## Footy Fever Dampened

*It was hard work for Hyden and Boyup Brook as the rain came down.*

In a prelude to the 2008 football season, Lake Grace Pingrup Football Club hosted a Football Carnival on Saturday the 5<sup>th</sup> of April.

Hyden and Boyup Brook visited Lake Grace to play three scratch matches of football. Up first were Hyden and Lake Grace. Both teams worked hard and ran all the first quarter. It was a good test for the players to see just how fit they are and how much more work they need to do before the Ongerup season starts on the 26<sup>th</sup> April.

Light rain late during the second quarter acclimatised the players for the downpour that

followed after the half time break. Although the rain was wonderful to see, it made the ball heavy and slippery for the players. This showed in the scores with both sides gaining only two points each during the third quarter. In the fourth quarter that rain was steady, showing that football really is a winter sport.

Following a short break Hyden, with a win already under their belt, was back out on the field, this time to play against Boyup Brook. Hyden flexed their muscle and beat Boyup Brook convincingly. The third contest was Boyup Brook versus Lake Grace, with Lake Grace coming out eventual winners.

**lakelink@treko.net.au.**

## Deadlines & Editions

All articles, news & advertisements should be submitted to the Telecentre by close of business on Monday of paper week.

### Next Deadline

Monday 21st April

### Next Edition

Thursday 24th April

To the **very** dedicated team who have produced and compiled this edition of the Lakes Link News.

Gwen Oliver

Thank you also to our many contributors of articles.

## DISCLAIMER

- 1) No liability shall be incurred by the Lakes Link News by reason of any amendments to, or error or inaccuracy in, or the partial or total omission of an advertisement or by reason of delay or default or from any other cause whatsoever. If in the opinion of Lakes Link News the error clearly reduces the value of the advertisement and the advertiser notifies it to Lakes Link News within seven days of the publication date, then one correct insertion will be made without charge.
- 2) While the Lakes Link News aims to publish all material submitted, Lakes Link News reserves the right to refuse to publish or re-publish any contribution or advertisement without giving any reason.
- 3) No articles, letters or advertisements will be accepted which may appear to be defamatory or accusatory, or to favour one side in a legal dispute.
- 4) Lakes Link News reserves the right to shorten or otherwise amend any contribution other than advertisements.

# EDITORIAL

- Thank you to those who continue to send their notes and advertising in by the deadline, which I must remind everyone is 5pm on the Monday before the paper comes out. If you are not on my email reminder list could you please let me know and I shall tack you on!
- **Genealogy.** Do you want to find out more about your family? We are looking to hold some kind of workshop. Haven't got any dates as yet but we will be looking to run two sessions, one morning, one afternoon; each running for three hours (you would only attend one session). If you are interested then please let me know.
- We have a **Responsible Service of Alcohol (RSA) workshop** scheduled for mid to late June, however we will hold one sooner if we have the names. Courtesy of funding from the Crime Prevention Scheme, participants taking part in this workshop, on behalf of their sporting club, may be eligible for funding.
- We are always on the lookout for proofreaders, collators or typists for the Lakes Link News. If you can give some time please let me know.
- Still taking names for our **forklift workshop**, which will be held in late June.
- I will be applying for **First Click funding** this year, what would YOU like to learn on the computer. If you have any ideas then please let me know.
- Have two dishes at the Telecentre left behind from the LGDHS debating, one container had choc chip muffins in it, the other is a pizza tray. They're both terribly homesick.

Suzanne Reeves

## Library Reduced Hours

*School Holidays*

11th April - 29th April

Library is OPEN on  
Tuesdays and Thursdays ONLY!

From 9am to 12:30pm and  
then from 1pm to 5pm.

# Thanks

Maurie Gilson	Leslie O'Neill

Kim Hawtin	Christine Fyfe
Leanne Mahoney	Mary Naisbitt

## PUBLIC MEETING

Residents of Lake Grace interested in discussing future development of a new Roadhouse/Motel in Lake Grace are invited to attend a meeting at the Telecentre on

**Tuesday 15th of April at 7.30pm.**

Please phone Allan Marshall on  
0427 943 291 for further details.

## Thank You

Walker Wines wish to thank all of the wonderful grape pickers for this years vintage grape picks.

Firstly thank you to Reid Stubberfield and Steven McWhirter for all the effort they put into organizing the dates for the picks - especially the Shiraz day, which after a few false starts was held the Sunday after the long weekend.

The Chardonnay was picked by the Lake Grace Cricket Club and friends on 10/2/08 - 1.29 ton, which raised \$284 for the Cricket Club.

The Shiraz was picked by the Lake Grace Recreation Council on 9/3/08 - 5.825 ton which raise d\$1,320 for the Recreation Centre.

Thank you all for the great community spirit of good will and expertise which saw the last bucket of Shiraz grapes loaded about 1:30pm.

## Give Us A Sign

And they did! Lake Grace District High School's P&C have financed a new sign for the Lake Grace school that will be able to announce up and coming events on the school calendar.

Situated on the island separating Absolon Street from School Place, the dual faced sign will be a

*Above: Sliding the notice board into place.  
Below: Marcus Owen, Rex Walker, Brad Watson and Luke de Vree with the finished sign.*

visual prompt to not just parents but others within the community who do not have school aged children or are not accessing the school newsletter.

Parent volunteers installed the eye catching notice board on Friday 4<sup>th</sup> April. Similar signs had been seen at other schools when the idea was raised at a Lake Grace DHS P&C Meeting. P&C President, Brad Watson, was pleased to see another P&C initiative come to fruition and is looking forward to the sign being used by the School and Telecentre. The notice board is easily dropped into a lower position so that the lockable covers can be opened and the display changed.

The P&C is currently planning a Chemcert workshop as a method of fundraising, the date for this course has not been set but if you have any queries please ring Janine Watson on 9865 1618. Fundraising undertaken by the P&C ensures that Lake Grace District High School continues to receive financial support for extra projects undertaken by the school.

The P&C would like to thank Ray Bird, Simon Trevenen and Bob Palmer for their assistance in installing the sign.

### Mobile Child Care in Lake Grace

Every Monday, Tuesday and Wednesday  
9am - 3pm

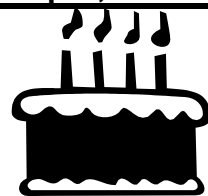

Professionally staffed, licensed child care providing you with options and your children with a safe, stimulating day of activity!

Low fees

To book a place for your child/children  
please contact  
Gaillene Kennedy on 9865 1414

Managed by  
Gnowangerup Family Support Association.

# Market Day Wrap Up

A HUGE Thank you to everyone who came and supported the Market Day on Saturday 5th. It was another huge success and a lot of satisfaction and fun had by everyone who attended.

We were very lucky and just missed the 40mm downpour. Maybe our next Market Day should be scheduled at the beginning of seeding so at least the farmers can benefit!!

Firstly Thank you to Dave and Carol of Lake Grace Meat Supply for the very kind donation of a Shoulder Ham which was won by Jean Seaman.

The Jelly Bean raffle was won by Melissa Clifford with the correct guess of 256—well done. Congratulations to both our winners.

Special THANKS go to the Lake Grace Artist Group for letting us use the Art Space centre—again. To Grant Medlen for cooking our hot

sausage sizzles, to Jeanette Bennett for the delicious scones for our Devonshire Teas. To Mary Naisbitt, Elsie Bishop and Irene McGlenn for all your hard work behind the scenes and to **ALL** our volunteers who give so much of their valuable time to help out.

Thank you also to the ten stall holders and to the general community for supporting our Market Days. These are now becoming a very popular and hopefully regular event.

We are aiming to hold another Market Day around October at this stage, AND we are well and truly prepared for Mother Nature to do her best!

We look forward to your continued support.

Thank you.

*Trish Medlen*

**Don't forget Mothers Day is just around the corner...  
get your Mothers Day gifts from the  
Lake Grace Shire Visitor Information Centre.**

**Visitors Centre**  
(Stationmaster's House)

Any person who is interested in joining or helping out please phone Mary on 9865 1321 or alternatively write your name down in the roster book at the Visitors Information Centre. Thank you

Thank you very much to all the volunteers who help out. We appreciate your help and valuable time.

*Thank you to everyone for supporting the  
Lake Grace Shire Visitor Information  
Centres Market Day.*

## Local Veterans Honoured

The service of members of the community would be officially recognised with Certificates of Appreciation, Labor Senator for Western Australia, Ruth Webber, announced recently.

Senator Webber said the certificates were available under the Australian Government's *Saluting Their Service* Commemorations program.

"These certificates are an excellent way to recognise the efforts of so many Australians who have served our nation in times of war and conflict," Senator Webber said.

"Servicemen and women continue to put their lives on the line both in conflict and in the name of peace and they deserve recognition for their efforts.

"I am extremely proud of the fine history of military service from the people in regional and rural Western Australia and am pleased to be able to recognise the contributions of our fine men and women in this way," she said.

Certificates of Appreciation are available to those who served overseas in wars, conflicts and peace operations since World War II, and those who served in the

defence forces or on the home front during World War II. A number of civilians who contributed to the war effort overseas are also eligible to apply.

"More than 60,000 Australians have had their contributions recognised since 1997, including deserving veterans and members of the community such as Red Cross, civil aid workers and others who supported Australia's efforts in conflicts overseas," Senator Webber said.

"We must continue to recognise the contribution of Australians to the defence of our nation, and I urge anyone who thinks they may be eligible to contact my office."

For more information about Certificates of Appreciation and how to apply, go to [www.dva.gov.au/factsheets](http://www.dva.gov.au/factsheets), contact your nearest DVA office on 133 254 or contact the office of Senator Ruth Webber on 9409 9599.

Rip curl is also in for the young ladies,  
great hoodies and tracks.

Summer Sale is still on so come in and grab a bargain.

## Air Conditioning Review on Our School Buses

Roe MLA Dr Graham Jacobs has drawn an undertaking from the Carpenter Government to review their policy of air conditioning on school buses.

Dr Jacobs described the effects of climate stress on young children travelling for more than two hours per day in high ambient temperatures in a motion presented to State Parliament today.

"Planning and Infrastructure Minister Alannah MacTiernan agreed to review the situation over the next six months," Dr Jacobs said.

"To say that electorates in the south of the state are not affected because it does not get hot – as has been the government's air conditioning policy on school bus services – shows no understanding of regional conditions.

"It does get hot and many children in my electorate travel to school on gravel roads situated inland, hundreds of kilometers North West of Esperance."

Dr Jacobs said the South West, Great Southern and South East regions had been identified by the policy as producing climate stress no more than 22 days a year.

"Because of this, air conditioning on the school bus service is neither funded for installation or running costs of air conditioning units," he said.

"This is incongruous with modern standards where we all expect newly acquired private cars to have air conditioning no matter where we live in WA.

"I applaud the Minister for agreeing to a review and hope school children in my electorate can travel in air conditioned buses by next summer."

# SCIENCE AND STUFF

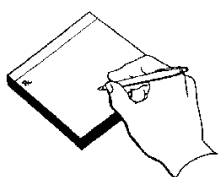

**SEA MONSTERS:** The last thing you might expect to encounter exploring the ocean floor is a chemical weapon. But it seems hundreds of thousands of tonnes of them have been dumped into the sea, and no one knows exactly where the weapons are. Now scientists are calling for weapons sites to be mapped for safety's sake. Between 1946 and 1972, the US and other countries pitched 300,000 tonnes of chemical weapons over the sides of ships or scuttled them along with useless vessels, according to public reports by the Medea Committee, a group of scientists given access to intelligence data so they can advise the US government on environmental issues. But the military have lost track of most of the weapons because of haphazard record keeping combined with imprecise navigation. Even the exact chemicals were not always noted, though there are records of shells, rockets and barrels containing sulphur mustard and nerve agents such as sarin.

The Chemical Weapons Convention does not cover the destruction of the sea dumped weapons, which are considered abandoned. If the chemicals leak from their containers, they will break down slowly in the cold seawater. But it is unclear what will happen if the chemicals bind to sediment or sink into anoxic zones said Peter Brewer an ocean chemist. A team led by Roy Wilkens at the University of Hawaii in Manoa is planning to look for munitions dumped off the island of Oahu. Records only note that the weapons were dumped about 5 Miles south of Pearl Harbour and an area of 60 square kilometres will have to be searched (Environmental Science and Technology).

## CHILL OUT OR THE CHILDREN GET THE FEVER:

Stressed parents aren't just damaging their own health – they may also be making their children more vulnerable to illness. Stress is well known to affect a person's own physical health, but the effect on their children's health was unclear. To investigate, Mary Caserta and her colleagues at the University of Rochester in New York asked the parents of 169 children aged between 5 and 10 to monitor their child's health over three years, recording symptoms of illnesses and taking their temperatures. Every six months, the parents took a test designed to assess their own psychiatric health, noting markers of stress such as anxiety or depression.

Caserta's team found that the total number of illnesses, both with and without fever, was significantly higher in the children of parents who reported high levels of emotional stress. The team also measured the levels of immune cells in the children, and found those with highly stressed parents were much more likely to have heightened immune activity – a sign that they were working hard to fend off infection (Brain, Behaviour and Immunity, DOI: 10.1016/j.bbi.2008.01.007). David

Jessop at the University of Bristol in the UK calls the results fascinating, and thinks that future studies should aim to discover which stress factors have the biggest impact on children's immunity.

## FAULT FOUND FOR THE MEDITERRANEAN "DAY OF HORROR":

The survivors of a tsunami that killed thousands living on the shores of the Mediterranean in AD 365 called it the "day of horror". Worryingly, history may be due to repeat itself, say geologists who have located the source of the wave. No one had been able to find evidence pinpointing the earthquake that caused the tsunami, which washed into the Egyptian city of Alexandria and the Nile delta. The mainstream view was that a series of quakes had struck the region – cumulatively thrusting a section of western Crete upwards by 10 metres. Beth Shaw and colleagues at the University of Cambridge carbon – dated a section of corals on the coast of Crete that were lifted clear of the water during the upheavals. The corals' distribution and identical age showed that one giant quake must have lifted all of them by 10 metres in one massive push – revealing the tsunami's source. The only thing that could have generated such a large uplift at that location is an earthquake in a steep fault in the Hellenic trench, near Crete, says Shaw. The team built a computer model which suggested such movement would have created a 2-metre wave in open water – the same height as that generated by the Sumatran earthquake in 2004 – which would have reached the African shore (Nature Geoscience, DOI: 10.1038/ngeo151). Shaw says a further slip in the part of the fault that caused the tsunami is only likely to happen once every 5000 years.

However, other segments of the fault may slip on a similar scale, she says, and this movement could happen every 800 years or so. "The big unknown is whether the fault that slipped is unique, or one of the many contiguous patches that might slip in the future," says Roger Bilham of the University of Colorado in Boulder. In another new study, Anga Scheffers at Southern Cross University in Lismore, New South Wales, and colleagues reveal geological evidence of five tsunamis that hit Greece over the past 2000 years. Most were small and local, but in 1303 a larger one hit Crete, Rhodes, Alexandria and Acre in Israel (Earth and Planetary Science Letters, DOI: 10.1016/j.epsl.2008.02.021).

**BUG HAIR DAY:** A new species of bacteria has been discovered in hairspray. But further tests are needed to say whether *Microbacterium hatanonis* is any threat to human health, say researchers at the Japan Collection of Microorganisms in Saitama.

Maurice Gilson. (Be sceptical – Question everything).

# Lake Grace Art Notes

This year's program for the Lake Grace Artists' Group is now well underway – so if you've ever thought about getting involved in any aspect of the group or its activities, now is a good time to start.

Our **monthly meeting is on next week, Tuesday April 15, at 9am** at the Multi-Artspace and all are welcome. If you're not quite up to one of our "highly formal" meetings, then pop in during the remainder of the day sometime to take part in our **workshop on structural forms for Art 2 Wear**. Remember Art 2 Wear is returning in August so it's time to start giving shape to some of your wacky ideas – and next week's workshop will do just that, offering some techniques and tips for making the frames and armatures for your costumes. So bring yourself and any constructive materials you have along – cane, poly pipe, trickle pipe, soft wire, cardboard – and we'll see what we can concoct. The theme for Art 2 Wear 2008 is *Past, Present & Future* and you can choose to enter a costume into one of the following categories:

- Recycle
- Cyber-punk
- Wild west
- Contraptions

For further information about the Art 2 Wear structural workshop, contact Kerrie Argent on 9865 4042.

If you've been thinking of getting more involved with the Art Group then a membership might be worth considering. **Memberships for 2008 are now due** and you have the option of a \$25 full membership, which gives you discounts and priority placement in workshops, access to the Multi-Artspace, and much more; or a \$10 social membership which keeps you up to date with the latest Art Group happenings and first notification and invitation to all workshops and events etc. Memberships can be paid to any one of the Art Group members in person, or forwarded to the Lake Grace Artists' Group, c/o Anna Strevett, Post Office Lake Grace WA 6353.

Also happening this month is a **weekend painting workshop by visiting Australian artist Michele Theunissen, on April 19 & 20**. Cost is \$50 for members, or \$60 for non members (See? That's your membership working for you already!). More information about this one (materials list etc) will be available shortly. But if you're already keen, then contact Anna Strevett to book on 9865 4023.

Sarah Allen

**15yr Champion Boy** - Harley Pittard, 30pts (Red)

**OVERALL RESULT:**

<b>BLUE</b>	<b>663 Points</b>
<b>RED</b>	<b>581 Points</b>
<b>GOLD</b>	<b>354 Points</b>

**MOST IMPROVED:** BLUE - 28% improvement

**BEST CHEERING:** GOLD

## INTERSCHOOL SWIMMING CARNIVAL

On the 27th March, thirty students and nearly as many parents journeyed to the Wagin Memorial Swimming Pool to take part in the Annual district High School Interschool Swimming Carnival. Four schools competed; they were Wagin, Boyup Brook, Kojonup and Lake Grace. Lake Grace and Boyup Brook schools have about the same student numbers and have far fewer students than Kojonup and Wagin.

Lake Grace won the Championship Shield for the most points scored. They also had the most points in the Handicap Shield, however competing teams are only eligible to win one shield; therefore the Handicap Shield was awarded to Boyup Brook. Lake Grace has won the Handicap Shield in recent years, however no one can remember when the school won the Championship Shield. Well done to all the swimmers who took part in the events. The fact that Lake Grace had competitors in nearly all events meant that they scored points in all races in which they took part. In the end this was the difference between them and the other competing schools.

Lake Grace also had a number of Age Champions and Runners Up. Congratulations to all who took part.

### Lake Grace DHS's Champions & Runners-up

Marcia Trevenen	Champion 9 year old girl
Nash Kirk	Champion 9 year old boy
Liam Baker	Champion 10 year old boy
Beth Curtin	Runner-up 10 year old girl
Peter Downey	Runner-up 11 year old boy
Nat Curtin	Champion 14 year old boy
Nat Curtin	Champion Open 100m Freestyle

### Shield Results

1st	Lake Grace	381 points
2nd	Kojonup	364 points
3rd	Boyup Brook	351 points
4th	Wagin	309 points

## RECORDS SET AT THE SWIMMING CARNIVAL 2008

Name	Event	Old Record	New Record

Marcia Trevenen	Girls 9 Yrs 25m Backstroke	0:31.59	0:27.35

# Thank You...Thank You...Thank You

Last week you saw the pictures and read the story of the Greenstone Easter Hoedown. Thanks to Cheryl Chappell for the great pictures and write up of the event. This week we want to publicly thank our prize donors, and congratulate the winners of the monster raffle prizes.

Congratulations firstly to the business houses of Lake Grace. Twenty individuals and businesses contributed to the prizes for the night. These businesses donated 75 separate items that made up 25 prize packs for the monster raffle as well as the door prize (no it was not a door this time) and the best dressed awards for both male and female.

The door prize, won by Merylin Tenby, was a \$50 gift voucher donated by Sand 'N Salt as well as a bottle of Lindemans Brut Curvee donated by the Lake Grace Sportsman's Club.

Best dressed female, the outrageous Anna Taylor, won the beautiful Lake Grace Health and Beauty gift basket. Best dressed male, our very own Indian warrior Ron Boulton, scored himself the Nupower Evolution cordless screwdriver, donated by SBM Tyre and Mechanical.

The most sought after item of the night was the Neu-Tech Auto Electrics Kenwood Car CD Player AM/FM radio with MP3 player input and the Kenwood Door/Rear Deck 180 Watt speakers. These were two separate prize packs, but the very lucky Michelle Abbott managed to get picks 1 and 4 of the prize packs and even in her "very happy" state was still co-ordinated enough to take the stereo and the speakers.

Jason Willcocks, at pick 2, scored the Elders 45 litre Esky and thermo mugs which (in his words) he described as "choice!". Helen McWhirter at pick 3 took home the Shire of Lake Grace 2008/09 family pool pass (bet the kids are happy about that!!). As luck would have it Helen also went home with pick 5 and she chose the Landmark GMC 204 piece drill and bit set. Do you think Macca you might be getting a message there???

Our visiting police officer Sam Baker from Katanning took home the Farmers Centre prize pack. Acting Sergeant Clive Watkins and Sam paid us several visits during the night to soak up the atmosphere, good on you guys.

The last prize selected was a gift voucher for two driving lessons with Lo's A Class lessons, the lucky recipient was Ron Boulton who quickly donated the voucher to Aleisha Hardy, not that he was doing anything very quickly at that stage.

The event committee wish to thank the following businesses for their very generous donations and support of the Greenstone Easter Hoedown. Our other donators were: Peter Hudson Tyre and Mechanical Services, Lake Grace Retravisio (2 prize packs), Lake

Grace Hire Service and Garden Supplies, Farmworks Lake Grace, CCL Hardware, Lake Grace Furnishings (2 prize packs), Elders Limited (2 prize packs), Lakeway hair salon, Ann Franks, Lake Grace Sportsman's Club, Reeves Family and Agwest Machinery.

Congratulations to our winners of the night, Michelle Abbott (2 prizes), Jason Willcocks, Helen McWhirter (2 prizes), Fisco (2 prizes), James Eaton (2 prizes), Cobi Stanton, Leigh Hardy, Alan Duckworth, Debbie Barnett, Bev Andrews, Rachel Pelham, Lawrie Dickins, Royce Taylor, Ron Boulton, Sam Baker, Lynnette Carruthers, Mrs Mather and Stephen Chappell.

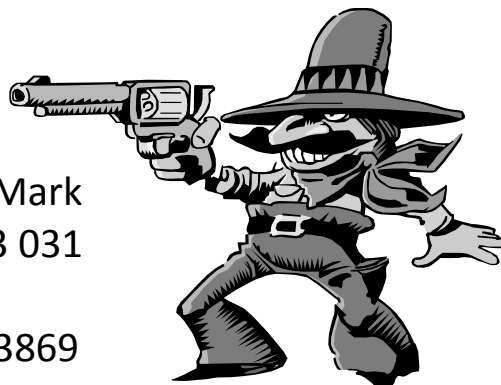

The result of all the donations was the sale of 762 tickets at \$1 per ticket plus a rogue 35cent donation. The generosity of the patrons lead to \$762.35 going straight to the purchase of the heart monitor for the Lake Grace District Hospital. Once again our sincere thankyou to the business houses for their generosity and thankyou to those who bought tickets on the night at the hospital fundraiser.

NEXT EDITION.....THE FINAL TALLY REVEALED!!!!!!!

# New and Old Faces at AgWest in Lake Grace

**Introducing Bruce Cobb who just moved here from NSW.**

I worked for a John Deere dealership in Cowra. The move was bold and interesting. I saw the job advertised, applied, visited, accepted, returned to NSW, quit job, sold house, bought a truck, moved furniture & wife.

Camped across the paddock, renting farm house off Rex Walker.

Business has been brisk. Half a dozen new harvesters, bars, bins and tractor sales. Enough to keep a bloke busy.

The fastest end of the business is the GPS navigation equipment. Great savings on inputs can be made by being accurate.

**Re-introducing Nev Moulden.** Nev is known to just about everyone in the district. His dry sense of humour keeps us all guessing in the branch.

Nev's experience and expertise will soothe those troubled nerves at seeding and harvest times.

Nev is heading off for a couple of months of pre-arranged holidays shortly, he wants everyone to be gentle with his relief staff.

*New Face — Bruce with green gear.*

*'Old Face' Neville Moulden - Back on familiar ground.*

## Lake Grace IGA (Plaza)

*Just a reminder for ANZAC Day*

**Thurs 24th April:** Normal Hours

**Friday 25th April:** 8am—10am  
**ANZAC Day**

**Sat 26th April:** Normal hours  
**Football Starts**

**Sun 27th April:** Normal hours

# LAKE GRACE HOSPITAL

providing **24 hour emergency health care services** to Lake Grace and the surrounding area

TEL: 9890 2222 FAX: 9890 2202

## **Lake Grace—Immunisation**

Thursday 17th April 2008

9:30-11:30 am

Lake Grace Medical Centre

**NB:** Bring your book and Medicare Card.

Relieving Child Health Nurse, Julie Stevens, will be available for appointments in Lake Grace on Tuesdays and Wednesdays.

*For Child Health appointments*

*ph: 9890 2246 and leave a message.*

## **Newdegate—Immunisation**

Wednesday 7th May 2008

10:00—11:30 am

Newdegate Surgery

**NB:** Bring your book and Medicare Card.

Phone Jill Dykes on 9871 9024 for appointments and child health queries.

*For assistance at any time call the Hospital on 9890 2222 and speak with one of the nurses on duty.*

## **Waterworks Week**

7th—13th April

**Waterworks Week** has been developed to encourage people to make water their drink of choice. Water plays an important part in maintaining health.

Often when signs of a bladder problem arise the first thing many people do is reduce their water intake in the hope that this will help. In fact, this can make things worse. Water dilutes urine to stop irritation and also flushes out the bladder to stop urinary tract infections from occurring. Alcohol, caffeinated drinks and, in some cases, juice can irritate the bladder and bowel. Another reason to promote water intake is that both dehydration and incontinence increase the risk of falls in seniors.

Continence issues can be discussed with your doctor or with Belinda O'Neill (RN), a trained Continence Advisor, at Lake Grace and Dumbleyung Hospital.

Womens Health Services in collaboration with King Edward Memorial Hospital presents....

## **Mid Life SEX (UALITY) – or NOT??**

A **videoconference** session presented by Janet Pages-Oliver, Advanced Practice Nurse from Women's Health Services for rural and remote women.

*Want to understand more about sex for women in the middle years of life and the factors that influence sexuality????????*

This videoconference presentation looks at some of the factors including hormones, emotions, medications, physiological changes to the body and intimacy issues that can affect sexuality for women.

It is designed to empower women to embrace their sexuality at this stage of their lives. By exploring some of the factors that can affect sexuality it hopes to remove the taboo element surrounding this topic.

**WHEN :** Thursday, April 10<sup>th</sup>, 2008.

**TIME :** 7 – 8:30pm

**COST:** Free

**VENUE :** Lake Grace Hospital

## **HAVE YOU BOOKED IN TO HAVE YOUR ANNUAL inFLUenza VACCINATION?**

Over 2500 Australians die each year from influenza complications.

If you think you may be at risk contact your doctor now.

## **Volunteer Drivers**

We are looking for volunteer drivers to transport elderly clients without family able to drive them.

A volunteer driver could be asked to transport clients from their home to the hospital or to other appointments.

If you are willing to make yourself available to assist us and would like more information, please call the hospital on 9890 2222.

## **STAY ON YOUR FEET**

Booklets have been posted out with this months MPS newsletter, to HACC clients and seniors, with important information about falls prevention for seniors. Also included is a Home Safety Checklist.

Falls can be prevented, and we want to see all seniors remain mobile and independent.

## Substantial Rainfall Recorded in Lake Grace

Saturday's 40mm of rain has Lake Grace landholders and rural supply companies rubbing their hands together. Although the promise of a good start does not mean the rest of agricultural

year will pan out, it is the most substantial day's rain to fall in April since 1964; and one of the better falls recorded across the Wheatbelt.

*Runoff from Lake Grace catchment.*

Although 40mm fell in Lake Grace town, surrounding areas weren't quite so damp, with north and east of town only recording 20mm. Tarin Rock had a similar rainfall to Lake Grace, while falls of 50mm were recorded south of Lake Grace. Newdegate Research Station recorded 17mm though Newdegate towns fall was minimal.

Runoff from Saturday's rain resulted in 11,000 cubic metres (11 million litres) being caught in Lake Grace's town supply.

# Do you need housing finance?

Country Housing Authority has been providing housing finance to farmers and businesses for over 30 years.

**WE COME TO YOU!**

Call our friendly staff on 1800 158 200 or visit [www.dhw.wa.gov.au](http://www.dhw.wa.gov.au)

## Congratulations Mr & Mrs Sandells

*Above: Mary and Jack Sandells celebrating their 60<sup>th</sup> Wedding Anniversary with champagne.*

Mr & Mrs Sandells were married on 29<sup>th</sup> March 1948 in the Lake Biddy Hall (before the Lake Biddy church was built). Minister Bromlow performed the ceremony in front of 50 family and friends. The best-man was Bob Sandells and maid-of-honour was Phyllis Hartley. Jack and Mary lived in and around Newdegate, where they raised their family, for most of their married life. Jack and Mary now reside at the Lake Grace Hospital where they celebrated this milestone with staff and other residents.

# Job Opportunity

## SENIOR ADMINISTRATION OFFICER

**Looking for a full time job with great career opportunities?**

There are approximately 142 local governments in WA.

**Did you know that by starting your career with the Shire of Lake Grace you can go on to working in Local Government anywhere in WA? - its your choice**

Our management team is looking for someone to fill the role as Senior Administration Officer within the Corporate Services Team.

The job is a full time position earning between \$38,000 to \$43,000 cash component with up to 14% superannuation. The position entails ensuring a quality customer service delivery and management of Council records, leases, licences and cemeteries.

If you are familiar with computers and word processing, enjoy working in a team environment and have good communication skills, then this job could be for you.

Applications to be in writing closing Friday 2 May 2008. For all information and enquiries, a copy of the job description or if you believe you are worth more \$'s talk to us anyway. Call Mark Burbridge, Manager Corporate Services at the Shire on ☎9890 2500.

# Everything your sheep need in one easy feed

Currently \$360  
+ GST

Stock Available  
**NOW**  
from  
Katanning

## EasyOne

Maximum weight gain, minimum fuss.

**EasyOne is a no fuss performance feed from Milne Feeds that is completely safe and provides the benefits of grain.**

EasyOne requires no adaptation – sheep are on full feed from Day 1 and therefore can reach a heavier weight earlier.

No additional roughage is required, adding value by saving time, labour and investment in capital equipment.

The technology used to produce EasyOne makes the

stored nutrients more readily available for sheep growth and modifies rumen acidity, ensuring sheep grow faster without the stress from eating traditional full grain rations.

**Give your sheep everything they need in one easy feed – feed EasyOne.**

**Call Donna Amato, 9821 2399**

### Can you tell me about ....

- Motor garages in Lake Grace
- Common jobs for these types of businesses
- The changing motor vehicle (cars and farm vehicles)
- Maintenance of farm vehicles (what could be fixed on the farm and when did you need a mechanic?)
- Early home medical remedies
- When the chemist sold veterinarian and home medicines
- What were these and how did you use them?
- When the chemist made up the medicines
- What were treatments for common ailments that you could buy from the chemist?

# THE STORYTRAIL

## Lot 13 Stubbs Street: Vacant block

When	Who/What
c1925	Beesley's newsagency
c1937-8	HW & DM Farrington: General Agent
c1939	Kelly's newsagency/greengrocer/general agent
WW2>	Williams & Hepple newsagency/greengrocer/general agent
	Fred Slarke: Hardware/ General Agent (Fargo)/ Shell agent and family residence
?1970s	Shop demolished
1998	House relocated to 53 Bennett Street

**Above: Lot 13, Beesley Brothers & Lot 12 Lake Grace Tea Rooms.** Photos: Bennett Family

**Right: Plymouth Cars Fargo Trucks – agent's dye-cast printing block** (Fred Slarke family)

### Can you tell me about ....

- The businesses at Lot 13
- Who worked there and what did they sell?
- How important were these products to farm life?

### The StoryTrail Project

I am collecting stories about individual locations and businesses for a main street history trail in Lake Grace. The themes are the connection we have with the land and the common stories we share about the main street.

I have printed a short form for each lot, with the history and photographs. Contact me and then all you need to do is fill in the details.

#### How you can help:

- Write your story and memories related to each location (major events, how we lived, our traditions or local characters). It can be as short as one sentence). Remember that history is about anything that happened up to the present day.
- or
- contact me and I will record your story
- Look for photographs, old newspapers, advertisements, maps, films or any documents related to each of the locations
- Spread the word to family, friends and former residents

Contact Michelle Slarke: (Tel: 9865 1878, PO Box 67, Lake Grace or [mslarke@hotmail.com](mailto:mslarke@hotmail.com))

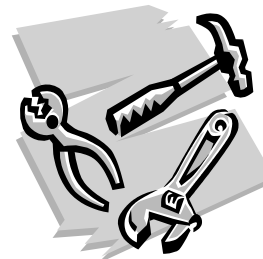

## LAKE GRACE HOME IMPROVEMENTS

**DEREK STANTON – QUALIFIED CARPENTER**

- Residential and Commercial Maintenance and Repairs
- General Building and Renovations
- Fencing (Neetascreen/Colorbond)
- Demolition Work

**Mobile 040 968 5373 Home Phone 9865 1324**  
**Servicing Lake Grace and surrounding areas**

# HUMOUR

## Three Old Men

Three elderly gentlemen were talking about what their grandchildren would be saying about them fifty years from now.

"I would like my grandchildren to say, 'He was successful in business'," declared the first man.

"Fifty years from now," said the second, "I want them to say, 'He was a loyal family man'."

Turning to the third gent, the first gent asked, "So what do you want them to say about you in fifty years?"

"Me?" the third man replied. "I want them all to say, 'He certainly looks good for his age!'"

## The Bathroom

While carpenters were working outside the old house I had just bought, I busied myself with indoor cleaning. I had just finished washing the floor when one of the workmen asked to use the bathroom.

With dismay I looked from his muddy boots to my newly scrubbed floors. "Just a minute," I said, thinking of a quick solution. "I'll put down newspapers."

"That's all right, lady," he responded. "I'm already trained."

## An Engineer, Physicist and Mathematician in a Hotel

An engineer, a physicist and a mathematician are staying in a hotel.

The engineer wakes up and smells smoke. He goes out into the hallway and sees a fire, so he fills a trash can from his room with water and douses the fire. He goes back to bed.

Later, the physicist wakes up and smells smoke. He opens his door and sees a fire in the hallway. He walks down the hall to a fire hose and after calculating the flame velocity, distance, water pressure, trajectory, etc. extinguishes the fire with the minimum amount of water and energy needed.

Later, the mathematician wakes up and smells smoke. He goes to the hall, sees the fire and then the fire hose. He thinks for a moment and then exclaims, "Ah, a solution exists!" and then goes back to bed.

## Aspirin Overdose

Jane calls the doctor in a panic. "Doctor, doctor! My little Jimmy swallowed a dozen aspirin. What should I do?"

The doctor asked Jane, "Are you sure it was a dozen?"

The frantic mother says, "Absolutely! Doctor, I'm scared to death!"

The doctor tells the mother, "Calm down. Is little Jimmy crying?"

Jane says "No."

"Is he sleeping?" asks the doctor.

"No." says Jimmy's mom.

The doctor goes on with routine questions, "Is his color funny?"

Again Jane says "No."

"Did Jimmy throw up?" asks the methodical doctor.

"No." says the worried mom. "But I'm so scared. All that aspirin...shouldn't I do something?"

To which the doctor says, "Try giving him a headache."

## Judgement Day

George W. Bush, Vladimir Putin, and Bill Gates were called in by God. God informed them that he was very unhappy about what was going on in this world. Since things were so bad, he told the three that he was destroying the Earth in three days.

They were all allowed to return to their homes and businesses, and tell their friends and colleagues what was happening. God did tell them though, that no matter what they did he was "not" changing his mind. So, . . . George W. went in and told his staff, "I have good news and bad news for you. First the good news . . . there is a God. The bad news is that he is destroying the Earth in 3 days."

Putin went back and told his staff, "I have bad news and more bad news. The first was . . . there is a God. The second was that he is destroying the Earth in 3 days."

Bill Gates went back and told his staff, "I have good news and good news. First . . . God thinks I am one of the three most important people in the world. Second . . . you don't have to fix the bugs in Windows Vista."

## Soap and Water

We were asked to dinner by a new friend. When we sat down at the table, we noticed that the dishes were dirty. "Were these dishes washed?", I asked the hostess as I rubbed my fingers over the surface.

She replied, "They're as clean as soap and water could get them".

I felt a bit apprehensive, but started eating anyway. Dinner was delicious, despite the dirty dishes. When dinner was over, the hostess took the dishes outside and yelled, "Here Soap! Here Water!"

## Drop Dead Poker

Six guys were playing poker when Smith loses \$500 on a single hand, clutches his chest and drops dead at the table. Showing respect for their fallen comrade, the other five complete their playing time standing up. After the game Mr. Roberts looks around and asks, "Now, who is going to tell the wife?"

They draw straws. Rippington, who is always a loser, picks the short one. They tell him to be discreet, be gentle, don't make a bad situation any worse than it is. Rippington says, "Gentlemen! Discreet? I'm the most discreet man you will ever meet. Discretion is my middle name, leave it to me."

Rippington walks over to the Smith house, knocks on the door, the wife answers, asks what he wants.

Rippington says, "Your husband just lost \$500 playing cards."

She hollers, "TELL HIM TO DROP DEAD!"

Rippington says, "I'll tell him."

Welcome to Night Watch for the fortnight, from midnight Friday 11<sup>th</sup> April to midnight Friday 25<sup>th</sup> April. Astronomy is looking up. Never view the Sun with the naked eye, or through binoculars and telescopes without proper Solar Filters as your eyes can easily be damaged beyond repair. Binoculars and telescopes can easily shatter as well. The Full Moon may also hurt your eyes without filters.

Our local star the Sun resides in the constellation of Pisces until Saturday 19<sup>th</sup> when it will rise in Aries. The Sun gives off light at magnitude of -26.72 which takes eight and one half minutes to cross the 150 million kilometres to Earth. Morning twilight begins at 5:04am on Saturday and at 5:12am on Friday 25<sup>th</sup>. Evening twilight ends at 7:10pm on Saturday and at 6:57pm on Friday 25<sup>th</sup>.

On Sunday 13<sup>th</sup> in Gemini the 1<sup>st</sup> quarter **MOON** will occur at 2:22am at magnitude -6.0. The Moon on Tuesday 15<sup>th</sup> will be very close to the bright blue star Regulus at 0.9° south at 10pm. On Sunday 20<sup>th</sup> full Moon will occur at 6:15pm in Virgo at magnitude -12.0. The Moon on Wednesday 23<sup>rd</sup> in Libra will be at Apogee (furthest) at 405,943 kilometres from Earth at 6pm, and also very close to the red supergiant star Antares is Scorpius at midnight.

The Moon will be in Gemini at 38% on 12<sup>th</sup> and 49% on 13<sup>th</sup>, in Cancer on 14<sup>th</sup> at 60% and 15<sup>th</sup> at 70%, Leo on 16<sup>th</sup> at 87%, 17<sup>th</sup> at 87%, Virgo on 18<sup>th</sup> at 93%, 19<sup>th</sup> at 97%, 20<sup>th</sup> at 99% and 21<sup>st</sup> at 100%, Libra on 22<sup>nd</sup> at 98% and 23<sup>rd</sup> at 95%, Scorpius on 24<sup>th</sup> at 91% and Ophiuchus on 25<sup>th</sup> at 85%.

**MERCURY** will be too close to the Sun to view this fortnight as it moves into the evening twilight.

**VENUS** the very bright planet at magnitude -3.8 in the constellation of Cetus (the Whale or monster) rises at 5:14am on Saturday. Venus rises at 5:19am on Tuesday 15<sup>th</sup>, rising in Pisces. On Friday 25<sup>th</sup> Venus rises at 5:37am at close to 1 hour before the Sun.

**MARS** the red planet in the constellation of Gemini on Saturday sets at 10:51pm and is just south of the Moon at 1.2° and at magnitude +0.9. On Friday 25<sup>th</sup> Mars sets at 10:32pm.

**JUPITER** the giant gas planet in the constellation of Sagittarius rises at 11:13pm shining at magnitude -2.4 on Saturday. On Friday 25<sup>th</sup>, Jupiter will rise at 10:26pm and will soon be good evening viewing.

**SATURN** the ringed gas planet in the constellation of Leo shining at magnitude +0.4 will be in the night sky until 2:35 on Sunday morning. On Wednesday 16<sup>th</sup>, Saturn will be 3° north of the Moon and in the north at 8:45pm. Saturn on Friday 25<sup>th</sup> will be in the night sky to 1:43am on Saturday 25<sup>th</sup>.

**URANUS** in the constellation of Aquarius rises at 3:57am on Saturday morning at magnitude +5.8. On Friday 25<sup>th</sup> Uranus rises at 3:09am. Binoculars are needed to find Uranus which is blue/green in colour.

**NEPTUNE** in the Constellation of Capricornus rises at 1:52am at magnitude +7.9 on Saturday and at 1:02am on Friday 25<sup>th</sup>. Neptune is grey/green in colour and binoculars or telescope is needed.

Now is a good time to study the Moon with your telescopes and binoculars. The South Pole is the part of the Moon with all the craters close together.

Some double and triple stars are still good to view in the southern sky. A good double is the furthest pointer star Alpha Centauri which contains two observable yellow stars the same as the Sun. One is larger than the Sun and the other is smaller, they are 4.5 light years away and are the closest stars to Earth except for the Sun.

There is a third star in the group, which is a red dwarf but will be hard to find as it shines at magnitude +11.05. A good triple star system is the bright blue star at the head of the Southern Cross called Acrux. It contains two stars very close and one just further away. They shine from a distance of 320.7 light years away and magnitudes of +0.77, 1.6 and 5.1.

A good pair of binoculars is the best way to learn the night sky with a star map which shows the main stars and the Constellations.

Information is only a phone call away.

Maurice Gilson. Semi professional Astronomer,  
16 Clarke Avenue Lake Grace.

Phone: 9865 1516. Email: [mgi11687@bigpond.net.au](mailto:mgi11687@bigpond.net.au)

# Fitzgerald Campdraft and Gymkhana Weekend

Campdrafting is proudly one of this country's very own national sports. First pioneered by our early stockmen as a way of drafting cattle in large unfenced tracts of land it has been refined to the keenly competitive horse sport we know today.

To best briefly describe a campdraft would be to say that horse and rider combine to separate one beast from six beasts in a camp (20 X 40 metre yard). When the rider gets the beast to the front of the camp they show the judge how well they can control the beast

before calling for the gates to be opened and proceeding to take the beast in a clover leaf pattern around 3 pegs in a football oval sized arena in 40 seconds. Riders are scored on their ability in the camp and outside.

Thanks to the Jerramungup and Ravensthorpe Ambulances and all our wonderful sponsors

ecentre.

Also have a selection of  
forms and phone access  
(to ring Call Centre only).  
This is a **free** service.

# Lake Grace Art Notes

## WORKSHOP NOTES

Hi every one. Well the fortnights gone and I'm not sure where.

Our next workshop is looming up fast Michele Theunissen's Painting workshop is in two weeks, the 19<sup>th</sup> and 20<sup>th</sup> April, Please put your name down soon so we can forward you a requirements list so you can get organized.

I have confirmation of dates for the Wearable Arts workshop with Mand Markey in costume construction from recycled clothes and materials, this will be fun and hopefully lots of people will take advantage of this workshop for inspiration for Art 2 Wear in August. Not just the art group, It is a chance to release your creative Juices and create and have fun at the same time. Being a good sewer is NOT a prerequisite. Date for this workshop is 14<sup>th</sup> and 15<sup>th</sup> June 2008. We would also love the community to start collecting recycled stuff for us so we have plenty to create with.

Helen Seivers Encaustic workshop (painting with oil paint and wax) will be on the 24<sup>th</sup> and 25<sup>th</sup> May this will be at the end of her exhibition here. And should be fun.

Our meeting date is Tuesday 15<sup>th</sup> this Month and we will also be doing armature construction/ ideas for Art 2 Wear so don't forget to come if you are interested or if you want to know more ring Tania Spencer on 9865 1339 or me on 9865 4042.

*Kerrie Argent*

### ART 2 WEAR

Recycling collection

LAKE GRACE & SURROUNDING COMMUNITIES

Could you please collect for us?

Anything you may think we might use

Plus.. **Bottle caps, Toilet rolls, cardboard cylinders, Match boxes, Plastic bubble wrap, Alfoils,**

**Egg cartons, Wrapping paper, cards, playing cards, Newspaper, Video tapes**

**Anything that sparkles or shines**

**Anything you have that may be useful**

If it's no good to us we will dispose of it for recycling or the tip. If you are not sure just give

Tania Spencer 98651339 Kerrie Argent 98654042

A ring and we will let you know.

Thank you very much for your help

# Wheatbelt Women Shine in the Spotlight

More than 70 women travelled to Goomalling this week from Kukerin, Dalwallinu, Pithara, Kalannie, Wongan Hills, Northam, York, Toodyay and beyond to attend the 'Women in the Spotlight' workshop this month.

The event, a joint initiative of the Wheatbelt ACC and AusIndustry's Small Business Field Officer Programme, was designed to inspire Wheatbelt women of all ages to tackle life's challenges with confidence.

The first presenter, Clark Scarf, came from Geraldton to deliver his workshop on 'How to get what you want in business and in life'. As a former state cricketer, Clark bowled many of the women over with his animated talk on getting the best out of everyday situations.

"If I had to say one thing that I hope the women take away from this workshop it is that we are *creators* not *discoverers* of our life and we need to be careful what we think about as that tends to come into our lives – the good and the bad", said Clark.

More thought provoking comments followed with acclaimed key note speaker and speech pathologist, Rachel Green. Rachel focused on creating confidence in every aspect of life from business and relationships to

dealing with difficult situations. "I think women often have a tendency to equate being nervous with not being confident. They are not the same.

Confidence is a skill that you can *learn*. Being nervous is just a feeling. If you accept that ☐ you can do almost anything. Like with most skills, you need to practise to become good at it. Start with taking compliments graciously. Don't undermine yourself," said Rachel.

## Blechynden's Poultry

# Information and Beginners John Deere AMS Day

Learn how you can switch from one tractor brand to another using the John Deere guidance system.

**RSVP by 16<sup>th</sup> April so we can cater for everyone.**

Lake Grace Golf club **Wednesday 23rd April 2008**. Come & learn the basics of the John Deere system. See how it fits almost any machinery to improve efficiencies. Touch & feel the components that are interchangeable from one machine to another. Test drive a tractor with auto steer, ask all the basic questions. A very non threatening look at how guidance might be able to help your farming program.

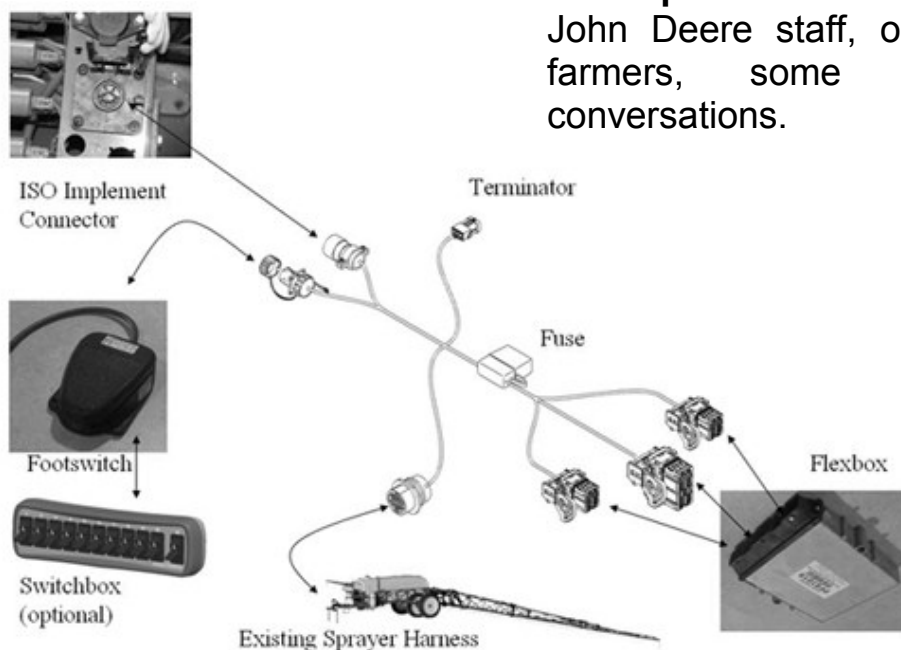

## Advanced Users Day

**22<sup>nd</sup> April 2008. Lake Grace Golf Club.** Some John Deere staff, our own experts, plenty of farmers, some in-depth questions & conversations.

**RSVP by  
Wednesday  
16<sup>th</sup> April so we can  
cater for all visitors.**

**Phone AgWest,  
speak to Kelly  
9865 1100.**

The Roe District Be Active Coordinator, Karen Lovejoy, is compiling a database of Roe district community groups/clubs and their committee contacts.

This database will be used for distribution of information (such as grant/funding opportunities) and listed on the Be Active web site [www.beactive.wa.gov.au](http://www.beactive.wa.gov.au) to promote your group.

- Age: 6 years to adults
- Numbers will be limited per session. Max will be 30 students.
- Cost is \$7.15 per person.
- Payments to be made on the day.

Healthway

## TROLL TALES

Only **10 days** to go for the start of the season. First game is at home against Kukerin. Please no parking on the grass/oval or anything that may look like it will end up being green!! Fixtures should be handed out this week and please check them for your car washing roster, afternoon tea roster and umpiring roster. Thanks to Ollie, Danielle, Belinda and Caz for marking the oval. It looks excellent. Once again the club cannot thank Ollie enough for his time and effort for helping with the oval.

On Saturday we played scratch matches against Ravensthorpe and Hyden/Karlgarin in a little bit of rain!!!! To say we got wet is an understatement. Thanks to the travelling sides for great games and the fun afterwards. Thanks to the girls who played and those brave girls who helped fill in. It was good to get rid of the cobwebs and the first game bottom soreness. Also a huge thanks must go to Belinda for padding up. Bin is giving it a go for the team and must be congratulated for being such a true team player. If my memory serves me well I think we drew 3 all with Ravi and won 6 nil against HKHC. It was fantastic to see the team try Darren's new ideas.

We will be having our shirt presentation / players tea for the A/B grade teams on Wednesday the 16<sup>th</sup> at the

Sportsman's Club after training. Tea will be burgers.

If you are not a member of the sportsman's club, it would be beneficial to become a social member. Parents with children under the age of 18, you must accompany your children to the club and remain there at all times.

Have a safe and enjoyable school term break.

Anna Taylor

Lake Grace Sportsman's Club membership are now due and need to be paid by the **end of April.**

If you aren't a member now is the time to be nominated.

Please remember that due to the Club's license (liquor) agreement only financial members are allowed to use the club facilities.

# *Thrifty-Link* **CCLHARDWARE**

**Lake Grace - Ph 9865 1104**

## **Getting ready for seeding?**

We can supply all types of axles, hubs and bearings etc. for your boomspray and seeder bars.

### ***Also available:***

- Cocky's bolt packs; metric, UNF, UNC & Mixed High Tensile.

**Begins  
Sunday 20th April  
12:30pm start, names need  
to be in by midday.**

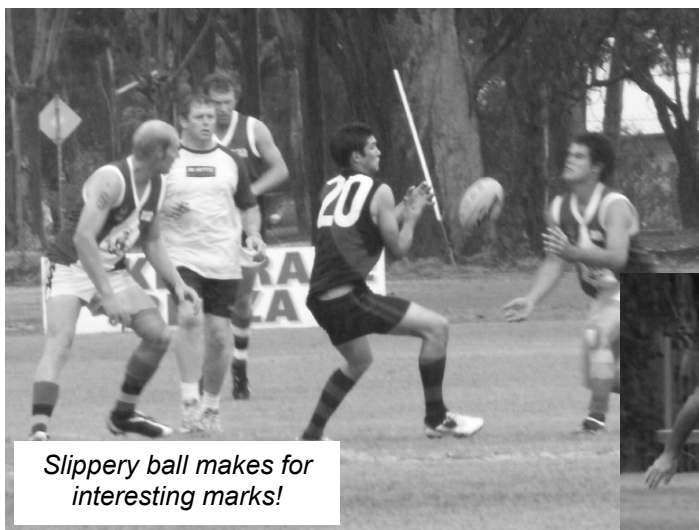

*2 person ambrose, make  
up your own team or turn  
up and we'll organize a  
partner for you.  
All welcome!*

*BBQ tea, could all  
players please bring a  
salad.*

## Footy Fever Dampened *(cont.)*

Lake Grace Pingrup's A Grade Coach Shane Carruthers said, "The scores were irrelevant, it was an opportunity for our Club's to get together and give the players a run before the season begins". The shield winner for the day was Hyden. After three very hard and wet games of football, the day ended with social drinks and a steak and salad tea.

*Dennis Gittos gets his hands to the ball as Hyden's Gerry Farrelly lunges.*

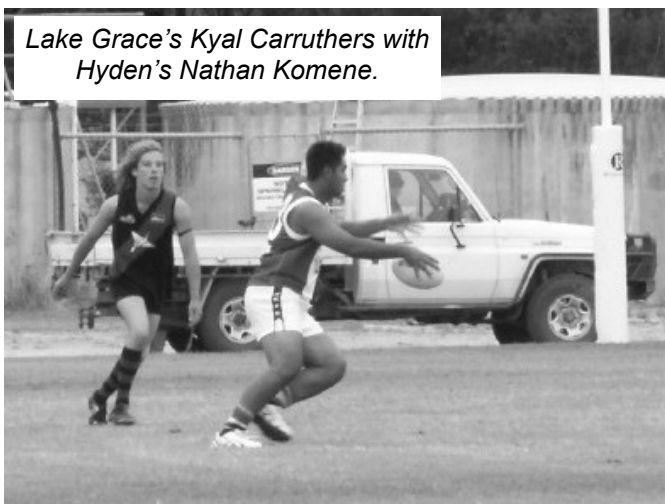

*Slippery ball makes for interesting marks!*

*A Hyden player attempts to chase down Troy Houston.*

*Lake Grace's Kyal Carruthers with Hyden's Nathan Komene.*

*Glynn Medlen dives on the ball.*

*Steve McWhirter sees an opportunity.*

*Just a little bit more rain!*
