## Can We Do It?

Suzanne Reeves

**Sharon Lampard, Goal Attack for Lake Grace Pingrup is at full stretch to get the ball before it reaches Robyn Orr, Wing Defence for Newdegate. Whitney Harvey (N), Joely Slinn (LGP), with Jasmine Knill (N) and Shenae Prater (LGP) watch on. LGP's Wing Attack is obscured. And yes Sharon did get the ball before passing to Joely Slinn who successfully goaled.**

Winter Sports are now at the pointy end of the season having played the final round of the season in Boxwood Hills last Saturday. The second Semi Final is to be held this Saturday at Jerramungup and Lake Grace Pingrup are well represented.

Both A and B Grade netball are sitting second on the ladder and will be playing against the first placed Newdegate and Gnowangerup. A Grade have beaten Newdegate before and B Grade have also beaten Gnowangerup, however both games will be tough as there has not been much between the teams all year. Weather won't be an influence on the outcome as they will play in an indoor stadium. The winners from this match will advance

straight through to the Grand Final (held at Lake Grace) while the losers will get a second opportunity the following weekend at the Preliminary Final at Newdegate. Junior girls are also second on the ladder and will be playing for a Grand Final berth this weekend against the first placed Gnowangerup.

In football the Reserves take on last years Premiers, Gnowangerup, in the second Semi-Final to be played in Jerramungup. Coach Damon Pelham says this will be a very exciting game as a nice blend of senior players will be flanked by some exciting young players. Although we have not beaten Gnowangerup this year we haven't had the

# Editorial

- ☺ We have the MC / HC Assessment and training coming up next week and although we have okay numbers we do need people to acknowledge that they need to be sure of what they're doing before they book. Unfortunately we have had quite a few chopping and changing their minds and it has created extra work not only for us but also for Keen's as they keep altering their timetable.
- ☺ Don't forget that **Centrelink** are visiting us on Tuesday 30th August. To coincide with their visit we will be holding a digi day; whether we like it or not many of our services are easier to access via the internet than via a real live human being. So come along and learn how you can make your experience with Department of Human Services a little easier, don't forget that Medicare comes under their umbrella and a claim via the Medicare app is much simpler than filling in a form. I have noticed that the ATO is going to be with the DSH mobile office, could be a good opportunity if you're having a few issues or your child needs to apply for a Tax File Number.
- ☺ With the Digi Day workshop if we don't get the numbers we will only hold the one workshop, probably the one at 5pm. This is a great opportunity
- ☺ With the winter sports Grand Final approaching and wild flower season around the corner we have set the date for a **Litterpick** so we can give the town a bit of a spruce up. So if you have some spare time on Sunday 28th August we'd love to hear from you. If you don't want to pick litter but love baking scones then we'd also love to hear from you! I haven't been inundated with names as yet and am picturing that I could be very lonely whilst wandering around with my rubbish bag.
- ☺ The rug making is still happening every Friday, if you

would like to learn to crochet then please come along. If you don't feel like crocheting or hand sewing then please bring along your own project to do. At this stage two of the hand sewn rugs are being quilted and there are half a dozen blankets that have been crocheted. Everyone is more than welcome.

- ☺ Just a reminder that the Breast Screen van will be in Lake Grace from 22nd to 29th August. Ring 13 20 50 to make an appointment.
- ☺ In October Keens will be coming to do **HR training and assessment**. This will only be HR there will be no HC or MC. If you are interested then please give us a call, we need names for this to go ahead.
- ☺ Good luck to all our sporting teams who will be setting out on Saturday (and Sunday) with the aim of coming home the victors. Every Lake Grace team is into the finals with some playing do or die finals but congratulations on making it this far! I look forward to receiving some exciting sporting notes.
- ☺ We have our new photocopier installed and I have to say the colours seem to be a whole lot brighter.

Suzanne Reeves

## Workshop Calendar...

**Centrelink 'Digi Day'** - Tuesday 30th August.  
FREE.

**HR Training & Assessment** - Thursday 20th & Friday 21st October.

**Coeliac Awareness** - Tuesday 25th October, 11am.  
FREE.

**Windows 10** - Coming.

**Facebook** - Need names. FREE. Changing your settings, loading photos or documents, sharing, finding friends and more.

If you are interested in any of the above please phone the Lake Grace Community Resource Centre on 9865 1470.

## Litterpick

### Sunday 28th August

Lake Grace Townsite

9am - 10:30am

Morning tea to follow

Meet at the CRC to collect bags, bring your own gloves.

**Lake Grace / Pingrup Winter Sports are hosting the Grand Final for 2016 on Saturday 3rd September.**

**Let's put our best foot forward and give the town a bit of a clean-up.**

**Register your interest with the Lake Grace Community Resource Centre on 9865 1470 or [lakegracecrc@westnet.com.au](mailto:lakegracecrc@westnet.com.au)**

# Help Muresk Celebrate 90 Years

## Media Release

Muresk is about to celebrate ninety years as a leading provider of agricultural education in Australia. October 30<sup>th</sup> 2016 will mark ninety years since the Muresk Agricultural College was officially opened in 1926 and commenced training farm managers.

The Muresk Old Collegians Association Inc. (MOCA) encourages former Muresk students, staff and supporters to return to Muresk to celebrate this significant milestone and celebrate Muresk's many achievements in delivering industry focused tertiary agribusiness education.

Contact details of former Muresk students and staff are being requested so that they can receive an email invitation to the 90<sup>th</sup> Anniversary event.

Muresk alumni are encouraged to update their contact details by:

- Visiting this link: <http://www.iagribusiness.com/page/MureskUpdate>
- Or, emailing: [Muresk90th@iinet.net.au](mailto:Muresk90th@iinet.net.au)
- Or, phoning Debra Royle on 0417 911 980 or Tricia Slee on 0427 330 103

The Muresk 90<sup>th</sup> Anniversary celebrations will be family friendly, with activities including Muresk farm and campus tours, memories shared by former students and staff, demonstrations of new and historical technologies, family entertainment and an opportunity to share Muresk memorabilia.

Don't delay – let the Muresk Old Collegians' Association (MOCA) know your contact details - and mark the date on the family calendar.

The 'Back to Muresk' 90<sup>th</sup> Anniversary is an opportunity to acknowledge the achievements of graduates and staff, and the combined contributions to agricultural education by Muresk in its many guises.

From its establishment in 1926 the Muresk Agricultural College (MAC) was managed by the Department of Agriculture (now DAFWA) with the focus being on farm management education – 'practice with science' - a unique direction at a time when the general trend in Australia was on training agricultural technologists.

The Western Australian Institute of Technology (WAIT) took over the reins in July 1969. As the Muresk Agricultural College became more autonomous within WAIT its name was changed in 1985 to the 'Muresk Institute of Agriculture'; and just a few years later in 1987 WAIT became Curtin University, and custodianship of Muresk changed hands again.

In 1990 Muresk was named by *Bulletin* magazine as providing Australia's best tertiary education in agriculture.

During the 1990's Muresk Institute of Agriculture consulted widely with industry to determine the

essential skills and knowledge industry sought in graduates, and in response, introduced four year Bachelor of Agriculture and Horticulture degree programs, as well as a two year Associate Diploma in Viticulture.

By 2001 Muresk's research enrolments had grown to 23 PhD and 9 Masters students compared to one PhD and one Masters student in 1995.

Curtin University withdrew from the Muresk campus in 2012 and management of what is now Muresk Institute was transferred to the Department of Training and Workforce Development.

Current providers of tertiary level agribusiness education at Muresk Institute include the Central Regional TAFE in partnership with Charles Sturt University and Queensland University plus numerous providers of technical and short courses for industry.

The Muresk Old Collegians Association Inc. looks forward to sharing the 90<sup>th</sup> celebration with Muresk alumni from across the decades, along with their family and friends, and Muresk supporters.

Muresk alumni are encouraged to regularly check for updated details of the Muresk 90<sup>th</sup> Anniversary on the MOCA Facebook page or LinkedIn site.

## What's Happening?

- Belated sympathy to Ken Battison on the loss of his wife Brenda (nee Joyce) who passed away in June after a long illness. Sympathy also to the extended Joyce family. Both Brenda and Ken had a long association with the region before relocating to Albany.
- It's been a baby bonanza (good for future school numbers) and girls are outnumbering the boys.
  - Congratulations to Elle Atwell and Lomas McPherson on the arrival of Andrea Joy McPherson on the 2nd August. Andrea weighed in at 9lb 9oz, was 50.5cm long and is a little sister for Zachary.
  - Well done to Lisa and Grant O'Neill on the arrival of Marli Robyn on the 10th August. Marli was 50cm long and weighed in at 7lb 2oz and is a little sister for Jed.
  - A big welcome to Isabel Grace de Vree, a little girl for Vynka and Joel de Vree. Isabel arrived on the 11th August weighing 2.61kg and measuring 46cm.
  - Congratulations also to Nicole and Liam Chesson on the arrival of Connor Ross on Monday 8th August at 12.07am (pictured right). Connor was 3.78kg and 52cm long and is a first child for Liam and Nicole. Mother and son are doing well and by all accounts there are four very proud grandparents.
- Congratulations to Jackson Callope and Brady McGlenn for being selected in the Under 13's Great Southern Storm development squad—a pathway to the Claremont Football Club.
- A belated congratulations to Rysha (nee Bird) and Dirk Masters who welcomed a baby girl, Brooklyn Lee in June.
- By all accounts the Taylors (Bevan, Maria, Carrie and Imogen) are having a great time in Rio at the Olympics and have managed to get themselves on the Daily Telegraph's Facebook page (see left).

## Lake Grace Weather

*- the not so clued up weather person*

Unfortunately we haven't as yet sorted any interesting weather data to include with the temperatures and rainfall (though we have found a very cool pic of dogs in scarves). If you're a bit of a weather buff and would like to offer up some monthly statistics then we would love to hear from you!

Date	Min	Max	Rain
3/8	3.5	13.8	
4/8	8.4	11.7	1.8
5/8	8.0	15.8	15.4
6/8	8.5	14.8	0.2
7/8	8.1	15.0	1.0
8/8	7.7	11.6	0.6
9/8	1.7	14.3	0.4
10/8	2.1	13.4	
11/8	6.6	16.4	
12/8	2.7	14.7	1.6
13/8	2.9	15.3	
14/8	0.8	20.6	
15/8	7.0	18.5	
16/8	2.4	17.3	0.4
17/8	8.4		

### Parts Interpreter - Lake Grace, WA

AFGRI is a global agricultural company in business for more than 90 years, the largest John Deere equipment dealership in Western Australia with 12 branches. We supply quality new any used agricultural equipment, service and parts tailored to the need of broad acre farmers. Our main product line is John Deere, but also supply other farming equipment and vehicles. This is an excellent opportunity for a Parts Interpreter who is a team player, self-motivated individual with a genuine interest in agricultural machinery.

#### Essential skills and attributes:

- Agricultural and/or vehicles knowledge an advantage
- Retail parts experience
- Attend to counter service and Customer phone enquires
- Promote sales / follow up on sales
- Experience in interpreting, invoicing, data entry and counter sales
- Follow up on all credits that have been returned
- Maintain up to date the parts database and price lists
- Reconciliation of supplier's invoices with packing slips
- Unpack all freight and stock to shelves
- Correctly placing part numbers on all stock
- Fork lift license preferred but not essential
- Excellent communication and customer service skills

An attractive salary package will be negotiated in accordance with applicant's experience and knowledge. Ongoing training will be provided in-house as well as John Deere factory training.

**Please send a detailed resume and covering letter to:**  
**Gabi Duguid, HR Officer, AFGRI Equipment Australia**

# We've Got Father's Day Gifts Covered!

Jo Morgan

There's no need to head to the big smoke to spoil all the Dad's in town this Father's Day. The Lake Grace Visitor Centre is filled with some great gift ideas we just know he'll love.

If you're looking for a *Foodie* type gift we have local made dukkahs, chutneys, salad seed mix, jams, honey, sauces, pickled jalapenos and chillis. Some in gift box packaging and some at reduced prices. There's also flavoured nuts, nougat and locally made olive oil. There's even farm themed aprons and tea towels if Dad really likes to get in the kitchen.

If your main guy is into football, we've got both Fremantle Docker's and our local team The Bombers merchandise available ranging from mugs, number plate frames, stubby holders, key rings and bumper stickers.

Wooden crafts and stunning local pictures are always a favourite. There's a few repellent creams

perfect for keeping in the car. We've recently added a great range of the latest WA maps he can get lost in for hours and *maybe* start planning a well deserved holiday...worth a try! It'll be his idea for sure ;)

Pop into the Lake Grace Visitors Centre from 9.30am weekdays and see what local gift will suit your Dad. The search for the perfect gift is right here waiting for you.

## SAND N SALT

FASHION FOR THE SALT OF THE EARTH

**30% off all Vigorella !!**  
**Starts Thursday**

Save the date also for Thursday Sept 1st as Denise Sturges - Feet With Flair - will be at Sand N Salt with a huge winter clearance range of shoes and Boots !!

# Lake Grace Town Surface Water Management Proposal

Arthur Slarke

*Response to the LLN editors request for more local news- (ed. 4<sup>th</sup> Aug.)*

Have you ever noticed how slowly the water flows from Absolon Street (opposite the Shire depot) through Padley Park?

The reason for the near stagnant water is the waterway is too flat for water to flow freely.

When water from this flow line reaches the Town's southern boundary it is joined by surplus water from the South road sump via a near 400 metre long Shire made drain.

This resultant accumulated water is virtually dumped onto adjoining private property. At this juncture no provision has been made for the water to continue to the logical end point- that being the Cemetery Lake some 2.1 kms to the west.

Rather, the surplus water sits languishing in the flat lands where initially, Love Grass, silt and poor levels prevent water from flowing anywhere except in flood conditions.

In effect the towns' water table is never likely to be lower while these conditions exist.

Furthermore the condition of the waterway is an ideal

breeding ground for mosquitoes which is of major concern to the areas Environmental Health Officer and to members of the community.

According to EHO Ms L Pitman (report to Shire 19-4-2016) there have been 11 cases of Ross River Virus confirmed in the Lake Grace Shire since 2006. It is not known whether all cases were acquired within the shire or brought in from elsewhere.

There is no easy solution to remedy the towns' excess surface water problem. However, there are positive steps that can be taken to manage the situation better than the way things are at present.

To meet this challenge one of our "locals" with vast experience of local conditions has undertaken to survey a drainage line from the culvert pipe outlet (IV point) at Absolon St through to the Cemetery Lake.

This survey carried out in February this year reveals, there is a two metre fall over the distance of 2.1 klms.

To achieve this fall it will be necessary to clean out the existing silt in the drainage line through Padley Pk. Then extend a shallow drain a short distance south into private property where at this point, the proposed drain takes a hook shape curve to carry the water westerly, passing back in and out of town property on the way to the road crossing at Slarke St and then onto the Cemetery Lake.

No deep cutting of drains will be required.

Where banks exist between ponds a depth of less than one metre will be necessary. Generally though the depth in many places is minimal, enough to provide direction for the flow of water without too much speed.

The width of the drain would ideally be 6 metres at ground level. In some instances a wider drain may be appropriate.

The Shire has indicated awareness that a new crossing is required at Slarke St to cater for maximum drainage capacity of the system.

Further toward Cemetery Lake, water can flow into drains which the Shire has previously dug. For best performance this drainage work should be cleaned of silt and vegetation.

The overall design is supported by me, the writer and a *No objection* form has been signed by 3 other land holders of the 4 approached so far. Two of which have indicated their choice of culvert type across Slarke St.

One reason for this article is; if any more signatures are required, (either sought or volunteered) it is important for potential signatories to have some knowledge of the plan.

The Lake Grace Shire Council has been forwarded a copy of this proposal. The aim is to convince the Council to implement the required drainage work according to its design.

# Lake Grace Town Surface Water Management Proposal (cont.)

To date correspondence has been exchanged with the Shire going back to June 2015 resulting in some discussion and site inspection by staff and the majority of councillors. Also, though it doesn't improve the case, resolution 12252 was carried 9/0 at the Shire of Lake Grace ordinary council meeting on 23 March 2016.

The expected benefits of implementing the proposal are:

- Water will drain away from the town more freely. Thus changing the current situation where water pushes into water.
- The water which runs from the town to private property will be allowed to flow away freely without leaving a state of inundation and stress as at present. Flood waters will drain away more quickly under Clarke St and residual levels will be lower.
- Breeding grounds for Mosquitoes will be reduced.

The cost can be gauged by obtaining a number of quotations to do the work. A start in that direction has been made both privately and by the former Shire Manager Infrastructure.

In conclusion:

Thanks must be relayed to the designer for his

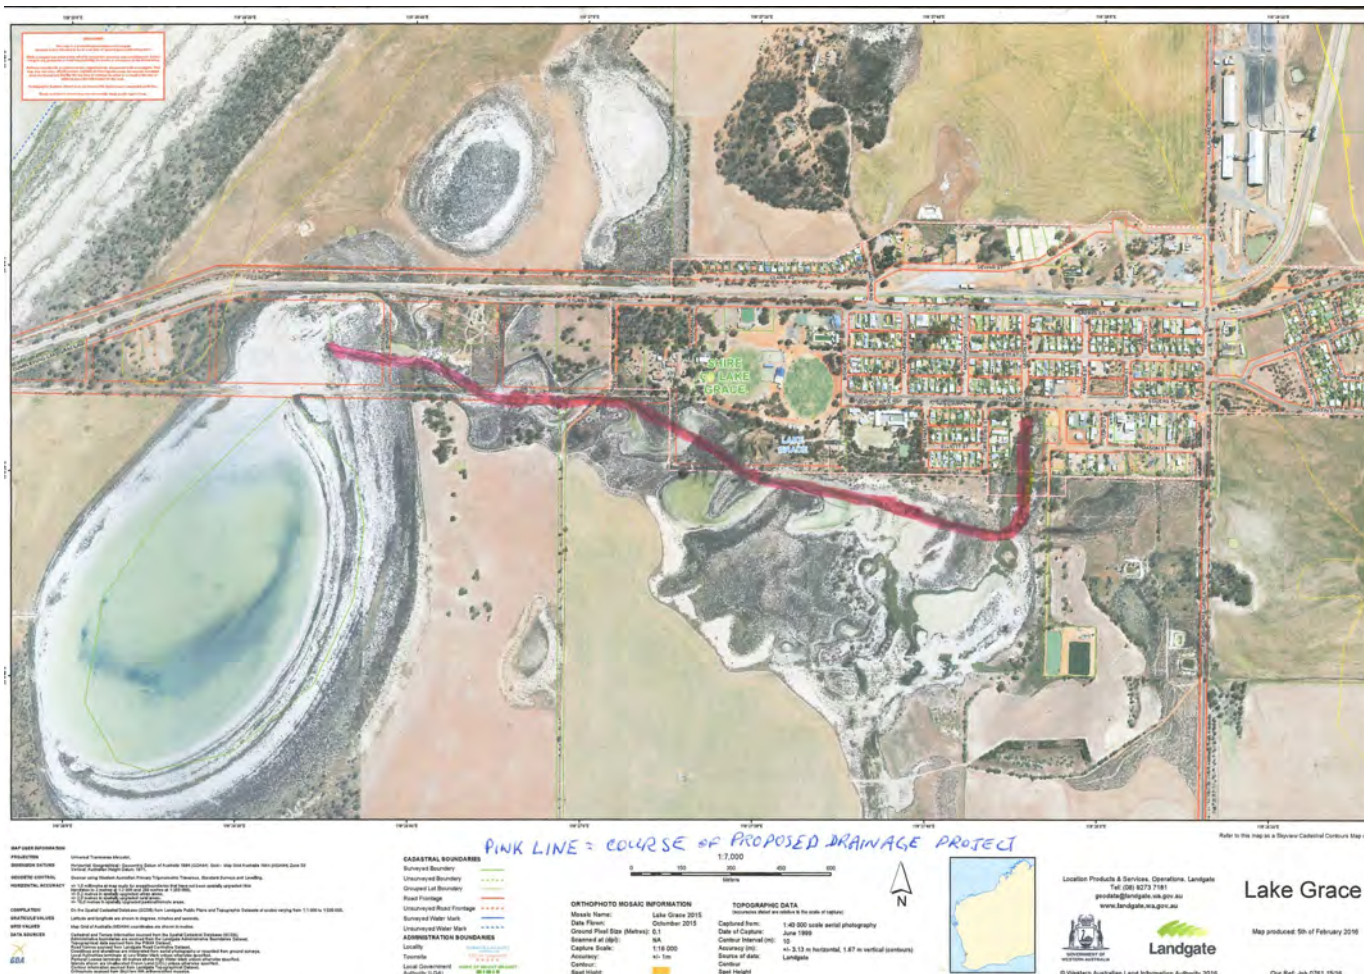

community initiative for this project. Benefit to the townsite of Lake Grace if implemented will become very noticeable and will have the dual effect of continuing the flow of surface water away from the adjoining property to the big lake. No ill effect to the lake is envisaged.

Although there has been resistance from the shire in some instances, in general Councillors and staff have been prepared to look and listen to the merit of this surface water management plan. For their consideration I convey my thanks.

Community members who have already had the opportunity to view and discuss the plan with me have been supportive.

There may be another chapter yet to be written, if so let it be to tell good news.

Accompanying this article is an aerial view of the greater town area. The hand drawn line is not to scale but an indication of the course the proposed drain would take. The short run commences on the edge of Absolon St and continues all the way to the Cemetery Lake.

# Upstairs Downstairs

Suzanne Reeves

Twenty ladies attended the Upstairs Downstairs evening facilitated by the Lake Grace CRC. It was wonderful that not everyone who attended fitted in the 50+ age bracket as women's health affects all women, regardless of age.

Karen Hansen, Cancer Council's Regional Education Officer for the Wheatbelt was first to speak, being followed by Leanne Pilkington from BreastScreen WA. Both Karen and Leanne had brought along plenty of props that were viewed with keen interest by the ladies and brought on plenty of giggles.

Last speaker for the evening was Barbara Brennan, Cancer Council's Cancer Support Coordinator. For anyone going through the cancer journey or supporting someone who is, Barbara would be a good person to talk to (her contact details are in the classifieds).

The point continuously stressed throughout the evening was to know your own body and that if there were any changes, regardless of how subtle, talk to your doctor. If you weren't happy with your doctors response then you owe it to yourself to get a second opinion.

We all learned something and it was an opportune time to focus on women's health with the BreastCare van due to arrive in Lake Grace on Monday 22nd August. We will be endeavouring to facilitate a Men's health evening at some point so will keep you posted on that.

During the evening the ladies got to fill out a fun crossword; congratulations to Christine Fyfe for being the first correct entry drawn out. Well done also to Caitlyn White for winning the door prize. Thank you to Vynka Lay (my go-to caterer) and her band of merry helpers from the Gym Club who catered for the evening, the food was fabulous! \$47 was received in donations, this will be forwarded to the Cancer Council.

**Above: Barbara Brenna, Leanne Pilkington & Karen Hansen.**

# Lake Grace Artist Group Notes

Kerrie Argent

Time is running out.....installation of the rust exhibition is looming up, at a very rapid pace.

The Lake Grace Artist Group's "Rust" Exhibition is approaching fast and for all those fabulous community artists and creators who are busily designing and creating your amazing pieces, keep up the hard work and get it finished.

Last day for work to be brought into the Lake Grace Regional Artspace is Monday morning 5th September, by 12 noon.

So please keep working on your sculptures or pieces of work and bring them in.

Remember any size or shape material as long as it looks like rust or the colour of rust, or made of rusty metal or depicts rust.

2D wall pieces or 3D sculptural pieces.

Installation of exhibition the 5th September exhibition will be open from Wednesday 7th September and official opening is Sunday 11th September at 2.30 in the afternoon.

Any one that is making, painting, drawing, creating, something to put in the exhibition could they please email information to [jaynearg@gmail.com](mailto:jaynearg@gmail.com) we need to know your name, name of work, what its made of, materials, and price if you want to put it up for sale, or NFS. ASAP please, for catalogue please, and thank you. Also can you put D rings or hanging on back of work or instructions or photos of the right way up etc, as we don't want to install your work upside down or round the wrong way. Thank you.

Exhibition in the window. Have you checked out our latest members window box exhibition. Joyce Contos has installed a series of fabulous mixed media pieces in the window. Joyce has combined a mixture of hand made recycled papers and found materials to create Large textural landscapes.

Jeanne Melville, Val Whiting and Kerrie Argent spent this weekend in the Porongurups participating in a

workshop with Linda MacAuley, covering materials, methods and techniques. What a fabulous workshop, absolutely invigorating and exhausting at the same time. It was a very peaceful space and even more so as there was no internet or mobile fine access down there.

Next meeting is Tuesday September 20th at 1pm at the Lake Grace art space. All Welcome.

## Condolences to the family of the late Terry Gladish.

Lakes District ICPA remembers with great appreciation the support Terry gave our branch over many years. We will be forever grateful for his guidance and professionalism in auditing our financial records.

Our thoughts are with his wife Lenore and their family Meredith, Louise and Eoin.

# Identifying and Managing Conflicts of Interest

Department of Commerce

It is common for potential conflicts of interest to arise in associations and clubs because people with a common interest are brought together and they are often involved in more than one community group or serve on a committee that provides social, sporting or recreational activities for their family and friends.

It is not possible to prevent all conflicts of interest occurring so it is essential that an association has processes in place to manage them.

## What is a conflict of interest?

A conflict of interest may arise when a member of an association has private or personal interests outside of the association that may affect (or be perceived to affect) their ability to act in the best interests of the association when they are carrying out their duties.

For example a conflict of interest may arise where:

- a committee member has a financial interest relating to a contract or proposed contract being considered by the management committee;
- an applicant for employment is a relative of a committee member or senior staff; or
- a person serves on the committees of two

associations that compete for the same tenders or grants.

## How can you manage a conflict of interest?

Having a conflict of interest does not mean that a person has acted improperly, or is likely to do so. While a failure to identify and manage a conflict of interest may not necessarily amount to a breach of the law, it could cause substantial damage to the reputation of the association and the individuals involved and create conflict among members.

To properly manage conflict of interest situations, it is recommended that every association:

- Develop, publish and promote a policy for the identification and management of conflicts of interest. This should include guidance as to the types of conflict scenarios that might arise in the association and what an individual should do if they think they may be at risk of having a conflict.
- Ensure that individuals who serve on its committee/ board or hold a key role in the association's management (for example a Chief Executive Officer or Manager) understand their obligations and responsibilities and receive training on how to recognise and respond to conflict of interest situations.
- Include the identification of potential conflicts of interest as an action item at each committee meeting (even if they rarely arise), and document any discussions and decisions in relation to conflicts of interest in the minutes of meetings.

## Material personal interests

The *Associations Incorporation Act 2015* (the Act) includes provisions that require a committee member with a material personal interest in a matter to disclose the nature and extent of the interest to the committee and the next general meeting of the association. A committee member who has disclosed a material personal interest must not be present when the matter is considered by the committee or a vote is taken on that matter.

It is important to note that an interest that the committee member has in common with all, or a substantial proportion, of members of the association does not require any disclosure or management under the Act.

## Identifying material personal interests

A committee member has a material personal interest in a matter when that member, or a reasonable person with a full knowledge of the circumstances, would consider that there is a risk that the personal interest could compromise the ability of the person to make an impartial decision.

It is important to understand that not all personal interests are 'material'. So if you are unsure about an

## Identifying and Managing Conflicts of Interest (cont.)

interest you may have in a matter to be considered, ask yourself would a reasonable person with a full knowledge of the circumstances consider that my interest could impact on my ability to make an impartial decision? If you have any doubt, discuss the facts with the rest of the committee so that they can determine whether the interest is material.

### What can we do if the inability of a committee member to participate in a decision means that we do not have a quorum?

Several options are available for dealing with this situation:

- Consider whether the committee is required to make the decision, it may be possible for the matter to be referred to a sub-committee or to a member, independent advisor or employee.
- It may be possible to adjourn the meeting and reconvene at a later date when additional committee members can attend to make up a quorum.
- Section 43(3) of the Act permits any member of the committee (including a member with a material personal interest) to call a general meeting of members to pass a resolution dealing with the matter.

### Disclosing material personal interests at general meetings

The Act also requires a management committee member with a material personal interest in a matter that has been considered at a committee meeting to declare their interest to the members at the next general meeting held by the association.

There are no restrictions on the format that this declaration must take. Depending on the number of interests that will need to be disclosed to the members, it could be done verbally, or by submitting a written record of the conflicts that arose over the period since the last general meeting took place. Regardless of the method, the identity of the member along with the nature and extent of their interest must be disclosed and recorded in the minutes.

The committee may also wish to confirm to the meeting that the member with the interest did not participate in the deliberations or vote on the particular matter.

# Lakes WIFE

*Claire Wells*

On the 10<sup>th</sup> of August eleven members of Lakes WIFE branch travelled to Bunbury for an overnight excursion.

First up was a tour through V&V Walsh's meat processing facility which can process 3,500 sheep per day, approximately half of this is boned and packed on site. It was an insightful experience and interesting to see the process of what happens when our sheep leave the farm.

In the afternoon we met up with Sonia Harris for a tour of Bunge's impressive Bunbury Terminal. We were all blown away with the efficiency of the terminal and their state-of-the-art grain receipt and testing facilities.

Overall, it was a valuable excursion and we are all looking forward to the next one.

WIFE - Women in Farming Enterprise

# AFGRI Equipment acquires Greenline

Media Release

## Acquisition

AFGRI Equipment Australia has successfully completed the acquisition of Greenline Ag business on 1 August 2016. The locations acquired includes Perth, Boyup Brook, Witchcliffe, Wagin, Lake Grace and Pingelly. AFGRI Equipment Australia's intent is to increase their footprint in WA. As technology improves and products become more advanced, additional experts in different fields are required. Therefore, economy of scale has become essential and this acquisition will provide AFGRI with the opportunity to align this strategy to their well-established vision of being the preferred supplier of premium agricultural equipment, services and solutions. This acquisition will broaden AFGRI's range of products and allow them to serve larger markets with agricultural and turf equipment.

The acquisition will mean that AFGRI will operate out of 11 dealerships across WA, with them already servicing the Geraldton, Carnamah, Moora, Dalwallinu and Wongan Hills areas.

## AFGRI

AFGRI is a leading agricultural company that started over 90 years ago in South Africa. Their core focus is on grain commodities. AFGRI South Africa provides

services across the entire grain production and storage cycle, offering financial support and solutions as well as inputs and hi-tech equipment through the John Deere brand supported by a large retail footprint. AFGRI Equipment has operations in South Africa, as well as international operations in Zimbabwe, Zambia, Ghana, Botswana and Australia.

## AFGRI Equipment Australia

AFGRI Holdings in South Africa acquired T & H Walton Stores in 2004 and changed the name of their operations to AFGRI Equipment Pty Ltd in 2013. Significant investments have been made since the initial acquisition to have the necessary infrastructure and financial backing in place. In 2015 they acquired Jolly and Sons in the Dalwallinu and Wongan Hills area. AFGRI Equipment Australia is a reliable source of quality new and used equipment. AFGRI's main franchise will remain John Deere, but will add to their existing premium franchises as our customers' needs dictates. Operations Director, Gollie Coetzee, has been implementing best practises to make sure AFGRI is ready to supply the market with premium products and service excellence.

and Hospital activities

## MEDICARE CARD

When you present to the hospital, please remember to bring your Medicare card!

## APPS for your iPhone

- One problem we can encounter out here on our country roads is trying to give your exact location to emergency services. There are Apps available, such as Emergency Plus, that display your longitude and latitude or physical address. This information can then easily be relayed to Emergency Services when you are getting a signal. You can ring 000 from this App. If you like to be prepared, you can do a search on emergency services apps and read up on what would best suit you. In an emergency it can be quite problematic giving your exact location and these apps have been designed to assist with this.

## OBSTETRIC GP CLINIC

Narrogin Hospital is pleased to announce the beginning of an Obstetric GP Clinic, offering services to maternity patients delivering at the Narrogin Hospital. Narrogin Hospital SMO, Dr. Peter Smith, will run outpatient clinics from the visiting specialist rooms at NRH Radiology Department, beginning Wednesday 3rd of August. Initially clinics will be fortnightly before occurring on a weekly basis.

# Take Time to Consider Your Drinking Behaviours

Terry and the team - Wheatbelt Men's Health

Last month was "Dry July", which gave us a chance to focus on ourselves, our drinking habits and the importance of a healthy balanced lifestyle. Speaking with a group of blokes about this, I asked them to have a think about their attitudes towards drinking which one bloke replied "I just love the taste". This is a fair enough response, and it's also the same problem I have with my kids, who love ice cream and chocolate, but trying to teach them that you don't have it every day takes effort.

The fact that going alcohol free for a month is seen as a challenge for many, highlights just how prevalent alcohol use is in Australia. Alcohol is our most widely used and most accepted drug, and over time it has formed part of our Aussie culture and identity. Its use and associations are many, including: advertising, sport, social occasions, celebrations and within the work place culture. Peer pressure does not only happen to teenagers! Think of the last time you were encouraged to have a drink when you **were not** planning to? As Joe E. Lewis once quoted "I distrust camels, and anyone else who can go a week without a drink." There seems to be an underlying normalisation, glamorisation and justification for drinking which is also present in pop-culture, movies (The Hangover), social media (my "friend" who posts it's beer o'clock).

Now I am not saying I'm a shining light leading by example when it comes to abstaining from having a drink, my arm is often twisted a bit too easily. We should all take the chance to have a think about our own individual drinking habits, behaviours and attitudes:

- What example do I set when I drink?
- How often/how much am I drinking?
- Is it to relax, cope or deal with stress?
- Is it habitual or become a dependency?

For those who do enjoy a night out, here are a few points to help reduce unhealthy drinking behaviours:

- What mood/state of mind am I in before I drink? Alcohol is a depressant, but can also enhance negative behaviours eg. anger/aggression, reckless risk taking;

- What sort of situation/crowd am I drinking with? Young people, personal safety eg. am I with people I know and trust in a safe environment or am I out with randoms?
- Self regulation - know your limits and plan ahead. Designated driver, take a swag, don't risk it!
- Harm minimisation. Have a decent meal, serve finger food, alcohol dehydrates (drink water);
- Alcohol Free days. 2-3 days per week will show two benefits 1. I can go without a drink. 2. Has regenerative effects on the liver (health benefits).

During this year's seemingly endless election outcome result I saw this creative post showing a picture of our politicians with the caption "**No matter who wins they will not fix your life, better plan on doing it yourself**". Like a lot of things in life and especially alcohol we can't expect governments and multimillion dollar ad campaigns to reduce the risk, control our use and fix alcohol related problems. Moderation, awareness, responsibility and balance is the key to our alcohol use.

# Ambulance Building Gets Plastered

Amanda Milton - St John Ambulance WA Ltd -Project Manger

Day 108 of the building and we continue at a steady pace inside the building.

AK Homes Contractor, Chadelle Ceilings arrived on site on the 1st August and the plan was for 12 days of work....plastering done. The team of Chadd (Business owner), Hayden, Jake and Matt, have had the unenviable task of lifting into place over 20 tonne of plasterboard, firecheck , aquacheck, cornices, skirting boards and flushing product.

Of course not all goes according to plan, and in that 12 day plan, the team were on site for just 8 days. The result is that instead of all the plaster being installed and all of the flushing of the joints etc being completed, at the time of printing we are on day 18 of plasterboard (with 11 days work completed) and are about 65 - 70% completed.

So where are we at? All of the walls and ceilings have plasterboard in place, however the team is yet to install all cornices and skirting boards, and minimal work has been completed on flushing (the plaster products that hide all of the joints, corners etc). This week we go back to two tradesmen as Hayden and Jake attend TAFE as part of their apprenticeships, so Chadd and pre apprentice Matt have the work all before them.

The project is short of the material for the second layer of firecheck plasterboard, for the wall between the garage and the main building (delivery due early this week). These smaller and very heavy sheets will be a challenge for two tradesmen to get into place, especially as the wall height is 4.7metres.

In the spirit of teamwork, AK Homes Project Supervisor Matt Cooper (carpenter by trade) undertook the extra "boxing out" of a structural beam running through the training floor, so that the beam will have a plasterboard look, that shows that a beam is there, but hides the beam itself. (*beam is exposed with the change of ceiling from 2.7m "drop ceiling" to a ceiling on the rake. The rake runs up at an angle from 2.7m at the back to 3.5m to the front, on training floor and foyer only*). Matt also completed the "boxing out" of the structural beam on the southern wall of the building so that the wall now has a stepped in feature, as opposed to being a flat wall. Oh, and just for good measure he completed the installation of extra stud timbers for the roller doors, and also completed the installation of the mains distribution box for the building power supply. I think Matt was happy to swing onto the tools for a while and let his brain de-stress from running up to 10 building projects simultaneously.

The best way of showing you the progress of the inside of the building is with before and after pictures.

**Below: Gyprock has been attached.**

## Ambulance Building Gets Plastered *(cont.)*

On a financial front, we are on budget having paid all suppliers and contractors to date, and we have paid AK Homes five of the scheduled seven payments for the building. The project is holding 5% of the building value in bank notes against the practical completion payment (2.5%) and the 12 month final payment (2.5%).

On the physical building completion front, we are now just over 4 weeks behind the planned schedule.

From a grants perspective we have fully drawn down and acquitted the Wheatbelt Development Commission "Regional Grants Scheme" (Royalties for Regions) \$110,339.50. We have also requested the final drawdown of the Lotterywest "Workplaces Grant" (as we have to expend the funds in order to make a claim for payment), this grant was \$197,470.

The project waits in anticipation for the announcement of the RAC Sponsorship Grants that were due to be announced August 4th, but have been delayed until August 19th. The project has asked RAC to help with funding the carpet, 8 tilt top tables and 30 padded chairs for the training floor, as well as 2 king size single beds, two bedside tables, two lamps and linen for the fatigue management rooms. Fingers (and toes) crossed we are successful !!!

There have been several locals and non locals drop in for a look at the building this last fortnight, and interest continues to build more widely. This week we will welcome a delegation from the St John Ambulance, Narrogin Sub Centre for an inspection tour, as they look to expand their own facility. In addition, Dr Graham Jacobs MLA, Liberal Party Member for Eyre has also proposed a scheduled visit on the 8th September 2016, we look forward to his continued support for the project. The Property Services team will also be showcasing this project at the St John Ambulance State Conference in late August 2016. All good news.

Please come and visit the site when you get a chance. Just sing out "hello" and ask is it OK to have a look, don't be shy (the tradies don't bite), we are proud of the project and want to show it off. At all other times please come and have a look (with or without persons on site) just walk in and have a look around but please be safety conscious.

# DIGI DAY

Lake Grace Community Resource Centre

Tuesday 30th August

2 sessions - 1pm and 5:30pm (each session lasts 1 hour)

Facilitated by Department of Human Services, please book in by contacting the Lake Grace Community Resource Centre on 9865 1470 or lakegracecrc@westnet.com.au

- Payment Finder
- eHealth
- Place in queue telephone technology
- Online account guides and video demonstrations
- and more

# First Declared Pest Rate in the South-West

## Media Release

The wild dog population in the eastern agricultural area of WA is being managed, thankfully for the 3500 farmers in the district, whose losses to predators have been slashed. But can it continue?

"It's winning the war not the battle that's important," said Kulin farmer Jim Sullivan, a founder and committee member of the Eastern Wheatbelt Biosecurity Group (EWBG).

He said stock losses have declined significantly from over 1000 in 2008 down to 50 last year. Over 900 wild dogs had been confirmed destroyed during that period, and since records were started in 2015, 72 foxes and 34 feral cats had also been caught through control programs.

As a spin-off from the removal of wild dogs, foxes and cats, other animals such as kangaroos, small native marsupials and birds had returned to the control areas. "These were very seldom present in the formative years of the EWBG," Mr Sullivan said. "Our control work has dramatically improved the quality of the wildlife habitat and saved the livelihoods of many landholders that were under threat."

He attributed the success to grassroots initiative. "Community groups can operate more effectively at controlling pests at a landscape scale than individuals can. While we don't remove the legal requirements for individuals to control declared pests on their land, the community approach can provide more efficient and sustainable outcomes. In order to achieve this, we need the community to support and participate with us. It's all about adding value to what landholders do on their own. Through coordinating our efforts we can achieve much greater results."

Funding for the wild dog control program so far had been half from shires and half from the state government. That was about to change. From September, the declared pest controls would be funded from a rate on landholdings of 20ha and above, along with matching funds from state government. "As this is the first time a declared pest rate has been issued in the south-west of WA, our group would like to ensure that the community is involved and consulted," Mr Sullivan said.

Landholders in the 11 shires comprising the EWBG will receive a declared pest rate notice next month. The EWBG, which was formed over 10 years ago, will manage funds raised through the declared pest rate, with the group's main focus on wild dog control. "We will be holding our next annual general meeting in Merredin on 23 September and encourage community members to attend," Mr Sullivan said. "We will be encouraging the community to ask questions about the rate and to ask questions about our operational plan."

The AGM will be held at the Merredin DAFWA conference room on Friday 23 September. RSVP by 15 September to the groups Executive Officer, Lisa O'Neill at EWBG@outlook.com.

*CEO's Corner***CEO Changeover**

As you would be aware from the last CEO corner, Neville Hale said his farewell to the community and has welcomed me to the reins of the Chief Executive Officer role.

I would like to thank the community for their support while transitioning into this role and am looking forward to the many challenges ahead.

**Local Government Week - 2016 Convention**

Councillors Hunt, Clarke and Chappell, together with myself attended the 2016 Local Government Convention in Perth last week. As a first time attendee of the Convention, I was very impressed with the speakers and presentations made throughout the Convention.

**Farewells & Welcome**

Big changes have occurred in the last week; our outgoing CEO Neville Hale finished work on Wednesday followed by our Manager Infrastructure Services Louka Shopov who finished up on Friday. On behalf of the Shire and the community I would like to thank you both for the contributions you have made over the years and offer our best wishes to you and your families.

We now have Mr Bob Edwards employed as our Acting Manager of Infrastructure Services. Bob comes with a wealth of local government experience; having most recently undertaken relief work for the Shires of Narembeen and Bruce Rock. Please make yourself known and welcome to Bob.

**Welcome Back**

Welcome back to official duty to Shire President Cr Jeanette De Landgraft, back from a five week overseas holiday in Europe and North Africa. Cr De Landgraft and husband Trevor travelled to Spain, Portugal and Morocco and thoroughly enjoyed the experience. Thanks to Cr Steve Hunt for ably standing in as Acting Shire President during Cr De Landgraft's leave period.

**Newdegate Field Day**

The Shire has offered continued sponsorship to the Newdegate Field Day. This year we will be located in the Old Railway Building. Please drop in and meet your Councillors and staff.

**Road Construction Works**

Our road construction team have just finished re-sheeting Fourteen Mile Rd. Re-sheeting has

commenced on Parsons Rd followed by Biddy Buniche Rd and Burngup South Rd. These road projects are funded through our Federal Government Roads to Recovery funding program.

Main Roads WA have released their 2016/17 works program, in this program they have indicated that the following works will be undertaken within the Shire of Lake Grace;

- Collie Lake King Road – Shoulder Grading, Pavement repairs and Crack Seal repairs, west of Newdegate
- Collie Lake King Road – Crack Seal repairs, west of Lake King
- Brookton Highway – Pavement repairs, Recondition Shoulders, Crack Seal repairs, north of Lake King into the Shire of Kulin.
- Gorge Rock Lake Grace Road – Shoulder Edge Break repairs, north of Kuender Road

When you enter into any of these road work sites, please ensure that you obey the regulatory signs in place. These are there for the safety of both the workers and you as a road user.

**Department of Sport and Recreation Visit**

Jenifer Collins, Wheatbelt Manager of the Department of Sport and Recreation will be visiting the Shire this Friday 19th August to inspect the Lake King netball courts and taking the opportunity to look at other Shire sporting facilities whilst in the Shire.

The Lake King community is proposing a court re-surfacing project which will see the netball courts suitable for use as multi-purpose courts. A Department of Sport and Recreation grant through the CSRFF funding program will be sought to part fund the project and the Lake King community will be required to commit cash funds towards the project. Currently the Lake King netball courts are unplayable due to a severely cracked surface.

It is hoped the courts will be ready for the 2017 winter sports season.

*Denise Gobbart***Acting Chief Executive Officer**

# Getting enough Vitamin D

## Media Release

We need vitamin D to maintain good health, in particular to keep bones and muscles strong and healthy.

Vitamin D forms in the skin when it is exposed to UVB radiation from sunlight. Vitamin D levels can naturally vary throughout the seasons. Most of us will produce enough vitamin D in summer, when UV levels are higher. However, most people's levels will be lower in winter, when UV levels are low, as people tend to cover their skin and stay indoors. Our bodies only store enough Vitamin D to last between 30 and 60 days.

Now with some beautiful sunny days upon us, and when the UV is below 3, it's a great time to get outdoors, roll up our sleeves and top up our vitamin D levels. During winter it is recommended that people be physically active outdoors in the middle of the day, with some skin exposed. The amount of vitamin D you make is also related to the amount of skin exposed to the sun – if you expose more of your skin, in most cases you'll make more vitamin D. Be guided by your local UV Index forecast and cover up when it reaches 3 or more.

A really great website for learning about the UV Index, including finding out what the UV is right now and the **SunSmart app**, is [www.myuv.com.au](http://www.myuv.com.au)

While you are there, **download the SunSmart app** to your phone and use it daily. It is free and fun and can be tailored to your location – The app lets you know when you need sun protection, the daily UV level and weather forecast, set a reminder for putting on sunscreen, and how much (it has a sunscreen calculator!), vitamin D tracker, find out when it's safe to get some sun for vitamin D – check it out on [myUV.com.au](http://myUV.com.au)

# Net Set Go

Shelley Stanton

Round 14 V Newdegate

Our last game at home for the season saw us play Newdegate with seven available players. Special thanks to Renae Jury who ran the game on my behalf due to me having other duties for the week. Everyone played well and tried really hard to keep Newdegate to minimal goals. Alby was available if we needed but with Newdy only having six, he helped out and put the yellow bib on, thanks Alby.

Our last game for the season was against Boxwood. We travelled down with only seven players and we had a really fun game against our favourite team in the competition. Boxwood have more experience than us but we always play extra hard and this week paid off once the lollies came out. I think for the first half we were all in a daze, on another land, whatever it was no one was netball focused. I then brought out the big bag of lollies and the change to the game was huge. We shared them with our opponents and the game changed completely. The umpires even starting jumping around partaking in a few jubes!!

Our season has come to an end and my contribution as coach of NSG has also come to an end. It's been a fun year with the boys helping us out which has been really great for everyone. I would like to thank all the kids for their dedication along with the parents who have supported the NSG program and the LGPNC, for driving your kids to the away games and supporting me by helping when I needed it. We look forward to our combined junior sports windup where all certificates and medals will be presented.

Also special acknowledgment to Gianna Jury and Amber Pearce who have graduated to Juniors for next year. You have both worked hard and shown such improvement throughout the year. Well done and thank you for stepping up throughout the year.

**Right: Following their final game against Boxwood the Net Set Go girls posed for a quick photo.**

**Back l to r: Tess Stanton, Holly Stanton, Amber Pearce, Gianna Jury.**

**Front l to r: Eliza Jury, Amber Furphy and Payton Callope. Missing on the day are Grace Penney and Sheree Duckworth.**

**Above: Graduating from Net Set Go to Junior Netball for 2017 are Amber Pearce & Gianna Jury.**

# Lake Grace Golf Club Notes

Craig Reeves

As has happened in previous events the six iron — aka Justin Wright came in and just swept the field aside blasting a well-respected 39 points. This was an individual Stableford event sponsored by Outback TV, many thanks to Alan Stubberfield, Devon and Reid for their continued support and sponsorship. Runner-up for the day was Chad Stanton with an equally impressive 35 points, the rest of the field couldn't match these two so we won't consider going through any more scores.

Novelties for the day:

Longest putt on number 9 sponsored by Lake Grace Tyrepower was won by Helen Hunt. Helen was also the winner of the Ladies long drive on number 3. The Men's long drive on number 3 was won by Derek Stanton. NTP: 4 sponsored by Elders insurance / Justin Wright was won by Craig Reeves. NTP: 6 sponsored by Lake Grace Roadhouse was won by Chad Stanton. NTP: 15 and 18 sponsored by Lake Grace Post Office and also Lake Grace CRC was won by Craig Reeves.

Sunday, 14 August there was no golf held at the Lake Grace club due to the Men's Golf Carnival being held at Newdegate over the weekend. Although the men never brought any of the major trophies home with them, it is believed that they all had an enjoyable time. Thanks go out to Newdegate Golf Club for putting on a great show. Congratulations must go out to Evan Sewell who won the Open section of the carnival for the 10<sup>th</sup> time, well done.

Congratulations must also go out to Jeanette Bennett who represented herself very well and took out the Ladies Rural Bronze held in Corrigin during the first week of August. Jeanette won the closed section of the 36 hole event and was runner-up for the open event.

Sunday, 21 August is the fifth and final qualifying round for people to improve their standing in the Championships for this year. Sponsor for the day is Rob Farley from the Marangaroo Golf Club in Perth.

Saturday, 27 August brings a big event in the Holden Scramble to Lake Grace with many teams coming from far and wide to compete for the prestige of perhaps

**Jeanette with Ken Dyson and Peter Howie of Dyson Wools. Dyson Wools have been sponsoring the Eastern Great Southern Ladies Golf Association for 21 years.**

moving on and playing in the main event in Perth and if successful in winning that, moving on and playing in the grand tournament held in Queensland.

Sunday, 4 September will be a Stableford sponsored by Lake Grace Tyrepower.

## Men's Shed Battery Drive

The Lake Grace Community Men's Shed is continuing with their battery drive. This is an ongoing revenue raising project which will contribute to the running of the Shed.

Batteries can be left at Phil Clarke's shed or you can contact Phil on 0427 651 155 or Allan Duckworth on 0427 651 567 if you require them to be picked up. Thank you for your ongoing support.

# Lake Grace Pingrup Netball Club

*Collated by Joely Slinn*

Saturday 6th August  
Round 14 vs Newdegate

## A Grade

**Coach: Karen Bairstow**

LGP 48 - NEWDY 47

A home game against Newdegate was always going to be a tough contest and from the opening quarter the girls got off to a flying start getting 11 goals up. The second quarter was Newdegate's quarter and they pegged the lead right back, at half time the scores almost level. The girls held their composure and were able to keep in front for the rest of the game. Again there were great passages of play all over the court but we still have areas we need to improve on. With one game to sharpen our skills up before finals lets all put an extra effort in and have a good run into the finals. The win on the weekend secures a top two spot on the ladder meaning we will play in the second semi, which is a great effort.

Best on Ground- Lauren Duckworth who as always is the rock on court and continues to make things happen when the teams needs her to. Great game Loz.

Coaches award- Joely Slinn who has the ability to not only play well herself but also bring the other players around her into the game. Good game Joely.

As I said girls, we need to keep up the intensity and keep playing as a team.

## B grade

**Coach: Flick Young & Caitlin White**

NEWDY 40 - LGP

We were anticipating a tough game against Newdegate as they have a very strong side and always ensure that they start their game as they want to finish. It took us a while to get into our rhythm the first half of the game and at half time we were 5 goals down. We caught back up during the third quarter and we were neck and neck during the second half. Unfortunately, we ended up two goals down at full time but congratulations to Newdegate as they played an excellent game. Let's keep up the pressure girls and go into finals knowing what we can achieve!

Best On Ground: Linda Vlasich. Linda put in another solid performance this week, I don't think she's had an off game yet! Her timing, agility and awareness of the play around the circle is unmatched. She also ran really hard to lead out and feed the ball into Casey.

Coaches Award: Felicity Young. Flick was on point today. She ran hard and stuck to her player the entire time. She made some great intercepts which often

***In the A Grade game Newdegate's goal shooter had her work cut out with some aggressive defending from Lake Grace's Claire Wells.***

***Linda Vlasich (holding the ball) was in form with the opposition hard pressed to keep her out of play.***

resulted in a turnover. In attack, great timing and strong leads made her an option for every pass.

# Lake Grace Pingrup Netball Club *(cont.)*

## Juniors

**Coach: Lisa Pearce**

LGP 26 - NEWDY

Junior girls had a challenge this week playing in new positions. They came away with a 26 goal win over Newdegate.

Best on ground: Jordan Borgward getting best player not only with her two goals but also being able to rebound against opposition a head taller than her.

Coaches award: Kira Pearce for playing a great game.

Saturday 13th August  
Round 15 Boxwood

## A Grade

**Coach: Karen Bairstow**

BWH 50 - LGP 42

The last game of the year was held down at Boxwood, well done to the girls who put so much effort into the game. With a depleted side and different combinations it was always going to be tough to come away with a win.

Thanks to the three B grade girls Deb, Emily and Juanita for sitting on the bench. Without you girls we would not have had a team. I thought our defence held up well against some good shooters. Billie stood up and played her hardest, keeping us in the game, we got to within 3 goals of Boxwood. Due to too many turnovers in our attack we went down in the last quarter.

Best on Ground- Billie MacTaggart who held well and shot some nice goals

Coaches award-Shannon Morton played Goal Defence then keeper and kept the defence pressure on all game, and bringing the ball down the court.

Finals are here girls, so a lot of extra effort is needed this week, lets get to training and work hard

## B grade

**Coaches: Flick Young & Caitlin White**

LGP 53 - BWH 33

After our disappointing loss last week we were eager and ready for a win before finals. Our goal for the game was to come out strong and fast in 1st quarter, which the girls did fantastically.

Our defence was fantastic with Sonia and Debbie working magically together, they both had an outstanding game.

Up the other end it was just as impressive with Casey and Linda doing some very impressive passes and goals within the goal circle. It is great to see everyone taking on board what we are doing in training and transferring this to their game play. We are now going into finals feeling confident and excited!

It was extremely hard to give awards this week, with every girl stepping up and playing a competitive and skilful game, although we should acknowledge the amazing defence our Goal Defence and Goal Keeper played.

Best on Ground: Sonia Harris

Sonia played her defensive role incredibly on the weekend, she made a real difference in the game. Sonia is always a reliable player and her versatility makes her a valued player in B Grade.

Coaches Award: Debbie Regan

Debbie is an outstanding player and she too should be congratulated on her amazing game on the weekend. Deb is receiving the coaches award this week as she is a consistent player who is an absolute stand out. Well done Deb on another great game

## Juniors

**Coach: Lisa Pearce**

LGP 33 - BWH 18

Girls had a great win, extremely proud of you all for such a great season. Well done to all the girls.

Best on ground: Danica Stoffberg

Coaches award: Sara Bray.

Huge congratulations to all of the netball teams for reaching the finals. All placing 2nd on the ladder. Come and support our girls in Jerramungup this Saturday 20th August for the semi finals.

GOOD LUCK TO ALL.

# Great Southern Storm Under 13's Carnival

*Missy Clifford*

Sunday 14 August saw four of our Year 6 & 7 Junior Footy boys travel to Katanning to play in the annual Great Southern Storm U13's Carnival. This carnival is effectively the beginning of the players' talent pathway.

Jackson Callope, Brady McGlinn, Cade Moore and Jai Clifford were up early (no easy task after playing in Boxwood Hill the day before!) as we had to be there by 9am for a 9.30am game, the first of six! Ongerup Association had 24 eager players who were all ready to give it their best shot against seven other teams. It was a perfect 21 degree day, a great day for some great footy. Playing against teams who are all year 7's and who also play together all season made it a tough day with only one win (?) but regardless of this our team tried their very best and definitely didn't make it easy for the opposition. There were some fantastic sets of play, marking and goal kicking throughout the day and they should all be proud of themselves. Well done to our four boys (unlucky to Ben Hawley who dislocated his elbow 2 days earlier and couldn't play), you all played some excellent footy.

Coaches were asked to nominate their best three Year 7 players after each game and these points would then lead to 21 players being automatically invited to the Storm Claremont 15's development squad in 2017. This provides a pathway for players to reach elite levels of

football. Huge Congratulations go to two of our Lake Grace Pingrup Junior Footy players; Bailey McGlinn and Jackson Callope who were invited into the development squad. All the best for your future footy games. Two more players that might one day represent Lake Grace Pingrup??

**Brady McGlinn, Cade Moore, Jai Clifford, Jackson Callope & Ben Hawley.**

## Lake Grace Transport

Twice weekly freight service to and from Perth

Missy Clifford

## Round 14 LGP (3) v's Newdegate (0)

This was a nice easy game, which gave the kids a chance to gain some confidence before playing the finals. It was great to see Ruby and Kira tackle harder than I've ever seen them tackle before. I've always told my Wings that they are very important to hockey because quite often they are the goal getters. Jason and Reegan are a perfect example with Jason slotting in 2 from the left post and Reegan being in the right posie to add to the scoreboard. At the end of the first half we were 3 nil up so I used this opportunity to try the kids in some different positions, just for some fun and experience. Great team work once again kids.

Goal Scorers: Jason O'Neill 2, Reegan Marshall 1

Coaches Awards: Ruby Stanton and Kira Pearce

## Round 15 Boxwood Hill (0) v's LGP (0)

Last round for 2016, where has the season gone? Currently we were sitting in second place on the ladder but our final position also relied on a game between Gnowangerup and Borden!

The children gave it their best shot but were unable to score any goals and to their credit they never let any in either. Boxwood definitely had their chances, scary at times, but my three youngest players each stopped some threatening players – very impressive Michael, Amber and Luke, well done. After our game ended we were excited to hear that Gnowangerup and Borden came a draw which left us in second spot. We are super excited to be heading into the Finals as last year we never qualified. This proves how much my team has improved. Congratulations to my amazing team. I'm super proud of you all and your achievements and let's go give these finals our very best shot, I know you can do it.

Coaches Awards: Jake Cameron and Amber Pearce

**2<sup>nd</sup> SEMI FINALS: SATURDAY 20<sup>th</sup> -  
GNOWANGERUP v's LGP in JERRAMUNGUP at  
10.45am**

## INVEST IN PLANT TESTING

Call Tony Carew- Reid

0427 766 517

Dumbleyung  
Kent  
Lake Grace

Plants can tell us what's happening with nutrient supply from the soil.

In some seasons it's difficult because of poor growth (waterlogging, drought, chemical damage)

In a good season like this, rapid growth places demand on nutrients such as copper, manganese and potash. So this year is a great year to plant test and get a true indication of your nutrient status and back up what we've learnt from soil tests.

Call me and we can work out a time.

## Can We Do It? (cont.)

chance to play them with a side like the one that will be produced this weekend. The Reserves will look to advance straight through to the Grand Final in Lake Grace.

In the League LGPFC will take on last years Premiers, Gnowangerup, in a do or die battle in the first Semi Final that will be held at Boxwood Hills this Sunday. Some key players Ash Gray, Tyson Bell and Bodhi Clifton have season-ending injuries with only two games to go. Although this makes the road home a little tougher, the return of Captain Luke Bairstow, Tyson Prater, Mitch Morton and Jarryd Morton will boost the confidence and stocks of the playing group. The LGPFC hopes all supporters can get along and cheer their sides home.

The junior boys with 13 wins and 2 losses through the 2016 season finished on top of the ladder and will be playing Jerramungup in the second Semi. This will be a tough game as Jerramungup have the home ground advantage, however I'm sure the boys will retain their focus.

In hockey Lake Grace Pingrup finished the season

in second place for both the seniors and the juniors. Seniors will be playing against the top placed Newdegate, while the juniors will be up against Gnowangerup. The winners will advance through to the Grand Final while the losers will have a second chance at the Preliminary Final to be held in Newdegate.

For the Roe Districts Hockey the first and second Semi Finals will be played on Saturday at Corrigin with A, B and C grades for Lake Grace Kukerin playing. These games are do or die for each of the grades. The preliminary final will be held the following weekend in Narembeen.

Good luck to all of the teams this weekend, we're looking forward to some great results and with all going well a good representation of our teams in the Grand Final.

**NRM / LANDCARE***For the Shire's of Kent & Lake Grace.***EXPRESSIONS OF INTEREST****'Due By October 2016 (Pre-Harvest)'**

*It is anticipated the State NRM Program's Community Capability Grants will enable further NRM/Landcare services to be offered to local landholders and community groups in the Shire's of Kent and Lake Grace district from August 2016. We are encouraging the lodgement of expressions of interest with any of the following NRM/Landcare topics, which will be used to develop funding opportunities and/or approval of regulated activities.*

**Water & Weather:**

- Farm-Water Rebate Scheme (20K/business and scheme-connected farms now eligible!), for water infrastructure such as tanks, dams, roaded catchments, solar pumps, etc.
- (Regulated Activity) Mitigation of saline groundwater effected land with drainage and/or pumping works, which will be referred on for regulation assessment.
- Access to weather forecasting and recording systems.

**Soil & Groundcover:**

- Paddock soil-landscape risk classification via remote-sensing and zone mapping.
- Paddock soil amelioration and improved fertiliser efficiency.
- Paddock groundcover of pastures, fodder shrubs, crops and agro-forestry.
- Carbon credits from soil or groundcover.

**Invasive Species:**

- Management of invasive plants and plant diseases.
- Management of invasive animals and insects (including 1080 baiting).

**Biodiversity, Bushlands & Heritage:**

- Farm-fencing to exclude livestock from bushland, waterway and/or revegetation areas.
- Revegetation and/or installation of artificial habitat.
- (Regulated Activity) Bushland clearing/burns, referred on for regulation assessment.
- Access control/signage to protect/promote natural and/or cultural heritage areas.

**Renewable Energy & Recycling:**

- Solar, wind and biomass.
- Local recycling, such as composting of green-wastes.

**Eco-Engagement:**

- Outdoor activities such as trail development and eco-sport, community gardens, etc...

**Please Lodge Interests To:****Mr Paul Leoni – NRM/Landcare Community Support Officer, Shire of Kent.**

H Crisp and J Murdock

0400 142 049

### Lady Doctor

Dr Linda Haines will be in Lake Grace on

25th and 26th August .

*Ring the Lake Grace Surgery for appointments on 9865 1208*

### Replacement dates block for the 2016 Lions Calendar.

It has been brought to our attention that there has been an error on the 2016 Lions calendar. Please note the dates in the months July to December 2016 are incorrect by one day (eg: 1 Aug is on Tues instead of Mon). January to June 2017 are correct.

Replacement "date block" stickers for the 2016 Lions Calendars are now available, free of charge, from the Post Office and the Plaza, and are sized to fit directly over the incorrect dates.

We apologise for any inconvenience caused.

### Post Office Times

The Post Office will be open between the hours of 9:00am - 12:30pm and 1:30pm - 5pm.

Mail closes at 4:30pm

### CWA Bookings

Please be advised that if you wish to book the CWA Hall then please contact the Lake Grace CRC on 9865 1470.

### Thomas the Tank and Friends

Along with their handler, Doug Whiting, are making an appearance at the Corrigin Agricultural Show on Saturday 10th September 2016.

### Cancer Support Coordinator

Barbara Brennan from Cancer Council WA is the Cancer Support Coordinator the Wheatbelt Region. Call Barbara on 9621 1810 for information, support and assistance.

### Passport Applications

Passports can't be processed at the Lake Grace Post Office until further notice. We apologise for this but will let you know as soon as the situation changes.

### Sudoku

- ☐ The Sudoku grid of rows and columns is divided into individual 3x3 boxes.
- ☐ The aim of the game is to fill each row, column and 3x3 box with the numbers 1 to 9.
- ☐ You can't repeat numbers in a row, column or 3x3 box and you can't change the numbers already in squares.
