## Larger Than Life

***Kerrie Argent with her work Post-apocalyptic Regrowth which was created from recycled binder twine and chicken wire.***

May Day brought a pleasant surprise for the Lake Grace Artists Group as they celebrated the opening of their exhibition, *Post*, with a couple of dozen in attendance.

Running for two weeks, the exhibition celebrates what the artists conjure from the word post. The display ranged from the physical fence post through to the post received through the mail box. Although not on display there were a few Facebook posts happening as the display was shared online.

A dozen members of the Artists Group had 24 works on display; they ranged from the traditional water colours,

oils and photographs through to rusty burnt iron, mixed media, polymer clay, timber and recycled binder twine. Many hours of work have been put into the artworks, with many of them available for sale.

The Artists Group welcome anyone to join their group and have the Community Exhibition coming up in October. The theme for this exhibition is the native bush...so get your thinking caps on.

Lake Grace's Regional Artspace, along with the District High School will be joining the Southern Art Trail; at which the community exhibition will be featured.

## CRC Opening Hours

9:00am - 5pm

Closed from midday to 1pm for lunch when short staffed.

## Deadlines and Editions

All articles, news and advertisements are to be submitted to the Lake Grace Community Resource Centre by 3pm on Monday of paper week.

**Next Deadline**  
Monday 23rd May

**Next Edition**  
Thursday 26th May

To the **very** dedicated team who volunteered their time to this edition of the Lakes Link News.  
Thank you also to our many contributors of articles.

Dick Phillips    Gwen Oliver  
Lee Duckworth

### DISCLAIMER

- 1) No liability shall be incurred by the Lakes Link News by reason of any amendments to, or error or inaccuracy in, or the partial or total omission of an advertisement or by reason of delay or default or from any other cause whatsoever. If in the opinion of Lakes Link News the error clearly reduces the value of the advertisement and the advertiser notifies it to Lakes Link News within seven days of the publication date, then one correct insertion will be made without charge.
- 2) While the Lakes Link News aims to publish all material submitted, Lakes Link News reserves the right to refuse to publish or re-publish any contribution or advertisement without giving any reason.
- 3) No articles, letters or advertisements will be accepted which may appear to be defamatory or accusatory, or to favour one side in a legal dispute.
- 4) Lakes Link News reserves the right to shorten or otherwise amend any contribution other than advertisements.
- 5) The opinions, views and beliefs expressed in articles and other submissions to the Lakes Link News do not necessarily reflect the opinions, views or beliefs of the CRC staff or Committee.

**280 copies circulated each fortnight**

# Editorial

- A big thank you to everyone getting their material, great that we're getting such a good response from our winter sports.
- Don't forget to email anything to our main email account, lakegracecrc@westnet.com.au. It now downloads to all staff computers so we can all access it. The downside is that when we send an email it comes from a different account (the default account for each staff member). However please continue to send everything to the westnet email (as tempting as it might be to simply reply to the last email you got from us) as it is accessible to everyone. Might not seem like a big deal however if a staff member is away and the email is sitting in their account it is going to remain there until they next come into work.
- Still adding names to our list for those people who love digging holes and planting trees—no experience necessary but enthusiasm is a big plus. These plantings will be happening over two weekends, Sunday 12th June and Sunday 19th June. There will be jobs for everyone. Please get in touch if you are able to give us some time, the more the merrier.
- Now as you all may be aware the RATs are here; they are made up into packs of 5. Single households can come in and pick up one pack, a family can pick up two. We are keeping a list for our records; if you want someone to pick up for you please call the CRC to let us know so that we're all on the same page. We only have a finite number and as another wheatbelt town went through theirs in a week we're trying to be sensible with the dispersal of them. If you're not sure of what to do and have tested positive for COVID then read up on pages 7-9; if you're a close contact and need some more clarity then go to pages 16-17. Sadly the opportunity to get the freebies mailed to you from the government has closed; if another opportunity comes up then please take it. Sorry about the COVID overload but it is important that everyone knows what they're meant to be doing.
- Don't forget if your group or organisation is needing funds the Community Crop Community Grants could

be an opportunity for you. Drop into the CRC to pick up an application form or email and we can send through to you.

- We're in the last few weeks of the showerhead swap so if you haven't yet swapped yours out then please drop in and take advantage of gaining a new showerhead.
- The CRC will once again be closing early, Friday 13th May. We apologise for any inconvenience.

Suzanne Reeves

## You threw it. You fetch.

**Lake Grace LCDC is planting 3,700 trees and shrubs in townsite bush this winter.**

**WE NEED YOUR HELP.**

**When:** Sunday June 12th and 19th

**What can I do?** We need volunteers to 'unpot', plant, carry and stake seedlings. It won't be hard labour—there's a job for all ages and abilities.

Contact Suzanne Reeves  
9865 1470  
[lakegrace@crc.net.au](mailto:lakegrace@crc.net.au) or  
Michelle Slarke 0488 693

# Blood Pressure Checks May Save Lives

Australians are being urged to get a blood pressure check at their local pharmacy next month as the key step in reducing their risk of stroke.

High blood pressure, or hypertension, is the greatest modifiable risk factor for stroke. A quick and painless blood pressure check can be all it takes for someone to change their lifestyle and reduce their stroke risk.

Each May, Stroke Foundation promotes the importance of blood pressure checking as part of Australia's Biggest Blood Pressure Check campaign. It coincides with World Hypertension Day on May 17.

Stroke Foundation Chief Executive Officer Sharon McGowan says high blood pressure often goes undiagnosed as it has no immediate symptoms. Over time it puts extra stress on blood vessel walls and can cause them to narrow or break down, eventually leading to a stroke.

A staggering 4.7 million Australians are living with uncontrolled high blood pressure, and many do not realise it. A normal blood pressure measurement is described as around 120 over 80mmHg. A measurement of 140 over 90mmHg is regarded as high blood pressure and puts you at increased risk of stroke, no matter what your age.

"In my first year as CEO of Stroke Foundation, by participating in Australia's biggest blood pressure check campaign, I discovered that I had high blood pressure.

Thanks to our very own awareness campaign, my blood pressure is now controlled but it could have been a very different outcome,' Ms McGowan said.

"If there is one thing that we have learned during the COVID-19 pandemic, it is that people are keen and able to manage their risk of exposure to illness. We want to apply that mindset to stroke prevention. When 80 per cent of all strokes are preventable, why would you not want to know your risk?"

Pharmacy Guild of Australia's National President Trent Twomey says community pharmacies are the most accessible health professionals, so it is easy for people to get a blood pressure check.

"Most pharmacies provide this service because we recognise just how important keeping an eye on your blood pressure is," Professor Twomey said.

"A blood pressure check can give an early warning of the dangers of a stroke. I recommend people go to the [findapharmacy.com.au](http://findapharmacy.com.au) website where they can find a pharmacy near them which provides blood pressure monitoring services."

More information on the link between high blood pressure and strokes can be found here. The Australia's Biggest Blood Pressure Check awareness month is proudly supported by Major Partner, RossMax Australia, and Awareness Partners AusActive, MedAdvisor, and Pharmacy Guild of Australia

# New Business Advisor for Local Area

Theresa Lee is the new advisor for RSM Business Local (Wheatbelt).

Theresa has been a small business owner for over 10 years, initially supporting several small business owners as a contract administrator – covering accounts, bookkeeping, payroll, customer liaison, OH&S policies, tender applications, grant writing, events planning and manuscript editing. Most recently, Theresa developed a yoga studio with alternative therapies and retail, bringing together a host of local and visiting yoga teachers and natural therapists, and was awarded Avon Valley Small Business of the Year 2019. As a product of the Business Local service herself, Theresa greatly understands this service from both the client's perspective and now as an enthusiastic Advisor, bringing over 15 years' experience in career counselling and personal development facilitation, having assisted hundreds of clients to be the best version of themselves in whatever they do.

#### About the Business Local Service:

Free, confidential, and practical advice for your small business – RSM Business Local is government funded through the Small Business Development Corporation. Whether you are already in business or are planning to start a business, you can access this service to help you create the space you need in your business to do what you are best at! We offer advice on:

- Business start-up
- Business planning
- Marketing
- Licensing & registration
- Taxation
- Franchising
- Dispute
- Succession planning
- Funding
- E-Commerce
- Industrial relations
- Commercial leasing
- Financial planning
- Buying/selling

We offer free workshops on the following popular topics – held in your community:

- Branding with Canva
- Starting a Business
- How to Write a Business Plan
- Digital Marketing Health Check
- Facebook Essentials
- Instagram Essentials
- Bookkeeping Beyond Excel
- Getting Paid – Selling Solutions for Small Business

**COVID-19**

# What to do when you test positive for COVID-19

## Summary – what people with COVID-19 are required to do:

- Isolate for 7 complete days from the date you took your test (**not** the date you received the test result)
- If you took a rapid antigen test (RAT), report any positive result on the [HealthyWA website](#)
- Complete the contact tracing online survey, which will be sent to you by SMS
- Tell your [close contacts](#) that you have tested positive for COVID-19
- Tell your workplace or education facility you have COVID-19
- If you do not have respiratory symptoms at the end of 7 complete days, you can leave isolation (you do not need to be cleared by WA Health)
- If you are in hotel quarantine, you must remain in hotel quarantine, as per your travel direction. The Hotel Quarantine Team will organise your departure at the end of your quarantine period. This occurs between 9 am and 4 pm, 7 days a week

## 1. Immediately isolate for 7 complete days

- You must immediately isolate at home, or other suitable accommodation, away from other people in your household.
- The 7-day isolation period means 7 complete days after the day you became a case. This means 7 x 24 hours. For example, if you became a case at 11.45pm on 4 May 2022, your isolation period will not finish until 11.45 pm on 11 May 2022.
- If you do not have symptoms at the end of 7 complete days, you can leave isolation. You do not need to be cleared by WA Health and you are not required to show a negative result at the end of isolation to return to work or school.
- If you have respiratory symptoms at the end of 7 days, you must continue to isolate until your respiratory symptoms resolve. If you require further advice, call 13 COVID (13 26 843), or book a telehealth appointment with your GP.

### How to isolate

When you isolate, you must stay at your home or other accommodation. This is a legal requirement. More information about how to isolate is available at [HealthyWA – Quarantine and isolation](#). If you are unable to safely isolate at home, and cannot find alternative accommodation, call 13 COVID (13 26 843) for help finding alternative options.

## 2. Report your positive result

If you tested positive by using a rapid antigen test (RAT), you must report your result by completing the online form at [HealthyWA](#). You do not need to report your result if you tested positive by PCR test.

## 3. Complete the contact tracing online survey

When you test positive for COVID-19 by PCR or RAT (provided you register your RAT [online](#)), WA Health will send you an SMS with a link to a short survey.

The information you provide will enable WA Health to identify the settings and workplaces that need further support, and the people who need health and social support.

[healthywa.wa.gov.au](https://healthywa.wa.gov.au)

## 4. Tell your close contacts to follow guidance for close contacts

Tell your close contacts, especially those in your household, as soon as you can, that you have tested positive for COVID-19. With high numbers of COVID-19 cases in the community, it is often quicker for cases to identify and inform their close contacts. WA Health may not be able to get in touch with all close contacts directly.

Your close contacts are people you have had contact with during your **infectious period** (see below). These include people who

- are a household member and/or intimate partner of the COVID-19 case, or
- had close personal interaction with a person with COVID-19 during their infectious period, where they spent 4 hours of cumulative contact with them in a residential setting (including a home, residential care facility, boarding school, maritime vessel, or other accommodation facility) in any 24-hour period where masks have been removed by both people for all of this period, or
- Have been informed that they are a close contact by WA Health.

---

The **infectious period** is taken from 48 hours before onset of symptoms, or 48 hours before your positive test if you do not have symptoms, until the end of your isolation period. For example, if you first had symptoms on Wednesday afternoon, your infectious period started on Monday afternoon.

---

### What to tell your close contacts

- Tell your close contacts to check the HealthyWA website for the latest advice on what to do if you are a close contact: [COVID-19 close contacts](#).
- You must tell them they are a close contact. However, it is their legal responsibility (if they are adults) to follow the advice.

## 5. Tell your workplace or education facility

If your workplace has a residential component to its operation (e.g. a residential care facility, boarding school, maritime vessel, or other accommodation facility), you will need to tell them that you have tested positive to COVID-19 and were working onsite while infectious.

[Guidance for management of COVID-19 in the workplace](#) is available at the HealthyWA website.

## 6. Look after yourself

You can find information about expected COVID-19 symptoms at [COVID-19 symptoms – what to expect](#).

Most people with COVID-19 can look after themselves in their own home. Consider these options if you need medical care or advice:

- Most GPs can provide GP telehealth consultations, so you can get advice over the phone while you are in isolation.
- You can also call Health Direct on 1800 022 222 for health advice.
- The [WA COVID Care at Home](#) program delivers home monitoring care for confirmed COVID-19 cases who require it due to having risk factors that put them at greater risk of requiring hospitalisation. To see if you meet the criteria for WA COVID Care at Home, complete the short [registration form](#).
- If you need to go to hospital, call the emergency department to tell them that you are coming in and you are a COVID-19 case. You must go directly to the hospital and, if you can, ask a household member to drive you there (you should both wear masks, if possible).
- If you have severe symptoms, such as shortness of breath, **call 000 for an ambulance**. Inform the call centre and ambulance officers that you are a COVID-19 case.

## 7. Leaving isolation

If you have respiratory symptoms at the end of 7 complete days, you must continue to isolate until your respiratory symptoms resolve. Respiratory symptoms include a frequent cough, sore throat, shortness of breath, runny nose or blocked (congested) nose. If you have any of these symptoms at the end of 7 complete days, you must continue to isolate until they resolve.

Some people with COVID-19 may have very mild respiratory or other symptoms that continue after their recovery. These include a mild and infrequent cough (e.g. a mild cough that occurs only a few times per day), loss of taste and/or smell, and tiredness or muscle/joint pain. These symptoms do not prevent you from leaving isolation if you have isolated for 7 complete days from the date of your positive test and your other respiratory symptoms have resolved (as described above).

If you require further advice, or are concerned about any symptoms, call 13 COVID (13 268 43) or book a telehealth appointment with your GP.

## 8. Recovered cases

If you have recovered from COVID-19, you do not need to be tested again for COVID-19 within 12 weeks after you completed your required isolation. This includes if you have symptoms that are consistent with COVID-19, you are told you are a close contact, or for workplace screening. See [HealthyWA – Quarantine and isolation](#) for more information.

If you have recovered from COVID-19 and are told you are a close contact of a case within 12 weeks since you completed isolation, you will not be considered a close contact and you do not need to quarantine or be tested for COVID-19 in this period. See [HealthyWA – COVID-19 close contacts](#) for more information.

## Containers For Change

All Good Refund Depot have a depository at the Lake Grace Freight Depot and collect each fortnight. Contact All Good Refund Depot on 9861 2500 if you have a bulk pickup.

Please remember the freight depot is a busy workplace with plenty of traffic movement, so tag your bag before you leave home and take the shortest route in and out to drop off.

Bags are available at the depot and at the Lake Grace CRC. There are currently heaps of bags at the depot, some already have names on.

All Good Refund Depot will be doing a pickup on:

- Wednesday 25th May
- Wednesday 8th June

Apply for a Scheme ID online at Containers for Change.

Tag your bag with your Scheme ID, name is optional but a good back up plan.

*If you don't see it in store, please ask, we are happy to source and get in for you.*

# DVassist

DVassist provide a free telephone counselling service for people experiencing family and domestic violence in regional WA.

We were originally a pilot project operating in 33 regional areas of WA and have just received funding to expand to the Shire of Lake Grace.

We are a virtual service and would like to work alongside you to complement the work already happening in your community.

DVassist provides free and confidential telephone and webchat counselling, open from **7am – 12pm (AWST) 7days a week** for anyone over the age of 15 impacted by family and domestic violence living in regional, rural, or remote WA.

Our services include:

- One-off session counselling support
- Ongoing counselling (up to 6 free sessions with the same counsellor)
- Safety planning
- Case management and advocacy

Online local service directory and information hub ([www.dvassist.org.au](http://www.dvassist.org.au))

If you would like to discuss further, we would love to hear from you.

We assist people who are experiencing family and domestic violence in regional, rural, and remote WA to make informed choices that enhance their personal safety, and we help those using violence to make positive behavioural choices and end their abuse of others. Our support extends to assisting family members and friends of those impacted by violence.

Free and confidential counselling services are available with an FDV Specialist, via telephone or web chat, to explore issues such as risk, safety concerns, and current needs with the aim of identifying possible solutions, referral pathways, and positive support strategies. within a **single session** format, and a scheduled **multi-session** format depending on your individual preference. Multi-session counselling is suitable for those who are seeking additional specialist support and assistance in building up coping strategies and enhancing personal safety within the context of their unique situation and needs.

## Aged Care clinical staff wanted

Catholic Homes has been providing aged care for over 50 years in Western Australia and are looking for people to join our Home Care team.

We are looking for caring and passionate clinical staff for our aged care residences and home care services across Western Australia.

Our Care with Purpose people-centred care model promotes dignity, respect, privacy and independence.

As a not-for-profit organisation, we are inclusive and welcome all faiths and backgrounds.

We offer competitive hourly rates, casual loading and superannuation. We have both permanent and casual roles available now.

If you would like to discuss further call 1300 244 000 or email your CV to [homecare@catholichomes.com](mailto:homecare@catholichomes.com)

*care with  
purpose*

# POLICE NEWS

LAKE GRACE POLICE STATION  
56 STUBBS STREET, LAKE GRACE. 6353  
Phone : 9890 2000 Fax : 9865 1429

Email: [Lake.Grace.Police.Station@police.wa.gov.au](mailto:Lake.Grace.Police.Station@police.wa.gov.au)

Personnel: Sergeant Joshua Egan-Reid, 1/C Scott Oatridge, PC Wade Humphrey.

## STATION NEWS

We got news that Kondinin finally has a new Sergeant and Constable lined up and they are both expected to be settled in within the month. For the last few months we've been helping fill the gap in coverage and are looking forward to welcoming the new officers to our team. We've been putting some kms on the clock and the plan now is to hopefully dial down our patrol range a bit more.

## CRIME

Livestock and fuel theft from properties are still being reported from within the Great Southern and surrounding districts, this should be a concern for all of us.

### Livestock theft

We know that livestock and to some extent fuel stores are often located in remote areas, this can make it extremely difficult to keep a watchful eye on your hard-earned assets, however there are measures that can be

taken that may assist yourselves and Police in reducing the likelihood of your stock being stolen.

**Clear identification** limits saleability of stock and greatly aids identification and return of stolen stock, here are some measures that can be taken, if you aren't already.

- Maintain good stock records. Keep accurate records of all livestock bought and sold from your property. Record all births and deaths of livestock and record all details of identification numbers.
- Regularly check your stock and the paddocks and fences where the stock are grazing.
- Keep all paddocks, shed and stockyard gates closed and locked. Use locking posts to obstruct large openings to yards.
- If possible, locate stockyards or loading ramps away from public roads or main entrances to your property. Keep them locked when not in use. Ensure loading ramps are stored out of sight when not in use.
- Ensure livestock have clear and appropriate identification. This is a requirement under the NLIS (National Livestock Identification System). For further information see [www.mla.com.au](http://www.mla.com.au) or [www.agric.wa.gov.au/livestock.htm](http://www.agric.wa.gov.au/livestock.htm).

### Fuel theft

The cost of fuel is remaining stubbornly high, with little sign of reducing in price anytime soon.

Here are a few handy hints that may help in reducing opportunist stealing of your fuel.

- Lock your fuel tank cut-off valve rather than the nozzle and hose. If there is an electrically controlled pump on the tank, locate the control switch in a locked building or in the house, and turn off the electricity when the fuel tank is not in use. Close and lock the valves on all on-ground and overhead tanks when not in use.
- Turn off power to pumps.
- Fuel theft can be reduced by properly locating storage tanks. Tanks are less visible and much more difficult to steal from when placed underground.
- On large properties, where tanks are needed to service isolated areas of the property, ensure they are kept locked and located out of sight of a public road. Consider only filling these tanks over the time they are in use.

### **Daily freight service to and from Perth**

- For all your wool and general freight requirements
- Secure depot at:

**BW James,  
19-21 Hodgson Way,  
Kewdale**

- Forklift to load wool on farm
- Accredited to load at Midland Brick
- We also cart bulk grain, fertiliser, lime, gypsum and firewood

Your friendly local operator—nothing is a problem, only too happy to be of service.

For all your freight needs call:

**Darren 0428 651 339**

## Police News (cont.)

- Mobile tanks used to service farm machinery over busy periods also need to be locked and stored out of sight when not in use.
- Dip your tanks and monitor your fuel usage so that

you know if there is an unexplained loss of fuel. Install a flow meter to supervise fuel use.

- Keep a book at the tank for each user to record fuel usage for various vehicles and machinery.

### TRAFFIC NEWS

Lake Grace Police were recently tasked to attend a single vehicle crash on the Hyden-Norseman Road, in Forrestonia. Initial details were limited to say the least, with reports stating that: "multiple occupants involved with the vehicle destroyed", obviously we were thinking the absolute worst.

Following a 2 hour drive we eventually arrived at the crash scene and were happy to see SJA already there and even better, we established that "multiple occupants" equated to being the driver and passenger only. The vehicle was however accurately described as destroyed.

The occupants of the vehicle were travelling West and came over a rise in the road, the low afternoon sun got the better of them and for an unknown reason the driver decided to overcorrect whilst travelling at about 90kph, this inevitability caused the vehicle to skid across the unsealed road and enter into multiple rollovers before coming to rest on its four wheels, happily and most likely because the occupants were wearing seatbelts both walked away relatively unscathed considering the damage sustained to their vehicle.

She will buff out, no worries.

Please **ALWAYS** wear your seatbelt, no excuses, it's a lawful requirement and it will most likely **SAVE YOUR LIFE**.

Please take care and stay safe.

Regards

Lake Grace Police

# ASTRO AT THE JAM PATCH

Explore the picturesque area of the Jam Patch Campground in Lake Grace and then marvel at their brilliant, dark night skies with Astrotourism WA. Our astronomers will take you on a cosmic adventure, using a laser pointer to view constellations and telescopes to seek out far off galaxies. Discover why Lake Grace is the place to experience spectacular stargazing.

**Friday, 20th May 2022**

6pm – 9pm | Burgers & Astronomy 101 Presentation,  
Laser Tour of the night sky and Stargaze through telescopes.

Toasted marshmallows to follow.

Jam Patch Campground, 'free camp'.

North Lake Grace/Kalgarin Rd. (16kms from town)

BYO chairs, rugs, picnics, drinks, torches, warm clothes,  
fly net, insect repellent.

Bookings: Free community event. Please RSVP to the  
Lake Grace Visitor Centre on 9865 2140 or  
[lgvisitorscentre@westnet.com.au](mailto:lgvisitorscentre@westnet.com.au)

Lake Grace is on the Astrotourism WA map!  
[www.astrotourismwa.com.au](http://www.astrotourismwa.com.au)

This event was made possible with funding from the  
Shire of Lake Grace. It is part of the Astrotourism WA project that's  
promoting Lake Grace as a destination  
for stargazing and astrophotography.

Department of Health

**COVID-19**

# What to do if you are a COVID-19 close contact

## Who is a close contact?

You are a close contact if you had contact with a person who has tested positive for COVID-19 during their infectious period, and:

- You are a household member and/or intimate partner of the COVID-19 case, OR
- You had close personal interaction with a person with COVID-19 during their infectious period, where you spent 4 hours of cumulative contact with them in a residential setting (including a home, residential care facility, boarding school, maritime vessel, or other accommodation facility) in any 24-hour period where masks have been removed by both people for all of this period, OR
- You have been informed you are a close contact by WA Health.

The **infectious period** of a COVID-19 case is taken from 48 hours before onset of symptoms, or 48 hours before the positive test result if they do not have symptoms, until the end of their isolation period. For example, if the case first tested positive on Wednesday afternoon, their infectious period started on Monday afternoon.

## Close contact period

Your 7-day close contact period begins from:

- For household contacts: the date of the case's positive test.
- For other close contacts: the last time you had contact with the person who tested positive.

For example, if you became a close contact at 11.45pm on 4 May 2022, your close contact period will not finish until 11.45 pm on 11 May 2022.

## Close contacts with symptoms

If you are a close contact, and you have symptoms consistent with COVID-19, you must:

- Isolate until at least your symptoms resolve.
- Get tested as soon as you develop symptoms (by PCR or Rapid Antigen Test (RAT)). If you take a RAT and it is negative, you must remain isolated and repeat the RAT in 24 hours.
- If you test positive at any time, you must isolate and follow guidance in [What to do when you test positive for COVID-19](#).
- If your symptoms resolve within the 7-day close contact period (and test results are negative), you should follow advice for [Close contacts with no symptoms](#).
- If symptoms continue during your 7-day close contact period, you should remain isolated and get tested at the end of your close contact period by:
  - Taking a PCR test no sooner than on Day 6, OR
  - Taking a RAT on Day 7.
- If your test is negative, you can leave isolation when your symptoms resolve. You do not need to be released from isolation by WA Health.

More information about how to isolate safely is available at [HealthyWA – Quarantine and isolation](#). If you are unable to safely isolate at home, call 13 COVID (13 268 43) for help finding alternative options.

[healthywa.wa.gov.au](https://healthywa.wa.gov.au)

## Close contacts with no symptoms

If you are a close contact and you do not have any symptoms consistent with COVID-19, you may leave your home during the 7-day close contact period, provided that you take a RAT and return a negative result each day before you leave home.

- If you leave home, you must:
  - be able to provide photographic evidence of a negative result from a RAT taken by you on that day
  - wear a mask from when you leave home until you return
  - avoid high-risk settings\* (see below) unless it is an emergency, you live there - as a resident, patient or inmate - or you work there. If you work in a high-risk setting, you must adhere to requirements [below](#).
- During the 7-day close contact period it is strongly recommended that you:
  - avoid non-essential gatherings and contact with people at risk of severe illness
  - work from home, where possible
  - notify your employer, educational facility or early learning centre of your close contact status.
- You must take a PCR on Day 6 or RAT on Day 7.
- If you test positive at any time you must isolate and follow guidance in [What to do when you test positive for COVID-19](#).
- If you develop symptoms at any time within the 7-day close contact period you must immediately isolate, get tested by taking a PCR or RAT and follow the guidance outlined in [Close contacts with symptoms](#).

## Close contacts with no symptoms who work in high-risk settings

Close contacts with no symptoms who work in a high-risk setting may enter a high-risk setting to attend work with the following requirements.

You must:

- advise your employer that you are a close contact, and receive confirmation from your employer that the employer agrees to you attending work
- be fully vaccinated
- return a daily negative RAT prior to leaving home
- actively monitor for symptoms
- leave the workplace and return home immediately if you develop symptoms or test positive
- only remain at the high-risk setting for the purpose of your work duties
- wear a surgical mask at minimum (or another mask as required by workplace)
- not share break areas with any other person at the high-risk setting
- use reasonable endeavours to maintain a physical distance of 1.5m from other people in the workplace.

\*High-risk settings include aged care facilities, residential care facilities (including disability care and mental health residential facilities), health care settings and correctional facilities.

Health care settings include any health facility where health care is delivered to patients face-to-face (including public and private hospitals, ambulance and patient transport services, primary health clinics, specialist outpatient services, day procedure centres and allied health services).

## Recovered cases

If you have recovered from COVID-19 and are told you are a close contact of a case within 12 weeks since you completed isolation, you will **not** be considered a close contact and you do not need to isolate or be tested for COVID-19. See [HealthyWA – COVID-19 close contacts](#) for more information.

# Bits and Pieces

Kevin Seaman

With winter fast approaching it is that time we all love getting the house warm, preferably with the wood fire burning, listening to the rain pitter pattering on the roof, the music playing on the stereo, a good book to read or someone challenging us to put on our thinking hats and see if we can solve the following who am I or What am I?

So hats on and away we go

I may be short, I may be tall

I may be small but one thing for sure I must say,

you will love these riddles any day...

Quiz questions:

*Who am I?* A fathers child, a mothers child yet no ones son.

*What am I?* I am a path situated between high and natural masses, remove my first letter and you have a path situated between man-made masses

*Who am I?* I saw a man in white, he looked quite a sight, he was not old but he stood in the cold. And when he felt the sun he started to run, please answer me, who can he be?

*What am I?* I can be cracked, I can be made, I can be told, I can be played

*What am I?* I am a word of six, my first three letters refer to an automobile, my last three letters refer to a house hold animal, my first four letters is a fish, my whole is found in your room.

I am a sportsman who had my major achievement stripped. I won something, a record 7 consecutive times. I founded the Livestrong foundation. In 2010 my former teammates outed me as a user or performance enhancing drugs. Who Am I?

*What Am I?* The one who makes me does not need me when he makes me.

The one who buys me does not use me for him or herself

The one who uses me does not know he or she is using me.

I was the king of England from 1509 to 1547

I beheaded 2 of my wives and married 4 others to bare a male heir to the throne. *Who am I?*

I am a fictional character created by Sir Arthur Conan Doyle, I am known for my proficiency in forensic science observation and logical reasoning. *Who Am I?*

A) Hercule Poirot B) Sherlock Holmes C) Sam Spade

*What Am I?*

The more you use me the sharper I get, the less you use me the rustier I get.

Answers on page 32

Time to relax for awhile and enjoy the funnies

In the beginning, God created the earth and rested.

Then God created Man and rested.

Then god created woman, Since then, neither God nor man has rested

A travel agent looked up from his desk to see an older lady and an older gentleman peering in the shop window at the posters showing the glamorous destinations around the world. The agent had had a good week and the dejected couple looking in the window gave him a rare feeling of generosity.

He called them into his shop, 'I know that on your pension you could never hope to have a holiday, so I am sending you off to a fabulous resort at my expense, and I won't take no for an answer.'

He took them inside and asked his secretary to book two flights and book a room in a five-star hotel. They, as can be expected, gladly accepted, and were off!

About a month later the little old lady came into his shop. 'And how did you like your holiday?' he asked eagerly.

'The flight was exciting, and the room was lovely, 'she said. 'I've come to thank you. But one thing puzzled me. Who was that old fart I had to share the room with?'

An Aussie was on holidays in

America when he visited an Indian reservation. He saw a teepee beside the road with a sign outside: 'Chief Moosehead, He knows All. He Remembers All!'

The Aussie decided to put the Indian to a test. He went inside the tent and said to the Chief: What did I have for breakfast this morning?

The Chief said: eggs!

It was true, so the Aussie went on his way. About ten years later he ran into the very same Indian Chief while the Chief was visiting Australia.

How! Said the Aussie.

Scrambled, said the Chief.

K

*Everyone Welcome*

A minimum of 15 minutes is set aside for public question time, giving members of the public an opportunity to ask questions relating to Shire activities.

# Community Infrastructure Service

Our staff carried out the following works:

## Roadworks

The Lake Grace Maintenance Grader has carried out grading on:

- North Burngup Rd
- Aylmore Rd
- Old Ravensthorpe Rd
- Mordetta Rd

The Newdegate Maintenance Grader has carried out grading on:

- Old Ravensthorpe Road
- Nield Road
- Giles Road
- Taylor Road
- Ardler Road

The Lake King and Varley Maintenance Grader has carried out grading on:

- Fitzgerald Road
- Mallee Tree Road
- Milsteed Road
- Long Creek Road
- Hewsons Road
- Mallee Creek Road

## Parks & Gardens

The Parks and Gardens Crew have carried out the following work:

### Lake Grace

- Townsite weeding and mowing
- Weeding in main st
- Training
- Walk Trail
- Visitor Centre lawn
- RSL lawn and

### Newdegate

- Check around town
- Weed Skate Park garden
- Put bins out
- Mow cemetery and clean up
- Spray North Newdegate Rd verges
- Water main st gardens and pots
- Start gardening maintenance at Newdegate Hall

### Lake King

- Lake King Centennial Park and Playground maintenance
- Lake King oval

### Varley

General maintenance around the town and entrance statements at the cross roads of Varley town. There will be a big tree clean-up until all looks spick and span. Just waiting for it to dry out a little till we mow again.

## Buildings

The Building Maintenance Crew have carried out the following work on the following facilities:

- Varley Spots Pavilion

- Jam Patch
- Lake Grace Visitor Centre
- Training

## Operations

- Pot holes Aylmore Rd
- Slashing
- Lake King Oval Maintenance
- Training
- Spraying Magenta and Newdegate Pingrup Rd
- Walk Trail signage
- Lake King mower Maintenance

*Craig Elefsen*

Manager Infrastructure Services

## Facility Hire

Please contact the Shire to book Shire facilities.

You are required to read the COVID Safety Plan before using the facility.

People, groups, clubs who hire public buildings are still required to:

- Complete the WA Government Safety Plan
- Register users of the facility
- Monitor entry and exits
- Disinfect surfaces, doors handles, table chairs, showers, toilets regularly.

At the end of the event the requirements are:

- Return tables and chairs to designated storage area
- Put all rubbish into the outside sulo bins provided, including rubbish in toilets
- Ensure all stoves and lights are turned off
- Report any damages incurred while hiring facility
- Facility to be left in the same condition as found upon arrival including the floors
- All external doors are closed and locked;

This is most important as often doors are not locked when cleaners arrive.

Shire cleaners are responsible for the general cleaning of a facility, however they are not responsible for cleaning up and putting away tables and chairs after a function.

# Community Information

## Office Open Hours

Monday - Friday  
8.30am - 4.00pm

Staff can be contacted by phone between 8am - 5pm

## Licensing Payments

All licensing payments are to be made in person at the Shire of Lake Grace Administration office,  
1 Bishop Street, Lake Grace.

### Monday to Friday from 8:30am to 4:00pm

As an agency, we process the majority of transactions including: renewals, transfers, number plate orders, boat registration renewals and new licence applications. With every transaction we perform, we try to offer the best service possible.

We do ask all licensing customers to be considerate, even though we are aware of people being 'locals' it does not exempt us from following the rules set by the Department of Transport.

## Driving Assessor

The Practical Driving Assessor (PDA) will be at the Shire of Lake Grace Office on:

**Friday - 17 June (Only C class PDA's, the usual Driving Instructor isn't available)**

**Friday - 8 July (to be confirmed)**

Bookings are essential for all Practical Driver's Licence Assessments and we advise booking in advance as there is often a waiting list.

All bookings to be made at the Shire office on 9890 2500 until further notice.

Lake Grace has one assessment day each month held on the first Friday of the month.

## Libraries

**Lake Grace Public Library** School Place Absolon St  
Monday - Friday 9am - 5pm  
Closed for lunch 12.30 - 1pm

**Newdegate Public Library** Collier St  
Monday - Thursday 8.30am - 4.30pm  
Closed for lunch 12noon - 1pm  
Friday 9am - 2pm

**Lake King Library** Newdegate/Ravensthorpe Rd  
Tuesday and Thursday 8.30am - 3.30pm

Check out our website  
[www.lakegrace.wa.gov.au](http://www.lakegrace.wa.gov.au)

## Building Surveyor

Building Surveyor, can be contacted through the Shire Office on 9890 2500 or email [shire@lakegrace.wa.gov.au](mailto:shire@lakegrace.wa.gov.au).

## Town Planning & Building

The Shire's Town Planner consultant Joe Douglas, can be contacted via the Shire on 9890 2500 or email [shire@lakegrace.wa.gov.au](mailto:shire@lakegrace.wa.gov.au).

## Environmental Health

The Shire's Environmental Health Officer, Brendon Gerrard. Can be contacted via the Shire on 9890 2500 or email [shire@lakegrace.wa.gov.au](mailto:shire@lakegrace.wa.gov.au).

## Tip Times

### Lake Grace

Monday & Wednesday 9am - 2pm  
Saturday & Sunday 9am - 4pm

### Newdegate

Wednesday 9am - 1pm  
Saturday 9am - 1pm

### Lake King and Varley

Open every day

## Recycling Services

Household Waste Collection is a weekly service and collected each Tuesday for Lake Grace, Newdegate, Lake King & Varley.

**Recycling** is a fortnightly service and alternates between Lake Grace and Newdegate. See below for the upcoming recycling collection dates.

Lake Grace	Newdegate
Tuesday 24 May	Tuesday 17 May
Tuesday 4 June	Tuesday 31 May

**Please Note:** There is no kerbside recycling collection service in Lake King or Varley.

The recycling bins are collected by Warren Blackwood Waste and transported to a recycling facility. If items which are not recyclable are found the content can't be recycled and the load will be directed to the landfill.

If an item is covered in food, it is not recyclable. Food is one of the worst contaminators in the recycling process. By using the yellow top recycling bin correctly you are contributing, in a combined community effort, to reduce the amount of rubbish that is directed to landfill facilities each year.

For more information on Waste Management visit the Shire's website [www.lakegrace.wa.gov.au](http://www.lakegrace.wa.gov.au).

# Community Information

## Hardship Grants NOW Open

Applications are now open for the Small Business Hardship Grants (Expanded Program).

The Level 2 COVID-19 Business Assistance Package - Small Business Hardship Grants Program is designed to provide financial support for businesses most impacted by Level 2 public health and social measures that came into effect on 3 March 2022.

Free webinar at **10am on Thursday 12 May** to give eligible businesses the best chance of receiving financial support.

Covering the eligibility criteria, the myGovID verification process, how to complete your application and the evidence you need to get ready when applying for the Hardship Grants.

Register at : <https://register.gotowebinar.com>

## Free Rapid Antigen Tests

Under the new close contact protocols, West Australians who are close contacts of a positive case are no longer required to self-isolate, provided:

- they have no symptoms,
- take a daily RAT,
- wear a mask outside the home and avoid high-risk settings.

The State Government will provide ten free RATs to confirmed asymptomatic close contacts.

If you are eligible you will be able to collect RATs for your household from

- Lake Grace CRC
- Newdegate CRC
- Lake Grace District Hospital administration, call before you go, 98902222.
- Shire office

# Community Emergency Service News

## Fire Zone Boundary Changes

At the March Bush Fire Advisory Committee meeting the Fire Control Officers group put forward some amendments to the Fire Zone boundaries.

These amendments were based on the observed weather conditions, to better reflect the application of harvest and vehicle movement bans (HVMB) to conditions, and to align boundaries with roads to simplify communications with the community. The amendments were presented to council in

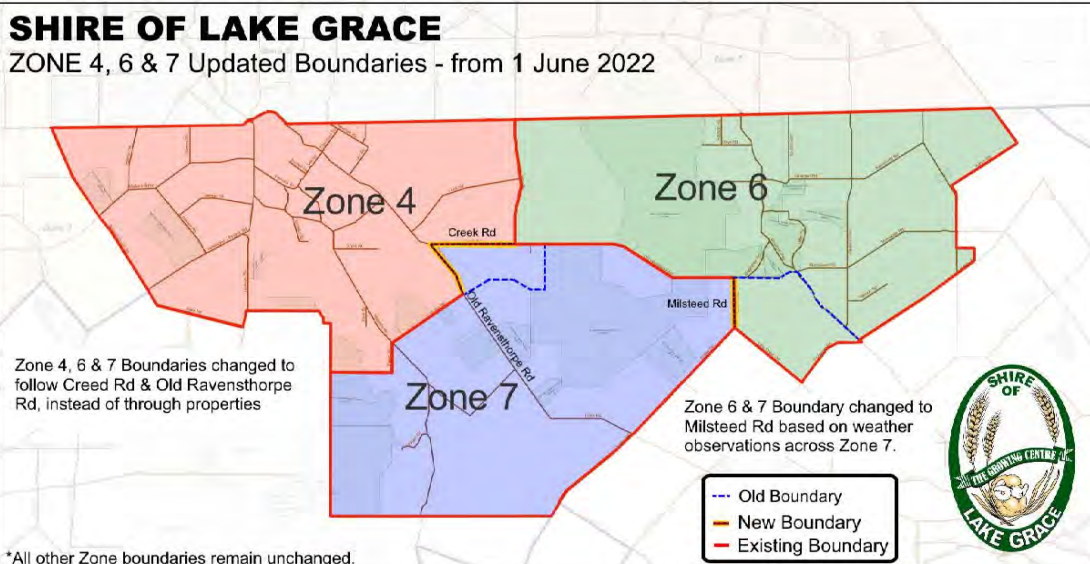

April and have been endorsed, with an implementation date of June 1. These Zones are also used by the Shire for other purposes such a road closures due to inclement weather and conditions.

Please take some time to review the updates shown on the map provided.

*Matt Castaldini*

Community Emergency Services Manager

## Community Feral Animal Control Funding

Are foxes, cats and rabbits having an impact on your bottom line?

Feral animals impact Wheatbelt farms and take out large numbers of native species.

Our Healthy Bushlands program offers pest control support to anyone wanting to reduce the effects these animals are having on native species in bushland on, or adjacent to, their property.

If you require more information contact Alex Griffiths on 9670 3102 or email [agriffiths@wheatbeltnrm.org.au](mailto:agriffiths@wheatbeltnrm.org.au)

To apply scan the QR code or visit:

[wbrnm.your2cents.com.au/community-feral-animal-control](http://wbrnm.your2cents.com.au/community-feral-animal-control)

This project is supported by Wheatbelt NRM through funding from the Australian Government's National Landcare Program

# RURAL PRODUCTS SALES REPRESENTATIVE

## Lake Grace, WA

As an Elders Rural Products Sales Representative, your expert product knowledge and customer service skills will enable you to build and maintain strong relationships with clients, including finding new opportunities for them to explore. Supported by the Elders network, you will be provided with the tools necessary for you to grow in your career.

### What will I do?

- Building and maintaining strong relationships with clients, recommending the Elders range of products and services that will strengthen the growth of their business
- Processing sales and performing sales quotes
- Proactively source new business to achieve KPI's and targets

### Who am I?

- Comfortable and thrive in a collaborative working environment
- Passionate about effecting real change for both your clients and your community
- Have technical seasonal and rural products knowledge to support clients
- Have a proven track record in sales, including retail skills
- Have an ability to provide a high level of customer service and cultivate relationships with current and future clients
- Have a driver's licence. A forklift licence is preferred however we can support you to obtain one.

For further information please contact Greg Pinney on 0419 124 197.

To apply go to [www.eldersrural.com.au/about-us/careers/](http://www.eldersrural.com.au/about-us/careers/)

Applications close 31 May 2022.

**We encourage applications from a diverse range of people, backgrounds and experiences and offer a range of flexible work options.**

## New Bridge to View Mural

The McGowan Government will build a new bridge to enhance the safety of visitors to Collie's world-famous Wellington Dam mural, with \$10 million allocated towards the project in the 2022-2023 State Budget.

Built in 1966, the existing single-lane traffic and pedestrian bridge spans the Collie River at the foot of the 8,000 square metre mega-mural painted by Australian artist Guido van Helten.

Since the mural was completed in February 2021, the bridge has seen a major increase in traffic.

As a precautionary measure due to increased traffic, regular structural assessments of the bridge's condition have been carried out. The most recent assessment recommended the bridge be closed to traffic as a precautionary measure.

The bridge remains open to pedestrians and traffic management is in place to prevent vehicles accessing the bridge, providing a safe vantage point to view the mural.

Work to replace the bridge is expected to begin in 2022 and Water Corporation is investigating options for temporary reinforcement that may allow it to reopen to passenger vehicles in the interim.

Once finished, the new dual-lane bridge will provide greater separation between pedestrians and motorists,

with the footpath moved to the dam-side of the bridge for an unobstructed view of the mural.

The \$10 million commitment adds to the more than \$100 million already invested by the McGowan Government in job-creating regional developments and infrastructure projects, and new tourism opportunities in the Collie region.

In collaboration with the Department of Biodiversity, Conservation and Attractions, Water Corporation recently completed significant upgrades to a lookout platform at the dam to improve viewing for visitors to the area.

### Schools Eligible for Green Energy Funding

Schools are invited to apply for the second round of clean energy funding that will help them to reduce their environmental footprint and energy costs.

Through the McGowan Government's \$44.6 million Schools Clean Energy Technology Fund, solar panels and virtual power plants are being installed at public schools across the State over four years.

Applications for round two opened this week, with successful schools to receive a solar energy system to meet the energy needs of the school population.

For all your domestic, rural and industrial electrical installations and repairs.

Split system air conditioning installation and decommissioning.

Large range of Australian brand LED floodlights, downlights, hibays and fluorescent replacements.

Ditchwitch hire and cable location.

With over thirty years experience in Lake Grace and surrounding areas contact Stubby or Reid anytime.

# Lake Grace-Pingrup Football Club Notes

Shane Carruthers

## Lake Grace-Pingrup vs Newdegate at Newdegate 7 May

On a beautiful day for sport Newdegate were unable to field a reserves side so Lake Grace-Pingrup take the points for that game.

The League game was a cracker, closely fought all day. Newdegate got off to the better start and the Bombers had to work their way back into the game.

Quarter time scores were Newdegate 3-2 to LGP 3-0

LGP scored through Fleay and two to Callope in the second, as the midfield got on top.

Some great passages of play were the highlight for the quarter.

Half time scores LGP 6-3 to Newdegate 5-6.

The third quarter was very even with Newdegate pressing hard and LGP turning the ball over too often. Scores were locked at 60 a piece at three quarter time.

In the last quarter both teams had multiple chances to put the opposition away LGP scored through Reece Walton and Karl Fleay. Newdegate replied through

Offer and Ballard and the Bombers needed to lift. Turnovers were proving costly.

Jeremy Richardson injured his knee and we wish him a speedy recovery. We welcomed Michael McGlade (photo top left), Reuben Backshall (photo middle right) and Corey Ward (photo bottom left) were great additions this week and we look forward to some exciting footy from them this season and hope they enjoy their season with the Bombers. LGP held on for a two point victory. LGP 12-6=78 to Newdegate 10-16=76

Best on Ground Michael McGlade, 2nd Best Sam Bertola who was awesome keeping gun forward Aaron Russel to zero goals. Coaches award went to Luke Bairstow.

With some depth in the league side now it is clear that training will determine selection.

Let's get behind your Coaches and let's keep building on the good start and make our 100 years one to remember.

**New Team Members: Michael McGlade (left), Reuben Backshall (middle) and Corey Ward (right) with Coach Kelvin Holmes**

## Crochet Workshops

From 10am to midday, every Friday - starts 1st April.

Lake Grace Community Resource Centre - FREE

Learners welcome, some hooks available for purchase with a small range of wool to practise on.

Work on Wheelchairs for Kids blankets or your own project

Call 9865 1470 if you have any queries.

If you prefer to work on your own project that is okay. Everyone

*Karissa Pelham*

## LAKE GRACE-PINGRUP VS NEWDGEDATE Round3—7th May 2022

Saturdays game was played at Newdegate, sun was shining, kids were pumped.

Khalen ran the Bombers out as he was our captain for the game.

Kids started strong and defence was on point.

Tough hard game and kids had very red faces, our

Bombers played hard and had some great passing and using their team mates. Unfortunately we went down 3-0.

Thanks to Taj who played excellently in the goals . Great work by all.

**Best on ground-** Khalen Pitcher

**2nd best-** Tate Naisbitt and Dakota Pelham

# Lake Grace/Pingrup Senior Hockey

*Danielle Drummond-Hay*

## LAKE GRACE-PINGRUP VS NEWDGEDATE Round3—7th May 2022

The Bombettes came out strongly, scoring 4 goals within the first half; two from Tahryn Trevenen, one from Karissa Pelham and one from Anna Taylor. Newdegate fought back hard scoring their last goal in the last

30seconds which brought them to a draw, ending the game 4-4.

After an absolute smashing game the awards went to Linnie Carruthers best in ground, Georgia Gray 2nd best and Donna for the coaches award for giving up playing to umpire our game!

## INDEPENDENT SUPPORT WORKER Employment Opportunity

Seeking expressions of interest from community members in Newdegate, Lake Grace, Kulin and Hyden.

Support worker required for NDIS Participant.

**\$60.00 per hour, travel negotiable.**

**8 – 16hrs per week, direct supports.**

Have you heard of the NDIS? In communities where disability support agencies may be lacking, self-managed and plan-managed NDIS participants may purchase supports through private arrangements. Self-directed support also allows people the choice and control to lead their own lives.

**Being an Independent Support Worker requires you to have an Australian Business Number (ABN). You are also responsible for managing your own insurance, tax and superannuation.**

Disability support workers are committed to meeting the needs of people with a disability within the community by providing supports in relation to their NDIS goals.

**For more information relating to this employment opportunity, please contact:**

**Donna Lane: 0429 805 004**

**Maven Support Solutions: 0475 154 414**

# Lake Grace/Pingrup A-Grade Netball Notes

*Karen Bairstow*

Round two played out at Newdegate on 7th May 2022 at Newdegate.

With three of our regular players out of the team this week was always going to be a challenge against Newdegate who always go out hard to defeat Lake Grace.

The first quarter with new combinations was hard and fast, Newdegate dictating the play and we found ourselves following the opposition instead of playing our own game.

This quarter was where we lost the game as Newdegate got out to a ten goal lead at quarter time. A lot of work to do to catch up after a slow start. Second quarter was much better, we started to link some passages of play together.

To the girls credit from half time we outscored Newdegate which was a great effort .

Final score: NEWDEGATE 53 - LAKE GRACE 41

A HUGE THANKYOU to TAYLA Stone who played three quarters in B grade and then played a full game of A grade and played well.

A HUGE THANKYOU to Jemma Bairstow who come into the team and played well in attack.

A HUGE THANKYOU to Casey Pinney and Kelly Callope who were on the bench for the team, we cant play a game without a bench so thanks.

**BEST ON GROUND** : CHLOE MCDUGALL

**2ND BEST ON GROUND:** JOELY SLINN

**COACHES AWARD** : JEMMA BAIRSTOW

There will be a lot of hard work to do this week at training as we play Gnowangerup at home this week.

# Lake Grace/Pingrup B-Grade Netball Notes

*Teneeka Morgan*

Game 2 for saw the team head to Newdegate to play indoors!!

With injuries and sickness it left us with only 9 girls. Biggest thanks to Dani Drummond-Hay for coming into the team for her 1st game of netball.

Even though we didn't come away with a win, the girls should be super proud of their efforts and sportsmanship they showed on Saturday.

We have a home game next week against Gnowangerup.

**Best on Ground** - Courtney Withnell

Stood tall again this week in GS, giving the feeders plenty of options.

**2nd Best on Ground** - Aimee Egan-Reid

Created space and leads through the mid court and our attack. With her timely waited passes into the shooters resulted in many goals.

**Coaches Award** - Casey Pinney

Started in GK and worked tirelessly with Kelly to cause many intercepts and turnovers. Finished the game off back in GA creating great passages of play.

## *Rosies Café & Bakery*

## COMMUNITY CONTROL OF COMMUNITY PESTS

[www.ewbg.com.au](http://www.ewbg.com.au)

## NOTICE OF BAITING PROGRAM FOR WILD DOGS

The Eastern Wheatbelt Biosecurity Group (EWBG) advises that from January 1st 2022 ongoing, heavy baiting programs (using 1080 meat baits) to control wild dogs will be carried out by Licensed Pest Management Technicians on Unallocated Crown Land to the east of the State Barrier Fence. In addition to 1080 baiting programs, technicians will be using foot hold traps treated with Strychnine to remove Wild Dogs that are currently impacting the livestock industry in the EWBG region.

From January 1st 2022, the standard wild dog control methods will be ongoing and this may include setting of traps and dispersing of 1080 meat baits in the groups operational area.

The poison baits will remain toxic for a number of months or until substantial rainfall is received. People are advised to take care when working within or visiting these areas.

Warning signs have been placed where applicable on Unallocated Crown Land and main access roads.

Picnic sites and recreational reserves are **not** included within the baiting program; however, baiting may take place adjacent to such areas and domestic pets should be kept close and under control at all times.

1080 baiting is an integral part of the wild dog pest management program to protect livestock from death and injury caused by wild dogs.

Exercise caution to prevent your pets from being poisoned by 1080 baits.

If a wild dog is sighted, please report to the Eastern Wheatbelt Biosecurity Group immediately.

If poisoning occurs, contact a doctor or Poisons Information Centre (phone 13 11 26).

For further details please contact the EWBG on 0455 724 848 or [admin@ewbg.com.au](mailto:admin@ewbg.com.au)

## Classifieds

### Rural West Financial Counselling

A free service available to regional small businesses, primary producers, not-for-profits and community clubs. For more information contact Donna Spurgeon by email [Donna.Spurgeon@ruralwest.com.au](mailto:Donna.Spurgeon@ruralwest.com.au) or phone 0408 107 326. Alternatively you can contact the information line on 1800 612 004.

### Sudoku

- The Sudoku grid of rows and columns is divided into individual 3x3 boxes.
- The aim of the game is to fill each row, column and 3x3 box with the numbers 1 to 9.
- You can't repeat numbers in a row, column or 3x3 box and you can't change the numbers already in squares.
