Lions Cancer Institute Screening Unit Visits Lake Grace

Arthur Slarke

The Lions Skin Cancer Screening Team L to R: Darrel Maynard, John Osborne, Meg Bradford-Sealy and Monika Calwell.

The local Lions Club was very pleased to see the Skin screening van back in town after more than a decade. The special day was Monday 6th March 2017.

Lake Grace is just one town in the region being visited. Kulin preceded us while the Pingrup community will be screened on the following weekend.

Many thanks to the community for supporting this important cancer check which is conducted by volunteers. It was good to see a number of people from other towns taking the opportunity to have a skin check

here on this Monday holiday.

Thank you also to the number of businesses and individuals for accommodating the needs of the volunteers for their 2 night stay in our town.

Special thanks to Lion Arthur Slarke & Neville Moulden for organising this successful event and Lion Shashi Holla for his help on the day at The Shed. Also to Lion Nick Maalouf & Phil Clarke for their generosity behind the scenes.

Editorial

- ☺ We still have a box of **waterwise showerheads** available for anyone wanting to swap their old one over for a new one. Make the most of the opportunity before it's too late!!
- ☺ If the police pull you over during the next couple of months and you don't think you've done anything wrong please greet them with light hearted friendliness as you may have been driving so brilliantly that they want to acknowledge that fact. Lake Grace Roadwise will be giving away some **\$25 fuel vouchers** for motorists who are driving safely and our local police are going to have the task of passing them out.
- ☺ Welcome to **Whitney King** who will be working with us to learn some office skills as part of the Endorsed Workplace Programme with Lake Grace District High School. Whitney will be with us every Thursday afternoon for two hours during school term.
- ☺ It's all go for our **drug and alcohol information session** in Lake Grace (see page 11). It's on Thursday 6th April, we haven't as yet set a venue. We would appreciate RSVP's as soon as possible as that will help us decide where to hold the event.
- ☺ The **Beyond Gardens** crew is coming back to Lake Grace on Saturday 1st April. A great opportunity to get all of your gardening questions answered, please

RSVP if you're coming!

- ☺ Thank you to everyone for getting their stuff in for the Lakes Link so promptly. It really helps us with our organisation.
- ☺ We have just registered our interest for running another **Food Sensations programme**. It will be happening in May (4th—25th), providing we get the nod. However if you're keen then please let us know. It will run on a Thursday for four weeks; it's important that you attend each week.
- ☺ The CRC is coming to the end of their **Governance Support** activities. These were grant funded and started with those fabulous Volunteering WA workshops last year and have culminated in Caroline Robinson doing some great hands on activities with clubs and organisations in Lake Grace and Newdegate. Some money hasn't been spent and I will work on seeing if I can redirect it towards more workshops related to constitutions and/or club assistance for later in the year.

Happy birthday sis (Sheryl Smith)

You are a amazing sister and if I need a friend you are that. May you have a awesome day filled with warmth and all the love that you deserve. We are all thinking of you. Lots of love Judy, Brian, Daniel, Kylie, partners and great nieces and nephews.

Support Needed for a Community Bank in Lake Grace

Suzanne Reeves

A second public meeting was held on Wednesday 8th March to gauge support for Lake Grace having a Community Bank[®]. The meeting was well supported with a good turnout from Bendigo Bank as well as representatives from the staff and board of the Kulin Community Bank[®] branch.

The fifth biggest bank in Australia, the Rural Bank division is the only Australian owned agribusiness company. It's an ideal partnership between a bank that identifies with community needs and a community wanting a personalised touch with the added benefits of injections of cash donations into the community as the bank business grows.

Lake Grace has the opportunity to have an agency that comes under the Kulin Community Bank[®] branch. This would be the best of both worlds with Lake Grace having the support of a well established bank while having a four day a week shop front. It is also an opportunity for neighbouring towns to share resources to retain the services that our towns need.

To achieve a two staff agency, Lake Grace needs to be conducting ten million dollars of business with Bendigo; this may seem a lot however term deposits, home

loans, superannuation and insurances soon add up!

The added bonus of a community bank is what they give back to their community; although Lake Grace would come under the umbrella of Kulin, accounts are post coded and profits generated from Lake Grace customers would be diverted back to our area. Lake Grace has had two banks for decades and with one bank leaving town in 2016 there's no reason why we can't put ourselves forward and reap the benefits of having a Community Bank[®].

If you would like to know more about how you can help support the establishment of a Community Bank[®] in Lake Grace then please call Murray Stanton (9865 1108), Peter and Anke Stoffberg (0447 281 181), Jeff McKenzie (0458 693 014) and Suzanne Reeves (0427 651 310). A reference group (steering committee) is in the process of being established, if you would like to be involved then please call any of the above contacts.

Tom Murphy, the Business Development Manager of Kulin Branch is only a phone call away (0488 422 477) and is more than happy to meet with potential clients; home visits are welcome.

Make Smoking History - From Every Quitter

Media Release - Cancer Council - Karen Hansen

When we asked smokers what was the main reason their quit attempts had failed, the most common answer by far was friends and family smoking around them.

Last month Make Smoking History (MSH) launched the **brand new WA-made campaign 'From Every Quitter'**. The campaign features a diverse group of twelve Western Australians who have recently quit smoking or are currently attempting to quit. In the television advertisement each person delivers an authentic heartfelt plea directly to camera, asking smokers, "If you can't quit with me, don't smoke around me."

'Seeing other people smoke' was uncovered as a key trigger to light up by smokers involved in focus group research that was commissioned by Make Smoking History in November 2015. The same study, found that having loved ones who smoke was the number one barrier to quitting smoking for both males and females. This campaign aims to help people on their quitting journey by rallying the support of their friends and family, especially those who continue to smoke. It will run throughout WA until Saturday 6 May 2017.

Research shows that 2 out of 3 long term smokers will die from their cigarette addiction, ie of the 257,000 adults in WA who smoke, 171,000 will die from their smoking habit; every day approximately 50 people are

admitted into hospital due to tobacco smoking and 1,600 (4 people per day) die from tobacco use every year in WA alone.

Now is as good a day as any to quit. There is help out there. Talk to your GP or call Quitline on 13 78 48, visit makesmokinghistory.org.au for information and resources or contact the Wheatbelt Cancer Council WA office or your closest Public Health Unit for any local quit smoking courses." For confidential cancer-related information and support call Cancer Council 13 11 20.

Marty Came to Town

Cheryl Chappell

Marty and his team came to Lake Grace last week, the event was advertised as a great night out with lots of laughs, and the audience of 76 young and old attendees were not disappointed. It was a show that involved audience participation, so children, young people, parents and grandparents laughed, meowed, barked, baaed and mooed together. Marty was full of gags, jokes and surprising inventions, and he had the audience in fits of laughter.

Three very brave local people joined Marty on stage not knowing what was in store for them; and congratulations are in order for both their catching skills and participation, especially those under 5's!

The evening concluded with a supper supplied by the Lake Grace Artists Group, thank you to the people who kindly donated the food. Thank you also to those who gave Jayne a gold coin donation.

Shows on the Go is a Country Arts WA initiative, enabling country people to attend theatre in their town by bringing theatre into the country. They organise tours twice a year and the Lake Grace Artists Group with support of the Shire of Lake Grace is always willing to invest in the cost of bringing shows to town. Thank you to Marty and his team for a fun night out.

Above: Mark Pearce joined Marty on stage.

Above: Beau Trevenen jokes with Marty. Above: Paige Nenke chats with Marty.

After the show families took the opportunity to have photos taken with Marty.

Left: Tyler, Seth, and Levi Argent with Marty.

Right: Marty, with Rosey, Madison, Jessica and Ali-Rose Chircop

Kukerin Shade Sheds

Susi Leo

There is a new local business! Damion and Susi Leo of Kukerin have recently become resellers for Queensland company Transportable Shade Sheds. TSS is already a very popular business in Queensland and has only just branched out to other states including WA. Damion and Susi spent two days in Perth at a conference learning all the relevant information regarding the entire TSS product range and are now operating under the business name of Kukerin Shade Sheds.

We can supply (and install if required) engineered and wind rated shade structures to cover just about anything (cars, boats, caravans!), industrial shade sheds, compliant dangerous goods storage units for all chemicals, flammable liquids and acids, self-composting toilets, accommodation cabins / site offices as well as general storage units. Every product is 100% transportable and can be moved from site to site or around the grounds.

All structures for dangerous goods are purpose built for the storage and handling of these items. These sheds meet all the Australian standards criteria and Transportable Shade Sheds is already the preferred supplier to many councils, mines and national parks across the country.

The well-known Transportable Shade Sheds range is

perfect to suit just about any application. The product is very often used to cover boats, caravans, vehicles, tractors, trucks, animals, used on worksites to create undercover work areas for staff as well as in the schools, sporting clubs and day care centres to protect children from the sun and weather.

Feel free to browse the website - www.shadesheds.com.au - for a full list of products. You can contact Dame on 0427 646 043, Susi on 0439 546 043 or via email djsjleo@bournet.com.au - for further information or to enquire about an obligation free quote on a product.

5. An incredibly novel ribbon cutting ceremony that included everyone present.

Seal Works

Media Release Shire of Lake Grace

As part of the approved work program, the Shire will be progressing sealing works over the coming weeks.

Holt Rock South Road was programmed for 10 March 2017, with reseals commencing in the following towns:

- Varley starting on Saturday 11 March 2017;
- Lake King starting on Sunday 12 March 2017;
- Newdegate starting on Monday 13 March 2017;
- Lake Grace starting on Monday 20 March 2017,

however, this is subject to weather conditions.

These projects are not related to flood damage, and

are part of the Shire's approved annual program of works which need to be progressed independently of works being conducted to repair flood damage.

Please take care when driving around road works being mindful of temporary speed limits associated with these road maintenance projects.

We thank you for your patience as we work in these locations.

LAKES LOCAL ACTION GROUP FOR SKELETON WEED INCORPORATED

The Lake Grace, Kondinin, Kulin, Dumbleyung, Wickepin Shires with the addition of parts of the Ravensthorpe and Corrigin Shires make up the Lakes Local Action Group, working towards eradicating and controlling Skeleton Weed in our region.

The Lakes Local Action Group for Skeleton Weed Incorporated holds office in Lake Grace in the old Department of Agriculture and Food Building on Stubbs Street, Lake Grace. The LAG assists the Department of Agriculture with the implementation of the State Skeleton Weed Program. The main task of the LAG is to assist Landholders to meet their obligations under the Biosecurity Agricultural management Act in relation to the Declared Weed, Skeleton Weed.

We now have an informative website: lakeslaginc.simplesite.com and a Facebook page.

These provide information for Landholders and the public about the processes involved if you find Skeleton Weed and how we deal with eradicating and controlling it.

All contact details for the Lakes Local Action are on the website.

For those Landholders that have not returned their Property and paddock reports for this season 2016/2017 please do so urgently so we can update our data base and get your End of Season reports out to you before seeding.

All the best for a successful season ahead.

Sculpture At Bathers

Suzanne Reeves

Lake Grace artist, Tania Spencer, continues to be a fantastic ambassador for what can be achieved regardless of where you live with the inclusion of her piece, 'Dispersal Machine', in the 2017 *Sculpture at Bathers*.

Sculpture at Bathers began in 2013 to tell the story of West Australian sculpture as a distinctively special practice. After two successful 'free to the public' exhibitions in 2013 and 2015, Sculpture at Bathers returns to enliven Perth's cultural landscape. They are a small organisation led by a dedicated group of artists, volunteers and philanthropists.

A wide net is cast to ensure a dynamic mix of artists, from those with a strong established reputation to fresh, emerging talent. Artists are invited to submit a work representing their best current practice. The result is the largest dedicated survey of West Australian contemporary sculpture; a fabulous testament to homegrown talent.

Tania was one of 80 celebrated West Australian sculptors included in the exhibition at Bathers Beach, a location that allows the exhibition to tap

in the unique and historic atmosphere of Fremantle's West End. *Sculpture at Bathers* want more people to live with great West Australian art and they want their audience to have an unforgettable cultural experience...

Tania Spencer's sculpture, 'Dispersal Machine'.

Clinic on **ph: 9890 2246**

Mosquito-Borne Disease Risk Increase Across WA

Media Release Shire of Lake Grace

There has been increased publicity recently in regard to mosquito-borne diseases due to flooding throughout Western Australia.

People living or travelling throughout Western Australia do not need to change their travel plans, but should take extra precautions to avoid being bitten by mosquitoes, including:

- avoiding outdoor exposure particularly around dawn and dusk (and the first few hours after dark)
- wearing protective (long, loose-fitting, light coloured) clothing when outdoors
- applying a personal repellent containing 20 per cent diethyltoluamide (DEET) or picaridin to exposed skin or clothing. The most effective and long-lasting formulations are lotions or gels. Natural or organic repellents may not be as effective as DEET or picaridin, or may need to be reapplied more frequently
- wearing head nets if outdoors
- ensuring insect screens are installed and in good condition – the use of bed nets when sleeping will offer further protection
- using mosquito nets or mosquito-proof tents

- when camping or sleeping outdoors ensuring infants and children are adequately protected against biting insects, preferably with suitable clothing, bed nets or other forms of insect screening.

The recent rainfall is also a timely reminder for residents to minimise mosquito breeding around the home by taking some simple steps to remove or modify breeding sites such as:

This is a joint project between the Lake Grace Community Resource Centre and the Lake Grace Sportsman's Club.

Lake Grace District High School News

Welcome to Room 6

where we bewitch the mind and ensnare the senses by entering the world of
Harry Potter

The year 3/4s kicked off 2017 with their Harry Potter theme. They have created their own Hogwarts letters, were sorted into their houses, have been chosen by their wands, discovered their deepest desire in the Mirror of Erised, created magical learning goals learnt about Quidditch AND have finished reading Harry Potter and the Philosopher's Stone already. We are currently researching fantastic beasts and reading wizarding fairy tales (The Tales of Beedle the Bard). If they continue with this determination they will fly through the year (no broomsticks needed).

Please come and join us for our Assembly, next Tuesday 21st of March at 2:15...

It will be magical!

CEO's Corner

Flooding Event – February 2017

The Main Roads WA approved independent engineer appointed to assess the infrastructure damage has completed the physical assessment and will now prepare a report and costing to be presented to MRWA. Until this assessment is finalised we are not able to access any WANDRRA funding.

For road closures please refer to the Shire's website shire@lakegrace.wa.gov.au or facebook page for a list of current roads that are closed within the Shire.

Blazeaid is setting up a base camp in Lake King in March to help those affected by the floods. Please register your interest at the Shire on 9890 2500 or contact Blazeaid on 0427 614 540. Information is available on the website www.blazeaid.com.au.

The Department of Child Protection and Family Support has set up a Disaster Response Hotline for families and individuals who may feel that they need some professional psychological support. The 1800 Disaster Response Hotline number is **1800 032 965**.

If you are aware of families or individuals within our community who have been affected by the flood events and may need some support, please encourage them to contact the Disaster Response Hotline.

WANDRRA Funding

In response to the widespread flood damage across much of Western Australia in February, a workshop was held to develop a revised model to enable Local Governments to claim reimbursement of cost incurred in restoring public assets damaged in declared natural disasters through the WA Natural Disaster Relief and Recovery Arrangements (WANDRRA).

Currently, Local Governments can only recover costs incurred by contractors or in overtime payments to staff, when reinstating public assets damaged or destroyed in natural disasters.

The workshop was attended by representatives of Main Roads, Local Government, WALGA, Department of Premier and Cabinet and the Office of Emergency Management (OEM).

The delegates agreed that the current Federal Government proposal to allow claims for Local Government day labour, but excluding plant and

consumables, would result in substantial under recovery for Local Governments and would not provide a feasible alternative to the current methodology of contracting out all the works.

It was agreed to develop an approach based on an "Upfront Model" proposed by the Federal Government for potential implementation next year with the following framework:

- Local Governments will prepare an upfront scope of works and cost estimate
- Main Roads will approve the scope of works and estimate and authorise the works to proceed
- Local Governments will have the flexibility to execute the work using any method that they consider the most practical and cost effective
- Local Government will claim full reimbursement based on certificates of work completed. This could be monthly or on completion
- there will be a mechanism to accommodate variations for latent defects and other unforeseen issues; and
- there will be an opportunity to claim a percentage of the estimated cost as an upfront payment.

The OEM has compiled a discussion paper and ministerial briefing seeking an exemption from the Federal Government in order to trial this model for restoration work needed following the recent disaster event.

If the reformed model is not accepted, then the OEM has further asked for an alternative exemption where the use of own sourced labour including plant and consumables be accepted.

Until any decision is made in relation to WANDRRA funding any works the Shire undertakes using our own staff will not be considered for reimbursement. Given this we are endeavouring to follow the current processes in place to ensure we are eligible for reimbursement on all repair work undertaken.

Marty's Party

Congratulations to all involved in bringing Marty's Party to Lake Grace on Tuesday 7 March. It was great to see so many families in attendance, a good night filled with much excitement and lots of laughter.

Continued over ..

Shire of Lake Grace Community News *Cont.*

CEO's Corner continued

Strategic Community Plan - Major Review

The Shire is reviewing its Strategic Community Plan 2013-2023; and is calling for the community to contribute to the review.

The Strategic Community Plan provides a long term (10 years plus) plan for the Shire, expressing the vision, aspirations and priorities of the community and is the Shire's principal strategy document, influencing all other planning and decision making at the Shire.

Community surveys can be completed via the Shire website www.lakegrace.wa.gov.au; Lake Grace Shire Office, Lake Grace Library and CRC, Newdegate Library and CRC, Lake King Store and Varley Store.

Return survey forms by 4.00pm Wed 29 March 2017.

Mosquito Fogging

We are currently fogging weekly in the Lake Grace and Newdegate townships. Due to the recent floods the Shire is investigating further options to reduce the mosquito infestation around all townships, however, it is equally important that the community itself implements some of the simple steps recommended.

To help control the mosquito breeding cycle please be vigilant and check your property for any stagnant water (e.g. in pot plants) and reduce overgrown vegetation.

Building & Maintenance Team

The Building Maintenance Team has been assisting with works at the Lake Grace Independent Living Units (ILUs) by fitting doors and windows to Unit 3 and completing timber works on Unit 3 walls.

Progress on the ILU's can now easily be seen with the completion of roof installations. The coming weeks will see the external cladding go up, putting the units into lockup which will enable internal fitout. Electrical works are progressing with fitout of internal wiring and power point locations being fixed.

Road Works

Our Construction Team finished Morton Road and returned to Holt Rock South Road to trim the road ready for bitumen sealing work which was carried out over the weekend. They are now working on Hatters Hill Road and will be staying out at Lake King.

Newdegate and Lake King grading contractors are busy grading flood damaged roads. The Lake Grace Maintenance Grader is grading school bus routes damaged by flooding.

Road Maintenance Team

The Road Maintenance Team is erecting signage throughout the many flood damaged areas of the Shire.

Gardeners

Our Town Maintenance crew has been working around

the Lake Grace and Varley townships.

Special Council Meeting – Tuesday 7 March 2017

A Special Meeting of Council took place last Tuesday to consider items of business as follows:

- Retrospective Development Application for Temporary Grain Handling & Storage Facility at Newdegate – Council approved the DA subject to conditions and advice notes.
- Meeting with Shire Auditors – Council endorsed the verbal report provided by Shire Auditor and that a meeting between the Audit Committee and the Auditor would satisfy compliance requirements.
- 2015/2016 Annual Report – Council accepted the Annual Report for the 2015/2016 financial year and authorised the CEO to give local public notice of the availability of the Annual Report.
- 2015/2016 Annual Electors General Meeting – Council endorsed the holding of the Annual General Meeting of Electors on Wednesday, 29 March 2017 at 7.00 pm in the Shire of Lake Grace Council Chambers, 1 Bishop Street, Lake Grace.

The minutes of the March 2017 Special Meeting are available on the Shire's website at www.lakegrace.wa.gov.au.

Annual Meeting of Electors

The Annual Meeting of Electors of the Shire of Lake Grace is to be held at 7.00 pm on Wednesday, 29 March 2017, at Council Chambers, 1 Bishop Street, Lake Grace.

The purpose of the meeting and order of business is:

1. To discuss the contents of the Annual Report for the year ended 30 June 2016
2. Other General Business

Members of the public are welcome to submit questions at this meeting and may do so by lodging written submissions to the Shire by no later than Friday, 24 March 2017.

The Annual Report for the financial year ended 30 June 2016, is available and can be obtained by contacting the Shire on 9890 2500, collected from the Shire at 1 Bishop Street, Lake Grace or from the Shire's website www.lakegrace.wa.gov.au.

Community Survey - Strategic Community Plan Review

STRATEGIC COMMUNITY PLAN REVIEW - COMMUNITY SURVEY

The Shire is reviewing its Strategic Community Plan; and is calling for the community to have its say through completing a short survey and attending one of the community workshops coming up later in March.

The survey is an important factor in determining levels of service for the future – we need as many people as possible to complete and return them.

Completing the survey online - the link to the survey can be found on the Shire's website www.lakegrace.wa.gov.au and on the Shire's facebook page www.facebook.com/ShireofLakeGrace

Alternatively paper copy surveys are available at the Lake Grace Shire Office, Lake Grace Library and CRC, Newdegate Library and CRC, Lake King Store and Varley Store.

Surveys are to be returned by 4.00pm Wed 29 March 2017.

Community Workshops - March 2017

Monday 27 March: 1.00pm at Varley Recreation Centre
 Monday 27 March: 6.00pm at Newdegate Recreation Centre
 Tuesday 28 March: 12.00 noon at Lake King Hall
 Tuesday 28 March: 6.00pm at Lake Grace Town Hall

For more information and a copy of the survey or to register your intention to attend one of the workshops please call the Shire on 9890 2500 or email shire@lakegrace.wa.gov.au.

Bushfire Bulletin

What will you do if you encounter a bushfire while travelling or staying near bushland?

In Western Australia, bushfires can start suddenly without warning throughout the year. People have been killed or seriously injured during bushfires. If you are travelling or staying near bushland, fire is a real risk to you. Be aware of your surroundings and carry a printed map of the areas you are visiting. Pack an emergency kit to take with you including important items such as woollen blankets, drinking water and protective clothing.

If there is a lot of smoke

- Slow down as there could be people, vehicles and livestock on the road.
- Turn your car headlights and hazard lights on.
- Close the windows and outside vents.
- If you can't see clearly, pull over and wait until the smoke clears.

If you become trapped by a fire

- Park the vehicle off the roadway where there is little vegetation, with the vehicle facing towards the oncoming fire front.
- Turn the engine off.
- Close the car doors, windows and outside vents.
- Call 000.
- Stay as close to the floor as possible and cover your mouth with a damp cloth to avoid inhalation of smoke. If smoke enters the vehicle, toxic fumes are released from the interior of the vehicle.
- Stay covered in woollen blankets, continue to drink water and wait for assistance.

- Stay in the car until the fire front has passed and do not open windows or doors.

Once the front has passed and the temperature has dropped, cautiously exit the vehicle. Internal parts may still be extremely hot.

During an emergency, one of the best things you can do for your safety is keep informed about where the danger is, what is happening and what to do.

DFES recommends that people use a range of sources of information about an emergency.

This includes:

- using the DFES website to access warnings
- staying in touch with neighbours, family and friends
- being alert and aware of your surroundings
- tuning in to ABC local radio
- listening to 6PR if you are in the Perth metropolitan area

If someone you know alerts you to a possible emergency, or if you can see or smell something that might be dangerous, that's your warning.

Main Roads provides updated information on road closures throughout Western Australia. Call 138 138 or www.mainroads.wa.gov.au

Never rely on any one source and remember, you know best what is happening in your immediate surroundings.

If you believe you may be in danger, act immediately for your own safety. In a life threatening emergency call triple zero (000).

Apprentice to Subbie – Goods and Services Tax

Directions WA

If you are planning to set yourself up as a self-employed contractor or subcontractor, you will need to consider the question of whether or not you register for the Goods and Services Tax (GST).

If you have started a new business and expect it to reach or exceed the GST turnover threshold in your first year of operation, you should register for GST straight away. For most business types including subbies and self-employed tradespeople, the GST turnover threshold is a gross income minus GST of \$75 000 per year. You also need to register if you want to claim fuel tax credits for your business.

Registering for GST

You can register for GST when you first register your business or at any later time and you will need an Australian Business Number to do so. Check out our previous articles in this series for more info on getting an ABN.

For all businesses registered for GST, the goods and services you sell in Australia are taxable (unless they are GST-free or input taxed) and you will need to complete regular Business Activity Statements (BAS) which are lodged with the Australian Tax Office (ATO), usually quarterly.

Reaching the Threshold

If you're not registered for GST, or don't expect to reach the threshold, you still need to check on a monthly basis to see whether you've reached the threshold, or are likely to exceed it. If your turnover does exceed the threshold, you must register within 21 days of reaching it. If you don't register for GST and are required to do so, you may have to pay GST on the sales you have made since the date you became required to register. This could happen even if you did not include GST in the price of those sales. You may also have to pay penalties and interest.

If your business is not required to be registered for GST and you have chosen not to register you should not collect GST on your sales or claim GST credits on your purchases. You can however claim the full cost of your business purchases (including any GST) as a tax deduction on your income tax return.

Seeking Professional Advice

We've only touched on the key issues for the question 'do I or don't I' when it comes to registering for GST and this information should be treated as a guide only as individual circumstances can vary. As always with tax or financial matters, getting expert advice is a very good idea.

Pre seeding 2017

Seeding is only just around the corner, especially after all the Summer rains, so its timely to review our electrical pre season check list.

Two-ways - check all your two ways (UHF + VHF) are in good working order, UHF should be able to transmit up to 20 kilometres with a good aerial, VHF further. If the sets are faulty, bring them into store so we can have them repaired before the rush. We also have GME electraphone, UNIDEN and ICOM two ways in stock. We can arrange VHF sets in most common brands.

Machinery upgrades - upgrading your tractor, car or air seeder and need to transfer monitors from old to new? Give us a call and book us in to carry out the transfer for you. We can fit isolation switches, to stop current drains discharging batteries, at the same time as the monitor swap.

General electrics - have your batteries got enough grunt to start your tractor or truck? Is the alternator keeping up with all the electrical load? How about the starter, is it sticking or making angry sounds every now and then. What about the connector plugs for monitors etc, their condition will determine the reliability and accuracy of signals coming back from the machine.

TV installs - we supply and fit cabled and cordless TV monitoring systems that can be used in air seeders, boomsprays or truck bins for monitoring crucial areas. Screens are colour, available up to 4 sections (quad) on one screen and have infra red cameras for total dark vision. Screens also available in 7 or 9 inch version.

Lights - led lighting has virtually taken over standard and HID lighting on machinery, the floor lights available on the market offer exceptional value for performance come and see us for the most suitable lights for your particular needs. Have you seen the blue led lights for showing up spray patterns? Ask for a demo.

Speaking of lighting, here is a one off special on top shelf version x lights (made in USA) that are going out on special. Our suppliers wanted to reduce some stock, so I have 10 to sell at only \$320 + GST they normally retail over \$550!

10 only, while stocks last.

The Queen's Baton Relay Wants You!

Media Statement

Western Australia is looking for local legends to carry the Queen's Baton in Western Australia as part of the Queen's Baton Relay (QBR) in the lead up to the Gold Coast 2018 Commonwealth Games (GC2018).

The Baton will arrive in Western Australia on Thursday 22 February 2018 and will spend six days travelling through 19 communities, highlighting the State's great diversity.

Thousands of people are expected to turn out to cheer on the batonbearers.

Local legends will carry the Queen's Baton from Albany, the departure point for WWI soldiers, north through areas including Manjimup, Bridgetown and Bunbury. After spending time in the metro area, showcasing our iconic coastline and meeting the odd quokka, the Baton will head north to Karratha for its last day on Tuesday 27 February 2018.

"A relay isn't a relay without people, so the Queen's Baton Relay is looking for people of all ages and abilities to run the Baton around our State," says Ron Alexander, Director General of the Department of Sport and Recreation.

"This is your chance to be part of one of the country's biggest community events – and you don't need to be an athlete to be nominated.

"We want people who represent all that's great about our communities: someone who has made a significant contribution to sport, education, the arts, culture, community or a charity.

Mr Alexander said the Relay was a chance to show off the best of Western Australia to the rest of the Commonwealth – from our oceans to the amazing outdoors, places of Aboriginal significance and proud communities which are part of who we are.

"The Baton's journey will also inspire community pride and build excitement for the largest event to be staged in Australia in a decade.

"On a bigger playing field, this is a chance for Australia to inspire and welcome the world: exploring and celebrating the links, traditions and people that connect Australian communities with the Commonwealth."

From today until 15 May 2017, anyone can nominate a person who inspires them to be great. Nominations can be made at gc2018.com/qbr.

Shire of Lake Grace

Public Notice

Strategic Community Plan Review

The Shire of Lake Grace is currently undertaking a review of its Strategic Community Plan 2013-2023.

The Strategic Community Plan provides a long term (10+ years) plan for the Shire, expressing the vision, aspirations and priorities of the community and is the Shire's principal strategy document, influencing all other planning and decision making at the Shire.

As an essential part of this review, we are seeking to maximise community input and invite members of the community to participate.

Have your say by:

- Completing the online survey available at www.lakegrace.wa.gov.au under '**Have Your Say**'; or
- Completing a printed survey, available from the Lake Grace Shire Office, Lake Grace Library & CRC, Newdegate Library & CRC, Lake King Store and Varley Store; and
- Attending one of the community workshops on:
 - ⇒ Monday 27 March 2017, 1.00pm at the **Varley Sports Pavilion**;
 - ⇒ Monday 27 March 2017, 6.00pm at the **Newdegate Recreation Centre**;
 - ⇒ Tuesday 28 March 2017, 12.00 noon at the **Lake King Hall**; or
 - ⇒ Tuesday 28 March 2017, 6.00pm at the **Lake Grace Town Hall**.

Returning Survey Forms:

Please return printed survey forms by email shire@lakegrace.wa.gov.au; fax 9890 2599; mail PO Box 50, Lake Grace WA 6353 or in person to the drop-off boxes at the Shire Office in Lake Grace, Lake Grace Library & CRC, Newdegate Library & CRC and at the Varley or Lake King Stores.

The survey will remain open until **4.00pm on Wednesday 29 March 2017**.

For more information and to register your intention to attend one of the workshops please call the Shire on 9890 2500 or email shire@lakegrace.wa.gov.au.

Mosquito-Borne Disease Risk Increase Across WA

(cont)

- empty out or dispose containers or rubbish which may hold water
- stock ornamental ponds with fish and keeping vegetation away from the water's edge
- keep swimming pools well chlorinated, filtered and free of dead leaves
- fill or drain depressions in the ground that hold water
- fit mosquito proof covers to vent pipes on septic tank systems, sealing all gaps around the lid and ensure leach drains are completely covered
- screen rainwater tanks with insect proof mesh, including inlet, overflow and inspection ports
- clean out roof gutters to prevent water pooling
- empty pot plant drip trays once a week or fill them with sand
- empty, clean and refill animal and pet drinking water bowls once a week.

For more information on how to prevent mosquito bites visit: <http://healthywa.wa.gov.au/fightthebite>.

The Shire is currently undertaking weekly routine fogging in Lake Grace and Newdegate townships. Due to the recent flood event the Shire is investigating further options to reduce the mosquito infestation around all townships, however, it is equally important that the community itself implements some of the simple steps recommended in this Media Release.

The Queen's Baton Relay Wants You! (cont)

GC2018 are looking for Australian citizens or people lawfully entitled to reside in Australia during the Relay period (25 December 2017 – 4 April 2018) and one of the following:

- Have achieved something extraordinary or inspired others to achieve something extraordinary.
- Have made a significant contribution to sport, education, the arts, culture, charity or within their community.
- Have excelled or aspire to excel athletically or personally.
- Contribute to a fun, friendly, vibrant and inclusive community.
- Are at least 10 years old as at 25 December 2017.

Across Australia approximately 3,800 batonbearers are needed to share the dream of the friendly Games.

The Queen's Baton will travel through Australia for 100 days from 25 December 2017.

The Queen's message is held in the Baton and will be read aloud at the Opening Ceremony on 4 April 2018 to officially open the Games on the Gold Coast.

The Queen's Baton Relay will pass through Albany, Denmark, Manjimup, Bridgetown, Bunbury, Rockingham, Rottnest, Fremantle, South Perth,

Burswood Park, Perth, King's Park, City Beach, Scarborough, Hillarys, Quinns Rock, Wanneroo, Guildford and Karratha.

L to R: Jamie Harnwell, Natalie Medhurst and Trent Mitton welcoming Borobi, the Gold Coast 2018 Commonwealth Games mascot and the Queen's Baton Relay to WA at City Beach.

Humour

Fishing For Whiskey

"Poor Old fool," thought the well-dressed gentleman as he watched an old man fish in a puddle outside a pub. So he invited the old man inside for a drink. As they sipped their whiskeys, the gentleman thought he'd humor the old man and asked, "So how many have you caught today?"

The old man replied, "You're the eighth."

A Panda Walks Into...

A panda walks into a bar and gobbles some beer nuts. Then he pulls out a gun, fires it in the air, and heads for the door. "Hey!" shouts the bartender, but the panda yells back, "I'm a panda. Google me!" Sure enough, panda: "A tree-climbing mammal with distinct black-and-white coloring. Eats shoots and leaves."

Two Cartons of Yogurt...

Two cartons of yogurt walk into a bar. The bartender, who is a tub of cottage cheese, says to them, "We don't serve your kind in here." One of the yogurt cartons says to him, "Why not? We're cultured individuals."

This Cowboy Walks Into...

This cowboy walks into a bar and orders a beer. His hat is made of brown wrapping paper, his shirt and vest are made of waxed paper, and his chaps, pants, and boots are made of tissue paper. Pretty soon they arrest him for rustling.

Repeat That, Mate?

If you understand English, press 1. If you do not understand English, press 2.

Recording on an Australian tax help line

No Bedside Manner

I'd never had surgery, and I was nervous. "This is a very simple, noninvasive procedure," the anesthesiologist reassured me. I felt better, until ... "Heck," he continued, "you have a better chance of dying from the anesthesia than the surgery itself."

The Real Meaning of "An Apple A Day"...

My wife, a phlebotomist at the Denver VA hospital, entered a patient's room to draw blood. Noticing an apple on his nightstand, she remarked, "An apple a day keeps the doctor away, right?"

"That's true," he agreed. "I haven't seen a doctor in three days."

My Daily Regimen

My doctor took one look at my gut and refused to believe that I work out. So I listed the exercises I do every day: jump to conclusions, climb the walls, drag my heels, push my luck, make mountains out of molehills, bend over backward, run around in circles, put my foot in my mouth, go over the edge, and beat around the bush.

Humour

The Camper's Second Opinion

Two campers are hiking in the woods when one is bitten on the rear end by a rattlesnake. "I'll go into town for a doctor," the other says. He runs ten miles to a small town and finds the only doctor delivering a baby.

"I can't leave," the doctor says. "But here's what to do. Take a knife, cut a little X where the bite is, suck out the poison and spit it on the ground."

The guy runs back to his friend, who is in agony. "What did the doctor say?" the victim cries.

"He says you're gonna die."

I'm on The Eraser Diet!

When I stepped on the scale at my doctor's office, I was surprised to see that I weighed 144 pounds.

"Why don't you just take off that last four?" I joked to the nurse's aide as she made a notation on my chart.

A few moments later, my doctor came in and flipped through the chart.

"I see you've lost weight," he said. "You're down to 14 pounds."

A Poor Ex-Spleen Nation

A medical student was told to remove the spleen from a

cadaver. After he did, he kept poking around.

"What are you doing?" asked the professor.

The student answered, "I'm looking for the other one."

A Second Opinion

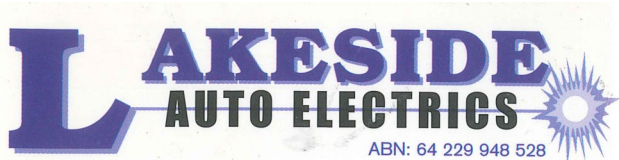

Lenny tells the psychiatrist, "Every time I get into bed, I think there's somebody under it."

"Come to me three times a week for two years, and I'll cure your fears," says the shrink. "And I'll charge you only \$200 a visit."

Lenny says he'll think about it. Six months later, he runs into the doctor, who asks why he never came back. "For \$200 a visit?" says Lenny. "A bartender cured me for \$10."

"Is that so! How?"

"He told me to cut the legs off the bed."

To all our important customers,

Brent Duckworth and Aaron Carruthers would like to announce a changeover in business ownership and name. ACDC Auto Electrics will now replace Lakeside Auto Electrics.

We would like to thank all past and current customers for their support and hope that you will continue to support us while this changeover takes place. Aaron and Brent will still be working alongside each other and continue to provide the same service.

All new jobs from this point forward will run through ACDC Auto Electrics.

What we do

- Specialise in all automotive A/C servicing, repairs and new installs
- Install/Service all types of GPS autosteer systems. Including Topcon, Trimble, Greenstar and Outback
- Provide solutions to allow GPS system to integrate with one another.
- Boomspray maintenance and repairs
- All general automotive maintenance and installation i.e. Two-ways, cd players, spot lights, lightbars, 12-24v DC.

For any enquires, please contact Aaron Carruthers, ACDC Auto Electrics on 0429 905 452.

Sudoku

- ☐ The Sudoku grid of rows and columns is divided into individual 3x3 boxes.
- ☐ The aim of the game is to fill each row, column and 3x3 box with the numbers 1 to 9.
- ☐ You can't repeat numbers in a row, column or 3x3 box and you can't change the numbers already in squares.
