoni – NRM/Landcare Community Support Officer, Shire of Kent.**

# Insurance Tips # 13

*Justin Wright & Kerry Hitchins*

This year's cropping program was on target and on time and the Clegg's were planning their maintenance program for the next few months. Barry had always impressed on the boys that maintenance kept things working when they needed to work and helped avoid surprises along the way.

With everyone home for the uni holiday break, this was a good time to get some of the large machinery out of the sheds and make sure that no vermin or birds had made engine bays their homes and chewed through wiring.

Of course the best laid plans can oft go astray, and while moving the header, Clayton managed to scrape the side of the shed causing some damage to the header, but seriously undermining the structure of the shed. As the wind picked up it looked like the shed was in danger of collapse. A decision was made to move all machinery out of the shed and park it up in the most sheltered positions they could find.

A quick call to Justin had an assessor at the farm within a day, and he confirmed that the shed would need urgent repairs. The shed was insured for a fair and reasonable amount under farm property section of the Clegg's farm insurance policy. A local building firm was

called in to quote on the job. They were able to get a quote to the assessor within a week and the assessor approved the quote and the builder and the Cleggs began to work out a timeframe to have the work completed.

The header was still in working condition, though some damaged panels would let a lot of dust get into the motor and so would need replacing. The local dealer was able to quote on the replacement parts, the quote and images obtained and assessed by Elders motor claims people. The repairs were authorised and our local dealer was able to order in the parts needed.

And now, with crop insurance upon them, it is time to work out potential yields for this year's crop and get those estimates back to Justin.

If you have any insurance queries, please contact Justin or Kerry on 98653500.

# Free Mammograms for Lake Grace Women

## Media Release

If you are a woman aged 40 or over you can access the FREE screening mammography service in Lake Grace. BreastScreen WA's mobile service will be located at Lake Grace Shire Hall, Bennett Street from 22/08/2016 to 29/08/2016.

Breast cancer is the most common life threatening cancer for women and one in eight women in Australia will develop breast cancer in their lifetime.

Having a screening mammogram (breast x-ray) every two years significantly increases the chance of a woman surviving breast cancer and reduces the amount of treatment required. More than 75% of breast cancers occur in women over the age of 50. Research shows that screening is most effective for this age group.

BreastScreen WA's Medical Director Dr Elizabeth Wylie, said screening mammography was the most effective method for early detection of breast cancer.

"Screening every two years is vitally important to increase the chance of a breast cancer being detected when it is too small to feel or be noticed. Finding a cancer at this early stage often means that the breast cancer is small and more treatable".

"A free screening mammogram is one of the best things that women can do to look after their health. Breast screening saves lives and only takes 20 minutes," said Dr Wylie.

Screening mammograms may detect up to 90% of breast cancers.

Any woman with a persistent change in a breast should see her doctor immediately.

The mobile service will then be moving to Dumbleyung and Wagin.

BreastScreen WA encourages women to make an informed decision about having a mammogram. For more information please visit the BreastScreen WA website [www.breastscreen.health.wa.gov.au](http://www.breastscreen.health.wa.gov.au)

Ring 13 20 50 to make an appointment. Early detection is your best protection.

## MEDICARE CARD

When you present to the hospital, please remember to bring your Medicare card!

# Pingaring Quiz Night

Friday 19th August

Doors open 7pm, heads down by 7:30pm

Tables of 6, \$20 per head.

At the Pingaring Golf Club

Door prizes, novelty games and raffle.

Nat Fyfe memorabilia to be auctioned during the night.

No EFTPOS available.

Licensed Bar. NO BYO. Packets of crisps available to purchase,  
bring your own nibbles. Tea & coffee available.

Funds raised from the night will go to:

- ◇ RFDS
- ◇ Lake Grace St John Ambulance Sub Centre
- ◇ Hyden Silver Chain
- ◇ Camp Kulin

Contacts for booking tables:

Jeni Wyatt – 0429 668 090

Kathie Thompson – 0458 668 055

# Farmers Going Online For New Tools

Media Release

There's been plenty of interest in CSBP's new online tools, designed to support growers with on-farm nutritional decision-making.

The self-service customer portal, myCSBP, and nutritional soil data management tool, FERTview, both help you save time and increase efficiency.

With myCSBP, you could be out in the middle of a paddock at any time of the day or night, and still easily access and manage accounts and nutritional information.

You can access and alter appointment bookings and notifications, contract acceptance, fertiliser schedules, forecast updates, track and view soil sampling results and access NULogic reports.

CSBP has also moved to align its range of nutritional support tools to make soil data management easier for customers through seamless information flow.

With the Sampling Pro app, you can submit soil and plant sampling sites based on GPS straight to the CSBP Soil and Plant Analysis Laboratory.

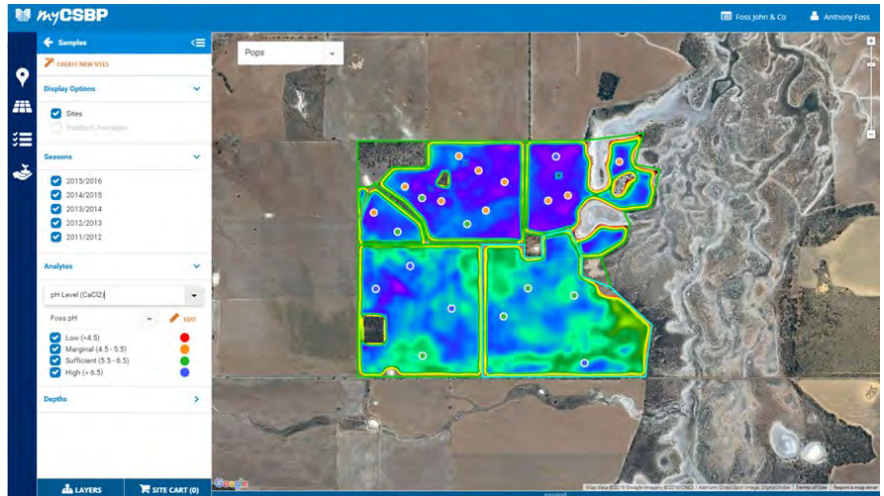

Once the lab receives the samples, the data is then analysed and inputted into your myCSBP portal.

For more in-depth analysis of soil and plant data, you can then use the new FERTview program to review live digital farm maps with biomass imagery, rotation plans, yield data (if loaded) and sample sites, as well as view nutrients at paddock or site level.

This allows you to more efficiently and effectively interact with soil data and plan your nutritional requirements.

FERTview stacks the layers of data, with sample sites and associated information always viewable on top of any other layer.

Built on Google Maps technology using the Google

Earth engine for processing, FERTview was designed specifically for WA farmers and incorporates significant farmer feedback over the past 12 months.

CSBP is the only agricultural company in Australia to use the technology.

# Commemorating 100 Years of ANZAC

Allan Zweck

***Each of the soldiers listed on the Lake Grace Honour Roll will be featured in the Lakes Link News, as close as possible to 100 years from their enlistment. It is now 100 years, 10 months and 4 days since Joseph Willis signed up.***

**WILLIS – Joseph Daniel**, was born at Bendigo, Victoria in 1882, and at the age of 33 years and 7 months enlisted in the Australian Imperial Force on 30/09/1915. He was an unmarried man, and gave his address as Wagin, though he was employed at Lake Grace as a farm labourer. Private Willis had also done a five year apprenticeship as a boot maker. At 5 feet 8 inches tall, (173cms) and weighing 138 lbs, (63kgs) he was of fair complexion with sandy coloured hair. He gave his father Joseph Robert Willis of Bendigo as next of kin, and his training was at Blackboy Hill. In the beginning of his training he was in the 31<sup>st</sup> Depot, but had several moves before he was taken into the 12<sup>th</sup> Reinforcements / 16<sup>th</sup> Battalion a month later.

On 22/12/1915, Private Joseph Willis embarked the *Ajana* for active service abroad, where it would seem that he disembarked in Egypt, to undergo further training. On the 3<sup>rd</sup> of March 1916, he was transferred to the 48<sup>th</sup> Battalion at Zeitoun. He was taken on strength at Tel-el-Kebir and proceeded to join the British Expeditionary Force on 2/06/1916, where he embarked at Alexandria and disembarked at Marseilles a week later. Two months later he was wounded in action, in France, when he took a gunshot wound in the back, and four days later he was admitted to the 6<sup>th</sup> General Hospital, Rouen. Another four days later he was invalided to England, embarking the *St George*, and admitted to the 1<sup>st</sup> Southern General Hospital, Birmingham, where it was found a bullet had lodged an inch (2.5cms), from his sixth vertebrae, (in the neck area), which fortunately caused no serious damage. Nearly 3 weeks later he was transferred to the 1<sup>st</sup> Auxiliary Hospital, Harfield, and a bit over a month later he marched in from the hospital to No1 Command Depot, having recovered from his wound. He was then granted furlough. A month later he reported at Perham Downs, having over-stayed his furlough, and had committed the offence of being absent without leave, from 21/10/16, 9 pm to 3/11/16, 9 pm. For this offence he was given 168 hours detention, and had to forfeit 21 days pay.

Having served his time, he marched in to the 12<sup>th</sup> Training Brigade, Codford, from where they were to proceed overseas to France from Folkestone per the *SS Victoria*, and on the 4<sup>th</sup> of February 1917, they marched into the 4<sup>th</sup> Australian Divisional Base Depot, Etaples. Private Willis was again taken on strength with his 48<sup>th</sup> Battalion, and they proceeded back into the battle field. After two months Private Joseph Willis was wounded for the second time on 11/4/1917, in action in the 'Field' in France, and admitted to the 13<sup>th</sup> Field Ambulance, with a gunshot wound to the right knee. After being transferred to the 6<sup>th</sup> General Hospital, Rouen, he was again invalided to England, embarking

the *Panama* at Le Havre, and admitted to the Bath War Hospital. His gunshot wound was severe.

On the occasions when Private Willis was injured and confined to hospital, his next of kin, was kept informed. Three weeks later he was discharged from hospital to Headquarters where his injury was to be assessed, as to his ability to continue to be of service. His medical report indicated that he would be permanently unfit for service and temporarily unfit for home service, and his capacity to earn a livelihood in general labour was lessened to ½ ability, so it was decided to send him back to Australia.

From Headquarters he marched in to No2 Command Depot, Weymouth, on 22/7/ 1917. He embarked the *Nestor* and left England for his return to Australia, and disembarked at Fremantle on 13/9/1917. On 3/10/1917, he was discharged from the Australian Imperial Force at Perth, having been declared medically unfit, with the disability of a gunshot wound to the right knee, and also affected by osteo-arthritis. Private Joseph Daniel Willis received the 1914/15 STAR, the British War Medal, and the Victory Medal. Private Willis gave his religion as Methodist, and his service number was 4048.

After his discharge, Joseph Willis returned to Lake Grace. Little is known of his life in the community or who his connections were, (where he was employed), however it is recorded that when the end of the war was declared, the whole populace celebrated the victory when a bullock was roasted and a sports programme was arranged. After a toast was proposed to "the Allies" in the proceedings, Joseph Willis was one of the returned soldiers present who responded on their behalf. More good news was to come his way soon after, when Joseph Willis appeared before the Wagin Land Board on November 26<sup>th</sup>, under the chairmanship of Marshall Fox, (the man who named Lake Grace), and was allocated a block of land, being Williams location 11079. Unfortunately for him, it would seem that his ambition to become a farmer and clear his own land was a challenge too great, as it was not long before he relinquished his lease. This property was later taken up by Mr Harold (Jack) Coad, about 1920, also a returned soldier from Dumbleyung way. One can imagine that Mr Coad, out of respect for his fellow veteran, honoured and remembered him, by naming one of his paddocks "Willis paddock", and therein was the strip that in later years, Andrew Coad would take off and land his aeroplane.

When Joseph Willis's father died in 1918, he applied for a War Pension allowance for his widowed mother Elizabeth, however it was rejected as dependence was not proved. On 6/10/1923, it was necessary for Base Records to furnish particulars of service in the AIF of Ex -No 4048, Private Joseph Daniel Willis - 48<sup>th</sup> Battalion, to the Department of Repatriation, Esplanade East, Perth. It is recorded in his file on 21/11/23: "Died after discharge".

# Lake Grace Artist Group Notes

Kerrie Argent

Thank you, thank you, thank you, for the huge effort for the catering for our friend and supporter Terry Gladish's wake. Everyone that supported us along with the Lake Grace hospital staff, friends and community members who just dropped food off to help out; it was an awesome effort.

Lenore was pleased with the catering and told me a story about the two gentlemen who came down to represent Australia Post. They wanted to take photos at the church because there were so many people, then they wanted to take photos at the grave side because there were even more people..500-600 I heard, then when they came back to the wake they wanted to take photos of the fabulous food and the huge array of the delicious spread.....they didn't take photos as it was a funeral. So thank you every one.

Greg, Jayne and I managed to see the Local Government Week's Banners in the Terrace on Thursday morning. After walking nearly the full length of St Georges Terrace we finally found our Lake Grace Shire banner, of course we thought it looked the best. It was a fabulous image of an echidna standing on his tiptoes looking over one of the catchment walls up at Dingo Rock. We rarely see an echidna anyway, often just a little bundle of spikes hiding in the leaf litter, so to capture this awesome image was a one in a million shot

**Jayne Argent in front of the Shire of Lake Grace's banner that depicts a photo she took of an echidna at Dingo Rock.**

by photographer Jayne Argent. And yes, the echidna did climb over the wall and wander off.

Tania Spencer, Greg, Jayne and I attended the opening of Sculpture by the Sea, Winter Exhibition at Rio-Tinto's Central Park tower in St Georges Terrace on Wednesday evening. What a fabulous space for sculpture. Tania and I both have a piece of work in the exhibition, it is on until 6 August. Congratulations to Tania who has sold her piece, awesome.

How's everyone's work going for the rust exhibition, you have until the end of August to finish it. Remember this is open to all members and community members, wall work or sculptures made of rusty steel, depicting rust, the colour of rust, yes it's all about that gorgeous rust colour, any shape size medium as long as it can fit through the doors of the art space, a challenge for the painters, a challenge for all the Steel works and welders out there. A process for the textile artists, drawing, mixed media whatever is your process give it a go. It's good to have a challenge in our life.

Our next meeting is Tuesday 18th August at 1pm, but we do try to meet at 11am at the space. All members, past members and interested people are welcome to come along.

## GOT ODDMENTS ON FARM?

## Terrence 'Terry' Gladish (*cont.*)

that would end up giving him so much more. Later in his life as an adult he was lucky enough to gain a father figure in the form of Pop, the two of them would talk for hours from sport to politics and back to sport. It also gave Dad an opportunity to be involved in the one profession that would have been his first choice if possible and that was farming. Although he wasn't a fan of using round-up like the majority of farmers, in the garden he would instead turn every grain of soil to remove weeds, by the time he finished he had to start again and it would drive Mum crazy. Dad loved nothing more than getting out on the weekends and going to the farm with Pop to do whatever was required, be it sheep work or just collecting wood. Every summer while we were in Busselton with Nanna and Pop, Dad had his own holiday of sorts and would get to the farm to ensure everything was in order and feed the pigs. Pop was such a big part in Dad's life, along with Nanna and his Sunday afternoon tea rituals. You could tell it broke his heart last year when Pop finally passed, it was a hole in Dad's life that he missed terribly.

Dad loved all his sports and especially footy and as most of you would know Freo was his team, that love though stems from his WAFL team Claremont with a newly formed Freo consisting of many players from Claremont including the coach. Sitting next to Dad at the footy was an experience. He was far more suited

to listening to the games on the radio while in the garden as he could tune in and out or if the game was close, work a little faster. At a live game things were a little different. Dad had what you would call a left leg with a mind of its own. The closer the game got the faster his left leg would start to shake so much so if you look at block 216 Row MM Seat 28 you can almost see a divot formed in the concrete. Dad had a unique ability to talk to anyone including our fellow members that sit with us and he also liked to try and educate a few that wanted the team to kick it long every time we had possession. One of our regulars who we sit next to found the time to hunt Dad down with only two facts, his name was Terry and he had the Post Office in Lake Grace. It wasn't hard and he gave Dad a ring to see if we were heading to the Grand Final and to see how excited the town was. Dad had to tell him someone had to stay behind to look after the office, when in fact I think Dad would have shaken his entire leg off it had gone to the game.

Dad never did get a handle on the computer age he was one for the customer and the person. He liked to do things the way he always had and would prefer to pick up a phone than type an email. He must have known something with his passing as the next election is more than likely heading towards an electronic format although Mum would have been happier.

Dad always preferred the background over the limelight, all you need to do is look at all the family photos and see him tucked in down the back. He was always the last at the table and always the last to finish eating although his plate would be spotless. If Dad wasn't involved in a community group, he held an interest and it would be easier to list those that he wasn't involved with than those that he was. He always felt that it was easier to just do it than sit back and wait. In terms of the office everyone including his kids would tell Dad to have a holiday, take a break and retire. But Dad always felt it was his duty for the office to be open. It was just his way. We have not only lost our Dad and Husband but the town has lost a true local. Mum will never get to poke Dad to stop him snoring again, Meredith will never get her phone call passed to Mum after Dad has answered, Lou won't get to take Dad to another music concert, I will no longer get to dissect a Freo game with

Dad, James and Luke won't get to talk footy tips and teach Grandad how to use a fishing rod,

Sarah won't get to play him her viola and Cooper won't get to list out his favourite Kangaroo players. His nephew Grant has lost his phone a friend option on 'Who wants to be a millionaire', we always had a concern with this option because if Dad did ever get the call he wouldn't realise he had a time limit and just keep procrastinating on the answer. But the one thing we will always have is the clouds, and every time we look at them we will remember Dad the weatherman and postie who would always be there come rain, hail or shine.

### Lake Grace Transport

Twice weekly freight service to and from Perth

- ◆ Secure depot in Perth to drop freight off
- ◆ For all your wool and general freight
- ◆ Forklift to load wool on farm
- ◆ Accreditation to load at Midland Brick

Rex on 0429 649 021 or  
Darren on 0428 651 339

# Terrence 'Terry' Gladish (*cont.*)

## **As spoken by Lenore**

I would like to thank you all for being here today.

Terry and I never argued. Once I gave my opinion he knew it wasn't worth the trouble as I was always right.

We hit a brick wall three months ago when I was told the Big C was back. Once we got over this the bucket list was drawn up. Now it's all up to me.

I would like to thank the employers of Meredith, Louise and Eoin for all they have done and are doing for our children at this time.

A special thank you to the taller of the two young ratbags that lived next door to us (before children). For all you have done and are doing for us.

Thank you

## **Written and spoken by Royce Taylor**

Terry loved his family, the community of Lake Grace and was also very fond of the Dockers. He used to tell Anna that we are true Docker supporters as we have been supporting them since they began.

I enjoyed going into the post office to have a chat, whether it was about the weather, local issues or whatever else was happening around the world. You could even have a quick chat through the post box if you were in a hurry. If you needed your baby weighed you could even put them on the certified scales to make sure they were putting on weight and ABC radio was always on in the background keeping Terry and his customers aware of what was happening around the place.

Terry was very involved in our community serving on many committee's and organizations.

He served on the St John Ambulance committee for 32 years as treasurer, vice president or a committee member. Terry was also a dedicated member of the Volunteer Fire Brigade for 27 years. He received many awards for recognition of his services in both these organizations.

Terry also was involved with the Development Association, the RSL, Junior Farmers and Apex when they were going. I think Terry would have audited every sporting clubs books for many years, making sure everything was in order. Whatever committee he was involved in he was probably the treasurer or secretary.

If you ever needed a form signed or witnessed Terry was only too happy to do this for you.

I can't remember ever not seeing Terry when we had to vote in any election, he was always there running the polling booth, making sure everything was done correctly.

The school also benefited from Terry's generosity kindly donating an award to a deserving student for about the last 30 years.

A big void has been left in our community and Terry will be sorely missed.

I always smiled to myself when you bid Terry farewell and his response was something like, right, thanks, ta ta, bye now, seeya.

Rest in Peace Terry

## CEO's Corner

### Local Government Week - 2016 Convention

Councillors Hunt, Clarke, and Chappell together with incoming CEO Denise Gobbart, are attending the 2016 Local Government Convention in Perth from Wednesday 3 to Friday 5 August 2016.

The Local Government Convention brings together local governments from all over WA and is an important event on the Local Government calendar.

### Tree Planting Group

Last Friday 29 July the Lake Grace Tree Planting Group together with volunteers and assistance from Shire staff undertook planting of 185 trees at Padley Park, Clarke Avenue, and the entry to the Sportsmans Club.

All involved then met at the Shire depot for a sausage sizzle and to discuss the tree planting exercise. The group will be looking at future tree planting around the townsite. If you have any suggestions or would like to volunteer please contact Tash Bowman or Jeanette Bennett at the Shire on 9890 2500.

### 27 July 2016 Ordinary Council Meeting

The Ordinary Council Meeting took place on Wednesday, 27 July 2016 at 3.00 pm in Council Chambers, 1 Bishop Street, Lake Grace.

Items of business on the agenda included:

- Supply of Bitumen and Aggregate – Call for Tenders (1/2016)
- Rural Roads Re-construction – Call for Tenders (2/2016)
- Development Application – proposed telecommunications infrastructure on Lot 1542 Newdegate-Ravensthorpe Road, Lake King
- Development Application – proposed new outbuilding (shed) on Lot 207 (No. 80) Bennett Street, Lake Grace
- Bush Fire Advisory Committee – Appointment of Fire Control Officers for the 2016/17 season
- Bush Fire Advisory Committee – Standpipe upgrade request
- Declared pests of WA – Review
- WALGA Agenda – AGM August 2016
- Integrated Planning and Reporting – Corporate Business Plan

For further information, the minutes of the July 2016 Ordinary Meeting are available on the Shire's website, [www.lakegrace.wa.gov.au](http://www.lakegrace.wa.gov.au).

### Deputy Chief Executive Officer Appointed

Council at its Ordinary Council Meeting on Wednesday 27 July 2016 approved the appointment of Ms Linda Gray as Deputy Chief Executive Officer. Linda currently works with the Shire of Murchison and will be taking up her position with the Shire of Lake Grace on Monday 5 September 2016. Please make yourself known to Linda and make her feel welcome.

### Lakes Winter Sports Group (Lake King)

The Shire is currently assisting the Lakes Winter Sports Group (Lake King) with a grant for resurfacing of two netball/tennis/basketball courts located at the Lake King Sports Ground.

Executive Officer Jeanette Bennett is providing support and liaising with the Department of Sport and Recreation with the grant.

Continued over ..

## Shire of Lake Grace Community News

PO Box 50, Lake Grace WA 6353 | Ph: (08) 9890 2500 | Fax: (08) 9890 2599 | Email: [shire@lakegrace.wa.gov.au](mailto:shire@lakegrace.wa.gov.au)

CEO's Corner continued

### Newdegate Active Precinct

The Newdegate Active Precinct is currently developing plans for a skate park/playground/park to be constructed on the intersection of Mitchell Street and Maley Street in Newdegate.

The community is negotiating to secure the land and the Shire, through the Executive Officer, is liaising with the Department of Sport and Recreation on a funding application. This project is in the early stages of development.

The position of the Executive Officer is to provide support to the community groups.

For any assistance or queries please contact Jeanette Bennett on 9890 2500.

### Farewell

As this will be my last CEO corner, I say farewell and thank you to you all for your support over my time here as CEO for the last three years.

On the 10 August, I will be handing over the reins to incoming CEO Denise Gobbart and leaving the Shire.

I am confident I leave the Shire in good hands and wish Denise every success as CEO and the community well for the future.

Neville Hale

**Chief Executive Officer**

## Know your Council

### New Website

**[www.knowyourcouncil.com](http://www.knowyourcouncil.com)**

For the first time, ratepayers in WA will readily be able to compare what they pay in rates with the average residential rates for their Local Government area for the past four financial years with the launch of the new website.

On the 20 June 2016, [knowyourcouncil.com](http://knowyourcouncil.com) was launched by the WA Local Government Association in response to the potential to misinterpret the rates information on the State Government's *mycouncil* website.

The site, [knowyourcouncil.com](http://knowyourcouncil.com) will also have the facility for each Local Government to provide commentary on the rationale for the annual adjustments to budget requirements and the impact on residential rates.

It will be supported by the *localeye* App which provides mobile search for community facilities and events along with a function to report local issues and register for fire alerts and warnings.

## Free Mammograms

If you are a woman aged 40 or over you can access the **FREE** screening mammography service in Lake Grace.

BreastScreen WA's mobile service will be located at Lake Grace:

**Lake Grace Shire Hall, McMahon Street**

**Monday 22 August 2016 to Friday 29 August 2016**

Breast cancer is the most common life threatening cancer for women and one in eight women in Australia will develop breast cancer in their lifetime.

Having a screening mammogram (breast x-ray) every two years significantly increases the chance of a woman surviving breast cancer and reduces the amount of treatment required.

More than 75% of breast cancers occur in women over the age of 50. Research shows that screening is most effective for this age group.

For more information please visit the BreastScreen WA website [www.breastscreen.health.wa.gov.au](http://www.breastscreen.health.wa.gov.au)

**Ring 13 20 50 to make an appointment for a FREE screening mammogram.**

**Early detection is your best protection.**

## National Tree Day

National Tree Day is an opportunity to do something positive for your local environment and community and to reconnect with nature. National Tree Day started in 1996 and since then more than 3.8 million people have planted 22.3 million trees and plants.

Volunteers and Shire staff in Lake Grace participated in National Tree Day by re-planting around 185 trees in and around the townsite.

Our picture taken last Friday shows volunteers and Shire staff planting trees on Clark Avenue between the railway line and the street.

Many thanks to the volunteers who gave generously of their time to come along and help - your support is very much appreciated.

Above: Kadri Siro, Elsie Bishop, Anna Naisbitt, Jason Franich, Greg Buxton, Doug Whiting, Natasha Bowman, Mary Naisbitt, Peter Kain and Michelle Clarke.

KidSport enables Western Australian children to participate in community sport and recreation, no matter their financial circumstances.

The fees will go directly to the registered KidSport clubs through their participating local government.

Applicants must be aged 5-18 years and have a Health Care or Pension Concession card or be referred by a recognised **Referral Agent**. Primary place of residence must be in the local government area that they are applying to.

For more information ☎ Community Service 9890 2500

### Lake Grace Walkers, Joggers, Greenies

We wish to control termites (white ants) in our townsite trees.

#### Can you help us to identify any trees which are infested with or at risk from termites?

Termites are often not noticed until a big tree drops branches or falls over. If, whilst you are walking around town, you notice trees showing termite activity (this can be around the base or trunk) please pass on this information on to the Shire's customer service desk, ☎ 9890 2500 so we can arrange

## New Ambulance Building Powering Up (cont.)

the team got on with the job and were ready a week before the plasterers made it to site.

Also on site this last month was Lake Grace Communications principal Stephen Hunt. Steve and Helen have donated the fitting of the communication to the building. To achieve our requirement, Steve has diligently run the two telephone cables through the building, and prepared the building for the installation line from the Telstra junction box to the building. Our thanks to Trevenen Plumbing for running the conduit for the Telecommunications cable when the water was brought onto the site. This meant we only had minimal digging to get both ends ready for the incoming cable to be run.

The Information Technology (IT) wiring has been proving a cause for concern for the Project Manager. To the rescue came Steve Hunt, who supervised Ross Chappell and Amanda Milton to run the IT cabling, VAST (TV) cabling and the audio cabling for the building. The installation being guided by Leading Edge Hi Fi Albany who supplied the IT cabling drawings. As the building will have a hard wired speaker system using 5 speaker attenuation zones, we have been able to plan the large screen monitor audio to come through the speakers. This will allow us to even out the sound over the large floor area. We also have installed hardwired internet cable to the monitors to increase their ability to be used as large computer screens.

With the wiring completed it was the turn of Lake Grace Transport to deliver to site 20 tonne of plasterboard, firecheck, insulation and associated materials. Let us just say that Rex Walker, and company owner Darren Spencer, had a challenging time getting the very heavy packs onto site, as the forklifts kept getting stuck in the soft sand. After half a dozen times needing to be pulled free of the sand, the duo eventually got all the packs off the truck and somewhere near the building. Although, one pack is firmly planted in some sand which is closer to the water tanks than the building...but we won't say how it got there....will we Darren!

This week is a week for major visual change inside the building. On Monday the 1st August the plasterboard team arrived on site and quickly got on with insulating the building. By the end of Monday, all of the wall and ceiling insulation was in place.

Next up, the team got on with getting the plasterboard up on the ceilings in both the garage and building area. No mean feat, as some of the sheets have to be lifted over 4 metres in the air.

The plasterboard crew of four will be in town for about 12 days, after which time the internal and external painting by Greg Argent can begin.

Other jobs for this coming month include the screeding of the wet area floors, the installation of the kitchen by Lake Grace Cabinet Makers, the tiling by Lewis Building

and Maintenance and the installation of the garage doors.

In a surprise visit on the 1st August local member of parliament Tuck Waldron, National Party Candidate for Roe, Peter Rundle and National Party Candidate for the Agricultural Region Leigh Ballard, dropped in at the new building for a look around. The trio were impressed with the floorplan design, and complimented the project for designing for the future. The political trio even squeezed in an impromptu photo shoot.

In a week of visits, a scheduled visit from St John Ambulance WA Ltd property services occurred on the 3rd August with Property Services Manager Michael Longman and St John Project Supervisor Clayton McCarthy visiting site.

We would like to thank those members of the community who have ventured onto site to have a look around. You are in your last weeks of having a peak before the garage doors go up, so drop in and have a look. The project team welcomes your visits.

All visitors please make yourself known to the site foreman/supervisor, if you are on site during active work stages. Just sing out "hello" and ask is it OK to have a look, don't be shy, we are proud of the project and want to show it off. At all other times please come and have a look but always be safety conscious.

**Lake Grace Communications' Steve Hunt prepares the St John Ambulance for communications wiring with some assistance from Ross Chappell.**

Allan Marshall & Royce Taylor

## ROUND 12

**Thank you to our sponsors for this week who were: LANDMARK RURAL, LAKE GRACE SPORTSMANS CLUB, GREAT SOUTHERN FUELS and CSBP FERTILIZERS.**

Lake Grace-Pingrup vs Borden played at Lake Grace on Sat 23rd July 2016

## LGPFC A RESERVES

Borden did not field a team so LGP won the 4 points on forfeit.

## LGPFC JUNIORS

**The LGP Juniors won their game LGP 7-12=54 Defeating Borden 1-2=8**

Fed by Fyfe awards went to Reece Duckworth and Ava Leigh.

Jaspar Marshall playing in his first Juniors game kicked 1 goal. (Grandad's brag)

## LGPFC LEAGUE

Umpires for the game were Brad Smallwood and Ian Norrish.

The weather was mostly cloudy with a brisk South Westerley breeze and the occasional cold shower of rain. Luke Bairstow was back in the side today, returning from injury (three weeks earlier than expected but that is normal for Luke). Jarryd Morton is still out with a calf injury sustained at the Landmark Carnival but should not be far away from returning.

The first quarter commenced with the Bombers fully in control, booting 2 goals in the first few minutes with Mitch Morton on fire, complimenting the excellent ball delivery from the midfield players. The Bombers continued on in that form to cement a handy 33 point lead at the first break.

**Quarter time scores were LGP 7-4=46 to Borden 2-1=13**

The second quarter commenced in a similar vein with LGP moving the ball with ease. Borden had their chances adding 1 goal 4 but the Bombers pulled ahead adding 4 goals 4 behinds having most of the forward play.

**The half time scores were LGP 11-8=74 Borden 3-5=23**

During the third term the Bombers consolidated their lead to put the match in the bag with a 7 goals 5 haul and restricting the Magpies to a nil score for the quarter.

**Three quarter time scores were LGP 18-13=121 Borden 3-5=23**

The goal fest continued against the mediocre Borden

side with the Bombers looking impressive despite the occasional light shower of rain with all players getting in on the action, hopefully a sign of things to come with the finals coming up. We just about need to win every match of the final round to get the second place on the ladder which would pit us against Newdegate in the second semi final on August 20th at Jerramungup.

**Final scores Lake Grace Pingrup 26-15 = 171 Defeating Borden 4-7=31**

Major goal scorers for LGP were Mitch Morton 8, Chris Poot and Kane Pinney 4 each, Tyson Prater 3, Jarrad Robinson, Brayden Reynolds and Tyson Bell 2 each and Roderick Beasley 1.

Better players were **Alex Duckworth, Tyson Prater, Bodhi Clifton, Kane Pinney, Tyson Bell, Mitch Morton, Mitch Thornton, Reuben Smith, Ashton Gray and Jarrod Robinson.**

**Award winners for LGP: Kane Pinney Best on Ground, Reuben Smith Best on Ground runner up and Coaches award went to Jarrod Robinson**

When you read this report we will have played Gnowangerup and will be looking forward to the final Derby home game against Newdegate on Saturday August 6th. Newdegate are top of the table so it should be a cracker of a game so get along and support your Lake Grace-Pingrup Bombers footy teams.

We will be in Canada visiting family and grandies for a few weeks from July 29th enjoying some Northern Summer weather.

## ROUND 13

LGPFC vs GNOWANGERUP Played at Gnowangerup on 30/7/2016

**Thanks to our Sponsors for this week who were FARMERS CENTRE, PELHAM ENTERPRISES, PETER HUDSON TYRE & MECHANICAL and TIGER SPARK ELECTRICAL.**

## LGP A RESERVES

I was not at Gnowangerup so the report will be brief.

Quarter time score was LGP 2-0=12 Gnowangerup 3-7=25

Half time score was LGP 7-1=43  
Gnowangerup 6-12=48

Three quarter time score was LGP 8-2=50  
Gnowangerup 12-16=88

The final scores were LGP 11-7=73 defeated by Gnowangerup 16-16=112

Multiple goal scorers were Rohan Trevenen 3 & Damon Pelham 3.

Awards: Best on Ground Aaron Carruthers, Runner up

# Lake Grace Pingrup Football Club *(cont.)*

Best on Ground Damon Pelham and coaches award went to Rohan Trevenen.

## LGP JUNIORS

In the Juniors game, LGP defeated Gnowangerup by 57 points in a match that the Lake Grace Pingrup boys were too strong all day.

LGP 11-10=76 defeated Gnowangerup 2-7=19

Best players were Jai Clifford, Jackson Callope & Brady McGlinn

## LGP LEAGUE

Commenced at 2.15pm

Quarter time score was LGP 1-3=9 Gnowangerup 4-2=26

Half time scores stood at LGP 5-6=36 Gnowangerup 7-3=45.

Three quarter time scores were LGP 10-8=68 Gnowangerup 10-11=71.

Final scores were LGP 15-12=102 Defeated Gnowangerup 11-15=81

By all accounts a very close and exciting game of football with the Bombers getting over the line by 21

points. An awesome display of goal kicking with Mitch Morton kicking 9 straight

Goal scorers for LGP: Mitch Morton 9, Tyson Bell 2 & Jack Carruthers 2.

**Award winners were: Best on Ground Alex Duckworth, Best on Ground runner up Mitchell Morton and Coaches award went to Jarrod Robinson.**

## **Round 12 - Saturday 23rd July Borden**

### **A Grade**

**Coach: Karen Bairstow**

LGP 63 - BORDEN 32

A home game against Borden and as usual when the A Grade game started down came the rain and wind and made conditions a bit harder for netball. The team was a different look this week with Shenae to centre and Teneeka to Wing Attack. The first quarter was tight with our girls just able to keep their noses in front at the break. From then on the girls worked each other out and began to play a good style of netball. Our goalies combined beautifully with Joely holding well and Sharon shooting accurately all day. The defenders in Loz and Billie worked well together intercepting many forward moves and Shannon offered good leads out. Shenae played a great game at centre as well as Teneeka and put the ball into the goals beautifully.

Best on Ground- Shenae Prater played her best game for the club, lots of speed and skill

Coaches award-Teneeka Morgan proved she can play at either end and is always reliable with her ball disposal.

Keep working hard girls we have some tough games ahead we all need to put a big effort in over the next few weeks, lets go down and have another good game against Gnowangerup.

### **B Grade**

**Coaches: Flick Young & Caitlin White**

LGP 55 – BORDEN 5

Big thank you to Sarah Allen for stepping up and coaching this week.

Unfortunately Borden had quite a weak team on Saturday and struggled the entire game to get the ball to their goal circle. However that's not to detract from the defence of our girls – they really put the pressure on every ball and made a huge amount of intercepts and turnovers. It also gave us a good chance to really mix things up a bit.

Emily Hughes was a strong presence in Goal Defence for the entire game, never missing a beat in what is a relatively new position for her this year. Emily Younger just keeps improving in Wing Attack and her timing and leads were spot on. The intercepts from Emily Younger and Ella Reynolds (who was solid in Wing Defence the entire game) were noted by both sides. Again, Juanita O'Neill ran hard for her three quarters in Centre and really opened up the mid-court.

Deb Regan took no time to settle into Goal Attack, holding well and providing strong hands in the goal circle with Linda Vlasich. Between these two, Borden struggled to get a hand on the ball in our goal circle.

Casey warmed up in Goal Attack in the third quarter, before moving to Wing Attack in the last – a totally new position for her (and sprung without warning). She adapted really well, offering in the mid-court and placing herself on the goal circle with ease.

Overall, the girls showed solid defence, and strong confidence in game that really challenged our normal routine.

Thanks to Joely Slinn and Kaz Bairstow who were there supporting on the sidelines, as well as Lauren Duckworth for umpiring.

Best on Ground: Emily Hughes, by far. Out at every centre pass, intercepted every second ball and jumped, deflected and rebounded like a champion.

Coaches award: Deb Regan. Absolutely solid in Goal Attack right from the start, really moving and working well with Linda. Strong hands to the ball in the circle, great shooting percentage and really drove well for rebounds.

### **Juniors**

**Coach: Lisa Pearce**

LGP 23 - BORDEN 19

The Junior girls are in good form at the moment notching up another win against Borden this weekend.

It was cold and wet just before they went out to play but thankfully the rain disappeared just in time for our game.

It was a bit of a slow start and we went to the quarter time break with just a 2 goal lead.

Our second quarter was our best this week with another 10 goal quarter taking the lead to 6 at half time. We let Borden catch up a bit in the third quarter with some wayward passing and unforced errors creeping into our game and our lead reduced to only 3 goals at the final break. To their credit, the girls were able to refocus and come away with the win.

Best on ground: Kelsie Murray was our best player for the day having a great game in Wing Defence.

Coaches award: Jaida Moore who is new to netball this year but growing in confidence every week and she did a great job in Goal Keeper this week.

## **Round 13 - Saturday 30th July Gnowangerup**

### **A Grade**

**Coach: Karen Bairstow**

LGP 61 - GWNP 55

For the first time in a long time we were able to go down to Gnowangerup and record a win on their home ground. The girls all knew it was going to be a tough game and it

# Lake Grace Pingrup Netball Club *(cont.)*

proved to be just that, the first quarter was fast and intense netball, the girls got off to a flying start and held a five or six goal break at quarter time.

Continuing a great standard of netball Gnowangerup started to come back with accurate shooting and got themselves back in the game but to the credit of all the team they were able to withstand the onslaught and keep playing attacking netball.

It was a great game to watch, the girls able to keep their composure and come out on top. The goalies in Joely and Sharon were awesome and proving their ability to combine well with getting the ball in, the accurate shooting and passing between them was a highlight.

Once again our defence unit of Lauren, Claire and Shannon were able to maintain great pressure on the opposition and turn the ball over to provide us with extra scoring opportunities. The centre court was well on top with Shenae running her player ragged and thanks to Britnee helping us out. She played an awesome game putting the ball into the shooters time and time again.

With a few girls with sore spots it was an incredible effort to play at such a high level and just goes to show what effort is needed in a team sport to win games. Each player had a job to do and did it well. With Billie and Teneeka to come back in you are a great group of girls to coach, but we need to keep our heads down as we have Newdegate this week who are equally as tough and we will need to be at our best to come away with a win. Keep training and keep up the effort girls.

Best on Ground- Sharon Lampard whose accuracy was outstanding and her ability to float into position was something to watch.

Coaches award - Shenae Prater has stood up since going into centre and continues to outplay her opponent with plenty of run and good decisions.

## **B grade**

**Coaches: Flick Young & Caitlin White**

LGP 31 - GWNP 28

We had a very productive training on Thursday night and went into the game knowing that win or loose we will still remain second on the ladder. We are very proud of each and every girl who played on the weekend. They all stepped onto that court with a positive attitude and all worked together as a team so well. We ended up winning against the un-defeated Gnowangerup. Picking best on ground was really hard. Deb and Sarah had such a strong defensive game and stopped their shooters getting in there. Congratulations girls on a great win and let's put the effort in, for the last couple of trainings and games.

Best on Ground- Casey Pinney, for constantly moving around in the goal circle and having a high scoring accuracy.

Coaches award- Emily Younger, Emily continues to listen and learn during training and applies it to her game. Emily is developing into a strong player.

## **Juniors**

**Coach: Lisa Pearce**

GWNP 28 - LGP 22

The girls played hard going down to the top team by 6 goals. After a slow first quarter the girls picked up their game and played a fantastic last three quarters.

Best on ground: Paige Zweck who had her work cut out for her in defence. Paige put pressure on the shooters in all four quarters, rebounding well to bring the ball back into our attack.

Coaches award: Ruby Stanton who lead well in WA.

Again well done girls maybe we will get them next time!

## INVEST IN PLANT TESTING

Call Tony Carew- Reid

☎ 0427 766 517

Dumbleyung  
Kent  
Lake Grace

Plants can tell us what's happening with nutrient supply from the soil.

In some seasons it's difficult because of poor growth (waterlogging, drought, chemical damage)

In a good season like this, rapid growth places demand on nutrients such as copper, manganese and potash. So this year is a great year to plant test and get a true indication of your nutrient status and back up what we've learnt from soil tests.

Call me and we can work out a time.

## Round 12 LGP (0) v's Borden (0)

Today's game was going to be a tough one and we knew Borden wanted to steal their ladder position back and once again we had a depleted side. Thank you to Lucas Robinson for filling in for us so we could have one on the bench. A good crack on the little finger and a black finger nail for Luke meant Lucas got on field for his first junior game. Congrats buddy. Even though no one scored I was super proud of my kids as they fought hard for the entire game, they never gave up. We didn't score but neither did Borden which is a credit to you all.

Coaches Awards: Jai Clifford and Shenae Harradine

## Round 13 Gnowangerup (2) v's LGP (0)

Yet again another tough game. It was a top of the table clash on Gnowangerup's awesome turf. It was a challenge as Gnowangerup hadn't lost a game for the season but also because we weren't used to their surface. Regardless of this I was confident that our players could put up a tough fight. Unfortunately for us Gnowangerup used their knowledge of turf against us to score two goals.

We still fought hard and, it is this fighting spirit that will get us into the Grand Final. Bad luck on Saturday kids but don't lower your heads and keep up the fantastic hockey.

Coaches Awards: Michael Watson and Josh Giles

# Lake Grace Pingrup Hockey Club Notes

Karissa Pelham

## Lake Grace/Pingrup ladies hockey (aka Bombettes) 23/07/16 vs Borden @ home.

The day was a bit cold and windy and we never warmed up because of misty rain. Whistle blew and I think it took at least 20 minutes to warm up but luckily we finally did and it started raining goals. We won 9-0 so we were pretty happy in the end.

Goal scorers Lyn 5, Yasmine 1, Brittnee 2, Billie 1, Best on ground Lyn and coaches award for Jackie.

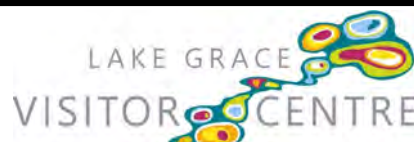

## 30/07/16 vs Gnowangerup @ Gnowangerup on turf.

A tad windy again today and a really slow start again, with another 20 minutes into the game when we decided to start playing. Lyn scored our first goal which was a penalty flick, we knew this star wouldn't miss. We had a few injuries during the game. In the second half we really started to play our game and everyone played well. Lyn scored another goal with her skill and patience. Then our third goal was scored by the talented Jackie. Well done ladies.

Best on ground was Holly Korosec for her amazing saves and boy did she boot that ball. Coaches award

went to Arlene for her incredible traps and skilful hit outs.

We need to pull our fingers out this weekend with a game against the undefeated team of Newdegate this weekend. Come on Bombettes we can do this.

# POLICE NEWS

LAKE GRACE POLICE STATION  
56 STUBBS STREET, LAKE GRACE. 6353  
Phone : 9890 2000 Fax : 9865 1429

Email: [Lake.Grace.Police.Station@police.wa.gov.au](mailto:Lake.Grace.Police.Station@police.wa.gov.au)

Personnel: Sgt Dave Ellis, SC Tara Spencer & 1/C PC Jacqui Gobby.

G'day all,

It's been a time of great sadness here in Lake Grace with the recent passing of much loved Postmaster Terry Gladish. A lot has been said about Terry by people that knew him much better and for much longer than me. But, what I will say is that for someone who is new to the town, Terry was simply the embodiment of what Lake Grace does best. He always took the time to talk, he was unfailingly polite and helpful, and above all he made everyone feel welcome however long they'd been here. They don't make 'em like they used to – and Terry will be a hard act to follow. I can say that both Tara and I were honoured to be a part of Terry's final journey to his resting place overlooking his beloved Lake Grace, and it was heart-warming to see such a huge turnout.

I know that Lake King and Newdegate have also lost a member of their community recently and the loss is felt as keenly I'm sure. I am always amazed at the professionalism and dedication of our volunteers dealing with the deaths of people they've known most of

their lives – it must be heartbreaking for them.

With that in mind can we please make sure we look after each other?

Footy season is coming to a close and there will be those out there tempted to not do the right thing in relation to drinking and driving. I appreciate that you don't see much of us in Newdegate and Lake King, however we do patrol on a weekly basis and so do Ravensthorpe, Kondinin and Kulin Police. We do patrol the unsealed roads that you think we don't know about (we do have google maps!!!) If you are one of those people who thinks the risk is worth taking – go and talk to one of your local SJA volunteers about that. If not, there is an old Police saying that goes "we only need to be lucky once and they have to be lucky all the time."

While I have written about what is best about Lake Grace, it is also disappointing to have to write about what is not so good. We recently had some Telstra contractors in town, busy helping us enter the 21<sup>st</sup> Century with internet and phone lines etc. Someone has seen fit to steal the ladders from the top of one the worker's vehicles parked overnight at the Saltbush Inn. The ladders are clearly marked and very obviously Telstra's. It is disappointing that one visitors abiding memory of Lake Grace will be getting his ladders nicked while he was sleeping. So, if anyone sees them about can they let us know? Or, if that seems a bit too much like dobbing call Crimestoppers on 1800 333 000.

One final thing. Dogs. Keep control of them and don't let them get out. I love dogs (I have my own fur child) so this isn't about being anti dog or anything. There have been recent instances of them getting out and killing chooks and the like. I see them out and about and it is frankly inexcusable, so if you can't secure your dog then don't own one – they are a privilege to own not a right. Any found by us in future may well incur an expensive Shire Infringement issued by the Police. I will be astronomically upset with any owner whose dog ends up getting wiped out by a truck on Stubbs St. You have been warned.

As always we can be visited at the station, contacted via Facebook Lake Grace Buy and Sell page or we can be called on 9890 2000.

Till next time ...

Sergeant David Ellis

# Net Set Go

Shelley Stanton

No game round 12 against Borden

Round 13

We travelled to Gnowangerup to play the game we love. Gnowangerup is our closest competitor in ability and we always have a great game against them. Gianna started off in centre with Sheree and Eliza assisting her on the wing. Holly in defence with Amber to help her out while Tess and Payton took on the shooting roles. The passes were strong and the pace was fast!

Second and third quarters saw changes to give everyone a go in either attack, defence or wings. The pace continued and everyone really improved their game as it went on. Sheree came off with a minor injury and with no subs, we had to call on Alby to put a bib on. No problem with that he thought and the game continued.

The final quarter saw a very even game on our hands. Gianna and Amber in goals, Holly in centre and Payton and Alby on the wing, left Tess and Eliza doing a brilliant job in defence.

A great game for everyone.

This week we are home to Newdegate, and the

following week our last game for the year is in Boxwood. Don't forget to bring your plate of afternoon tea on Saturday and look forward to seeing you all court side for training on Thursday at 4.15pm.

*The Net Set Go girls wearing their new uniform.*

## DIGI DAY

Lake Grace Community Resource Centre

Tuesday 30th August

2 sessions - 1pm and 5:30pm (each session lasts 1 hour)

Facilitated by Department of Human Services, please book in by contacting the Lake Grace Community Resource Centre on 9865 1470 or lakegracecrc@westnet.com.au

Most Centrelink, Medicare and Child Support business can be conducted using self service. There are options using mobile apps, online services or phone self service. Let us explain how easy and convenient these options are to use. Participants need to bring their smart devices, whether it is a phone or an iPad.

Information on the following topics will be covered:

- myGov
- Express Plus mobile apps
- Payment Finder
- eHealth
- Place in queue telephone technology
- Online account guides and video demonstrations
- and more

### Sudoku

- ☐ The Sudoku grid of rows and columns is divided into individual 3x3 boxes.
- ☐ The aim of the game is to fill each row, column and 3x3 box with the numbers 1 to 9.
- ☐ You can't repeat numbers in a row, column or 3x3 box and you can't change the numbers already in squares.
