## Native Tree Revegetation Project

*Bryce Tierney and Amber Bateup*

**Above: Tarin Rock farmer, Michael Gray, is looking forward to seeing the result of the extensive native tree plantings that have been conducted this winter.**

### **Local farmer embarks on native tree revegetation project in the Tarin Rock region.**

After three months of extensive planning and State NRM funding for a revegetation project to establish new bush corridors and windbreaks, local Tarin Rock farmer Michael Gray had been busy prepping allocated revegetation sites on his High Valley Farm property.

Creating rip lines, managing weeds, preparing fence lines, and procuring his seedlings which were

propagated from seed which was collected by a local seed collector.

Over a period of three weeks, across six sites, 26 types of native plant species were planted with the help of local landcare volunteer Amber Bateup, American backpacker Bryce Tierney and Lake Grace resident John-Mark Cuyom.

Michael Gray led his team over fresh country and sometimes through trying weather conditions to plant

# Editorial

- Sadly I have to report that we are no longer able to provide dubbing from video to DVD, our machine has decided after 15 hard working years to throw in the towel.
- If you're into knitting, especially for babies and children then we have some patterns to give away. These were given to us and we would like to spread the joy. I have to say the patterns from the 80s you have to close your eyes a little to take them in. However the baby patterns are timeless and as we know can be quite expensive to buy.
- We still have RATs available if you're in need, we have both the nasal and the oral swabs.
- We are taking names for workshops (no dates are set as yet); if you're interested in any of them then please get in touch
  - Forklift (need 5-6 for this to go ahead). We have a date for this, the 7th and 8th September. Cost TBC.
  - Truck driver training (HR, HC & MC) - we need 6 for this to go ahead. Cost TBC.
  - CANVA (need 6-8). 9th August, 12:30pm to 2:30pm. FREE
  - Marketing with Social Media. FREE
  - Excel. FREE
- We are at the moment looking for advertising; if you would like to feature your business in the Links then we would love to hear from you. The rates are cheap and if you do a run of advertising or become a member the prices drop significantly.
- If you're a non profit group and do regular advertising and printing at the CRC then it is worth your while becoming a member. The CRC has been very generous with their time and have significantly reduced costs for non members in the past. This will have to change as it isn't fair on those who do pay a membership.
- Unfortunately there wasn't a quorum at this weeks Development Association meeting. This has put further delay on the community grant funding round as they have to be finalised at a Development Association meeting. If your group wants to apply for some funds then the CRC can supply you with an application form. It's exciting to see this programme moving forward and adding to the community assets. If you're interested in what is happening in your town then come along to the Development Association meetings, they're only held every second month—definitely not a huge drag on your time and its important to have fresh ideas and opinions from a broad spectrum of the community.

## Excel in Business Workshop

Tuesday 23rd August

1pm—3pm

Cost: **FREE**

Covers the following areas:

- Applications of Excel
- Top 6 Formulas for Workflow
- Easy Formatting Tips
- Income & Expense Tracking Worksheets – we play with an example version of this throughout the workshop (emailed to attendees prior)

- Sales Forecasting Worksheet (SBDC template provided to all attendees)

Cashflow Forecasting Worksheet (SBDC template provided to all attendees)

The workshop will be facilitated by **Theresa Lee**, Business Advisor - Wheatbelt Business Local.

If you would like to book in please phone/email the CRC on 9865 1470 or [lakegracecrc@westnet.com.au](mailto:lakegracecrc@westnet.com.au)

# About Town

- Sympathy to the family and friends of ex Lake Grace resident, Gloria McMahon who passed away on the 23rd July.
- Welcome home to Emma Folz (Marshall) and family making a brief visit to the farm and catching up with relatives. After "chilling out on the farm" it was off to sunny Broome for a family holiday and then driving the Gibb River road, camping on route through to Kununurra. Great to see them after five years.
- Congratulations to Lisa Clarke on the birth of her little boy Zachary Neil Clarke. Born on 20th July weight: 3010gms, length: 51cms, head: 52 cms.

- Well done to Kevin Naisbitt on being named 'Volunteer of the Week' for the Great Southern Regional Football Development Commission. Kevin will go into the running for the WA Football Volunteer of the Year. Well done Kevin.

# Lions Cancer Institute Visit

Elizabeth Castaldini

On Saturday 23<sup>rd</sup> of July the Lions Cancer Institute (LCI) bus rolled into town to perform free skin cancer screening to the community. Located in the carpark next to the driver reviver van, it was in prime location to get attention. The day went well, with everyone that attended getting something out of their time.

The LCI has been visiting remote and rural areas of the WA state since the early 1990's, providing full body skin screening clinics. From humble beginnings, the volunteers of LCI have screened over 80 000 patients. The free clinic this year was well received by the community with a good turnout, with over 50 people attending and 37 lesions in total identified (*all lesions are suspect only until proven by further investigation*). A big thank you to the volunteers of the LCI and the community support of the clinic, despite the cold winters day.

The Cancer Council states that about two in three Australians will be diagnosed with some form of skin cancer before the age of 70, with Australia rating as one of the countries with the highest cases of skin cancer in the world. There are three main types of skin cancer and various other skin spots that are not cancerous (further information about types of cancer can be found through Cancer Council or your local GP). If you are ever concerned about any mark or growth on your skin,

you should see a GP to get a check up. Living in remote and rural areas such as Lake Grace, having access to the LCI is a great resource and a timely reminder to get your skin checked.

Steve Lankford, who was part of the organising committee from the Lions Club, said it was a good day spent, with many stories shared and peace of mind for those that attended to get checked up and referred on if necessary. Thank you to the local community and businesses that supported the clinic. Thanks again to the Lions Cancer Institute for their time and resources in visiting the town of Lake Grace.

# Your Honest Guide to STIs

The Regional Men's Health Initiative - P: 9690 2277 E: [menshealth@4blokes.com.au](mailto:menshealth@4blokes.com.au)

No, I'm not talking about Subaru's motorsport division, rather an important aspect of our sexual health - Sexually Transmitted Infections (STIs). These are infections or diseases passed on during sexual contact with an infected partner.

We need to raise awareness of STIs with all sexually active blokes regardless of age and while sex ed is taught to us as teenagers, STIs also affect our aging population. Concerningly, some STIs have also been on the rise throughout the Australian population in the last couple of decades, namely chlamydia, gonorrhoea, and syphilis.

There's a lot of misinformation that you might hear going around about STIs (no you can't catch herpes from a toilet seat) but what are the facts?

Firstly, lets bust some key myths:

- "We don't need to 'tarp-up' if we are using another form of contraception". While condoms are a good form of contraception, they are also just as important to reduce the risk of an STI.
- "If I don't have symptoms, I don't need an STI check-up". While these little nasties can cause some uncomfortable symptoms, many STIs can be asymptomatic. If we are sexually active and

have multiple sexual partners, we need to be getting a check-up regularly.

- "HIV only affects men who have sex with men". About one quarter of Australian HIV cases are attributed to heterosexual sex. Routine STI tests (which include a check for blood borne viruses) are important for all sexually active men.
- "They only affect promiscuous blokes". STIs aren't exclusively contracted by young men with a lot of sexual partners and contracting an STI does not mean you are 'dirty'.

So, what can we do to practice safer sex and better manage our sexual wellbeing?

1. **Maintain communication.** Like other aspects of our sexual wellbeing (prostate issues and erectile dysfunction), STIs are a topic that aren't discussed very often. Maintaining a positive relationship with our partner must include open lines of communication. This will involve a conversation around recent STI tests, condom use, and contraception methods.
2. **Use protection.** If used correctly, male condoms are extremely effective at protecting against most STIs. So, it's incredibly important to use a condom every time you have sex, particularly if you are not in a monogamous relationship.
3. **Get tested.** If left untreated the impact from STIs can be exacerbated. Gonorrhoea and chlamydia can cause blockages in the sperm tubes and affect male fertility. If you do test positive however, it isn't the end of the world as you know it. There might be a few awkward conversations but most STIs are easily cured or managed with appropriate and timely medical treatment.

This article isn't intended to scare us into abstinence. Sex should be something that is fun and enjoyable, not feared. Intimacy can be an important way to connect and show love to our partner in healthy adult relationships. We simply need to take responsibility for our sexual wellbeing to protect ourselves and our partner.

Remember, stay smart and stay safe!

years of  
age to take  
part.**

# Christmas in July

*Leanne Young*

On the 27<sup>th</sup> July 28 over 55s gathered at Walkers Hill Winery to enjoy lunch for 'Christmas in July'. It was lovely to see so many out socializing, with lots of chatter and catching up. Lunch was a buffet consisting of a variety of roast meats and vegetables followed by scrumptious dessert. The weather is more fitting this time of the year, at least the cooks aren't sweltering in the kitchen as we do in December. With the way the year is flying by so fast it will soon be time for the real deal.

Other activities for over 55s include Art days. Held every second Tuesday in the Seniors Village Hall, starting at 9:30am. These are free for Seniors Group members and \$2 per session for nonmembers. We have been exploring a variety of easy to follow art projects. Anyone can come along and join in or just see what we are doing.

Exercise classes were stopped quite some time ago due to covid restrictions. So it was decided that the seniors will run their own classes as they all know the routine so well and have missed being able to do them.

If you would like to know more about what the Over 55s are up to then give Rosemary Bywaters a call on 0429 040 915.

# Book Review: *Run Rose Run* by Dolly Parton and James Patterson

Elizabeth Castaldini

I picked up the book out of curiosity when I saw Dolly Parton's name to see what it would be like. The prologue had me intrigued, I was left wondering what would cause this young lady to think that running through a hotel building window was her only option?

The story follows AnnieLee, a lady in her 20's hitch-hiking her way to Nashville, who loves to sing and write country songs. The story follows how she tries to change the course of her life and get a break into the country singing industry. All the while though, AnnieLee is running from something or someone sinister that keeps catching up with her. Whatever she is running from has had a big impact on her life, and as she meets Ruthanna (famous Country singer who has retired from her career and exploring other ideas) and Ethan Blake (the ex-military, talented country singer who also has his own history), her past stops her from being able to trust these people that care about her and she is left looking over her shoulder at every step of the way.

The book follows AnnieLee, Ruthanna and Ethan Blake over many months, how each is impacted during AnnieLee's rise to Country Singer fame, and how the past shapes who you are. With a bit of drama, mystery, romance, a couple of cliff hangers and encouragement that you can follow your dreams, it was a good read. And for those that enjoy Dolly Parton's songs, there are 12 songs she's written that you can listen to on your music streaming platform. The book is available at the Lake Grace Library to borrow.

# The Snowy Valleys Sculpture Trail

Suzanne Reeves

The Snowy Valleys Sculpture Trail is a new and significant series of sculpture collections in the NSW historic towns of Adelong, Batlow, Tumbarumba, the hamlet of Tooma and the vineyards of Courabyra Wines, Johansen Wines and Obsession Wines.

Created by the team behind Sculpture by the Sea at Bondi and Cottesloe in consultation with a wide cross section of the Snowy Valleys community, the Snowy Valleys Council and a Local Community Advisory Group, the Snowy Valleys Sculpture Trail will stretch 100km from Adelong to Tooma and is funded by the Bushfire Local Economic Recovery Fund.

Destined to become a world class sculpture collection, the Snowy Valleys Sculpture Trail offers another reason for a stunning driving holiday along the Snowy Valleys Way with the wonderful Tumbarumba vineyards, great food experiences at The Nest in Tumbarumba, Courabyra Wines, Nimbo Fork Lodge and Tumut River Brewery, the Tumbarumba to Rosewood Rail Trail (for bicycles), mountain bike trails, hiking tracks, bush walks, the Batlow cideries, fly fishing in the Tumut River and a drive over the Snowy Mountains to Thredbo and Jindabyne.

The Snowy Valleys Sculpture Trail was launched with 26 sculptures by Australian and international artists from

Denmark to Japan and South Africa to the Czech Republic, with many of the artists travelling to stay in the Snowy Valleys for the opening celebrations. One of those artists is Lake Grace's Tania Spencer who travelled to the opening of the sculpture trail in May with her husband Darren.

Each of the seven locations in the Snowy Valleys Sculpture Trail has its own collection tailored to the town or vineyards and winery with cellar doors. Tania's piece 'Gumnut Cap Trio' is installed at Adelong.

Details on the locations of the sculptures currently installed in each of the seven locations across 100km trail, artists bios and information about each sculpture is available on our website (<https://sculpturebythesea.com/snowyvalleys>) and on the free to download Sculpture by the Sea App.

As part of the Snowy Valleys Sculpture Trail artists visited 14 of the 16 schools across the Snowy Valleys to provide sculpture making workshops for more than 1,200 students. In addition, three empty shops in Batlow and Tumbarumba have been transformed by artists into [Shop Art Projects](#).

The Snowy Valleys Sculpture Trail will expand with additional sculptures to be installed later in 2022 and then in the first half of 2023, growing to over 35 sculptures thanks to a grant from the Bushfire Local Economic Recovery Fund.

It really is a wonderful way to spend a day exploring a beautiful part of New South Wales and, perhaps more importantly, making a financial contribution (through lunch and morning tea) to some small towns which, post-COVID, are doing it tough.

# Alfresco at Walkers Hill Vineyard

Suzanne Reeves

COVID-19 has brought hardship on many industries; one particularly hard hit has been the restaurant, café and hotel businesses with many struggling to stay afloat.

The State Government has provided \$420 million worth of COVID-19 related business support, with a total of \$1.7 billion provided since the start of the pandemic.

In March of this year a \$5 million COVID-19 Activating Alfresco Rebate Program was released, with small businesses including cafés, bars, pubs, restaurants and hotels able to benefit.

Under the scheme, small businesses can apply for grants of up to \$5,000 to reimburse the costs of creating or expanding alfresco operations.

This includes the costs of things such as purchasing new furniture, lighting, weather protection, interactive play spaces and art. The alfresco rebates are a key part of the McGowan Government's COVID-19 Business Assistance Package, allowing businesses to expand their operating footprint and for more people to dine out in a COVID-safe way.

The McGowan Government is also progressing changes to local laws which will cut red tape and make it easier for cafés and restaurants to create street alfresco dining spaces.

Walkers Hill Vineyard have been recipients of the WA Government Alfresco Grant; having purchased some outdoor seating to enhance their outdoor space. Tania said the process was incredibly simple and is a welcome addition to their facilities. Although not currently the weather to be outdoors this furniture will get a good workout come the summer months, providing a spectacular view across the vines and a backdrop of farmlands.

Watch this space though as Jared is putting the tool belt back on in readiness to make more improvements to the alfresco area.

# Lotterywest Contributes to WA Community

For the second consecutive year, Lotterywest has contributed a record-breaking return to the Western Australian community, with 2021-22 producing a return of \$1.03 billion in lottery prizes and grants.

The year saw a record number of jackpots and prizes with two significant wins contributing to the huge windfall for the State. In late 2021, a group of 55 women from a northern suburbs' gym won the \$80 million Powerball prize, and in February a syndicate from Kalgoorlie took home a \$63 million share of the \$120 million Powerball jackpot Division One prize pool.

The significant community return also includes \$323 million that has gone to support the WA community through statutory and direct grants - the highest ever achieved - exceeding last year's record.

There were 428 WA not-for-profit groups and local governments that benefited through Lotterywest grants during 2021-22, with 454 grants totalling \$105.4 million.

Among the 428 WA not-for-profit groups was the WA Council of Social Services who received \$3.9 million towards the WA Digital Inclusion Project, a collaboration of agencies, to build the digital skills, knowledge and capability needs of front-line workers in WA in an increasingly online world.

The State's health sector received a record \$174 million in Lotterywest statutory funding, while sports and the arts received \$21.8 million each.

In terms of lottery prizes, Western Australian players won \$708.8 million across all divisions, including 73 Division One winners, and 70 Top Prize Scratch 'n' Win winners.

Lotterywest's results have been possible following an unprecedented year of lottery sales, totalling \$1.2 billion, an increase of 14 per cent on last year's record sales.

# Lake Grace Creative Kids

## Lake Grace Creative Events

Lake Grace Creative Kids would like to thank everyone for their continued support during the last school holidays.

We realize that this time of the year is a very busy time, and we hope everyone who attended enjoyed their creative time.

The first activity, Dream Catchers was a hit with the kids, they had a sensational creative time.

Woolly Canvas was a creative smash! We never know how the art creations will go; half the fun is seeing what the kids will come up with using their imagination.

Things That Go activity, was a clever creative time. Those who attended really used their imagination to come up with creations that flew, rolled and spun around. The creativity and skill to create these projects really show the uniqueness of the kids imaginations.

Musical Melodies turned into a bit of a circus juggling street beat rhythm machine today. They got creative and active this time. Musical instruments, juggling and circus skills.

The skills they are learning and the interactions with their

peers, really bring together worthwhile and valuable workshops.

We are so happy to be able to continue to offer these to the children and thank those who give us a chance to bring out the Lake Grace creativity!

## Crochet Workshops

From 10am to midday, every Friday - starts 1st April.

Lake Grace Community Resource Centre - FREE

Learners welcome, some hooks available for purchase with a small range of wool to practise on.

Work on Wheelchairs for Kids blankets or your own project

Call 9865 1470 if you have any queries.

If you prefer to work on your own project that is okay. Everyone welcome.

# The Good News Page

Kevin Seaman

- Breaking News: It has been reported that the Irish Parliament is passing a law to ban greyhound racing. The reason being they think the buses go fast enough already.
- Today's news: Supply ship launches into space with pizza delivery for astronauts. American multinational Aerospace company Northrop Grumman's latest space station delivery includes pizza for seven.
- Fish with human teeth caught in U.S. Images of the creature have made headlines around the world after they were posted on Jeanette Pier's Facebook page, a popular fishing destination and fishing school in North Carolina
- A man who broke into Sea World just wanted to see the seals. A man has been given a hefty fine at sea world on the Gold Coast earlier this month.
- Jogger scratched and stalked by Kangaroo in nightmare attack. The jogger thought she was going to be clawed to death during a nightmare run in Melbourne Outer southeast when she was attacked and stalked by a kangaroo.
- I've never been refused service on my horse in a pub. The Queensland woman who rode her horse to a bottle shop while four times over the legal alcohol limit says she did not know it was illegal.
- You can virtually experience what it's like to die. A Chinese cemetery has allowed its visitors to experience death using virtual reality technology that sends them to heaven.

Things you should know about animals.

1. What is the tallest animal in the world? Giraffe
2. How fast can a tiger run? 49-65 kph
3. Which is the smallest animal in India? The Etruscan Shrew
4. What is the ugliest animal in the world? The Blobfish
5. What is the smallest living thing in the world? Neorchean Equitant

Things you should you know about Rivers

1. What is the longest river in the world in 2018? Nile
2. What is the deepest river in the world? Congo
3. Which river crosses the equator twice? Congo
4. What is the longest river in Asia? Yangtze River
5. How many rivers in the USA? 250,111

Another little bit of advice my dear old daddy taught me and I have always remembered...Do unto others as you would want them to do unto you, only do it first.

A keen golfer was in a seaside town and went to the local golf course for a round. He was looking for a partner and was positioned at the edge of a huge ravine overlooking the ocean. To land on the green you had to hit over the water.

*G'day!* said the bloke, *fancy a round?*

*Sure,* said the local, *I've been playing this course for twenty five years.*

They tossed a coin and the local was to hit off first. He went to his bag, got out a new ball, took it out of his box, put it on the tee, swung and hit it straight into the water.

*Bad luck* said the bloke. *Have another go.*

So the local went to his bag, got out another new ball, took it out of his box, put it on the tee, swung, and again, hit it into the ocean.

*Not again!* Said the bloke. *Have another go.*

So the local went to his bag, got out a new ball, took it out of his box, put it on the tee, but before he could hit it, the bloke said: Mate, you keep hitting 'em into the water. Why don't you use an old ball?

The local said: *I've never had one!*

The West Indies were playing Australia at the MCG at the end of a very bad summer tour.

The phone rang in the Windies' dressing room. This is Mrs. Brian Lara calling from Jamaica. Would I be able to speak to my husband?

The bloke who answered said: I'm sorry but you just missed him. *He's just gone in bat.*

She said: *That's fine, I'll hold.*

Two old blokes were on a tractor. They drove it across the paddock, and without looking for traffic, continued straight out onto the highway. A young man in a Porsche was doing about 200km on the clock. He came flying around the bend, saw the tractor, swerved left to miss it, crashed through a paddock fence, did a huge circle in the paddock, smashed back through the fence up the other end, back out onto the highway and kept tearing down the road.

One of the blokes on the tractor turned to the other and said, *Jeez Bert, we only just got out of that paddock in time!*

# Congratulations Maddie Matthews!!

Suzanne Reeves. Photo provided by LGDHS.

In September 2021 Premier Mark McGowan and Education and Training Minister Sue Ellery announced the WA Student Council initiative which was then in the planning stages is due to come to fruition this year.

Twenty public school students will form a group of student councillors who will speak for the more than 300,000 public school students and offer the Education and Training Minister a student's perspective on policy and reform.

Lake Grace District High School was recently informed that one of their students, Maddie Matthews, had been shortlisted to be a part of the WA Student Council. Students and staff are so proud of Maddie's efforts and the presentation that she prepared.

This week Madison participated in her shortlisting interview with 3 other shortlisted applicants, 2 from Narrogin SHS and one from Katanning SHS. Despite Madison's nerves, school Principal, Teresa Wigg said that Madison spoke very well and put forward the point of view of students from small District High Schools. Madison said "I was very nervous, as was everyone else but I managed to answer all the questions and felt warmed up by the end of it. Everyone was very nice and the interviewer jumped on at the end to reassure us that she wasn't scary!"

The council will represent the diversity of students across the State. Students will offer their views to the Minister on education policy and reform and represent the interests of all public school students in WA.

Ten students from Year 10 and another ten Year 11 students from each region in the State will make up the council.

Some of their tasks will include attending ministerial meetings, liaising with schools and students in their regions, attending student leadership activities, and providing feedback to the Department of Education on various initiatives.

All students were encouraged to apply through the official selection process; with hundreds of high schools and thousands of year 10 and 11 students across the

state it is a considerable achievement for Madison to have come this far in the process. Lake Grace DHS will find out the results of the process in the next few weeks. Well done Maddie and good luck.

# A Retirement Well Spent

*State Library of Western Australia*

In the early 1960s, the Foundation Director of the King's Park Botanical Garden John Beard, set to work on a project to map Western Australia's vegetation.

At the time there was practically no information of any sort in Western Australia in the botanical field, no vegetation maps. How could there be, there weren't even any accurate topographic maps or road maps!

With some assistance from the Department of Geography at the University of Western Australia, the project to map the plant cover of the whole of the State took John seventeen years.

"In fact, I think I can definitely say that it resulted in mapping a far larger slice of the Earth's surface than had ever been mapped by any one person at that scale. Two and a half million square kilometres." (John Beard, 1986)

John worked on creating a series of vegetation maps long after he retired from King's Park, and was full-time on it until he completed the project in 1981.

For John, the most stimulating experience in those early days was the feeling of exploration, of being the first in the field. In 1964 he was the first professional botanist to enter the Great Sandy Desert. In 1966 he made the first botanical north-south crossing of the Great Victoria Desert and explored the Nullarbor Plain. In 1967 John traversed the Gibson Desert.

In 1990 John wrote the book 'Plant Life of Western Australia' - essentially a photographic record of 25 years of his work in Western Australia. It serves as an important scientific record and as a source of pleasure to the reader.

In this post is a selection of images from the book, mostly taken by John himself. Some of the forty-five different people who accompanied John on various expeditions, appear as scale objects. Among them wife Pamela, King's Park staff members, a Land Rover, and John's car keys.

Take a moment to enjoy the remarkable flora and landscapes of Western Australia and appreciate John's

remarkable fieldwork, which penetrated even the most remote and inaccessible parts of Western Australia.

# POLICE NEWS

LAKE GRACE POLICE STATION  
56 STUBBS STREET, LAKE GRACE. 6353  
Phone : 9890 2000 Fax : 9865 1429

Email: [Lake.Grace.Police.Station@police.wa.gov.au](mailto:Lake.Grace.Police.Station@police.wa.gov.au)

Personnel: Sergeant Joshua Egan-Reid, 1/C Scott Oatridge, PC Wade Humphrey.

## STATION NEWS

On our days off, in between the rain, we've all dusted off our golf clubs and got some practice in. It turns out golf isn't like riding a bike, and we all need plenty more.

Wade has had a few weeks off and has spent the time camping and helping his old man out on the farm in Geraldton.

## CRIME

Someone passing through the area broke into the Lake Grace Volunteer Fire Station, causing damage to a door in the process. Scott was there at first light and conducted a forensic examination of the scene. We're still waiting for the results back from the lab but are hoping for a positive identification of the suspect. The same suspect also burgled the Dumbleyung Volunteer Fire Station, stealing \$700 they had raised in a recent charity event.

Although these sorts of offences are rare in our area it's a timely reminder to consider investing in CCTV cameras, certainly for business premises but also for residential properties. CCTV is a valuable tool for police in identifying suspects. We now have access to facial recognition and biometric software that would have been considered science fiction a number of few years ago.

## TRAFFIC

Lake Grace Police conducted a traffic action recently with help from Kulin, Kondinin, and Corrigin Police. We also had vehicle compliance officers from Main Roads and the Department of Transport. The main purpose of the action was to conduct heavy vehicle compliance checks to ensure that the vehicles are compliant and roadworthy. This plays an essential role in minimising the number of people killed and seriously injured on our roads.

As is common when we conduct these sort of police actions, a lot of heavy vehicles parked up outside of Lake Grace, deciding it was a good time for a break. This meant the number of heavy vehicles dropped after the first hour. We were advised the number of heavy vehicles increased drastically after police cleared the area.

This driver behaviour suggests we are onto something and we will continue to make these inspections a regular occurrence for the foreseeable future. Further evidence of this is that 30% of all inspected heavy vehicles had issues/defects requiring some form of action to be taken.

One truck driver was found to be driving on an Extraordinary licence. He was breaching almost every condition of his licence and as a result, he had to make an awkward call to his employer in Perth asking for someone to collect the vehicle and himself. The male was charged with No Authority To Drive and was summonsed to court.

Lastly, we've had reports of a vehicle doing burnouts around the streets of Newdegate. In the process the driver has caused damage to property items and fled the scene. If anyone has any information about these incidents, please let us know.

Please take care and stay safe.

Regards

Lake Grace Police.

# Rare Bussell's Spider Orchid Will Bloom Again

*Botanic Gardens and Parks Authority*

The endangered Bussell's Spider Orchid (*Caladenia busselliana*) has been successfully germinated at Kings Park using seed collected more than 20 years ago from a sub-population that has since disappeared in the wild.

Scientists from the Department of Biodiversity, Conservation and Attractions (DBCA) based at Kings Park and Botanic Garden have been investigating how best to conserve Bussell's Spider Orchid.

Their germination success comes as a result of [The Rare Bloom Project™](#), a partnership between WWF-Australia and Botanica by Air Wick in collaboration with the [Australian Seed Bank Partnership](#). This nation-wide project aims to improve conservation outcomes for 120 native Australian plant species.

The rare bloom of Bussell's Spider Orchid is known from just 13 plants in a few small populations in the Busselton region of southwest Western Australia.

The recently germinated orchid seeds were originally collected in 1999. For the last 22 years, these tiny dust-like seeds had been conserved in cryogenic storage at Kings Park, along with the symbiotic fungi which help the orchid seeds to germinate and grow.

"Germinating orchids is a delicate process. We first need to cultivate the orchid's partnering fungi on agar

jelly, and then the seeds can be fed by the fungi to get the nutrients they need," said Kings Park Research Scientist Dr Belinda Davis.

"By germinating this older collection of seeds, we now have valuable information about how long this rare orchid and its partnering fungi can survive in storage. Since the wild parent sub-population of those seeds no longer exists, these germinated plants represent a precious source of genetic diversity. Seedbanks are vital to the conservation of species that find themselves on the brink of extinction."

Germinating these seeds is one part of a larger journey of recovery for this rare orchid. Bussell's Spider Orchid has been the subject of one of the largest orchid translocation efforts undertaken by conservation staff at DBCA, with 560 plants grown at Kings Park now boosting wild populations.

The next stage of this research is to monitor the translocated plants and identify other potential translocation sites. Researchers will cross-pollinate plants in the four remaining populations and collect the resulting seeds to increase the genetic diversity of existing collections. Seedlings will be raised in the nursery to one day be re-introduced to the wild and planted into the display gardens at Kings Park for public education and enjoyment.

The Kings Park Science Orchid Conservation research program is also supported by the Friends of Kings Park, including a dedicated group of volunteer orchid carers. You can discover more about conserving and restoring rare orchids in the Friends of Kings Park Special Issue magazine for the UN Decade on Ecosystem Restoration.

# Holy Cow!

*These days the news is all about scooters, a century ago it was a different kind of hazard.*

Shortly after 2 o'clock on 18 November 1905, a cow appeared in the city of Perth out of nowhere.

Looking 'wild and infuriated', the well-bred Shorthorn springer dashed into the Economic Store from Hay Street, moving clean through the drapery establishment to William Street. Doing no more damage than breaking a chair.

The shop assistants were in a state of wild excitement, and there would have been the element of comedy in the whole unceremonious proceedings, but for the tragic collision between the infuriated beast and a young woman riding her bicycle by the store's William Street entrance.

The unfortunate girl, Ruby Stephens, was seriously hurt and treated at a nearby chemist. Before being conveyed to hospital by the Fire Brigade ambulance.

Without stopping to inquire of the damage done, the cow bolted for sanctuary into the grounds of the Wesley Church.

Here Reverend Fry narrowly escaped injury when the maddened animal rushed at him head down and tail in the air. Round and round went the clergyman and beast. Thrice did the cow charge and luckily thrice missed her mark.

Finally the cow sought refuge in the church yard where there were several trees and a flat-topped fence. Sitting on every available inch of the fence, hundreds of excited spectators watched the 'wild west spectacle'.

Sorties were made to placate and capture the cow, but only ended up in police having to escape to safety up trees. Eventually the command to shoot came, it was Constable Patterson with a carbine, who administered the coup de grace from up a tree.

Sadly and not without public controversy, the cow's one day in town was over.

The cow it turned out belonged to a Mr Thomas Dunn, a resident of Florence Street in West Perth. It had only just arrived in Perth that morning from the country and had broken away when spooked by a train. Careering first along Melbourne and Milligan Streets and then into Hay Street Subiaco, where Mr Dunn had lost sight of his runaway.

Miss Ruby Stephens, the young woman knocked down by the infuriated cow was still in hospital a few days after the incident. However reportedly out of danger and a speedy recovery was anticipated. Inquiries as to her health were frequent at her place of employment, a tobacconist in Hay Street.

(Sourced from various newspapers at the time thanks to the magic of Trove.)

## Position Vacant

### Housewife

**Job description:** Applications are invited for the position of manager of a lively team of demanding individuals of differing needs and personalities. The successful applicant will be required to perform and co-ordinate the following functions: companion, counsellor, financial manager, buying officer, teacher, nurse, chef, nutritionist, decorator, cleaner, driver, childcare supervisor, social secretary and recreation officer.

**Qualifications:** Applicants must have unlimited drive and the strongest sense of responsibility if they are to succeed in this job. They must be independent and self-motivated and be able to work in isolation and without supervision. They must be skilled in management of people of all ages. They must be able to work under stress, for long periods of time if necessary. They must have flexibility to perform a number of conflicting tasks at the one time without tiring. They must have the adaptability to handle all new developments in the life of the team, including emergencies and serious crises. They must be able to communicate on a range of issues with people of all ages, including public servant, schoolteachers, doctors, dentists, tradespeople, businesspeople, teenagers, and children. They must be competent in practical skills listed above. They must be healthy, creative, active and outgoing, to encourage the physical and social development of the team members. They must have imagination, sensitivity, warmth, love and understanding, since they are responsible for the mental and emotional well-being of the team.

**Hours of work:** All waking hours and a 24-hour shift when necessary.

**Pay:** No salary or wage. Allowances by arrangement, from time to time, with the income-earning member of the team. The successful applicant may be required to hold a second job, in addition to the one advertised here.

**Benefits:** No guaranteed holidays. No guaranteed sick leave, maternity leave, or long service leave. No guaranteed life or accident insurance. No workers compensation. No superannuation.

## Regional Roundabout

Some events or training coming up in the Wheatbelt and Great Southern Region that may be of interest to you. If you are needing more information please call the CRC in the appropriate town, Google or give us a call at the Lake Grace CRC.

- Wheatbelt Way Open Garden Week 2022**  
 Visit local gardens across the Wheatbelt Way from Thursday **13th to Sunday 16th October 2022**. Booklets and maps will be available closer to the time.
- Wylie Wheels and Art Extravaganza Weekend**  
 Our Art Expo to be held in the Wyalkatchem Town Hall from **16<sup>th</sup> until 19<sup>th</sup> September** is in its second year and following on from its successful debut in 2021 is expected to be an even larger event this year. Artists from across the state participated last year allowing 200 + artworks to be displayed.
- Home Grown Music Festival Nungarin**  
 An all-ages music festival featuring 10 original WA bands. Free camping, Licensed bar, family-friendly. Tickets available soon on [Trybooking.com](https://www.trybooking.com)
- Wyalkatchem 2022 Arts Expo**  
 16—19 September. Expo open to all WA artists to exhibit free. Judging on Friday 16th. For more information call 9681 1500
- Traying Tractor Pull, Mud Bog and Burnouts**  
 The TTPA holds an annual event with Tractor pull, Burnout, 4x4 track, and mud bog competitions which were started to provide a place where drivers are able to get loud and dirty and do it all in a safe environment. The annual Traying Tractor Pull, Mud Bog, and Burnouts will be held at the Recreation Ground on **Saturday 17th of September**. Gates open at 10 am for Spectators, Licenced Bar opens at 12noon, Food and Drinks available all weekend. Entertainment
- Southern Cross Car & Bike Show**  
**September 25, 10am—3pm**. Food vans, stalls, children's entertainment
- Kulin Bush Races**  
**28th to 2nd October**: Tickets sold out in 1 minute! Lucky you if you got a ticket, commiserations to those that missed out. The waitlist is currently full.
- Mangowine Concert and Harvest Festival**  
**Saturday 1st October**. Each year the iconic Mangowine Homestead plays host to a variety of music acts. The open-air concert is a fabulous night, not to be missed. This event is has community events on the Friday night and a Market on Sunday. Tickets are on sale now, visit the website – [nungarin.com.au](https://nungarin.com.au) click on the links to purchase tickets!

# Community Newsletter

PO Box 50, Lake Grace WA 6353 Ph: (08) 9890 2500 Fax: (08) 9890 2599 Email: shire@lakegrace.wa.gov.au

## From the CEO

At the Council meeting held on 27 July Resolutions were made approving the following:

- Callope Road, Marshall Road and Dolan Road were the names selected by Council to be put forward for the new road on the industrial land. The public will be invited for comments or objections before it is submitted to the Geographic Names Committee for approval.
- Temporary bulkheads for CBH at Varley and Newdegate have been approved given another favourable harvest is predicted.
- Conditional approval was given for additions and upgrades to the Lake Grace Men's Shed.
- Due to no nominations being received for the recent Councillor vacancy Council will seek permission from the Electoral Commissioner to run with 8 Councillors until the October 23 ordinary elections.
- Council adopted the Bushfire Risk Management Plan for the Shire.
- Subject to approval by the Department of Water & Environmental Regulation Council approved the action plan to remove the surface contamination and to fence off part of Reserve 21558 being the land for the proposed Lions Walk Trail Site thus making it unavailable for development. This leaves the door open for discussions regarding an alternative site and plan.

Administration staff and Councillors have been busy working on the Council Budget for 2022/2023. The rise in costs across the board for materials, plant, contactors, fuel and utilities it will be interesting times ahead for all of us.

Landgate have advised of a significant increase of the Unimproved Values (UV) on farmland. These rates are based on sales of land within the shire which have risen in recent years, however, consequently an increase in rates. Shires have no say in the increases of UV rates, however we can make some adjustments to our Shire rates to help reduce the impact.

Foot-and-mouth disease (FMD) is a highly contagious viral disease and is one of the most serious diseases in livestock affecting cloven-hoofed animals, such as cattle, goats, pigs and sheep. With the recent outbreak of FMD reported in Indonesia and Bali Australian farmers are being asked to implement biosecurity measures, including limiting the number of people to enter their properties.

There will also be changes to the import conditions and permits for certain goods that are manufactured or sourced from Indonesia. Biosecurity Response Zones are currently being established at international airports within Australia. These measures will include foot mats; travelers will be required to walk over upon disembarking aircraft arriving from Indonesia. You are still required to declare on the Incoming Passenger Card, if you have spent time in a rural area, if you are carrying food or other risk goods, including footwear in your luggage.

Travelers arriving from Indonesia are being asked to think about some basic measures that will help prevent this devastating disease finding its way into Australia. There are penalties of up to \$2,664 for breaching Australia's biosecurity laws.

## Coming Events

**National Landcare Week**  
1 - 7 August

**Jeans for Genes Day**  
Friday 5 August

**International Youth Day**  
Friday 12 August

**Red Nose Day**  
12 - 13 August

**Keep Australia Beautiful Week**  
15 - 21 August

**Comedy Gold**  
Lake Grace Hotel  
Wednesday 24 August

**Newdegate Machinery Field Days**  
Wed 7 Thurs 8 September

**Local Government week**  
3 - 7 October

**Nationwide Walk for Mental Health**  
Sunday 16 October

## Ordinary Council Meeting

An Ordinary Council Meeting will be held on  
**Wednesday**  
**24 August 2022**  
from 3.30pm at the  
Council Chambers,  
Administration Building.

The Agenda will be available on

[www.lakegrace.wa.gov.au](https://www.lakegrace.wa.gov.au)

*Everyone Welcome*

A minimum of 15 minutes is set aside for public question time, giving members of the public an opportunity to ask questions relating to Shire activities.

*Alan George*  
Chief Executive Officer

## Community Infrastructure Service

As the rain continues the shire and contract maintenance graders have been busy working throughout the shire to try and cover as many roads as possible.

Many floodway's through the shire are now running water so please drive to the condition of the roads and take care at all running water.

Over the last few weeks both Shire and Contractors equipment have been vandalised whilst parked on the job site over night or on weekends. This not only has been an inconvenience to staff but it has also cost the rate payers money in repairs and down time.

If anyone comes across anyone vandalising or suspicious activity involving any shire or contractor equipment whilst parked up overnight or on weekends please notify the local police and the Shire administration office.

It has recently been noted there is an increase of unused bus stops throughout the shire that still have bus stop warning signs up.

If you know of any unused bus stops or your bus stop is no longer used and still has sign up can you please notify the shire via email [shire@lakegrace.wa.gov.au](mailto:shire@lakegrace.wa.gov.au) or by phoning 08 9890 2500 to get these signs removed.

### Works Completed by shire staff and contractors

- Finished the installation of the new Lake King Toilet Block
- Re sheeting on Magenta Road
- Oval maintenance on all ovals throughout the Shire
- General tidy up around all towns
- Spraying of town verges
- Maintenance to community buildings and staff housing
- Planting of trees on the Lake Grace Industrial land

*Above: Trees planted on the eastern side of the new industrial area.*

### Lake Grace Maintenance Grading:

- West Kuender Road
- O'Neill Road
- Treloar Road
- Wolseley Road
- Slarke Road

### Nowdegate Maintenance Grading

- Jensen Road
- Stone Road
- Harris Road
- Mount Sheridan

### Lake King Varley Maintenance Grading

- Lake King Norseman Road

*Above: We now have new public toilets near the Lake King BP fuel pumps for people travelling North / South who couldn't find the toilets near the Lake King store. No more deposits in the bush.*

## Community Information

### Office Open Hours

Monday - Friday  
8.30am - 4.00pm

Staff can be contacted by phone between 8am - 5pm

### Licensing Payments

All licensing payments are to be made in person at the Shire of Lake Grace Administration office, 1 Bishop Street, Lake Grace, *(please phone ahead to confirm availability)*

**Monday to Friday from 8:30am to 4:00pm**

As an agency, we process the majority of transactions including: renewals, transfers, number plate orders, boat registration renewals and new licence applications. With every transaction we perform, we try to offer the best service possible.

We do ask all licensing customers to be considerate, even though we are aware of people being 'locals' it does not exempt us from following the rules set by the Department of Transport.

### Driving Assessor

The Practical Driving Assessor (PDA) will be at the Shire of Lake Grace Office on:

**Friday - 9 September**

**Friday - 7 October (to be confirmed)**

Bookings are essential for all Practical Driver's Licence Assessments and we advise booking in advance as there is often a waiting list.

All bookings to be made at the Shire office on 9890 2500 until further notice.

Lake Grace has one assessment day each month held on the first Friday of the month.

For more information go to: [www.transport.wa.gov.au](http://www.transport.wa.gov.au).

### Libraries

**Lake Grace Public Library** School Place Absolon St  
Monday - Friday 9am - 5pm  
Closed for lunch 12.30 - 1pm

**Newdegate Public Library** Collier St  
Monday - Thursday 8.30am - 4.30pm  
Closed for lunch 12noon - 1pm  
Friday 9am - 2pm

**Lake King Library** Newdegate/Ravensthorpe Rd  
Tuesday and Thursday 8.30am - 3.30pm

### Building Surveyor

Building Surveyor, can be contacted through the Shire Office on 9890 2500 or email [shire@lakegrace.wa.gov.au](mailto:shire@lakegrace.wa.gov.au).

### Town Planning & Building

The Shire's Town Planner consultant Joe Douglas, can be contacted via the Shire on 9890 2500 or email [shire@lakegrace.wa.gov.au](mailto:shire@lakegrace.wa.gov.au).

### Environmental Health

The Shire's Environmental Health Officer, Brendon Gerrard. Can be contacted via the Shire on 9890 2500 or email [shire@lakegrace.wa.gov.au](mailto:shire@lakegrace.wa.gov.au).

### Tip Times

#### Lake Grace

Monday & Wednesday 9am - 2pm  
Saturday & Sunday 9am - 4pm

#### Newdegate

Wednesday 9am - 1pm  
Saturday 9am - 1pm

#### Lake King and Varley

Open every day

### Recycling Services

Household Waste Collection is a weekly service and collected each Tuesday for Lake Grace, Newdegate, Lake King & Varley.

**Recycling** is a fortnightly service and alternates between Lake Grace and Newdegate. See below for the upcoming recycling collection dates.

Lake Grace	Newdegate
Tuesday 16 August	Tuesday 23 August
Tuesday 30 August	Tuesday 6 September

**Please Note:** There is no kerbside recycling collection service in Lake King or Varley.

The recycling bins are collected by Warren Blackwood Waste and transported to a recycling facility. If items which are not recyclable are found the content can't be recycled and the load will be directed to the landfill.

If an item is covered in food, it is not recyclable. Food is one of the worst contaminants in the recycling process. By using the yellow top recycling bin correctly you are contributing, in a combined community effort, to reduce the amount of rubbish that is directed to landfill facilities each year.

For more information on Waste Management visit the Shire's website [www.lakegrace.wa.gov.au](http://www.lakegrace.wa.gov.au).

Check our Facebook page  
<https://www.facebook.com/ShireofLakeGrace/>

## Community Emergency Service

As an outcome of the horrific Black Saturday fires in 2009 a national project was commenced to align and simplify the fire danger ratings throughout Australia. Thirteen years and a significant amount of work later we will be nationally adopting the Australia Fire Danger Rating System as of 1 September this year.

A key change is the simplification of the system down to 4 ratings and a significant improvement in the science that power the calculations behind the scenes.

Locally you will interact with the changes through burning permits now being tied to the "High" rating, where previously it was "Very High" and the process to calculate the trigger for Harvest and Vehicle Movement Bans has also been updated which will take some familiarisation from our FCOs.

### The new Australian Fire Danger Ratings (AFDRS) levels are:

#### MODERATE

Plan and prepare

#### HIGH

Be ready to act

#### EXTREME

Take action now to protect life and property

#### CATASTROPHIC

For your survival, leave bushfire risk areas

*Matt Castaldini*

Community Emergency Services Manager

## Scribblers Festival's 2022 Golden Feather Hunt

Scribblers Festival celebrates creativity, literacy and the special place local libraries hold in the hearts of children and parents.

With the help of our librarian superheroes, each year we hide over 15,000 feather shaped bookmarks in the children's and young adult section of libraries across Western Australia. Feather finders have the opportunity to win a variety of prizes, but most of all, fuel their love of reading and libraries.

Visit Newdegate and Lake King libraries.

- Go the children's or young adult section and select a book you would like to borrow.
- Check out the book with the help of your friendly librarian
- Cross your fingers and open the book...

If there is a feather-shaped bookmark inside do a (quiet) victory dance and bring the feather to your friendly librarian who will know exactly what to do next

If there isn't a feather-shaped bookmark inside, chin up - you still have a great book to read AND you can have another hunt when you borrow your next book!

**Golden Feathers** - There are only FIVE of this rare feathers hidden in the whole of WA. The lucky finder of one of these, wins the grand prize of a VIP Festival Pass, and iPad and signed book pack

**Silver Feathers** - There are only 20 of these lucky feathers in the hunt. Find one of these and you win a signed book

**Amethyst Feathers** - Each participating library has one of these hidden in the shelves, and comes with an instant book prize

**White Feathers** - Colour these in, post a pic to social media tagging us @scribblersfest and you could win an instant prize!

#### **Newdegate Library Borrow Box 'How To' Guide**

Borrow Box is an application for mobile devices that is linked to the Newdegate Public Library. Here you can download eBooks and eAudiobooks that are available in the library rather than coming in for a hard copy. If you are interested in signing up for this please use the 'How To' Guide by going to [https://www.newdegate.crc.net.au/Profiles/newdegate\\_1/Assets/ClientData/Borrow\\_Box\\_How\\_To\\_Guide.pdf](https://www.newdegate.crc.net.au/Profiles/newdegate_1/Assets/ClientData/Borrow_Box_How_To_Guide.pdf) for more information.

# Across the Lake Photos: Can You Help?

We are still looking for photos for the reprint John Bird's Across the Lake, a history of Lake Grace. We need the photos so that we can rescan for the best possible quality for the reprint. Thank you to those who have already come forward. So please delve into your family archives and see if you can find any of the following as listed below:

# Native Tree Revegetation Project *(cont.)*

over 12,000 saplings. The species selection process was specifically curated to enhance biodiversity and represent the natural habitat of the Tarin Rock region.

Plants were paired with their respective soil types to ensure a better seedling survival rate. The species that were chosen to be planted, included various eucalypt mallees and mallets (*E.incrassata*, *E.flocktoniae*, *E.dorienii*, *E.gardneri*), york gum (*E.loxaphleba loxaphleba*), and red morrell (*E.longicornis*), as well as multiple types of melaleuca, acacia and allocasuarina.

This is a three-year project resulting in 30km of fencing, 15 ha of revegetation and is scheduled to run through until the year 2024.

***Below Left: A triumphant Bryce Tierney.***

The Australian Taxation Office (ATO) is warning about a high volume of SMS scams pretending to be from the ATO.

These scams tell you that you're owed an income tax repayment and ask you to click a hyperlink and complete a form.

But clicking the link takes you to a fake ATO web page that asks for your personal identifying information, including your credit card details.

If you receive an SMS like this, don't click on any links. You can report the scam to the ATO.

The ATO will never send you an SMS with a link to log in to online services, or ask for your credit card details.

Visit [www.ato.gov.au/scamalerts](http://www.ato.gov.au/scamalerts) to find out more.

# Lake Grace/Pingrup A Grade Netball

Karen Bairstow

## Round 11 LG-P VS BOXWOOD 23rd July

The game was played at Boxwood in very windy conditions for netball.

After an even first quarter the team settled into playing our style of netball and got a good break on Boxwood. The defence was standing tall, taking good rebounds and delivering the ball into the centre court. Our centre court worked hard to get the ball from one end down court into goals.

The goal shooters worked the circle well and shot very well in trying conditions.

A good win girls.

LGP62 - BOX 25

**BEST ON GROUND:** MAGGIE PRATER ran hard all game opened the circle up and shot very well in windy conditions.

**2ND BEST ON GROUND:** JOELY SLINN played well in WD providing good run down court then defended well in GK taking intercepts and good rebounds.

**COACHES AWARD:** BRIANNA BROOKS combined very well with Maggie cut the baseline well and also shot

some great goals in the wind.

On the bye weekend the Great Southern Netball carnival was held in Albany.

Well done to Chloe Trevenen, Shenae Prater and Chloe McDougall who played Division one for Ongerup and played off in the grand final, unfortunately going down to Esperance.

Well done to Tayla Stone, Grace Simon and Krystal Phillips who played division two for Ongerup, finishing third overall.

All the girls played outstanding netball and represented our club well.

**Strictly 18+**

**COMEDY**

**Gold**

**Lake Grace Hotel  
Back Lounge  
Ticket Entry Only**

**Wednesday  
August 24th**

**Doors open 5:30pm  
Show starts 7:00pm**

## Round 11 LG-P VS BOXWOOD 23rd July

Travelled the long drive to Boxwood Hill on Saturday 23rd July.

It was cold and windy and 4 players out, a few players running late with roads closed. It was an interesting start.

Taj Trevenen as captain today led the Bombers out onto the field.

First quarter was good with kids trying to score, dominating the play. 0 all

2nd quarter Boxwood firing and playing well but luckily unable to score. 0 all

3rd quarter- what a quarter. Lots of team play and everyone working together, coming down the field on

the right and switched across in the D for Paige to be in the right spot to control the ball and push into the goals.

The kids were pumped with more team play and Bella scoring 2 more goals. 3/4 3-0

Strong attacking through the mid field, everyone pumped to play their best, ball come into the D with Darci getting our 4th goal.

Well done kids, Freddos for all.

Best on ground Khalen and Taj

2nd best Dakota

Goal scorers

Paige, Darci and Bella x2

Proud of you all.

## Classifieds

### Rural West Financial Counselling

A free service available to regional small businesses, primary producers, not-for-profits and community clubs. For more information contact Donna Spurgeon by email [Donna.Spurgeon@ruralwest.com.au](mailto:Donna.Spurgeon@ruralwest.com.au) or phone 0408 107 326. Alternatively you can contact the information line on 1800 612 004.

### Cancer Support Coordinator

Barbara Brennan from Cancer Council WA is the Cancer Support Coordinator for the Wheatbelt Region. Call Barbara on 9621 1810 for information, support and assistance.

### CWA Bookings

CWA rooms are available for hire. There is a COVID Safety Plan in place that hirers will need to adhere to. Anyone using the rooms must fill in the log book. If you wish to book the CWA Hall then please contact the Lake Grace CRC on 9865 1470.

### Community Bus Bookings

Are to be done through the Lake Grace CRC. Ring 9865 1470 or email [LakeGracecrc@westnet.com.au](mailto:LakeGracecrc@westnet.com.au) The community bus is owned and managed by the community, is available to any individual, group or organization to hire and costs \$1 per kilometre to use. All proceeds go toward the management and running of the bus and toward bus upgrades.

### Southern Agcare

This is a free and confidential Family and Individual Counselling Service. Please contact Southern AgCare main office for an appointment. Phone (08) 9827 1552 or [admin@southernagcare.org.au](mailto:admin@southernagcare.org.au) referral forms can also be found on our webpage [www.southernagcare.org.au](http://www.southernagcare.org.au)

### Men's Shed Battery Drive

The Lake Grace Community Men's Shed is continuing with their battery drive. This is an ongoing revenue raising project which will contribute to the running of the Shed. Batteries can be left at the Men's Shed or you can contact Allan Duckworth on 0427 651 567 if you require them to be picked up. Thank you for your ongoing support.

### Dr Linda Haines

Is available in Lake Grace on Thursday 15th and Friday 16th September Ring 9865 1208 for an appointment.

### First Aid Kits

Are now available for purchase at CCL Hardware Lake Grace.

### Volunteer with St John Ambulance — Lake Grace Sub Centre as an Emergency Medical Responder (Driver)

Are you interested in community based volunteer work? Are you over the age of 18 and hold an unencumbered Australian driver's license? Role includes hospital to hospital transfers, attending non-emergency and emergency ambulance calls as a driver. Call the Sub Centre on 0428 110 446.

### Sudoku

- The Sudoku grid of rows and columns is divided into individual 3x3 boxes.
- The aim of the game is to fill each row, column and 3x3 box with the numbers 1 to 9.
- You can't repeat numbers in a row, column or 3x3 box and you can't change the numbers already in squares.

		9	5		1	2		
		4				9		
8	7						5	1
7				8				9
		6	7		4	8		
3				6				4
2	5						4	6
