Welcome to the Jam Patch

Suzanne Reeves

The NRM and Shire funded Jam Patch project is edging to a close with most of the signage installed and a brochure created and printed.

Boasting three walk trails, the Jam Patch is an ideal setting to relax and enjoy the Australian bush. Interpretive signage is yet to be installed in the old tennis pavilion but that should be happening prior to the end of the year.

Both the signage and brochure were designed locally by Michelle Slarke with the brochure giving a brief synopsis of what is available at the Jam Patch.

Copies of the brochure are available at the Visitor Centre and also the Community Resource Centre in Lake Grace.

Everyone should take the opportunity to enjoy the bushland setting but remember no fires at this time of the year and please take your rubbish with you. There are currently no toilet facilities.

Visitors to our area are already taking in the sights with campers and caravans regularly setting up in the Shire owned reserve.

Editorial

- ☺ It's a big welcome to our new **book-keeper Rosie Timperley**; if you're in the CRC on a Wednesday morning drop in and introduce yourself and if you already know Rosie then drop in just to say hello.
- ☺ We also welcome in our new committee following on from the **AGM** on Tuesday 18th October. Remaining in their positions are Paula Carruthers (Chairperson) and Danielle Robertson (Vice Chair). Kelly Hawtin has taken on the position of Treasurer; at this stage we are still looking for a Secretary. Filling the positions on our committee are Ollie Farrelly, Mary Naisbitt, Allan Marshall, David Fyfe and Joely Slinn. The CRC can't operate and receive funding without a committee and the Community Resource Network had urged us to get some 'fresh blood' within our ranks so thank you to those who have come on board. In line with CRC protocol we have a Treasurer (who must be unpaid) and a paid book-keeper who will work in alliance with each other. The book-keeper will do the ground work while the Treasurer will report to the committee.
- ☺ We have extended the closing date for our annual **photo competition** which is all about trains. It can be trains, tracks, carriages...anything train related. Photos can be from anywhere, don't have to be only from Lake Grace. The competition will now close on Friday 11th November. Entries will be limited to two per person, free entry and once again the prize will be an A2 canvas. If you would like more information then please contact the Lake Grace CRC. If anyone has some good local photos that they would like to include in our Lake Grace calendar we would love to

see them, we're especially interested in farming and local scenery/wildlife.

- ☺ **Christmas Festival** (aka Late Night Shopping) is a definite for Friday 16th December and the Shire is organising the closure of the main street. We are currently looking for stalls and caterers for the evening.
- ☺ Also coming up is an **Aromatherapy** workshop on Thursday 3rd November. There are two sessions, a morning and an evening one. It's a free workshop so come along.
- ☺ I seem to have a knack for picking foul weather when it comes to **litterpicks**. We had another one last weekend out Tarin Rock way amidst the 63km/h winds (the same wind speed as the last litterpick) and a temperature that was climbing into the 30's. There was blood, sweat but no tears as the five of us worked steadily away collecting 31 bags plus plenty of larger debris. We have now cleaned the roadside from town (on both sides) well past White Dam Road. Thumbs down to the individual who has already dumped empty beer stubbies at White Dam Road!

Suzanne Reeves

Photo Competition

The Lake Grace Community Resource Centre is hosting a photo competition.

'Trains' is the subject and photos must be brought into the CRC by 4pm Friday 11th November. Trains can include tracks, carriages...anything train related....

- Photos must be 6" x 8"
- To be mounted on black card with 1" surrounds around the photo.
- Judging to be done by peoples choice.
- Entrants to supply a digital copy of the photo at high resolution if requested.
- The Lake Grace Community Resource Centre reserves the right to use photos entered in future promotions.
- Limit of 2 entries per person.
- The winner will receive a voucher to print an A2 canvas of any photo of their choice.

For any more information please call the Lake Grace CRC on 9865 1470.

Thank You

The Lake Grace St John Ambulance would like to thank the 17 businesses of Lake Grace for displaying our donation tins for the new building. After 20 months and with the Lake Grace Road House filling four tins we banked a total of \$2,141.10.

There was an original St John Ambulance donation tin at the Post Office which included 1 and 2 cent coins banking a further \$184.15.

It doesn't matter how small or large the donation tin collected, the generosity of people is greatly appreciated. The money will be put to good use to help with the finishing touches of the new building.

Garage sale Trail

Jo Morgan

We all have *stuff* lying around the house, so what better way to sell and reuse those items than with a national Garage Sale Trail. The Shire of Lake Grace held it's 4th annual Garage Sale and the weather couldn't have been more perfect!

The Garage Sale is an award winning sustainability and community campaign that encourages us to take responsibility for our waste, as well as enjoy a fun day out.

We had 10 stalls altogether and items for sale included household bits and bobs, clothes, furniture, books, DVDs, toys... even fudge and coconut ice that went down a treat!

There was a great community feel to the day. It was lovely to see so many familiar faces including visitors from as far as Lake King, Newdegate and Dumbleyung. If you missed out on the event there are a few items still popping up for sale on the Lake Grace & Districts Buy Swap and Sell Facebook page. Thank you to all our wonderful sellers on the day. Keep the event in mind for a similar time next year, it's the perfect excuse to

declutter and make a little cash on the side. What's not to love?

Dryandra Woodland Becomes First Wheatbelt National Park

Media Release

Dryandra Woodland, located between Narrogin and Williams, is set to become the Wheatbelt's first ever national park.

Dryandra Woodland is recognised as one of WA's most important wildlife conservation areas.

Member for Wagin Terry Waldron MLA has welcomed today's announcement.

"This is exciting news. I'm thrilled that Dryandra will become a national park, as its new status will help ensure it remains a safe haven for important wildlife conservation and builds on its reputation as an important tourist destination," Mr Waldron said.

"Dryandra is an important nature-based tourism destination and recognising Dryandra as a national park will go a long way towards conserving this natural asset and the native flora and fauna that call Dryandra home."

The woodland is the largest remaining remnant of Wheatbelt woodland that provides a sanctuary for 10 threatened species, including one of the few remaining wild populations of woylies, numbats and tammar wallabies.

Mr Waldron said work was already underway to protect the woodland's natural values, with a 1000-hectare feral predator-proof enclosure due to be completed by the end of the year.

This will safeguard threatened species, alongside cat and fox baiting under the Department of Parks and Wildlife's flagship Western Shield wildlife recovery program.

Nationals WA candidate for Roe Peter Rundle said the Gnaala Mia campground also opened at Dryandra mid-year as part of the four-year, Royalties for Regions-funded \$21.05 million investment in the Parks for People initiative.

"The local woodland is also home to the Barna Mia sanctuary where visitors are able to interact with wildlife up-close, at night," Mr Rundle said.

"In 2015-16, there were 52,000 visitors to Dryandra, although I'd expect this announcement will encourage even more people to visit this already popular local spot."

The State Government is committed to protecting and conserving our natural assets, including through the recent introduction of the Biodiversity Conservation Act 2016.

Dryandra Woodland is home to about 100 bird species, 50 reptile species and 24 mammal species.

Postcard from the Principal

Ian Bailey

The school is at the start of planning for 2017-2020. This strategic plan will set out our priority areas for that time, and will be supported by more detailed "Operational" or annual plans. As a starting point for that, we have spent some time working out our school "vision" which I'd like to share with you.

Our school vision is inspirational and aspirational. It is our goal for the future, and informs everything we do at Lake Grace District High School. It's a few simple words that encompass what we are striving to achieve.

Our school exists to help create **successful students**; this is achieved with **great teaching**, and a **caring community**.

Successful Students

Lake Grace DHS contributes to successful outcomes for all students. Our holistic view of 'success' for children includes the academic as well as the non-academic. This is represented in our vision by the colour purple being a mix of the logical and academic (blue) with creative and positive emotional outcomes (red). Well rounded, successful students will have both.

We see two crucial elements needed to support our vision of Successful Students; Great Teaching and Caring Community.

Great Teaching

Quality teaching is the major school based factor in student success. We will create and nurture caring and committed educators with high expectations, who use a range of teaching methods, who encourage their students to take responsibility for their learning, who know the curriculum well, who provide a safe and encouraging environment, who monitor progress and provide feedback, and who build positive relationships within our school and our community.

We recognise that the first, and most important, teachers of children are their families, and we are committed to supporting and strengthening that vital structure. Children also learn effectively from other students and this can be leveraged to create success.

In our vision, Great Teaching is green because it is about growth; growth of children, but also educators and parents. Teaching and learning is most powerful when these three groups work together to create a strong school community.

Caring Community

Our community isn't just school staff, students and families, but also the wider community of Lake Grace and the surrounding areas.

Our view of a caring community involves:

- The school and wider community working together to support the education of our children.
- Educators working together and supporting one another
- Families of students working with the school and becoming involved
- Mutual support between the school and community
- Students caring for their families, other students, and their school

The orange colour of Caring Community expresses the warm and inclusive environment people feel in our school. Education at Lake Grace DHS will be fulfilling and joyful for all involved.

Lake Grace DHS Assembly

Tuesday 1st November
Time: 2:30pm

Featuring: Emergency
Services Cadets (Yrs 7-9)
In the Undercover area.

Everyone welcome!

Where the Wildflowers Are

By Jo Morgan

Have you noticed we've finally come into full bloom with our beautiful wildflowers? Our usual hot spots—the Jam Patch, Rifle Range Hill and White Dam have been popular favourites so far. We'd love to know of any great spots you've encountered, our visitors can't get enough of them!

We've had some wonderful feedback of late, what a clean and friendly region we have here in the wheatbelt. To all those involved in the volunteer clean ups we've had recently, you're a credit to our community. Thank you so much for taking the time to keeping our part of the world beautiful.

If you have any wildflower spots you'd like to report, please pop by the Lake Grace Visitor Centre or call Jo on 9865 2140. We shall be opening on Saturdays for the month ahead to welcome all visitors during our peak season from 10—2pm.

or with Suzanne at the CRC.

LAKE GRACE COMMUNITY MENS SHED INC.

AGM - 18 OCTOBER 2016

PRESIDENTS REPORT

The 2015/2016 year has been another good year for the Lake Grace Community Men's Shed. The last 12 months have seen our new Shed in Bennett Street progress to completion. We had our first meeting in the new Shed on the 16th February 2016 with 19 members in attendance. There was still work to be done inside the shed; with the lining of the metal work section, setting up of work benches and storage cupboards, – all of which has now been done. The metal work section has yet to be finished, pending grant approval of machine purchases; a new mig welder and plasma cutter.

We had our final meeting in our old premises at Lake Grace District High School in the Design and Tech Room on February, 9th this year. We very much enjoyed our time at the school and it was great to work with the staff and students on a number of different projects during the three years we were based there. We would like to extend our thanks to all the staff and students of Lake Grace District High School for their support and assistance during this time, and for the opportunity to be based at the school while our new Shed was being built.

We will be running workshops at our new Shed once we take ownership of the old Ambulance building around November later this year. This existing building will be our main social area away from the noise and workings of the Shed. The handover of this building will also signify the completion of the Lake Grace Community Men's Shed relocation project and our new home will be complete.

There have been quite a few projects done in the Shed this year, both for the community and also for our members themselves. Wally Perry has done a good job as Shed Coordinator; keeping things going, creating new projects, and not forgetting the three plates of food he brings each week! Thanks Wally, for your efforts this year. Thank you also to all our members who bring a plate of morning tea each week – there is always plenty to eat and it is greatly enjoyed by all.

This year we made a small change to our membership subscription date, moving it to fall in line with our financial year. This change has made the book keeping side of membership easier. We currently have 110 financial members, with about 21 active members who attend the Shed regularly. Sadly this year, we lost two of our long time members, Henk Doelman and Len Elliott, who were regular attendees of the Shed since its initial beginnings. Our condolences to their families, they will be greatly missed. Our condolences also to the family of Terry Gladish. Terry did a great deal to help the Men's Shed, and offered his invaluable support to the Shed wherever he could.

Once again, our main source of income this year was from the sale of batteries, which were generously donated by the Community. The Committee is optimistic that we can continue to raise around \$5,000 annually, to meet our financial and ongoing

Phil Clarke, Robert Carruthers, Stephanie Clarke-Lloyd, Alan Duckworth and Wally Perry with a few of the creations from the Lake Grace Men's Shed. Photo Arthur Slarke.

commitments, and Shed costs. Thank you to everyone who has donated batteries to our Shed, it is greatly appreciated.

This year, we had a number of grants "applied for" and acquitted. Most excitingly, we successfully acquitted our Lotterywest Grant for building of our Shed. We were successful in acquiring and acquitting funds in the AMSA Round 10 Tools and Equipment Grant which allowed us to purchase the metal band saw and compound saw. We participated in two Cabot's Give-Aways through AMSA, resulting in the allocation of many useful Cabot's products to our Shed. We also received funding from the CBH Group Grants Programme (through AMSA) for our wall mounted cabinet and AFA HeartOn A10 AED Defibrillator. We are currently waiting to hear on AMSA Round 13 Tools and Equipment grant results due November, in which we applied for a Mig Welder and a Plasma Cutter, and also on the Shire of Lake Grace Community Grants also due November, in which we applied for funding to have solar panels installed on the Shed roof. Many thanks to Stephanie Clarke-Lloyd, for her assistance in grant writing for the Shed, we look forward to another year of successful grant applications.

We now officially have our own Lake Grace Community Men's Shed logo and it can be seen on the flag flying at the front of the Men's Shed. Thank you to Melissa Cugley for the great designs, and for working with us to achieve the end result.

The Lake Grace Community Men's Shed had their first

LAKE GRACE COMMUNITY MENS SHED INC.

AGM - 18 OCTOBER 2016

PRESIDENTS REPORT

exhibition in the window of the Lake Grace Community Arts Space earlier this year, which was well received by members and the wider community. There was a display and examples of some of our projects that we had been working on, along with photographs, and items for sale. Many thanks to Alan Zweck for putting the exhibition together.

Our members had a successful trip to Hopetoun Men's Shed earlier this year, to see how they operate and the type of projects they are working on. We finished the day at Bill Pikes' shed, to see his collection of many old tractors - all restored. Special thanks to Ross Murray for organising the day, and giving us a tour of Hopetoun. It was a good day out.

We also had a day trip to Bevan and Vynka Lay's farm and museum, which was thoroughly enjoyed by all - a real hidden treasure. Thank you to Bevan and Vynka for your hospitality. Thank you also to Joe Trevenen for giving us two hours of Country Music at our Shed, which was followed by a sausage sizzle. It was a good morning and went down well with all who attended.

Our members have been out and about representing our Shed again this year, with Alan Zweck and John de Vree attending the last zone meeting, held in Narrogin. Zone meetings are a relatively new initiative of WAMSA, which allow Brett Pollock (Promotions and Development Officer of WAMSA) and a WAMSA Board Member to attend and converse at meetings with a larger number of Shed representatives, twice a year. The main function of these meetings is to facilitate networking and share information and handy hints on how to run our Sheds. Most importantly, this provides a forum for Sheds to be able to inform WAMSA on the issues that are important to them. Thanks to Alan and John for representing our Shed at the last meeting.

Alan Duckworth, Wally Perry, Pat O' Neill and I attended the 2015 Beyond Tools WA Men's Shed Conference

held at Cannington Exhibition Centre earlier this year. The conference was opened by Her Excellency, The honourable Kerry Sanderson AO, and Mr Michael Chaney AO was the keynote speaker. The program for the day covered many relevant topics for Men's Sheds from Men's Health through to funding and operational protocol. The Conference was again well attended by Sheddors and it was interesting to hear some of the issues and challenges facing our Men's Sheds. A good day was had by all.

Lastly, I would like to thank our office bearers and committee for their support and work over this last year – Alan Duckworth Vice President, Robert Carruthers Treasurer, Pat O' Neill Secretary, Wally Perry Shed Coordinator, Ross Murray, Lawrie Dickins, Chris Harvey, and John de Vree all of whom bring a different degree of experience to our Shed. I would like to say a special thank you to Robert, who has again done an excellent job as Treasurer, negotiating the GST and tax implications for our Shed, and for providing us with monthly printouts on our financial position. Thank you also to Anke Stoffberg for providing assistance and support to Robert in the areas of tax and accounting, and also for auditing our books. Your help is greatly appreciated. Special thanks also to Kevin Seaman who has done a good job as our Social Coordinator, organising our bus trips and social events.

Thank you to our members for coming along each week and assisting with community projects and for supporting our Shed. Thank you also to our Community for your ongoing support and encouragement. It has been a good year for the Lake Grace Community Men's Shed and we look forward to another good year at the Shed in 2016/2017.

Local Farmers Eligible for Locust Control Assistance

Media Release

Farmers in the shires of Jerramungup, Gnowangerup, Lake Grace and Kulin are now eligible to receive assistance for locust control.

Member for Wagin Terry Waldron MLA said the State Government had announced an assistance scheme to support farmers and rural shires to control Australian plague locusts in high-risk areas, this spring.

Mr Waldron said a high level of locust activity was expected this season, across parts of the eastern Wheatbelt and southern agricultural region of the State.

"The State Government will contribute \$5 per hectare to eligible landholders across the regions that are anticipated to have highly destructive locust plagues," he said.

"Landholders seeking to control locusts in pasture, crops or on public amenities, such as ovals, may apply."

Mr Waldron said it was important that pre-emptive action, such as spraying, was taken to ensure local grain growers were protected.

"I encourage landholders in the shires of Jerramungup, Gnowangerup, Lake Grace and Kulin in the Wagin electorate to consider applying.

As a grain grower in the Katanning region, Nationals WA candidate for Roe Peter Rundle said if landholders applied now before the hot weather hit they could prevent locust plagues from becoming too widespread.

"As a farmer myself, I am aware this is a busy time leading into harvest, although it is important that landholders continue to monitor their properties and protect their crops."

Other eligible shires include Ravensthorpe, Yilgarn, Westonia, Mukinbudin and Nungarin.

The scheme may be extended to additional shires if they start to experience a high level of locust activity.

Further information on locust activity is available from the Department of Agriculture and Food WA, at <http://www.agric.wa.gov.au/locusts> or by calling 1800 198 231 (freecall).

More details on locust identification, monitoring and control is available at <http://www.agric.wa.gov.au>, or by contacting 1800 084 881 (freecall).

Ambulance Building...Asphalt and Kerbing Completed

Amanda Milton

Day 178 of the construction of the new St John Ambulance - Lake Grace Sub Centre and practical completion of the building is still pending, with no change on the list of outstanding items from last fortnight.

Our contractor Greg Argent has finished the internal painting with the exception of the garage floor. The floor has to be made good by AK Homes prior to sealing and painting. Greg started painting the outside of the building this week and hopes to be finished by the end of the week. The main building will be painted shale grey (light grey) with white trim. And the highly recognisable red wall will get 2 more coats of paint before the watermark signage will be put into place.

Asphalt being laid in front of new ambulance building.

With Osborne Concrete and S & L Trevenen getting the crossovers in, and Nambec Nominees getting the paving finished, it was onto the asphalt. Simon Trevenen was back for final preparation on the gravel so that the asphalt to go down. The gravel was swept free of loose material by either machine or by hand. Then Ross Chappell and Amanda Milton marked up the surface ready for the asphalt.

In stepped Great Southern Paving a subsidiary company of Great Southern Fuel Supplies. With Company Owner (and Chairman of the Board) Allan McWhirter keeping a keen eye on proceedings, and Company Owner/Director Steve McWhirter donating his time on the loader/bobcat, Peter and his 4 member team were keen to impress. Especially as their new "purpose outfitted" truck was on its maiden voyage.

In all 98 tonne of asphalt was laid over two days, and marrying up (where the two types of surface meet) the asphalt to the paving and the crossovers all worked well (much to Allan's pleasure). We ended up using 8 tonne more asphalt than predicted due to the finishing height of the paving and the earthworks, and the finishing height of the garage doors and the earthworks. Using more product was a better solution than using either more gravel or roadbase, as both options had the potential to laminate off (one surface sliding off the other). Our thanks to Allan for working with us to resolve the need for extra product. As we had deliveries over 2 days we were able to top-up the order, which was great.

It was good to see SteveMac locals involved in the project i.e. Jared Bray who jumped on the loader/bobcat in the beginning and even Brenden Callope made a couple of guest appearances. I believe that the Great Southern Fuels, Great Southern Paving and Stevemac's crews did a bit of "team bonding" after the

Kerbing being laid around carpark.

Get Started on That Nomination

Suzanne Reeves

There were grand plans back in February, but as we all know 'the best-laid plans of mice and men often go awry'.

Following on from the Australia Day Awards presentations in January I thought it would be a good idea to contact clubs mid year by email and pop an article in the Links to get local clubs and organisations thinking about those hardworking volunteers in their midst.

Mid year seems like yesterday and that reminder that popped up in July continued to be pushed to the back burner. Sorry the deadline is the end of this month so get your thinking caps on!!

Over the years we have celebrated with our nominees and winners of Australia Day awards.

Winners for the last 10 years have been:

Ross Bowron, Steve McWhirter, Elsie Bishop, Jill Duckworth, Amanda Trevenen, Terry Gladish, Moira Wilson, Debby Clarke, Royce Taylor, Vynka Lay and Gayan Thamel.

Other nominated are Kerrie Argent, Lynne Stewart, Allan Zweck, Pauline Taylor, Tania Spencer, Helen Bennett, Narelle Duckworth, Amanda Milton, Kevin Seaman, Wally Perry, Luke Bairstow and Paula Carruthers.

With the awards closing a month earlier than previous years there is no time to lose. So if you can think of an individual or event that would fit the following awards you have until Monday 31st October to get your nomination in,

- *Citizen of the Year*
- *Citizen of the Year - Youth under 25 years*
- *Citizen of the Year - Senior*
- *Award for Active Citizenship - A group work or event*

You can submit your nominations directly to the Australia Day website at <http://www.citizenshipawards.com.au/nominate/> the Shire will then receive an email from the Australian Day Council or you can send them to shire@lakegrace.wa.gov.au.

For all your domestic, rural and industrial electrical installations and repairs.

Split system air conditioning installation and decommissioning.

Large range of Australian brand LED floodlights, downlights, hibays and fluorescent replacements.

Ditchwitch hire and cable location.

With over thirty years experience in Lake Grace and surrounding areas contact Stubby or Reid anytime.

Road Ribbon for Road Safety® Campaign

Media Release

Traditionally, there is an increase in traffic volumes during holiday periods due to the increased number of people travelling to holiday destinations and to visit family and friends. With this increase, and the approaching Christmas and New Year festive season, encouraging road users to take care can assist in reducing the risk of road trauma.

Between 1 December 2015 and 31 January 2016, there were 36 police reported fatalities in Western Australia. This is equivalent to 21 percent of the total reported fatalities between 1 July 2015 and 30 June 2016¹.

Decreasing the number of fatalities requires a shared responsibility between all road users, designers, engineers and authorities. WALGA's RoadWise *Road Ribbon for Road Safety®* campaign provides an opportunity for everyone to get involved and play their part in decreasing road trauma during the Christmas and New Year festive season.

The campaign messages are aligned to *Towards Zero*, WA's road safety strategy 2008-2020 and urge people to take care on the roads and promote the *Road Ribbon for Road Safety®* messages to friends, families and colleagues to help reduce road trauma. Organisations and individuals are encouraged to help raise awareness

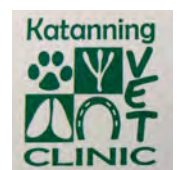

of road safety in Western Australia by wearing a road ribbon, hosting an event and/or erecting a display.

The *Road Ribbon for Road Safety®* campaign commences on Sunday, 20 November 2016, coinciding with the World Health Organisation's World Day of Remembrance for Road Traffic Victims, and will run through until Friday, 6 January 2017.

WA Country Health Service

Lake Grace Health Service

The community is invited to visit the newly refurbished Lake Grace Health Service on Wednesday, November 9 between 12pm and 2.30pm.

Activities on the day include:

- Tours of the facilities
- Information on Health Navigator and allied health services
- Emergency Telehealth Service demonstrations

Refurbishments at Lake Grace Health Service have included a new waiting area, new office, storage areas for medical records and pharmacy, a kitchen upgrade, a refurbished emergency department, new reception, a new short-term body holding facility, new toilets near reception and an ensuite in one of the wards.

The health service refurbishment was funded by the State Government's Royalties for Regions as part of the half a billion dollar Southern Inland Health Initiative.

In the Wheatbelt, Merredin, Northam and Narrogin hospitals are being redeveloped as well as upgrades to 23 small hospitals and health centres across the region, including the Lake Grace Health Service.

Associations Information Statement

<http://www.commerce.wa.gov.au/consumer-protection/associations-information-statement>

Associations and clubs are required to submit an information statement to Consumer Protection every year. This statement confirms the association is still active, eligible to be incorporated and has held its Annual General Meeting.

Statement due dates

Information statements must be lodged within six (6) months after the end of an association's financial year. Associations and clubs can choose their own financial year so the due date for submitting the statement may differ between groups.

Information you will need

Make sure you have the following information ready when you complete your association's statement:

- The association's current address for service (this can be a street address or a PO Box);
- The date of the most recent annual general meeting; and
- The total revenue for the last financial year.

You will also be asked to confirm:

- whether the association has at least 6 voting members;
- the association's main purpose (ie educational, sporting, recreation, religious); and
- whether the association is registered with the Australian Charities and Not-for-profit Commission.

Note: It is not necessary for an association to submit copies of meeting minutes, financial reports or registers of members or committees with the information statement.

Lodging the statement

The statement can be lodged using Associations Online

by either the primary or authorised user linked to the association's account.

- Step 1: Log in with your user name and password. See the enrolment help guide for assistance.
- Step 2: You must be linked to your association to submit an application. (See the managing my association's details for assistance).
- Step 3: Complete and submit the annual information statement: Click Lodge application and scroll down to your linked association:
 - Click "Lodge application".
 - Scroll down to your linked association.
 - Select Information Statement from the application type drop down list and click "Go".
 - Fill in the form and click next to move through the screens.
 - When you finish click "Submit".

When the Ball Bounces the Wrong Way

Warrior Wellbeing Article. Owen and the Team. Phone: 08 9690 2277. Email: menshealth@4blokes.com.au

Sometimes even when we do everything possible to get it right the ball still bounces the wrong way. When this happens it is a natural reaction to ask ourselves "what did I miss" which often leads us to blame ourselves for something that was beyond our control. These challenges can include any form of personal crisis such as relationship, financial, family, neighbour and weather issues. They can affect any of us any time, the ball can bounce the wrong way!

With the latest challenges of frost facing farmers, it is easy to start blaming ourselves for the increasing number of challenges needing to be dealt with, when the reality is most people made good choices based on the knowledge had at the time.

As human beings when we become aware that we are facing new, serious and unexpected challenges our response is to either ignore them, hoping they are an apparition, or we go to the other extreme and visualize the worst possible outcomes.

While both these positions are legitimate, depending on your personality type, the reality of the situation and the solution to the challenge is somewhere in between.

I believe there are several things that can be done to help us deal with the difficulties we are facing right now (in particular frosts for the farmers) in a positive way to protect our wellbeing. However these points can be used for any contextual issue we may be facing in our lives.

- **Keep a positive personal attitude.** Recognize your ability as a good farmer (or in another context a good bloke) who made the right decisions but the ball has bounced the wrong way.
- **Talk to whoever needs to be informed about your situation.** This includes family, financiers, advisors and legal positions (especially in relationships and child custody).
- **Look for realistic solutions not someone to blame.** These problems have caught most

people off guard and unprepared.

- **Don't panic or over-react.** Most challenges take a little time to unfold and hasty decisions can create additional problems.
- **Start to consider your options.** As you consider your alternatives keep those affected in the loop.
- **Consider this as a challenge more than a problem.** When things are problems we usually think negatively, when they are challenges we think positively.

In life we have many experiences that require us to use our best judgment, based on the knowledge we have, to ascertain the best way forward. If we are well informed it is easier to respond when the ball bounces the wrong way. This is always helped by increasing communication by both talking and listening with all concerned in the challenges facing us. Down the track with the benefit of hindsight we are able to test the wisdom or our responses.

It has been said before but it is worth repeating "success has its greatest impact on our ego, **challenges are the things that strengthen our characters**".

CEO's Corner

Progress on Lake Grace Units

The building team have completed the roof on Unit One. They have also completed the wall framing on Unit 3. The building team are currently ordering supplies and finishing off the gables on Unit 1. Once this is completed they will then be carrying out the lining of roofs for unit 2 & 3. Due to the weather there have been delays for the team in carrying out some of the tasks.

Road Works

Our road construction team is currently working on Holt Rock South Road reconstructing 3.6km to a 10m width. They are currently carting gravel and water binding the works. When complete these works will be finished with a 2 coat 7m wide bitumen surface.

The Lake Grace road maintenance grader is currently working in the northern area on North Burngup Road, Kent Road, Crooks Holmes Road and Mordetta Road.

The Lake King grading contractor is currently on leave this week. They have recently finished maintenance works on Milarup Road, Days Road and Paulson Road.

The Newdegate grading contractor is currently carrying out maintenance grading on Magenta Road and gravel patching on Brooker Road.

Road Maintenance

The maintenance crew have been out placing guideposts on Fourteen Mile Road and removing tyres from the Lake Grace Landfill Site. Any tyres in our landfills need to be handled in accordance with our licence conditions.

Gardeners

The gardeners have been assisting with the clean-up in Varley for the recent CWA celebrations. They have also carried out some works at the Varley Cemetery. The team are also carrying out the footpath and street tree maintenance in Lake Grace.

Manager for Infrastructure Services

On Friday 14 October, the Shire President Jeanette De Landgraft, Deputy Shire President Steve Hunt, LOGO Appointments and I carried out interviews for the position of Manager Infrastructure Services. We are currently awaiting the finalisation of referee checks before a recommendation can be made to Council. Further information on the new appointment will be provided in the coming weeks.

Lake King Progress Association Meeting

On Wednesday 12 October Shire President Jeanette De Landgraft, Deputy Chief Executive Officer Linda Gray and I attended the Lake King Progress Association Meeting. Linda was introduced to the members at the meeting. A few of the many topics that were discussed were as follows:

- The Lake King Pavilion project - \$10,000 budgeted to fund the electrical works for the new covered area.
- Lake King Hall – funds budgeted to repair the sub floor to resolve the door issues, rodent bait stations to be funded through the Shire.
- Multi-Purpose Court Resurfacing project - Funding application submitted and are awaiting outcome of the application, before other financing options are to be considered. The works are currently scheduled for early in the New Year, in readiness for the coming season.

Mosquito Fogging

The order has been placed for the purchase of a new fogging machine. It should be delivered in the next fortnight. In the meantime, staff have been encouraged to commence the larviciding program of wet areas around our townsites.

Denise Gobbart

Chief Executive Officer

Shire of Lake Grace Community News

Fees and Charges

At the budget meeting held on 21 September 2016 Council approved the Fees and Charges for the 2016/17 Financial Year.

A bond for hall and pavilion keys is now in place due to the increase of keys that are out in the community.

A small charge for all uses of all the Shire's halls and pavilions is now in place; please see below for costs.

These charges were deemed necessary in order to cover the increasing cost of utilities such as power and water.

The original system has resulted in only the rate payers having to continuously pick up the cost for all the utilities and cleaning services after an event is held at all seven Shire facilities, the new system will now help the rate payers as the people who use the facility will now contribute.

Hall Hire Fees (for all halls within the Shire)

Community Hall Hire

Key Bond	\$
All Facilities have a key bond	25.00

Short Term Hire (including supper room and kitchen)	
Prior to 6.00pm (per hour)	\$8.00
Prior to 6.00pm (day)	\$43.00
After 6.00pm (per hour)	\$16.00
After 6.00pm (night)	\$108.00

Single Hirer - Multiple bookings each week (including supper room & kitchen)

Prior to 6.00pm (per hour)	\$6.00
Prior to 6.00pm (day)	\$35.00
After 6.00pm (per hour)	\$12.00
After 6.00pm (night)	\$100.00
Long Term Multiple Sessions Hire (Client to clean) per hour	\$6.00
Seniors Wellness 100% Concession	

Lakes Village Hall

Hour	\$16.00
Day	\$49.00

If you have any queries regarding the implementation of the fees please contact the Shire ☎ 9890 2500.

Council Meeting

The next Ordinary Council Meeting will be held:

3:00 pm Wednesday 23 November 2016

**Location: Newdegate Library Resource Centre
Collier St Newdegate**

Members of the public welcome.

A minimum of 15 minutes is set aside for public question time, giving members of the public an opportunity to ask questions relating to Shire activities.

Agendas and Minutes available on Shire website.

Citizen of the Year Awards

Previously known as the **Premier's Australia Day Active Citizenship Awards** these awards have been rebranded as the **Citizen of the Year Awards**.

The Awards reward and recognise individuals and organisations making a notable contribution during the current year, and/or to those who have given outstanding service over a number of years.

There are four categories:

- Citizen of the Year
- Citizen of the Year - Youth under 25 years
- Citizen of the Year - Senior
- Award for Active Citizenship - A group work or event

Nominations close Monday 31 October

Nominations can be submitted online at <http://www.citizenshipawards.com.au/nominate/> or nomination forms are available at the Shire of Lake Grace office 1 Bishop St Lake Grace.

Bushfire Bulletin

Ph: (08) 9890 2500 | Fax: (08) 9890 2599 | Email: shire@lakegrace.wa.gov.au

Reporting Fires

All fires that start mechanically (rock strike, hot bearing etc) or naturally (lightning strike) or any other fire, including suspicious fires, must be reported to the Chief Fire Control Officer or one of the Deputy Chief Fire Control Officers and the Shire immediately so that a Fire Report can be completed and lodged with the Department of Fire & Emergency Services.

These reports add to the combined statistics for the Shire so that when applications are made for more equipment e.g. a fire appliance for Dunn Rock, these statistics can be used as evidence to back up the application. No matter how small or easily the fire is extinguished, please report it.

Harvest and Vehicle Movement Bans

A harvest and vehicle movement ban is on the operation of all grain harvesting machines within the Shire or part of the Shire and during a time, as specified in a notice or broadcast (Reg 38A).

A Harvest and Vehicle Movement Ban may be imposed for any length of time but is generally imposed for the 'heat of the day' periods and may be extended or revoked by the local government should weather conditions change.

The ban imposed is for all movements of vehicles and machinery and the operation of internal combustion engines within the Shire or part of the Shire and during

Harvest and Vehicle Movement Ban SMS:

To register please contact the Shire of Lake Grace on (08) 9890 2500.

Please Note: Do not reply to the *Harvest and Vehicle Movement Ban* notification SMS message.

a time as specified in a notice or broadcast (Reg 38A & 38B) with the exception of the movement of vehicles and machinery on constructed and gazetted roads and laneways.

Total Fire Ban (TFB)

Total Fire Bans are imposed by DFES. Information line 1800 709 355 or www.dfes.wa.gov.au

This means:

- You must not light or use any fires in the open air
- All open fires for the purpose of cooking or camping are not allowed
- Hot work such as metal work, grinding, welding, soldering, gas cutting or similar is not allowed unless you have an exemption
- You must not undertake any other activities that may start a fire.

If a Harvest and Vehicle Movement Ban has not been implemented by your local government you are able to harvest or move vehicles across paddocks for agricultural purposes.

You could be fined up to \$25,000 or jailed for 12 months or both if you ignore the Total Fire Ban.

Restricted Burning Period

(Permits Required)

19 September - 31 October

Burning permits are now required across the Shire, this includes burning within townsites.

*Firebreaks must be in place from the
1 November to the 30 April.*

Changes to Harvest Bans

All fire zones within the Shire of Lake Grace will be on Channel 11 in an event of a fire.

- When a fire occurs on a property in a zone a *Harvest and Vehicle Movement Ban* will be imposed for the whole zone until the fire is deemed safe, and the *Harvest and Vehicle Movement Ban* is lifted.
- When a fire occurs on a property neighbouring a zone boundary both zones will have a *Harvest and Vehicle Movement Ban* imposed until the fire is deemed safe, and the *Harvest and Vehicle Movement Ban* is lifted.

Chief Executive Officer

Lake Grace Ambulance Officers Commended

St John Ambulance Lake Grace Sub Centre Officers recently received official commendations from St John Ambulance for*"dedication and commitment to the community and for upholding the values of St John Ambulance, Western Australia"*.

Commendation - Diedre Trevenen

Nominated by Colin Lockyer

My wife, Rosemarie, daughter Eliza and I were involved in a motor vehicle accident between Lake Grace and Corrigin on the 24/6/16. My car was written off, we were all taken to Lake Grace Hospital and my wife later transferred to Perth via RFDS. My daughter and I were transferred to Narrogin Hospital via Lake Grace volunteers. We were attended at the scene by ambulance officers from Kulin and Lake Grace who were all extremely professional and caring.

I would like to commend the exceptional care and empathy given to us on our journey from Lake Grace to Narrogin by Diedre Trevenen a volunteer from Lake Grace. Her professionalism was extraordinary, keeping my daughter occupied during a very stressful time when her parents were separated by their injuries.

A couple of weeks later Diedre arrived at my home in Albany with all my possessions from the accident. She did this of her own volition, would not accept money for fuel (said she was driving to Albany anyway), or even my offer of a meal.

She is truly and extraordinary woman and St John Ambulance is all the richer for her volunteering.

Colin Lockyer.

Commendation - Alysha Hardy, Christine Fyfe, Grant Medlen, Debrah Clarke, Graham Milton, Amanda Milton

Nominated by Markus Pitter (Clinical Support Paramedic CSP) and Donelle Carver (Community Paramedic CP). Citation written by Donelle Carver.

On Saturday 23rd July I was off shift and responded by telephone to the Communications centre with a priority 1 that came down to my work phone. I was concerned about the nature of the call which was dispatched as car versus tree with ? unconscious patient and eighteen month old in vehicle, multiple patients involved.

I spoke to Marcus in regards to dispatching the Helicopter, and asked which crews were responding along with the appropriate hospital destination if the Helicopter was to be stood down. Marcus called me back several minutes later to inform me the Helicopter had to abort the flight due to an oil gauge problem. I asked Marcus to inform the crew en-route about the helicopter and to inform them I was aware of the situation and was available by phone for any advice was the CSP.

Later that evening I received a call from Marcus in the Communications Centre who wanted to inform me that the crew did a fabulous job and needed to be informed that their safe and timely extrication was at the highest standard and that thanks needed to be relayed to the crews.

Most importantly Marcus wanted me to pass onto the crews who assessed the 18 month old baby with a queried "fractured femur", and who subsequently transported the baby under priority conditions, that their assessment was correct and their decisions were very important in the assessment of a baby.

Each officer played a part in the call they attended on this day, and for this I believe they all deserve to be recognised for their efforts in regards to receiving an individual commendation for the exemplary patient care provided and the safe transportation given to hospital on Saturday 23rd July 2016.

POLICE NEWS

LAKE GRACE POLICE STATION
56 STUBBS STREET, LAKE GRACE. 6353
Phone : 9890 2000 Fax : 9865 1429

Email: Lake.Grace.Police.Station@police.wa.gov.au

Personnel: Sgt Dave Ellis, SC Tara Spencer & 1/C PC Jacqui Gobby.

G'day all,

Party season is nearly upon us. I would ask that you all try do the right thing and let neighbours know (or even invite them!) if you are having a bit of a loud night, and perhaps endeavour to close things down at midnight. I appreciate that sometimes people have spontaneous celebrations and the like, but even so we still need to consider our old people, families with babies and shift workers heading out to the paddocks at 5 in the morning.

If I get called to a noisy party I'll be shutting it down. If someone has called it in it means it's too loud. There is extensive legislation and powers for us to seize equipment and enter houses to get it, so please don't try us out.

While on the subject of parties, it comes as a timely reminder for us to look out for each other (as I've mentioned in other newsletters) when we are drinking and celebrating. It's pretty much the same as stopping a mate from getting behind the wheel when they've been drinking. If you see a friend in a bad way we don't just leave them or let them carry on drinking till they've passed out do we? I'd hope that we are better people than that and it's only a matter of time before our hard working Ambo's are dealing with someone dying of alcohol poisoning if we carry on like this.

As summer approaches we are seeing an increase in the volume of traffic on the roads, and with that comes the inevitable accidents and near misses – especially at the Roadhouse crossroads. We have been proactive in targeting speed at the two ends of town (although no one was caught speeding – thanks!) and we are also patrolling down to Pingrup, Lake King and Kulin. Quite a few were over 120km/h indicating that the 'unofficial country speed limit' is alive and well. Just a reminder

though that speeding at that level will attract a \$300 fine and 3 points on your license. So you have been warned.

Anyone convicted of drink driving can now be required to have an alcohol interlock fitted to their vehicle to prevent them drink driving. I'll tell you more in the next newsletter about how it works and who is eligible as information comes to hand.

As always we can be visited at the station, contacted via Facebook Lake Grace Buy and Sell page or we can be called on 9890 2000.

Till next time ...

Sergeant David Ellis

Men's Shed Battery Drive

The Lake Grace Community Men's Shed is continuing with their battery drive. This is an ongoing revenue raising project which will contribute to the running of the Shed.

Batteries can be left at Phil Clarke's shed or you can contact Phil on 0427 651 155 or Allan Duckworth on 0427 651 567 if you require them to be picked up. Thank you for your ongoing support.

Ambulance Building...Asphalt and Kerbing (cont.)

end of day one. We trust you all had a good time, especially our visitors.

With Thursday a lay day for the asphalt to "go off", next in stepped Rylan Concrete and their principal Nevelle Bugg. Nevelle (kerb machine operator) and his team of Mike (trowel man) and Gary (machine operator assistant) arrived on the Friday 21st October to get stuck in to laying 271 metres of semi mountable and mountable kerbing. With approval from the Shire of Lake Grace, Acting Manager of Works Bob Edwards, we increased the amount of kerbing to be installed, by adding in the mountable kerb from the edge of the boundary to the road edge. Essentially this frames the new crossovers, and ensures surface water flow does not go down the footpath area. With Osborne Concrete supplying the concrete for the kerbing it was all systems go when the concrete arrived. It was interesting to see how the "marking out" occurs in order for the machine to run straight. The challenge of the curved rear driveway appeared to be mere child's play for this experienced crew.

With the kerbing in, the sub centre volunteers had to clean off the extra concrete from the kerbing job. So Saturday 22nd October saw Ross Chappell, Graham Milton and Amanda Milton spend 7 hours achieving this outcome. Thanks to the Shire of Lake Grace Works Crew for the loan of the little pressure washer.....we hope you enjoy your new hose (to replace the one that blew out).

With Sunday the 23rd October a stinking hot and incredibly windy day, the sub centre volunteers had to cancel their plans to put the second coat of paving sealer down. Instead the vollies opted to complete the job on Monday 24th October. Our thanks to Graham Milton, Ellie Trevenen, Diedre Trevenen and Keith Higgs for getting the second sealer coat down. Good job.

Also thanks to Graham Milton for showing Coralie Palmer and Trish Leo around the new building. The girls got the 2 minute tour (literally) and appreciated the opportunity to have a quick look round.

We aim to have Narrogin Carpet Court on site this week for floor covering pre-lay. Both the vinyl and the carpet are in Narrogin. Shane Thornton says he needs a few extra days in the week, but we hope to be laying floor coverings next week.

Brett Edwards the Electrical Inspector for Western Power has attended site, and has issued some orders that AK Homes and TigerSpark have to address before connection can be made. Alistair is back from leave and is getting these things rectified.

AK Homes have given assurances that by the end of next week they will have completed all their work. Once that is achieved, final payment can be made. St John Ambulance WA Ltd hold 5% of the value of the build in bank notes (AK Homes money held in trust).

It's a lofty position for Greg Argent as he continues painting the exterior of the new ambulance building.

Once practical completion is achieved to the satisfaction of both parties 2.5% will be released back to AK Homes. The final 2.5% is held until the one year inspection.

Once we achieve lockup we can get on with installing all of the "smart stuff" in the building. That will also be the time that assessments on budget position will allow the purchase of furniture, and for the landscaping to be completed.

DATE CLAIMER :- Put it in your diary. Saturday 18th February 2017 - **GRAND OPENING**...absolutely everyone welcome...no invitation required, you supported us, we would be honoured with your presence. More details to follow.

The project continues to encourage you, the community and corporate funders of this project, to come and have a look at what we are building. Unfortunately we are now at a point in the project that we need to restrict access. You are most welcome to call the Project Manager on 0429 654 011 to arrange a site visit.

Small Business Day

On Saturday 29 October, small businesses throughout Western Australia will receive the recognition they deserve and significant contribution to the economy.

WA Small Business Day celebrates the thousands of small business operators and entrepreneurs, who have the courage and dedication to supply diverse products, employ local staff and contribute greatly to the social fabric of our society.

It is an initiative of Small Business Matters; a movement that has been developed for the greater good of the small business sector and is not owned by anyone.

WA Small Business Day has been created to:

- **Increase the Profile and Awareness** of the small business sector in WA.
- **Celebrate and Recognise** the contribution that small business makes to WA.
- **Encourage Consumers** to make a conscious decision to *Think Small First* and support small business enterprise.

For more information about Small Business go to <http://smallbusinessmatters.net.au/>

The Aussie Method

WA ScamNet

WA investors have so far reported losses of more than \$240,000 after being scammed by bogus companies and websites offering investment opportunities in binary options trading.

Binary options trading is a legitimate financial product offered by licensed firms, however scammers are now successfully taking money from investors. The ACCC have reported Australians have lost a total of \$3 million in 2016.

Consumer Protection are warning traders about various websites operated by a bogus business The Aussie Method, after one investor recently lost \$10,500. A list of known associated websites is available on [WA ScamNet](#).

Unfortunately the realisation an investor has been scammed comes when they are unable to withdraw their funds and then the people they are dealing with become difficult to contact. The 'account' is then closed and their money is gone.

Only use operators with an [Australian Financial Services licence](#) or are authorised by an AFS licensee.

WA investors who have given money to Aussie Method should contact Consumer Protection by calling 1300 304 054

Letter to the Editor

On Tuesday, 11 October, thousands of people across the country generously threw their support behind the inaugural headspace day.

This national day is to ensure that every young person has access to youth friendly mental health services, no matter where they live.

headspace day celebrated 10 years of innovation in youth mental health and was also triggered by alarming new research from Orygen and headspace that revealed over 50 per cent of young people were waiting six or more months before seeking help for mental health issues.

This period of waiting and worrying can have detrimental effects. From social isolation to relationship breakdowns, drug and alcohol abuse and in severe cases, incidents of self-harm or suicide.

The research also uncovered that close to 50 per cent of young people said financial cost was a barrier in preventing them from getting treatment. Nearly half said they believed they could not be helped and more than 50 per cent said they were afraid of what others would think. We need to change these perceptions.

Every year, a quarter of all young people in this country will experience mental health issues and we want them all to know headspace is here to help.

With 95 centres across Australia, integrated with a

phone and online chat service eheadspace, over the past decade headspace has enabled over 270,000 young people to access mental health care. We will soon expand to 110 headspace centres thanks to the Government's election commitment and a ringing endorsement of headspace as its model for youth mental health care for the future.

headspace has made outstanding progress over the past ten years but we still have a way to go. Access is crucial and help seeking is the first step that every young person must make and we need to continue to provide effective and easy pathways to make sure this can happen for everyone. We want to see every Australian community with a headspace centre.

If you who would like to support headspace visit headspaceday.org.au to see how you and your local community can get involved or give a donation to support young people in need.

And finally thanks to everyone who took part in the first headspace day, we look forward to you all joining us again next year.

Sincerely,

Professor Patrick McGorry AO

Big Things are Happening in the Wheatbelt

Media Release

- **New online application mapping Royalties for Regions investment**
- **Wheatbelt residents can now view Royalties for Regions supported projects by location**
- **Includes all completed projects and those in progress**
- **Map displays investment of over \$6.9 billion across more than 4,700 locations in regional WA**

It is now possible to discover all projects being delivered through Royalties for Regions, thanks to the launch of an online mapping application using cutting-edge technology.

The interactive map, powered by Landgate, displays information about Royalties for Regions projects across more than 4,700 locations that are contributing to the transformation of regional communities across the State.

Wheatbelt Development Commission Chief Executive Officer Wendy Newman said the online map provides a unique opportunity for regional communities to see, in

context, the planned or completed projects in the Wheatbelt and beyond delivered as part of the Royalties for Regions program.

"Since 2008, more than \$6.9 billion has been invested through Royalties for Regions, and this is just the start," Ms Newman said.

"Big things are happening in our regions – and the RfR Investment Map provides Western Australians with the opportunity to see the difference Royalties for Regions is making to our state.

"Investment in projects such as infrastructure, tourism, agriculture, communications and health contributes to creating vibrant regions with strong economies where people want to live, work and raise their children."

The information is delivered through the State Government's unique Shared Location Information Platform (SLIP), which underpins the WA Whole-of-Government Open Data Policy.

The RfR Investment Map is accessible via smartphone, tablet or computer by visiting <http://rfrmap.drd.wa.gov.au>.

INVEST IN PLANT TESTING

Call Tony Carew- Reid

☎ 0427 766 517

Dumbleyung
Kent
Lake Grace

Plants can tell us what's happening with nutrient supply from the soil.

In some seasons it's difficult because of poor growth (waterlogging, drought, chemical damage)

In a good season like this, rapid growth places demand on nutrients such as copper, manganese and potash. So this year is a great year to plant test and get a true indication of your nutrient status and back up what we've learnt from soil tests.

Call me and we can work out a time.

Lake Grace Cricket Club INC

PO BOX 10

Lake Grace WA 6353

President	Reid Stubberfield	0429 651 069	Secretary	Rebecca Reynolds	0417 923 284
Vice President	Shaye Bowron	0428 652 556	Treasurer	Kael Gray	0429 019 833

Cricket for the 2016/17 season got under way in Newdegate on the 15th October on another wet, windy, cold, miserable day. Our first game was a T20 against Karlgarin-Pingaring. After losing the toss Captain Shaye Bowron was put in to bowl first, after an early wicket in the first over, KPCC steadied and put on 106 for the 2nd wicket. Dropped catches seem to be rather costly for the LG side as KP were able to amass a very good 4/160 from their 20 overs. Simon Shanks being the best bowler with 3/24 from 4 overs.

The LG innings didn't start too well, with Leo and Bowron departing in the first 2 overs for no score. Damon Pelham did his best to bring the boys back into the game with a fighting 51 but the total was far too much, being bowled out for 95 in the 17th over.

Moving ahead to round 2 on the 22nd October LG took on Newdegate in Lake Grace on a rather warm afternoon. After winning the toss we went in to bat first. After the early loss of J Eggers, B Reynolds and K Pinney went to work moving the score along to 183 in the 40th over. A new 2nd wicket partnership record against Newdegate was established in the process of 168. The old record was set in the 94/95 season. Lake Grace was trying to progress the score quickly when B Reynolds was out for a well made 104. After 44 overs LG had made a respectable 3/202.

Newdegate shot out of the blocks in reply racking up 90 before losing their first wicket. Quick wickets were needed to stem the flow of runs amounting. J Eggers was introduced in to the attack and started to make the ball sing. The wicket of Wollaston for 89 was massive, and the LG boys still held hope of pulling off a remarkable win. Captain Bowron decided to it was time to bring back Pinney and Reynolds into the attack. Three quick wickets to Reynolds and two to Pinney were not quite enough as Newdegate held on to win by 3 wickets, in what could be described as one of the better games of cricket played in our association over the last few years. So after 2 games Newdegate sit on top of the ladder whilst we are 4th, winless after the 2 games. There's a lot of cricket to be played over the coming season still, so the LGCC lads have faith in their ability, which holds us in good stead for many games to come. – Brayden Reynolds

Other News

The Mallee Root Cup Charity this year was MND (Motor Neurone Disease) and we have the final tally of \$960 raised towards this cause. Thank you to everyone who contributed. This figure was made up of steak tea sales (Thank you Lake Grace Sportsman's Club), a healthy donation from the band Salt Rock and raffles and competitions throughout the day and week after.

The Great Raffle tickets are now available! If you cannot find a player or committee member to purchase one please call any of the numbers at the top of this page. We will endeavour to get one or two to you. We also look forward to selling some at a stand in the Plaza soon. The cost is \$20 per ticket and there are limited numbers (250), the lucky tickets are drawn just before Christmas and the prizes are outstanding.

Wednesday the 26th October the boys will be collecting more sheep poo to re-stock CCL. If there are any pre-orders, we could arrange delivery for later this week if it suits you, rather than picking up from the shop. Please call me on the above number.

LGCC held their first session of In2 cricket for the little ones this last week. It was a huge success! If you have a child wanting to join (ages 4-10) please call Brayden Reynolds 0410 514 462 for details on how to register.

A quick thank you to the ladies, grand parents, players and partners of the cricket club for their outstanding contributions of afternoon tea and steak tea salads, the quality is excellent!

Fifteen Wheatbelt Shires to Benefit From Lotterywest Grant

Media Release

Twenty-four Wheatbelt communities across 15 shires will soon benefit from a Lotterywest grant of \$86,804 to encourage them to develop community enterprises.

Member for Wagin Terry Waldron MLA said the local shires of Cuballing, Lake Grace, Pingelly, Wagin, Wandering, West Arthur, Wickepin and Williams would benefit from the recent grant, which was allocated to the Regional Development Australia Wheatbelt's (RDAW) Enterprising Communities program.

"I met with RDA Wheatbelt Chair Graham Cooper this week in State Parliament and they are delighted with the funding," Mr Waldron said.

"Their innovative program is designed to encourage a culture of community enterprise development and aims to assist the regional communities involved to become more viable and sustainable.

"RDA Wheatbelt hopes to inspire other groups to initiate new enterprises by showcasing a range of successful community enterprises, in particular highlighting their community motivation, organisation, and management and how this translates into successful outcomes and economic gains."

Delivery of the program will involve the provision of films of two successful community enterprise examples in regional WA, along with four other examples drawn under licence from the ABC BackRoads and Landline programs to be used in promoting the concept in regional locations.

The program will be delivered via film events with follow up facilitated community meetings.

Mr Waldron said the program goal was to raise awareness of innovative local economic development opportunities independent of Government funding.

RDA Wheatbelt Chair Graham Cooper noted the collaborative effort involved in this project: "We are so pleased to be able to offer this program with the support of Lotterywest. In facilitating the program we have also raised funds from RDAs across three States which was used to complete one film on a Nyabing Community Enterprise, with a second film focused on Kulin underway.

"Though without the support of Lotterywest it would be difficult to engage communities in the information and inspiration available from telling these stories."

Mr Cooper said the second film on Kulin would focus on festivals, however the Kulin Bush Races, which continue to go from strength to strength and had contributed about \$1 million back into community projects since they began, was an excellent example of a community investing in itself. The Lotterywest grant will fund the community awareness film nights and meetings. The positive outcome ensures this valuable program can be delivered in 2017 to those communities that completed the EOI to support the application.

The shires of Brookton, Bruce Rock, Cunderdin, Dowerin, Goomalling, Tammin, and Wongan Hills will also benefit from the program.

Sudoku

- ☐ The Sudoku grid of rows and columns is divided into individual 3x3 boxes.
- ☐ The aim of the game is to fill each row, column and 3x3 box with the numbers 1 to 9.
- ☐ You can't repeat numbers in a row, column or 3x3 box and you can't change the numbers already in squares.
