## Flowers and Fashion for Fundraising

Suzanne Reeves

**Anna Strevett and  
Tania Spencer at the  
Strevett Garden tour**

Everybody loves a good cause and the revamping of the hospital gardens into something that will be quite special for the permanent care residents, patients, families and staff to enjoy has ticked all the boxes.

Landscape architect Eoin Gladish from Seedesign has brought together a garden plan that is designed to meet the needs of the hospital community. Having grown up in Lake Grace Eoin has an intrinsic understanding of the needs of the hospital; that it's patients range from babies to elderly and that it caters to a large catchment area with a wide variety of needs..

With guidance from hospital staff Eoin's garden proposal is designed to be accessible with raised garden beds; that it will be sensory with patients able to see the change of the plants in accordance with the seasons, be able to touch and also smell the flowers and foliage.

Furnished with plenty of benches the garden will be a link to the outdoors, with anyone utilising able to view the natural lake system in one direction and the sporting precinct in the other. The plan incorporates space and lends itself to outdoor activities; providing an opportunity for patients to be able to get out of the ward and into the fresh air.

Gardens and their infrastructure don't come cheap and the garden had a target budget of \$16,000. Hospital

**Jeanette Trevenen and Julie King strutting their  
stuff at the recent fashion parade.**

staff and other supporting businesses, organisations and individuals have been fundraising throughout 2019, accruing at this stage well over \$11,000.

Sand 'N' Salt have been a generous partner, holding two fashion parades with raffles to boost the coffers and refreshments to attract the punters. These two parades have accrued over \$1,500.

Aside from modelling in the fashion parades, hospital staff with plenty of encouragement from project facilitator Kerrie Argent, have been spending plenty of time in their kitchens catering for a variety of functions to bring more money in.

Last week Anna and Kingsley Strevett hosted a garden tour; they were blown away by the incredible response with over 60 people attending. More than \$900 was raised from this event.

Kerrie has said they won't be backing off from the fundraising just yet as they still have a way to go. Although the target is \$16,000 she knows that if they get more it will give them the opportunity to purchase more advanced trees, which will give the garden a more mature look.

# Editorial

- The CRC held their AGM last week, a big thank you to our committee for without them there would be no CRC. Stepping down from the committee was Danielle Robertson and Joely Slinn while stepping up is Yvette Downey. Our committee is as follows:

- Paula Carruthers (Chairperson)
- Maggie Prater (Vice Chair)
- David Fyfe (Secretary)
- Kelly Hawtin (Treasurer)
- Allan Marshall, Ollie Farrelly, Mary Naisbitt, Yvette Downey (committee people).

It's always good to get some fresh faces because with that comes fresh ideas and perspective. A big thank you to Danielle and Joely for their many years of service.

- Congratulations to Rosie who has completed her traineeship, she now has a Certificate III in Business under her belt.
- It is full steam ahead for the Harvest Festival, please let the CRC know as soon as possible if you're looking to having a stall so that we can include you in our advertising. The day will include a sustainable living workshop in the afternoon along with a circus skills workshop for the kids (after school) - please let us know if you're interested in either of these as it is good to be able to let the trainers know how much

interest there is. The stalls will be at the normal time of 4:30pm to 7:30pm with some entertainment from 7:30pm through to 8:30pm. Santa will be making an appearance at 6pm and we would like to put the bouncy castle up but we do need some volunteers to man this. If you could give 1/2 hour of your time and perhaps persuade a friend to do a shift with you it would be appreciated. Unfortunately no volunteers = no bouncy castle.

- We are looking for photos for our 2020 calendar. If you have some good pics taken in and around Lake Grace then please send them in. It's nice to be able to showcase our area.
- And the countdown is on...only three more papers for 2019. Please be sure to get your stuff in as early as possible because as you can see this paper is at the max and we were battling to fit everything in. We can't go over 44 pages as this puts us in a much higher postage bracket.
- We do have our piloting workshop in the new year and will be setting dates for forklift and HR in the near future. We have had a couple more people show an interest in a securing loads workshop so will possibly look at setting a date for this also.
- The local phone book has had some serious editing done and we have printed off some new copies; please keep in mind that we edit as we go so if you have some changes please let us know. We would like to hear from you if:
  - You have changed your phone number
  - Got rid of your fax
  - Know of someone who has moved away that perhaps needs their number removed
  - Closed down a business
  - You aren't currently in there and would like to be added.

Suzanne Reeves

## Margaret Fisher

12th June 1931 - 18th October 2019

*We would like to sincerely thank everyone who called, sent cards and flowers and to those whom were able to attend our beautiful mum's Funeral.*

*To the LG/Kukerin Hockey club, thank you for the wonderful afternoon tea you provided on the day. Your kind thoughts and presence in sharing the memories & stories of mum's life has been a great comfort to us all.*

*Craig, Shelley,  
Derris, Caryn  
and families.*

## Thank You

To the Lake Grace and Newdegate ladies and men for making the garden tour so successful, we raised over \$900 which was fantastic. Special thanks to the cooks and helpers.

Anna and Kingsley

## What's Happening

- Congratulations to Luke and Jihee Jones on the safe arrival of Archie William Jones on 25th October weighing 8lb. A little brother for James and second grandchild for Barry and Jodie Jones.
- The stork has been busy with Natalie and Mark Livall welcoming their first child, a baby boy on the 18th October. Arnold Jake (pictured below) was born at Narrogin hospital and weighed 7lb.

- Congratulations to Chloe Pearson and Matthew Trevenen who recently announced their engagement. All the best to you both for a long and happy future.
- Well done to Cade Moore who was won of six to win a CBH scholarship that will enable him to sail on the Leeuwin II. A wonderful opportunity that he will remember for years to come.

## Happy Birthday

### LAKE GRACE-PINGRUP FOOTBALL CLUB Coaching Positions

**Coaches for the League and Reserves  
teams are required for the 2020 season.**

Please submit written applications by Thursday  
12<sup>th</sup> December 2019 to:

LG-P Football Club, PO Box 73, LAKE GRACE 6353

Or e-mail to [lgpwintersports@gmail.com](mailto:lgpwintersports@gmail.com)

### 'LOOK WHO'S TURNING 30!

Happy birthday to Kalan Joyce  
who will finally be joining the  
30s Club on Saturday 9  
November.

You bring brightness to all of  
our days.

Lots of Love Mum, Dad, Ash,  
Chez and big hug from Josh  
xxxxxx'

# Treasure Trail Reaps Rewards

Suzanne Reeves. Photo Jo Morgan and Helen Bennett

The Treasure Trail was a great success for the Visitor Centre on Saturday with eight stalls set up at the Visitor Centre and six garage sales, including the Op Shop, open for business. It was a wonderful opportunity for households to declutter, small business with no shopfront to showcase themselves and organisations to fundraise.

With some rather horrible windy days during the week it wasn't just the farmers that were keeping an eye on the weather as Saturday approached. It was a sign of relief that although it wasn't warm, the wind had dropped to a moderate speed from the previous couple of days.

Rosey O, funded by the Shire of Lake Grace, was a wonderful idea as she kept the children amused with face painting and some rather large bubble wands.

Stalls included soaps, baked goods, plants, records, books, pet supplies

With the morning being such a great success the team at the Visitor Centre are considering that this could be a 'twice a year' event. Maybe you would have a stall again, perhaps you missed out this time but think a stall in March or April would be a good idea then pop in and have a chat with Jo or Helen and give them your opinion and support.

All stall holders had plenty of business as there was consistent traffic all morning. Lake Grace CWA were thrilled with the results of their stall and would like to remind everyone that copies of the local recipe book are available for sale at the Visitor Centre.

**Top Right: Fun with bubbles.**

**Bottom Left: It was a clean out of the toy cupboard in the Chatfield household.**

**Bottom Right: The Market Day was a great success for Visitor Centre staff Helen Bennett and Jo Morgan.**

## Thank You

Shirley and family would like to thank all who attended her 90th birthday at Walkers Hill Vineyard. Fabulous venue, and wonderful service.

Thanks again Tania and Jared and to Amanda Milton, you star with your car, I never heard Mum giggle so much. - Tooey

# Newdegate Skate Clinic - Celebrating Children's Week

By Sarah Lloyd. Photos Cheryl Chappell.

On Sunday 27 October Luke and Lachie from Tailtap Skate School arrived at the Newdegate Skate Park for a fun day of skate board lessons.

Over 50 kids from Newdegate, Lake Grace, Lake King and Hyden enjoyed the sessions, which were provided for free thanks to the Shire of Lake Grace. It was a very hot day but the children were extremely keen and the skill improvement over the sessions was amazing to see!

As part of National Children's Week, the Shire was also able to secure funding from Meerilinga Young

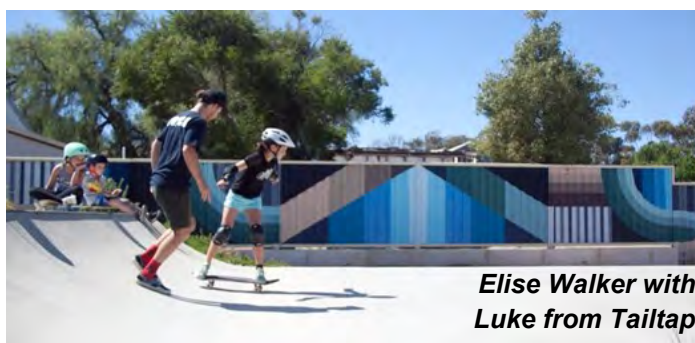

Children's Foundation, supported by the Department of Communities, Lotterywest, Healthway and Meerilinga for extra activities such as monster bubbles. This kept the children entertained, enjoying a gigantic bubble show before making their own bubbles with many different instruments.

There was also face painting thanks to the very talented Kath Athan and helium balloons.

It was a fantastic family day. Thanks to all who came, and to those who helped set up and pack up, lent shade shelters and helped cook lunch. A special thanks also goes to Warren Shalders who always keeps the park in pristine condition, and worked madly before the day to re-mulch.

Kade Lloyd, Harry the bubble man and Emerson Stiecke making monster bubbles.

Elise Walker with Luke from Tailtap

# Neu-Tech Auto Electrics Fortnightly Update

Stubbs Street, Lake Grace

PH: 9865 1164

October is here upon us so we should be doing our pre season checks now in case parts are required.

- Check all UHF/VHF TwoWays and make sure they are transmitting clearly and have acceptable range. We have GME Electraphone and Uniden units and accessories in stock. We can also get in Icom commercial grades upon request.
- Are all your worklights and spotlights working properly? We carry a range of general LED floodlights and spotlights and have some special original edition fit units as well. See the specials below.
- It's important to see and be seen! If your old tail-lights are dull and faded, why not replace them now with LED units that are sealed, bright, UV stabilised, multi-volt and reliable. See specials below also.
- Have had some air-con jobs trickling in, however a burst of hot weather will test them out. Remove all debris from front of condenser and radiator carefully with a brush or air lance and fit some shade cloth in place to keep out the insects.
- We have wireless (no camera cable) camera kits in store at the moment with 7 & 9 inch screens available. Also have cabled units and cables etc to suit.
- If you are a bit handy in the electrical department, we also have multimeters, wire strippers/crimpers, heat guns, solder, terminals and heat shrink in stock if you want to do it yourself.

## SPECIALS

- \* LED Spotlight - 180mm, 5100 Lumens, robust design with good spread of light.  
\$450 inc/pair
- \* Autocamps LED Stop, tail and indicator and reverse LED assembly. Common fit to most commercial vehicles. \$195 inc/pair
  - \* HID/LED Headlight upgrade kits starting from \$125 inc.
  - \* Round LED Floodlights 27W 1620 Lumens \$65 inc ea.

*Pictures for advertising purposes only*

# Allan Holmes

19/11/1935 – 8/10/2019

## Memories from Pingaring days - read by John O'Neill

To Kay and Family I thank you for the honour of being a part of the celebration of Allan's life here today.

Allan was known as Hogget in Pingaring, I will talk more about the Hogget a bit later.

He was Pop to his grandchildren and Pop Star to probably his best mate, grandson Luke and that's how Luke addressed him till the day he passed.

Allan's passions in life were his family, fishing, farming, his community and his sheep. He lived for and adored his grandchildren, he was so proud of them and their achievements. Allan and Kay would travel miles to see their grandies sport.

Allan was born on the 19/11/1935 in Pingelly, the first of three children to Geoff and Marjorie Holmes. Richard and Brian followed. He attended a little school at Erican then finished up at Shackleton Primary school.

Geoff and Marjorie farmed near Erican and ran the small Erican Post Office. Allan left school quite early as all he wanted was to go farming. Once leaving school, he started shearing and working on local farms.

Kay told me it was a New Year's eve Party when Allan first laid eyes on her. Her family, the Starcevic's from Muntagin had been doing the rounds in the district looking for a good New Year's Eve party. They came upon a great crowd at Doodlakine and decided to stay. A young Allan was there, slightly intoxicated and he picked out Kay straight away and gained her attention and hung around like a bad smell. It must have been love at first sight as they were married on the 25<sup>th</sup> May 1963 in Merredin.

Allan and Kay started a family with the arrival of Karen in 1964, Michelle in 1966, Geoffrey in 1969 and Cheryl completed their family in 1972.

In 1966, Allan and Kay and the family moved from Quairading to Hyden where they were working on his father's CP allocation. After being allocated their own CP block, Roe Loc 2686 in August 1965, they arrived to commence clearing their own block, with very little money, not much in the way of machinery and a teary wife. As Kay stood in the corner of the bush block, the first thing she said was "where is the school bus and where is the nearest phone". There was also no road as they could only access their place through Bill Crooks and Michael Lloyds from the south east through their paddocks.

With the family living in Hyden, Allan would head off in the morning early with Karen to go to school in Pingaring. He would drop Karen off at the Garards with Tracey and she would go to school in Pingaring while Allan went off to work at the block. By the time the others started school, the bus run was nearly at the gate.

Their first 250 acres of clearing was done with a

Fordson Half track and a TD9 Crawler with a log in between.

Thereafter, the rest of their clearing was done with two dozers and an anchor chain, in six different attempts; I think that all but one of their clearing fires got away.

In 1969, with the help of some their friends S Garard, R Murray, Ken and Noel Fisher and R Evans, they erected a double garage with cladding on all sides, windows, doors etc. which became their home for the next three years. While the building was being finished Ken Fisher kindly lent them his caravan so they could all live there without travelling from Hyden each day.

This was their introduction to the Pingaring community, which was very much appreciated by the family and will never be forgotten.

In 1969 they were allocated Roe Loc 961 under a farm build up scheme and progressively the two blocks have been made into the farm that it is today.

After the 1972-73 season, which was a good one for them, they purchased a three bedroom transportable house that they could pay for completely and lived in until the farm was sold 2003.

The early years of the development of the farm were very hard and Allan had to go shearing for about twelve years off the farm to bring in some cash to supplement the development of these blocks. Allan would race home in the evenings to be able to see his children before they went to bed, often leaving before they were up in the morning. He was a dedicated and loving father.

The last year before bulk handling, one thousand eight hundred bags of seed and fertilizer had to be lumped from the truck to the combine on Allan's back. It was tough physical work but Allan never shirked from hard work which all was to benefit his family.

One year the Inter A554 tractor clocked just short of 2000 hours because it ploughed, pinwheel raked, seeded, fallowed new land and pulled a PTO header at harvest as this was their only tractor. That tractor actually wore out three sets of barrels and pistons.

The phone line was extended to their farm from the Evans farm in 1970, the power came through in 1982, upgrading from the 32-volt lighting plant that started on petrol, ran on power kerosene, (with all the dead cell car batteries) gave way to the SEC, which was a real pleasure for Kay and the kids.

Some of the highlights for Allan were the twelve years he served as a councillor on the Lake Grace Shire from 1977-1989, five years were as Deputy President. He held the positions of President of the P&C and National Party (Allan Marshall will talk more about the National

## Allan Holmes (cont.)

Party), and was the Inaugural President of the Pingaring Shop Committee. Another most rewarding involvement for Allan was being a parent member on the Narrogin Hostels Management Board for approximately seven years.

Other things that come to mind are when Syd Garard's lake flooded (Kent road) in 1974 when Syd had to ferry Allan across the lake on his W7 carry all to shear their sheep with Mr Fred Quinn. Allan shore a lot of sheep with Fred Quinn and Les Fisher. I mentioned the nick name Hogget, well that came about while shearing 1200 extra large hoggets at Ross and Lorna Murray's. Shearing these hoggets lasted for 3 days and every morning Allan would look over the pen and say "bloody hoggets again, when are these going to run out Murray" and just talked about bloody hoggets so we decided to call him Hogget and it stuck. even on the cricket field. I think that's where it really took off as all 6 sides in the competition caught on. Allan played a fair bit of cricket for Pingaring and was always willing to go on the committee.

Allan and Kay continued to farm until the sale of the farm in 2003, together working side by side, they had cleared bush blocks into a successful and profitable farm. Allan and Kay then retired to Lake Grace, and they did some travelling and spent time with the family and grandchildren.

Allan's health declined in 2014 and he moved into the care of the Lake Grace Hospital. Kay and the family would like to extend their heartfelt thanks for the exceptional care and support they provided Allan and his family until his passing.

The family have passed on some memories that they still laugh about today:

- ◇ Allan leaving the farm heading to Gardiner River to shear - Leaving his family behind with no electricity, no phones and for them to have to go next door to Michael Lloyds to get him to come and crank the engine for the generator just to cook dinner. He didn't want to leave them but money and work was necessary for farming survival.
- ◇ Pingaring floods – Allan and their Uncle Syd have to ferry the kids across the floods to the school bus with the front end loader.
- ◇ Allan scaling the house wall without a ladder to put a fire out in the ceiling of the house, his family still don't know how he got up there.
- ◇ On numerous occasions Allan would get home from cricket training late and be whinging why his food wasn't hot. This happened on several times until getting home to find Kay had put his salad in the oven and her saying to him "well you asked it to be hot."
- ◇ Painting the tank at the cricket shed Swan Districts colours BLACK and WHITE with Neil Argent and Kim Ward.

◇ \*One time, Allan came home from a cricket meeting at Karlgarin with Ross Murray and Ken Fisher and as usual, they had drunk their fair share of king browns on the way. Allan came into the house and said to Kay "there were camels in the bush and a bloody elephant on the road" of course Kay said to him, "have a shower and go to bed, you've had too much to drink" only for them to find out the circus was in town and of all places, it had decided to stop in Pingaring on the way to Esperance.

◇ \*The Pingaring cabaret days, would see Allan on the booze all night until the sun came up and all four of the kids had been locked in the back seat of a Ford Fairlane, too scared to show their faces as they were told over and over again it's not a place for children. Which was pretty norm for all of the children of the Pingaring crew.

His family heeded much of his advice given to them as young people and are now telling their children just the same, sometimes using "This is what Pop would have said" and they see many of the mannerisms and characteristics in their own children and grandchildren of Allan and they are extremely proud and thankful for such a lovely and caring father and Pop.

Talking to the girls last week, the love and respect (which I could see coming from the heart and sure Geoff felt the same) that they had for their father and mother was testament to their upbringing and the beautiful people that they are today.

In closing Allan you will be remembered as a hard working, honest, sincere man who never shirked any issue just joined in helping by either becoming president or whatever needed to be done to support or fix the project.

### REST IN PEACE OLD TIMER

### WA NATIONALS - Allan Holmes and Wendy Duncan

Thank you to the Holmes family for allowing myself and Wendy Duncan to present a brief history of Allan's involvement with the National Party of WA and his valuable contribution to regional Western Australia.

The Parliamentary party leader the Hon Mia Davies and local member for Roe the Hon Peter Rundle along with former leader Brenden Grylls extend their apologies for being unable to attend today and send their heartfelt sympathy to Kay and the Holmes family. The Parliamentary party is represented here today by the Hon Colin DeGrussa MLC, member for the Agriculture Region.

### EARLY DAYS

Allan was always a passionate supporter of the Country Party/National Party with his local branch at Pingaring. He was President of the Pingaring Branch for over ten years. He would always boast that he could get over 90% of the votes in that booth.

He became more involved during the mid 1990's when he started attending the Roe District Council meetings

# Lake King Community Playground

By Courtney Toland

The Lake King Community celebrated the opening of the new Community Playground and the recently refurbished Lake King Hall on Saturday 2 November.

The Community Playground project started just under two years ago when Lake King Playgroup, with the support of the Shire of Lake Grace, submitted a Lotterywest Grant application. The application was successful in securing \$87,715 for the project and Lake King Playgroup continued to fundraise and gather support and funding through community groups.

The vision was simple: to create a fun, safe and engaging space for our children to enjoy, but the area is so much more than that. The community playground joins our two main facilities, the Lake King Hall and Pavilion. The area is suitable for the whole family to enjoy, including a combination of structured play equipment and nature play environments. The area is integrated with lawn areas (garden areas to come!) to watch the kids play or the local sport or just enjoy a coffee with friends. The space will be enjoyed all year round by

various community groups and community families and friends.

We would like to give a SPECIAL THANKYOU to all the community groups who contributed this project; Lake King Progress Association, Lake King Winter Sports, Western Areas, Lake King Playgroup, Lake King WIFE and the Shire of Lake Grace. Through your generosity and support the community playground project has become a reality.

*Families were keen to enjoy their new playground*

## JOB OPPORTUNITY

### Maintenance Grader Operator

**Full Time**

**76 hours worked over a 9 day fortnight**

**Subsidized staff housing is available**

The Shire of Lake Grace is seeking an experienced and reliable Maintenance Grader Operator to join our Infrastructure Team

The Maintenance Grader Operator will be responsible for construction and maintenance activities, associated with the Shire's road network.

As the successful candidate, you must be able to demonstrate previous experience of operating graders to a high complexity. You must be able to understand and implement quality control techniques. You will have the ability to read and understand plans and instructions, with the capability of directing and coordinating the standard of production and quality of other operators, on multiple types of machines. You will hold a Traffic Management Accreditation and Valid White Card.

For further information and to obtain an application package please contact:

Cheryl Cavanagh, Executive Assistant  
on 08 9890 2500 or email [shire@lakegrace.wa.gov.au](mailto:shire@lakegrace.wa.gov.au).  
Applications to be marked 'Confidential' and addressed to:  
Chief Executive Officer  
Shire of Lake Grace, PO Box 50, Lake Grace, WA 6353

**Applications close 4.00pm on Monday 11 November 2019**

*The Shire of Lake Grace is an equal opportunity employer*

## JOB OPPORTUNITY

### PLANT OPERATOR / GENERAL HAND

**Full Time - 9 Day Fortnight**

The Shire of Lake Grace is seeking an experienced Plant Operator / General Hand to join our Infrastructure Services Team. As the successful candidate, you will be responsible for various tasks and duties associated with the maintenance and renewal of the Shire road network. You will be required to operate semi side tippers for the carting of gravel and various materials. In addition you will have the ability to operate semi water carts and other plant and equipment associated with road construction.

The successful candidate must be reliable, team and safety motivated. You must hold a current unrestricted HC Licence with a valid WA White Card. You will have previous experience of operating semi side tippers and associated plant and equipment, such as rollers, loaders and tractors.

To request an application Package for this position, please contact:

Cheryl Cavanagh, Executive Assistant  
tel: 08 9890 2500 or [shire@lakegrace.wa.gov.au](mailto:shire@lakegrace.wa.gov.au)

**The closing date for applications is:  
Monday 11 November 2019 at 4.00pm**

*The Shire of Lake Grace is an equal opportunity employer*

- Lake Grace DHS cadets enjoy a camp at Bickley.
- Over \$10,000 of electronic equipment and tools stolen from a farm on the North Lake Grace to Karlgarin Road.
- CWA hold a very successful street stall, raising \$940 for the local St John Ambulance.
- Poppy display adorns RSL Hall and pop up in the gardens in the main street.

# POLICE NEWS

LAKE GRACE POLICE STATION  
56 STUBBS STREET, LAKE GRACE. 6353  
Phone : 9890 2000 Fax : 9865 1429

Email: [Lake.Grace.Police.Station@police.wa.gov.au](mailto:Lake.Grace.Police.Station@police.wa.gov.au)

Personnel: Sgt. Travis Taylor, SC Fiona Main. PC Scott Oatridge

This last fortnight was relatively quiet for the Lake Grace sub-district. I don't like using that word because Police are very superstitious when mentioning the "Q" word. However we have been busy assisting in the surrounding sub-districts of our cell.

A joint traffic operation was held last week in Corrigin between Police from Kondinin, Kulin, Corrigin and Lake Grace. We were joined by a drug detection dog and staff from Main Roads Heavy Vehicle Compliance (Scalies).

It started off well until we had a flurry of drivers turning up with outstanding arrest warrants. As a result we lost half our staff to prisoner escorts to the Perth Watch House. Those officers who remained continued to breath and drug test drivers, and ensured driver and vehicle licences were current.

Whilst the drug dog was in the northern sector, staff from all four Police stations executed a Misuse of Drugs Warrant seizing several items from a residence including a quantity of cannabis, measuring scales and deal bags.

Last Thursday Lake Grace Police attended a truck crash. A prime mover towing a float had tipped over on the Hyden-Lake King Road blocking both lanes. The truck's load included the Esperance aircraft refuelling vehicle, complete with eight tons of aviation fuel and numerous 44 gallon drums full of aviation fuel. The driver had drifted off the road onto the steep and wet verge, finding it very difficult to return back onto the road. When the driver did get the truck back onto the road he immediately over corrected, suddenly tipping the vehicle and load over on its side, crushing the truck cab and causing the load to break free, splitting the aviation fuel cell on the truck.

Miraculously the driver escaped death and was treated by local St John ambulance staff who conveyed him to hospital for further assessment.

Local Fire and Rescue set up a 400 metre exclusion zone due to fuel leaking heavily onto the road. The aviation fuel caused the road significant damage.

The crash site was then managed by Main Roads until the hazmat and clean up teams arrived the following morning. All emergency services in attendance did an amazing job keeping everybody safe and preventing any further danger to motorists in the area.

## REMINDERS

**Insecure Loads:** I have recently noticed dogs travelling in utes or in trailers not being tied up to an anchor point to prevent them falling from the vehicle, accidentally or otherwise. Any animal being conveyed in

the open load space of a vehicle is considered, under the Road Traffic Code, as a "load". All loads are required to be secured so that the load cannot fall from the open load space.

Road Traffic Code 2012  
Section 257. Securing of loads

Sub Section (2) A person shall not drive a vehicle that is carrying a load, unless the load is restrained on the vehicle so that the load, or any portion of it, is unlikely —

(a) to fall from the vehicle; or

(b) to become dislodged from the place on the vehicle where it is restrained.

Penalty: \$150 and no points.

I am well aware that dogs, and in particular working dogs, are pretty stable on their paws even on a moving vehicle. However, on two recent occasions, I have seen incidents where this was not the case, with neither dog surviving the fall. Please tie them up for the trip.

**Mobile Phone Use:** I am seeing an increased use of mobile phones whilst driving, many times when I am walking around off duty. Main offenders are usually people driving through town, although I am starting to see locals use them too. The penalty is high and so are the points. Here are the rules:

Road Traffic Code 2012  
Section 265. Use of mobile phones

Subsection (1) In this regulation — **body**, in relation to a mobile phone, means the part of the phone that contains the majority of the phone's mechanisms;

**Held** includes held by, or resting on, any part of the driver's body, but does not include held in a pocket of the driver's clothing or in a pouch worn by the driver;

**Mobile phone** does not include a CB radio or any other two-way radio;

**Use**, in relation to a mobile phone, includes any

## Police Page *(cont.)*

of the following actions by the driver of a vehicle —

- (a) hold the phone;
- (b) enter or place anything into the phone, or send or look at anything that is in the phone;
- (c) turn the phone on or off;
- (d) operate any other function of the phone.

Subsection (2) A driver of a vehicle must not use a mobile phone while the vehicle is moving, or is stationary but not parked, unless —

- (a) the phone is being used to make or receive a phone call, other than a text message, video message, email or similar communication, and the body of the phone —
  - (i) is secured in a mounting affixed to the vehicle while being so used; or
  - (ii) is not secured in a mounting affixed to the vehicle and is not being held by the driver, and the use of the phone does not require the driver, at any time while using it, to press any thing on the body of the phone or otherwise to manipulate any part of the body of the phone; or
- (b) the visual display of the phone is being used as a driver's aid in accordance with regulation 264 and the use of the phone does not require the driver, at any time while using it, to press anything on the body of the phone or otherwise to manipulate any part of the body of the phone.

Subsection (3) For the purposes of this regulation, a driver does not use a mobile phone if —

- (a) a text message, video message, email or similar communication is received automatically by the phone; and
- (b) on and after the receipt, the communication itself, rather than any indication that the communication has been received, does not become automatically visible on the screen of the phone.

Penalty: \$400 and 3 points, unless on a long weekend where it is \$400 and 6 points!

You can't accidentally use a mobile phone, you have to make a conscious decision to use it. Everyone knows you shouldn't use it when driving, so don't.

Apologies when caught won't be accepted for this reason. If you really need to take a call, just find a safe place to park and answer the call - it will be heaps safer for everyone and heaps cheaper for you.

**Parking On or Obstructing Footpaths:** This is not a huge problem, however please try to avoid parking on or over footpaths and leaving your vehicle blocking access to pedestrians and/or reducing visibility for other drivers when trying to exit their driveways.

Road Traffic Code 2012

Section 165 Stopping on path, dividing strip, nature strip or painted island

The driver of a vehicle (other than a bicycle, an EPT or an animal) shall not stop so that any portion of the vehicle is on a path, dividing strip, painted island, or a nature strip adjacent to a length of carriageway in a built-up area, unless —

- (a) the driver stops in an area, to which a parking control sign applies and the driver is permitted to stop at that place under these regulations; or
- (b) the driver is permitted to do so under a local law.

Penalty: \$50 and no points

Have a great fortnight and don't forget Remembrance Day on the 11<sup>th</sup>.

**Sgt Travis Taylor**

## Men's Shed Battery Drive

The Lake Grace Community Men's Shed is continuing with their battery drive. This is an ongoing revenue raising project which will contribute to the running of the Shed.

Batteries can be left at Phil Clarke's shed or you can contact Phil on 0427 651 155 or Allan Duckworth on 0427 651 567 if you require them to be picked up. Thank you for your ongoing support.

# Tele-health Makes a Difference

## Media Release

Childbirth and parenting classes delivered by telehealth are empowering country women, providing them with knowledge and the chance to discuss their parenting queries.

This week is Telehealth Awareness Week (25 – 31 October 2019), shining the spotlight on how digital technology is helping country people access specialist and multi-disciplinary care closer to home. The Wheatbelt Midwifery Group Practice has been using telehealth technology to deliver childbirth and parenting classes right across Western Australia.

Clinical Midwife, Holly Jones has been delivering the four-part series of classes to expectant parents with the next series commencing Friday 1 November.

"This service isn't just for parents in the Wheatbelt, telehealth allows us to provide education and support to mums everywhere, all they need is a phone, tablet or computer," Ms Jones said.

"I've had participants dial in from all over WA, particularly in remote locations like Derby, Halls Creek and Newman and in some instances, where internet connection is a challenge, they've dialled into the sessions from their nearest health service.

"The sessions are open to anyone who's expecting a

baby and interested in learning more - mums, dads, partners and any support people are welcome, we often have both parents sit in on a session.

"We cover all the topics you'd expect from classes at a large metro hospital but also have the flexibility to tailor it to those in attendance who often ask specific questions related to their unique situation," she said.

"I get lots of positive feedback from the pregnant women who often express how empowered they feel by attending the classes, having the opportunity to ask questions and being prepared with the information they need to make decisions," Ms Jones added.

WA Country Health Service Executive Director Robyn Sermon said telehealth benefits tens of thousands of patients across country WA every year and is making a real difference to regional people.

"Telehealth enables access to a wide range of health services that are readily available in the city, to people living in rural and remote WA," Ms Sermon said.

"WA Country Health Service is a global leader in the provision of digitally enabled health services and the use of telehealth continues to benefit regional residents by reducing the need for travel, saving valuable time away from family and giving access to some of the best specialists in the state."

In Western Australia, telehealth technology delivers a range of services including specialist emergency support to staff in country hospitals treating acute emergency patients, including those presenting with mental health concerns; inpatient consults through a virtual ward round; outpatient consults with specialists, as well as training and education for health staff and consumers.

People can check with their health professional to see if a telehealth appointment is appropriate for them. To find out more about telehealth visit the [Healthy WA website](#).

# Lake Grace Men's Shed President's Report

*Phil Clarke*

Welcome everyone to the Lake Grace Community Men's Shed AGM - thank you for coming to support the Shed and our Committee. I have prepared a brief overview of our activities for the 2018/2019 year, which has been another good one.

Last financial year, we received approval to install our shipping container at the Shed site as a means of materials storage. This year we have installed and fitted shelving inside while also fitting some external brackets for outside storage. We applied for a community grant through the Shire of Lake Grace to fund this project, and we thank them for their continued support of the Shed.

Another big Shed improvement project this year was the installation of the modified dust extraction system from the school into our workshop. This job has been on our priority lists, and it is great to have it achieved. Thank you to all the members who assisted with this job under the supervision of John De Vree. This was a big job, well done, well done to everyone involved.

Our Shed continues to have specialist orders, not only in the Lake Grace Community but also from surrounding communities. Some of these projects included making a bench seat from a wrought iron bed head, and more of our ever popular Christmas trees.

Chris Harvey has made a number of pallet tables and pallet furniture for the Shed to sell - selling three tables to The Store Café 16343 in Pingrup and four tables locally. Thanks for your efforts Chris.

We had the opportunity to participate in a couple of community events this past year. We attended the Bloom Festival closing event in Pingrup, in October 2018 which was a great day out and resulted in good sales and orders for the Shed.

The Shed had a stall at the Lake Grace late night shopping event which is always a good night and we look forward to being part of the event again this year.

We also did a trip out to Pingrup to see the silo art, and then stopped in to The Store Café for morning tea. It was great to have Fiona from the Lake Grace Police join us for the morning and provide a few of us with a ride in the police car out and back. We were happy to report that no one was caught speeding on the way!

We attended a Men's Shed WA Zone meeting, which provided a great chance to catch up on the latest news from other Sheds and Men's Shed WA.

Our members have been busy at work too.

Wally took over the role of grant writing for the Shed this year, and was successful in securing a Lotterywest grant for the purchase of assorted tools and a toolbox. Thanks Wally for taking on this role.

Alan Duckworth has organised a very good range of Lake Grace Community Men's Shed merchandise over the past couple of years, which we have all enjoyed

wearing and showing off. Everything from caps, jackets and t-shirts are currently available, in our Men's Shed colours, with embroidered logos, for members and public to purchase. If you would like any of the Men's Shed merchandise, please contact Alan directly.

John De Vree is a wealth of knowledge and we have called on his building expertise a number of times, and across many projects within the Shed. Thank you John for always being able to provide the support we need in this area and for being so readily available to assist.

Other achievements this year - we installed the 'opening plaque' on the front of the workshop wall. This plaque commemorates the date the shed was officially opened and is a memento of the project.

We also made the decision to sell some of our woodworking machines and metal working machines, as they are either duplicate machines, or machines that we no longer have a use for. These will be advertised for sale - all enquiries to Phil Clarke.

Once again, our main income has been from our continued Battery Drive, which is strongly supported by donations from the community. We currently have around 14 tonnes of batteries to be sold when the price is right. We cannot thank the community enough for their support of the Shed through our battery drive, and we are continually overwhelmed at their generosity to assist when asked.

Membership has again remained steady this year, with 104 financial members and 20 active members in the Shed doing projects or socialising over coffee. Thank you to our committee and members for your continued support again this year, and for your contribution to our Shed.

I would like to make a special mention of Robert Carruthers who has been our Treasurer on our Committee for seven years, but has been involved with the Shed from the start of the project. Robert has worked through many of our financial processes with Anke, and has been a diligent Treasurer for his time on the Committee. Thank you for your time and support Robert, and for doing the role so well.

Our Committee for the 2018/2019 year were:

- Phil Clarke, President
- Alan Duckworth, 1st Vice President
- Kevin Seaman, 2nd Vice President
- Robert Carruthers, Treasurer
- Stephanie Clarke-Lloyd, Secretary
- Walter Perry, Shed Organiser, Grant Writer
- Chris Harvey, Shed Coordinator
- Ross Murray
- Pat O'Neill
- John De Vree
- Laurence Dickins

I would also like to make special mention to the

# Lake Grace Men's Shed President's Report (cont.)

following community members:

- Coralie Palmer; who does a great job of watering, looking after our lawn and caring for our gardens;
- Arthur Slarke; who is always on hand with his camera to take photographs as we need them;
- Mike Naisbitt; who is always on hand when we need some extra help.

And to all the other members of the community who call in and lend a hand - thank you.

As I have said every year, the most important people are the ones that come to the Shed each week or whenever they can. You are the people who make the Lake Grace Community Mens Shed what it is. Thank you so much for your continued support.

Many thanks must also go to the community for their continued support - which is overwhelming. This is shown in many ways from tradesmen who help us out, to the community for the donations of tools, equipment and batteries.

We are looking forward to another good year at the Shed, thank you everyone for making my role as President the past year, an easy one.

Our new officer bearers are as follows:

- President - Walter Perry
- 1st Vice President - Alan Duckworth
- 2nd Vice President - Phil Clarke
- Secretary - Stephanie Clarke-Lloyd
- Treasurer - Lake Grace CRC
- Members of the Committee - Lawrie Dickins, Ross Murray, Chris Harvey, John DeVree, Pat O'Neill and Robert Carruthers

# Summer Gardening Tips

<https://www.homestolove.com.au/12-top-summer-gardening-tips-9896>

Good preparation is critical for your garden to survive the wilting effects of the Aussie summer. Summer means different things to different gardeners. While many southern and central regions bake dry, for instance, the steamy Top End is rejuvenated by drenching storms. But for all of us, summer brings common challenges, such as dividing time and effort between keeping our gardens in good shape, and enjoying them during the summer holidays.

1. Take care of budding plants - Does your camellia drop its buds and flowers? As camellias initiate budding in summertime, sudden loss of buds and flowers is often a consequence of the plants drying out, particularly when they are growing in containers. Mulch and water deeply once or twice weekly during hot, dry weather to limit this common and irritating problem.
2. Help pots to stay cool - Potted plants, especially those in terracotta pots, are vulnerable to overheating. Lightly mulch and, where possible, position them out of hot western sunshine. Remember that standing potted plants in saucers of water encourages root rot and mosquito breeding. Instead, stand them in saucers filled with sand, and keep the sand moist. This ensures roots stay cool and plants remain healthy. If potted plants dry out to the point where re-wetting is hard, soak them in a bucket of water for half an hour, then drain.
3. Water early to avert mildew - Water in the cool of the day. The best time to water your garden is morning but, if you water in the afternoon, allow enough time for foliage to dry out before sunset. This reduces the risk of mildew and other fungi attacking leaves, and there's less chance you'll get caught by the evening shift of mosquitoes or sandflies. Mildew frequently attacks roses, pumpkin, melon, zucchini and cucumber. Spray plants weekly with a solution made from one part cow's milk to 10 parts water. Repeat after heavy rain or irrigation. This remedy won't reverse mildew damage, but it's an effective preventative.
4. Add nutrients to the water - If you can only water occasionally, try to water plants deeply and use that opportunity to simultaneously feed and correct mineral deficiencies. Apply a soluble fertiliser with added seaweed. Water in potash around the base of fruit trees, especially citrus, banana and lychee, to improve fruit flavour and juiciness. The potassium in potash is also important for controlling anthracnose disease of avocado and mango, and it generally helps to improve plant vigour and resistance to foliar fungi.
5. Protect new plantings - Freshly planted vegetable and flower seedlings are likely to need a bit of sun hardening. Shelter them with 50 per cent shade cloth, old net curtains, dead palm fronds, or leafy branches for a week or two. This helps them establish without harm.

## CEO's Corner

### Swearing in of Councillors Elect

Following the Local Government Ordinary Election on 19 October 2019, a Special Meeting of Council was held on Monday 28 October to swear in our new Councillors.

Cr Debrah Clarke, Cr Roz Lloyd and Cr Allan Marshall were re-elected to office, Cr Len Armstrong returns to office after a two year break and Cr Helen Steicke was elected to office for the first time.

Congratulations to Cr Jeanette De Landgraft who was re-elected as Shire President and to Cr Peter Stoffberg who was elected as Shire Deputy President.

I am very much looking forward to working with our new Council, who are excited to provide leadership and guidance to our Shire.

*L-R Cr Helen Steicke, Cr Allan Marshall, Cr Deb Clarke, Cr Jeanette De Landgraft (Shire President), Cr Peter Stoffberg (Shire Deputy President), Cr Roz Lloyd and Cr Len Armstrong were all sworn in on Monday 28 October 2019*

### Newdegate Skate Park Crowned Winner at the 2019 Parks and Leisure Australia National Awards!

Following a nomination from Nature Play Solutions into the Parks and Leisure Australia Awards, the Newdegate Skate Park was successful in winning the WA Playspace Award (<\$0.5m).

The Awards of Excellence showcase the excellent work of parks and leisure professionals who deliver enormous benefit to our communities. Each year the quality and innovation showcased in projects submitted continues to increase, with over 220 being received this year, leading to a highly competitive rivalry to take the top honour as regional winner.

As a regional award winner, the Newdegate Skate Park was progressed to the national awards for the Playspace Award (<\$0.5M) to compete against other regional winners of the same category, the winner of

which will be showcased as the best in Australia for 2019.

This year's awards gala dinner was held on Tuesday 29 October 2019 at the Crown Perth and celebrated the achievements of Australia's parks, sport and leisure industry. Members of the Newdegate Active Precinct Committee, Helen Steicke, Sarah Lloyd and Emily Gilmore all attended the gala dinner, as they all played a pivotal part in bringing the Newdegate Skate Park to life and without their passion and vision, the park would not have been possible.

There were more than 500 guests in attendance and the evening was hosted by presenter and sports commentator Basil Zempilas. From what I hear it was a fantastic event and a real celebration of the sectors brightest minds and most creative and innovative initiatives from across Australia. And to top off the evening the Newdegate Skate Park was crowned winner of the National Award!

I would like to take this opportunity to congratulate the Newdegate Active Precinct Committee, Nature Play Solutions and Skate Sculpture for all of their hard work and efforts throughout this project, you should all be very proud of this excellent achievement!

*Helen Steicke, Emily Gilmore and Sarah Lloyd with their well-deserved Playspace Award (<\$0.5M) at the Gala Dinner on 29 October 2019*

### Lake Grace Swimming Pool

The Shire of Lake Grace wishes to advise patrons of the Lake Grace Swimming Pool that due to public safety reasons the diving board at the pool is being removed and will be unavailable this season.

An inspection has revealed that the integrity of the structure is severely affected by rust and the bolts securing the base are worn.

*Continued over...*

## Shire of Lake Grace Community News *Cont.*

### CEO Corner Cont.

Several inspections have been carried out recently by both tradespeople and industry representatives who have advised that it is beyond repair and in the interests of public safety it should be removed.

### Official Opening of the Lake King Playground

Saturday 2 November 2019 saw the official opening of the new Lake King Playground. This project was the brainchild of the Lake King Playgroup, who wanted to create a simple, fun, safe and engaging space for the whole family to enjoy.

Located between the Lake King Hall and Pavilion, this new facility has created an all-inclusive social hub that can be used all year round.

Funding for this project came from a Lotterywest grant of \$87,715, alongside contributions from the Shire of Lake Grace, the Lake King Progress Association, Lake King Winter Sports, Lake King Playgroup, Women in Farming Enterprises (WIFE) and Wester Ideas.

I would like to offer my congratulations to all that were involved in bringing this project to life, with a special thanks to the Lake King Playground Committee, Mike and Anna Naisbitt, Forpark Australia, Hyden Sheds, Kate Hetherington, Courtney Toland, Cheryl Chappell, Jason Muir, the West Family and of course, all of our community volunteers.

This is a fantastic effort and the new facility will be a great asset to the community.

### Staff Changes

#### Farewell to Chris Trevenen, Maintenance Grader Operator

On Tuesday 5 November 2019, we farewelled our Maintenance Grader Operator, Chris Trevenen. Chris has worked for the Shire for over 17 years and during his time has made a fantastic contribution, not only in the maintenance work that he has carried out but also in his willingness to pick up other tasks and duties. Chris has been forthcoming in sharing his knowledge with and guiding new crew members and his skills and expertise will be greatly missed.

On behalf of Shire Councillors and Staff, I thank Chris for his contribution during his time with the Shire and I wish him the very best for his future endeavours.

#### Welcome to our New Infrastructure Administration Officer

I am pleased to confirm that Jodie Jones has been appointed as our new Infrastructure Administration Officer and commenced with us on Friday 1 November 2019.

Jodie relocated to Lake Grace with her family in February 2018 and has spent the last 11 years working for Farmers Centre, in both their Lake Grace and Albany branches, in an administration capacity. Jodie also has

local government experience, having previously worked for the Shire of Kojonup.

We are excited to have Jodie on board and welcome her to the team!

### Roadworks

Our Staff have carried out the following works:

- General clean up and maintenance of the Lake Grace & Newdegate tips
- Re-sheeting on Old Lake Grace Road School Bus Route and patching repairs completed
- Re-sheeting on Cook Road and road patching sections
- General clean up and maintenance of the Lake Grace Air Strip
- General clean up and maintenance of Bennett Street, Lake Grace
- General clean up and maintenance of North Lake Grace Road
- Lake Grace Public Toilets - clean up and maintenance
- 14 Blackbutt Way, Lake Grace - clean up and maintenance
- 10A Gumtree Drive, Lake Grace - clean up and maintenance
- 54 Bennett Street, Lake Grace – window blind maintenance
- Lake Grace Town Hall - clean up and maintenance
- General Internal Door maintenance to the Shire Office

The Lake Grace Maintenance Grader has carried out grading on:

- Old Lake Grace Road
- Burngup Road South (shoulder works)
- Cook / Kent Road

The Newdegate Maintenance Grader has carried out grading on:

- Mallee Hill Road
- Aylmore Road
- Biddy Camm Road (Buniche North to Newdegate North Road)
- Watson Road
- Dragon Rock Road
- Easton Road
- Mission Road
- Vernon Valley Road

The Lake King and Varley Maintenance Grader has carried out grading on:

- Hogan Road
- Kathleen Road
- Magdhaba Track
- Milstead Road
- Tilbrook Road

*Continued over ..*

## Shire of Lake Grace Community News *Cont.*

*CEO Corner Cont.*

### **Parks & Gardens**

The Parks and Gardens Crew have carried out the following work:

#### *Lake Grace*

- Lake Grace North and East town entries and Biddy Camm Road verges mowed and slashed
- Removal of dead trees at information bay
- Main Street Maintenance - watering, weeding, general maintenance and cleaning
- RSL Gardens - mowing and general maintenance
- Lake Grace Visitor Centre - mowing and general maintenance, including the parking areas
- Lake Grace Recreation Centre - mowing and watering of ovals and repairs to hockey oval sprinklers
- Medical Centre – general garden maintenance
- APEX Areas - paths and garden maintenance
- Lake Grace Playgrounds - mowing and maintenance
- Sewerage Ponds - spraying and maintenance

#### *Newdegate*

- Works carried out by sub-contractor

#### *Varley*

- General clean up and maintenance carried out at town entrance, hall and pavilion

#### *Lake King*

- General Maintenance carried out at Lake King townsite and playgrounds
- Lake King Recreation Centre – general maintenance including mowing, and clean up around the pavilion

## ***Prohibited Burning Period***

### **Prohibited Burning Period is in Effect**

As of 1 November 2019 the Shire of Lake Grace entered its Prohibited Burning Period which will be in effect until 31 January 2020.

Please note that firebreaks must also be maintained from 1 November 2019 until 30 April 2020.

For more information please refer to the Shire's Fire Management Notice 2019-20, on the Shire Website. <https://www.lakegrace.wa.gov.au/our-services/bushfire-and-emergency-management-services/fire-ban-and-zones/>

## ***Shire Messaging Service***

To receive an SMS message for any of the following:

- Harvest Ban Notices
- Newdegate Pool or
- Lake Grace Pool

or to stop receiving them, please contact our Customer Service team at the Shire on 9890 2500.

and hall.

### **Building**

The Building Maintenance Crew have carried out the following work:

- 10A Gumtree Drive – removal of existing bath, tiles and kitchen, painting of all doors, skirting and ceilings, and repairs to the roof and exterior leaks
- Lake Grace Public Toilets – repairs to male and female door locks and leaking taps, urinal and disabled toilet and shower
- Footpath in front of the Newdegate School
- Lake Grace Hall – replacement of door and cupboard handles and locks on toilet doors
- Pingaring Recreation Centre – removal of gutters and repairs to the toilets and toilet roof.

*Denise Gobbart*  
Chief Executive Officer

## ***Australia Day Awards Sign Has a Home***

It may have taken a little while to decide upon the perfect spot, but the Lake Grace Australia Day Awards sign has now got its forever home - at the leafy garden area near "the Shed" in the centre of town.

The sign has been a joint project between the Shire and Lake Grace Development Association, and it certainly is a symbol of community pride. We would encourage you to come and check it out... it will undoubtedly be a walk down memory lane for many of our community members.

Pictured below is LGDA President, Helen Bennett, with the Shire's Infrastructure Services crew who had a role in getting the sign constructed and installed, and winner plaques affixed. It looks fabulous - well done team!

***In good hands...***

***Above: Helen Bennett, Hugh Choi, John Walter, Jason Franich, Rebecca Roper and George Chircop.***

## Shire of Lake Grace Community News *Cont.*

### *Office Open Hours*

Monday - Tuesday - Wednesday - Friday

8.30am - 4.30pm

Thursday 8.30am - 4.00pm

Staff can be contacted by phone between 8am - 5pm.

### *Transport & Licensing*

All licensing payments are to be made in person at the Shire of Lake Grace Administration office, 1 Bishop Street, Lake Grace.

**Monday, Tuesday & Wednesday 8.30am - 4.15pm**  
**Thursday and Friday 8.30am - 4.00pm**

As an agency we process the majority of transactions, including: renewals, transfers, number plate orders, boat registration renewals and new licence applications.

### *Driving Assessor*

# Our Wellbeing During Adolescent Transition

Warriors Wellbeing - Regional Men's Health - 08 9690 2277

Transition periods are a normal part of life, they are ongoing through our many different ages and stages and are often associated with varying aspects of change or *moving out of our comfort zone*. Most young people, regardless of attending agricultural college or mainstream high school, growing up on a farm or in the city (both male & female) will have experienced some form of change in recent years. Whether developmentally (puberty), moving away from home, creating new friendships or the expectations placed on you around attitude, behaviour and study requirements, change is inevitable.

At this time of the year many young people (and their parents) are taking important steps to prepare for the final stages of their high school journey and transition into the beginning of their working lives. If you are one of these young people and reading this article it shows at least two things: **1.** You have already survived and thrived through one very significant time of change and transition; **2.** You are taking positive steps and preparing yourself for the next exciting transition of becoming a young adult and entering the world of employment or further study.

Periods of transition come with a new set of challenges that may put us under pressure. Moving out of our comfort zone means exposing ourselves to new and unfamiliar situations and can often lead to:

- uncertainty and discomfort;
- having to create new routines and habits (sleep can be affected);
- feelings of fear, worry or anxiety (this is normal, but if it's ongoing and intense seek help);
- Increase in stress levels (some stress helps us operate during difficult times, but we need to manage and keep an eye on our stress levels).

This all sounds a bit negative I know but the good news is that if we talk about these things, normalise our reactions and push through these times the boundaries of our comfort zone will grow and expand. We can gain satisfaction and meaning from getting through such times. There will always be some hold-ups, knock-backs, days when we question our decisions and things just won't go our way. Transition is a process, so you need to allow some time to settle in and adjust before you can survive and thrive.

Here are a few tips to help with the next stages of your life journey:

- Accept change as a part of life "stop wishing for what was and enjoy what is";
- Talk to your parents, peers and mentors about how you're feeling;
- Make time for your passions and interests;

- Exercise and take time to relax. No one can work or study 24/7, time out is an important part of your wellbeing and stress management;
- Stay socially connected and take time to laugh with others (not just on social media, get out and create opportunities to form new friendships and surround yourself with real people);
- Avoid drugs and alcohol use. If you do choose to drink (when you're 18) moderation and knowing your limits are vital;
- Use help or support services, they are there for a reason.

All the best for your next stage of life and remember ... before it all gets too much... Talk to a Mate!!

## Allan Holmes (cont.)

as a delegate from his branch and was the President from 1999 until about 2007.

### STATE COUNCIL

Allan was then elected as a delegate to represent Roe District at State Council in the year 1999 and became involved in fundraising and membership activities with myself. We became notoriously known as the two Allans for our prolific activity in raising funds and signing up new members. I will always have fond memories of that time and I am sure that Kay thought that we were up to no good.

### STATE EXECUTIVE

Allan continued his involvement at State Council level when he was elected to State Executive of the WA Nationals in about 2002, serving for over five years.

### STATE DEPUTY PRESIDENT

Then in 2004 when Wendy Duncan was urged by Eric Charlton to nominate for the position of State President she would only do so if she had someone as her deputy who was well respected and had history within the party as Wendy needed someone she could work with to support her. Allan's name was put forward and she was delighted to accept the position with Allan as her deputy as she had known him from the Roe District Electorate days. The partnership proved to be very productive, transforming the party into the modern age with the

installation of many younger members into our parliamentary team.

Wendy said she found Allan dedicated, fiercely loyal and a deep thinker. Of note was that at the 2006 State Conference at Denmark Allan backed a motion from the Young Nationals that 'Civil Unions be legally recognised'. That motion was passed with Allan's persuasion of the more conservative older members.

Allan remained as Wendy's deputy for three years until 2007. During that time the Nationals 'Royalties for the Regions' policy was researched and adopted and following the 2008 State election was negotiated with the Liberal Party as a legislated return of 25 percent mining royalties to the regional areas of Western Australia. Allan took great pride in his involvement in that injection of funds into the much neglected infrastructure of regional WA.

Allan postponed a much anticipated trip around Australia with Kay in his new caravan to help with that 2008 election such was his dedication. Allan and Kay never took that trip as Allan's health deteriorated following that period.

### DISTINGUISHED SERVICE MEDAL - Wendy Duncan

At the 2010 annual conference held at Albany Allan was awarded a 'Distinguished Service Medal' for his unselfish dedication to the party. They don't give them out lightly.

May I pass on a message from Brenden Grylls, former member for the Legislative Assembly for the Merredin Electorate and leader of the Parliamentary National Party of WA and is now living in Karratha.

*"Allan Holmes, in Partnership with Allan Marshall introduced me as an aspiring politician to what it took to be a true Nat. Tough, uncompromising, determined and always with that glint in the eye that we are 'going to win this bloody issue....come hell or high water'. It was a privilege to have them as mentors!*

*Without knowing me, once the preselectors had made me the candidate they jumped into action, cold calling fundraising and support, devising strategy and sorting out the polling booths in the electorate of Merredin that we needed to cover. History records that another successful campaign was won.*

*The word legend is used loosely these days when you are a champion after one good game.*

*Well Allan Holmes in my opinion is a legend of the WA Nats, a true believer whom I held in the utmost highest regard, whose passion and commitment formed the basis of our teams' willingness to hold our nerve to create Royalties for the Regions and a man who is a great loss to politics and community in Western Australia.*

*Rest in peace Allan Holmes, I'll bet he is in Heavens' town hall now along with the late Sue Muntz, planning how to terrorise the other parties' polling booth workers at the local heaven elections!!"*

Thank you Brenden.

# Allan Holmes (cont.)

ALLAN MARSHALL

I was deeply saddened when Allan was overcome with the dreaded affliction of dementia and when I visited him occasionally, depending on his good or bad days he would respond to my presence with a hearty "G'day Marsh" which was heartening to me that he could do that.

I have just attended the Nationals annual conference at Exmouth this past weekend and was amazed at the respect and admiration expressed for Allan's contribution and no nonsense approach to help create a better future for his children and grandchildren and indeed for all regional West Australians.

I don't think that Allan's family were fully aware of his extensive involvement with the Nationals or of the value of his commitment to regional Western Australia. I trust that this records that.

A life well lived Allan, you left a huge legacy. Rest peacefully Allan, you were a good mate.

**Memories** - Luke Bairstow

Geez Pop where do I start. I've been bloody lucky to have had you as a pop, and a mate. Being the oldest grandy I got to spend a lot of time with you over the years.

We had lots in common Pop. Things like farming, fishing, sport, talking, eating, V8's, playing the odd prank and having a good laugh were all things I enjoyed doing with you.

Going up to Brooklyn to stay with you and Nan I thought was the best. Whether it was for shearing, muelising, crutching, tractor driving or even just dropping fertiliser off with Dad or Pitts I just loved it. Between waking you up early for work, squiggly ripping-up lines, locking myself in tractor cabs, wayward roo shooting, out of control 360s in the old bomb on slippery sub clover with Rohi and Nan, pinching cream off you at breaky time for the weeties or stealing that last piece of Nans super sponge cake at smoko time, I must have fairly given you the shits at times.

When the work was done it was time to hook the boat on. Hopetoun, Leeman, or Albany were all spots where we had fun. Pop was skipper, Dad and I were deckies and even Uncle KB would come down to show us how to catch one. We loved catching them but sure did enjoy eating them as well.

When I hit high school, I went up to the big smoke and being a fatter later developing kid, I took a bit longer to find my feet. Most kids had Telstra homelink to call mum and dad. I also had one to call Nan and Pop. Things like teas at the Como house, trips down to Muelmans cricket shop for new gear or nights shelling peanuts and eating pork ribs at the old Lonestar on Great Eastern Highway were all things Pop and Nan did to get me through.

Popster, its been hard watching your health deteriorate for everyone. We were all excited to see where you and

Nan were off to next in the new van. After a couple of trips to the Boyup Brook country music festival you have had a horror run. Your great grandies keep hitting the deck Pop. Most of us have one or two and even those young blokes at Hyden are starting to practise with a few.

Your grit and hard work sticks out to us most. To make a start from very little, get shearing and build a farm, a good business and a great family is something we are very proud of.

Nan you are as tough as they come. From picking and burning mallee roots, cutting suckers off in the crop so Pop could get his sample in the bin in the early days, tireless hours in the sheepyards and producing some Yugoslav brilliance out of the kitchen. You have been awesome in your care for Pop til the end. A big thank you to the doctors, nurses and staff at the Lake Grace Hospital and the wider community that have helped Pop along the way

80 odd for Pingaring is not a bad innings Pop, Rest up mate you sure have earnt it.

## PROPOSAL TO UPGRADE A MOBILE PHONE BASE STATION AT LOT 3171 KATHLEEN ROAD LAKE KING WA 6356

Telstra Corporation Ltd plans to upgrade the mobile telecommunications network base station at the above address  
 The proposed upgrade consists of:

- Removal of two (2) omnidirectional antennas at a height of 60.0m AGL from the existing guyed mast:
- Removal of one (1) omnidirectional antenna at a height of 3.0m AGL from the existing guyed mast
- Installation of four (4) new omnidirectional antennas [3414mm (h) x Ø56mm] mounted on an existing head-frame on the mast at a height of 60m c/l
- Installation of one (1) omnidirectional GPS antenna [96mm (h) x Ø95mm] mounted on an existing equipment shelter at a height of 3.5m AGL.
- Ancillary equipment including two (2) radio remote units, associated cabling and internal works within the existing equipment shelter.

Telstra regards the proposed installation as a Low-impact Facility under the *Telecommunications (Low-impact Facilities) Determination 2018* ("The Determination") based on the description above.

Notification of the proposed work is in accordance with *Communications Alliance Industry Code C564:2018 Mobile Phone Base Station Deployment Section 7 Notification to Council and the Public - Installation at an Existing Site Without Development Application*.

Further information including an EME Report can be obtained from Laurie Chantry at Planning Solutions (Aust) Pty Ltd on (08) 9227 7970. ([admin@planningsolutions.com.au](mailto:admin@planningsolutions.com.au)) and at [www.rfnsa.com.au](http://www.rfnsa.com.au) – reference No. 6356001  
 The proposed infrastructure will be in compliance with the ACMA EMR regulatory arrangements.

We invite you to make a submission by **21st November 2019**. Written submissions should be sent to:

Planning Solutions  
 GPO Box 2709  
 Cloisters Square PO 6850  
 Email: [admin@planningsolutions.com.au](mailto:admin@planningsolutions.com.au)

# Halloween Here to Stay

*Rosie Timperley*

The Lake Grace Cricket Club held yet another successful Halloween party at the Sportsman's Club this weekend just gone. The Addams Family, Super Mario Kart, witches, vampires and more were out in full force for the night, with prizes for best dressed being taken home by a few happy recipients!

Prizes went to:

Best Costume Adult Male: *Trivan Davey as Princess Peach*

Best Costume Adult Female: *Karissa Pelham as Morticia Addams*

Best Costume Boy: *Beau Trevenen as a zombie*

Best Costume Girl: *Dakota Pelham as Wednesday Addams*

*Dressed up for the night are Tuscany Dew, Elle Trevenen, Chloe Pearson, Sheridan Fyfe and Harmony Moore.*

*The Addams Family made an appearance in the form of Damon, Karissa, Dakota and Darcey Pelham!*

Contrary to belief, Halloween is not 'an American thing.' Originating from the ancient Celtic tradition of Samhain, which marks the end of harvest and the beginning of winter, Halloween began in Britain. At the end of Summer, the Celts belief was that the veil between the living and the dead was at its thinnest. Dressing up in costume, the belief was that the ghosts would think the people were fellow spirits and leave them alone.

*The Mario Kart Crew stopped by for Halloween! From left is Bailey McGlenn, Kael Gray, Benn Tomkins, Kane Pinney, Shay Bowron, Matt Trevenen and kneeling in front is Troy Gamble and Trivan Davey (as the Princess!)*

## Halloween Here to Stay (cont.)

Ideally, in the Southern Hemisphere it would be celebrated on 30th April. But the Halloween that we are most familiar with is that of 'trick or treating' and dressing up in costume, this is where the American influence has stemmed from, which in the Northern Hemisphere, falls on 31st October.

At the end of the day if nothing else, Halloween is a fun, lighthearted chance to get together and dress up in crazy, funny costumes and have a laugh.

Left: Sophie Wilde, Derek Wilde and Danie Drummond-Hay brought the living dead to life.

Above: Eve Stubberfield and Jia Yu Li show off their alter egos.

## Harvest Festival 2019

....aka Late Night Shopping....

Thursday 12th December  
Stalls 4:30-7:30pm

This year we have two workshops happening in the afternoon (Low Waste Living - Katanning Ecohouse (1pm) and Circus Skills (children) - Zap Circus (3:30pm)); plus we have some entertainment at the other end of the evening. Santa will be making an appearance at 6pm. We are looking for more stalls, displays and activities....if you or your business/organisation have something in mind please give the CRC a call/email and register your interest. If any businesses are planning on staying open later then please let us know.

**Contact the Lake Grace Community Resource Centre  
on 9865 1470 or lakegracecrc@westnet.com.au**

# Wheatbelt Integrity Group Field Day

Cathie Kelly

The four speakers on a panel at Hollands Track Farm held the audience of 60 in wrapt attention as they described their experience of transitioning from chemical farming to regenerative agriculture. Regenerative agriculture is a relatively new term, coined to describe the process that links soil health with human health and seeks to bring nutrition back to plants so that it is available to the people and animals that eat them. It is set to be at least as revolutionary a development in agriculture as no-till has been.

It is a cheap and efficient method of restoring soil so that it retains moisture by sequestering carbon and forming soil aggregates. Keeping live roots in the soil for as much of the year as possible is the most efficient way to achieve healthy soil, allowing photosynthesis to do its work.

John Royce who farms 880 acres in the Chapman Valley is excited to see his bottom line improve after just a couple of years of pulling synthetic fertilizers and the 'cides' out of his system. Mike van de Griend, American vet who's now farming a small property at Bridgetown, is glad to leave industrial farming in Iowa and California behind, and grow healthy pork and organic eggs, which his customers tell him have healing benefits. Ian and Di Haggerty, who farm 50 000 acres in the northern and eastern wheatbelt, are happy to graze their sheep on some crops and still harvest them at a profit.

Nick Kelly, who chaired the panel, showed the group the multi-species grain crop he was about to harvest and spoke about the demand for such produce, even among organic growers. We climbed a hill to see Tom Golding's grass fed cows waiting to be let through the gate into the holistically grazed paddock where they benefit from more multi-species crops, diversity providing soil, animal and human health in a system where disease and insect pests cease to be a concern.

Newdegate CWA catered for the occasion, and provided food which led to enthusiastic thanks being expressed by the guests. WIG acknowledges the support of Regen WA (an NRM initiative) to host the day and pay travelling and accommodation for the speakers, who donated their time.

**Held on the 16th October, there was a good turnout for the Wheatbelt Integrity Group's Field Day.**

## Lake Grace Sportsman's Club Christmas & Member Orders

Please get in touch with us if there is something special you would like us to supply in time for the family gathering and or special occasions coming up.

Be it that extra special bottle of Whiskey or a particular drop of grape. Ice is on sale and bulk orders can be taken where requested.

Drop us an email [lgsportsmansclub@bigpond.com](mailto:lgsportsmansclub@bigpond.com) or call in for a refreshment to discuss any items you may request that we don't always have in stock.

## MOSQUITO & FLY SEASON IS UPON US!!

**For all your fly screen & door needs**  
Fly doors & screens (Security, mid-range and standard options)

Aluminium windows & doors  
Glass splash backs  
Shower screens, mirrors  
Glass supply & cutting  
Window & door repairs

# Bits and Pieces

Kevin Seaman

Boy, how things have changed - no matter if you listen to the radio, read the papers, watch TV or listen to other peoples discussions, there will be some reference to China. In the old days, most things were made in Japan, now they are made in China. News items refer to what's happening in China. The trade war between America and China always heads the news bulletins, the Hong Kong riots are always prominent, leading to questions such as why is Hong Kong separate from China? Is it safe to travel to this country? And China's massive display of its armed forces on parade just to raise a few points.

Where as in my youthful days, (many, many years ago) the main thing China was recognised for was their saying of one of the worlds greatest philosophers, none other that Confucius. You may ask, 'Who is Confucius?' Confucius was a Chinese philosopher and politician. The philosophy of Confucius, also known as Confucianism, emphasizes personal and government morality, correctness and social relationship, justice and sincerity.

His quotes and philosophies were used and referred to by many in a variety of positions in life. The following are just a few of the many sayings of Confucius that people of all ages live by today. Lets just list a few of them. They always start with 'Confucius says':

1. The man who says he can and the man who says he

can't are both correct.

2. Your life is what your thoughts make it.

3. Real knowledge is to know the extent of one's ignorance.

4. The man who asked a question is a fool for a minute, the man who does not ask is a fool for life.

5. The journey with a 1000 miles begins with one step.

6. Choose a job you love and you will never have to work a day in your life.

7. You are what you think.

8. All people are the same, only their habits are different.

9. If you are the smartest person in the room then you are in the wrong room.

10. Act with kindness but do not expect gratitude.

11. Worry not that no one knows you, seek to be worth knowing.

12. The man who moves a mountain begins by carrying away small stones.

13. The essence of knowledge is having it, to use it.

14. Anyone can find the switch after the lights are on.

15. The superior man is modest in his speech but exceeds in his actions.

**The Shire of Lake Grace**

## Bits and Pieces (cont.)

16. Roads were made for journeys, not destinations.
17. Think of tomorrow as the past can't be mended.
18. Respect yourself and others will respect you.
19. To be wronged is nothing, unless you continue to remember it.
20. I hear and I forget, I see, I remember, I do and I understand.
21. Never contract friendship with a man that is not better than thy self.
22. The man who knows all the answers has not asked all the questions.
23. Study the past if you define the future.
24. To see the right and not to do it is cowardice.
25. When anger arises think of the consequences.

And that, my friends, is just the tip of the iceberg of an insight into the extraordinary, furtive mind of the one known as Confucius.

### *Story telling time!...*

An atheist was taking a walk through the woods. 'What majestic trees! What powerful rivers! What beautiful animals!' he said to himself.

As he was walking alongside the river, he heard a rustling in the bushes behind him. He turned to look. A

seven foot grizzly charged towards him. He ran as fast as he could up the path. He looked over his shoulder and saw that the bear was closing in on him. He looked over his shoulder again and the bear was even closer. His heart was pumping frantically and he tried to run even faster.

He tripped and fell on the ground. He rolled over to pick himself up but saw the bear right on top of him, reaching for him with his left paw and raising his right paw to strike him. At that instant the atheist cried out, 'Oh my God!' Time stopped. The bear froze. The forest was silent as a bright light shone upon the man, a voice came out of the sky, 'You deny my existence for all of these years, teach others I don't exist, and even credit creation to a cosmic accident. Do you expect me to help you out of this predicament? Am I to count you as a believer?'

The atheist looked directly into the light, 'It would be hypocritical of me to suddenly ask you to treat me as a Christian now, but, perhaps, you could make the BEAR a Christian?'

There was a pause and then the voice said, 'Very well.' The light went out. The sounds of the forest resumed. And then the bear dropped his right paw, brought both paws together, bowed his head and spoke, 'Lord, Bless this food which I am about to receive and for which I am truly thankful.'

# Lake Grace Basketball

*Maggie Prater*

On 18th of October 2019 Lake Grace Basketball recommenced for the 19/20 season after a few years break. We are overwhelmed with the turnout! We also appreciate the effort from the committee in organising and the community for the support. The season kicked off the following week with results below.

## **Women's 23/10/19**

Bombettes 15 defeated Nothing But Fouls 6

Hoops I Did It Again 20 defeated Trolls 8

## **Men's 23/10/19**

Old Stars 13 defeated by Pumbas Warriors 25

Muddogs 39 defeated Souths 24

Last week was a true testament to the Lake Grace teams and VOLUNTEER umpires braving torrential rain to avoid a forfeit! Results below.

## **Women's 30/10/19**

Bombettes 21 defeated Trolls 16

Hoops I Did It Again 50 defeated Nothing But Fouls 9

## **Men's 30/10/19**

Pumbas warriors 20 defeated by Muddogs 46

Bush Chooks 16 drew Old Stars 16

Really appreciate the community support, looking forward to the season ahead!

# Tarin Rock Junior Tennis Tournament

*Sarah Allen*

Tarin Rock Tennis Club ran their annual junior tournament in October with resounding success. There were 62 children playing in the tournament and a trillion flies making their presence felt.

The entrant numbers were a big increase on the last few years with strong support for the 8 and under age group, showing that tennis has a strong future.

The 23 8/U played a modified tournament, finishing about lunchtime. Like many of our local sporting events the tournament is entirely run by volunteers. Well done Tarin Rock.

## 8/U Girls Singles

Runner-up - Emily Mudge

*Trophy donated by Lake Grace Roadhouse*

Champion - Tamzyn Kirby

*Trophy donated by Pelham Enterprises*

## 8/U Boys Singles

Runner-up - Darcey Pelham

*Trophy donated by Sand 'N' Salt*

Champion - Hugh Mullan

*Trophy donated by CCL Hardware*

## 10/U Girls Singles

Runner-up - Tessa Bignell

*Trophy donated by Kukerin rural Services*

Champion - Isobel Doney

*Trophy donated by Primaries*

## 10/U Girls Doubles

Runners-up - Gigi Fransisco & Ruby Clifton

*Trophies donated by East Mundulla*

Champions - Matilda Ditchburn & Isobel Doney

*Trophies donated by LG Communications & Computers*

## 10/U Boys Singles

Runner-up - Trey Westlake

*Trophy donated by Lake Grace Meat Supply*

Champion - Charlie Holt

*Trophy donated by Fyfe Transport*

## 10/U Boys Doubles

Runners-up - Max Clegg & Trey Westlake

*Trophies donated by High Valley Merino Stud*

Champions - Rylan Gooding & Charlie Holt

*Trophies donated by Lake Grace Plaza*

## 13/U Girls Singles

Runner-up - Amber Pearce

*Trophy donated by O'Neill Families*

Champion - Ashleigh Faulkner

*Trophy donated by Lake Grace Home Improvements*

## 13/U Girls Doubles

Runners-up - Tessa Bignell & Emmeline Cunningham

*Trophies donated by SBM Tyres*

Champions - Elise Walker & Ashleigh Faulkner

*Trophies donated by Lakeway Hair Salon*

## 13/U Boys Singles

Runner-up- Griffin Naisbitt

*Trophy donated by Naisbitt Families*

Champion - Lucas Robinson

*Trophy donated by Spencer Shearing Service*

## 13/U Boys Doubles

Runners-up - Griffin Naisbitt & Michael Watson

*Trophies donated by Elders*

Champions - Lucas Robinson & Howie Clegg

# Lake Grace Tennis Results

*Danielle Robertson*

Ladies Wednesday 23rd October - Lake Grace 1 set 31 games were defeated by Tarin Rock 8 sets 69 games.

Ladies Wednesday 30th October - Lake Grace 5 sets 61 games defeated Dumbleyung 4 sets 50 games

Sunday Pennants 3rd November - Lake Grace 16 sets 147 games were defeated by Toolibin 18 sets 158 games

Friday 25th October - A few of the Wednesday girls attended the annual Kondinin Ladies Day. There was a bigger field than the previous year. which saw three blocks playing and we were able to take advantage of the newly renovated Country Club for a delicious lunch mid way through the day.

Winners in their block were Fiona Chatfield and Danielle Robertson, with Tameka Roukens & Symone McKenzie runners up in the same.

There are no more Sunday pennants for the remainder of the year, so lets all get behind Sunday social tennis from 3pm each week.

**Above: Holding their prizes are from left; Symone McKenzie, Tameka Roukens, Danielle Robertson and Fiona Chatfield.**

## Lake Grace Transport

Twice weekly freight service to and from Perth

- ♦ Secure depot in Perth to drop freight off. Depot is C/O BW James, 19-21 Hodgson Way, Kewdale.
- ♦ For all your wool and general freight
- ♦ Forklift to load wool on farm
- ♦ Accreditation to load at Midland Brick
- ♦ We also cart bulk grain, fertilizer, lime, gypsum and firewood

Your friendly local operator - nothing is a problem, only too happy to be of service.

For all your freight needs call:

## **LAST MAN STANDING**

Do you have what it takes to be the Last Man or Women Standing???

### **WHAT IS IT?**

#### **The Summer Challenge of Challenges**

Made up of 3 challenges a week - Swim, Ride & Run/Walk

Complete the distance and get through to the next week.

Train with your friends or compete against them - you choose...just make it to the end!!

To compete you will need to:

- Register and pay entry fee of \$50 by Sunday 17th November
- A form of technology to record & prove your distance completed i.e. Fitbit etc (your swimming distance will be signed by the pool manager or you need to be able to prove you have completed the distance)
- Complete each week - 3 required distances within the 7 days allowed (each distance must be completed in one go, however you do not need to do all 3 distances in one day)
- Continue to complete distances until you 'TAP' out (unable to complete that week's distance for whatever reason)
- Challenge will continue until one person is left or Lake Grace Swimming Pool closes
- 11 years and over
- **WINNER TAKES ALL!!!**

Great way to get your summer fitness, pre-season training or just some motivation to keep moving.

## **FIT'N BOOST CHALLENGE**

**5 Weeks**

**2 x Training Sessions a week**

**35 minutes of Fitness**

Need a Kickstart, some Motivation, a New Challenge, Help Reaching Your Goals ??

Come and join in the FIT'N BOOST CHALLENGE for 5 weeks of Fun, Fitness & Multiple Challenges Including a range of different training techniques and activities delivered at a variety of locations. Take the opportunity to Set personal and group goals and watch your results happen with weekly prizes to be won

All you need to do is;

- Register before Tuesday 19th November
- Select your choice of progress assessment method (body measurements, fitness test etc)
- Commit to 2 x BOOST sessions a week for 5 weeks  
(sessions - Tues & Thurs 6am and 6.15pm)
- Use your RAW pass or pay \$14 per session (come with a friend and pay \$10 each)
- All welcome - guys and girls

For more information and to register  
contact Letisha - 0427649030

# Lake Grace Cricket Club

*Shaye Bowron*

## **Saturday 19th October Lake Grace v Newdegate**

Lake Grace lost the toss and were sent into field first.

Best Bowlers:  
Rob Enright 5/31 off 9  
Shaye Bowron 3/7 off 3

Best Batsmen:  
Matt Trevenen, 50  
Kael Gray, 34  
Mitchell O'Neill, 21

Match was tied with both sides scoring 146 runs.

## **Saturday 26th October 20/20 in Karlgarin**

We lost the toss and were sent into bowl.

Best Bowlers:  
Shaye Bowron 3/21 off 4  
Kael Gray 2/19 off 4

Karlgarin/Pingaring 7/155

Best Batsmen  
Damon Pelham, 31  
Bailey McGlinn, 13  
Garry Leo, 13

Lake Grace 9/111

## **Saturday 2nd November Lake Grace v Newdegate**

Lake Grace won the toss and elected to bat first

Best Batsmen:  
Kane Pinney, 28  
Damon Pelham, 14

Lake Grace bowled out for 98

Best Bowlers  
Rob Enright 3/17 off 4  
Mark Livall 2/27 off 10

Newdegate 8/101

# Lake Grace Bowling Club Notes

*George Chircop*

## Round 2 - Karlgarin V Lake Grace

This week's teams were:

Team 1 - Alan George, Dean Sounness, Reece Seaman and Steve Hunt (Skipper)

Team 2 - Kingsley Strevett, Peter Lay, Murray Stanton and Geoff Sabourne (Skipper)

Team 3 - Morrie Smith, Kevin Eggers, Des Pelham and Michael O'Neill (Skipper)

Team 4 - George Chircop, Adam Hunt, John Seaman and Kelvin O'Neill (Skipper).

The second round of bowls saw us travel to Karlgarin, with the ladies having a bye it was up to the men to bring home the win. With some unavailable there were a few changes. The men were feeling very positive when arriving at Karlgarin and it showed as all 4 teams started well.

As the afternoon went by the games started to get tight. Lake Grace would win a few ends then Karlgarin would come back; no team had any hold on the game, it was going to be a fight to the end.

With Karlgarin having a new bowling green that we hadn't played on, you would have thought that the home team would have a greater advantage but the Lake Grace men play with HARD TO BEAT grit and determination.

With only a few ends to go it was very tight and the games could have gone either way. Geoff's team finished first and lost it at the last end, 19 to 18, what a great effort. Next team was Kelvin and being down by 2 at the last end we needed a score of 3 or better to win, with no one giving away anything it was up to the two skippers but we couldn't get that bowl in the right area and lost 24 to 20. Steve's team was next to finish but they too couldn't get their bowls in the right area but did a great job going down 26 to 19. Last team to finish was a nail biter, Mouse's team down by 1 and with all the bowlers having their bowls around the kitty it came down to the last bowler which happened to be Lake Grace. With Karlgarin having shot in comes Mouse and with all the pressure riding on his shoulders he stood up like a true champion does and showed some ruthless aggression and knocked out Karlgarin's bowls to win the game for his team 25 to 23. What a finish from the guy who was reluctant to be the fill in skipper today.

At the end of the day we only came away with one win but the men showed some real heart and with that kind of never give up attitude we are heading in the right direction. For me playing my first game in 2 years I had to come up against Kim Baker, father of Liam Baker. We had a great tussle all day but I think it was too close to call.

## Round 3 - Newdegate v Lake Grace

Bowling for the Men were: Malcolm Harwood, Michael O'Neill, Morrie Smith, Kevin Eggers, Des Pelham, Steve Hunt, John Seaman, Kingsley Strevett, Reece Seaman, Geoff Sabourne, Dean Sounness, Peter Lay, Murray Stanton, Adam Hunt, George Chircop, Wayne Trawinski and Kelvin O'Neill.

Bowling for the Ladies were: Helen Hunt, Jackie McGlinn, Lynda Trawinski, Michelle Lay, Rosey Chircop, Denise Gobbart and Sonya McSwain.

This week's game was a trip to Newdegate for our local derby and our first bus trip as a team for the season. There was great camaraderie as everyone readied for the battle against old rivals.

The afternoon was a bit windy so we all had to adjust our bowling to allow for the wind. This week it took a few ends to settle in, looking hesitant as the green wasn't playing true. As the matches went on I could see that we were starting to hit our straps as we all kept chipping away and never dropped our heads. As the game progressed forward there wasn't any indication that either team was getting on top as the score was tight.

Newdegate knew that this wasn't the same Lake Grace of old as with a few new players and our spirits high they needed to bring their A game because we are like a pack of wolves, any weakness and we were ready to attack. It was one of those games that you either win an end by 1 or get a lucky shot and get 3 or 4.

The women really put in 100% and had Malcolm playing in their team. His presence wasn't enough to help Helen's team over the line, losing 22-11. Sonya's team also worked hard all afternoon but also lost 23-16 another great effort for the Ladies.

It was getting close to the end and with two men's teams with a chance to win and the other two just falling short. Mouse's team went down 31 -15, then Huntys team also fell short losing 30-19. Kelvin's team had to fight hard being ten down with 4 ends left, came back full of run and almost stole a victory but fell short 29-28, so close but what a comeback. Geoff's team was last to finish and what a game with both teams bowling sensationally, especially the skippers. Geoff's team all bowled well, with nothing between them and the opposition. The game ended in a tie, 25 -25 great effort by our men.

It wasn't the way we wanted to end the day but it was another encouraging effort by all teams, men and women. It's just a matter of time when it's all going to click, watch out because that day is coming.

## PUBLIC NOTICES

### Sally Dickinson

Counsellor for Southern AgCare. A free and confidential service. Contact 0427 192 155

### Sudoku

- ☐ The Sudoku grid of rows and columns is divided into individual 3x3 boxes.
- ☐ The aim of the game is to fill each row, column and 3x3 box with the numbers 1 to 9.
- ☐ You can't repeat numbers in a row, column or 3x3 box and you can't change the numbers already in squares.
