## They're In!

*Customer, Paula Carruthers (left) with Shire Council Staff, Danielle Robertson, Rysha Bird and Jeanette Bennett in the roomy foyer of the revamped Shire Offices.*

When Shire staff pulled up stumps and moved their desks down to the old doctors surgery behind the Shire Hall in February 2006, they thought it would be all over by Christmas.

Christmas came and went, but good things are worth waiting for. The state of the art furnishings with beautiful timber and iron features exude professionalism but have a rural flavour.

Take the opportunity to go to the newly revamped Shire offices and admire a building that our Shire can be proud of.

Six hundred and fifty thousand dollars has been spent on the upgrade, with exterior features such as landscaping, car park and fencing yet to be completed.

# EDITORIAL

- I have been receiving a great deal of comment recently on dogs being allowed to wander the streets, either with their owner and not on a leash or simply going solo. These dogs, no doubt, are the centre of your universe, however they could be a cause of annoyance to someone else. Personally I like dogs but I have no wish to own one, therefore I don't think I should have to clean up dog poo from my yard. I have watched irresponsible dog owners allow their dogs to poo on the verge outside my home without the owner cleaning up (I have windows). Nor should I have someone's dog adopt me when I'm out for a walk. These are minor irritations compared to the fear of being attacked. Your dog may be intimidating a jogger or walker. Having had one of my children attacked by a dog I am fully aware that somebody's much loved pet can turn on someone that they actually know quite well. By the same token there are plenty of responsible dog owners with their pets on leads and 'doggy doo' bag in hand. If you're not sure of your responsibilities as a dog owner, please read page 31.
- Working With Children checks. There seems to be some confusion as to what to do. Sarah Silvester, our Regional Officer from the Department of Sport and Recreation would be only too happy to have one of their experts come to Lake Grace and talk about the responsibilities facing those who may be coaching or working with children. The Department do not want anyone applying for these checks if they don't need to, they are in fact rejecting some who have applied prematurely. If you're coaching junior footy for example and your son plays in the team then you do not need to apply. Parents, step parents and grandparents are exempted if their child is involved in the sport/activity that they will also be involved in. If you're called in as an emergency relief to coach, you're also in the clear. Volunteers are allowed to be involved up to five times per year without needing a WWC clearance.
- Local phone books are now available. They are \$5.50 each. If you were one of those organised people who got a copy when they were first at the Post Office, you may need a page replaced. If you have Newton-Owen repeated please come to the Telecentre and we will replace that page. There is only 4-6 copies that need fixing.
- The Telecentre may be in a position to have a photo kiosk on the premises that prints 6" x 4" digital photos for 19 cents per copy. Would you get any use out of this kiosk? Please let me know if you think you would.

## Steak Nights

Thank you to those many people who have volunteered to help with Steak Nights, it was heartwarming to have people actually approach me to not only give of their time but to say they were prepared to do it more than once. There's still plenty of room for others, so you can give me a call on 9865 1310 a/h or wait for me to pounce on you when you least expect it!

Last Saturday night was quite busy with 100 meals being produced. Thank you very much to Robyn Taplin who gave of her time, at short notice, to take meal orders. Well done to Jaimee Bell, who at 10 years of age, was a huge help in the kitchen.

It would be appreciated that if you are planning to come to the club for steak night with a few friends (please do) could you please notify the club. This helps in ensuring that we will have enough meat and salad to feed everyone. The Club isn't in a position to be able to have a full fridge of vegetables when they only run the kitchen commercially once a week.

## House Rules

In the interests of the safety of children, the Lake Grace Sportsman's club Committee would appreciate that parents keep a closer eye on their children while attending the Club. Children are not allowed to play on the green (the surrounds are fine), and we would prefer that they not wander into the kitchen. Please also be aware that the car parking area at the back of the club is dark, and not the safest place for pre-school aged children to be playing.

By law children are meant to be seated with their parents in any licensed establishment.

Last Saturday night a patron left a collection of bloody hand towels and tissues on one of the tables at the Club. This kind of disregard poses a health risk to staff, volunteers and other patrons.

# LETTER TO OUR COMMUNITY

As most would be aware, Kim Slarke was diagnosed with an aneurism in mid-March and then suffered a stroke on April 17<sup>th</sup>. We are pleased to say, however, that Kim is making very good progress – getting stronger, walking unaided, talking well and joking (of course) – and, together with Royal Perth Hospital medical staff, is aiming for 100% recovery. Kim was discharged from RPH this week and will continue his rehabilitation as an outpatient in Perth.

“I always introduce myself as Kim Slarke from Lake Grace with a sense of pride and belonging. People ask what is special about Lake Grace as many towns have an event or landmark that is their identity. The last few weeks have reinforced that fact that it is the people who make our town special.”

“Right now we’re doing all we can so I can recover and it is made so much easier by the love, support, prayers and goodwill that is being radiated from our community.”

*Kim Slarke*

Our eternal gratitude goes to Dr Sanjay and nurses Kerrie Argent, Florence Watts and Jo Thomson for their professionalism and quick action treating Kim in the Emergency Department. Thank you to ambos Lois and Laurie Dickins and Meg Marshall for transferring Kim to the RFDS aeroplane. We know it must have been distressing for you all and appreciate your dedication and care. Thanks also the RFDS staff, to those who have raised funds for this service all these years and to Dr Kavita. Special thanks to neuroradiologist Dr Will McAuliffe for his kindness, skill and making himself available at all times.

Thank you to all those who helped with the shearing and to our work colleagues for being so kind and accommodating so that we could be with Kim in Perth.

Our wonderful extended families and friends gave us, and continue to give us such love and support through this frightening time. We feel so grateful to you.

Our heartfelt thanks go to everyone across the district for all the acts of kindness and generosity, and for your many prayers, positive thoughts and messages of love and hope. The offers of help have been overwhelming. You are sustaining us through a very difficult time and have affirmed our love and respect for this wonderful community.

- Kukerin Dumbleyung C Grade football broke an 18 month drought and won their game against Boddington on the weekend with a final score of 10 8 to 3 4. There's a strong local contingent in the team with Joe Duckworth, Braden Frost, Lachlan Gray, Reuben Smith, Reece Smith, Thomas Dunham and Aaron Smith from Lake Grace plus Newdegate boys Tim Shalders, Jeremy Richardson and Travis Salvage. The team were thrilled to have a win. It's been so long since they had a positive result that none of the players knew the team song! Aaron Smith was voted best player for the C Grade match but still had plenty of petrol in the tank and went out and played B Grade with fellow Lake Grace lad, Kyal Carruthers. B Grade also had a win.
- Welcome back to Alex Duckworth who has been travelling overseas.
- The King family have been celebrating with Jacinta getting married and Jessica announcing her engagement.

On Saturday 28th April we all travelled to Jerramungup for our game, knowing they had an older and experienced team we gave our older kids more of a run on the day.

Carly Hardy stepped up and played our Goalie and did a great job, thanks to Mrs Trevenen for

standing behind the goals giving advice. We only let Jerry score one goal in the second half - with a great effort from all the kids. Thank you to all the parents who help us on the day and at training, it is greatly appreciated.

## Farewell to Lynn and Anne Parker

A farewell was held for Lynn and Anne Parker on Saturday 28<sup>th</sup> April. Although Lynn and Anne are adamant that they haven't quite left yet, the Anglican Church was quick to make sure they didn't get out of town without a celebration to recognize their contribution to the community.

Although Anne is a local girl, Lynn is a 'recent newcomer' having only come to Lake Grace in 1968. Over the years, the Parker family has operated a number of local businesses including the local drive-in, Lake Grace Rural and CCL Hardware.

With CCL hardware having been taken over by Allan and Rita Marshall earlier this year, Anne and Lynn are looking forward to catching up on some much needed R&R. Lynn and Anne have (almost) moved to Albany, which means the boat will be

slipping its moorings a little more often than it was in Lake Grace. And they will be closer to the children.

## Bill Munday Tennis Camp

During the first week of the school holidays, four students from Lake Grace attended Bill Munday's Tennis Camp. Held near Boddington, it is a three day camp from the 11-13 April.

Jamie Bell, Melanie Naisbitt, Travers Wright and Brendan Bell attended the camp which is held for 8-13 year olds. Thirty six children from the Upper and Lower Great Southern attended this camp.

the children as I worked in the kitchen for the camp, preparing all the meals for the children as they were always hungry.

The children all made new friends during their time there and all look forward to the next camp, which may be in the October school holidays.

*Heather Bell*

It was a very full three days for those taking part as they had a total of 15 hours tennis coaching with the three coaches, as well as nine hours of tournament play. A total of 24 hours tennis.

As well as the tennis the children took part in games of continuous cricket, which was a must-do activity. There was also swimming in the large pool and night time spot-lighting on the nine hole golf course.

I enjoyed my time up there with

# Save a Life Day 16th May 2007

On the 16th May, 62 students (Yrs 5-10) from Lake Grace District High School, will be learning the skills to save a life as they attempt to break the Guinness World Record for the largest CPR training session.

As part of St John Ambulance SAVE A LIFE DAY, of which SGIO is a major sponsor, the students will undertake a short First Aid course in an attempt to break the record which stands at 2308 participants. The Lake Grace students will join 3000 students from Perth and 2000 students from regional areas in the record attempt. Lake Grace students will take part in the attempt at the Lake Grace Shire Hall from 10am—12 pm on the 16th May.

Every student will learn CPR on the Mini Anne manikin, a component of the CPR123 kit which also includes a practice DVD and a basic life support book. Students will take this kit home on completion of the session and will be encouraged to teach CPR to at least two other family members or friends.

SAVE A LIFE DAY forms part of St John Ambulance's vision of having one member in every West Australian household First Aid trained by 2010.

The day will also see the launch of a new free interactive online First Aid Crash Course. This 20 minute course, located at [www.stjohnambulance.com.au](http://www.stjohnambulance.com.au), teaches participants the basic skills to save a life by showing them how to recognize an unconscious person, place them in the recovery position, perform CPR and stop bleeding.

Approximately 75 per cent of cardiac arrests occur in peoples homes but only 25 per cent of cardiac arrest patients receive CPR prior to the arrival of emergency services.

St John Ambulance Medical Director, Dr Garry Wilkes, said that administering First Aid can mean the difference between life and death which is why it is important that people make learning lifesaving skills a priority.

"The first few minutes after an emergency situation are vital. In cases where the heart stops, the brain begins to die after three to five minutes so oxygenated blood flow to the brain is critical—this is achieved by doing the basic skill of CPR," said Dr Wilkes.

"When CPR is performed promptly and effectively it can more than double a victims chance of survival. Over the past 10 years the number of bystanders or relatives performing CPR has increase from 16 per cent to 25 per cent, which is fantastic, but we want to see this increase even further."

"With the new simpler and easier CPR guidelines introduced last year and with first aid courses taking as little as half an hour to complete there are no excuses for not learning CPR," he said.

SGIO State Manager Garry Moore said the SGIO was

proud to be partnering the St John Ambulance SAVE & LIFE DAY as it represented a powerful example of business working with the community to help people increase safety in the workplace, at home and on the road.

"SAVE A LIFE DAY is such a great initiative, we see it as a large step in helping St John Ambulance towards their vision of having one member in every West Australian household First Aid trained by 2010," said Mr Moore.

Regional areas participating in SAVE A LIFE DAY include Albany, Bunbury, Busselton, Chittering/Gin Gin, Collie, Doonybrook, Geraldton, Kalgoorlie, Karratha, Kununurra, Lake Grace, Laverton, Margaret River, Merredin, Mt Barker, Narrambeen, Northcliffe, North Midland, Pinjarra and Tom Price.

**The public are encouraged to participate in SAVE A LIFE DAY by logging on to [www.stjohnambulance.com.au](http://www.stjohnambulance.com.au) and taking part in the online crash course anytime from 16 May onwards.**

SAVE A LIFE DAY was launched in 2006 when St John Ambulance WA broke the Guinness World Record previously held by the American Heart Association. St John Ambulance is the largest provider of First Aid courses in Western Australia, training a record 82,785 West Australians in First Aid last year.

## Career Opportunity

**POSITION:** Mother, Mum, Mama, Mummy, Mumma, Ma

**JOB DESCRIPTION:** Long term, team players needed, for challenging permanent work in an, often chaotic environment. Candidates must possess excellent communication and organisational skills and be willing to work variable hours, which will include evenings and weekends and frequent 24 hour shifts on call. Some overnight travel required, including trips to primitive camping sites on rainy weekends and endless sports tournaments in far away towns. Travel expenses not reimbursed. Extensive courier duties also required.

**RESPONSIBILITIES:** The rest of your life. Must be willing to be hated, at least temporarily, until someone needs \$5. Must be willing to bite tongue repeatedly. Also, must possess the physical stamina of a pack mule and be able to go from zero to 60 mph in three seconds flat in case, this time, the screams from the backyard are not someone just crying wolf. Must be willing to face stimulating technical challenges, such as small gadget repair, mysteriously sluggish toilets and stuck zippers. Must screen phone calls, maintain calendars and coordinate production of multiple homework projects. Must have ability to plan and organise social gatherings for clients of all ages and mental outlooks. Must be willing to be indispensable one minute, an embarrassment the next. Must handle assembly and product safety testing of a half million cheap, plastic toys, and battery operated devices. Must always hope for the best but be prepared for the worst. Must assume final, complete accountability for the quality of the end product. Responsibilities also include floor maintenance and janitorial work throughout the facility.

**POSSIBILITY FOR ADVANCEMENT and PROMOTION:** Virtually none. Your job is to remain in the same position for years, without complaining, constantly retraining and updating your skills, so that those in your charge can ultimately surpass you.

**PREVIOUS EXPERIENCE:** None required unfortunately. On-the-job training offered on a continual exhausting basis.

**WAGES AND COMPENSATION :** Get this! You pay them! Offering frequent raises and bonuses. A balloon payment is due when they turn 18 because of the assumption that university will help them become financially independent. When you die, you give them whatever is left. The oddest thing about this reverse-salary scheme is that you actually enjoy it and wish you could only do more.

**BENEFITS:** While no health or dental insurance, no pension, no tuition reimbursement, no paid holidays and no stock options are offered; this job supplies limitless opportunities for personal growth and free hugs for life if you play your cards right.

## Australian Rural Leadership Program (ARLP)

Applications are now open for Course 15 of the Australian Rural Leadership Program.

The ARLP is Australia's premier rural leadership development program with an international reputation for producing highly effective leaders. The Program has more than 360 graduates working towards a more sustainable rural Australia. The Australian Rural Leadership Foundation is now seeking men and women who have a vision to shape the future direction of rural and regional Australia to apply for Course 15.

"Any preconceived expectations of what might be in store for me in terms of my personal and professional development as a participant in the ARLP have now been proven to be a huge underestimation of the true worth of this program." ARLP Graduate

The Program's principle objective is to improve the economic, social and environmental wellbeing of rural Australia - its industries, communities and people - through investment in leadership development. It does this by seeking highly motivated women and men already actively involved in their industries and communities, but with a commitment and capacity to take on higher leadership roles. The Program seeks to build future leaders, by exposing participants to real issues critical to rural Australia, through interaction with key people in industry, government and community, in

Australia and overseas. The Program challenges participants and builds skills, knowledge and the networks critical to effective leadership.

"The course took me out of my comfort zone and challenged me to abandon long cherished opinions, and grow. I have developed a powerful self-awareness and confidence, to assist the process of change in the grazing sector. In addition, I have developed lifelong friends and am a member of an alumni network which shares my ambitions for rural and regional Australia", said one ARLP Graduate

The course is hands on and demanding, it comprises some 60 days conducted over an 18 month period and involves a combination of workshops, discussions and outdoor activity, both interstate and overseas. The program is known for its focus on experiential learning methods.

Applications are open for a period of three months and close on 31 July 2007. Application forms are available from the Foundation by email: [info@arlp.net.au](mailto:info@arlp.net.au) or phone: (02) 6281 0680 or can be downloaded from the Foundation's website: [www.rural-leaders.com.au](http://www.rural-leaders.com.au) <<http://www.rural-leaders.com.au/>>

# NIGHT WATCH

Welcome to Night Watch for the fortnight, from midnight Friday 11<sup>th</sup> May, to midnight Friday 25<sup>th</sup> May. Astronomy is looking UP. Never look at the Sun with the naked eye, binoculars or telescope without a proper solar filter and preferably one that fits over the skyward end as your eyes can easily be quickly damaged beyond repair.

On Sunday 20<sup>th</sup> the planet Venus can be viewed in the daylight 1.7° south of the Moon which will be 11% illuminated in Gemini and will be due north at 3:45pm. Use binoculars or scope if unsighted then use naked eye.

Our local star the Sun will reside in Aries until Wednesday 10<sup>th</sup> when it will rise in Taurus at magnitude -26.72. This fortnight morning twilight begins at 5:21am and evening twilight ends around 6:44pm.

The Moon on Tuesday 15<sup>th</sup> at 10:56pm will be at Perigee (closest), 359,390 kilometres from Earth. The new Moon will occur at 3:17am on Thursday 17<sup>th</sup>. On Thursday 24<sup>th</sup>, The Moon will be at 1<sup>st</sup> quarter phase at 4:52am and will also be 0.7° (close), south of the blue star Regulas. The Moon this fortnight resides in Aquarius at 34% on 12<sup>th</sup>, in Pisces on 13<sup>th</sup> at 23%, 14<sup>th</sup> at 14% and on 15<sup>th</sup> at 7%. Aries on 16<sup>th</sup> at 2% and 17<sup>th</sup> at 0%. Taurus on 18<sup>th</sup> at 1% and 19<sup>th</sup> at 5%, Gemini on 20<sup>th</sup> at 11% and 21<sup>st</sup> at 19%, Cancer on 22<sup>nd</sup> at 28% and 23<sup>rd</sup> at 38%, Leo on 24<sup>th</sup> at 48% and 25<sup>th</sup> at 58%. This will help to identify the Constellations.

**Mercury** set at 5:51pm in Taurus, 30 minutes after sunset at -1.5 magnitude on Saturday. On Friday 18<sup>th</sup> Mercury will be 3° (thumb at arms length) south of the Moon. Mercury sets at 6:28pm on Friday 25<sup>th</sup> and be easily viewed as it sets 1 and quarter hours after sunset.

**Venus** at a bright -4.1 magnitude in the constellation of Gemini sets on Saturday evening at 7:59pm in the north/west. On Friday 25<sup>th</sup> Venus sets at 8:14pm.

**Mars** the red planet in the constellation of Pisces, rises at 2:33am on Saturday morning at magnitude +0.9. On Sunday Mars will be 3° south of the Moon. Mars on

Friday 25<sup>th</sup> in the constellation of Cetus (the whale or monster), will rise at 2:27am.

**Jupiter** the giant gas planet in the constellation of Ophiuchus (the serpent carrier), rises at 6:53pm at -2.5 magnitude on Saturday evening and at 5:56pm on Friday evening 25<sup>th</sup>.

**Saturn** the ringed planet in the constellation of Leo at magnitude +0.4 sets at 11:33pm on Saturday. On Wednesday 23<sup>rd</sup>, Saturn will be 0.8° (close) south of the Moon. Saturn sets at 10:45pm on Friday 25<sup>th</sup>.

**Uranus** the blue/green gas planet in the constellation of Aquarius rises at 1:51am on Saturday morning at magnitude +5.9 north of the Moon at 1.3°. On Friday 25<sup>th</sup>, Uranus rises at 1am.

**Neptune** the grey/green coloured gas planet in Capricornus rise at 11:45pm on Saturday evening at +7.9 magnitude. On Friday 25<sup>th</sup> Neptune rises at 10:54pm. A pair of binoculars or telescope is best to find Uranus and Neptune.

**Meteors** at 5 per hour in Sagittarius are visible on Saturday morning 19<sup>th</sup>.

On Saturday Saturn will be at 45° in the north in front of the upside down and back to front head of the lion in the shape of a hand sickle or question mark. At 7pm the bright blue star Regulas will be near the same place.

In the east the funny looking obscured square is the constellation of Corvus the crow which harbours the planetary nebula, the ghost of Saturn and the two merging Galaxies NGC 4038 and 4039 called the mice.

## Licensing System

The licensing computer system TRELIS which is used across the state is an enormous database that is currently suffering slow response times that a number of areas in DPI are working on together to improve.

The Shire of Lake Grace would like to warn customers of the ten minute wait when processing vehicle and license renewals. To avoid the wait customers can send their vehicle renewals and cheque by mail or you can drop it into the Shire office and we will send the receipt out to you.

The Department of Infrastructure and the Shire of Lake Grace apologises for any inconvenience and wishes to advise the system is currently being worked on and should be improved in the near future.

## WIN/SBS TV RECEPTION UPDATE

At present the decoder (the part that picks up the transmission signals) is in Orange, NSW, being repaired.

In due course both WIN and SBS services can return to normal, so watch this space! We apologise for the bad reception.

**CURRENT FUNDING PROGRAMMES:****LOCAL ANSWERS**

The Australian Government has allocated \$137 million to the Stronger Families and Communities Strategy 2004- 2009 for Local Answers projects. Local Answers is designed to strengthen disadvantaged communities by funding local, small-scale, time limited projects that help communities to identify opportunities to develop skills, support children and families and foster proactive communities.

Local Answers is committed to listening to local communities and using local knowledge and experience to develop effective, practical solutions specific to individual communities and their needs.

**Funding under Local Answers will support projects that:**

- build effective parenting and relationship skills;
- build skills and opportunities to make families and communities more self-reliant;
- assist individuals to become involved in community life through local volunteering or mentoring or training to build leadership skills.

**Local Answers aims to:**

- strengthen communities to give children a better start in life;
- build community capacity and capability;
- work together in partnerships;
- encourage a preventative and early intervention approach to strengthen the community;
- use the evidence to demonstrate success;
- be results focused.

Guidelines and application form for Local Answers Round Five are available from the Department of Families, Communities and Indigenous Affairs website on [www.facsia.gov.au/sfcs](http://www.facsia.gov.au/sfcs). Applications open on 27 April 2007, and close at 5 pm, 25 May 2007.

## Enrolling to vote to Require proof of identity

From 16 April 2007, Australian citizens will need to prove their identity when enrolling to vote or update their enrolment, with a new federal enrolment procedure being introduced.

The divisional Returning Officer of O'Connor, Michaela Miller said that from 16th April, people would need to provide proof of their identity when enrolling for the first time, re-enrolling to get back on the roll or update their enrolment because they had moved.

"A new purple enrolment form will be available from 16th April in all Australia Post outlets and Australian Electoral Commission (AEC) offices, and a new on-line form on the AEC website at [www.aec.gov.au](http://www.aec.gov.au)," she said.

After 16 April the previous green forms, and forms downloaded from the website before 16 April, cannot be used for Federal enrolment".

Mrs Miller said there would be three ways to demonstrate your identity when filling in the new purple form.

"Most Australians simply need to provide their

driver's licence number."

"Anyone that doesn't have a driver's licence, can show another identity document such as a medicare card or an Australian passport. They can also get an 'authorized person' to sign a declaration on the enrolment form," she said.

"Thirdly, anyone that doesn't have a drivers licence or an acceptable identity document can have two enrolled people, who have known them for at least a month, confirm their identity by signing their form."

More information on the new enrolment identity requirements is available in the AEC's website at [www.aec.gov.au](http://www.aec.gov.au) or by calling the AEC on 13 12 16.

Mrs Miller reminded people that it was their responsibility to enroll to vote and to keep it up to date by completing a new enrolment form every time they move.

**New enrolment forms are available from the Lake Grace Telecentre.**

2<sup>nd</sup> Prize – Sophisticake Mother's Day Cake  
Ticket No. 89 – Frank D-Emder

3<sup>rd</sup> Prize - \$20 Voucher Lake Grace  
Garden Supplies  
Ticket No. 33 – Helen Rawlings

Congratulations to all the prize winners and thank you to all who bought tickets in the raffle. All proceeds are going toward our undercover area at the Uniting Church.

We would also like to thank Peter and Lyn Taylor, Pam Lannin and Murray and Julie Hardy for the donation of the prizes. Thanks also to Bill and Angela Walker for the donation of two vouchers. We really appreciate and thank you for the support.

Our open day is on Sunday 20<sup>th</sup> May at 11am. We will be having a few activities for the kids and a sausage sizzle and drinks for lunch. Please come along and enjoy the fun and see what is happening. There will also be a lucky door prize.

As you can see on the activity calendar we are doing lots of painting so I recommend that you dress yourselves and the kids in old clothes. We do have art smocks but these don't always cover all the clothes. Last week we started our Playgroup Banner which will be displayed on the front fence leading up to the opening, it will then be displayed in the church. It looks fantastic and this week we will be finishing it off. We are lucky enough to have an oven in the building, so Playgroup cup cakes are once again included. They were a huge hit last year.

The cleaning roster has been put up, can you please put your name down for a one month rotation. There isn't a lot that needs to be done but it is necessary for everyone to pull together and keep the place clean. The toilets need to be cleaned before each session and the vacuuming and tidying of the toys needs to be done after each session in the event there is a Sunday Church Service held.

*Tania Bray*

## High Level of Interest in WA's Electoral Boundary Review

Community interest in the distribution of the State's electoral boundaries is high, with an increased number of submissions received by the Office of the Electoral Distribution Commissioners as the first stage of the process to redraw Western Australia's electoral boundaries.

A total of 33 written suggestions had been received when submissions closed at 5.00 pm on Friday 4 May, which is a significant increase on the last boundary distribution conducted in 2003.

Electoral Commissioner Warwick Gately said submissions had been received from political parties and local governments as well as other interested individuals and groups.

"The larger number of written suggestions received is an indication of the strong interest being shown in the distribution of the State's electoral boundaries," Mr Gately said.

"There have been eight submissions from political parties and members of parliament, 10 submissions from local government authorities and 15 submissions from community groups and individuals.

"All submissions will be considered by the Electoral Distribution Commissioners before the proposed new boundaries are published on 29 June."

Mr Gately said that the increased interest in the process could be attributed to the extensive change expected as a result of legislation passed in 2005 based on 'one vote, one value' principles.

"All written suggestions received have been placed on the boundaries web site at [www.boundarieswa.com](http://www.boundarieswa.com) and can be viewed at the Office of the Electoral Distribution Commissioners at Level 11, 111 St Georges Terrace, Perth.

"Interested groups or individuals now have until 5.00 pm on Friday 18 May to lodge written comments on these initial suggestions."

Once all the written comments have been received, the Electoral Distribution Commissioners have a period of 42 days to consider all suggestions and comments before publishing the proposed boundaries on Friday 29 June. There is then a 30 day period for interested groups or individuals to lodge any objections to the proposals.

The Electoral Distribution Commissioners have a further 90 days to consider the objections and prepare the final boundaries. The new boundaries will be published on Monday 29 October and it is these boundaries that will be used at the next State general election.

## Snippets from St Anne's Anglican Church

### What is a Christian?

The word was originally used as a nickname for the followers of Christ, and at the time was probably a bit offensive. The proper sense of the word describes someone who believes in God and that Jesus is the way into the presence of God.

A Christian is a person who believes that Jesus has risen from the dead, and because he lives they can live also, live eternally with God all for the asking.

The term "Christian" can be used to describe a number of people, it generally refers to a person who has an affiliation with the Christian faith, but it could also refer to someone who displays Christ-like qualities, a loving, caring person. Christians are very open to the gospel and it is often used to describe someone who goes to church.

Take the time to ask yourself what does being a Christian mean to you? What type of Christian are you and are you ready to answer God's call?

## LAKE GRACE ART NOTES

Sixteen enthusiastic people did the Silk Painting workshop with Marlene Page on 21st and 22nd April and learnt methods to colour silk scarves. It was such a good roll up that we had to work outside to fit everyone in! Marlene was a very generous tutor explaining techniques and skills that she has taken years and years to work out.

Working under the name of Healing Circle Silks, Marlene makes a living from selling her unique silk scarves, sarongs and silk paintings. Initially a painter, Marlene sees silk painting as a coming together of all her previous skills. She is commissioned to produce exclusive pieces of work and also produces work for retail outlets. The colours on silk are especially brilliant and the medium allows a freedom of line similar to painting in watercolour. You will see the results in our next exhibition which will open on the 8<sup>th</sup> June. This was a fabulous workshop and everybody enjoyed it immensely. There is the possibility of Marlene returning so if you are keen, let Anna know of your interest.

Don't forget we have our stall coming up on the 17<sup>th</sup> of May. Could everyone could cook lots of cakes, please. We are hoping to be able to sand and seal the floor with the proceeds of this stall.

The "Over the Garden Fence and in the Bush" Exhibition finished last Friday, but will be up for another week or so. If you missed out either give Kerrie 9865 4042 or Tania 9865 1339 a ring and we'll arrange for a time for you to look. Enjoy stroking the wires and walking through the silks, and those farmers out there come and check out what else you can do with wire other than making straight lines that break up the landscape. Did you know that you can dye fabric with Gum tree leaves. What colour do you think the dye would be? These are some of the questions and themes of this exhibition.

The one day Creative Volunteering - No Limits workshop on Governance for Community Groups on the Friday 11<sup>th</sup> of May, has been postponed until further notice. Possibly reschedule at the end of June or in August, at this stage. Please ring Anna 9865 4023 if you are interested.

Lino printing with Catherine Hendry is on the 22<sup>nd</sup> of May from 9.00-12.00. This mini workshop will teach you to make a simple lino block to print with. Once you've made your block you can use traditional inking up and printing or you could use embossing powders or stamping inks to make your print. So all you card makers out there, this workshop is for you as well. Imagine being able to make your own personalised stamp! You could even make a logo. Simple designs with solid areas that you can work back into with texture work best. Ring Catherine

Hendry on 9866 8023 or Anna Strevett on 9865 4023 to book or for more information. Also see ads around town and in the next paper.

# Fitzgerald Campdraft 2007

Well another year swung around all too quickly for the organizing committee of Fitzie, entries began dribbling in very early in mid January so hopes were high that numbers would again peak. Indeed they did and for the first time in many years Fitzgerald was full well before the closing date.

Pushing hard for financial backing again proved that brown nosing is a thriving sport here in the eastern wheatbelt. Although some major sponsors from last year pulled out, we still managed to reach our target for this year's prize money.

The preceding week saw Colin Crane's place get some much needed rain, promoting green grass and a springy arena surface with excellent going. People began rolling through the gates on Friday to assist with the usual setting up processes. Luckily we'd stocked up on the dunny paper because with Bushby's Seafood Van cranking up on Friday night, what goes in, must come out. Our spare port-a-loo towed in from True Blue Hire in Ravensthorpe copped a fair work out.

Concern over the slippery camp prompted Colin (bless his hard-working heart) to get up early Saturday to scarify the camp surface, relieving much of the organizing committee's anxiety. So Saturday kicked off with all the riding classes. Large numbers of entrants for all the classes saw judges Lynne and Damien Reid in top form, efficiently firing out the results, and similarly the novelties were well contested. Where else can you get money for belting around and around, without caring if your heels are down or if your horse is giving to the bit?

The Mitchell Vet Open Draft began with a peppering of outside scores and some handy camp work. Judge Annie Potter warmed to the task pretty quickly, awarding Lynne Reid on Tiffino top cut out with 22. Early leaders shaped the score board, with Dan, Lynne, John Edgley and Damien jostling for the lead. After the Open the Maiden Draft started up without a break, the committee sacrificing lunch and cups of tea to keep things on the move. The chunky little steers saw outside scores a bit hard to come by, with all those achieving some satisfaction outside guaranteed a place in the final. Highly entertaining was the spectacle of Rob Thompson vs Rob Thompson for top cut out – at least he didn't have to haggle over who would go first!!

Following then the Junior and Juvenile drafts with judge Lynne Reid giving the kids a fair go. Not many getting out to taste the course.

The last event of the day was the Ladies Draft, simultaneously an alarming bit of info came back that our sacred port-a-loo

was chockers! Quickly an "out of order" sign was dispensed before anyone who entered it could pass out, never to be heard from again.

The Ladies commenced and straight up Sharlie commanded an early lead, with Bianca Donald following, even an outside score by yours truly didn't guarantee a place!! Mind you, an outside score for me is a PRETTY BIG DEAL, I'll have you all know!!

When the Ladies were done Sharlie emerged victorious and it was Lynne, Simone, Sharlie (again) and Linda who filled the placings. Daylight was fading fast so a decision was made to not run any teams drafting.

Ray's van ran hot Saturday night and a tiring day's competition saw most competitors hit the sack early. Boy, what a day.

Sunday dawned bright and early, we cranked up the music and most people were on horses quick smart. The ambos rocked up and we went into the Nature Vet Novice Draft, with Ratty setting the pace early. 81 from a pearler of a run. Other outside scores came scattering through, meaning if you got around, you got a place in the final.

Judge John Edgley kept things moving and two great camp scores from Rob Thompson and Brent Tyler resulted in a tight top cut out run off, Rob succeeding.

Following the Novice came the Gents draft, with most competitors taking full advantage to have two horses each in the draw. The competitiveness definitely went up a notch as the fellas battled it out. Again the top cut out showed Rob Thompson on fire with his horse Roy, equaled on this occasion by Adam and Henry in a run off. After the guys had their runs the Junior and Juveniles had their 2<sup>nd</sup> rounds, Scott Rogers and Freya Brown taking home a fair few prizes.

Kicking off next the finals of the Maiden and Novice kept competitors on the move, with presentations following each.

Last, but not least, the 2<sup>nd</sup> round of the Open to complete the weekend. Although the eventual winner (Dan Steers) was clear cut, committee error saw some people miss out on their rightful places – all we can say is SORRY BUT WE ARE HUMAN. Luckily the guys who did get messed around are really forgiving.

So the results are listed below but firstly a few thank yous – of course to Colin, Ros, Adelle, Danielle, David, Beryl, Jennifer, Tessa and Neil for their amazing work over the weekend. The fantastic ambos who thankfully had a really boring job, our judges who ploughed through. Anyone who did gates etc, Ray for his food, Ted (Kennedy) Walker for his loo, Department of Sport & Recreation and Lotterywest for the judges grant and all our sponsors. Thanks to those hard working people like Ratty, Brent, and other Dardanup members, Great Southern Branch members, Ollie and Jacko from Mayanup etc etc who stayed to help us pack up...you all know who you are!! Hopefully standing around on Sunday night in the drizzle "chatting" was worth it.

Myself – unconscious by 8pm!!

Some highlights of the weekend:

- Sam Jones, having emerged from a horrible Friday 13<sup>th</sup> accident to still ride and take out ASHLA and =1<sup>st</sup> ridden gelding (on ya Sam)
- Rob T. having to ride top cut out about 50 times over the weekend.
- Watching Henry ride a lovely Maiden WSH pattern
- Jessica Brown & Scott Rogers upstaging the adults to take out Maiden and Novice WSH respectively.
- All those with a good sense of humour when a mischievous committee member made some cheeky changes to names of horses and riders in the programmes.

- All those who appreciated that numerous late scratches/changes could not possibly be changed also in the programmes.
- Steve McKinven playing musical horses (and doing well!!)
- The look on John Sanders' face when he won the Maiden, and the fact he was still euphoric the next morning Lynne Reid winning the Silverado Hi-Point trophy which Damien shouldn't have won last year but did, but then didn't give it to Dawn Solomon who DID win it so he only actually has to pass it on to his wife!

So the motto of this year's draft? "Sticks and stones shall break my bones but whips and chains excite me." OR "Laugh and Fitzgerald laughs with you, cry and you can go home."

## The Lakes Link News is.....

Hi Everyone,

Well I have made one Port Adelaide and one Adelaide Crows rug, I have also made one Eagles and one Dockers blanket. I have made them for the Lake Grace Hospital.

Don't forget the Red Cross cake stall this Thursday at the Plaza.

Remember to keep crafty till next time.

That's all for this week.

## 2007/08 Sport Leadership Grants for Women

The Australian Government, through the Australian Sports Commission and the Australian Government Office for Women, invite you to apply for the 2007/08 Sport Leadership Grants for Women. The program is aimed at providing women with an opportunity to undertake certified sport leadership training.

This program builds on the grants program offered in the previous 4 years, open to all women in sport.

The 2006/07 Sport Leadership Grants for Women offers grants in five key categories:

- Women in general sport leadership
- High Performance coaching and officiating
- Women in disability sport
- Indigenous women
- Women from culturally and linguistically diverse backgrounds

Each category includes the following project areas:

Coaching

- Officiating
- Management (including administration)
- Governance (board and committees)

The Program provides successful applicants with a one-off grant of up to \$5,000 for individuals and up to \$10,000 for incorporated organisations.

Applications for the grants close on Friday 29 June 2007.

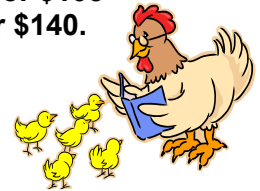

For grant application forms and guidelines please go to: <http://www.ausport.gov.au/women/grants.asp> (Examples of previous grant recipients are also available).

# SCIENCE AND STUFF

## BIOFUEL'S DIRTY LITTLE SECRET:

As a cure for our addiction for oil, ethanol turns out to have some nasty side effects. Pollution from gasoline engines accounts for 10,000 deaths in the US each year, along with thousands of cases of respiratory disease and even cancer. The widely touted ethanol-based fuel E85 (15 per cent gasoline, 85 per cent ethanol) could make matters worse.

Mark Jacobson of Stanford University in California modelled emissions for cars expected to be on the road in 2020. The model assumed that carbon emissions would be 60 per cent less than 2002 levels, so overall deaths would be halved. However, an E85-fuelled fleet would cause 185 more pollution-related deaths per year than a petrol one across the US, most of them in Los Angeles.

The findings, to be published in Environmental Science and Technology, run counter to the idea that ethanol is a cleaner-burning fuel. While ethanol-burning cars will emit fewer carcinogens such as benzene and butadiene, they will spew out 20 times as much acetaldehyde as those using conventional fuel.

Acetaldehyde can react with sunlight to form ozone, one of the main constituents of smog, and so increase the risks to people's health. Without the predicted 60 per cent emissions cut it will be worse. "if we went on today's emissions, there could be two-and-a-half times more damage," Jacobson says. "there are so many people barking pretty loud about biofuels. They've been pushing these things before the science is done. Now the question is: will people listen?"

**ANTI-CANCER PILL:** Regular aspirin use may protect more than just your heart-it could also reduce your risk of getting cancer. Aditya Bardia and colleagues at the Mayo Clinic College of Medicine in Rochester Minnesota, analysed the cancer history of more than 22,000 post-menopausal women over 12 years.

Those who reported taking aspirin regularly at the start of the study were less likely to develop cancer and 13 per cent less likely to die from it during that time. The only lifestyle factor that influenced the results was smoking, which reduced the protective effect slightly of aspirin's anti-inflammatories, such as ibuprofen. The findings were presented at a meeting of the American Association for cancer Research in Los Angeles in April.

**STOP-AND-GO LIGHT:** In 1999 Lene Hau and her colleagues at Harvard University slowed light travelling at 300,000 kms per second down to 63 kms per hour. A few years later the team stopped a beam of light completely. This year Hau's team added another quantum trick: turning light into matter and then back to light again. The matter was a pair of ultracold atomic gases called Bose-Einstein condensates (BECs). In Hau's experiment a laser pulse struck one BEC and imparted its energy to the condensate. Thus imprinted,

the BEC's atoms formed a matter wave that travelled 160 microns before hitting the second BEC, which absorbed the atoms. Those atoms radiated a light pulse that was an exact duplicate of the original. Hau speculates that the technique described may someday be used in optical communications or ultraprecise navigation systems (Nature February 8<sup>th</sup>).

**BIG, HEAVY AND LOOKS LIKE A FERN:** At 8 metres long, it had to be hauled out of the ground with a hydraulic lift normally reserved for dinosaurs. But this fossil formed around 385 million years ago-long before dinosaurs even existed. It's a tree from the Gilboa fossil forest, New York. The site, which contains the oldest trees in the fossil record, is well known to palaeontologists. Until now they had only uncovered fossil tree stumps, leaving them guessing about the appearance of the tree tops.

Now they know. The trunk had large branches, with fronds similar to a modern-day tree fern. Although they were related to tree ferns, the fossil tree has been assigned to a group of plants known as cladoxylopsids. A forest of such trees would have provided a rich habitat for other organisms, as well as boosting ancient Earth's biodiversity, says team member Chris Berry. Fossils of millipede-like detritivores were found at the site.

Such forests may also account for the drop in atmospheric carbon dioxide levels seen in the fossil record around that time and the Earth's system. (Nature, vol 446, p 904).

**THREATENED FROGS:** Australia's frogs are under attack from a deadly fungal disease. Researchers from Griffith University in Queensland have recently completed a study of frogs from Cairns to Melbourne and say the deadly chytrid fungus is firmly established in frog populations throughout eastern Australia.

Jean-Marc Hero from Griffith's Endangered Frog Research Centre says if the disease spreads further, one-third of the world's 6,000 amphibian species could be threatened with extinction. "Frogs are probably the most threatened group of vertebrates on the planet at the moment," he said. "Hundreds of species worldwide have disappeared in the last 20 to 30 years and so as a biological indicator of the environment, we're very concerned." (From ABC Big Pond News May 1<sup>st</sup> 2007 at 2:30pm).

**SOPHIA LAMBERT** was shocked to read on the carton of Munchy Seeds Pumpkin Mix she bought that: "Due to the nature of this product it may contain traces of natural materials."

*I have a water feature at home and the 10 frogs love it, do you have one.*

# HUMOUR

## How to Properly Place New Employees

1. Put 400 bricks in a closed room.
2. Put your new hires in the room and close the door.
3. Leave them alone and come back after 6 hours.
4. Then analyze the situation:
  - a If they are counting the bricks, put them in the Accounting Department.
  - b If they are recounting them, put them in Auditing.
  - c If they have messed up the whole place with the bricks, put them in Engineering.
  - d If they are arranging the bricks in some strange order, put them in Planning.
  - e If they are throwing the bricks at each other, put them in Operations.
  - f If they are sleeping, put them in Security.
  - g If they have broken the bricks into pieces, put them in Information Technology.
  - h If they are sitting idle, put them in Human Resources.
  - i If they say they have tried different combinations, they are looking for more, yet not a brick has been moved, put them in Sales.
  - j If they have already left for the day, put them in Management.
  - k If they are staring out of the window, put them in Strategic Planning.
  - l If they are talking to each other, and not a single brick has been moved, congratulate them and put them in Top Management.
  - m Finally, if they have surrounded themselves with bricks in such a way that they can neither be seen nor heard from, put them in Parliament.

## Computer Skills

Jesus and Satan were having an on-going argument about who was better on the computer. They had been going at it for days, and frankly God was tired of hearing all the bickering.

Finally fed up, God said, "THAT'S IT! I have had enough. I am going to set up a test that will run for two hours, and from those results, I will judge who does the better job." So Satan and Jesus sat down at the keyboards and typed away.

They moused.

They faxed.

They e-mailed.

They e-mailed with attachments.

They downloaded.

They did spreadsheets!

They wrote reports.

They created labels and cards.

They created charts and graphs.

They did some genealogy reports.

They did every job known to man.

Jesus worked with heavenly efficiency and Satan was faster than hell.

Then, ten minutes before their time was up, lightning suddenly flashed across the sky, thunder rolled, rain poured, and, of course, the power went off. Satan stared at his blank screen and screamed every curse word known in the underworld.

Jesus just sighed.

Finally the electricity came back on, and each of them restarted their computers. Satan started searching frantically, screaming:

"It's gone! It's all GONE! "I lost everything when the power went out!"

Meanwhile, Jesus quietly started printing out all of his files from the past two hours of work.

Satan observed this and became irate.

"Wait!" he screamed. "That's not fair! He cheated! How come he has all his work and I don't have any?"

God just shrugged and said, "JESUS SAVES"

## Be Careful What You Ask For!

A married couple, both 60 years old, were celebrating their 35th anniversary. A fairy appeared to congratulate them and grant them each one wish. The wife wanted to travel around the world. The fairy waved her wand and the wife had tickets in her hand for a world cruise. Next, the fairy asked the husband what he wanted. He said, "I wish I had a wife 30 years younger than me." So, the fairy picked up her wand and obliged. The husband was immediately 90.

## Finding her Place

On her way back from the concession stand, Julie asked a man at the end of the row, "Pardon me, but did I step on your foot a few minutes ago?" Expecting an apology, the man said, "Indeed you did." Julie nodded, and noted, "Oh good. Then this is my row."

## Too Hot, Too Cold

A customer was bothering the waiter in a restaurant. First, he asked that the air conditioning be turned up because he was too hot, then he asked it be turned down cause he was too cold, and so on for about half an hour.

Surprisingly, the waiter was very patient, he walked back and forth and never once got angry. So finally, a second customer asked him why he didn't throw out the pest.

"Oh, I really don't care or mind," said the waiter with a smile. "We don't even have an air conditioner."

## The Elephant and the Turtle

An elephant was drinking out of a river one day, when he spotted a turtle asleep on a log. So, he ambled on over and kicked it clear across the river.

"What did you do that for?" Asked a passing giraffe.

"Because I recognized it as the same turtle that took a nip out of my trunk 53 years ago."

"Wow, what a memory" commented the giraffe.

"Yes," said the elephant, "turtle recall".

## The Hard Yard

A free DVD called "The Hard Yard" has been produced  
by the Department of Primary Industries, Victoria, to  
encourage stressed farmers to seek help. The DVD  
shows farmers telling their stories about how they've  
managed tough times.

The Hard Yard is a credible source of options,  
alternative strategies and avenues of support, direct  
from those with hands-on experience. It could be of  
value to those who do not readily seek out support.

"The hardest job on the farm at the time was to ask for  
help. If we hadn't got help I don't think we'd be here  
today" Michael Geddes, farmer from Donald. "It's not  
your fault that the drought is here. It's not a

management problem" Paul Quirk, farmer from  
Shepparton.

If you know of a network or individual who might find  
this DVD of value, there are a few things you can do:

- Place an order by calling 136 186 for this DVD to  
be sent to your nominated person. (your  
identification can remain confidential).
- Forward this email to a network of people or to  
someone who should know about this.

If you have broadband, you can download and view  
"The Hard Yard" by going to [www.dpi.vic.gov.au](http://www.dpi.vic.gov.au), or  
you can order free copies of the DVD simply by calling  
136 186.

## Tips When Visiting People With Dementia

Visiting family and friends with dementia is important to  
their emotional wellbeing. People with dementia are  
usually not able to initiate the activities of the visit.

This information may be useful when visiting people  
with dementia living either in residential care or at  
home.

Some helpful suggestions:

- Develop a flexible attitude when visiting your  
relative or friend. We all have high and low  
energy days and the person with dementia may  
be tired that day and the visit may not go as you  
had planned.
- Be kind to yourself. Visiting can sometimes be  
sad and difficult, and you may need nurturing –  
perhaps take a supportive friend with you, or plan  
a treat for yourself on the way home.

- Take something with you to engage the person: a  
magazine or the newspaper, to read out  
interesting articles or do the quiz together.
- Introduce yourself on arrival, for example, "Hello  
Mum, it's me Elizabeth, your daughter". This  
reduces the person's anxiety as you remind them  
of your name and connection to them - don't  
make the person guess.
- Tap into, and utilise the person's remaining  
strengths, their humour, long-term memories and  
the five senses, eg. take along seasonal flowers.

# Responsible Dog Ownership

## Dogs in Public Places

Many people are frightened or annoyed by dogs that are not leashed in public areas. At no time should your dog become a nuisance or impede other people's enjoyment.

Local governments may declare a dog "dangerous" if it attacks, shows a tendency to attack or repeatedly rushes, threatens or chases people or animals. Once your dog is declared dangerous, or if it is a restricted breed, you will have to put a muzzle on it at all times in a public place.

## Roaming dogs

- Dogs that roam are potentially a public safety risk to motorists, pedestrians and other animals. Irresponsible owners will be liable for any injuries or damage caused by their dog.
- Dog attacks on adults are caused mostly by dogs roaming outside their owners' properties. Children who come into contact with roaming dogs at parks and other public places are more vulnerable to dog attacks.
- Keep your dog adequately confined on your property and follow the rules of responsible pet ownership to help prevent your dog attacking someone.
- Roaming dogs often approach and sometimes attack other dogs.

Everyone is entitled to walk in their neighbourhood without being harassed or attacked by uncontrolled and often quite frightening dogs.

Even if your dog is well behaved, it can be frightening to other people if it is roaming unattended.

Although you may think your dog is unlikely to attack a person, roaming dogs often approach and sometimes attack other dogs. Responsible pet owners and their dogs are often targets of these attacks.

## \$10,000 fines for dog attacks

A dog attack is a very serious matter. If your dog attacks a person or another animal, you will be held responsible even if you are not there at the time.

You may have a defence if your dog is provoked, attacked or abused, or if someone enters your premises unlawfully, including a private residence or vehicle.

A dog attack includes a dog aggressively rushing at or attempting to attack a person or animal, as well as tearing clothing, biting or causing physical injury.

There are penalties of up to \$10,000 for a dog attack and/or 12 months' imprisonment for inciting a dog to attack.

Local governments may seek a court order for a dog to be destroyed if it has attacked and caused injury or damage.

The dog's owner is also liable for any injury or damage resulting from a dog attack. A person who has been attacked may take private legal action for any injury or damage.

## Preventing dog attacks

To reduce the potential for dog attacks, dog owners should:

- Limit the risky genetics (select an appropriate breed).
- Understand the animal.
- Train the animal.
- Limit the risky circumstances (restrain the animal in potential attack situations).

## When dogs need to be on a leash

In urban areas, your dog must always be on a leash in public, except at designated dog exercise areas. As the owner, you can be given an on-the-spot fine of \$100 for not having your dog on a leash or for allowing it to roam. If the matter goes to court, the penalty could be up to \$1000. Check with your local government for the location of dog exercise areas in your local area. Even in dog exercise areas, dog owners should still carry a leash at all times, and ensure the dog remains in reasonable proximity. If a local government declares your dog a "dangerous dog" or it is a restricted breed, then it must be kept on a leash in public places at all times even if it is in a dog exercise area.

## Dog excreta

When exercising your dog in a public place, you should always clean up after it. Most local governments have local laws that require the person in charge of a dog in a public place to remove their dog's excreta and dispose of it. There are penalties for not doing so. Some local governments provide "plastic poo bags" and animal waste bins so that you can keep the environment clean for the enjoyment of others. Dog excreta in the garden should also be removed daily to reduce fly and health related problems.

## Junior Golf

Has commenced in Lake Grace and is open to all boys and girls between the ages of 8-14.

We play each Sunday morning at the Lake Grace golf course from 9.30am to 11.30am with equipment supplied on course.

This is an invitation to novices and regulars alike so why not "come along and have a go."

Junior Membership is \$5 with \$2 per week green fees.

## LAKEGRACE/PINGRUP JUNIOR NETBALL

The Lake Grace / Pingrup junior netball team has made a fantastic start to the season, sitting on top of the ladder with three wins from three starts.

This year we are delighted to welcome Pingrup's Belinda Smith to the team, whose speed and skills have provided us with more options through the centre, as well as Harrison Slarke and Tom Taylor, whose prowess in defence could prove very useful!

We also welcome from our netta ranks Kathleen Naisbitt, Ellie Trevenen and Carrie Taylor. We hope they enjoy having a run in juniors and are sure they will rise to the occasion when required.

### GAME 1 v GNOWANGERUP

Our first game was against Gnowangerup, and with a new combination we went in a little nervous but determined to give it our best. To the team's credit they lead from the start, outscoring their opponents in every quarter and turning a six - goal half-time advantage into a 17 goal victory after an eight-goal to nil final quarter.

It was a superb team effort, but particular mention must go to Carley Hardy who moved and shot beautifully in the goal circle to take out the **coach's award**. Keep it up, Carley!

Congratulations, also, to Kathleen and Carrie who made their "juniors" debut!

### GAME 2 v JERRAMUNGUP

After a bye against Ongerup we took on reigning premiers Jerramungup on their home turf. Jerry took the honours by just one goal in the first quarter and got the better of us in the second quarter to enjoy a 12-7 break at half-time.

Determined not to give the game away the team stepped up a gear in the third quarter, blasting 11 goals to Jerry's three to regain the ascendancy and hold a three goal lead with one quarter remaining.

Buoyed by their third quarter results the team continued

to dominate, finishing the game with a 6-3 final quarter to take the points with a 24-18 victory.

It was a brilliant effort to come from five goals down to win by six with everyone contributing to the victory. And although difficult to single out anyone for the **coach's award**, it was impossible to go past Corrina Baker and Belinda Smith who combined superbly in the centre and created many crucial turnovers to help turn the game around. Well done, girls!

### GAME 3 v BOXWOOD HILLS

With two from two the team was keen to maintain their unblemished record when they travelled to Boxwood last weekend.

With Belinda away, Briana nursing a splitting headache and Tom recovering from an illness we weren't quite sure what to expect, but testament to their skill and determination the team game out strongly, with some fantastic passages of play earning them a comfortable 15-8 half-time lead.

Kaden Chesson did a superb job in defence and Melanie and Carley continued to impress in the goals, while Corrina and Briana linked up well through the centre to keep the score-line ticking over.

Ellie Trevenen made her "juniors" debut with a solid half in WD and Harrison and Tom combined well in defence to thwart many attacking moves.

By the final whistle the team had run out with a 29-14 goal victory and had earned their position on the top of the ladder.

The **coach's award** went to Briana McWhirter for her courage in taking to the court, strong accurate passing and good decision-making on court. Great stuff, Briana!

This Saturday we travel to Borden and hope to continue our fantastic form!

## LAKE GRACE GOLF NOTES

Opening day at golf got under way on the 15<sup>th</sup> of April with 28 people teeing off. The two person ambrose event was sponsored by the Captain, putting on various trophies and novelties. A big welcome to the new faces at the club, Peter Hutchinson, David Nayda, Trevor Norman, Jason Robertson, Mark Seaman and Travis Seward, I hope you all enjoy the course and the 19<sup>th</sup> hole during the season.

The winning team of the day went to father and son Garry and Travis Seward. Runners up were Mark Seaman and Derek Stanton. Our bar manger and his partner took out the hardest triers award. Kingy Strevett won the nearest pins on the 4<sup>th</sup> and 6<sup>th</sup> holes, Peter Hutchinson claimed 15 and Helen Hunt won the ball on 18. Craig Reeves won the 2<sup>nd</sup> best shot on no.8.

Ag-West sponsored the second week of golf with a three person ambrose. There was 8 teams that teed off, all of which had a great day. The team at Ag-West couldn't provide a team as every one was flat out in seeding mode, Travis assures me that NEXT YEAR. The run away winners were Mark Seaman, Gary Seward and Derek Stanton. These golfers seemed to have hit their straps early being in the mix two weeks in a row. The runners up were Alex, Craig and Rebecca Reeves. Jason Robertson won the ball on no. 4, Alan Stubby won no.6, no.15 went to David Nayda and Reid Stubby won the ball on no.18. The long drive novelties went to Helen Hunt and Kevin Eggers, the best 2<sup>nd</sup> shot prizes went to Craig Reeves and Helen Hunt.

On the 29<sup>th</sup> we played our first individual round of golf with a stableford competition. Lake Grace Retravisation was the sponsor, and the golf club would like to thank Di Desmond and the team for their continued support. Twenty five golfers started in the tough conditions which were certainly going to take its toll on any one who had been relying too heavily on their partners over the last couple of weeks. Gary Frost won the men's comp with 35 points closely followed by Justin Wright on a count back from Milton Reynolds on 34 points. Michelle Lay won the ladies competition with 37 points, Michelle was quick to say she had out scored the men, I think she wants to hit off the men's markers next week in the

stroke competition. This year we have four businesses that are sponsoring the nearest to the pins, on the par 3's. I would like to thank Westpac, CSBP, Tyrepower and the Lake Grace Hotel for sponsoring the novelties throughout the season 2007. Kevin Eggers won the Westpac ball, Stephen Hunt won the CSBP bag, Justin Wright won the Tyrepower goodies on no.15 and Jeff Lay won the Hotel ball on 18. The birdy nest went off this week with two people having to share the 27 balls carried over from last year. Well done to Stephen and Helen Hunt on 18.

Last weekend we had our first stroke competition for the season, our sponsors for the day were United Farmers so a big thank you must go to Bomb and Rachael Pelham for their continued support at the golf club. Bomb and Rachel both came out for the presentations, once Bomb got home from his paddle down the river. The field size was down a bit than in previous weeks, so with near perfect conditions the usual thing happened with most having a bad day and nothing to blame, therefore the sledging became the order of the day. Michelle Lay continued her good form to win the ladies competition with a 92-23-69 nett, Stephanie Lay was the runner up on 105-34-71. The men's winner was Chad Stanton with 82-16-66 nett. Gary Frost was the runner up, continuing his good form from last week, Gary shot a 79-9-70 nett. Stephen Hunt won the Gross ball. The hardest trier award went to Paul Rawlings. The best 2<sup>nd</sup> shot on no.3 went to Paul Rawlings and the long drive on no.8 went to Chad Stanton. Craig Reeves won the Westpac ball on no.4, Derek Stanton won the CSBP goodies on 6, Helen Hunt claimed the Tyrepower bag on no.15 and Chad Stanton won the ball on 18.

This week is a Par competition sponsored by the president Steve Hunt. Presentations will be done a little earlier this week so people can still go to the mothers day dinner at the Sportsman's Club. The following week is a stableford competition, sponsored by Lake Grace Plaza.

*Chad Stanton*

## LAKE GRACE JUNIOR GOLF NOTES

Junior Golf in Lake Grace has got off to a steady start in 2007 with several new players joining our ranks. Welcome back cotter...oops sorry, to Harley Pittard and a special welcome to new players in Abbey Trawinski, Lachlan Power, Mitchell Argent, Kyle Harradine and Isabell Seward. We hope your time with us is fruitful and enjoyable. Our winners on 29th April were Harley (cotter) Pittard for chipping and Isabell Seward for putting. Well done to you both.

Another very good turn out on Sunday 6th May with 11 keen young golfers playing in ideal weather conditions. A very warm welcome to three more new members in brodie Cameron, Jade Cameron and Shaye Bowron, all

of whom showed some very early promise. Great to see you. Our winners were Caitlyn Trawinski, who is really showing huge improvement and Travers Wright (the little maestro) for the Rhynie award. Thanks to JB and Mrs JB for their very generous and continuous support of our juniors.

Keep in mind the Graham Marsh Junior Golf Camp at Quairading coming up on the 9th and 10th of June, forms can be obtained from myself or at the golf club.

Just a friendly reminder that subs are now due and can be paid at the golf club on Sunday mornings. See you all next week.

# LAKE GRACE/PINGRUP NETBALL CLUB

## Round 3 – Jerramungup vs Lake Grace Pingrup

Everyone was keen to play another indoor game, with all ten B Graders ready to go by 10.30am. The game started off positively for Lake Grace, with the girls combining well together in the first half of the quarter. Some costly mistakes and turnovers throughout the next two quarters, by Lake Grace, saw the young Jerramungup team securing themselves a handy lead by three quarter time, making it a chase for the Lake Grace side for the remainder of the game. The final quarter was by far Lake Grace Pingrup's best, with the Lake Grace attack and defence working hard to keep the Jerramungup score for that quarter at 8.

### B Grade:

**Jerramungup 43 def Lake Grace Pingrup 10.**

Best Player: Misha Eaton

The A Grade game started off moving quite quickly and physically. Our shooters were accurate, making use of the indoor conditions. Jerramungup had a small lead of three going into the second quarter, which turned into a quarter of injuries for Lake Grace. Tabatha was the first to go, injuring her ankle, with Annie a little while later, also with an ankle injury. We made some changes, bringing Tammy on and putting Rysha into goals. Both girls performed admirably for the remainder of the quarter and by half time the difference was only seven goals to Jerramungup. We had an excellent third quarter, with Louise bearing the brunt of a frustrated Jerramungup attack and had levelled the scores for that quarter. Unfortunately, some untimely turnovers, converted by Jerramungup, put them in the lead by 16 goals by the final bell. It was an impressive effort by all players, who once again displayed a high level of skill and teamwork. Thanks again to Helen McWhirter, who had the unenviable job of umpiring a predictably physical game.

### A Grade:

## Round 4 – Boxwood Hills vs Lake Grace Pingrup

Facing another long drive and the prospect of rain, the B grade game was going to be a tough one. Fortunately (for the game) the rain stayed away and conditions were ideal for playing. The Lake Grace girls had difficulty getting the ball in to their shooters, but all worked exceptionally hard to regain possession. Once

again, our defence had their work cut out for them, with a majority of the play being in the Boxwood attack. Some excellent intercepting from Skye, kept the run on by the opposition down, although some very accurate shooting from the Boxwood players had already blown the score line out to an untameable margin.

### B Grade:

**Boxwood Hills 51 def. Lake Grace Pingrup 10**

Best Player – Skye Gambuti

Gala Day was again a great success for Roe Districts, congratulations to the Association for organizing such a major fixture.

The Mothers Day raffle will be drawn this Saturday after the games against Narembreen. Make sure you have your tickets. Thanks to Leonie Carruthers for arranging the prize, your help is always appreciated.

### CHANGE OF GAME TIMES THIS WEEKEND

Narembreen have requested that we reschedule our games this week. Advertising is around town but just in case you missed it.

**Junior Boys will play at 9.30am**  
**C Grade will play at 10.45am**  
**A Grade will play at 12 noon**  
**B Grade will play at 1.45pm**

Please be aware that the A grade will play when B grade usually does and B grade will be the last game for the day. For those who are on afternoon tea rosters

please arrange your own swap if your game proves to interfere with the setting up of afternoon tea. All players are required to bring afternoon tea.

Our new after game shirts have arrived; see Michelle Cameron to purchase yours. Shirts must be paid for at the time of pick up. Another set of jackets have also been ordered and will be here shortly.

For those players attending country week, the 1<sup>st</sup> and 2<sup>nd</sup> team will conduct a training session this Sunday in Kondinin from 9 – 11 am. This is a compulsory training and will cement your place in the team. Vets will have a training session on either the 20<sup>th</sup> or the 27<sup>th</sup> May, this will be confirmed shortly. Trainers are still required for the 1<sup>st</sup> team and the Vets, if you're interested contact me and I will pass it on to the Association. The Association is also looking for and one more non-playing umpire if any one is keen.

Jodi Pearce has started her Little Tacklers training which will be held fortnightly, the next session being on the 16<sup>th</sup> May. This was very well attended by the smaller potential stars in our community, great to see.

Great to see the other winter sports clubs return to the Sportsman's Club last Saturday after the big drive from Boxwood Hills, good luck for your games this weekend.
