Vol 23 Issue 4

St John Ambulance Lake Grace... Grand Opening

Amanda Milton

On Saturday 25th February 2017 at 2.35pm, with over 215 people in attendance, the Honourable Terry Waldron MLA Member for Wagin and Community Donations Representative Gary Guelfi, unveiled the commemorative plaque and declared the new St John Ambulance WA Ltd - Lake Grace Sub Centre officially open.

Our little lady (new facility) was resplendent in her party dress, she had been polished from head to toe, and not a thing was out of place. The volunteers and their spouses had rubbed, scrubbed, set up, planned and put in place everything for the big day. And it looked magnificent.

Traffic management and parking went without incident, and our thanks to the Shire of Lake Grace for the traffic management signage and the additional mozzie management for the day. Our thanks to the Lake Grace Sportsman's club for the use of the carpark and the toilet facilities, thank you to the Lake Grace/Pingrup Football Club for the use of the cool-room, thank you to the Lake Grace Department of Fire and Emergency Services for the sand bags to hold the marquees down, our thanks to the Lake Grace District High School for the use of the sporting faction marquees, and our thanks for the use of

(and offer) of many other shade shelters that were used on the day.

The day was always going to be a hot one, but it proved to be tolerable with a gentle breeze blowing. The opening ceremony was held in the 4 bay garage with 3 of the 4 doors up, allowing breeze access. There was seating for 209 in the garage, and most seats were full with the balance of people choosing to sit under the shade shelters at the rear of the garage. The new sound system projected the proceedings perfectly throughout the area.

With over 200 people looking through the building prior to the opening, movement was surprisingly un-restricted and there were fantastic comments being made about the design and finish of the building.

CRC Opening Hours

9:00am - 5pm

Closed from midday to

1pm for lunch when short staffed.

Deadlines & Editions

All articles, news & advertisements are to be submitted to the Lake Grace Community Resource Centre by 3pm on Monday of paper week.

Next Deadline

Monday 13th March

Next Edition

Thursday 16th March

To the **very** dedicated team who volunteered their time to this edition of the Lakes Link News.

Elsie Bishop

Gwen Oliver

Dick Phillips

Annie Slarke

Thank you also to our many contributors of articles.

DISCLAIMER

- 1) No liability shall be incurred by the Lakes Link News by reason of any amendments to, or error or inaccuracy in, or the partial or total omission of an advertisement or by reason of delay or default or from any other cause whatsoever. If in the opinion of Lakes Link News the error clearly reduces the value of the advertisement and the advertiser notifies it to Lakes Link News within seven days of the publication date, then one correct insertion will be made without charge.
- 2) While the Lakes Link News aims to publish all material submitted, Lakes Link News reserves the right to refuse to publish or re-publish any contribution or advertisement without giving any reason.
- 3) No articles, letters or advertisements will be accepted which may appear to be defamatory or accusatory, or to favour one side in a legal dispute.
- 4) Lakes Link News reserves the right to shorten or otherwise amend any contribution other than advertisements.
- 5) The opinions, views and beliefs expressed in articles and other submissions to the Lakes Link News do not necessarily reflect the opinions, views or beliefs of the CRC staff or Committee.

340 copies printed and sold each fortnight

Editorial

- ☺ Thank you to everyone who attended the '**Roles of the Committee**' workshop held last week. It was a good learning curve, particularly in relation to constitutions. If you're not sure about what's involved as far as changes in relation to auditing, then I have included some information on page 7. Be aware that changes in relation to financial reporting came into effect July 1st 2016.
- ☺ We already have enough groups registered for assistance with their **constitutions**. If you've missed out then please register your interest and we may be able to set something up for later in the year. If you're needing your constitution typed up, drop it into the CRC prior to Friday 17th and we'll be able to complete free of charge.
- ☺ If the police pull you over during the next couple of months and you don't think you've done anything wrong please greet them with light hearted friendliness as you may have been driving so brilliantly that they want to acknowledge that fact. Lake Grace Roadwise will be giving away some **\$25 fuel vouchers** for motorists who are driving safely and our local police are going to have the task of passing them out.
- ☺ Have you swapped out your old **showerhead** for a waterwise one? If not there are still some available at the CRC. This is an opportunity to receive a **FREE** showerhead so make the most of it.
- ☺ The **Albany Legal Service** will be visiting Lake Grace on Tuesday 14th March from 1pm-2pm. This is a good opportunity to discuss what's involved with Enduring Powers of Attorney/Guardianship or Advanced Health Directives. Bookings aren't essential but they're helpful for the presenter.
- ☺ **Do you use MYOB Accounting Software?** Or perhaps you're thinking of purchasing or updating your accounting software. MYOB and RSM Australia are running a **FREE** MYOB information session at the Lake Grace CRC on Tuesday 14th March (see below).
- ☺ We are currently in conversation with Holyoake to hold a **drug and alcohol information session** in Lake Grace. The date for Thursday 6th April has now been confirmed and there will be more information in the next Lakes Link News.
- ☺ The **Beyond Gardens** crew is coming back to Lake Grace on Saturday 1st April. A great opportunity to get all of your gardening questions answered, more information on page 13.
- ☺ Just a reminder that the Lakes Link is now set at 44 pages (to keep within the postage budget). Because of this our space is at times restricted. Currently we're running an excel spreadsheet and as space is booked we allocate; this fortnight we ran out of space by 10am Monday morning. We will endeavour to cater to everyone; however we can only fit in what we can only fit in. We received some great photos from the St John Ambulance opening; however we'd only allocated two pages. Space permitting we'll put a page of photos in the next Link as I know everyone loves looking at pics! Well done to the ambulance on their great event; a resounding success by all accounts.
- ☺ This Friday the CRC will be getting new carpets. Because of this we will have reduced services from 3:00pm Thursday the second of March.

Suzanne Reeves

Workshop/ Information Session Calendar...

Albany Legal Service - Tuesday 14th March. 1pm—2pm. **FREE**

MYOB Information Session - Find out what would be the right MYOB product for you. Tuesday 14th March, 7pm—8:30pm. **FREE**

Forklift - 16th & 17th March. Worksafe accredited course; \$275.30 per person, \$184.10 if you have a concession card.

Drug & Alcohol - Thursday 6th April. 6:30pm—8:30pm. Information is directed at adults. Recognising, reacting and dealing with people under the influence. Facilitated by Holyoake. **FREE**.

MC Licensing Training & Assessment - Looking for expressions of interest.

Skippers Ticket -

Looking for expressions of interest.

If you are interested in any of the above please phone the Lake Grace Community Resource Centre on 9865 1470.

Your exclusive invitation from MYOB and RSM Australia

Please join MYOB and RSM Australia on the 14th of March for a free session on how to leverage the newest accounting innovations. During this session you will have the opportunity to hear how using Bankfeeds, PaySuper, SmartBills and PayDirect will help streamline your business, and save you time.

Date 14th March 2017
Time 7.00pm – 8.30pm

What's Happening?

- Congratulations to Michelle Donegan and Paul Wheeler on the arrival of Trevor Richard Wheeler on the 10th of February. Trevor weighed in at 3.05kg and is a little brother for Maddison Wheeler.
- Congratulations to Dave and Emma Ellis on the arrival of Edward David Ellis, born on the 21st of February at 3.6kg and is a little brother for Patrick and William Ellis.
- Well done to Brenden Desmond and Tor Bennett who were married on Thursday 23rd February and celebrated with an 'engagement' party on Saturday 25th! Congratulations to you both and best wishes for a long and happy future together.

Opportunities for Lake Grace Youth

Suzanne Reeves

When one of Fyfe's stock trailers was showing signs of needing some quite major repairs, rather than send it out of town as he would normally do David popped next door to have a chat to Clint at Lake Grace Engineering as to whether the trailer overhaul would be something that they could take care of.

As chance would have it Lake Grace Engineering had taken on a new apprentice, 15 year old Cooper Earnshaw who preferred the idea of being 'on the job' to being at school. Clint saw this as an ideal project for Cooper to cut his teeth on, with the stock crate having standing room of less than one metre; other staff exhaled with relief!

Built in 2001 the crate needed the grating replaced in the lower deck; like any good fix-it project it soon became more involved with the cross members supporting the slats and the main beam running down the centre of the crate also looking worse for wear. With the crate being a tad older than Cooper, his first job became a major learning curve.

Sections of the main beam and cross members were cut out, with new sections welded in. The new grated floor involved the cutting and flattening of checker plate, which was then welded at equidistant gaps; all in a cramped area. Once the metalwork was completed, it

was all then painted to fit the Fyfe Transport branding.

David Fyfe is rapt that he was able to get such a complex maintenance job completed in his home town; making the task easier for him while also providing opportunities for other local business. But what really makes him proud is that this job was taken on and completed by a 15 year old apprentice, an opportunity he feels wouldn't be given to the 'novice' in many other workshops. His trailer was then rewired by NeuTech Auto Electrics apprentice, Nick Palmer.

'I love living and working in the Lake Grace area and I love that our kids can have great opportunities and do great things while remaining in their home town', said David.

Cooper in front of the Fyfe Transport stock trailer he repaired. Photo David Fyfe.

QUIZ Night

Friday 17th March

7:30pm

Lake Grace Sportsman's Club

Celebrate St Patrick's Day and dress for the occasion!!

Tables of 6, \$15 per person.

Money wheel being run through the night.

Fish & Chip meals will be available as per normal. Kitchen opens 6:30pm. Cold meat and cheese platters will be available to purchase for tables, pre-orders appreciated.

Book your table at the Lake Grace Community Resource Centre by calling 9865 1470 or emailing lakegracecrc@westnet.com.au

This is a joint project between the Lake Grace Community Resource Centre and the Lake Grace Sportsman's Club.

When's an Audit not an Audit?

Taken from the Associations website

When someone who doesn't have the right qualifications does it.

The changes in the Incorporation Act have stated that an audit must be conducted by an independent person who is:

- a member of Chartered Accountants Australia and New Zealand (CA or FCA) that holds a current Certificate of Public Practice;
- a member of CPA Australia (CPA or FCPA) or Institute of Public Accountants (MIPA or FIPA) that holds a Public Practice Certificate;
- a registered company auditor; or
- approved by the Commissioner.

All sounds very complicated and it is the reason that it is essential for ALL incorporated groups and organisations to have a look at their constitution. If you have written in your organisation's rules that you have an audit then you MUST find a suitably qualified person; if you don't, you are contravening the rules of incorporation and as an organisation you face the risk of penalties.

What many clubs and organisations have done in the past isn't technically an audit but what would be called

a review. However even getting a review conducted requires similar qualifications to an audit. The simple solution is updating your constitution.

Incorporated organisations within Lake Grace would largely fall under the Tier 1 associations, earning income of \$250,000 or less for the year. Tier 1 organisations are not required to complete an audit or review of their accounts unless:

- it is a requirement of the association's rules that one be completed;
- it is a requirement under the terms of the association's funding agreement or licence;
- the majority of members at a general meeting pass a resolution that an audit will be completed; or
- the association is directed to do so by the Commissioner.

Tier 2 organisations (\$250,000 – \$1,000,000) are required to undertake a review, while Tier 3 organisations (over \$1,000,000) have to undertake an audit.

However although the Act does not require all incorporated associations to audit or review their

Wheatbelt NRM Noongar Elders Advisory Group Membership

Wheatbelt Natural Resource Management Incorporated (Wheatbelt NRM) is an independent community-based organisation leading natural resource management (NRM) endeavours within the Avon River Basin.

We currently have a vacancy on the Wheatbelt NRM Noongar Elders Advisory Group and are seeking to appoint a committed community member to the role.

The Elders Advisory Group meets 4 times per year and discusses natural resource management issues, Aboriginal culture and values and offers advice to Wheatbelt NRM on current and future initiatives.

The group is made up of 10 members from across the Avon River Basin.

Sitting fees and travel costs are paid for meetings.

We are looking for candidates who:

- ⊙ Are a recognised Elder in the community in this region
- ⊙ Provide geographical and family spread of representation,
- ⊙ Have an interest in natural resource management; and
- ⊙ Demonstrate considerable cultural knowledge

Please contact Michelle Winmar, Aboriginal NRM Facilitator for more information or to obtain an application form.

Michelle Winmar
Project Delivery Officer - Aboriginal NRM

Applications close Friday 10 March 2017

Letter to the Editor

Allan Marshall

HOW WILL I VOTE ON MARCH 11TH

As a long time supporter and member of the Western Australian National Party I urge electors of Regional WA to carefully consider their vote at the Saturday March 11th state poll.

The Nationals have always been the party who stood up for regional West Australians, particularly with their flagship policy of ROYALTIES for REGIONS (RfR) introduced in 2008.

There has been \$7 billion distributed to country WA over the past 8 years to enhance the environment in which we have to live. RfR have funded 3,900 initiatives including:

- Mobile phone towers, helping fill in the gaps with mobile and internet communications, ongoing.
- Pensioners fuel card allowing our elderly citizens affordability for medical attention and importantly allowing them to continue living in the regions close to family and friends.
- 24 hour fuel outlets in small regional towns who have no regular fuel service.
- Helping fund sporting facilities and small town enhancements, facilitating better liveability and most importantly providing our young people a regime of discipline, fitness and teamwork to

prepare them for a lifetime of citizenship.

- Community pool revitalisation.
- Helping fund our medical facilities with hospital upgrades through SIHI, St John ambulance facilities and of course the iconic Royal Flying Doctor Service which has touched most of our lives in some way in the country.

All of this would not have happened without the Nationals and when you hear the other political parties telling you that they will preserve RfR be wary as they will use it to fund projects which are already funded from treasury or worse we could see areas such as Joondalup, Armadale or Midland become defined as regional areas.

Every elector is entitled to vote for their party of choice but I urge you to look around your district rfrmap.drd.wa.gov.au and observe what the Nationals' Royalties for Regions initiative has done to enhance your life where you live. **I urge you to vote PETER RUNDLE, our ROE ELECTORATE candidate for the NATIONALS (1) and our AG REGION upper house team on March 11th.**

Allan Marshall, Lake Grace Mob 0427 943 291

You may water only once each day either before 9am or after 6pm.	

The Three Things a Man Needs

Warriors Wellbeing - Owen and the Team (08 9690 2277)

A wise man said to me recently **the three things a man needs** is to love someone; to do something meaningful and to have something to look forward to. These three things are a constant through the different stages of a man's life whether it be adolescence, mid-life, transition and/or retirement.

As blokes we need to remember these three needs and actively stay engaged as they are a strong conduit to maintaining a healthy disposition and aids in building something else into our life other than just our work to identify ourselves by.

Many people talk about resilience, which is the individual capacity to deal with stuff in our lives (this varies from person to person). The majority of us operate within the bounds of the stretching of a rubber band (non-stretched and stretched). This innate capacity often boils down to how we are individually hardwired and it may also be a reflection of our upbringing and/or events experienced through our life's journey. What we do know is that we all need to unplug the dam to let some stuff out every now and then so that the dam doesn't burst its banks and cause us to crash.

When we link the three things a man needs (that is to love someone; do something meaningful and to have something to look forward to) to our capacity to deal with stuff in our lives (eg stopping the dam wall from bursting) it helps:-

- maintain balance;
- make sense of some of the basic fundamentals in our DNA (our warrior attitude); and
- improve our individual resilience to both survive and thrive.

We need to be mindful of living in the present and connecting with others. For a bloke this connectedness is really important and can be maintained simply by attending a local men's shed, playing bowls or participating/watching our preferred sport with a friend, having a cuppa with a neighbour or spontaneously dropping in on a mate. So remember take time to laugh with others and enjoy what we do, talk to a mate about our health and wellbeing and/or ask him how he is going and make sure we block out some time at the end of our busy periods to have a break.

On another matter - RMHI is hosting the Warrior Ambassador Awards Celebration Dinner at Joondalup Resort on Saturday, 1st April 2017. This is going to be a celebration of men's wellbeing and health for rural and regional WA whilst acknowledging past contributors and inducting six new ambassadors.

Please feel welcome to join us for dinner and a night full of celebrations. Ticket includes, entertainment, guest speaker, pre-dinner drinks with canapes, garden buffet and beer, wine & soft drinks. Ticket price \$100/ head or alternately you can organise your own table of 8 for a discounted price of \$640. To purchase tickets please contact our office telephone (08)9690 2277.

Wanted Children's Gymnastics Coaches

In preparation for the 2017 season and beyond, the Lake Grace Gym Club is looking for people willing to undertake a gym coaching course and take on a coaching role in our club. The future of our club depends on having sufficient coaches trained and accredited. Those interested need to complete the prerequisite on-line component prior to the two day coaching course in Narrogin in March. For all enquiries, please contact Club President, Lisa Pearce on 0428 518 026.

Accredited Forklift Workshop

16th & 17th March

Cost

Non-concession - \$275.30

Concession - \$184.10

These costs don't include the Worksafe fee of \$94

Need 6-8 people for the workshop to run.
Please phone the Lake Grace Community Resource Centre on 9865 1470 to book in.

**Must be 18
years of
age to take
part.**

No More Muddling Along

Suzanne Reeves

Volunteers for community groups enjoyed two very productive workshops with Caroline Robinson that focussed on Roles of the Committee. Held in Newdegate and Lake Grace, the workshops were well attended by volunteers new to committees and some who had years of experience under their belt.

All went away having learned something new; gaining tools to help ease the work burden and take the scare factor out of committee roles. Caroline Robinson, Executive Officer of the Wheatbelt Business Network and former Rural Woman of the Year is a dynamic presenter, with a clear and concise understanding of rural communities and the challenges they face.

Committee meetings should be organised and productive; they should never drag on for hours. Agendas are vital to running any meeting and if it is not on the agenda then don't talk about it. Everyone attending the meeting should have already read their minutes, there's no need to cover old ground.

The Chairperson or President is an important lynchpin to a committee's success; as they set the tone for the committee. An effective chair will see that a meeting

runs to its agenda and that everyone gets to have their say.

It's really important that groups and organisations have a structure in place that when someone new steps into the role, they have a clear picture of what they need to be doing and when they need to have that task completed.

Caroline also talked about the Incorporation Act and what the changes mean for clubs and organisations. It is important that all incorporated groups have a good look at their constitution; this needs to be updated by June 2019.

Rural areas are faced with shrinking populations but its not the only reason there seems to be less people to take on roles to keep organisations going. Fear of not knowing what to do, busy lives and an inability to commit by members are also factors facing non profit groups. These same factors are also present in metropolitan organisations.

Country Alliance Coordinator Endorses One Nation.

Media Release

In 2005 the Labor Government drastically reduced the representation of country people in our State Parliament with its so-called "One Vote, One Value" electoral changes.

The number of Members of Parliament in the country was cut by six while eight more were added to the city.

The Country Alliance was formed to fight Labor's attack on country communities, with representation from the Regional Councils' Association, WAFF, PGA and the three main conservative political parties - Liberal, National and One Nation.

The Country Alliance defeated Labor's anti-country legislation in the High Court but eventually a defecting Liberal MP voted with Labor, giving it the numbers to pass the legislation into law.

Former Liberal & Independent MP Hon. Anthony Fels, said the Nationals and Liberals were very vocal against Labor's electoral rip off at the time but had done nothing since winning government to scrap Labor's anti-country laws.

"In 2005 Colin Barnett and Brendon Grylls spoke strongly in Parliament against Labor's electoral changes", Mr Fels said.

"But after they won government and had the numbers in Parliament to scrap Labor's anti-country electoral laws they did nothing to restore the voice of country

people in Parliament.

"Country people should send Mr Barnett and Mr Grylls a message at the State election for failing to live up to their word and for failing to restore country representation in Parliament."

Mr Fels said the only major political party that had remained true to country people was One Nation.

"One Nation was represented on The Country Alliance and its members always have supported restoring country representation in Parliament.

"This is the strength of representation that country people really need in Parliament."

Mr Fels said if the polls are correct the Liberal-National government is facing the prospect of huge losses at the coming election, made worse due to the impact of Labor's electoral changes from 2005.

"Everyone knows the Liberals and Nationals won government in 2008 and again in 2013 because Labor was so much on the nose.

"Labor overcame this stigma and is set to gain hugely from the electoral changes it made more than a decade ago, simply because the Liberals and Nationals did not stand up for country people and scrap Labor's electoral laws."

Independent Public School - Wheatbelt Education Region**Lake Grace District High School
Education Assistant - Special Needs**

Level 2/3, \$26.17-\$30.56 per hour (EA (Gov) GA 2016)

Advertised Vacancy Number IPS/SS478361

Appointment Pool

Lake Grace District High School is seeking to establish a pool for appointments to permanent and fixed term, full-time and part-time vacancies which may arise during the 2017 school year. Placements can be made from the pool at any time for commencements within the 2017 school year.

To be suitable for this role, you will need to demonstrate the following work related requirements:

- Good written and oral communication skills, including the ability to interact with students with special needs, parents and teaching professionals on the provision of educational programs, and to assist teachers in understanding students where necessary.
- Good interpersonal skills, including the ability to work as part of a team in the evaluation of educational programs, including special education and therapy programs where these have been implemented.
- Good organisational skills that will assist in the delivery and development of effective education programs to students and subsequent feedback to teaching professionals or psychologists.
- Ability to assist teachers or therapists in implementing educational programs, including special education and, should this be a requirement for the position, occupational and/or physiotherapy programs.
- Knowledge of health and physical disabilities in students and adolescents.
- Ability to assist with general health and well-being of students.

For further job related information:

You are encouraged to contact Michelle Lay, Manager Corporate Services, for further information about this employment opportunity, including information about living and working at Lake Grace, by telephoning (08) 9865 1207 or emailing Michelle.Lay@education.wa.edu.au

Applications must be submitted before 4.30pm (WST) on Friday 17 March 2017

PROFORMA AND LATE APPLICATIONS WILL NOT BE ACCEPTED

When's an Audit not an Audit? (cont.)

accounts. An association may still require an audit to be carried out and this requisite would normally be specified in the rules. It is within the power of the members to pass a resolution that the accounts for a particular financial year be audited, especially if they had any reason to be concerned. Funding body agreements might also require the association's accounts to be audited to ensure that the funds provided are used according to the funding agreement and for the purpose stated in the agreement.

Reasons for auditing

Although it may seem like additional time, effort and expense to have an annual audit, there are a number of reasons why an association (or a funding body) would require records to be audited:

- an audit of the financial records of the association ensures greater accountability to the members (and for some associations, the public);
- the audit gives assurance that all funds received by the organisation have been correctly collected, documented and banked. It shows all monies spent by the organisation were for the purpose of the association, approved by the management committee, and documented. This also helps to protect management committee members against unfounded

allegations of misconduct;

- the audit provides an account of the assets of the association and verifies that records and registers are properly maintained;
- the audit functions as a check and balance. It requires that the financial statements of the association be kept to a standard in order for the audit to occur and will indicate areas that may require improvement;
- audited financial statements are required if the association has charitable status; and
- funding bodies often require audited financial statements.

The role of the auditor

The purpose of an audit is to enable an auditor to express a professional and independent opinion on the financial statements of the association. It is the responsibility of the management committee to provide the financial statements.

It is not the task of the auditor to find all errors or fraud, therefore the management committee cannot rely on the auditor's work as a substitute for the performance of their own duties. Every member of the committee must pay close attention to the association's financial statements at all times.

And Winter stock is starting to arrive.

When's an Audit not an Audit? (cont.)

The auditor will, on the basis of the financial statements take reasonable steps to ensure that the:

- accounting records of the association are adequate to prepare the financial statements;
- financial statements are reliable;
- results for the period are demonstrated in the financial statements; and
- association's state of affairs for the period are disclosed.

The auditor's task is to provide a professional opinion on the state of the financial affairs of the association. Auditors have a legal responsibility for their opinion and can be held liable for negligence if the audit is not completed according to professional standards, or for damage to the association as a result of negligence.

The Associations Transaction Pack 3 (constitutions) is now available on their website, alternatively contact the CRC and we will email the Pack to you.

Men's Shed Battery Drive

The Lake Grace Community Men's Shed is continuing with their battery drive. This is an ongoing revenue raising project which will contribute to the running of the Shed.

Fight the Bite!

Protect yourself from disease carrying mosquitoes:

- ☺ Wear long, loose fitting clothing—as mosquitoes can bite through tight clothes
- ☺ Use insect repellent—containing DEET or picaridin; follow the instructions carefully
- ☺ Remove the water they breed in (if you can)

Mosquitoes can carry nasty viruses!
The only way to prevent infection is to avoid being bitten!

So, we all need to help

stop the breeding cycle!

Mosquitoes can breed around your home, laying eggs in fresh and salt water:

- empty out or discard containers and rubbish that can contain water
- Clean roof gutters to prevent water pooling
- Empty, clean and refill bird baths and pet water bowls at least once a week
- Cover rainwater and septic tank openings with mosquito proof mesh
- Stock backyard ponds with fish to eat the mosquito larvae

Thank you to the Shire for fogging around town!!

PATIENT OPINION

A NEW WAY TO PROVIDE FEEDBACK!

www.patientopinion.org.au

An independent site about your experiences of Australian health services, good or bad
Patient Opinion is scheduled to go live for the Wheatbelt region on Monday 13 February 2017.

This is a program which allows an opportunity for our consumers to tell us about their experiences (positive or negative) and will help to improve our services for the benefit our consumers and staff.

Graham JACOBS MLA

Liberal for Roe

*Graham has been a State Member of Parliament for 10 years,
representing Regional WA.*

*As the Member, he knows the importance of continuing to improve
regional Health, Roads and Education.*

He will fight for the issues that concern you and your community!

A Liberal Government will:

- ✓ Invest \$110 million in a live export loading berth at Kwinana.
- ✓ Establish an independent Rural Fire Service, and implement firefighting and mitigation reform.
- ✓ Introduce Commercial Business Solar PV incentives for regional business.
- ✓ Further tackle the meth scourge with a comprehensive \$190 million package which includes treatment and rehabilitation of drug addicts, provide help and support to users and their families and educate our kids to keep them away from drugs.
- ✓ Reduce the Payroll Tax for medium businesses to boost the economy, encouraging business and job growth.
- ✓ Continue the Royalties for Regions Initiative, including PATS, Seniors Fuel Card, the Country Local Government Fund and Southern Inland Health Initiative, improving emergency medical care in southern regional WA.

Authorised by A.Cox, 2/12 Parliament Place, West Perth WA 6005.

Shire of Lake Grace Road Update

Media Release - Shire of Lake Grace

The Lake Grace Shire administration continues to work on progressing flood affected damages throughout the Shire. The first step in this process was having all of the roads inspected and photographed, to determine which roads could be opened to local traffic. This process has now been completed.

During this initial inspection, the event was declared a natural disaster, which has triggered WA Natural Disaster Relief and Recovery Arrangements (WANDRRA) funding assistance for repair to damaged sections of roads.

It should be noted that if the Shire undertakes any repair works to damaged sections of roads prior to the secondary assessment, the repair works will disqualify that section of road from funding.

The Shire has on Friday 24 February 2017, engaged WML Consultants as third party engineers to undertake a compliance inspection of the claim to be made by the Shire, an action that is required under the funding arrangements. The initial estimate of damage is in the vicinity of \$9-10,000,000.

On a positive note, the Shire is very much in front in this process, and we have been very fortunate to gain the services of WML Consultants. The compliance inspections will commence Wednesday 1 March 2017.

Additional road signs have been ordered for our temporarily closed roads. As soon as the signs arrive they will be placed on damaged roads to help road users travelling our network.

In the meantime, please remember to take extreme care when travelling roads as we attempt to rectify these problems.

CEO's Corner

Flooding Event – February 2017

The Shire of Lake Grace has undertaken the initial assessment of damage to infrastructure; the first estimate is in the vicinity of \$9,000,000. This has been submitted to Main Roads WA who has approved the appointment of an independent engineer to assess the infrastructure damage. Until this assessment is undertaken and the outcomes are formally approved, we are not able to access any WANDRRA funding. Please refer to the Shire's website www.lakegrace.wa.gov.au or facebook page for a list of current roads that are closed within the Shire.

It has been confirmed that DAFWA will have 4 officers based in Ravensthorpe that will be undertaking impact assessments with effected landowners in the both the Ravensthorpe and Lake Grace Shires. The major focus in our district will be the area south of the line between Newdegate and Lake King which has inundation.

Recovery from this event is going to be lengthy, our first aim shall be to ensure the above area has reasonable access for business operators. Your ongoing patience in this process is appreciated.

Local Doctors

I extend a very warm welcome to Dr Olayinka Omoniyi (Olay) & Dr Abiola Olowu (Abi) who will be officially commencing practice on Wednesday 1 March 2017.

Dr Olay and Dr Abi attended the Shire Offices on Wednesday 22 February to sign a five (5) year Contract. Please make yourself known and welcome Dr Olay and Dr Abi to the community.

Shire President Jeanette De Landgraft with Dr Olay, Chief Executive Officer Denise Gobbart and Dr Abi.

New Police Officer

Shire Councillors and Executive staff met with Acting Officer-in-Charge Tara Spencer and First Class Constable, Cameron Hobson, who has recently moved to Lake Grace from Wagin with his family.

Opening of the New Ambulance Sub Centre

I attended the official opening of the new St John Ambulance Sub Centre last Saturday with the Shire President and Councillors. My congratulations to the St John Ambulance officers and helpers on the day, the occasion was a great success, the culmination of a fantastic community effort resulting in a wonderful community facility – well done to all involved.

Building & Maintenance Team

Over the past fortnight the Building Maintenance Team has been busy:

- Assisting with road inspections to assess flood damage.
- Repairing the Varley Sports Pavilion ceiling and attending to other maintenance work requests on the building.
- Carried out gable repairs and other minor maintenance at the Doctors Residence - 6 Blackbutt Way Lake Grace.
- Managing the Lake Grace Independent Living Units Project contractors.
- Undertaking maintenance work requests at the Newdegate Medical Centre, Lake King Public Toilets, Newdegate Tennis Pavilion and Recreation Centre and the Lake Grace Swimming Pool.
- Continuing Shire building inspections.

Road Works, Maintenance & Gardening Teams

Our Construction Team has been assisting with inspections of all Shire roads for flood damage and has been clearing trees and gravel carting on Morton Road. Once completed the team will move on to Taylor Road.

The Lake Grace maintenance grader and Newdegate and Lake King grading contractors have been grading and checking school bus routes.

The Road Maintenance Team has tidied up around the Sports Ground in Lake Grace.

Our Town Maintenance crew have been to Varley and have trimmed the hedges on the main street of Lake Grace. They are currently cleaning up the town entry to the west of Lake Grace.

Continued over ..

The minutes of the February 2017 Ordinary Meeting are available on the Shire's website at www.lakegrace.wa.gov.au

Denise Gobbart

Chief Executive Officer

Strategic Community Plan Review

The Shire is undertaking a major review of its Strategic Community Plan 2013-2023; and during February and March is calling for the community to contribute to the review.

The Strategic Community Plan provides a long term (10+ years) plan for the Shire, expressing the vision, aspirations and priorities of the community and is the Shire's principal strategy document, influencing all other planning and decision making at the Shire.

Community surveys can be completed via the Shire website www.lakegrace.wa.gov.au; Lake Grace Shire Office, Lake Grace Library and CRC, Newdegate Library and CRC, Lake King Store and Varley Store.

Please return survey forms by 4.00pm Wednesday 29 March 2017.

Mosquito Fogging

Mosquito Fogging has been carried out in the Lake Grace and Newdegate townsites with both townsites being fogged twice weekly.

To help control the mosquito breeding cycle please be vigilant and check your property for any stagnant water (e.g. in pot plants) and reduce overgrown vegetation around your property.

Ranger Service

Last week the Rangers visited households within townsites to provide information and to ensure pet owners were aware of their responsibilities in that their pets were registered and to ensure they did not roam the streets. Ranger patrols within our townsites will now be undertaken monthly.

Complaints that require Ranger Services are to be directed to the Shire Office and arrangements will then be made with the attending ranger.

Fight the Bite at Home

Mosquitoes can breed around your home. They will lay their eggs in fresh or salty water, and often in containers that hold water. Common breeding sites include pot plant drip trays, gutters, ponds, pet water bowls, old tyres, rubbish, containers and pools that are not well maintained.

Stop mosquitoes breeding around your home by following these simple steps:

- empty out or discard containers and rubbish that may hold water
- clean out roof gutters to prevent water from pooling
- empty, clean and refill bird baths, stock troughs and pet water bowls at least once a week
- keep swimming pools properly maintained
- empty wading pools at the end of each day
- cover rainwater and septic tank openings, wells or other large water containers with mosquito-proof mesh keep edges of ponds clear of vegetation.

Where possible, avoid exposing your baby or child to mosquitoes.

Consider staying indoors, using pram netting or dressing them in loose long-sleeved clothing, socks and shoes.

Under 12 months – repellents containing DEET or picaridin are not recommended.

From 12 months – repellents containing up to 10% DEET or picaridin can be used.

Adults - repellents containing up to 20% DEET or picaridin.

- Always apply the repellent according to the instructions on the label.
- Do not allow children to apply repellents.
- Apply repellent first to the hands of the carer and then spread evenly to exposed skin of child.
- Avoid applying repellent to the child's hands, near the eyes or mouth.
- Avoid applying repellent under clothing

Bushfire Bulletin

Safe Places in a Bushfire

It is important to identify places where you can go as a last resort if you are unable to leave or implement your bushfire survival plan. A 'safer place' is somewhere you can shelter during bushfire. These places may include a local open space, a dam or beach. Identify and plan where your family safer place will be.

There are things that you will need to consider if you do plan to use a safer place in your bushfire survival planning:

- They do not guarantee safety in all circumstances. You and your family's safety should be your first priority.
- There may be a risk with travelling to your safer place. Check to see if the route is safe and clear, have a contingency route or safer place in your back-up plan.
- Firefighters may not be there, they may be fighting the main fire front elsewhere.
- Your safer place caters for animals or pets. You will need to consider this in your bushfire survival plan.
- Your safer place may not cater for animals or pets. You will need to consider this in your bushfire survival plan.

Your safer place may not provide shelter from the

elements of a bushfire, particularly flying embers and hot weather. Keep woollen blankets in your car to give you shelter from flying embers and a supply of drinking water.

sms Notifications

To register for sms regarding Harvest Bans and Road Closures please contact the Shire of Lake Grace on (08) 9890 2500.

Please Note: Do not reply to the *Harvest and Vehicle Movement Ban* notification SMS message.

Disposing of Caltrop Plants

To dispose of any removed caltrop plants please:

- place them into a marked and sealed plastic bag and keep them until winter when they can be safely burnt or
- take them to the Shire Depot, at Absolon Street Lake Grace, where there is a specially marked caltrop wheelie bin facility located just outside the main depot gate.

Lake Grace Artist Group

Kerrie Argent

Workshops, exhibitions and drawing sessions are on the list of happenings for 2017.

First off we have decided to stay with a 12.30pm meeting very 3rd Tuesday of the month, this allows for anyone who works to attend. New, old, past and present members are all welcome

First on the agenda is the comedy show Marty's Party on at the hall on Tuesday 7th March ...that's next week. Please remember if you have time to give Cheryl and Jayne help at 5.30pm it would be greatly appreciated and please bring along a plate or two of supper to share as we are catering for this event, thank you. The Lake Grace artist group hosts this show with the assistance of the Shire but we still need lots and lots of people to cover the cost....so encourage friends and family to come along to enjoy these shows.

How pleased are we the mural is finished. After all our hard work fund raising to see the mural completely repainted is wonderful. Irene will be back at the end of April to do a couple of touch ups and we will have a re-dedication afternoon tea on Sunday April 30th 2017.

Keep your eye open for further information on this event.

Each month we will be having short workshops at 10am-12pm on our meeting days. Next month 21st March's workshop will be figurative drawing with charcoal and big pieces of paper. Even if drawing is not your thing come and have a go and a play, it should be fun.

If you have an easel and board bring it along, as well as charcoal, chalk and conti please.

There is no cost for these sessions.

April 18th drawing 10am-12pm session before meeting will be drawing as well, but with a different medium and technique.

This years Theme for Christmas is Christmas wreaths any size, shape, medium indoor or outdoor so get your thinking caps on and start planning and collecting.

Three of our members have already started and are looking for the cardboards from toilet rolls and lolly papers or tiny toys or toy bits so if you are one of our great community collectors the girls would love your generous donations. (It's not me this time). All help required from anyone and everyone.

Lake Grace Artist Group (cont.)

We are looking forward to some window box exhibitions and two gallery exhibitions this year.

- Joyce Conti will have a window box exhibition in March.
- Kerrie Argent in April.
- Lenore Gladish for May.

Dare to Wear exhibition in June is an exhibition of 25 garments made by 25 different textile artists which should be interesting, varied and hopefully beautiful.

We have had two workshops to make canvas's for our next exhibition in May (which is being held in Mt Barker) and September (held here in Lake Grace).

This exhibition is themed as landscape. It can be a landscape be it urban or rural, or you can get up close and personal to something from the environment. As it is themed landscape the size we are working on is 120cm x 30 cm for 2D work or if you would like to do 3D work make it 120cm x 30cm x 30cm. Any medium multi or mixed medium, recycled materials etc, is encouraged as well. If any one would like to participate in this exhibition please contact Kerrie Argent 0447791399 for further information.

Don't forget Newdegate Field Days Art Competition is coming up in September so getting started now is not a bad idea. It would be great to see if we can get more local artists involved.

Other workshops that we will be running during the year is a rerun of bush basket making with the Basketcase lady Glenda in April. The date for this has not been confirmed yet. Please keep an eye out if you would like to join us.

Jayne Argent will do a workshop on 6th & 7th May, Curiosity Cabinets. More information to come.

We will be exploring the Powertex mediums each meeting day 10-12am in June, July and August.

And we are exploring having Dale Rollenson back later in the year for all those textile artists and crafts people out there. Dale is an excellent teacher and multi media artist focused mostly on technique that can be used with textiles and manipulation, printmaking, stitch and any other product that will enhance your work.

If you are interested in any of these workshops please let Jeanne Melville know 0419 434 403.

Telescope Records Massive Explosion 12 Billion Years Ago

Media Release - UWA

The University of Western Australia's Zadko Telescope has captured the explosive birth of a black hole 12 billion light years away that took place before the Earth and Sun existed.

The images reveal a blast so powerful it was equivalent to a billion suns shining together for one minute.

The explosion was recorded at 10.49pm on Thursday 2 February when a NASA satellite orbiting the Earth sent an alert to the Zadko Telescope.

Within seconds of NASA detecting the explosion, Zadko swung into action, taking very sensitive images of the sky.

UWA Zadko Science Director Associate Professor David Coward said what the images revealed was extraordinary.

"Over several minutes we saw a rapidly brightening star, where there was no star before," Professor Coward said.

"The light from the explosion had travelled for 12 billion years before hitting the telescope." Professor Coward said the discovery was important because Zadko had provided one of the most detailed recordings of a massive star exploding. The event, named GRB170205

was monitored by Zadko for more than 24 hours.

The Zadko images will be used to test the "fireball model", which so far is the only feasible description in the world of how these explosions occur. The discovery will help understand the extreme physics at play when a massive star explodes.

The Zadko Telescope, operated by the UWA School of Physics and Astrophysics, was made possible by a philanthropic donation to UWA by James Zadko.

My Kids Don't Know What I Do

I've been working on my PhD in engineering for the past five years, but my kids don't necessarily see that as work.

As we were driving past Walmart one day, my son spotted a Now Hiring sign and suggested that I could get a job there.

Hoping to make a point, I asked, "Do you think they're looking for an engineer?"

"Oh, sure," he said. "They'll hire anybody."

How To Translate Work Emails

I have a question. = I have 18 questions.

I'll look into it. = I've already forgotten about it.

I tried my best. = I did the bare minimum.

Happy to discuss further. = Don't ask me about this again.

No worries. = You really messed up this time.

Take care. = This is the last you'll ever hear from me.

Cheers! = I have no respect for you or myself!

Weird Questions Librarians Hear...

Before google, there were librarians. Here are some queries posed to the poor, suffering staff of public libraries:

- A woman wanted "inspirational material on grass and lawns."
- "Who built the English Channel?"

- "Is there a full moon every night in Acapulco?"
- "Music suitable for a doll wedding to take place between a Shirley Temple doll and a teddy bear."
- "Can the New York Public Library recommend a good forger?"

Spotted on Facebook...

Student: I don't understand why my grade was so low. How did I do on my research paper?

Teacher: Actually, you didn't turn in a research paper. You turned in a random assemblage of sentences. In fact, the sentences you apparently kidnapped in the dead of night and forced into this violent and arbitrary plan of yours clearly seemed to be placed on the pages against their will. Reading your paper was like watching unfamiliar, uncomfortable people interacting at a cocktail party that no one wanted to attend in the first place. You didn't submit a research paper. You submitted a hostage situation.

MSW?!(Mom say what?!)

Texting acronyms can stump even the best parents:

Mom: Your great-aunt just passed away. LOL.

Son: Why is that funny?

Mom: It's not funny, David! What do you mean?

Son: Mom, LOL means Laughing Out Loud.

Mom: I thought it meant Lots of Love. I have to call everyone back.

St John Ambulance Lake Grace... Grand Opening (cont.)

At 2:10pm, the master of ceremonies Volunteer Ambulance Officer, Ross Chappell called everyone together to commence the ceremony. Ross welcomed everyone and gave a brief history of the sub centre. It was fantastic that our most senior sub centre member Mr Phillip Franks and his wife Ann were able to join us at the ceremony. Thank you to Coralie Palmer for assisting Mr & Mrs Franks.

Chief Executive Officer of St John Ambulance Mr Tony Ahern was next to address the audience. Tony reflected on the project construction and the role of infrastructure to the St John Ambulance volunteer model. After the ceremony Mr Ahern was very complimentary to the community and the project.

Mr Gary Guelfi representing the vast amount of community donations, was then called to the lectern. Gary highlighted and acknowledged that this project is over 70% funded through community funds. As Gary said, "it takes a community to raise a child, but it has taken 12 communities to build an ambulance sub centre". Gary did a great job, especially considering he was a reluctant public speaker.

Next our MC Ross Chappell introduced Terry (Tuck) Waldron to address the audience. Terry spoke about the importance of government and corporate organisations in funding this type of project, and how by working together we can achieve great things.

Artist Kerrie Argent was next to address the proceedings, and Kerrie described how the donor recognition tree sculpture came to be, and why the eucalypt "Silver Princess" was chosen as the sculpture inspiration. Silver Princess's are now very rare in the landscape, they grow in dry and desolate locations, they struggle to establish, but when they do, they have the most spectacular display of flowers.

Kerrie related the tree to the struggle that this project has had, to come to fruition, and the beautiful creation it is today. Kerrie also recognised Sculptor Ben Argent as the engineer who interpreted the drawings and created the sculpture. Kerrie also acknowledged Sculptor/Engineer Lawrie Dickins for the ground sculpture of the St John Logo, that looks spectacular nestled into the synthetic grass.

Next we had local and ex local St John Ambulance volunteers, Fr Joseph Sousa, Ollie Farrelly, Fr Gayan Thamel, Mrs Lois Dickins (representing past and longer serving volunteers), Mrs Christine Fyfe (representing current volunteers) and Miss Lauren Bushby (representing new and future volunteers) conduct the blessing of the building ceremony. This blessing was punctuated with the sprinkling of holy water on the plaque as a representation of the building. In December 2015 a similar small ceremony was undertaken to bless the block, so this was a perfect bookend to that event.

St John Ambulance Lake Grace... Grand Opening (cont.)

The only thing left was to cut the ribbon. Every single person in attendance was invited to go out the front of the building where they were given a pair of commemorative scissors. The local volunteers then stretched out 50m of bright red ribbon and everyone was invited to find a space so we would cut the ribbon together. MC Ross Chappell gave the count of 3 and the community ribbon cutting was completed. It was fantastic to see the ribbon was shared amongst those in attendance to take home as a memento of the occasion.

Then it was time to relax, have another look around the facility, fill in the signing book, and enjoy a good old fashioned country afternoon tea, provided by Mrs G Catering and her staff.

Highlight of the event was the content of the ceremony (with the blessing being a significant component), while the ribbon ceremony was seen by most to be the pinnacle of the event.

We want to thank everyone from near and far who travelled to celebrate with us. We had visitors from Perth, Wongan Hills, Wundowie, Toodyay, Gingin, Margaret River, Albany, Pingrup, Pingaring, Kulin, Narrogin, Dumbleyung and Newdegate. Thank you for your support, the immense presence of community was not lost on the dignitaries of the day.

As this will be my last project update to the community, I am taking the opportunity to say what a privilege it has been, to manage this project on your behalf. It was with a great sense of responsibility that the community and corporate funds were spent carefully and wisely.

My sincere thanks to AK Homes our builders, our Architect, Urban and Rural Perspectives, Dan Turner our Structural Engineer, Darryl Baxter our Building Surveyor and to every trade for the care they have taken in producing this magnificent new facility. It has been fantastic to work with you all. Thank you for teaching me in this my rookie building project.

My thanks to Ross Chappell who was my second in charge should something happen to me. Even through illness Ross remained connected to the project and took on sub projects. Well done and thank you.

To the building committee my thanks for your attendance to the zillion emails you have addressed over the years. We only met "face to face" once during the construction, all of the rest of the work has been done in a virtual environment, and it has worked well. To the sub centre volunteers, their partners and families..... thank you for your support, vision, persistence and sense of humour, please use this new facility to serve the community well.

Lastly to my husband Graham. Thank you for allowing me to spend the last 15 months almost full time on this project, and for the last 7 years of support to get this building to its conclusion.

Together we took on this project knowing that it would be hard, and that it would test our business/management skills and our relationship. We have not come through the process unscathed, but we are stronger and more resilient from what has been achieved. Together Graham and I would like to commend all those involved, for you represent the true spirit of community. Your DNA is part of this outstanding, new, purpose built, intergenerational facility. Thank you, and from the project.....goodbye.

Shire of Lake Grace Road Network

Media Release Lake Grace

Shire of Lake Grace staff have now completed initial inspection of our road network. Users of our roads are asked to exercise caution on our road network as debris and water is still laying on many roads, and some useable roads have been subject to wash out on shoulders.

Local traffic is advised to exercise caution and drive to the road conditions.

Bus Routes Bus routes have been assessed and the shire administration has worked with the Public Transport Authority (PTA), giving priority of assessment to these routes. Roads that have been subject to extreme damage will remain closed. Enquiries on bus routes should be made to the Public Transport Authority (08) 9326 2000. The Public Transport Authority is currently in liaison with the contract operators to return school bus services, whilst avoiding closed roads.

Operators are reminded to exercise caution when using open roads and to drive to road conditions.

Shire graders are as of 16 February 2017 prioritising grading to school bus routes.

Roads currently closed

- West Kuender Road, from White Dam Road, West to the Shire Boundary
- White Dam Road from Treloar Road to Burns Road
- Cummins Road from Willcocks Road to Mallee Hill Road
- Gordon Road
- Jugos Road West
- Jugos Road East
- Pelham Road from Jugos Road East to Mallee Hill Road
- Mallee Hill Road from Hollands Track Road to Morton Road
- Lockhart Road
- Parsons Road from Magenta Road to Lee Road
- Wilson Road
- Old Ravensthorpe Road
- Taylor Road
- Newman Road
- Orr Road

Repair to Damaged sections of road The most damaged sections of road will be subject to assessment for Western Australian Natural Disaster Relief and Recovery Arrangements (WANDRRA). Subject to the condition of the funding, a third party engineer will need to be engaged to the satisfaction of Main Roads Western Australia to verify damage on Shire of Lake Grace Roads, and this is expected to take some time before remedial works can take place. Your patience in this process is appreciated. Updates will be made on this site as information becomes available.

Interested in participating in Auskick, Junior Footy or Junior Hockey?

Lake Grace Pingrup

Junior Footy, Auskick & Junior Hockey

Registration Day

Where: Lake Grace Sports Pavilion Shed

When: Thursday 16th March 2017

Auskick & Football - Missy Clifford 0407 190 177

Shire of Lake Grace

Public Notice

Strategic Community Plan Review

The Shire of Lake Grace is currently undertaking a review of its Strategic Community Plan 2013-2023.

The Strategic Community Plan provides a long term (10+ years) plan for the Shire, expressing the vision, aspirations and priorities of the community and is the Shire's principal strategy document, influencing all other planning and decision making at the Shire.

As an essential part of this review, we are seeking to maximise community input and invite members of the community to participate.

Have your say by:

- Completing the online survey available at www.lakegrace.wa.gov.au under '**Have Your Say**'; or
- Completing a printed survey, available from the Lake Grace Shire Office, Lake Grace Library & CRC, Newdegate Library & CRC, Lake King Store and Varley Store; and
- Attending one of the community workshops on:
 - ⇒ Monday 27 March 2017, 1.00pm at the **Varley Sports Pavilion**;
 - ⇒ Monday 27 March 2017, 6.00pm at the **Newdegate Recreation Centre**;
 - ⇒ Tuesday 28 March 2017, 12.00 noon at the **Lake King Hall**; or
 - ⇒ Tuesday 28 March 2017, 6.00pm at the **Lake Grace Town Hall**.

Returning Survey Forms:

Please return printed survey forms by email shire@lakegrace.wa.gov.au; fax 9890 2599; mail PO Box 50, Lake Grace WA 6353 or in person to the drop-off boxes at the Shire Office in Lake Grace, Lake Grace Library & CRC, Newdegate Library & CRC and at the Varley or Lake King Stores.

The survey will remain open until **4.00pm on Wednesday 29 March 2017**.

For more information and to register your intention to attend one of the workshops please call the Shire on 9890 2500 or email shire@lakegrace.wa.gov.au.

Sudoku

- ☐ The Sudoku grid of rows and columns is divided into individual 3x3 boxes.
- ☐ The aim of the game is to fill each row, column and 3x3 box with the numbers 1 to 9.
- ☐ You can't repeat numbers in a row, column or 3x3 box and you can't change the numbers already in squares.
