Making a Splash With In Term Swimming Lessons

Nash Kirk

Jade Cameron, Michaela Hendry and Bianca Kennedy

Adam Hunt and Reece Lay

*Pool Manager
Kevin Seaman
doing some
housekeeping*

It's full steam ahead for in-term swimming lessons for the primary classes at Lake Grace DHS. Out of character for swimming lessons, the weather has been warm, making it much easier for the kids to muster some enthusiasm for getting in the water.

It's familiar faces taking the children for their lessons; Diedre Trevenen, Belinda Bowron, Fleur O'Neill and Addie Curtin being given the task of

putting the kids through their paces.

The Department of Education and Training meeting the cost of instruction for all government and country non-government schools.

Deadlines & Editions

All articles, news & advertisements should be submitted to the Telecentre by close of business on Monday of paper week.

Next Deadline: Monday 26th February
Next Edition: Thursday 1st March

A very BIG thank you

To the very dedicated team who have produced and compiled this edition of the Lakes Link News.

*Leanne Mahoney
Allan Zweck
Gwen Oliver*

Thank you also to our many contributors of articles.

DISCLAIMER

- 1) No liability shall be incurred by the Lakes Link News by reason of any amendments to, or error or inaccuracy in, or the partial or total omission of an advertisement or by reason of delay or default or from any other cause whatsoever. If in the opinion of Lakes Link News the error clearly reduces the value of the advertisement and the advertiser notifies it to Lakes Link News within seven days of the publication date, then one correct insertion will be made without charge.
- 2) While the Lakes Link News aims to publish all material submitted, Lakes Link News reserves the right to refuse to publish or re-publish any contribution or advertisement without giving any reason.
- 3) No articles, letters or advertisements will be accepted which may appear to be defamatory or accusatory, or to favour one side in a legal dispute.
- 4) Lakes Link News reserves the right to shorten or otherwise amend any contribution other than advertisements.

EDITORIAL

- Before I forget, AGAIN, the Toy Library dates for the next month are 21st February and March 7. Will remember to put them in the calendar next time.
- If you have something you wish to be submitted for the LLN, I ask that you email or fax your advert through. It is much easier than me writing it down at this end and getting something wrong.
- Thank you to everyone who has been submitting items, it helps make the paper a little more interesting.
- We will be running a chemcert course on Friday March 9. Please ring and put your name in ASAP. The last one we held we had to turn people away so it is best to get your name in quick.
- Our next Skippers Ticket course is being held on Monday 26th and Tuesday 27th February. Monday is fully booked but I do have some spaces available on the Tuesday. Please make sure you book in, no one can just turn up on the day as we won't have enough enrolment forms.
- Our First Click courses are underway, if you are interested in doing a 3 hour course on Publisher, Excel or Word, please let me know.
- Put Beenong/Burngup's Plaque Unveiling and reunion in your diaries. More information will be going in as time progresses.
- If your group is having a little shindig and you would like some photos taken or an article written for some publicity please contact the Telecentre. Need as much notice as possible though.

LETTERS TO THE EDITOR

Thank you to the Lakes Link and the many wonderful people in Lake Grace that have given a helping hand to Risa and myself over our two years seven months we have spent in Lake Grace, so many that it leaves our hearts heavy to leave.

The honesty and integrity here is far above average. The combined resilience, during the January (2006) floods when the main road was cut off for so long, it

was illustrated so well how the people pulled together when the chips were down.

We are leaving for a warmer climate to Carnarvon on the 9 March. I can only leave you with something I have taken from a text. And thank so many of you for so much.

From George and Risa Kerr

One More Step

One more step along the world I go
One more step along the world I go
From the old things to the new
Keep me travelling along with You
And it's from the old I travel to the new
Keep me travelling along with You
Round the corners of the world I turn
More and more about the world I learn
And the new things that I see
You'll be looking at along with me
And it's from the old I travel to the new
Keep me travelling along with You
As I travel through the bad and good
Keep me travelling the way I should

Where I see no way to go
You'll be telling me the way I know
And it's from the old I travel to the new
Keep me travelling along with You
Give me courage when the world is rough
Keep me loving though the world is tough
Leap and sing in all I do
Keep me travelling along with You
And it's from the old I travel to the new
Keep me travelling along with You
You are older than the world can be
You are younger than the life in me
Ever old and ever new
Keep me travelling along with You

WEDDING BELLES & BEAUS

While we in Lake Grace were all sweltering through the hottest day on record for February, family and friends were helping Renae McEncroe and Jaco de Klerk celebrate their wedding. The wedding went off beautifully - even though it was sooooo hot here it was the most balmy evening and night down in Margaret River. Renae's dress was made of ivory raw silk and her bouquet flowers were mak chinn pink and cream orchids with variegated cordeline leaves. Bridesmaids looked stunning in black and cream satin. The venue was Merribrook Retreat and the setting around the lake was just spectacular - just what Renae and Jaco had wished for.

The newlyweds, along with Joe and June, and Clem and Helen Bennett have travelled to celebrate a second wedding ceremony at a game lodge near Zastron. Zastron, which is the home town of Jaco, is almost on the south western border of Lesotho which is a small, landlocked country within South Africa.

Joe and June, and Clem and Helen, will continue tripping around before arriving back in Perth on 11th April.

Left: Jaco and Renae de Klerk

Right: Wedding party during the ceremony

ADMINISTRATION OFFICER

Great Southern Fuel Supplies has a position vacant for an Administration Officer in their Lake Grace office.

Computer skills necessary, a knowledge of fuels/lubes an advantage but not necessary.

On the job training will be provided.

The position involves invoicing, processing loading dockets, daily banking and post, customer relations and stock control.

This position has excellent potential for promotion within the company.

Remuneration negotiable.

Please forward applications to:

Helen McWhirter
Great Southern Fuel Supplies
P.O. Box 136,
Lake Grace WA 6353

Or phone Steve or Helen on 9865 1221 for further information.

Applications close 23rd February 2007

WORKSHOP ADMINISTRATOR

Great Southern Fuel Supplies has a position vacant for an Administration Officer in their workshop office, Absolon Street Lake Grace.

Hours and remuneration are negotiable, could possibly suit person interested in working school hours.

This position involves processing of job cards for invoicing i.e. costings, stock control, dangerous goods licencing, data entry etc.

On the job training provided.

Please forward applications to:

Helen McWhirter
Great Southern Fuel Supplies
P.O. Box 136,
Lake Grace WA 6353

Or phone Steve or Helen on 9865 1221 for further information.

Applications close 23rd February 2007

- Congratulations to Symone Reynolds and Jeff McKenzie on the arrival of Judd Mason on Thursday 1st February. Judd was born in Narrogin and weighed 7lb 6oz, a first grandchild for Shane and Vicki; which makes Milton Reynolds a very fit looking Great Grandad.
- Also entering the Great Grandparent stakes were Kevin and Jean Seaman, who welcomed the arrival of a great granddaughter last week.
- The stork has been busy. Well done to Mark and Lisa Pearce on the arrival of Amber Clair who arrived on Monday 29th January, weighing in at 8lb 3oz. A welcome little sister for Josh and Kira.
- Sincerest sympathy to the family and many friends of Mrs June Smith who passed away on February 14th. Our thoughts are with you during this difficult time.

Sweltering in Lake Grace

The weather bureau warned us all that Saturday was going to be a hot one but a pleasant start to the morning lulled us into thinking that those educated folk had got it wrong yet again. Pleasant soon turned to nasty as the mercury kept climbing, reaching a record of 46.1°C at approximately 3pm. Wind gusts of 80 km/h plus during the day added to Lake Grace's weather woes.

With the dog not interested in walkies, that extra hour of daylight was spent by most in front of the air-conditioning. However, Lake Grace Shire pool recorded 121 customers come through the gates, double a normal Saturday. Pool Manager Kevin Seaman said most just came for a quick dip and didn't hang around to 'enjoy the ambience'.

Local sportsmen showed more stamina than the dog and soldiered on to fulfil fixtured sporting events such as cricket and bowls. Temperatures dropped to a 'mild' 43.8°C at 6:45pm, with a minimum of 19.2°C recorded in the early hours of Sunday morning.

LIBRARY NEWS

This month we are celebrating
'Library Lovers' Month'

Many readers of all ages have written some wonderful book reviews on a favourite book.

These are really worth reading, so.....come into the library and choose a book to fall in love with.

Get Fit For Free

Some of the biggest health problems facing us are heart disease, obesity and diabetes. One solution is for people to take personal responsibility for their own health and exercise regularly. With this in mind, the Shire of Lake Grace is providing group and individual fitness sessions through its Aquatic and Recreation programme.

Activities are free, social and fun. This summer's weather, with swimming pool water temperatures averaging 26°C, has been ideal for Aquarobics with 250 people jumping in the water since December. Participants can take in three weekly classes that cater for different levels of fitness and mobility. Young swimmers can get a good start to a healthy life when Infant and Toddler Aquatics resumes next month in Lake Grace, and commences in Newdegate next summer. The Aquatics programme is open to community members of all abilities and will run until the swimming pools close at the end of summer.

For those who want additional fitness sessions or prefer to stay on land, the summer programme includes land-based activities such as boxing, weights and aerobics. More land-based classes including pre-season sports training will be introduced after summer. A winter programme trialled last year in Lake Grace and Newdegate will again run this year and extend to Lake King.

The Aquatic and Recreation programme, which is funded by the Shire of Lake Grace and the Department of Sport and Recreation, received the national Heart Foundation Kellogg Local Government Awards for Small Rural and Remote Community Projects in 2005.

Trained instructors Letisha Marshall, Anna Taylor and Rachael Stern also work with individuals to design personal activity or training programmes.

"Everyone needs some physical activity in their lives to prevent life-threatening diseases such as heart disease, obesity and diabetes," said Shire of Lake Grace Aquatic and Recreation Coordinator, Letisha Marshall. "Our highest priority is to assist community members in making a lifestyle change and for them to enjoy the process."

Kidneys and Livers

Two old men were arguing the merits of their doctors. The first one said, "I don't trust your fancy doctor. He treated old Jake Waxman for a kidney ailment for nearly a year, and then Jake died of a liver ailment."

"So what makes you think your doctor is any better?" asked his friend.

"Because when my doctor treats you for a kidney ailment, you can be sure you'll die of a kidney ailment."

Police News

15TH FEBRUARY 2007

Welcome back for 2007, I hope you all enjoyed the XMAS / New Year break.

As you are all aware the station has been down an officer since Dave left. Well finally we are getting a new officer in town.

Clive Watkins will be joining us next month, with his wife Sara and their two children. Please make them feel welcome upon their arrival.

Matt Power
Officer in Charge

Increased Penalties for Speeding

As at the 1st January 2007 the penalties for speeding have been increased. Please slow down and stick to the speed limit. I have included a table of the new penalties for your information.

Note the new \$1,000 fine (yes, I have issued a few of these)

Km/h over the speed limit	Fine	Points*
Not more than 9 km/h	\$75	0
More than 9 km/h but not more than 19 km/h	\$150	2
More than 19 km/h but not more than 29 km/h	\$250	3
More than 29 km/h but not more than 40 km/h	\$350	5
More than 40 km/h	\$1000	7

* Demerit points are doubled on long weekends and other prescribed holiday periods.

Burnout's around our town

Everyone has seen the increase of burnout's surrounding our town and I seek your assistance in stopping those responsible. If you see suspicious behaviour REPORT IT !.

To those person's responsible (you know who you are!) hopefully more people around town will be watching you and also bear in mind the following when you are caught:

First offence - Vehicle impounded for 48 hours.
Second Offence - Vehicle impounded 3 months.
Third Offence - Vehicle Confiscated by the court.

Save the burnout's for events like Kondinin Hoonavation! Not on our streets.

Blue Light News

There will a Disco in the coming months in Lake Grace, hopefully this year will see even better disco's.

Donations - Blue Light Disco's rely heavily on good will and donations from the community. If you would like to help the Lake Grace Blue Light purchase new equipment, please don't hesitate to contact me.

frontlineFIRST

NIGHT WATCH

Welcome to Night Watch for the fortnight, from midnight Friday 16th February to midnight Friday 2nd March. Astronomy is looking up. Never look at the Sun with the naked eye, with binoculars or without a recommended solar filter which covers the skyward end.

Viewing the Sun and the night sky is carried out at my place or your place if you are unable to come into town. This fortnight the Moon is in the night sky for viewing.

Our local star, The Sun, resides in the constellation of Aquarius (the water bearer), this fortnight and gives off light at magnitude -26.72 from around 149,700,000kms. As you view the sunrise and sunset, the Sun has already been up or down for eight and a half minutes, and it rises and sets 10 minutes before Perth.

MOON PHASES: New at 1:04am on Sunday 18th in Aquarius. The 1st quarter phase is at 4:46pm in Taurus on Saturday 24th, reflecting sunlight at magnitude -6.0.

On Monday 19th at 7pm in Aquarius, the Moon will be at Perigee (closest), to the Earth at 351,436kms. The Moon will be 2° North of Venus on the evening of Tuesday 20th in Pisces.

Moon in constellations of Capricornus on 17th at 1%, Aquarius on 18th at 0% and 19th at 1%, Pisces on 20th at 6 %, 21st at 12 % and 22nd at 21%, Aries on 23rd at 32%, Taurus on 24th at 43%, 25th at 54% and 26th at 65%, Auriga on 27 at 74%, Gemini on 28th at 83%, Cancer March 1st at 90% and 2nd at 95%.

PLANETS: Mercury in Aquarius sets on Saturday at 8:13pm in the evening twilight. On Friday 23rd Mercury will be in Inferior Conjunction (between Sun and Earth), on Friday 23rd. Mercury rises in the morning twilight at 5:58am in Capricornus at magnitude +2.4 on Friday 2nd March.

Venus, also in Aquarius, sets at 9:13pm on Saturday at a bright -4.0 magnitude, just before end of evening twilight and rises in Pisces on Sunday. On Tuesday 20th Venus is 2° south of the Moon. Venus sets at 9:03pm on Friday 2nd March. Venus shows as a 89% disc.

The red planet, Mars, rises on Saturday morning in

Sagittarius at 3:59am, shining at magnitude +1.3 with a 96% disc. On Monday 26th at 3:56am, Mars rises in Capricornus. Mars rise at 3:54am on Friday 2nd March.

Jupiter the giant gas planet in Ophiuchus rises at 1:21am on Saturday morning with a 99% disc and shines at magnitude -2.0. On Friday March 2nd, Jupiter rises at 12:33am

The ringed planet Saturn in Leo rises at 7:32pm on Saturday with a 100% disc and 5 moons in telescope sight, shining at magnitude +0.0. On Friday March 2nd Saturn rises at 6:38pm and will only be 1.1° south of the 95% Moon.

The two distant gas planets, Uranus and Neptune, are too close to the Sun to view.

Pluto, the minor planet, resides in Sagittarius and rises around 2am. A large telescope of 20 centimetres or more is needed.

Meteors and satellites may be viewed during the moonless nights and maybe the space station which will be very bright.

I hope everyone had a good view of Comet C/2006 P1 (McNaught), which shined at about magnitude +1.6 in the south west, but now a telescope will be needed as it moves away from the Sun and Earth.

Next fortnight the Moon will start to move out of the evening night sky.

Maurice Gilson.

Lake Grace Art Notes

Hi everyone! Welcome to another jam packed year of arts activities provided to the community of Lake Grace by the Lake Grace Artists' Group. We have lots of wonderful **Exhibitions and Workshops** this year to get your creative juices flowing.

CountryArts WA sponsors our Annual Workshop Program, enabling us to secure professionally experienced tutors. This funding also allows us to subsidise the fee structure to you, normally these classes would be in the vicinity of \$250-\$300 per person. Please take advantage of the quality instructors brought to your community. Any one can do these 2 day weekend workshops, with an artists' talk/slideshow on the Saturday evening, but **members** of the Lake Grace Artists' Group will be given first preference if places are limited, so join up now!

The workshops this year are **Observational Drawing and Painting as a Trigger, Silk Painting, Photography/Visual Literacy, Video/Filmmaking, and Working with Wood**. For more details contact Workshops Co-ordinator, Kerrie Argent or myself, Tania Spencer. **Bookings** for these workshops **must** be made with **Anna Strevett – 9865 4023** or kastrevett@esat.net.au

In addition to this, a number of our members have volunteered to donate their time to teach skills in mini workshops once a month. As a consequence of this, we will be having a regular activity day along with our meeting. There will be a small charge for this, mainly to cover some materials. A materials list will be available from tutors beforehand. **Activities** will start at **9.00am** and the **Meeting** starts at **1.00pm** (by then hopefully we should be over all the chitchat and be able to cut to the chase and get through it quickly!). The January activity was Journal Making as Kerrie reported last paper and the Feb activity is Sculpture with myself on February 20th. We will be using recycled cooldrink bottles to make flowers that look fantastic amongst your garden or can be displayed in a vase. Stick your head over my back fence if you want to have a look, it is a very simple but effective

technique that I have developed. See ad on page 24 of this issue for more details.

We have had our 2007 AGM in January and as a result of this, the new Office Bearers are:

Chair	Tania Spencer	9865 1339
Vice Chair	Sarah Allen	9864 9043
Sec/Treas	Anna Strevett	9865 4023
Workshops Co-ordinator		

Kerrie Argent 9865 4042

Exhibitions Co-ordination will be undertaken by different members for each exhibition.

This year as part of the continuing evolvement of our group we will be looking into the structure of the Art Group; and the Multi-Artspace, governance and management. We will be having a separate meeting for this so if any one wants input into this process please contact Tania Spencer. Non art group members with board experience or such are most welcome. Also we will formalize our memberships base, providing benefits to members joining the Lake Grace Artist's Group.

Our first Exhibition of the year will be an exhibition of work from Kerrie and myself of the artwork presented for final assessment as part of our Fine Arts Degree at Curtin, Margaret River. It is on the Friday 13th April, yes that's right, Black Friday, so come dressed in black!

If you are new to town and would like to get involved with our group, or attend activities you are most welcome. Just give one of us a ring or come along and join in. If you would like to join our email/fax list please contact Anna Strevett on 9865 4023, otherwise look in the Lakes Link and the Artspace windows for published information on our events.

Tania Spencer

Scanning

Have your family photographs scanned and saved to CD at the Telecentre.

We can also download from your digital camera.

LAKE GRACE WOMEN'S HEALTH DAY

To be held on: **Wednesday 14th March 2007,**
between 9:00am and 3:00pm

Attention all ladies from 18 years of age and over: You are invited to attend this comprehensive and informative health check. There will be six stations covering the following:

- Breast and skin checks by Dr. Kavita Kanodia.
- Mental health and stress issues by Margaret Cole.
- Pap smears and a cardiac assessment covering cholesterol levels, blood pressure, blood sugar levels and BMI with Anna Taylor and Jill Dykes.
- Continence with Belinda O'Neill.
- Smoking and alcohol with Jill Duckworth.
- Lung function/asthma management with Janice Parker.

You may choose to participate in some or all of the issues and it is suggested that you allow one hour for your appointment. Tea and coffee and light snacks will be provided.

FOR APPOINTMENTS PLEASE CALL LAKE GRACE HOSPITAL ON 9890 2222

BE AWARE AND INFORMED WITH YOUR HEALTH!

ph: 9890 2246.*

LAKE GRACE WOMEN'S HEALTH DAY

Attention all ladies 18 years and over:
Staff at Lake Grace Hospital will be
holding a wonderful health day covering
many subjects.

WHEN : 14TH OF MARCH 2007

TIME : 9am to 3pm.

**TAKE CONTROL OF YOUR HEALTH
AND BE INFORMED.....**

*For more information on what is available
this day, please see separate advert in this
publication.*

*For appointments, please phone:
Lake Grace Hospital on 9890 2222
Please allow 1 hour for your appointment.*

“FRESH START” QUIT SMOKING COURSE

Anyone out there wishing to quit
smoking—or even those who are
just thinking about it;
please call to express your interest to
Jill Duckworth at the hospital
on 9890 2222.
Dates are to be confirmed but
it will be soon!

HACC Services:

Foot Clinic—Tuesday 6th March at the Lakes
Village Hall, 9:00 am until 12 noon.

HACC Activity—Seniors Games practice will
be Friday 23rd February at 10:00 am.
Lunch will be provided at \$5.00. Please RSVP
to the hospital 9890 2222.

Visiting Allied Health Staff:

Physiotherapist : Wednesday 21st Feb and
Wednesday 28th February

Speech Therapist : Tuesday 20th Feb and
Tuesday 27th February 2007.

For appointments or information contact
Primary Health, Narrogin **ph: 9881 0385.**

WELL WOMEN'S CLINIC

TO BE HELD MONDAY 19TH FEBRUARY
FOR APPOINTMENTS PLEASE PHONE
JILL DYKES 9871 9024 OR
ANNA TAYLOR 9865 1507
NB: CLINIC WILL NOW BE HELD IN
PHYSIO ROOM AT THE MEDICAL CENTRE

FOR YOUR INFORMATION...

From March 2007, the hospital and grounds will be a No Smoking Zone as per Health
Department policy. A designated area will be provided for members of the public.

LINES FROM LIONS

Welcome to our first report for 2007.

Congratulations to all those who made the effort to participate in our Christmas Lights competition. The worthy winners were as follows.

Non residential - The Sportsman's Club.

The best **group of 5 or more houses** was won in Clarke Avenue.

First prize in the residential display went to:
Alan & Devon Stubberfield- 39 Bennett Street.

The judges then awarded eight runners' up prizes to the following.

Shirley Altham - 1 Waratah Avenue

Beggs Family - 66 Stubbs Street

Neil & Elsie Bishop - 7 Waratah Avenue

Murray & Julie Hardy - 54 Bennett Street

Eileen Mather - 3 Bennett Street

Magnus & Dorothy Reid - 69A Bennett Street

Gary & Lorraine Seward - 53 Bennett Street

Horace & Sheryl Smith - 88 Bennett Street

In conjunction with the Shire Council we again had a very successful Australia Day Breakfast with approximately 160 people in attendance. Our congratulations go to Steve McWhirter on receiving Citizen of the Year and the Hardy families for the Event of the Year. All worthy winners. Thank you to all who continue to support this event.

Lions were also involved in catering at the open air movies held on 9th February at the sports pavilion.

The next program we are involved in will be to assist The Lake Grace Playgroup to relocate to their new home.

There is also an exciting event planned for 15th July so watch this space for more details.

Neville Moulden

*Please be aware that
sprinkler restrictions
are in place permanently.*

The only time you are allowed to use
a sprinkler is
**between the hours of
6:00pm and 9:00am**

Do you need housing finance?

Country Housing Authority has been providing housing finance to farmers and businesses for over 30 years.

Rates Instalment

Thank you to all ratepayers who recently paid the latest instalment which was due on 2nd February 2007. For those who may have inadvertently forgotten, please try to make payment as soon as possible.

If you haven't received your instalment reminder please contact Danielle at the Shire on 9865 1105.

A Super Night Out

Thank you to everyone who supported their communities and attended the recent movie screenings at Lake Grace and Newdegate. Both nights were reasonably well attended by the respective communities and appeared to be enjoyed by all.

Thanks to the Lions Club of Lake Grace for running the bar and sausage sizzle for the Lake Grace show. Also to Darren Spencer for the use of his truck as a wind break.

New Starters

Welcome to new employees, Chris Mason and Robert Wessling who have both recently started with the Works and Services departments.

Smoking Areas

The Lake Grace Swimming Pool is a smoke free zone. In the interest of health and public safety please do not smoke in the immediate vicinity of the pool entrance.

Rubbish bins are provided outside the pool for the disposal of cigarette butts. Careless cigarette butt disposal carries a fine of up to \$75.00 which can increase to up to \$1000 if taken to court.

drumMUSTER
rinse them out, round them up and run them in.

DrumMuster will be coming to the Shire of Lake Grace again in March 2007.

Varley Wednesday March 21st
Bookings to Dick Perkins on 9874 4007

Department of Water
Government of Western Australia

Information and application packages for the **Farm Water Grants Scheme** are available from the Shire office. Contact Jim Fraser, Manager of Community Services for further information.

Congratulations to Skye Gambuti and Rysha Bird on the successful completion of their traineeships with the Shire of Lake Grace.

Both girls have elected to stay with the Shire and further their experience in Local Government with Skye undertaking the role of Customer Service Officer and Rysha as Finance Officer,

Start Making Your List

As part of the 2007/08 budget process and to assist Council with its forward planning, a series of meetings will be held throughout March 2007. Senior staff will be in attendance. Dates to be advised in following issues of the Lakes Link.

LAKE GRACE DISTRICT HIGH SCHOOL NEWS

Back L-R: Stephanie Davey, Chris Majewski, Delva Russell
Front L-R: Lea-Ellen McEwan, Amy Jones, Amanda Harrower

Delva Russell—Principal Lake Grace District High School

I have been with the Department of Education for 31 years. In this time I have been involved in many different areas of education. I began my teaching career in Onslow, teaching years 2—6. Mags (combined) classes have been around for years! Then I moved back to the city for 12 months. After 3 children I moved to Newman with my husband. At Newman I taught years 2—7 and swimming classes, netball, football, soccer and t-ball. During this time I was also appointed Deputy. Returning from 6 months long service leave I started at Yanchep District High School. Here I spent 9 years as Primary Deputy level 3 and 4. I even had a role as Secondary Deputy also. At Yanchep I taught years 6-10 and even had a go at Home Economics. Then I needed a change and was appointed to Tincurrin, a very small school from K-4. I had 2 wonderful years there and learnt how to work with the delightful younger children. My passion has always been in District Highs though and when the opportunity to come to Lake Grace was offered, I didn't need to be asked twice!

I have found the children to be delightful and staff a dedicated crew. Parents and the community have been very welcoming and I know that working together we will ensure that Lake Grace continues to be a great school!

I would like to take this opportunity to introduce myself to you. My name is Chris Majewski and I have come to Lake Grace DHS from Braeside PS where I have spent the last five years. My wife and two children have also moved into town with me. We would like to say thank you to all the people that we have already met as you have been very welcoming and have helped us to settle into town. Please feel free to call me or come and see me to discuss any issues or ideas regarding Lake Grace DHS.

Chris Majewski
Deputy Principal

My name is Stephanie Davey. I am the new Kindy teacher for Lake Grace District High School. I am an Early Childhood trained teacher and have had eighteen years experience teaching in the Kindergarten and Pre-Primary grades. I really enjoy my job and find it very rewarding. I would like to thank all of the parents and staff for making my transition to Lake Grace very welcoming. All the support and encouragement is greatly appreciated. I am looking forward to my time in Lake Grace.

Hi, my name is Amanda Harrower and I am really excited to be teaching the year 3 class this year. Although I have been in and around the community for a number of years, I am looking forward to becoming a 'permanent' resident. I completed my grad diploma in primary teaching last year and prior to that spent time in the Kimberly and Midwest working with indigenous communities and tourism, and in the Southwest running school adventure camps. I am looking forward to the challenge of this year.

My name is Lea-Ellen McEwan and I am very excited about embarking on my first year of teaching at Lake Grace DHS. I am fortunate enough to have my daughter Mikayla close by in the Pre-Primary where she is enjoying making new friends. I will be teaching a number of different subjects this year and will have the opportunity to teach all students from years 1-10. I have spent much time visiting my partner and friends in Lake Grace over the past number of years and have enjoyed meeting many friendly and welcoming people during this time. I am very grateful to have received a posting to Lake Grace DHS and look forward to being involved with the students, parents and community members.

Hi! My name is Amy Jones, and I am the new year 6/7 teacher and music specialist. Lake Grace is a little bit familiar to me, as I often visited here to see my husband (who was then my fiancé) who was working here during seeding, hay cutting and harvest. Having been born in the country (Nyabing), and then spending most of my life in Perth, it's nice to be back. I am really looking forward to teaching here in Lake Grace. Thank you to all those people I have already met; you have all been most friendly and welcoming.

Online Coaching Course Now Live!

The Australian Sports Commission is pleased to announce the launch of a new online course for coaches.

The **Beginning Coaching General Principles** online course has been developed to assist new coaches improve their basic coaching skills, in particular, those coaches working with children.

Coaches can complete the course in their own time, from the comfort of their own home. It is initially being made available free of charge to Australian coaches by the Australian Sports Commission.

About the course

The course contains five modules, covering a range of general coaching topics, including the role and

responsibilities expected of a coach, planning, safety, working with parents, communication, group management and inclusive coaching practices when working with people with a disability or special population groups.

The course takes approximately 6 hours to complete with assessment included at the end of each module.

How to access the course

The *Beginning Coaching General Principles* course is available from the Australian Sports Commission's new online learning portal. Go to: <https://learning.ausport.gov.au> for more information on the course, and to enrol.

Kids and Olds in Cars

On Friday 15 June the Lake Grace Roadwise Committee will be holding a 'Kids and Olds in Cars' programme. The day is made of 3 x 1.5 hour sessions; with service providers from Stevemacs (mechanic), Maalouf Smash Repairs (panel beating) and the RAC. Rather than just having the kids involved in the day, the committee is hoping that parents will also take part. The committee is targeting high school aged kids (ages 12-16).

The three sessions will involve a mechanic, a panel beater and a representative from RAC. Kids (and olds) will have the opportunity to change a tyre, panel beat a car and learn about the ANCAP safety rating for cars.

If you would like more information or would like to register your interest please contact the Lake Grace Telecentre on 9865 1470. More information will be published in future Lakes Links.

What is Lent?

Lent was first observed in the fourth century as the 40-day period between Ash Wednesday and Easter. Its focus is on self-examination, reflection and prayer.

Christians often use fasting (abstaining from eating food) as a visible demonstration of this process, and are encouraged to fast on Ash Wednesday, Good Friday, and all Fridays during Lent. On these days Christians may refrain from eating meat and other 'luxury' foods such as chocolate and coffee. (Historically, this practice was meant to help unify people – those who could afford meat and those who couldn't!)

Malleefowl Magic Visits Lake Grace

A Malleefowl Preservation Group (MPG) state education program funded by the Natural Heritage Trust and Lotterywest, visited their 110th Primary School in the South Coast region last year raising awareness of the plight of the Malleefowl in Western Australia. During March Lake Grace (22nd) and Dumbleyung (23rd) schools will all take part in the program with education coordinator, Susanne Dennings.

Known as 'Malleefowl Magic', the program has been assessed by the Dept of Education as a recommended Sustainable Schools Initiative project. It includes an education pack of a CD, 'big book' and curriculum/outcome based teacher work book introduced by Sir David Attenborough for junior, middle and upper primary students.

Malleefowl are one of 22 ground dwelling birds known as 'megapodes' generally associated with tropical and sub tropical regions of the world. The birds artificially incubate their eggs by building a large mound of soil and leaf litter. These nesting mounds may measure up to 22 metres in circumference and are constantly monitored by the adult birds by adding and removing soil to maintain an incubation temperature of 32-34 degrees.

The Malleefowl chick hatches underground and will take from 2-15 hours to work its way to the mound surface. With an estimated survival rate of less than 2%, the chicks receive no parental care, can run swiftly within one hour and fly within 24 hours.

Malleefowl are listed as a Threatened species supported by a National Recovery Plan which documents a contraction of the species' range at approximately 45%. Sightings in the Lake Grace and Dumbleyung areas have not been regularly reported. The Malleefowl Preservation Group is interested to hear of community observations, past and present in the region.

The MPG is supporting Blair Parsons, a PhD student based at CSIRO whose research aims to understand the extent and pattern of the decline of Malleefowl in WA and the underlying reasons for this decline. The project baseline data has come from Malleefowl sighting records. This information will be used to identify the species habitat requirements and key factors threatening their survival.

Over two thousand records have been collected to date providing valuable information about Malleefowl distribution in WA. They reveal areas of relative abundance and areas of apparent absence. The absence of sightings may indicate a true absence of Malleefowl or it could simply be that observers are sparse in these areas or have not reported the presence of Malleefowl. Similarly, areas with an abundance of records may simply be areas where there are many committed observers reporting their sightings.

By raising awareness, we encourage anyone who may have sighted a Malleefowl either recently or historically

to either contact the Malleefowl Preservation Group office on 98282007 for a sighting form or complete an electronic sighting registration by visiting the MPG web site: www.Malleefowl.com.au/MalleefowlSighting.htm

During the education program, Project Coordinator, Susanne Dennings is also making herself available in the evenings to community members and is happy to provide a presentation to interested mums and dads, Landcare and Nature based community groups. She may be contacted on 9828 2083, mobile 0428 282 083 or email sdennings@westnet.com.au

LAKE GRACE PLAYGROUP

Welcome to 2007! I hope everyone had a fantastic Christmas and New Year; here's hoping 2007 is even better than 2006. We have two very new members for 2007. Congratulations to Kirstie Chesson and Jayman who have a new little son and brother Zade; also to Lisa, Mark, Josh and Kira Pearce on the arrival of our newest member Amber.

We are very pleased to announce that we have found a place for Playgroup. The Uniting Church Parishioners have offered us the Church. We are very grateful to them. We have a lot of work to do to the outdoor area but with a committed effort from everyone I'm sure it won't take long to get this area looking extra special. We will be meeting at the Catholic Parish House for the next couple of weeks until we get a fence up at the Uniting Church. We are planning a Grand Opening and Celebration of 30 Years of Playgroup in Lake Grace for Sunday 25th March, so keep this date free.

We are once again doing the Ultimo Wine Fundraiser. If you wish to order some wine, order forms are available from Playgroup members or give Tania Bray a call on 9865 1412. Forms have to be in by March 15th and wine will be available to be picked up on 30th March.

The infant and toddler first aid course will be run on the weekend of 31st March—1st April. We will have more information in the next Link. If you are interested please keep this weekend free.

We have many fun activities planned for the year and I advise parents now not to come to Playgroup in good clothes!

Danielle has volunteered to do 20 minutes at the start of each session of music movement or reading, and the same as last year, every second week will be an activity. If anyone would like to do an activity they are more than welcome to hold the floor.

Last Thursday 8th Feb we had a Teddy Bear's Picnic at the Pavilion Playground. We enjoyed a teddy bear story and bubble blowing before sitting down to a picnic of fun food.

I would like to welcome new parents, expectant mothers and new parents to town with children up to the age of 5 and past members to come and join us. It is a great way to meet people with kids of similar ages and sit and enjoy a cuppa while the kids play in a safe environment with friends.

FEES FOR 2007

PGWA Affiliation	\$27.00 per family/ year
LGPG Fee	\$20.00(1child & carer)/year
	OR \$2.00/week up to \$20
Extra Child	\$ 5.00

Playgroup Affiliation covers you for any accidents that may occur and is payable by your 3rd visit. It also entitles you to discounts at fun places, shops and businesses throughout the metro area.

HUMOUR

A Pirate's Tale

A pirate was talking to a "land-lubber" in a bar. The land-lubber noticed that, like any self-respecting pirate, this guy had a peg leg, a hook in place of one of his hands and a patch over one eye. The land-lubber just had to find out how the pirate got in such bad shape.

He asked the pirate, "How did you lose your leg?" The pirate responded, "I lost me leg in a battle off the coast of Jamaica!"

His new acquaintance was still curious so he asked, "What about you hand. Did you lose it at the same time?" "No," answered the pirate. "I lost it to the sharks off the Florida Keys."

Finally, the land-lubber asked, "I notice you also have an eye patch. How did you lose your eye? The pirate answered, "I was sleeping on a beach when a seagull flew over and pooped right in me eye."

The land-lubber asked, "How could a little something like that make you lose your eye?" The pirate snapped, "It was the day after I got me hook!"

The Verdict

The DA stared at the jury, unable to believe the "not guilty" verdict he'd just heard. Bitterly, he asked, "What possible excuse could you have for acquitting this man?" The foreman answered, "Insanity." The attorney responded, still incredulous, "I could understand that. But, all twelve of you?"

Eggplants

A grocer put up a sign that read "Eggplants, 25 cents each or three for a dollar."

All day long, customers came in exclaiming: "Don't be ridiculous! I should get four for a dollar!"

Meekly the grocer capitulated and packaged four eggplants. The tailor next door had been watching these antics and finally asked the grocer, "Aren't you going to fix the mistake on your sign?"

"What mistake?" the grocer asked. "Before I put up that sign no one ever bought more than one eggplant."

Guys Shopping

In the frozen foods department of our local grocery store, I noticed a man shopping with his son.

As I walked by, he checked something off his list, and I heard him whisper conspiratorially to the child; "You know, if we really mess this up, we'll never have to do it again."

In Trouble

One fine day, Jim and Bill are out golfing. Jim slices his ball deep into a wooded ravine. He grabs his 7-iron and proceeds down the embankment into the ravine in search of his ball. The brush is quite thick, but Jim searches diligently and suddenly he spots something shiny. As he gets closer, he realizes that the shiny object is in fact a 7-iron in the hands of a skeleton lying near an old golf ball.

Jim excitedly calls out to his golfing partner: "Hey Bill, come here; I've got some trouble down here." Bill comes running over to the edge of the ravine and calls out: "What's the matter Jim? Everything OK?"

Jim shouts back in a nervous voice: "Throw me my 8-iron! Apparently, you can't get out of here with a 7."

Free Drinks

The bartender asks the guy sitting at the bar, "What'll you have?" The guy answers, "A scotch, please." The bartender hands him the drink, and says "That'll be five

dollars," to which the guy replies, "What are you talking about? I don't owe you anything for this."

A lawyer, sitting nearby and overhearing the conversation, then says to the bartender, "You know, he's got you there. In the original offer, which constitutes a binding contract upon acceptance, there was no stipulation of remuneration."

The bartender was not impressed, but says to the guy, "Okay, you beat me for a drink. But don't ever let me catch you in here again."

The next day, same guy walks into the bar. Bartender says, "What the heck are you doing in here? I can't believe you've got the audacity to come back!"

The guy says, "What are you talking about? I've never been in this place in my life!" The bartender replies, "I'm very sorry, but this is uncanny. You must have a double."

To which the guy replies, "Thank you. Make it a scotch."

A Fitting Punishment

Mr. Jones is traveling with his wife and mother-in-law in a far east country. At a place of honor his mother-in-law makes a careless remark, which the native people take as an insult to the royal family.

Mr. Jones is dragged off to court with his wife and mother-in-law and are sentenced to corporal punishment. Each of them are to receive 50 lashes on the rear end with a cane. But because the royal family doesn't want to appear hostile to foreigners, they grant the guests in their country a wish beforehand, as long as it is able to be fulfilled.

Mrs. Jones is first.

"What do you wish for yourself?"

"I would like a pillow bound on my rear end before the lashings."

"Okay, that shall be granted to you."

Mrs. Jones has the pillow bound to her rear end and receives her punishment. But because the pillow is too small and the executioner also hits her back a couple of times, she receives a few blows.

Next it is Mr. Jones' mother-in-law's turn.

"What do you wish for yourself?"

"I would like a pillow bound on my rear end and a pillow bound on my back before the lashings."

"Okay, that shall be granted to you."

The mother-in-law receives her fifty lashes, but hardly feels the pain through the pillows.

Then comes Mr. Jones himself.

"What do you wish for yourself?"

"I have two wishes. Do you want to fulfill them for me?"

"Because you are a guest in our country, we want to fulfill your wishes for you, as long as they are reasonable."

"I would like 100 lashes instead of 50."

The executioner is surprised, but recovers again right away and replies, "Yes, that is a pious wish, it shall be granted to you. And what is your second wish?"

"I would like to have my mother-in-law bound to my back."

Measuring Air Temperatures

Air temperatures are usually measured with a mercury-in-glass thermometer. The modern version is much more streamlined than the thermometer invented by Galileo about 1592, but the principle is still the same. When the bulb of the thermometer is heated, mercury is forced further up the fine bore of the tube and when the bulb is cooled the mercury retreats. There are now sophisticated electrical instruments for measuring temperature, but liquid—in-glass thermometers are still used for most meteorological observations.

If the thermometer is exposed to the sun's rays it will absorb radiation and will give a higher reading than it will when the sun is obscured by cloud. Also, if the thermometer is near the ground it will often read much higher than if it is one or two metres above the ground. For these and other reasons, air temperatures must be measured under strict standard conditions. The thermometers in Stevenson screens are approximately 1.5 metres above the ground.

'Temperatures in the sun' have been measured with black-bulb thermometers which absorb a large part of the sun's radiation. When placed in the sun on hot days, these thermometers give readings much higher than the shade temperatures given on radio and T.V. Temperatures in the sun over 80°C have been measured in Australian cities.

Maximum and minimum (highest and lowest) temperatures are usually of great public interest, particularly during heat-waves and on frosty mornings.

Special thermometers are used to measure these temperatures. The maximum thermometer has a constriction in the bore just above the bulb. When the temperature rises, the mercury is forced past the constriction, but when the temperature begins to fall the mercury is prevented from returning by the constriction; thus the thermometer will read the highest temperature reached. The thermometer is reset by whirling or flicking it outwards so that mercury above the constriction will rejoin the main body of the liquid in the bulb. The clinical thermometer used to register your body temperature is a maximum thermometer, so the nurse will whirl or flick the thermometer before and after your temperature is taken.

Alcohol is used in minimum thermometers because it has a lower freezing point (-130°C) than mercury (-39°C). These thermometers contain a small dumb-bell-shaped metal index. As the temperature falls the index is drawn along with the alcohol as it retreats. After the lowest temperature is reached the temperature starts to rise again the alcohol rises in the tube but flows past the index leaving it fixed. The minimum temperature is read at the upper end of the index.

Minimum thermometers are also used to measure minimum temperatures near the ground and on cold frosty mornings these temperatures will be much lower than those measured in the Stevenson screen.

Sculpture Workshop

'Bottles to Beauty'

February 20th at 9.00am-12.00noon

at the Multi-Artspace

Stubbs St Lake Grace

Cost : \$10.00

Using recycled cooldrink bottles

to make flowers for your garden that don't need watering!

So start collecting your bottles now! If you don't drink cool-drink I'll have extras

All Welcome!

Materials needed

- Cool drink bottles with caps —any size (285ml to 2L)or colour
- preferably washed and with the labels removed
- Scissors—a strong (kitchen) pair and a fine point pair
- Butane torch if you have one (not essential)
- Glass paints, enamel paint, old nail polish (not essential)

SCIENCE AND STUFF

BALL LIGHTNING: Thousands of people around the world have reported seeing ball lightning, a luminous sphere that sometimes appears during thunderstorms. It's typically the size of a grapefruit and lasts for a few seconds or minutes, sometimes hovering, even bouncing along the ground.

One eyewitness saw a glowing ball burn through the screen door of a house in Oregon, navigate down to the basement and wreck an old mangle, while in another report, a similar orb bounced on a Russian teacher's head more than 20 times before vanishing. One theory suggests that ball lightning is a highly ionised blob of plasma held together by its own magnetic field.

A more down-to-earth theory, proposed by John Abrahamson and James Dinniss at the University of Canterbury in Christchurch, New Zealand, is that ball lightning strikes soil, turning any silica in the soil into pure silicon vapour. As the vapour cools, the silicon condenses into a floating aerosol bound into a ball by charges that gather on its surface, and it glows with the heat of silicon recombining with oxygen.

To test this idea, a team led by Antonio Pavao and Gerson Paiva from the University of Pernambuco in Brazil took wafers of silicon just 350 micrometres thick, placed them between two electrodes and zapped them with currents of up to 140 amps. Then over a couple of seconds, they moved the electrodes slightly apart, creating an electrical arc that vaporised the silicon. The arc spat out glowing fragments of silicon but also, sometimes, luminous orbs the size of ping-pong balls that persisted for up to 8 seconds. They reported that the luminous balls seemed to be alive and their fuzzy surfaces emitted little jets that seemed to jerk them forward or sideways, as well as smoke trails that formed spiral shapes, suggesting the balls were spinning. From their blue-white or orange-white colour, they estimate the temperature of roughly 2000 kelvin. The balls were able to melt plastic, and one even burned a hole in Paiva's jeans. (see www.espacociencia.pe.gov.br/multimedia.ph).

BOYS BEWARE OF MOISTURISER: Natural lavender and tea tree oils in moisturiser can cause breast tissue to grow in pre-pubertal boys, a study has found in three boys. Lab tests on breast cells show the oils activate the "female" oestrogen receptor and suppress male hormones. The researchers warn consumers to be vigilant (The New England Journal of Medicine, vol 356, p 479).

CLOUDS IN YOUR COFFEE: Some of the World's biggest food companies are inadvertently selling coffee grown illegally in a national park on the island of Sumatra, Indonesia, says a report by WWF. Kraft, Nestle and Starbucks are among the companies identified as having received coffee from the Bukit Barisan Selatan National Park, home to such emblematic endangered species as tigers and rhinos.

TEST FOR INFECTION COULD SPARE BABIES

FROM HIDDEN DANGER: A simple test could identify inflammation caused by infection in the wombs of mothers showing signs of premature labour, potentially allowing doctors to intervene and prolong their pregnancy.

Routine tests can easily miss infections in the womb, which are one cause of premature births. Such babies often have learning difficulties or, in rare cases, severe brain damage. Catalin Buhimschi of Yale University School of Medicine and his team looked for proteins characteristic of inflammation in samples of amniotic fluid taken from 169 women admitted to hospital because they had gone into early labour or because their waters had broken prematurely. The samples were taken by amniocentesis, in which a long hollow needle is inserted through the abdominal wall and into the womb. The presence of infection could be confirmed within 15 minutes of testing, and the test picked up even low levels of infection.

The technique would primarily be used on women going into labour at between 20 and 34 weeks of pregnancy, where the risk to the child of an undiagnosed infection is much greater than the risk of miscarriage due to amniocentesis. Doctors might then be able to treat the infection using antibiotics, steroids or anti-inflammatory drugs in the hope of maintaining the pregnancy (PLoS Medicine, DOI:10.137/journal. Pmed. 0040018).

THE ROLLS ROYCE FLYING ANGEL: In the 1st World War in 1915 off Malta, the passenger ship SS Persia was sunk by a German submarine without warning. On board was Lord Montague and his secretary Elanor Thornton, who was also his lover, and was drowned when the ship went down in about 5 minutes. Lord Montague survived and built a memorial to her and which is still to be found. Being a very good friend of Rolls and Royce, he was asked to design an emblem for their new cars. So he had a very good likeness of his dead secretary Elanor Thornton designed for the bonnet which is still used today.

LOCATION: Sydney office of Birds Australia is located at Crows Nest. "HOMES in Corby cost 154 per cent less than London" declares a poster in London underground. Do they have to pay people to live there is the question.

NEW EXPRESSION: If you are downgraded or anything else is downgraded, you or it has been PLUTO'D.

Hope you find something interesting in these stories. Maurice Gilson.

YOUTH ADVISORY COUNCIL

Welcome back to the start of a new year. There will be a short meeting on Wednesday the 21st of February at 3.20p.m. to discuss the terms/years activities. The Youth Station is open to Youth from Year 7 (12 yr olds up to 25 yr olds), we would like to see as many potential new members as possible to this first meeting. Parents are also encouraged to come and have an input.

Wednesday the 21st of February at 3.20pm at the **'MultiArt Space'**.

Items to discuss;

- Subs.
- A treasurer and a coordinator/supervisor.
- In the past the Youth Station was open after school for two hours, however due to the renovations of the Shire office building we did not use the Youth Station as a meeting place last year. What do we want to do this year? Term?
- What activities do we want? In the past we have had; Water polo, Scrapbooking, Soccer, Quiz Nights, Spotlight, Screen printing and tie dyes, Watch a Video, Watch the footy on TV, Jewellery making, Pottery, Dressmaking, Night Golf, Archery and more. Ideas are always welcome.
- What time? What day?
- Canteen.

- Equipment, what needs to be replaced or purchased (probably best to wait until we have full use of the Youth Station again – possibly next term?).
- Youth Week – photography the theme is 'Launch Yourself'.

The *Department of Agriculture and Food* along with the *Corrigin Farm Improvement Group* are hosting the

CORRIGIN CROP UPDATES

Friday 23rd February

Corrigin Town Hall

(Concurrent sessions in the Corrigin District Club)

9.15 am Registration

5.00 pm Finish / BBQ

Cost: \$20 (inc. GST, meals & booklet)

Come along for a great day out and be updated on the latest research and development in cropping.

Presentation topics

- Lessons learned from adoption of GM crops in North America
International speaker: Dr John O'Donovan
- Managing marketing change
- Wheat Streak Mosaic Virus
- Pasture systems: future in varieties and agronomy
- ALOSCA granular inoculants
- Alternatives to Trifluralin
- Pasture lessons from a drought year
- Comparing profitability of mixed farming systems
- Oats agronomy
- Poor performing paddocks
- Biofuels
- ARGT
- Wild Radish in lupins

Please RSVP to Cindy Parsons 9881 0201 or cparsons@agric.wa.gov.au
By Friday 16th February for catering, crèche facilities and a registration form
Thanks to our sponsors;

TARIN ROCK TENNIS

We have just completed our last two pennant matches for the season and unfortunately the results weren't so good! Congratulations to Toolibin and Dudinin whose teams were just far too strong for us.

A big thank you to all pennant players this year as we have struggled to get a team together most weeks. Thanks to Melanie Naisbitt who has helped us out for the last two weeks. I'm sure the experience has helped your tennis and it is so nice to see someone so young keen about their tennis.

This Saturday the social day with Kulin has been cancelled due to most of our members being away for

the weekend.

The tennis AGM will be on Friday the 9th of March at 5pm followed by a BBQ.

Belated congratulations to the Medlen family on the arrival of Trenton and also more recently to the Pearce family on the arrival of Amber. It's great to see both families are following in the Tarin Rock tradition of breeding for the future!! I'm sure you can both add another one or two yet!!

Sharon Robinson

LAKE GRACE HOCKEY CLUB

The Lake Grace Hockey Club held its AGM on Thursday 8th February at the Lake Grace Sportsman's Club.

Thank you to all outgoing committee members especially President Belinda Bowron who has managed to juggle a multitude of jobs and done each one with aplomb.

Incoming committee members are
President, Fiona Chatfield
Vice President, Belinda Bowron
Secretary, Danielle Robertson
Treasurer, Simone Mahoney
Committee members, Narelle Hutter and Karel Walker

As yet we don't have a definite A grade coach,
B grade coach, Anna Taylor
C grade coach, Danielle Robertson
JB coach, Belinda Bowron
Senior pre-season training will commence on

Wednesday 7th March at the Lake Grace Swimming Pool for Aqua Aerobics. All members and prospective players are encouraged to attend; the sooner you start the less painful that first game is going to be!

Junior coaching will be advertised closer to starting in the Lakes Link and in school newsletters.

Tristram Woodhouse (ex-Kookaburra player) will be coming again this year to conduct coaching clinics for the junior and senior teams, probably early in the season, we'll keep you informed.

Expressions of interest are called for the removal of an old set of goals that may be useful for scrap metal; please contact the Secretary on 9865 1676 with any enquiries.

Danielle Robertson

LAKE GRACE/PINGRUP NETBALL CLUB

Thanks to all those people who came to the AGM on Thursday. A huge thankyou to outgoing president Diana Kuchling for her efforts throughout the 2006 season and also to Leesa Giles as secretary. We wish Leesa all the very best for her move to Bunbury and thank her for the work she has done with the netball club over the past 12 months.

Thankyou to those people who volunteered their time for the new season, incoming positions are as follows:

Kristie Stanton – President
Penny Willcocks – Vice President
Amanda Harrower – Secretary
Annie Kuchling – Treasurer

We are requiring both an A and B Grade coach for the 2007 season, anyone interested in the positions can phone Kristie on 98651324, or contact the club in writing.

Maria Taylor will be coordinating and coaching the sub junior team this year, with Theresa Naisbitt taking on the Nettas position. Any queries regarding junior netball can be forwarded to either Maria or Theresa.

We are also chasing volunteers to help with Bill Walker's red grape pick on **Sunday 18 February**. This event will be a fundraiser for the club, so the more pickers we have the more we benefit. Bring your own secateurs and bucket and be at Walker's Winery for a 6.00am start. Sausage sizzle and refreshments will be provided at the sports club afterwards.

A big thank-you to Steve McWhirter and all those involved in the gravel/sand cart for the new courts on the weekend. Thankyou also to Helen, Shelley and Penny for organising morning tea and lunch for the guys driving the trucks.

Finally, Diana is organising preseason training Tuesday nights at the courts, for those of you interested in working off some of the silly season and keen to get into shape before donning the skirt! Looking forward to seeing all the 'old' faces and welcome all the new girls interested in playing this year.

Kristie Stanton

DERBY FLASHBACKS

The 80 year rivalry between Lake Grace and North Lake Grace has come to an end with North Lake Grace ceasing as a club and merging into Lake Grace Cricket Club. Twenty games have been selected to appear in flashbacks. Here is our next instalment.

1978/79

One Wicket win to Lake Grace off Last Ball

Lake Grace won the toss and sent North Lake Grace into bat, and both teams settled down to a hard and exciting game.

North made 169 with Rod Peterson scoring 77 not out and Ross Taylor, 48.

Lake Grace in reply lost steady wickets and found themselves in trouble at 7 for 118, Andrew Coad with 28 and Wes Mason 29, back in the pavilion after good starts.

Andrew Walker, having come in at the fall of the 3rd wicket for 50 was batting steadily.

The eighth wicket fell with the score at 139 when Runty Fleay was dismissed for 5, the partnership had realized 21 runs. A further 17 runs were added for the 9th wicket before Steve Hunt was out for 3, bringing Don Fleay to the crease. With the score on 156 Fleay and Walker, with 2 overs left and 14 runs required, took 12 off Geoff Houstons over, then Fleay with a single off the 5th ball of Noel Bairstows over leveled the scores. The next 2 balls were well fielded. Then Walker hit the winning run off the 8th and final ball.

North Lake Grace

Bowling A Walker 2/21, W Walker 1/30,

J O'Neill	b S Reynolds	12	R
N Bairstow	c A Coad b A Walker	0

TOTAL		9 for	170

R Peterson as well as the most runs scored.

The man of the match for Lake Grace went to A Walker as well as the most runs. The best fielder award went to D Fleay.

1927/28

On Sunday, November 6th a very exciting game of cricket took place between North Lake Grace and the Centrals team, the former winning the day. The Central Captain, R West, won the toss and decided to bat first, and after batting for about an hour declared the innings closed with seven wickets for 149 runs— Rock 47, West 19, Johnson 21, Cook 24, Fuller 21, Rennick 11, were the scorers who all batted with confidence.

After an interval of a quarter of an hour, North Lake Grace went to the crease, and it was easily seen that they were triers, as the batsmen were playing the bowlers with care, and with 20 minutes to go they needed 45 runs to win, which they made after a very exciting innings.

The fielding on the day by both teams was not up to standard, nice catches being dropped all day by both teams.

The committee wish to thank all ladies who helped, and supplied afternoon tea, which was very welcome after being out in the sun.

The best scores for the winners were Huggins 30, Don Robertson 45, who unfortunately fell over in doing so and knocked down his wicket. C Plunkett, the most improved player in North, added 64 not out, so keep it going Charlie.

1974/75

The first semi-final played at Lake Grace on the long weekend resulted in a fine win to Lake Grace. Batting first North Lake Grace compiled 166 runs. Top scorers were K Eggers 37, R Duckworth 33, D Gardiner 33. For Lake Grace the bowling honours went to Sandy Thornton with 5 for 58 off 14 overs.

In reply Lake Grace were all out for 279. A Coad played a great innings for 86 and was well supported by C Baskerville 67, and D Robinson 30. For North, D Gardiner turned in a fine spell of

controlled spin bowling to take 6/24 off 8.2 overs. Batting a second time Norths were dismissed for 108 giving Lake Grace a well earned victory by an innings and 5 runs.

Top scorers to Norths in their second innings were D Gardiner, K Eggers both with 40 runs. D Clarke bowled well for Lake Grace to finish with 4/17 and he was well supported by W Walker with 3/24.

Man of the match awards went to Chris Majewski for his superb knock of 104, and Lindsay McGlinn for his fine bowling of 6 for 32.

This Saturday we have Kukerin at home, followed by the annual RED GRAPE pick out at Walkers Winery, starting at 6am on Sunday morning. It would be appreciated if all players, explayers (both Norths and Lake Grace), supporters, partners, girlfriends, boyfriends etc could make the effort and help out with the pick. We will be supplying morning smoko and lunch afterwards. Please bring along your secateurs and bucket.

Thank-you also to the Lake Grace netballers who have offered to help out this year with the pick.

And finally a huge thank-you to Bob Burbridge for putting up with us and driving the bus out to Lake King last weekend.

Derek Stanton

Fall of wickets 1, 45, 47, 72, 72, 73, 77, 88, 95, 101

LAKE GRACE TENNIS NOTES

Last weekend Lake Grace were unable to avoid the wooden spoon after being beaten in a close encounter with Newdegate. It was all even after the singles and doubles, and only a couple tie breaker sets lost, swayed the result in Newdegate's favour 20 sets to 14. Windy cool conditions ensured the after game socializing didn't last too long.

Toolibin travelled here to play us on Sunday for the last of the qualifying rounds, and the weather was near perfect. With not much wind around like the previous fortnight the standard of tennis was sure to be high. Toolibin stamped their authority on the game in the opening sets and by the end of the doubles Lake Grace was down 12-0.

Things improved marginally after the singles and reverse doubles with Lake Grace securing a few sets to avoid a pants job. The hard work continued into the mixed doubles though and we had no

counter for their accuracy and range of shots. We ended up with a score line of 30 sets 194 games to 4 sets 100 games in Toolibins favour. But we thoroughly enjoyed the game. Good luck to Toolibin in the finals.

We were supposed to have our singles Championships this Sunday but have shifted this fixture to the 25th February. Instead we will have social tennis due to the Dumbleyung open classic doubles. We will also have to shift our doubles Championships back a week, due to the March long weekend, to the 11th March.

Don't forget the Junior Championships coming up on Saturday 24th February. Contact Ross Bowron on 9865 1298 for details and entries.

LAKE GRACE BOWLS

Well it's back to bowls after the Christmas break.

Sat 10/2/07

Lake Grace played pennants against Kukerin at Lake Grace, going down 2pts - 6pts. Not a good start for 2007!

Congratulation to Chris Carruthers, Kevin Eggers, Gary Seward and John Griffin, for winning the Championship fours on 27th January 2007. Thanks to Gardiner's Meat Supply for the trophy.

Congratulation also to Chris Carruthers for being selected for Inter Zone Round Robin at Kojonup on 3/02/07. After that game he was selected as reserve to play against the state side on Thursday 1st March at Osborne Park. Well done Chris.

On Sunday 11th February another round of the singles championships were played - we are down to the last four: John Griffin v Milton Reynolds, Chris Carruthers v Peter Taylor, on Sunday 18th February.

Pennant teams for Newdegate are as follows:

S Hunt, P Taylor, G Duckworth, J Griffin.

R Pelham, R Carruthers, G Seward, G Sabourne.

C Carruthers, M Carruthers, K Strevett, K Eggers.

A Chesson, M Reynolds, R Fleay, J McGlenn

Played at Newdegate, bus leaves at 12:45.

Milton Reynolds

Gymnastics Coaching Clinic

To be held in Lake Grace on the 31st March and 1st April, 2007.

Coaches are desperately needed to enable gymnastics to continue in Lake Grace. If you have any interest at all in coaching, please contact Christine Willock on 9864 9035, or Wendy O'Neill on 9864 9040, for more details regarding this clinic. It is a wonderful opportunity to attend whilst it is being held locally. The Gymnastics Club will be catering for the event - so gym parents please mark the date on your calendars in preparation for being contacted by the fundraising committee!!!

Corporate Bowls

Ten teams turned up for the 'fun night' of corporate bowls on Friday 2nd February. Although every night is fun, the first night is an opportunity for everyone to work out the bias, the grass and the distance; hopefully getting all those bad rolls out of their system before everything gets serious.

Extreme Sports showed us how it was done on the first night; runners-up were Hopeless, while Elders Insurance was the hardest trier.

Scores were very even the following week with only 14 points separating the highest and lowest scores. It was all light hearted (but noisy) fun with accusations of unfair play (Fred doing a bit of driving practice), bowl tampering (Amanda picking up the wrong bowl) and Doug whipping out his tape measure at every opportunity.

Once again Extreme Sports came to the fore having a score of 57, but due to a 5 point penalty (because they won the week before) they dipped out. Elders, much to their surprise, were announced the winners. With puzzled looks all round it was discovered the scorer (who shall remain anonymous) from the Reeves team had mixed up her columns and put the scores under the wrong headings. After a quick ticking off from the Corporate Bowls convener and an equally quick lesson in how to score it should be all go for next week.

The Reeves team won on count back from the Big A with 55 points. Hardest triers were the Hockey Trolls, who could just be lulling us all into a false sense of security before they come out fighting.

Delva Russell bowls while Stephanie Davey, Michelle Lay, Phyllis Dunham and Pat and Fred Allen look on.

Alex Reeves rolls the bowl while Craig Reeves holds the shade shelter up.

Above: No guesstimating for the North Lake Grace team; Doug Dunham and Jane Bushby measure while Michelle Dunham looks on.

Right: Lois Dickins explains to Extreme Sports and the Hockey Trolls that its never a good idea to knock the kitty into the gutter.
